PROFESSIONAL SERVICES AGREEMENT

This PROFESSIONAL SERVICES AGREEMENT ("Agreement") is made this 1st day of July, 2020 between Sterling Public Schools (USER), and Alliance Network Solutions LLC ("Contractor").

1. Term

The term of this Agreement shall begin upon the date first specified above and shall end on June 30th, 2021.

2. Professional Services

(a) Contractor agrees to perform the services specified in the Schedule attached to this Agreement. Contractor shall perform the services in a professional manner and such services and Contractor's work product shall conform to User's standards, specifications and other requirements.

(b) Contractor will report to _____ of USER.

3. Acceptance

The Contractor's services or the results of such services, as the case may be, shall be deemed satisfactory to and accepted by USER unless within thirty (30) days after submission to USER of the work product or any portion thereof which can be independently evaluated, USER gives the Contractor written notice of the aspects in which the work does not conform to USER's standards, specifications and other requirements. In the event of such written notice, the Contractor shall use its best efforts to make any changes required to correct any deficiencies. In the event that service deficiencies are not corrected, USER shall be entitled to resort to the termination provisions described in Paragraph 8.

4. Compensation

USER agrees to pay Contractor compensation as specified in the Schedule attached to this Agreement.

5. Proprietary Information

(a) Contractor acknowledges that it may be furnished or may otherwise receive or have access to information regarding administrative, management, financial, marketing or membership activities of USER or of a third party which provided proprietary information to USER on confidential basis. All such information, including any materials or documents containing such information, is proprietary and confidential to USER (the "Proprietary Information").

(b) Both during and after the term of this Agreement, Contractor agrees to preserve and protect the confidentiality of the Proprietary Information and all physical forms thereof, whether disclosed to Contractor before this Agreement is signed or afterward. Contractor shall not disclose or distribute the Proprietary Information to any third party and shall not use the Proprietary Information for its own benefit or for the benefits of any third party. The foregoing obligations shall not apply to any information which Contractor can establish to have (i) become publicly known without breach of this Agreement by Contractor; or (ii) been given to it by a third party not obligated to maintain confidentiality.

(c) All Proprietary Information used or generated by Contractor during the course of working for USER is the property of USER. Contractor shall return to USER all documents and other tangibles, including diskettes and other storage media (and all copies and reproductions of any of the foregoing) which contain Proprietary Information upon the expiration or termination of this Agreement or immediately, upon USER's request.

6. Representations .

Contractor represents and warrants that (i) it is able to perform the services specified in the Schedule to this Agreement and that it does not have any understanding or agreement with anyone else which restricts its ability to perform such services; (ii) any services it provides and

information or materials it develops for or discloses to USER shall not in any way be based upon confidential or proprietary information derived from any source other than USER, unless Contractor is specifically authorized in writing by such source to use such proprietary information; and (iii) it will not disclose to USER, or induce USER to use or disclose, any proprietary information or material belonging to others, except with the written permission of the owner of such information or material. If USER incurs any liability or expense as a result of any claim that any of the above representations and warranties is not true, Contractor shall indemnify USER and hold it harmless against all such liability or expense, including reasonable attorneys' fees.

7. Ownership.

Contractor acknowledges and agrees that all writings or works of authorship, including, without limitation, art work and documentation, produced or authored by Contractor in the course of performing services for USER, together with any copyrights in those writings or works of authorship, are works made for hire and the property of USER. To the extent that any writings or works of authorship may not, by operation of law, be works made for hire, this Agreement shall constitute an irrevocable assignment by Contractor to USER of the ownership of, and all rights of copyright, in such items and USER shall have the right to obtain and hold in its own name copyright registrations and similar protections which may be available in the works. Contractor agrees to give USER or its designee(s) all assistance reasonable required to perfect such rights.

8. Termination.

(a) This Agreement may be terminated by either party in the event that the other party has breached any material term of this Agreement (i) upon receipt of written notice if the nonperformance or breach is incapable of cure, or (ii) upon the expiration of fifteen (15) days (or such additional cure period as the non-defaulting party may authorize) after receipt of written notice if the nonperformance or breach is capable of cure and has not been cured. USER shall have the additional right to terminate this Agreement for any reason upon thirty (30) days prior written notice to Contractor.

(b) If this Agreement is terminated, USER shall have the right (in addition to all of its other rights) to require Contractor to deliver to USER all work in progress in exchange for reasonable compensation based on the percentage of the work completed.

(c) OTHER THAN FOR BREACHES OF CONTRACTOR'S OBLIGATIONS UNDER PARAGRAPHS 5 OR 6, IN NO EVENT SHALL EITHER PARTY BE LIABLE TO THE OTHER FOR ANY CONSEQUENTIAL, INCIDENTAL OR SPECIAL DAMAGES ARISING OUT OF THIS AGREEMENT, WHETHER IN CONTRACT OR TORT.

9. The contract does not cover:

(a) Software and Hardware installations other than that already existing on the system that have failed are not covered under this contract. We will however provide help on this issue in good faith.

(b) Contractor will not be held responsible if equipment has been abused, misused, or tampered with by unauthorized personnel.

(c) In cases of a natural disaster due to the act of God, (i.e. lightning, electrical storm, tornado, hurricane, hail, ice, snow, earth movement, flooding, nuclear hazard), or school provided services that fail, Contractor is not financially responsible for replacement of components listed in this agreement. Contractor will assist you in replacement of components and restoration of services per the Time and Material schedule. In addition, Contractor will assist the school with restitution under the direction of the school.

10. Miscellaneous

(a) All remedies provided in this Agreement are cumulative and in addition to all other remedies which may be available at law or in equity.

(b) This Agreement shall be governed by the laws of the State of Oklahoma, as such laws are applied to contracts executed by State of Oklahoma residents and performed entirely within the State of Oklahoma.

(c) This document, including its Schedule, constitutes the entire agreement between USER and Contractor with respect to its subject matter, superseding any prior negotiations or agreements. This Agreement may not be changed in any respect except by a written agreement signed by both Contractor and USER.

(d) In the event that any provision of this Agreement conflicts with the law which this Agreement is to be construed or if any provision is held invalid by a court with jurisdiction over the parties to this Agreement, such provision shall be deemed to be restated to reflect as nearly as possible the original intentions of the parties in accordance with applicable law, and the remainder of this Agreement shall remain in full force and effect.

(e) Contractor shall have no right to assign this Agreement or any of its obligations under this Agreement without the prior written consent of USER.

(f) Contractor is performing services for USER as an independent contractor and the parties are not partners or joint ventures. Neither party can bind the other to any agreement with anyone else.

(g) No act or failure to act by either party will waive any right contained in this Agreement. Any waiver by either party must be in writing and signed by such party to be effective.

CCOSA

DISTRICT LEVEL SERVICES PROGRAM

2020-2021

The CCOSA District Level Services Program extends the individual benefits of CCOSA by providing whole school improvement training and tools to the entire school team. As a District Level Services member, your district will receive:

Consulting Services

100+ years of experience stand ready to help your entire school district team in education administration, public school finance, school climate and culture, teaching and learning, communications, and education legal issues, including special services issues with CCOSA's lead counsel Andrea Kunkel.

As a District Level Services member, all of your district leaders have access by phone, email, or in person to all seven experts in education leadership and communication: Dr. Pam Deering, Derald Glover, Andrea Kunkel, Will Parker, Glen Abshere, Elyse Maxwell, and Dr. Jeanene Barnett.

Personalized learning opportunities for DLS members will extend beyond group professional learning sessions. In addition, we will work hard to fulfill individual district and/or school-specific consultations or professional learning sessions upon request. If provided on site, travel expenses will be covered by the district.

CCOSA's District Level Services (DLS) Program
(Agreement 2020-2021)

This letter sets out the Agreement between the Cooperative Council for Oklahoma School Administration (CCOSA) and _____ School District No. __ of _____ County, Oklahoma (District) concerning the District's participation in **CCOSA's District Level Services Program** (Program) for the fiscal year ending June 30, 2021.

For participating Oklahoma cooperatives, interlocals, and technology centers, the cost of participation will be determined based upon the total 2018-19 ADM for all school districts that participated in the cooperative, interlocal, or technology center during the 2019-20 school year.

Superintendent Certification of Participation

I certify that on the _____ day of _____ 20____, the Board of Education of _____ Public Schools voted to allow our school district to participate in the CCOSA District Level Services Program. The _____ Board of Education has encumbered \$_____ for the purpose of participating in the CCOSA District Level Services Program. The Board of Education acknowledges that participation in the Program will result in the provision of **advisory services** to designated administrators with _____ Public Schools.

Signature of Superintendent

Date

The District understands that CCOSA’s District Level Services Program emphasizes assistance in areas that help to create high-quality schools based on the research in *For the People* and seven areas that create a quality system: Culture and Climate; Learning; Teaching, and Assessment; Expanded Learning Opportunities; Governance, Leadership, and Accountability; Human Capital Development; Physical Resources; and Financial Resources.

If consultation and/or professional learning is in the school district, the school district would agree to pay travel expenses that would not be a part of this agreement.

The District understands that CCOSA and/or its partners will be unable to provide assistance in some areas and with some issues. The District understands that, in those situations, CCOSA and/or its partners may recommend that the District seek advice, assistance, and services beyond those offered by this Program, which may cause the District to incur expenses that are not covered by this Program. **This Program is ADVISORY ONLY and CCOSA and/or its partners do not warrant or guarantee any specific outcome related to the advisory services provided. CCOSA reserves the right to refuse participation to school districts and to remove school districts from participation in the Program.**

The term of this Agreement begins on the date it is approved by the District’s Board of Education and ends on June 30, 2021. Either the District or CCOSA may terminate this Agreement upon notice in writing to the other party. Delay in contract approval could result in your district missing valued services and workshops!

Designated Administrator Contact Form 2020-2021

While all of your district leaders have full access by phone, email, or in person, we need you to designate district administrators who serve as your main contacts to share information from CCOSA and its partners. **These designated administrators will need to commit to forwarding Professional Learning opportunities to your other district and/or school team members to ensure that all of your leaders get maximum benefit from the program.** Districts with an ADM of 10,000 and above may designate three district administrators. The District may include additional school personnel at no additional cost in conference calls, on-site visits, and training sessions.

Eligible Administrators

(based upon each district’s size in ADM for the 2017-18 school year)

<u>ADM</u>	<u># of eligible administrators</u>

Milk Escalator / De-Escalator Pricing Clause (DFA Supplied)

STERLING PUBLIC SCHOOLS
P.O. BOX 158
STERLING, OK 73567

DATED 6-25-20

The pricing quoted is based on JUNE 2020 Federal Milk Marketing Order for Class I skim and Class I Butterfat. This pricing is subject to change as the cost of raw milk changes each month according to the USDA Federal Milk Market Price Announcements and Dairy Farmers of America.

The cost of milk fluctuates up and down each month based on the cost changes in raw milk. Changes of a minimum of \$.10 per CWT (up or down) will move the cost of a half pint \$.00054.

Prices will be adjusted up or down based on cost changes in packaging, ingredients, labor, fuel, juice concentrate and re-sale products (ex. Hershey). Supporting documentation will be supplied upon request.

All price changes will become effective on the 1st day of the month following the price announcement.

Dear Child Nutrition:

Per your request, Hiland Dairy Foods would like to submit the attached bid for dairy products for the 2020-2021 school year.

Hpt Chocolate 1%	.3348
Hpt 1%	.3293
4oz Orange Juice	.2000
4oz Apple Juice	.1900

This is an escalating/de-escalating bid. Please see the attached clause.

We look forward to hearing from you on the outcome of the bid. Please feel free to call, should you have any questions.

Sincerely,

A handwritten signature in black ink, appearing to be "Ron Clark", written in a cursive style.

Milk Escalator / De-Escalator Pricing Clause (DFA Supplied)

The pricing quoted is based on June's 2020 Federal Milk Marketing Order for Class I Skim and Class I Butterfat. This pricing is subject to change as the cost of raw milk changes each month according to the USDA Federal Milk Market Price Announcements and Dairy Farmers of America.

The cost of milk fluctuates up and down each month based on the cost changes in raw milk. Changes of a minimum of \$.10 per CWT (up or down) will move the cost of a half pint \$.00054.

Prices will also be adjusted up or down based on cost changes in packaging, ingredients, labor, fuel, juice concentrate, re-sale products (ex. Tropicana, Sport Shake), etc. Supporting documentation will be supplied upon request.

All price changes will become effective on the 1st day of the month following the price announcement.

**CERTIFICATE OF NON-COLLUSION/INDEPENDENT PRICE
DETERMINATION**

The undersigned certifies that the preparation and submission of the attached bid have been conducted independently, without consultation, communication, or agreement with any other bidder or potential bidder and that there will be no consultation, communication, or agreement on the price, terms, and conditions of this bid by or on behalf of Hiland Dairy Foods Co., LLC with any other bidder or potential bidder prior to the official opening of the bid.

Milk Escalator / De-Escalator Pricing Clause (DFA Supplied)

STERLING PUBLIC SCHOOLS
P.O. BOX 158
STERLING, OK 73567

DATED 6-25-20

The pricing quoted is based on JUNE 2020 Federal Milk Marketing Order for Class I skim and Class I Butterfat. This pricing is subject to change as the cost of raw milk changes each month according to the USDA Federal Milk Market Price Announcements and Dairy Farmers of America.

The cost of milk fluctuates up and down each month based on the cost changes in raw milk. Changes of a minimum of \$.10 per CWT (up or down) will move the cost of a half pint \$.00054.

Prices will be adjusted up or down based on cost changes in packaging, ingredients, labor, fuel, juice concentrate and re-sale products (ex. Hershey). Supporting documentation will be supplied upon request.

All price changes will become effective on the 1st day of the month following the price announcement.

Milk Escalator / De-Escalator Pricing Clause (DFA Supplied)

STERLING PUBLIC SCHOOLS
P.O. BOX 158
STERLING, OK 73567

DATED 6-25-20

The pricing quoted is based on JUNE 2020 Federal Milk Marketing Order for Class I skim and Class I Butterfat. This pricing is subject to change as the cost of raw milk changes each month according to the USDA Federal Milk Market Price Announcements and Dairy Farmers of America.

The cost of milk fluctuates up and down each month based on the cost changes in raw milk. Changes of a minimum of \$.10 per CWT (up or down) will move the cost of a half pint \$.00054.

Prices will be adjusted up or down based on cost changes in packaging, ingredients, labor, fuel, juice concentrate and re-sale products (ex. Hershey). Supporting documentation will be supplied upon request.

All price changes will become effective on the 1st day of the month following the price announcement.

ALL PRODUCTS QUOTED ARE HILAND DAIRY PRODUCTS

SCHOOL DISTRICT SCREENING PROTOCOL

In an effort to prevent the spread of communicable diseases, especially during a pandemic or public health crisis, the district may implement the following protocol to control and restrict access to school property, activities and events:

The district encourages parents, legal guardians, and all school employees to self-screen at home. If a student or employee has a temperature of 100 degrees Fahrenheit or higher, the student or employee should remain at home until the individual has been free of fever for twenty-four (24) hours.

*OPTIONAL: The district may screen any individual who enters a school facility which screening process may include taking temperatures, asking health-related questions, and isolating those that have symptoms of a communicable disease. *if you select this option HIPPA issues may become applicable.*

The district will adhere to guidelines set by local, state and federal health and safety guidelines when feasible.

ONLINE INSTRUCTION

Online instructional programs offered for instructional purposes and/or high school credit shall be approved by and under the supervision of the Steering Board of Education. The proposed course(s) may be evaluated by the State Department of Education. The district may provide a virtual instruction or distance learning program on dates to be determined by the Superintendent. This power shall be provided by the board of education so that the students of the district may be allowed to continue instruction in the event of a school closure for an emergency. Such dates shall be provided to parents and students on the school website with as much advance notice as possible under the circumstances. Students and staff will be expected to participate and attendance shall be taken in accordance with district attendance policies and procedures for students and employees. The school district will provide resources to ensure that all student have access to virtual or distance learning programs. All instruction will be provided in compliance with Oklahoma's Academic Standards. Grades will be assigned which will reflect the progress of the student with regard to assignments and/or tests provided.

Definitions

Synchronous instruction occurs when the instructor and student's primary interactions are in real-time. Regular classroom instruction is synchronous instruction, as well as two-way interactive video. Web-based instruction that requires real-time interaction between student(s) and instructor as the primary format of instruction is also synchronous instruction.

Asynchronous instruction is not dependent on instructor and student interaction in real time. Asynchronous instruction allows the student to engage in learning activities anywhere at any time. For instruction to be considered asynchronous, the primary format of instruction does not depend on real-time interaction of the participants.

Supplemental online course is an online program that allows students who are enrolled in a public school to supplement their education by enrolling part time in online courses that are educationally appropriate for the student, which are equal to the equivalent of classroom instruction time required by student attendance and participation in the district.

Educationally appropriate means any instruction that is not substantially a repeat of a course or portion of a course that the student has successfully completed, regardless of the grade of the student, and regardless of whether a course is similar to or identical to the instruction that is currently offered in the school district. The determination of educationally appropriate will be made at the local school district level.

Web-based instruction uses the World Wide Web as the primary medium of instruction, with a computer serving as the primary tool of instruction. Web-based instruction may be synchronous or asynchronous.

Two-way interactive video instruction provides for real-time (synchronous) interaction between student(s) and instructor by means of an electronic medium that provides for both audio (sound) and video (sight) signal. Students and instructors participating in two-way interactive video instruction may both see and hear each other in an approximation of real-time.

Guidelines

Prior to offering an online instructional course, the board of education shall comply with the following guidelines recommend by the State Department of Education:

1. Web-based and two-way interactive video instruction shall be viewed as methods by which the school district can expand the course offerings and access to instructional resources. These technologies should not be

viewed solely as substitutes for direct, face-to-face student and teacher interactions, but as a means of expanding the ability of the district to bring the world of knowledge to the students.

ONLINE INSTRUCTION (Cont.)

2. The board of education will grant students credit for completion of courses offered by means of online instruction. School district policies governing grading scales and credits earned shall be applied to Oklahoma Supplemental Online Course Program courses under the same criteria as courses offered by the school district. A grade assigned for course credit that was completed through the supplemental online program shall be treated the same as any other course offered by the district.
3. Only students who are enrolled in this district will be granted access to supplemental online courses.
4. Requests for enrollment in supplemental online courses shall be as follows:
 - a. Interested students shall be required to fill out a request for enrollment in supplemental online course(s) form.
 - b. The principal or designee shall evaluate the application and determine whether the supplemental online course is educationally appropriate for the student.
 - c. If the supplemental online course is not deemed to be educationally appropriate, notification shall be provided to the student in writing as to the reasons in support of the principal's recommendation and the student shall be afforded the opportunity to appeal the principal's decision to the local school board. The decision of the local board with regard to whether a course is educationally appropriate is final and nonappealable. A copy of the notification shall be provided to the Director of Instructional Technology at the State Department of Education.
5. If enrollment in the supplemental online course is allowed, the principal shall appoint a certified staff member to serve as the building level contact person to assist students enrolling in on-line courses and to serve as a liaison to the on-line teachers and provider(s). Students shall have a grace period for withdrawal from a supplemental online course of fifteen (15) calendar days from the first day of a supplemental online course enrollment without academic penalty. A written request for withdrawal should be provided to the principal from the student prior to the expiration of the fifteen (15) day period.
6. Students earning credit by means of online instruction shall participate in all require state-level academic assessments in the same manner as other regularly enrolled students within the district. No student shall be allowed to participate in these assessments at a place other than the school site at which the student is enrolled.
7. Courses offered for credit by means of online instruction shall be aligned with the Priority Academic Student Skills (PASS).
8. Student progress shall be monitored on a weekly basis by the supplemental online course provider. Attendance/participation in a supplemental online course shall be monitored in accordance with local district policy and determined by documented student/teacher/course interaction that may include, but is not limited to, online chats, emails, posting/submission of lessons. The student may be counted "present" or "in attendance" when the supplemental online course provider provides evidence of student/teacher/ course interaction that demonstrates student progress toward learning objectives and demonstrates regular student engagement in course activity. Supplemental online course providers shall make available to students, parents, and the school district reports that reflect daily attendance/participation, progress reports, and grades. Such attendance/participation reports, progress reports, and grades shall be provided on a regular weekly basis to parents and the school district via electronic format. The district will review progress reports and grades twice per month.

ONLINE INSTRUCTION (Cont.)

9. The security of individual student data and records shall be maintained and receive the same protection afforded students under state and federal laws. No individual student data obtained through participation in online instruction courses shall be used for any purposes other than those that support the instruction of the individual student.
10. District level aggregated data obtained through participation in online instruction courses shall be utilized for education purposes only and shall not be provided to commercial entities.
11. All federal and state statutes pertaining to student privacy, the posting of images on the World Wide Web, copyright of materials, Federal Communications Commission rules pertaining to the public broadcasting of audio and video, and other such issues shall be adhered to by the district. (See cross-referenced policies concerning these issues.)
12. Prior to the beginning of instruction, cooperating school districts sharing courses by means of two-way interactive video technology shall, by means of contractual agreement, address such issues as the instruction costs, bell schedules, school calendars, student behavior, teacher evaluation, textbooks, class periods, student grades and grading policies, teacher load, and instructor employment.
13. Contractual agreements shall be established between the school district and parent(s), or legal guardian, of students participating in alternative instructional delivery system courses prior to the beginning of instruction. These contracts may address such issues as grading criteria, time allotted for course completion, student attendance, and the responsibility for course costs and equipment.
14. Instructors of online courses shall be: (a) certified in Oklahoma or another state to teach in the content area of the course offered, or (b) a faculty member at an accredited institution of higher education, possessing the specific content expertise necessary to teach the course.
15. Students at remote sites who participate in the online courses offered by the district will be responsible for providing their own equipment and Internet access.
16. Annually, the board of education shall establish fees or charges for the provision of alternative instructional delivery system courses. The district shall not be liable for payment of any fees or charges for any online course for a student who has not complied with district policies and procedures.

A POLICY ON THIS SUBJECT IS REQUIRED BY LAW.

**MEDICAL EXEMPTION REVIEW COMMITTEE
PROCESS FOR ELIGIBLE EXEMPTIONS
AND DOCUMENTATION FOR DECISION**

Members of the committee shall adhere to the Family Educational Rights and Privacy Act (FERPA) with regard to the review of confidential student records. The committee will review student absences and make a determination as to which absences may qualify as an absence for a severe medical condition and as a result be exempt from inclusion in the calculation of the chronic absenteeism indicator of the applicable student's school sites. In deciding, the committee will utilize the following definition of severe medical condition:

"A severe, chronic, or life-threatening physical or mental illness, infection, injury, disease, or emotional trauma."

If it is determined that a student's absence meets the definition, that absence will be documented via a notation by the building principal in the student's attendance log as being for a severe medical condition.

The district will report all absences determined to be medically exempt to the Oklahoma State Department of Education Office of Accountability.

DOCUMENTATION

On the ___ day of _____, 20 __, the Medical Exemption Review Committee met at ___ o'clock to review absences to determine which absences, if any, met the "severe medical condition" exemption for purposes of the school district's chronic absenteeism indicator. The following situations were found to meet the definition:

Student _____.

Severe Medical Condition _____.

Date of Absences _____.

The committee agreed on this decision with a vote of _____.

Committee Chairperson

ATTENDANCE POLICY (REGULATION)

The board of education believes that attendance in regularly scheduled classes is a key factor in student achievement. However, it is important for those students who are ill to stay home when sick. Students who have a fever or a measured temperature greater than or equal to 100 degrees Fahrenheit should not be at school or school activities. Thus, any absence from those classes represents an educational loss to the student. The board recognizes, however, that the cocurricular program of the school also has educational benefit. Therefore, it shall be the policy of this board to minimize absenteeism from regular classes while providing students the opportunity to participate in cocurricular activities.

~~In accordance with the policy of the board of education, each student in High School and Junior High School (See FDC R2 for K-6) is required to attend each class unless an absence is excused, a minimum of _____% of the time in order to receive credit for that class.~~

ABSENCES

Excused absence will be granted for the following reasons:

6. The parent takes responsibility for the student's absence

1. Personal or family illnesses
2. Medical appointments
3. Legal matters, including service on a grand, multicounty grand, or petit jury *
4. Extenuating circumstances deemed necessary by the principal
5. Observance of holidays required by student's religious affiliation.

It is the responsibility of the parent to notify the school ^{by 10:00am} by _____ a.m./p.m. if a child is to be absent for one of the above reasons. The school will contact those students' parents who do not call. If no contact is made, the parent must send a note or call the day the child returns before the student can be excused. The student may promptly make up all work missed without penalty. It is the responsibility of the student, on the day of return, to make arrangements to see that the work is made up.

The district will not require medical documentation to support personal or family illness that results in an excused absence. However, students will be required to make up any work that has been missed. Student absences due to a severe, chronic, or life-threatening physical or mental illness, injury, or trauma will be exempted from inclusion in the calculation of the chronic absenteeism indicator of the applicable school site so long as the determination of eligibility is made by the district's medical exemption review committee. The district's medical exemption review committee will be designated by the superintendent on a yearly basis and shall report student absences that are medically exempt to the Oklahoma State Department of Education (OSDE) Office of Accountability.

A student will not be considered absent from school if:

1. They are not physically present at school but are completing work in a distance learning program or virtual online program approved by the school district and are meeting the following attendance requirements:
 - a. The student has completed instructional activities for no less than ninety (90%) of the time that services were provided in a virtual or distance learning format. Instructional activities may include online logins to curriculum or programs, offline activities, completed assignments, testing, face-to-face communications or meetings with school personnel via teleconference, videoconference, email, text, or phone.

ATTENDANCE POLICY, REGULATION (Cont.)

- b. The student is on pace for on-time completion of the course as required by the school district.
 - c. The student has completed instructional activities within the time that services were provided in a virtual or distance learning format during the academic year; or
2. They have a medical condition that incapacitates the student and precludes them from participating in instruction in a traditional school setting and the student is able to progress in instruction via alternative education delivery methods approved by the local board of education.

School Activity

- 1. The student will be allowed to be absent from the classroom for a maximum of ten days per semester to participate in activities sponsored by the school.
- 2. The student will be allowed to make up any work missed while participating.

Absence by Arrangement

These are absences in which the parents deem it necessary that a child miss school for reasons other than those that fall within an excused absence.

- 1. A student may take ~~(up to _____ days of)~~ absences by arrangement per semester.
- 2. A student may make up all work missed without penalty. It is up to the student, on the day of return, to make arrangements to see that the work is made up.
- 3. In order to take an absence by arrangement, the parent, or guardian, must submit, at least two days prior to the absence, a written request for the student to be absent. If the request is not made as required, the absence will be treated as an unexcused absence.
- 4. Absences by arrangement will count against a student's exemption from semester tests.

Unexcused Absence

This is any absence that does not fall within one of the above categories. Work may be made up. 0 % of the grade will be counted. 8 unexcused absences will result in that student not receiving credit in that class for the semester.

Truancy

A student is considered truant when absent from the classroom without the knowledge of either the school or the parent or if the parent does not compel the student to attend school. ~~[Optional: _____ percent will be deducted from the student's (nine-week/semester) average for each instance of truancy.]~~ The student may be subject to further disciplinary action.]

Tardies

- 1. A student is tardy who is not in the student's seat when the bell to begin the period sounds.
- 2. A student who is more than 15 minutes late is counted absent for the period.

3. Each 3 tardies will constitute an unexcused absence from that class.

ATTENDANCE POLICY, REGULATION (Cont.)

Any student who exceeds the 8 day limit for unexcused absences may appeal to the board of education for reinstatement of credit. Consideration will be given as to the reason for the absences as well as to the attempts by parents to minimize the absenteeism.

Chronic Absenteeism

Chronic absentee means a student who is absent 10 percent or more of the school days in the school year exclusive of a significant medical condition, when the total number of days the student is absent is divided by the total number of days the student is enrolled, and school was actually taught in the regular schools of the district, exclusive of Saturdays and Sundays. When a student is identified as a chronic absentee, the Superintendent or designee shall communicate with the student and his/her parents/guardians to determine the reason(s) for the excessive absences, ensure the student and parents/guardians are aware of the adverse consequences of poor attendance, and jointly develop a plan for improving the student's school attendance.

A significant medical condition means a severe, chronic, or life-threatening physical or mental illness, infection, injury, disease, or emotional trauma. Any COVID-19 related absences due to a child's medical needs will be considered a significant medical condition.

USE OF SCHOOL PROPERTY

The _____ Board of Education believes that the first priority in the use of its school property is the education of children in the district. However, local citizens are encouraged to use the property for other reasonable general public use including religious, political, literary, community, cultural, scientific, mechanical, agricultural, or parental involvement purposes. The school district shall allow use of school buildings and facilities to youth groups listed in Title 36 of the United States Code as a patriotic society in accordance with the rules and requirements set forth in the school district's regulation on use of school facilities.

The school district will make school property available for public recreation before or after normal school hours, on weekends, or during school vacations. ~~In making the determination as to whether property is available, the superintendent shall review current recommended local, state and federal health and safety guidelines to determine whether the district space that is requested will be able to be utilized. If a group is allowed to use school property, it will be the responsibility of the person who fills out the application for use to ensure that all appropriate steps are taken with regard to health and safety guidelines, including with regard to sanitation and cleaning.~~ Specific property that will be open includes: (list property that will be open). The school district will not provide supervision during these hours and any use should be carefully monitored by parents or legal guardians.

The school district *will/will not* provide emergency shelter for patrons during weather emergencies. Animals will/will not be permitted in the school district's tornado shelter.

If the school renders emergency care, aid, shelter, or other assistance during a national disaster or catastrophic event, the school district shall not be liable for damages resulting from the rendering of the emergency care, aid, shelter or other assistance unless the damage was caused by the gross negligence or willful or wanton misconduct of the individual or entity rendering the emergency care, aid, shelter or assistance.

The board shall exercise its authority to fix and collect rentals, rates, and charges for the occupancy or use of school property in such amounts and in such manner as may be determined.

The superintendent is directed to establish rules and regulations in support of this policy. The rules and regulations will require evidence of appropriate liability insurance coverage. The school district will not permit the use of school property or equipment by any person or organization that does not furnish evidence of sufficient insurance coverage.

If the district has provided classroom space or other school facilities for a federally sponsored Head Start program and is planning to make a material change in the arrangement, the superintendent will give notice to the director of the Head Start program at least seven (7) days prior to a school board hearing on the matter.
