Parent ~~and Guardian~~ Involvement in Education Practices

For purposes of this policy, "parent" includes a parent, guardian, or educational decisionmaker (a person designated or ordered by a court to make educational decisions on behalf of a student).

The school district recognizes the importance of parental ~~and guardian~~ involvement in the education of their children. To the extent practicable, the school district will make a reasonable effort to make any learning materials, including original materials, available for inspection by a parent upon request.

The school district will take the following steps to ensure that the rights of parents ~~and guardians~~ to participate in the education of their children are preserved.

1. Parents/~~Guardians~~ will be provided access ~~as described in district procedures,~~ to ~~district-approved~~ textbooks, tests, activities information; digital materials; websites or applications used for learning; training materials for teachers, administrators, and staff; procedures for the review and approval of training materials, learning materials, and activities; and other curriculum materials ("curricular materials") as follows:
 - a. A parental request to review specific ~~approved textbooks and other district or building approved~~ curricular materials (written, visual, ~~or and~~ audio) should be made to the principal of the building where the ~~textbooks and curriculum~~ ~~curricular~~ materials are used.
 - b. ~~Parents may check out textbooks and may review curricular materials such as video and audio recordings within a time frame determined by the~~ The building principal will assess the request and determine the allowable volume and time frame of the review to prevent disruption ~~of the instructional process~~ to the efficient operations of the district.
 - c. The purpose of this provision is to allow reasonable access to the extent practicable. Individuals who make requests (a) for the purpose of adding staff burden; (b) at an unreasonable frequency or volume; or (c) for purposes inconsistent with the efficient operations of the district may be denied access to materials.

- d. A parental request to review specific standardized and criterion-referenced tests used in the district should be made in writing to the building principal. Copies of the most recent tests used in the district will be available for parent review. Parents wishing to review statewide assessments will be provided with sample questions and a copy of a practice test, but will not be provided with copies of the actual assessment due to testing security. In the case of other secure tests such as the ACT, parents must contact the publisher to obtain copies of the test.
2. Parents/**Guardians** will be permitted, within district procedures, to attend and observe courses, assemblies, counseling sessions, and other instructional activities.
 - a. Parents/**guardians** are invited to make appointments with the building principal to visit classes, assemblies, and other instructional activities. The principal shall give permission after determining that parental/**guardian** observation would not disrupt the activity. Observations that last more than 60 minutes or occur on consecutive days are typically disruptive and will not be permitted absent unusual circumstances, in the sole discretion of the building principal.
 - b. Parents/**guardians** may contact the building principal to request permission to attend counseling sessions in which their child is involved.
 3. Parents/**guardians** ~~will be permitted, within district procedures, to ask~~ **may request** that their children be excused from **testing (except as provided below), classroom instruction, learning materials, activities, guest speaker events, and other school experiences ("school events")** that parents find objectionable.
 - a. **Parents must submit this request in writing to the building principal for consideration.**
 - b. Building principals may excuse a student from any **single** school **events experience** at the parent's written request **if, in the principal's professional judgment, excusal from the activity would not result in diminution of the student's educational experience.**

- c. When ~~the building principal determines it appropriate~~ ~~appropriate~~, alternative experiences ~~will~~ ~~may~~ be provided for the student by the school.
4. Parents/~~guardians~~ will be informed through the student handbook and district policies of the manner that the district will provide access to records of students.
5. Parents/~~guardians~~ will be informed of the standardized and criterion-referenced district testing program. Parents may request additional information from the building principal.
6. Parents/~~guardians~~ will be informed of the circumstances under which they may opt-out of state and federal assessments.
 - a. In accordance with federal law, at the beginning of the school year, the District shall provide notice of the right to request a copy of this policy to parents/~~guardians~~ of students attending schools receiving Title I funds. The District will provide a copy of this policy to a requesting parent in a timely manner.
 - b. State Assessments

State and federal law simultaneously require students to take state assessments, with few exceptions, but also permit parents ~~or guardians~~ to request to opt their students out of these assessments. Approval of opt out requests is contrary to the mandatory testing laws, so the District cannot “approve” the request. Parents who do not present their child for testing will result in the child receiving the lowest score possible on the assessment.
 - c. National Assessment of Educational Progress

As a condition of receiving federal funds, the District participates in the National Assessment of Educational Progress (NAEP). To help ensure that the District has a representative sample of students taking the NAEP, which will allow the District to assess the quality and effectiveness of its programming on a national level, the District strongly encourages all eligible students to participate. However, student participation in NAEP is voluntary.

The District shall provide parents/guardians of eligible students with reasonable notice prior to the exam being administered. Parents/guardians wishing to opt their students out of the NAEP assessment must notify the district in writing at least three days prior to the exam date to ensure that the District can coordinate supervision and alternative activities for students who have opted out.

7. Parents/guardians will be notified of their right to remove their children from surveys prior to district participation in surveys.
 - a. The principal must approve all surveys intended to gather information from students before they are administered to students.
 - b. Students' participation in surveys is voluntary. Parents/guardians may restrict their child from participating in any survey.
 - c. If the school administers (1) a survey requesting that students provide sexual information, mental health information, medical information, information on health-risk behaviors, religious information, information of political affiliation, or any other information that the school board deems to be sensitive in nature or (2) a non-anonymous survey requesting students provide information relating to drug, vape, alcohol, or tobacco use, the school district shall, at least fifteen days prior to the administration of the survey, notify parents, guardians, and educational decisionmakers of students that are to receive such survey. The notice will be made through the school's electronic notification system or by physical mail to the address on file for the student. The notice will describe the nature and types of questions included in the survey, the purposes and age-appropriateness of the survey, how information collected by the survey will be used, who will have access to such information, the steps that will be taken to protect student privacy, and whether and how any findings or results of such survey will be disclosed.
 - d. Parents have the right to: (1) request that a copy of the survey be sent through the school's electronic notification system or physical mail to the address on file for the student, (2) review the

survey in person at the school, and (3) exempt their child from participating in the survey.

- e. Unless required by federal or state law or regulation, school personnel administering any survey shall not disclose personally identifiable information of a child.
- f. No survey requesting sexual information of a student shall be administered to any student in kindergarten through grade six.
- g. The district will also comply with any survey requirements found in the district's policy on Protection of Pupil Rights.

8. The district will make this policy accessible by a prominently displayed link on its public website. Any amended policy will be made accessible within a reasonable time of its amendment.

5054 Student Bullying

Definition of Bullying. Nebraska statute defines bullying as “an ongoing pattern of physical, verbal or electronic abuse.” The Centers for Disease Control and Prevention defines bullying as “any unwanted aggressive behavior(s) by another youth or group of youths who are not siblings or current dating partners that involves an observed or perceived power imbalance and is repeated multiple times or is highly likely to be repeated.” The school district’s administrators will consider these definitions when determining whether any specific situation constitutes bullying. These definitions include both in-person and cyberbullying behaviors.

Bullying Prohibited. Students are prohibited from engaging in any form of bullying behavior.

Reporting Bullying. Students who experience or observe bullying behavior must immediately report what happened to a teacher or administrator. Students may always confer with their parents or guardians about bullying they experience or witness, but the students must also ultimately report the situation to a teacher or administrator.

Bullying Investigations. School district staff will investigate allegations of bullying using the same practices and procedures that the district observes for student disciplinary matters. In no circumstance will school district staff be deliberately indifferent to allegations of bullying.

Disciplinary Consequences. The disciplinary consequences for bullying behavior will depend on the frequency, duration, severity and effect of the behavior.

A student who engages in bullying behavior on school grounds, in a vehicle owned, leased, or contracted by a school being used for a school purpose by a school employee or his or her designee, or at school-sponsored activities or school-sponsored athletic events may be subject to disciplinary consequences including but not limited to long-term suspension, expulsion, or mandatory reassignment.

Without limiting the foregoing, a student who engages in bullying behavior that materially and substantially interferes with or disrupts the educational environment, the district’s day-to-day operations, or the education process, regardless of where the student is at the time of

engaging in the bullying behavior, may be subject to discipline to the extent permitted by law.

Bullying Based on Protected Class Status. Bullying based on protected class status is unique and may require additional investigation. The appropriate district staff member or coordinator will promptly investigate bullying complaints that violate the district's antidiscrimination policies.

Support for Students Who Have Experienced Bullying. Regardless of where the bullying occurred, the district will consider whether victims of bullying are suffering an adverse educational impact and, if appropriate, will refer those students to the district's student assistance team.

Bullying Prevention and Education. Students and parents are encouraged to inform teachers or administrators in writing about bullying behavior or suspected bullying behavior. School employees are required to inform the administrator of all such reports. The appropriate administrator shall promptly investigate all such reports. Each building shall engage in activities which educate students about bullying, bullying prevention and digital citizenship.

Policy Review. The school district shall review this policy annually.

District Title I Parent and Family Engagement Policy

The school district will jointly develop with parents a School-Parent-Student Compact that outlines how the parents, school staff, and students will share the responsibility for improved student academic achievement and the means by which the school and parents will build and develop a partnership to help children achieve the State's high standards.

The written District Parent and Family Engagement Policy will be jointly developed and distributed to parents and family members of participating children and the local community in an understandable format and to the extent practicable, in a language the parents can understand. An annual evaluation of the content and effectiveness of the Parent and Family Engagement Policy will be used to design evidence-based strategies for more effective parental involvement, to revise the Parent and Family Engagement Policy and to remove barriers to participation.

The school district recognizes the unique needs of students who are being served in its Title I program, and the importance of parent and family engagement in the Title I program. Parent and family engagement in the Title I Program shall include, but is not limited to:

1. An annual meeting to which all parents of participating children will be invited to inform parents of their school's participation under this part, to explain the requirements of this part, and the right of the parents to be involved. Invitations may take the form of notes sent with students or announcements in the school newsletter. Additional meetings may be scheduled, based upon need and interest for such meetings.
2. §84-1410. Closed session; when; purpose; reasons listed; procedure; right to challenge; prohibited acts; chance meetings, conventions, or workshops.

(1) Any public body may hold a closed session by the affirmative vote of a majority of its voting members if a closed session is clearly necessary for the protection of the public interest or for the prevention of needless injury to the reputation of an individual and if such individual has not requested a public meeting. The subject matter and the reason necessitating the closed session shall be identified in the motion to close. Closed sessions may be held for, but shall not be limited to, such reasons as:

(a) Strategy sessions with respect to collective bargaining, real estate purchases, pending litigation, or litigation which is imminent as evidenced by communication of a claim or threat of litigation to or by the public body;

(b) Discussion regarding deployment of security personnel or devices;

(c) Investigative proceedings regarding allegations of criminal misconduct;

(d) Evaluation of the job performance of a person when necessary to prevent needless injury to the reputation of a person and if such person has not requested a public meeting;

(e) For the Community Trust created under section [81-1801.02](#), discussion regarding the amounts to be paid to individuals who have suffered from a tragedy of violence or natural disaster; or

(f) For public hospitals, governing board peer review activities, professional review activities, review and discussion of medical staff investigations or disciplinary actions, and any strategy session concerning transactional negotiations with any referral source that is required by federal law to be conducted at arms length.

Nothing in this section shall permit a closed meeting for discussion of the appointment or election of a new member to any public body.

(2) The vote to hold a closed session shall be taken in open session. The entire motion, the vote of each member on the question of holding a closed session, and the time when the closed session commenced and concluded shall be recorded in the minutes. If the motion to close passes, then the presiding officer immediately prior to the closed session shall restate on the record the limitation of the subject matter of the closed session. The public body holding such a closed session shall restrict its consideration of matters during the closed portions to only those purposes set forth in the motion to close as the reason for the closed session. The meeting shall be reconvened in open session before any formal action may be taken. For purposes of this section, formal action shall mean a collective decision or a collective commitment or promise to make a decision on any

question, motion, proposal, resolution, order, or ordinance or formation of a position or policy but shall not include negotiating guidance given by members of the public body to legal counsel or other negotiators in closed sessions authorized under subdivision (1)(a) of this section.

(3) Any member of any public body shall have the right to challenge the continuation of a closed session if the member determines that the session has exceeded the reason stated in the original motion to hold a closed session or if the member contends that the closed session is neither clearly necessary for (a) the protection of the public interest or (b) the prevention of needless injury to the reputation of an individual. Such challenge shall be overruled only by a majority vote of the members of the public body. Such challenge and its disposition shall be recorded in the minutes.

(4) Nothing in this section shall be construed to require that any meeting be closed to the public. No person or public body shall fail to invite a portion of its members to a meeting, and no public body shall designate itself a subcommittee of the whole body for the purpose of circumventing the Open Meetings Act. No closed session, informal meeting, chance meeting, social gathering, email, fax, or other electronic communication shall be used for the purpose of circumventing the requirements of the act.

(5) The act does not apply to chance meetings or to attendance at or travel to conventions or workshops of members of a public body at which there is no meeting of the body then intentionally convened, if there is no vote or other action taken regarding any matter over which the public body has supervision, control, jurisdiction, or advisory power.

5018 Parent ~~and Guardian~~ Involvement in Education Practices

For purposes of this policy, "parent" includes a parent, guardian, or educational decisionmaker (a person designated or ordered by a court to make educational decisions on behalf of a student).

The school district recognizes the importance of parental ~~and guardian~~ involvement in the education of their children. ~~To the extent practicable, the school district will make a reasonable effort to make any learning materials, including original materials, available for inspection by a parent upon request.~~

The school district will take the following steps to ensure that the rights of parents ~~and guardians~~ to participate in the education of their children are preserved.

1. ~~Parents/Guardians~~ will be provided access ~~as described in district procedures,~~ to ~~district-approved~~ textbooks, tests, activities information; digital materials; websites or applications used for learning; training materials for teachers, administrators, and staff; procedures for the review and approval of training materials, learning materials, and activities; and other curriculum materials ("curricular materials") as follows:
 - a. A parental request to review specific ~~approved textbooks and other district or building approved~~ curricular materials (written, visual, ~~or and~~ audio) should be made to the principal of the building where the ~~textbooks and curriculum~~ ~~curricular~~ materials are used.
 - b. ~~Parents may check out textbooks and may review curricular materials such as video and audio recordings within a time frame determined by the~~ The building principal will assess the request and determine the allowable volume and time frame of the review to prevent disruption ~~of the instructional process~~ to the efficient operations of the district.
 - c. The purpose of this provision is to allow reasonable access to the extent practicable. Individuals who make requests (a) for the purpose of adding staff burden; (b) at an unreasonable frequency or volume; or (c) for purposes inconsistent with the efficient operations of the district may be denied access to materials.

- d. A parental request to review specific standardized and criterion-referenced tests used in the district should be made in writing to the building principal. Copies of the most recent tests used in the district will be available for parent review. Parents wishing to review statewide assessments will be provided with sample questions and a copy of a practice test, but will not be provided with copies of the actual assessment due to testing security. In the case of other secure tests such as the ACT, parents must contact the publisher to obtain copies of the test.
2. Parents/**Guardians** will be permitted, within district procedures, to attend and observe courses, assemblies, counseling sessions, and other instructional activities.
 - a. Parents/**guardians** are invited to make appointments with the building principal to visit classes, assemblies, and other instructional activities. The principal shall give permission after determining that parental/**guardian** observation would not disrupt the activity. Observations that last more than 60 minutes or occur on consecutive days are typically disruptive and will not be permitted absent unusual circumstances, in the sole discretion of the building principal.
 - b. Parents/**guardians** may contact the building principal to request permission to attend counseling sessions in which their child is involved.
 3. Parents/**guardians** ~~will be permitted, within district procedures, to ask~~ **may request** that their children be excused from **testing (except as provided below), classroom instruction, learning materials, activities, guest speaker events, and other school experiences ("school events")** that parents find objectionable.
 - a. **Parents must submit this request in writing to the building principal for consideration.**
 - b. Building principals may excuse a student from any **single** school **events experience** at the parent's written request **if, in the principal's professional judgment, excusal from the activity would not result in diminution of the student's educational experience.**

- c. When the building principal determines it appropriate appropriate, alternative experiences will may be provided for the student by the school.
4. Parents/guardians will be informed through the student handbook and district policies of the manner that the district will provide access to records of students.
5. Parents/guardians will be informed of the standardized and criterion-referenced district testing program. Parents may request additional information from the building principal.
6. Parents/guardians will be informed of the circumstances under which they may opt-out of state and federal assessments.
 - a. In accordance with federal law, at the beginning of the school year, the District shall provide notice of the right to request a copy of this policy to parents/guardians of students attending schools receiving Title I funds. The District will provide a copy of this policy to a requesting parent in a timely manner.
 - b. State Assessments

State and federal law simultaneously require students to take state assessments, with few exceptions, but also permit parents ~~or guardians~~ to request to opt their students out of these assessments. Approval of opt out requests is contrary to the mandatory testing laws, so the District cannot “approve” the request. Parents who do not present their child for testing will result in the child receiving the lowest score possible on the assessment.
 - c. National Assessment of Educational Progress

As a condition of receiving federal funds, the District participates in the National Assessment of Educational Progress (NAEP). To help ensure that the District has a representative sample of students taking the NAEP, which will allow the District to assess the quality and effectiveness of its programming on a national level, the District strongly encourages all eligible students to participate. However, student participation in NAEP is voluntary.

The District shall provide parents/guardians of eligible students with reasonable notice prior to the exam being administered. Parents/guardians wishing to opt their students out of the NAEP assessment must notify the district in writing at least three days prior to the exam date to ensure that the District can coordinate supervision and alternative activities for students who have opted out.

7. Parents/guardians will be notified of their right to remove their children from surveys prior to district participation in surveys.
 - a. The principal must approve all surveys intended to gather information from students before they are administered to students.
 - b. Students' participation in surveys is voluntary. Parents/guardians may restrict their child from participating in any survey.
 - c. If the school administers (1) a survey requesting that students provide sexual information, mental health information, medical information, information on health-risk behaviors, religious information, information of political affiliation, or any other information that the school board deems to be sensitive in nature or (2) a non-anonymous survey requesting students provide information relating to drug, vape, alcohol, or tobacco use, the school district shall, at least fifteen days prior to the administration of the survey, notify parents, guardians, and educational decisionmakers of students that are to receive such survey. 5054 Student Bullying

Definition of Bullying. Nebraska statute defines bullying as “an ongoing pattern of physical, verbal or electronic abuse.” The Centers for Disease Control and Prevention defines bullying as “any unwanted aggressive behavior(s) by another youth or group of youths who are not siblings or current dating partners that involves an observed or perceived power imbalance and is repeated multiple times or is highly likely to be repeated.” The school district’s administrators will consider these definitions when determining whether any specific situation constitutes bullying. These definitions include both in-person and cyberbullying behaviors.

Bullying Prohibited. Students are prohibited from engaging in any form of bullying behavior.

Reporting Bullying. Students who experience or observe bullying behavior must immediately report what happened to a teacher or administrator. Students may always confer with their parents or guardians about bullying they experience or witness, but the students must also ultimately report the situation to a teacher or administrator.

Bullying Investigations. School district staff will investigate allegations of bullying using the same practices and procedures that the district observes for student disciplinary matters. In no circumstance will school district staff be deliberately indifferent to allegations of bullying.

Disciplinary Consequences. The disciplinary consequences for bullying behavior will depend on the frequency, duration, severity and effect of the behavior.

A student who engages in bullying behavior on school grounds, in a vehicle owned, leased, or contracted by a school being used for a school purpose by a school employee or his or her designee, or at school-sponsored activities or school-sponsored athletic events may be subject to disciplinary consequences including but not limited to long-term suspension, expulsion, or mandatory reassignment.

Without limiting the foregoing, a student who engages in bullying behavior that materially and substantially interferes with or disrupts the educational environment, the district’s day-to-day operations, or the education process, regardless of where the student is at the time of

engaging in the bullying behavior, may be subject to discipline to the extent permitted by law.

Bullying Based on Protected Class Status. Bullying based on protected class status is unique and may require additional investigation. The appropriate district staff member or coordinator will promptly investigate bullying complaints that violate the district's antidiscrimination policies.

Support for Students Who Have Experienced Bullying. Regardless of where the bullying occurred, the district will consider whether victims of bullying are suffering an adverse educational impact and, if appropriate, will refer those students to the district's student assistance team.

Bullying Prevention and Education. Students and parents are encouraged to inform teachers or administrators in writing about bullying behavior or suspected bullying behavior. School employees are required to inform the administrator of all such reports. The appropriate administrator shall promptly investigate all such reports. Each building shall engage in activities which educate students about bullying, bullying prevention and digital citizenship.

Policy Review. The school district shall review this policy annually.

District Title I Parent and Family Engagement Policy

The school district will jointly develop with parents a School-Parent-Student Compact that outlines how the parents, school staff, and students will share the responsibility for improved student academic achievement and the means by which the school and parents will build and develop a partnership to help children achieve the State's high standards.

The written District Parent and Family Engagement Policy will be jointly developed and distributed to parents and family members of participating children and the local community in an understandable format and to the extent practicable, in a language the parents can understand. An annual evaluation of the content and effectiveness of the Parent and Family Engagement Policy will be used to design evidence-based strategies for more effective parental involvement, to revise the Parent and Family Engagement Policy and to remove barriers to participation.

The school district recognizes the unique needs of students who are being served in its Title I program, and the importance of parent and family engagement in the Title I program. Parent and family engagement in the Title I Program shall include, but is not limited to:

1. An annual meeting to which all parents of participating children will be invited to inform parents of their school's participation under this part, to explain the requirements of this part, and the right of the parents to be involved. Invitations may take the form of notes sent with students or announcements in the school newsletter. Additional meetings may be scheduled, based upon need and interest for such meetings.
2. An explanation of the details for the child's and parents' participation, including but not limited to: curriculum objectives, the forms of academic assessment used to measure student progress and the achievement levels of the challenging State academic standards, type and extent of participation, parental input in educational decisions, coordination and integration with other Federal, State, and district programs, and evaluations of progress.
3. Opportunities for participation in parent involvement activities such as training to help parents work with their children to

improve achievement. A goal of parent activities is to provide parents with opportunities to participate in decisions relating to the education of their students, where appropriate.

4. The district will, to the extent practicable, provide parents of limited English proficiency, parents with disabilities, parents with limited literacy, are economically disadvantaged, are of a racial or minority background or parents of migratory children with opportunities for involvement in the Title I Program. Communication to parents about student progress and the district's other Title I Program communications will be provided in the language used in the home to the extent practicable. Responses to parent concerns will be provided in a timely manner.
5. Opportunities for parent-teacher conferences, in addition to those regularly scheduled by the school district, if requested by the parents or as deemed necessary by school district staff.
6. The district will coordinate and integrate parental involvement programs and activities with other programs in the community. These may include cooperation with other community programs such as Head Start and preschools and other community services such as the public library.
7. Educate teachers, specialized instructional support personnel, principals, and other school leaders, with the assistance of parents in the value and utility of contributions of parents, how to reach out to, communicate with and work with parents as equal partners.

This policy shall be reviewed annually at a Board of Education meeting where the Board will receive comments and input on possible changes to the Parent and Family Engagement Policy.

- **Domestic violence**, as defined in 34 U.S.C. § 12291(a)(8), which includes felony or misdemeanor crimes of violence committed by a current or former spouse or intimate partner of the victim, by a person with whom the victim shares a child in common, by a person who is cohabitating with or has cohabitated with the victim as a spouse or intimate partner, by a person similarly situated to a spouse of the victim under the domestic or family violence laws of the jurisdiction receiving grant monies, or by any other person against an adult or youth victim who is protected from that person’s acts under the domestic or family violence laws of the jurisdiction.
- **Stalking**, as defined in 34 U.S.C. § 12291(a)(30), which means engaging in a course of conduct directed at a specific person that would cause a reasonable person to—

 - suffer substantial emotional distress.
- **Supportive measures** are non-disciplinary, non-punitive individualized services offered without fee that do not unreasonably burden the parties. Supportive measures may include counseling, extensions of deadlines or other course-related adjustments, modifications of work or class schedules, campus escort services, mutual restrictions on contact between the parties, changes in work or

housing locations, leaves of absence, increased security and monitoring of certain areas of the campus, and other similar measures.

Reporting Sexual Harassment. Any person who witnesses an act of unlawful sexual harassment is encouraged to report it to the district's Title IX Coordinator. District personnel will not retaliate against any individual based on any report of suspected sexual harassment. Any district employee who receives a report of sexual harassment or has actual knowledge of sexual harassment must convey that information to the Title IX Coordinator as soon as reasonably practicable, but in no case later than the end of the following school day.

Response to Sexual Harassment

General Obligations. When the district has actual knowledge of sexual harassment in its education program or activity against a person in the United States, the district will respond promptly in a manner that is not deliberately indifferent. For the purposes of this policy "education program or activity" includes locations, events, or circumstances over which the district exercised substantial control over both the respondent and the context in which the sexual harassment occurs. The district's ability to impose discipline for off-campus misconduct does not necessarily constitute "substantial control" over the respondent and the context. The district's response to an allegation of sex harassment will treat complainants and respondents equitably.

Limitations on Discipline. No respondent will have disciplinary sanctions imposed upon him/her until the conclusion of the formal grievance process described below.

Emergency Removal. Disciplinary sanctions do not include removal on an emergency basis where the respondent is an immediate threat to the health or safety of another as a result of allegations of sexual harassment. The district also may place any employee on administrative leave during the pendency of the grievance process below.

Grievance Process for Formal Complaints of Sexual Harassment

General Obligations. All Title IX team members and individuals carrying out district obligations will comply with the regulatory requirements of objective evaluations, avoiding conflict of interest or bias, training, and protection of legally privileged information.

Presumption. It is presumed that the respondent is not responsible for the alleged conduct until a determination regarding responsibility is made at the

conclusion of the grievance process.

Grievance Procedure

Time Frames. The district will resolve grievances in a time frame that is reasonably prompt. Good cause for delay may include considerations such as the absence of a party, a party's advisor, or a witness; concurrent law enforcement activity; or the need for language assistance or accommodation of disabilities.

Range of Possible Sanctions and Remedies. At the conclusion of the grievance process, the district may impose disciplinary sanctions and remedies in conformance with this and the district's student discipline policy, and other state and federal laws. Depending upon the circumstances, these policies provide for disciplinary sanctions and remedies up to and including expulsion and/or immediate discharge from employment.

Separation of Roles. The decision-maker cannot be the same person as the Title IX Coordinator or the investigator(s).

Notice of Allegations. Upon receipt of a formal complaint, the district will provide notice of this policy and the allegations to all parties. The notice will include sufficient details known by the district at that time to provide sufficient time to prepare a response before any initial interview. Sufficient details, if known by the district, include the identities of the parties involved in the incident, the conduct allegedly constituting sexual harassment, and the date and location of the alleged incident. The district will provide notice of additional allegations revealed during an investigation to the parties.

Dismissal of Formal Complaint. The district **must** dismiss a formal complaint if the conduct alleged in the formal complaint, would not constitute sexual harassment even if proven; did not occur in the district's education program or activity; or if the conduct alleged did not occur against a person in the United States.

The district **may** dismiss the formal complaint if, at any time during the investigation or hearing, the complainant notifies the Title IX Coordinator in writing that the complainant would like to withdraw the formal complaint or any allegations therein; the respondent is no longer enrolled in or employed by the district; or specific circumstances prevent the district from gathering evidence sufficient to reach a determination as to the formal complaint or allegations therein.

Upon a dismissal, the district will promptly send written notice of the dismissal

and an explanation of that action simultaneously to the parties.

Dismissal of a formal complaint under this policy does not preclude the district from taking action under another provision of the district's code of conduct or pursuant to another district policy.

Investigation of Formal Complaint. When investigating a formal complaint and throughout the grievance process, the district will designate and authorize one or more persons (which need not be district employees) as investigator(s) to conduct the district's investigation of a formal complaint. The district may consolidate formal complaints where the allegations of sexual harassment arise out of the same facts or circumstances.

The district will bear the burden of gathering evidence sufficient to reach a determination regarding responsibility. All parties will have an equal opportunity to present witnesses, including fact and expert witnesses, and other inculpatory and exculpatory evidence. The district may not restrict the ability of either party to discuss the allegations under investigation or to gather and present relevant evidence.

All parties will have the same opportunity to be accompanied by the advisor of their choice in any meeting or grievance proceeding. This policy does not relieve the advisor of choice of any other applicable legal obligations or limitations. The district may establish restrictions regarding the extent to which the advisor may participate in the proceedings, as long as the restrictions apply equally to both parties.

The district will provide written notice of the date, time, location, participants, and purpose of all investigative interviews or other meetings, with sufficient time for the party to prepare to participate.

All parties will have an equal opportunity to inspect and review evidence obtained as part of the investigation if that evidence is directly related to the allegations raised in a formal complaint. The parties will have no less than 10 calendar days to review the evidence and submit a response. The investigative report will fairly summarize the relevant evidence and the investigator will send the finalized report to all parties and their advisors.

Determination Regarding Responsibility. Before the district reaches a determination regarding responsibility, each party may submit written, relevant questions of any party or witness. The decision-maker will provide each party with the answers, and allow for additional, limited follow-up questions from each party. Questions and evidence about the complainant's sexual predisposition are never relevant. Questions about the complainant's

prior sexual behavior are only relevant if those questions and evidence are offered (1) to prove that someone other than the respondent committed the conduct alleged by the complainant, or (2) are offered to prove consent and concern specific incidents of the complainant's prior sexual behavior with respect to the respondent. If the decision-maker decides to exclude a question because it is not relevant, he/she will explain the basis for that decision.

The decision-maker will issue a written determination regarding responsibility no sooner than ten days after the parties receive the final investigative report. The decision-maker will apply the preponderance of the evidence standard. The written determination will include:

- Identification of the allegations potentially constituting sexual harassment;
- A description of the procedural steps taken from the receipt of the formal complaint through the determination, including any notifications to the parties, interviews with parties and witnesses, site visits, and methods used to gather other evidence;
- Findings of fact supporting the determination;
- Conclusions regarding the application of the district's code of conduct to the facts;
- A statement of, and rationale for, the result as to each allegation, including a determination regarding responsibility, any disciplinary sanctions the district imposes on the respondent, and whether remedies designed to restore or preserve equal access to the district's education program or activity will be provided by the district to the complainant; and
- The district's procedures and permissible bases for the complainant and respondent to appeal.

The district will provide the written determination to the parties simultaneously. If neither party timely appeals, the determination becomes final. If a party appeals, the determination will become final on the date that the district provides the parties with the written determination of the result of the appeal.

Appeals. The district will offer both parties the opportunity to appeal from a determination regarding responsibility, and from the district's dismissal of a

formal complaint or any allegations therein, on the grounds identified below.

Time for Appeal. Appeals may only be initiated by submitting a written Notice of Appeal to the Office of the Superintendent of Schools no later than 5:00 pm on the fifth calendar day after the written determination is issued. The Notice of Appeal must include (a) the name of the party or parties making the appeal, (b) the determination, dismissal, or portion thereof being appealed, and (c) a concise statement of the specific grounds upon which the appeal is based. A party's failure to timely submit a Notice of Appeal will be deemed a waiver of the party's right to appeal.

Grounds for Appeal. Appeals are limited to the following grounds:

- Procedural irregularity that affected the outcome of the matter;
- New evidence that was not reasonably available at the time the determination or dismissal was made that could affect the outcome of the matter; and
- The Title IX Coordinator, investigator(s), or decision-maker had a conflict of interest or bias for or against complainants or respondents generally or the individual complainant or respondent that affected the outcome of the matter.

The district will notify other parties in writing when an appeal is filed; implement appeal procedures equally for all parties; and ensure that the decision-maker for the appeal is not the same person as the decision-maker, the investigator(s), or the Title IX Coordinator.

The district will give both parties a reasonable, equal opportunity to submit a written statement that supports or challenges the outcome; issue a written decision describing the result of the appeal and the rationale for the result; and provide the written decision simultaneously to both parties.

Informal Resolution. The district may informally resolve allegations without completing the grievance procedure with the written consent of all parties. The process may not be used when allegations involve an employee harassing a student. As part of this process, the district will provide to the parties in writing a notice stating:

- the allegations;
- the requirements of the informal resolution process including the circumstances under which it precludes the parties from resuming a

formal complaint arising from the same allegations;

- that at any time prior to agreeing to a resolution, any party has the right to withdraw from the informal resolution process and resume the grievance process with respect to the formal complaint; and
- any consequences resulting from participating in the informal resolution process, including the records that will be maintained or could be shared.

Recordkeeping. The district will maintain the following records for a period of seven years:

- Each sexual harassment investigation including any determination regarding responsibility, any disciplinary sanctions imposed, and any remedies provided;
- Any appeal and its result;
- Any informal resolution and its result; and
- All materials used to train Title IX Coordinators, investigators, decision-makers, and any person who facilitates an informal resolution process. The district will make these training materials publicly available on its website, or if the district does not maintain a website, then the district will make these materials available upon request for inspection by members of the public.

The district will also create records documenting any actions, including any supportive measures, taken in response to a report or formal complaint of sexual harassment. In each instance, the district will document the basis for its conclusion that its response was not deliberately indifferent, and document that it has taken measures designed to restore or preserve equal access to the district's education program or activity. If the district does not provide a complainant with supportive measures, then the district will document the reasons why such a response was not clearly unreasonable in light of the known circumstances. The documentation of certain bases or measures does not limit the district in the future from providing additional explanations or detailing additional measures taken. The district will maintain these records for a period of seven years.

Retaliation Prohibited. Neither the district nor any other person may intimidate, threaten, coerce, or discriminate against any individual for the purpose of interfering with any right or privilege secured by Title IX, 34 C.F.R.

part 106, or this policy, or because the individual has made a report or complaint, testified, assisted, or participated or refused to participate in any manner in an investigation, proceeding, or hearing under this policy. The district will keep confidential the identity of any individual who has made a report or complaint of sex discrimination, including any individual who has made a report or filed a formal complaint of sexual harassment, any complainant, any individual who has been reported to be the perpetrator of sex discrimination, any respondent, and any witness, except as may be permitted by the FERPA statute, 20 U.S.C. § 1232g, or FERPA regulations, 34 C.F.R. part 99, or as required by law, or to carry out the purposes of 34 C.F.R. part 106, including the conduct of any investigation, hearing, or judicial proceeding arising thereunder. Complaints alleging retaliation may be filed according to shall be addressed pursuant to Board Policy 2006 (Complaint Procedure).

The exercise of rights protected under the First Amendment does not constitute retaliation prohibited by this section. Charging an individual with a code of conduct violation for making a materially false statement in bad faith in the course of a grievance proceeding under this part does not constitute retaliation prohibited under this section, provided that a determination regarding responsibility alone is not sufficient to conclude that any party made a materially false statement in bad faith.

Notification of Policy. The district will notify applicants for admission and employment, students, parents or legal guardians of students, employees, and all unions or professional organizations holding collective bargaining or professional agreements with the district of the existence of this policy. The requirement to not discriminate, as stated in Title IX and 34 C.F.R. part 106, in the district's education program(s) or activities extends to admission and employment, and inquiries about the application of Title IX and 34 C.F.R. part 106 to the district may be referred to the district's Title IX Coordinator, the Assistant Secretary for Civil Rights of the United States Department of Education, or both.

Publication of Policy. The district will prominently display on its website, if any, and in each handbook that it makes available to applicants for admission and employment, students, parents or legal guardians of students, employees, and all unions or professional organizations holding collective bargaining or professional agreements with the district, the name or title, office address, electronic mail address, and telephone number of the employee or employees designated as the Title IX Coordinator(s).

Application Outside the United States. The requirements of this policy apply only to sex discrimination occurring against a person in the United States.

Scope of Policy. Nothing herein shall be construed to be more demanding or more constraining upon the district than the requirements of Title IX (20 U.S.C. § 1681) and 34 C.F.R. part 106. To the extent that the district is in compliance with Title IX and 34 C.F.R. part 106, then all of the district's obligations under this policy shall be deemed to be fulfilled and discharged.

3057 Title IX

Nondiscrimination. The school district does not discriminate on the basis of sex and prohibits sex discrimination in any education program or activity that it operates including in admission and employment. Inquiries about Title IX may be referred to the school district's Title IX Coordinator, the U.S. Department of Education's Office for Civil Rights, or both. The school district's Title IX Coordinator may be contacted at Josh Lynch, Title IX Coordinator, 1200 2nd Street, Yutan, NE 68073 or at 402-625-2243 or at jlynch@yutanps.org. To report information about conduct that may constitute sex discrimination or make a complaint of sex discrimination under Title IX, please contact the Title IX Coordinator.

Publication Notice. The school district will include the following notice on its website and in each handbook, catalog, announcement, bulletin, application form, and other places as required by law:

The school district prohibits sex discrimination in any education program or activity that it operates and individuals may report concerns or questions to the Title IX Coordinator. The school district's Title IX policy, notice, and other information may be accessed at the following link: <https://www.yutanpublicschools.com>.

Retaliation Prohibited. Retaliation, including peer retaliation, is prohibited in the school district's education program or activity. If the school district has information about conduct that reasonably may constitute retaliation under Title IX, it may be required to treat it as an allegation of sex discrimination. Upon receiving a complaint alleging retaliation, the school district will initiate its grievance procedures or informal resolution process.

Definitions. As used in this policy, the following terms are defined as follows:

Complainant means an employee, a student, or a parent, guardian, or other individual with the legal right to act on behalf of a complainant who is alleged to have been subjected to conduct that could constitute sex discrimination, including sex-based harassment; or any other person who may have been subjected to sex discrimination when that person was participating or attempting to participate in the school district's education program or activity.

Complaint means an oral or written request to the school district that objectively can be understood as a request for the school district to

investigate and make a determination about alleged sex discrimination under Title IX.

Consent for purposes of this policy means the willingness in fact for conduct to occur. An individual may, as a result of age, incapacity, disability, lack of information, or other circumstances be incapable of providing consent to some or all sexual conduct or activity. Neither verbal nor physical resistance is required to establish that an individual did not consent. School district officials will consider the totality of the circumstances in determining whether there was consent for any specific conduct. Consent may be revoked or withdrawn at any time.

Respondent means a person who is alleged to have violated the school district's prohibition on sex discrimination. When a sex discrimination complaint alleges that the school district's policy or practice discriminates on the basis of sex, the school district is not considered a respondent.

Sex-based harassment prohibited by this part is a form of sex discrimination and means sexual harassment and other harassment on the basis of sex that is:

Quid pro quo harassment. An employee, agent, or other person authorized by the school district to provide an aid, benefit, or service under the school district's education program or activity explicitly or impliedly conditioning the provision of such an aid, benefit, or service on a person's participation in unwelcome sexual conduct;

Hostile environment harassment. Unwelcome sex-based conduct that, based on the totality of the circumstances, is subjectively and objectively offensive and is so severe or pervasive that it limits or denies a person's ability to participate in or benefit from the school district's education program or activity (i.e., creates a hostile environment). Whether a hostile environment has been created is a fact-specific inquiry that includes consideration of the following:

- The degree to which the conduct affected the complainant's ability to access the school district's education program or activity;
- The type, frequency, and duration of the conduct;
- The parties' ages, roles within the school district's education program or activity, previous interactions, and other factors about each party that may be relevant to evaluating the effects of the conduct;
- The location of the conduct and the context in which the conduct occurred; and

- Other sex-based harassment in the school district's education program or activity.

Sexual assault meaning an offense classified as a forcible or nonforcible sex offense under the uniform crime reporting system of the Federal Bureau of Investigation;

Sex Offenses, Forcible—Any sexual act directed against another person, without the consent of the victim including instances where the victim is incapable of giving consent.

- **Sodomy**—Oral or anal sexual intercourse with another person, without the consent of the victim, including instances where the victim is incapable of giving consent because of his/her age or because of his/her temporary or permanent mental or physical incapacity
- **Sexual Assault With An Object**—To use an object or instrument to unlawfully penetrate, however slightly, the genital or anal opening of the body of another person, without the consent of the victim, including instances where the victim is incapable of giving consent because of his/her age or because of his/her temporary or permanent mental or physical incapacity
- **Fondling**—The touching of the private body parts of another person for the purpose of sexual gratification, without the consent of the victim, including instances where the victim is incapable of giving consent because of his/her age or because of his/her temporary or permanent mental or physical incapacity.

Sex Offenses, Non-forcible—(Except Prostitution Offenses) Unlawful, non-forcible sexual intercourse.

- **Incest**—Non-Forcible sexual intercourse between persons who are related to each other within the degrees wherein marriage is prohibited by law
- **Statutory Rape**—Non-Forcible sexual intercourse with a person who is under the statutory age of consent

Dating violence meaning violence committed by a person who is or has been in a social relationship of a romantic or intimate nature with

the victim and where the existence of such a relationship shall be determined based on a consideration of the length and type of relationship and the frequency of interaction between the persons involved in the relationship;

Domestic violence meaning felony or misdemeanor crimes committed by a person who:

- Is a current or former spouse or intimate partner of the victim under the family or domestic violence laws of the jurisdiction of the school district, or a person similarly situated to a spouse of the victim;
- Is cohabitating, or has cohabitated, with the victim as a spouse or intimate partner;
- Shares a child in common with the victim; or
- Commits acts against a youth or adult victim who is protected from those acts under the family or domestic violence laws of the jurisdiction

Stalking meaning engaging in a course of conduct directed at a specific person that would cause a reasonable person to fear for the person's safety or the safety of others or suffer substantial emotional distress.

Response to Sex-based Harassment.

All Employees. All school district employees must notify the Title IX Coordinator when the employee has information about conduct that reasonably may constitute sex discrimination, including sex-based harassment under Title IX.

Title IX Coordinator. The school district will designate and authorize at least one employee as the school district's "Title IX Coordinator," to coordinate the school district's efforts to comply with its responsibilities under Title IX and this policy. The superintendent or Title IX Coordinator is authorized to delegate specific duties to one or more designees.

For conduct that could constitute sex-based harassment, the Title IX Coordinator must take the following actions:

- Offer and coordinate supportive measures for the complainant and for the respondent;
- Notify the complainant or the individual who reported the conduct of the grievance procedures and, if appropriate, the informal resolution process.

- Take other appropriate steps to avoid the recurrence of sex discrimination and restore or maintain equal access to the school district's programs and activities.

Supportive Measures. The school district will provide supportive measures, as appropriate, in cases involving sex-based harassment. These measures may include but are not limited to: counseling; extending deadlines; increased supervision; no-contact directives; leaves of absence; changes in class, work, or activities, regardless of whether there is a comparable alternative; and training and education programs related to sex-based harassment. Supportive measures may be continued, modified, or discontinued at the conclusion of any grievance process. Supportive measures will not be disclosed to anyone other than the person to whom they apply and others, including school officials, who need to know the supportive measures to implement them.

Requests to Modify Supportive Measures. A complainant or respondent may request modification or reversal of the school district's decision to provide, deny, change, or terminate supportive measures applicable to them. Requests must be made to the Title IX Coordinator in writing, and an impartial individual will review the request.

Students with Disabilities. If the complainant or respondent is a student with a disability, the Title IX Coordinator will consult with one or more members of the student's IEP or Section 504 team to determine compliance with those laws while implementing supportive measures and all other requirements of this policy and Title IX.

Emergency Removal. The school district is authorized to remove a respondent from the school district's education program or activity on an emergency basis, provided that the school district undertakes an individualized safety and risk analysis; determines that an imminent and serious threat to the health or safety of a complainant or other persons arising from the allegations of sex discrimination justifies removal; and provides the respondent with notice and an opportunity to challenge the decision immediately following the removal.

Administrative Leave. The school district is authorized to place an employee respondent on administrative leave from employment responsibilities during the pendency of the school district's grievance procedures.

Informal Resolution. The school district may offer an informal resolution process unless the complaint includes allegations that an employee engaged

in sex-based harassment of a student or informal resolution would be contrary to law. Prior to initiating informal resolution, the parties will be provided with notice of the allegations. Participation in informal resolution is voluntary, and any informal resolution will include consent from the complainant and respondent, the ability to withdraw from the process, and the right to resume the grievance process. If an agreement is reached, it precludes the parties from initiating or resuming the grievance process.

The informal resolution facilitator will not be the same person as the investigator or the decisionmaker in the school district's grievance procedures. Potential terms that may be included in an informal resolution agreement include but are not limited to restrictions on contact, restrictions on participation in programs or activities, and disciplinary sanctions.

If informal resolution is offered, the school district will maintain all evidence gathered, communications about the informal resolution process, and the agreement reached. This information will be disclosed to outside individuals only as permitted by law and if required to implement the requirements of the agreement or Title IX. If no agreement is reached, only relevant and permissible evidence received during the informal resolution process will be considered during the grievance process.

Grievance Procedures to Resolve Complaints of Sex Discrimination.

Any person designated as Title IX Coordinator, investigator, or decision maker will not have a conflict of interest or bias for or against any party, generally or specifically. The decisionmaker may be the same person as the Title IX Coordinator or investigator.

Complaint. Complaints of sex-based harassment may only be made by a complainant; a parent, guardian, or other individual with the legal right to act on behalf of a complainant; or the Title IX Coordinator. Complaints of sex discrimination (excluding complaints of sex-based harassment) may be made by any person who was participating or attempting to participate in the school district's education program or activity at the time of the alleged sex discrimination.

Complaint by Coordinator. In the absence of a complaint made by any other individual, the Title IX Coordinator will determine whether to initiate a complaint of sex discrimination. The Title IX Coordinator must consider, at a minimum, the following factors:

- The complainant's request not to proceed with the initiation of a complaint;

- The complainant's reasonable safety concerns regarding the initiation of a complaint;
- The risk that additional acts of sex discrimination would occur if a complaint is not initiated;
- The severity of the alleged sex discrimination, including whether the discrimination, if established, would require the removal of a respondent from campus or imposition of another disciplinary sanction to end the discrimination and prevent its recurrence;
- The age and relationship of the parties, including whether the respondent is an employee of the school district;
- The scope of the alleged sex discrimination, including information suggesting a pattern, ongoing sex discrimination, or sex discrimination alleged to have impacted multiple individuals;
- The availability of evidence to assist a decisionmaker in determining whether sex discrimination occurred; and
- Whether the school district could end the alleged sex discrimination and prevent its recurrence without initiating its grievance procedures.

If the Title IX Coordinator initiates a complaint, they will notify the complainant prior to doing so and address reasonable concerns about the complainant's safety or the safety of others, including by providing supportive measures.

Consolidation of Complaints. The school district may consolidate complaints of sex discrimination against more than one respondent, or by more than one complainant against one or more respondents, or by one party against another party, when the allegations of sex discrimination arise out of the same facts or circumstances. When more than one complainant or more than one respondent is involved, references in this section to a party, complainant, or respondent include the plural, as applicable.

Basic Procedures. This grievance procedure is governed by the following basic requirements:

- A respondent is presumed not responsible for the alleged sex discrimination until a determination is made at the conclusion of the grievance procedure;
- The school district will treat the complainant and respondent equitably throughout the grievance process;
- The school district will take reasonable steps to protect the privacy of individuals participating in the grievance process in a manner that does not restrict the parties from obtaining and presenting evidence,

speaking to witnesses, consulting with family members or advisors, or otherwise participating in the grievance process;

- The District will use the following timelines for each complaint, but the Title IX Coordinator or designee may extend them as needed:

Major Stage	Target Duration (calendar days)
Completion of the school district’s decision whether to dismiss or investigate a complaint of sex discrimination	1-15
Investigation	1-30
Determination	1-30
Appeal	1-20

Notice of Allegations. Upon initiation of the grievance procedure, the school district will provide notice of the allegations to the parties whose identities are known. The notice will include a copy of this policy; the parties involved in the incident(s); the conduct alleged to constitute sex discrimination; and the date(s) and location(s) of the alleged incident(s), if available. Retaliation is prohibited.

If the school district decides to investigate additional allegations of sex discrimination that are not included in the initial notice, the school district will provide notice of the additional allegations to the parties.

Complaint Investigation. The burden is on the school district to conduct an investigation that gathers sufficient evidence to determine whether sex discrimination occurred. The individual investigating and deciding the complaint will:

- Provide an equal opportunity for the parties to present fact witnesses and relevant and permissible evidence;
- Objectively review all evidence gathered through the investigation and determine what evidence is relevant and permissible;
- Provide each party with an accurate description of the relevant and permissible evidence, and upon request, copies of this evidence;
- Provide the parties a reasonable opportunity to respond to the evidence;
- Use a process that enables the decisionmaker to question parties and witnesses to adequately assess a party’s or witness’s credibility, but credibility will not be based upon any individual’s status as a complainant, respondent, or witness; and

- Take reasonable steps to prevent and address the parties' unauthorized disclosure of information and evidence obtained solely through the grievance procedures. For purposes of this paragraph, disclosures of such information and evidence for purposes of administrative proceedings or litigation related to the complaint of sex discrimination are authorized.

Relevant and Permissible Evidence. The school district will consider relevant and permissible evidence. Relevant evidence is evidence related to the allegations of sex discrimination under investigation as part of the grievance procedure. Questions are relevant when they seek evidence that may aid in showing whether the alleged sex discrimination occurred, and evidence is relevant when it may aid a decisionmaker in determining whether the alleged sex discrimination occurred.

Generally relevant evidence is permissible, but does not include:

- Evidence that is protected under a privilege as recognized by Federal or State law;
- A party's or witness's records that are made or maintained by a physician, psychologist, or other recognized professional in connection with the provision of treatment to the party or witness unless the school district obtains that party's or witness's voluntary, written consent for use in this grievance procedures; and
- Evidence that relates to the complainant's sexual interests or prior sexual conduct, unless that evidence is offered to prove that someone other than the respondent committed the alleged conduct or is evidence about specific incidents of the complainant's prior sexual conduct with the respondent that is offered to prove consent to the alleged sex-based harassment. The fact of prior consensual sexual conduct between the complainant and respondent does not by itself demonstrate or imply the complainant's consent to the alleged sex-based harassment or preclude a determination that sex-based harassment occurred.

Determining Whether Sex Discrimination Occurred. The school district will:

- Use the preponderance of the evidence standard of proof, that it is more likely than not, to determine whether sex discrimination occurred;
- Use only relevant and permissible evidence to reach a determination;

- Notify the parties in writing of the determination whether sex discrimination occurred, including the rationale for such determination, and the procedures and permissible bases for the complainant and respondent to appeal, if applicable;
- If there is a determination that sex discrimination occurred, coordinate and provide remedies to restore equal access, coordinate the imposition of any disciplinary sanctions on a respondent, including notification to the complainant of any such disciplinary sanctions, and require the Title IX Coordinator to take other appropriate prompt and effective steps to ensure that sex discrimination does not continue or recur;
- Not discipline a party, witness, or others participating in a school district's grievance procedures for making a false statement or for engaging in consensual sexual conduct based solely on the school district's determination whether sex discrimination occurred.

Dismissal of a Complaint. A complaint of sex discrimination made through the grievance procedure may be dismissed for any of the following reasons:

- The school district is unable to identify the respondent after taking reasonable steps to do so;
- The respondent is not participating in the school district's education program or activity and is not employed by the school district;
- The complainant voluntarily withdraws any or all of the allegations in the complaint, the Title IX Coordinator declines to initiate a complaint, and the school district determines that without the complainant's withdrawn allegations, the remaining alleged conduct would not constitute sex discrimination even if proven;
- The school district determines the conduct alleged in the complaint, even if proven, would not constitute sex discrimination under Title IX. Before dismissing the complaint under this paragraph, the school district must make reasonable efforts to clarify the allegations with the complainant.

Upon dismissal, the school district will promptly notify the complainant of the basis for the dismissal. If the dismissal occurs after the respondent has been notified of the allegations, then the school district must also notify the respondent of the dismissal and the basis for the dismissal promptly following notification to the complainant, or simultaneously if notification is in writing.

The school district will notify the complainant that a dismissal may be appealed and provide the complainant with an opportunity to appeal the

dismissal. If the dismissal occurs after the respondent has been notified of the allegations, then the school district must also notify the respondent that the dismissal may be appealed on the bases set out in this policy. Upon the dismissal of a complaint, at a minimum, the school district will:

- Offer supportive measures to the complainant, and offer supportive measures to the respondent if the respondent has been notified of the complaint;
- Require its Title IX Coordinator to take other appropriate prompt and effective steps to ensure that sex discrimination does not continue or recur within the school district's education program or activity.

Appeal. The school district will provide the parties the opportunity to appeal the decisionmaker's written determination or a dismissal of a complaint, on the grounds identified below. The school district will implement appeal procedures equally for the parties, including a reasonable and equal opportunity to make a statement in support of or challenging the outcome being appealed. Appeals under Title IX, like other comparable proceedings, will be handled consistent with the school district's general complaint policy.

Time for Appeal. Appeals may only be initiated by submitting a written Notice of Appeal to the superintendent within three (3) calendar days of the party's receipt of (1) the written determination of whether sex discrimination occurred from which the appeal is taken, or (2) the written dismissal of the complaint from which the appeal is taken.

Notice of Appeal Filed By Party. The Notice of Appeal must include (a) the name of the party or parties appealing, (b) the determination, dismissal, or portion thereof being appealed, and (c) a concise statement of the specific grounds (from the following subsection) upon which the appeal is based. A party's failure to timely submit a Notice of Appeal will be deemed a waiver of the party's right to appeal under this policy and Title IX.

Appeals of Dismissals. If a dismissal is appealed, the school district will provide notice of the allegations to the complainant and respondent if not provided previously.

Appeal Decision. The decisionmaker for the appeal will be an individual who did not take part in the investigation, determination, and/or decision to dismiss the complaint. The appeal decisionmaker will

notify the parties of the result of the appeal and the rationale for the result.

Disciplinary Sanctions and Remedies. If it is determined that sex-based harassment occurred, the school district may impose disciplinary sanctions that may include suspension, expulsion, mandatory reassignment, adverse employment action up to and including termination, or any other actions regarding student behavior that are reasonably necessary to aid the student, further school purposes, or prevent interference with the educational process. Such actions may include counseling of students, parent conferences, referral to restorative justice practices or services, rearrangement of schedules, requirements that a student remain in school after regular hours to do additional work, restriction of extracurricular activity, or requirements that a student receive counseling, psychological evaluation, or psychiatric evaluation upon the written consent of a parent or guardian to such counseling or evaluation.

Superintendent Authorized to Contract. The board authorizes the Superintendent to contract for, designate, and appoint individuals to serve in the roles of the school district's investigator(s), decision-maker(s), informal resolution facilitator(s), or appellate decision-maker(s) as contemplated by this policy.

Recordkeeping. The school district will maintain the following documents for a period of at least seven years:

- For each complaint of sex discrimination, records documenting the informal resolution process or grievance procedures and the outcome.
- Records documenting the actions the school district took to meet its obligations under Title IX for any allegation of sex discrimination.
- All materials used to provide training as required by this policy. The school district will make these training materials available upon request for inspection by members of the public.

4057 Superintendent Evaluation

The board shall observe and evaluate the superintendent based upon actual classroom observations for an entire instructional period at least twice during his first year of employment and at least once each year thereafter. Additional evaluations may be conducted at the discretion of the board. For the purposes of this policy, "actual classroom observation" shall mean observing the superintendent performing activities that are typical of his or her position. An "entire instructional period" for administrators cannot be defined in terms of an instructional period and shall be satisfied by the actual observation of some aspect of the superintendent's work during the semester for no less than 40 minutes.

Purpose. The purposes of the formal job evaluation are:

1. To provide a means of rational, structured communication between the board and superintendent to create a more constructive and effective working relationship.
2. To provide a basis for commending, rewarding and reinforcing good work, as well as identifying areas where the superintendent needs to improve.
3. To clarify the superintendent's role and inform the superintendent of the board's expectations.

Dates. Unless otherwise provided for in the superintendent's employment contract, annual evaluation(s) shall take place ~~at or before the December board meeting held~~ during the month before the date in the superintendent's employment contract by which the board must notify the superintendent of its intention to consider the nonrenewal or amendment of the contract. In the absence of such a contract provision, the annual evaluation should take place at or prior to the March board meeting. The Superintendent shall remind the Board members in writing at least 45 days before the date of each upcoming evaluation and shall make his evaluation an agenda item for the board meeting.

Evaluation Document. The superintendent shall submit a recommended evaluation document to the board. The board shall meet and discuss the proposed document with the superintendent. The board may amend and adopt the proposed evaluation document. The board may amend the document or adopt a new document without amending this policy. The superintendent shall submit the evaluation document to the Nebraska Department of Education.

Evaluation Procedures. Each board member shall have the opportunity to complete a draft evaluation document. The board president shall compile the individual draft evaluations into a single and final evaluation, provide a copy to the superintendent, and discuss it with him or her. **If the superintendent's evaluation is conducted at a board meeting,** the superintendent's evaluation may be conducted in closed session if it is necessary to prevent needless injury to the superintendent's reputation and if he or she has not requested it be done in open session.

Deficiencies. If deficiencies are noted in the superintendent's work performance, the board shall provide the superintendent at the time of the observation with a list of deficiencies and a list of suggestions for improvement and assistance in overcoming the deficiencies. 5031 Student Appearance

Any manner of dress, hair style, make up, cleanliness, or personal appearance that constitutes a threat to the safety, health, welfare, or morals of the student or others; violates any statute; interferes with the education process, or school officials can reasonably predict will interfere with the education process; or causes or may cause excessive maintenance problems in the school, may be grounds for corrective or disciplinary action. The superintendent or designee may institute specific dress code regulations in any school consistent with board policy.

The board directs the Administration to establish a dress code that governs student appearance and that shall be included within the student handbook(s). The Administration may elect to adopt age-appropriate guidelines of the dress code for different schools, buildings, or grades (e.g., elementary dress code, high school dress code, etc.).

General Regulations. The District prohibits student attire or appearance that:

- Causes or is likely to cause a material and substantial disruption to the District's programs and activities.
- Promotes, depicts, or refers to violence, drugs, alcohol, vulgarity, obscenity, illegal activity, hate speech, bullying speech, or harassing speech.
- Includes words, gestures, or images that contain or imply sexual content or innuendo.
- Otherwise undermines the District's mission to inculcate the habits, manners, and values fundamental to civility, community, and the educational environment.

The District reserves the right to request immediate attire changes from students. The District will require students to adhere to uniform standards and/or wear district approved or issued uniforms in order to participate in activities.

Altering a student's appearance or removing or altering a student's attire without consent from their parent/guardian/caregiver is not allowed. Additionally, students' hair should not be permanently or temporarily altered by school personnel.

Specific Limitations on Dress Codes. Except as provided in the *Health and Safety* below, the specific dress codes enacted pursuant to this policy may not:

- Target, disproportionately impact, discriminate, or be applied in a discriminatory manner against any students on the basis of race, religion, sex, disability, or national origin;
- Prohibit a student from wearing attire associated with race, national origin, or religion (including religious attire, natural and protective hairstyles, adornments or other such characteristics); or
- Require a student's hair be permanently or temporarily altered.

Health and Safety. Students may be required to wear protective clothing or equipment or otherwise modify their attire or secure their hair to ensure the safety of themselves and others. In such cases, a good faith effort to reasonably accommodate students will be made to ensure safety without compromising religious beliefs, grooming practices, or requiring students to permanently alter their appearance. The least restrictive means appropriate to address the identified health or safety concern shall be used.

Health and Safety Accommodation Process. If a health and safety standard accommodation is necessary, the District will:

1. Engage in a good-faith effort to reasonably accommodate the student and
2. Notify the student's parent or guardian of such an attempt to accommodate the student's appearance or any attire, tribal regalia, hairstyles, adornment, or other characteristic associated with race, national origin, or religion
3. Attempt to obtain consent from a student's parent or guardian prior to altering a student's appearance or removing or altering a student's attire, tribal regalia, hairstyle, adornment, or other characteristic associated with race, national origin, or religion.

Recordkeeping. The District will record efforts made to accommodate a student's appearance, attire, hairstyle, adornment, or other characteristics associated with race, religion, sex, disability, or national origin. Each record must include: the student's name; federally identified demographic characteristics; date of the occurrence; the health and safety standard relating to the accommodation; the nature of the accommodation requested; staff involved; communication with parents/guardians/caregivers, and; the outcome of the effort.

Dress Code Enforcement. School personnel are authorized to request immediate changes in the appearance or attire of student so as to remedy any dress code violations. Enforcement of dress code violations must be done in a manner that is consistent with a school's overall discipline plan and in a consistent manner. A student's violation of the dress code shall not subject the student to long-term suspension, expulsion, or mandatory reassignment as provided in Neb. Rev. Stat. § 79-267. A violation of the dress code may not require the student to miss substantial classroom time, instruction time, or school activities.

Under no circumstances is any administrator, teacher, other member of the school district's staff, or any school district contractor allowed to permanently or temporarily alter or cut a student's hair.

No student shall be disproportionately affected by dress code enforcement because of the student's gender, race, color, religion, disability, or national origin.

Students shall be personally and solely responsible for the security of their electronic devices. The district is not responsible for theft, loss or damage of any electronic device, including any calls or downloads.

Students who violate this policy may have their cell phones or electronic devices confiscated immediately. (b) If the student's conduct presents a clear threat to the physical safety of himself, herself, or others, or is so extremely disruptive as to make temporary removal necessary to preserve the rights of other students to pursue an education.

Any emergency exclusion shall be based upon a clear factual situation warranting it and shall last no longer than is necessary to avoid the dangers that prompted the exclusion.

Extension of Exclusion. Pursuant to the Student Discipline Act, the principal has the authority to exclude a student from school for up to five school days on an emergency basis. If the initial notice is oral, the superintendent shall confirm it in writing. The notice shall include notice of a recommended hearing examiner and an alternate hearing examiner for consideration by the parent(s) or guardian(s) if a hearing is requested.

Opportunity to Request a Hearing. The student's parent(s) or guardian(s) may submit a request for a hearing on the proposed extension of the exclusion within one school day of receiving the notice of the proposed extension.

Failure to Request a Hearing. If the parent(s) or guardian(s) do not request a hearing within ~~two~~ **one** school days of receiving oral or written notice, the proposed extension of the exclusion shall automatically go into effect.

No hearing will be held on less than two (2) school days' notice unless otherwise agreed to by the student's parent(s) or guardian(s) and school officials.

Continued Exclusion. If a hearing is requested, the principal may determine in his or her sole discretion that the student shall remain excluded from school until the hearing officer makes a recommendation to the superintendent.

Examination of Student's Records and Affidavits. Prior to the hearing, the student and his/her parent(s) or guardian(s) shall have the right to examine and have school officials explain the student's records and any affidavits that will be used by school officials at the hearing.

Attendance at Hearing. The hearing may be attended by the hearing examiner, the principal (or designee), the student, and the student's parents or guardian(s). The student may be represented at this hearing by a representative of the family's choice.

Student's Witness(es). The student and his/her parent(s) or guardian(s) may ask any person with knowledge of the events leading up to the sanction or with general knowledge of the student's character to testify on behalf of the student. If school personnel or other students are requested to testify by the student's parent(s) or guardian(s), the hearing officer shall endeavor to help obtain the presence of such witnesses at the hearing.

Right to Know Issues and Nature of Testimony. The student and his/her

parent(s) or guardian(s) have the right to request in advance of the hearing the issues which the administration will propose in support of the extension, and the general nature of the testimony of any administrative or expert witnesses.

Presence of Student and Witnesses at the Hearing. The student and witnesses may be excluded at the discretion of the hearing examiner in accordance with state statutes. The student may speak in his/her own defense and may be questioned on such testimony, but may choose not to testify.  - 2 The risks posed by sustaining a concussion; and
 - 3 The actions a student should take in response to sustaining a concussion, including the notification of his or her coaches.

A student who participates on a school athletic team must be removed from a practice or game when he/she is reasonably suspected of having sustained a concussion or brain injury in such practice or game after observation by a coach or a licensed health care professional who is professionally affiliated with or contracted by the school. The student will not be permitted to participate in any school supervised team athletic activities involving physical exertion, including practices or games, until the student:

6045 – NEW POLICY **Behavioral Intervention**

General Approach. The district utilizes a tiered system of support to foster a positive school climate and culture, encourage appropriate student behavior, and provide the necessary supports for academic and behavioral success.

Interaction with Student Discipline Policy. This policy does not replace the Student Discipline policy or limit the District’s authority under the Student Discipline Act when behaviors warrant action under that policy or Act.

Classroom Removal. Students may be removed from the classroom if the student poses a threat to their own safety, the safety of others, or the environment or if the student’s behavior is disruptive to the learning environment. When appropriate, prior to removal staff should consider the use of de-escalation techniques, behavior redirection, or other Tier 1 or Tier 2 or comparable interventions.

When classroom removal is appropriate, the District will consider whether the student requires additional support to transition back to the classroom and continue to monitor the student’s behavior to adjust interventions and supports as needed.

Required Training. The School District, independently or through the educational service unit, will develop and provide behavioral awareness and intervention training to employees with behavioral management responsibilities. Each employee with behavior management responsibilities must complete the behavioral awareness and intervention training during the 2026-27 school year or during the first year of employment with the district. The length of such training will be at least .5 hours.

Behavioral Awareness Point of Contact (BAPC). Each school building must designate one or more school employees as a BAPC. Each BAPC must have knowledge of community services providers and other resources available for students and families. Each BAPC must coordinate access to support services for students.

The BAPC will be identified on the district website and in the school directory.
