Results Every Day*

Welcome & Intent of Handbook

Parents and Students: At Wauneta-Palisade School we believe that all students can and will learn. Through the scope of our mission statement, all Wauneta-Palisade staff and administration will work to create that environment and fulfill that mission for our students. In order to fulfill our mission and make this school year as enjoyable as possible, all students must accept the responsibilities for monitoring a good school. Cooperation between your fellow students and the school staff will enable you to always be proud that you attend Wauneta-Palisade Schools. This handbook has been developed to help you understand your responsibilities as a student, parent or guardian. As with all such documents it cannot possibly cover all contingencies, and therefore is subject to appropriate administrative interpretation to serve the best interests of students, parents, patrons, and the District.

- Mr. Geier & Mr. Frecks

Classroom Visitation

Any parent wishing to visit the classroom shall first check in at the school office and receive a visitors pass. Visitations should be kept to a minimum, so that it doesn't interfere with the educational process. Siblings or other family members may visit classrooms ONLY if they are accompanied by a parent and as long as they are not a distraction.

Party Invitations

We have had instances in the past when a student will ask to hand out party invitations. This is permitted AS LONG AS EVERY CHILD IN THE CLASSROOM IS INCLUDED. If this is not the case, the invitations will NOT be distributed at School.

Wauneta-Palisade intends to follow the Title I Parent and Family Engagement Policy guidelines in accordance with federal law, *Section 1116(a-f) ESSA, (Every Student Succeeds Act) of 2015.*

In General

The written District parent and family engagement policy has been developed jointly with, updated periodically and distributed to parents and family members of participating children and the local community in an understandable and uniform format. This policy agreed on by such parents describes the means for carrying out the requirements as listed below.

- Parents and family members of all students are welcomed and encouraged to become involved with their child's school and education; this includes parents and family members that have limited English proficiency, limited literacy, are economically disadvantaged, have disabilities, racial or ethnic minority background or are migratory children. Information related to school and parent programs, meetings, school reports and other activities are sent to the parents of participating children in a format, and to the extent practicable, in a language the parents can understand.
- Parents are involved in the planning, review, evaluation and improvement of the Title I program, Parent and Family Engagement Policy and the School-Parent Compact at an annual parent meeting scheduled at a convenient time. This would include the planning and implementation of effective parent and family involvement activities.
- Conduct, with meaningful parent and family involvement, an annual evaluation of the content and effectiveness of the Parent and Family Engagement Policy. Use the evaluation findings to design evidence-based strategies for more effective parental involvement, and to revise the Parent and Family Engagement Policy.
- Opportunities are provided for parents and family members to participate in decisions related to the education of their child/children. The school and local educational agency shall provide other reasonable support for parental involvement activities.
- Parents of participating children will be provided timely information about programs under this part, a description and explanation of the curriculum in use, the forms of academic assessment used to measure student progress and the achievement levels of the challenging State academic standards. The school will provide assistance, opportunities, and/or materials and training to help parents work with their children to improve their children's academic achievement in a format, and when feasible, in a language the parents and family members can understand.
- Educate teachers, specialized instructional support personnel, principals, and other school leaders, with the assistance of parents in the value and utility of contributions of parents, how to reach out to, communicate with and work with parents as equal partners.
- Coordinate and integrate parental involvement programs and activities with other Federal, State and local programs, including preschool programs that encourage and support parents in more fully participating in the education of their children.

It is the policy of the Nebraska Department of Education not to discriminate on the basis of gender, disability, race, color, religion, marital status, age, national origin or genetic information in its education programs, administration, policies, employment or other agency programs.

Through the scope of our mission statement, all Wauneta-Palisade staff and administration will work to create that environment and fulfill that mission for our students. In order to fulfill our mission and make this school year as enjoyable as possible, all students must accept the responsibilities for monitoring a good school. Cooperation between your fellow students and the school staff will enable you to always be proud that you attend Wauneta-Palisade Schools. This handbook has been developed to help you understand your responsibilities as a student, parent or guardian. As with all such documents it cannot possibly cover all contingencies, and therefore is subject to appropriate administrative interpretation to serve the best interests of students, parents, patrons, and the District.

- Mr. Geier, Mr. Frecks

Notice of Discrimination

Applicants for admission and employment, and all unions or professional organizations holding collective bargaining or professional agreements with the Wauneta-Palisade Public Schools, District #536, are hereby notified that this institution does not discriminate on the basis of race, color, national origin, sex, age, or employment in, its programs and activities. Any person having inquiries concerning the regulations implementing Title I, Title VI, Title IX or Section 504 is directed to contact the Superintendent, 214 West Wichita, Wauneta-Palisade Public Schools, Wauneta NE 69045, 308-394-5650. Any person may also contact the Assistant Secretary for Civil Rights, U.S. Department of Education regarding the school's compliance with these laws.

Student Behavior Philosophy and Expectations

It is the goal of Wauneta-Palisade School to continually provide a safe and secure environment that is conducive to learning for all students, and we believe that it is the student's responsibility to help maintain that environment, and take responsibility for their own actions. The following is a list of the expectations for students, and is the behavioral standard that all Wauneta-Palisade Students will be held to at the appropriate level while in school, in school vehicles, or at any school related function:

The Wauneta-Palisade Six

1. Follow instructions and respect authority figures
2. Speak and communicate appropriately
3. Move throughout the school and classroom appropriately
4. Keep hands, feet, and objects to yourself
5. Be prepared
6. Be respectful to yourself and others

Attendance

Regular attendance in school is required by school law of Nebraska 79-201, which states that "a child is of mandatory attendance age if the child (a) will reach six years of age prior to January 1 of the then-current school year and (b) has not reached eighteen years of age." Excluding school related activities, students may not be absent from school or class more than eight days during a semester. Students participating in school related activities under the supervision of a school staff member are considered present.

The school administration and school board believe that the main responsibility for attendance lies with the student's parent/guardian. Parents/guardians are asked to cooperate with the school to keep the number of absences to a minimum. However, it is understandable that a student will be absent periodically due to circumstances beyond his/her control. It is the responsibility of the parent to notify the school by 9:00 a.m. MT on days when the student is absent due to illness.

Students in grades 9-12 who accumulate more than ten (10) absences in a course, regardless of whether the absences are excused or unexcused, during one semester shall have a reduction in credits received for the course. Credits will be reduced in each course using the following scale:

- 11-15 absences: Loss of one (1) Credit hour
- 16-20 absences: Loss of two (2) credit hours
- 21 or more absences: Loss of three (3) credit hours

The parent(s) or guardian(s) may appeal a credit reduction decision by giving the principal a written appeal request within ten (10) calendar days after notice of the credit reduction. The appeal request forms can be picked up in the office of either the Wauneta or Palisade Attendance Centers. The appeal will be decided by the Credit Appeal Committee which will consist of the Principal and two faculty members. The parents and student are responsible for showing justification for the absences.

Extended illness, injury, surgery, or other medical emergency supported by a doctor's statement will be recorded in the office. Typically, absences of this nature are excluded from the ten absence policy.

Excused Absences

The following types of absences may be excused, provided the required procedures have been followed.

1. Illness of the student
2. Serious illness or death in the immediate family
3. Medical or Dental attention
4. Absences approved in advance by the Principal
5. Court appearances that are required by a Court Order
6. College visits planned in advance and the school is notified by the parent at least one (1) day before the absence
7. Family trips in which the student accompanies parent(s)/guardian(s)

The Principal shall have the discretion to deny approval for any of the foregoing reasons, depending on circumstances such as the student's number of absences, the student's academic status, the tests or other projects which may be missed, and in the case of a family trip, whether the trip could be taken during non-school time and the educational nature of the trip.

School Activity Absences

Absences for participation in inter-school activities (sponsored by the school) will not count toward the maximum number of absences allowed. Make-up work for these types of activities is the responsibility of the student. Students who have planned absences (non-school related) need to have a student absence slip signed by their instructors before they leave. If they do not have this slip signed, the absence may be considered unexcused and the teacher may issue a zero grade for Work missed that day. It is the responsibility of the student to seek out these absence slips and get them turned back into the office or to their sponsors. The school secretary and/or Principal will make random calls to those absent. A note signed by the parent guardian must be sent with the student requesting an excused absence. Pre-excused absences may be obtained by the parent guardian by sending a note. Students with excused absences have one day for each day absent to make up work.

Unexcused Absences

In accordance with Nebraska School Law Section 79-201, the administration of the School shall determine if absences are excused or unexcused. Students will be considered absent and excused if they are absent without the consent of a parent (guardian) or if they are absent for a reason considered unacceptable by the Principal. Unexcused absences may result in the student owing time to be served or in-school Suspension. Students engaging in unexcused absences may be considered truant and be subjected to disciplinary consequences for truancy. Teachers will not be asked to take time to arrange make-up work for students who are absent for non-essential reasons. Any student who receives an unexcused absence or is suspended will be awarded a grade of zero in each class missed. However, if a student is suspended he/she will be allowed to make up all Work and tests missed.

Tardies

All students should be punctual in arriving at school and to classes. A student who is tardy to school should be accompanied by a written excuse or phone call. Any student tardy to School must report to the office. If a student is more than ten (10) minutes late he/she shall be judged absent for that class period. Any student 30 minutes or more late to school will be unable to practice or participate in extracurricular activities that night unless the absence is excused by the administration. Coaches may impose consequences for any student that was unable to practice due to late arrival to School.

- Students are allowed a sum of five tardies during a semester. For each tardy after this, the student will be assigned a detention.

Leaving school during the school day

No student is to leave school while school is in session without the permission of the administration. Permission will only be granted if the parents have made arrangements with the principal's office in advance, either by phone or written notice. All students who leave school must also sign out when leaving and sign in upon returning.

Suspension and Expulsion

The Principal may determine that it is necessary to exclude a pupil from classes. The decision to exclude is made after the Principal has investigated the facts, given the pupil oral or written notices of the charges against him/her, and provided an opportunity for the pupil to present his/her version of events.

The range of possible exclusions includes:

1. Short term suspension for a period of time up to five (5) school days.
2. Emergency exclusion for a period of time as long as the student's presence in the school presents a danger to himself/herself or others.
3. Long term suspension is for a period of time exceeding five (5) school days but less than twenty (20) School days.
4. Expulsion is for a period of time not to exceed the remainder of the semester in which the expulsion took effect.

A pupil cannot attend School, any School function, or be on School property during the duration of a suspension, exclusion, or expulsion until receiving permission from the administration.

- I. The following may constitute grounds for short-term suspension, long-term suspension, or expulsion.
 - 1) Use of violence, force coercion, threat, intimidation, or similar conduct in a manner that constitutes a substantial interference with school purposes
 - 2) Willfully causing or attempting to cause substantial damage to private or school property, stealing or attempting to steal private or school property of substantial value, or repeated damage or theft involving private or school property of small Value
 - 3) Causing or attempting to cause physical injury to a school employee or to any student. Physical injury caused by accident, self-defense, or other action undertaken on the reasonable belief that it was necessary to protect some other person shall not constitute a violation of this subdivision
 - 4) Threatening or intimidating any student for the purpose of, or with the intent of, obtaining money or anything of value from each student
 - 5) Knowingly possessing, handling, or transmitting any object or material that is ordinarily or generally considered a weapon
 - 6) Engaging in the unlawful possession, Selling, dispensing, or use of a controlled substance, tobacco or alcoholic liquor
 - 7) Public indecency, except that this Subdivision shall apply only to students at least twelve years of age but less than nineteen years of age
 - 8) Engaging in any other activity forbidden by the laws of the State of Nebraska which activity constitutes a danger to other students or interfered with School purposes
 - 9) Repeated or flagrant violation of rules and regulations. This includes persistent failure to comply with directions of teachers and/or other School personnel, and/or rules of teachers, and/or rules of other school personnel.

II. Administrative and teaching personnel may take actions regarding student behavior, which are reasonably necessary to aid the student, further School purposes, or prevent interference with the educational process. Such actions may include counseling of students, parent conferences, rearrangement of Schedules, requirements that a student receive counseling, or restricting participation in extracurricular activities. Should a teacher need to utilize greater means to influence student attitude and conduct, he/she may assign a detention to be served before school, after school, or during lunch.

III. Before long-term suspension or expulsion is invoked, the pupil may, upon request, have a hearing on the specific charges. Pupils are advised of this right When a Principal decides to recommend one of the above actions. If a hearing is not requested within five (5) school days the recommendation will go into effect.

IV. Students who are suspended will receive a zero in each class missed. However, if a student is suspended he/she will be allowed to make up all Work and tests missed.

School Dress Policy

In the matter of student dress it is policy that the student body of Wauneta/Palisade should maintain a conservative dignity in the student's apparel. Students will be asked to change any clothing considered to be disruptive to the learning environment. The purpose of a conservative dress policy is to encourage students to place values, not on superficial standards such as dress or popularity, but rather upon the lasting and proven standards of character, intellect, ability, and dignity and to encourage young men and women to seek attention and peer approval by excellence in such substantial traits as academic achievement rather than odd regalia. The administration will determine what constitutes appropriate attire. The general policy for both boys and girls is as follows:

1. No odd regalia shall be allowed that detracts from the educational process, nor any type of clothing that is not deemed to be conducive to a good school environment. Shirts/blouses must cover the torso all the way to the waistline. Any sleeveless shirt must have shoulder straps at least three inches in width and tight fitting under the arms. Shirts that have been altered by cutting off the sleeves are not allowed outside of physical education classes. Undergarments should not be exposed.
2. Dress for School, and school sponsored activities must be appropriate and in good taste for the occasion.
3. Hats and sunglasses will be off while in the school building.
4. Shorts and skirts should be, at minimum, mid-thigh length.
5. Clothing with excessive holes is considered inappropriate.
6. Beer, Profanity, or other logos printed on clothing, that are not conducive to a good school environment are not allowed.
7. No gang related attire will be worn on school premises, or to any school sponsored activities.

Electronic Devices

Philosophy and Purpose- Wauneta-Palisade Public School believes that computers and all related technologies are educational tools that can be used to enhance the educational opportunities provided to our students. Access to school computers, tablets, chromebooks, internet, e-mail, and use of personal electronic devices on school grounds is a privilege and not a right. Individuals are responsible for their actions and communications when using computers and related technologies. In order to maintain a secure and orderly learning environment, and to promote respect and courtesy regarding the use of electronic devices, the district hereby establishes the following rules and regulations governing student use of electronic devices, and procedures to address student misuse of electronic devices.

Definition- "Electronic devices," include, but are not limited to, cell phones, smart phones, mp3 players, iPods, iPads, tablets, chromebooks, personal digital assistants (PDAs), compact disc players, portable game consoles, cameras, digital scanners, laptop computers, and or electronic or battery powered instruments which transmit voice, text, or data from one person to another.

1. Electronic devices are not to be used during school hours (7:50 - 3:06 MT). **Exception:** Students may appropriately use electronic devices in between classes and during their lunch hour in the hallways by the student lockers, gym lobby, or on the grounds outside of the building. Electronic devices may be used during class time when specifically approved by the teacher or a school administrator in conjunction with appropriate and authorized class or school activities or events (i.e., student use of a camera during a photography class; student use of a laptop computer for a class presentation).
2. Wauneta-Palisade electronic equipment shall be treated like school lockers for students. No reasonable expectation of privacy exists in relation to equipment use. Network administrators may review files, information equipment, and e-mail of staff and students to maintain system integrity and ensure users are acting responsibly. Users should not expect that any information stored or used on the network, servers, or in computers/ipads, would be private.
3. Students may use electronic devices during class time when authorized pursuant to an Individual Education Plan (IEP), a Section 504 Accommodation Plan, or a Health Care Plan.
4. Students shall not use electronic devices at any time or place for: (a) activities which disrupt the educational environment; (b) illegal activities in violation of state or federal laws or regulations; (c) unethical activities, such as cheating on assignments or tests; (d) immoral or pornographic activities; (e) activities in violation of Board or school policies and procedures relating to student conduct and harassment, or (f) activities which invade the privacy of others or (g) pictures used to intimidate, embarrass, or harass any staff member or student.
5. Electronic devices used in violation of school policy may be confiscated by school personnel and returned to the student or parent guardian at an appropriate time.
6. All violations and disciplinary action imposed will be in accord with administrative discretion and interpretation. Students are permitted to possess and use electronic devices before and after school hours provided that they do not commit any of the abuses listed above. The administration has the discretion to limit use of electronic devices on school grounds or activities, both home and away, if abuse occurs.

Lockers

No type of permanent markings, decals, or stickers will be allowed on lockers, with the exception of pre-activity spirit signs. The Wauneta/Palisade Public School cohabitates lockers with students and the lockers remain in the ownership of the school system. Periodic locker inspections can be held at the administrator's discretion. Valuables such as money, cell phones, calculators, etc. should not be left in hall lockers or gym lockers. The Wauneta-Palisade Schools will not be responsible for lost, stolen or misplaced money. Because lockers are the property of Wauneta-Palisade Schools, only school issued padlocks are allowed on the lockers. An exception may be granted if a student using his or her own padlock with a key provides a copy of the key to the office. Combination padlocks are available in the office for checkout.

Attendance and Grade Reports

Attendance and grade reports to parents will be made on a nine-Week basis. Office records of pupil marks should be placed on report cards within three school days after the end of the grading period. Report cards will be handed out on Friday following the nine-Week period or as near as possible a week after the end of the period.

Incompletes may be given at the end of a quarterly grading period. Students will have two weeks to complete the required work. The decision to issue an incomplete grade is done at teacher discretion in consultation with administration.

Honor Students

The valedictorian and the salutatorian of each graduating class are to be selected on the basis of scholastic grade averages. To determine the Valedictorian and salutatorian students, averages will be obtained by using the minimum divisor of subjects taken among Contenders for class honors. (For example if "A" has sixteen subjects and "B" has twenty, "B" Will be allowed to disregard four of his lowest grades in order to equalize the averages and recognize student initiative.) Contenders must have completed all of their junior and senior year within the Wauneta/Palisade school system. Students who take core college classes over the DLC have the option of including those classes into their GPA and can be counted toward honors. Class standings will be averaged on high school grades for all eight semesters and are to be calculated on the following point system:

A+/A =	4.0	C =	2.0
A- =	3.7	C- =	1.7
B+ =	3.3	D+ =	1.3
B =	3.0	D =	1.0
B- =	2.7	D- =	1.0
C+ =	2.3	F =	0.0

Honor points will be totaled and divided by the number of grades to establish an honor point average that will then become the basis for ranking Students in the class.

Any and all honors are given with the recommendation, consent and approval of the High School Faculty. In the event of a tie, equal honors will be given, Students earning a grade point average of 3.50 or higher Will be recognized as being graduated With "High Distinction".

National Honor Society

The Frenchman Valley Chapter of the National Honor Society is an organization intended to allow faculty members to bestow honors on those students who have the highest achievements in four areas: scholarship, character, leadership, and service. The Society will adhere to the following selection procedures.

1. In early spring, letters are sent to all students in grades 10-11 with a 3.0 cumulative GPA, inviting them to join the NHS. Application forms and an explanation of the process are included with this letter.
2. Once the application deadline has passed, the advisor creates a list of students who have returned membership application forms. This list is given to faculty and administration that are asked to rate those students in each of four categories (scholarship, character, leadership, and service) on a scale of 1 to 5.
3. The advisor compiles the individual survey results and offers them, along with the completed application forms, to the faculty council for review.
4. The faculty Council, which will consist of 5 teachers who are to remain anonymous, votes independently by selecting any of the potential candidates they feel are worthy of membership in the NHS.
5. The advisor collects the votes of the Council. Any student receiving a majority vote (3 out of 5) is elected into the Society. There will be no quota or predetermined number of inductees in any given year.
6. Students who are in the society may be dismissed following due process for violating their oath of membership. The faculty disciplinary committee may gather evidence from a variety of sources including testimony, law enforcement citations and other documentation to decide what disciplinary action to take against a member. The faculty disciplinary Committee makes the final decision on disciplinary cases. There is no appeals process.

Academic Honor Roll Policy

- High Honor Roll—A student achieves "High Honor Roll" for the grading period if he/she has a GPA of 4.0 over all classes for the grading period in question.
- Honor Roll—A student achieves "Honor Roll" for the grading period if he/she has a GPA in the range of 3.50-3.99 over all classes for the grading period in question.
- Honor Roll and High Honor Roll are figured for quarterly and semesterly grading periods.

The seniors have a prerogative to select the speaker with the approval of the sponsor(s) and administration and select the music, again with approval of the sponsor(s) and administration. Student participation in commencement ceremonies is optional. The school will pay the fee for a ceremonial diploma package for students who have chosen to successfully go through the commencement proceedings, and these students will be released from school immediately after the ceremony. Any student choosing not to successfully go through commencement proceedings, but still wishing to receive the ceremonial diploma package, will be charged a fee. If the student does not serve the detention for any non-medical reason, he/she may have to serve two detentions. If both detentions are not served, the student will be suspended. Absences for School sporting events are NOT acceptable reasons for missing detentions. Work Release Option

Wauneta-Palisade Schools offers a work release option to high school juniors and seniors who qualify. The coordinator and administration will set the times that participants in the program will be gone from school to work at a job, but students will generally be excused the last two periods of the day for this activity. Disciplinary Actions:

1. If weekly worksheets are not turned in, they will be placed on the down list just like a student in a traditional class, and students will be subject to disciplinary action based upon that system.
2. Participants may be subject to return to regular classes for the remainder of the semester just as though they were a transfer student coming into the system for the following reasons:

Some important factors to investigate early are:
 - Course Offerings
 - Entrance Requirements

If you are planning on going to a four year college or a university, you will have to take either the ACT or the SAT. To determine which test you should take, check the current catalogue of the school of your choice (available in the guidance office). Registration packets for these tests can be picked up in the counselor's office. Specific test dates for the SAT and ACT are posted in the guidance office. - Specific test dates, times and places for the MAP Growth and NSCAS tests will be announced. Any other standardized testing administered through the guidance department will be done on an individual and Volunteer basis. (Example - interest, personality testing.)

Sexual Harassment

Sexual harassment is prohibited. Sexual harassment is defined as creating a hostile environment through behaviors, displays, or language that:

1. Are unwelcome. Legally, unwelcome behavior does not mean merely upsetting or offensive acts. This refers to a pattern of behavior that makes someone feel dread, fear, anxiety, concern or sadness. This behavior may be considered sexual harassment, even after the offensive behavior stops.
2. Are pervasive. Pervasive means that offensive behavior is happening more than once--that a pattern is developing. This would include repeated comments that are sexually offensive in nature.
3. Are related to gender.
4. Substantially interferes with a student's educational Opportunity.

Dating Violence (School Board Policy Number 5420)

Wauneta-Palisade Public Schools strives to provide physically safe and emotionally secure environments for all students and staff. Positive behaviors are encouraged in the educational program and are required of all students and staff. Dating Violence will not be tolerated.

For purposes of this policy, "dating Violence" means a pattern of behavior where one person uses threats of, or actually uses, physical, sexual, verbal, or emotional abuse to control his or her dating partner. "Dating partner" means any person, regardless of gender, involved in an intimate relationship with another person primarily characterized by the expectation of affectionate involvement whether casual, serious, or long term. Incidents of dating violence involving students at school will be addressed as the administration determines appropriate, within the scope and subject to the limits of the district's authority.

Dating Violence education that is age-appropriate will be incorporated into the school program. Dating violence education will include, but not be limited to defining dating violence, recognizing dating violence warning signs, and identifying characteristics of healthy dating relationships.

Concussion Policy

Medical management of sports-related concussion continues to evolve. Recently, there has been a significant amount of new research regarding sports-related concussions in high school athletes. Wauneta-Palisade School District has established this protocol to provide education about concussion for coaches, school personnel, parents, and athletes. This protocol outlines procedures for staff to follow in managing concussions, and outlines school policy as it pertains to return to learn and return to play issues following a concussion.

Wauneta-Palisade School District seeks to provide a safe return to activity for all athletes following any injury, but particularly after a concussion. In order to effectively and consistently manage these injuries, procedures have been developed to aid in ensuring that concussed athletes are identified, treated and referred appropriately, receive appropriate care during the school day (including academic accommodations) and are fully recovered prior to returning to activity.

This protocol shall be reviewed annually by the administration and concussion management team of Wauneta-Palisade School District. The concussion management team will consist of the athletic director, the school nurse, the guidance counselor, and the return to learn liaison (when appropriate). Any changes or modifications will be reviewed and given to athletic department staff, including coaches and other appropriate school personnel in writing.

Baseline Testing

All students will take the ImPact (Immediate Post-Concussion Assessment and Cognitive Testing) Baseline concussion test prior to participating in any school related practice or contest. This test will assist in the decision of a licensed health care professional in determining when a concussed athlete will be allowed to return to activity.

Recognition of Concussion

Common signs and symptoms of sports-related concussion

Signs (observed by others):

- Athlete appears dazed or stunned
- Confusion
- Forgets plays
- Unsure about game, score, opponent
- Moves clumsily (altered coordination)

Signs continued::

- Balance problems
- Personality change
- Responds slowly to questions
- Forgets events prior to hit
- Forgets events after the hit
- Loss of consciousness (any duration)

Symptoms (reported by the athlete):

- Headache
- Fatigue
- Nausea or vomiting
- Double vision, blurry vision
- Sensitive to light or noise
- Feels sluggish
- Feels foggy
- Problems concentrating
- Problems remembering

These signs and symptoms following a suspected blow to the head or body are indicative of probable concussion. Any athlete who exhibits signs, symptoms, or behaviors consistent with a concussion (such as loss of consciousness, headache, dizziness, confusion, or balance problems) shall be immediately removed from the contest or practice for the remainder of that day and shall not return to play until cleared by an appropriate health care professional.

Management and Referral Guidelines for All Staff

1. The following situations indicate a medical emergency and require activation of the Emergency Medical System:

- Any athlete with a witnessed loss of consciousness (LOC) on any duration should be spine boarded and transported immediately to nearest emergency department via emergency vehicle
- Any athlete who has symptoms of a concussion, and who is not stable (i.e., condition is worsening), is to be transported immediately to the nearest emergency department via emergency vehicle
- Any athlete who exhibits any of the following symptoms should be transported immediately to the nearest emergency department, via emergency vehicle
 - o Deterioration of neurological function
 - o Decreasing level of consciousness
 - o Decrease or irregularity in respirations
 - o Any signs of symptoms of associated injuries, spine or skull fracture, or bleeding
 - o Mental status changes: lethargy, difficulty maintaining arousal, confusion or agitation
 - o Seizure activity

2. An athlete who is symptomatic but stable, may be transported by his or her parents. The parents should be advised to contact the athlete's primary care provider, or seek care at the nearest emergency department, on the day of the injury.

Guidelines and Procedures for Coaches

RECOGNIZE – REMOVE – REFER

Recognize concussion

1. All coaches should become familiar with the signs and symptoms of concussion that are described above
2. Annual training will occur for coaches of every sport

Remove from activity

Any athlete who exhibits signs, symptoms, or behaviors consistent with a concussion (such as loss of consciousness, headache, dizziness, confusion, or balance problems) shall be immediately removed from the contest and shall not return to play until cleared by an appropriate health care professional.

When in Doubt, sit 'em out

Refer the athlete for medical evaluation

1. The coach is responsible for notifying the athlete's parents of the injury.
 - a. Contact the parents to inform them of the injury. Depending on the injury, either an emergency vehicle will transport or parents will pick the athlete up at the event for transport.

 - b. A medical evaluation and written authorization from an appropriate licensed healthcare provider (i.e. MD, DO, PA-C, APRN, neuropsychologist, athletic trainer), and written authorization from a parent must be provided prior to beginning the "Return to Play" process.
2. In the event that an athlete's parents cannot be reached, and the athlete is able to be sent home (rather than directly to MD):
 - The coach should insure that the athlete will be with a responsible individual, who is capable of monitoring the athlete and understanding the home care instructions, before allowing the athlete to go home.
 - The coach should continue efforts to reach a parent.
 - If there is any question about the status of the athlete, or if the athlete is not able to be monitored appropriately, the athlete should be referred to an Emergency Department for evaluation. A coach should accompany the athlete and remain with the athlete until a parent arrives.

Athletes with suspected head injuries should not be permitted to drive home.

3. Coaches should seek assistance from the host site certified athletic trainer (ATC) if available.

Follow-Up Care of the Athlete During the School Day

Responsibilities of the concussion management team after notification of student's concussion:

1. The athlete will be instructed to report to a member of the concussion management team upon his or her return to school. At that point the student will be:
 - Re-evaluated utilizing a graded symptom checklist
 - Provided with an individualized "Return to Learn" and in school care plan based on both the athlete's current condition, and initial injury information provided by the parent.
2. Notify the student's teachers of the injury immediately, and inform them that the athlete is restricted from all physical activity until cleared by his or her treating physician.
3. Monitor the athlete on a regular basis during the school day and continue to make appropriate accommodations in the athlete's "Return to Learn" plan.
4. Communicate with the athlete, the athlete's parents, teachers, and coaches on a regular basis, to provide the most effective care for the student.

Combined District and School Title I Parent and Family Engagement Policy

Wauneta-Palisade intends to follow the Title I Parent and Family Engagement Policy guidelines in accordance with federal law, *Section 1116(a -f) ESSA, (Every Student Succeeds Act) of 2015.*

In General

The written District parent and family engagement policy has been developed jointly with, updated periodically and distributed to parents and family members of participating children and the local community in an understandable and uniform format. This policy agreed on by such parents describes the means for carrying out the requirements as listed below.

- Parents and family members of all students are welcomed and encouraged to become involved with their child's school and education; this includes parents and family members that have limited English proficiency, limited literacy, are economically disadvantaged, have disabilities, racial or ethnic minority background or are migratory children. Information related to school and parent programs, meetings, school reports and other activities are sent to the parents of participating children in a format, and to the extent practicable, in a language the parents can understand.
- Parents are involved in the planning, review, evaluation and improvement of the Title I program, Parent and Family Engagement Policy and the School-Parent Compact at an annual parent meeting scheduled at a convenient time. This would include the planning and implementation of effective parent and family involvement activities.
- Conduct, with meaningful parent and family involvement, an annual evaluation of the content and effectiveness of the Parent and Family Engagement Policy. Use the evaluation findings to design evidence-based strategies for more effective parental involvement, and to revise the Parent and Family Engagement Policy.
- Opportunities are provided for parents and family members to participate in decisions related to the education of their child/children. The school and local educational agency shall provide other reasonable support for parental involvement activities.
- Parents of participating children will be provided timely information about programs under this part, a description and explanation of the curriculum in use, the forms of academic assessment used to measure student progress and the achievement levels of the challenging State academic standards. The school will provide assistance, opportunities, and/or materials and training to help parents work with their children to improve their children's academic achievement in a format, and when feasible, in a language the parents and family members can understand.
- Educate teachers, specialized instructional support personnel, principals, and other school leaders, with the assistance of parents in the value and utility of contributions of parents, how to reach out to, communicate with and work with parents as equal partners.
- Coordinate and integrate parental involvement programs and activities with other Federal, State and local programs, including preschool programs that encourage and support parents in more fully participating in the education of their children.

It is the policy of the Nebraska Department of Education not to discriminate on the basis of gender, disability, race, color, religion, marital status, age, national origin or genetic information in its education programs, administration, policies, employment or other agency programs.
