Shelby/Rising City Public Schools

Return to School Plan 2020-21

Shelby/Rising City Public Schools intends to be prepared to meet the health and safety needs of its students and staff during the 2020-21 school year, in light of the COVID-19 pandemic. This framework is structured to allow the district to be responsive to the current health climate and to articulate expectations for students, staff, and parents, amid changing school and community health conditions. The tiered structure of this framework coincides with the “Risk Dial for COVID-19” from the Four Corners Health Department. This framework may be adjusted, as needed, to meet the needs of students, staff, and parents of Shelby/Rising City Public Schools.

SHELBY/RISING CITY PUBLIC SCHOOLS Mission Statement:

The Mission of Shelby/Rising City Public Schools is to provide a quality education through innovation, integrity, accountability and service.

Risk Dial Zones

Description & Rationale for Use of Risk Dial Zones:

Four Corners Health Department provides a Covid-19 “Risk Dial” for the geographic area it serves, which informs the public about the level of COVID-19 virus in its service area. This “risk dial” will serve as a barometer for the school’s operational response to the virus. The school will use the “risk dial” in conjunction with the school’s monitoring of the virus activity within the school to determine which “risk dial operational zone” the school will operate in. The current “risk dial operational zone” will be clearly communicated to students, staff, and parents through the school’s website and through the school’s messaging system, along with specific guidance based on the current operational zone. By fostering collaboration between the Four Corners Health Department and the school’s nurse to closely monitor current health conditions relevant to the COVID-19 virus, the administration will be able to assess the safest and most non-restrictive educational environment for students, staff, and parents at Shelby/Rising City Public Schools.

Potential Scenarios & Responses to Elevated Risk Levels

1 or more *confirmed case(s)* if COVID-19 in the school of a student or staff member.

- The school will immediately consult with the health department for guidance on operational procedures.
- A more restrictive learning environment will be implemented, which *may* include elevating the “risk dial operational zone,” short-term or long-term school closure.
- The school district will communicate the situation with students, staff, and parents through the school’s messaging system.
- The school nurse will provide guidance to the administration on both the closure and reopening of the school, if the school is closed.
- The sanitization plan will be executed by the head of maintenance to sanitize and disinfect the school.
- The school will immediately implement a remote learning plan for all grades PK-12, if the building is closed for a short-term or long-term school closure.

Visitor who has entered our building and has a <i>confirmed case</i> of COVID-19.	<ul style="list-style-type: none"> • District officials will confer with the health department to determine whether a closure of the building is necessary. • The school district will communicate the situation with students, staff, and parents through the school’s messaging system. • A more restrictive environment (elevated risk dial operational zone) could be implemented or the building could be closed to allow for cleaning. The length of the closure will be determined through consultation with the Four Corners Health Department, the head of maintenance, the school nurse, and the superintendent to ensure a safe re-entry to the school for students and for staff. • The school nurse will provide guidance to the administration for building both school closure and reopening. • The sanitization plan will be executed by the head of maintenance to “deep clean” and sanitize the building. • If the school is closed, the school will execute an immediate remote learning plan or modified attendance schedule. • Reopening communications will be provided to parents, students, and staff through the school’s messaging system.
Student or staff member has fever of 100.4 or greater.	<ul style="list-style-type: none"> • Student or staff will immediately be sent to the school nurse for a temperature check and symptoms screening. • Nurse will wear appropriate PPE. • The student or staff member will be required to go home and be fever free for 72 hours without medication before returning to school. • Student will be immediately asked to wear a mask to reduce the threat of transmission to others. • Parents of students will be contacted and informed of the student’s symptoms and be asked to pick up their child. • Student will remain in quarantine at the school, until the parents arrive to pick them up. • Students sent home will engage in remote learning with the teacher during their absence. • Teachers will teach remotely, if able and willing to do so. If they are not able or willing to do so, a substitute will be placed in the classroom. • Students and staff who have been sent home with a fever may return to school before the 72-hour period if they have a “return to school” note from their physician.
Student or staff member is displaying COVID-like or flu-like symptoms	<ul style="list-style-type: none"> • Student or staff will immediately be sent to the school nurse for a temperature check and symptoms screening. • Nurse will wear appropriate PPE. • Student will be immediately asked to wear a mask to reduce the threat of transmission to others. • Parents of students will be contacted and informed of the student’s symptoms and be asked to pick up their child. • Student will remain in quarantine at the school, until the parents arrive to pick them up. • Students sent home will engage in remote learning with the teacher during their absence. • Parents are asked to voluntarily keep their student home for 72-hours and communicate symptoms to the school for monitoring purposes. • Students may return to school, after they are free of symptoms.

- Staff members are asked to voluntarily stay home until symptoms subside.
- Students and staff are asked to voluntarily seek the advice of a medical professional and provide a “return to school” or “return to work” note from a medical professional.

TERMS DEFINED for Potential Scenarios & Elevated Risk Levels

“Confirmed Case”	When the individual has had a positive test for COVID-19 conducted by a medical professional.	<ul style="list-style-type: none"> • Resources for Confirmation-Medical professionals performing COVID-19 testing & Four Corners Health Department.
“Confirmed Exposure”	When the individual’s exposure has been validated by contact tracing performed by the medical community.	<ul style="list-style-type: none"> • Resources for Confirmation-Medical professionals, contact tracers, and Four Corners Health Department.
“Short Term Closure”	School building closed for up to 1-5 school days	<ul style="list-style-type: none"> • Remote learning will be used by teachers and students.
“Extended Building Closure”	School building closed for 6 school days or more	<ul style="list-style-type: none"> • Remote learning will be used by teachers and students.

Risk Level Operational Zone	Description of Response Strategy	Action & Rationale
LOW/ MODERATE	School is in session on campus for students and staff beginning in August as planned.	<ul style="list-style-type: none"> • School and school activities resume as normal, with only moderate medical precautions in place at the school to prevent the spread of the virus.
MODERATE/ ELEVATED	Alter the School Calendar	<ul style="list-style-type: none"> • Calendar adjustments to the beginning and ending of the school year, vacation days, and professional development days can be altered as needed to meet instructional requirements for students in NDE Rule 10 to ensure students receive enough instructional time. Adjusting the calendar during the year in response to short-term or long-term closures caused by the COVID-19 virus is a strong option, provided the number of instructional days lost due to school closure isn’t too large. This strategy could be effectively used for a limited number (3 long term closures or 15 school days) or less of school closure.
ELEVATED	Short-Term Closure	<ul style="list-style-type: none"> • When a student or staff member who has been on campus tests positive for COVID-19, a short-term closure (1-5 days) would be used to contact trace, deep clean, and ensure the necessary exclusion of students and staff from campus for up to 14 days or as directed by public health officials.
ELEVATED	Traditional School with Friday as a Remote Learning Day Or “A/B Schedule” With Group A Attending in Person on Monday/Wednesday, Group B Attending on Tuesday/Thursday, & Groups A&B Learning Remotely on Friday	<p>These plans could be created in the event that we have directed health measures that require social distancing in classrooms or limiting the number of students in a classroom. The plan that would be chosen would be based on the guidance provided in the district health measure.</p>
PANDEMIC	Remote Learning	<ul style="list-style-type: none"> • Teachers will teach remotely and students will learn remotely. Students and staff will not be allowed on campus for learning or activities.

Exposure Determination (By Four Corners Health)

- Was the exposed individual wearing a face mask/shield? If yes, low risk of exposure
- Was the individual who tested positive wearing a mask/shield? If yes, low risk of exposure
- Was the individual within 6' of the exposure for 15 minutes or more regardless if the individual who tested positive wore a face shield? If no, low risk of exposure

2020–2021 SCHOOL RE-OPENING RESOLUTION

WHEREAS, the school district was closed during a portion of the 2019–2020 school year based on the statewide outbreak of COVID-19; and

WHEREAS, the President and the Governor have declared a state of emergency; and

WHEREAS, the State of Nebraska and Four Corners Health Department have issued various directed health measures in response to the novel coronavirus and the COVID-19 pandemic; and

WHEREAS, the directed health measures currently in place allow the school facilities to be reopened to in-person student attendance; and

WHEREAS, the Board of Education wishes to support student learning while taking reasonable precautions to keep students, staff, and administrators safe; and

WHEREAS, the school district is also completing reopening plans with contingencies for changes in circumstances, but for the time being, the Board of Education believes it is important to address these critical issues to assist the administration in preparing for plans when school resumes;

NOW, THEREFORE, be it resolved that the Board of Education has determined as follows:

Site for Instruction

Student instruction will occur in-person in the classroom unless otherwise required by law. All students who are enrolled in the school district must attend school on all days when school is open for in-person instruction unless the student's illness makes attendance impossible or impractical or is otherwise excused by board policy.

Masks

All district teachers, staff, employees, and volunteers:

Will not be required to wear face coverings when the Risk Dial is in the "Green or Yellow" category, but are strongly encouraged to do so. They will be required to wear face coverings when the Risk Dial is in the "Orange or Red" category.

All students

Will be strongly encouraged to wear face coverings at all times when the Risk Dial is in the "Green or Yellow" category, unless one of the following exception applies:

- o The student has a disability and a reasonable accommodation excuses the student from wearing a mask for some or all of the school day;
- o The student's Individualized Education Program (IEP) team has determined that wearing a mask for some or all of the school day would interfere with the student's ability to receive a free, appropriate public education and that determination is documented in the student's IEP;
- o The student's Section 504 committee has determined that wearing a mask for some or all of the school day would interfere with the student's ability to receive a free, appropriate public education and that determination is documented in the student's Section 504 Plan; OR
- o Another legally valid reason exists to excuse the student from the face covering requirement and such reason has been approved in writing by the building Principal.

Must wear face coverings at all times when the Risk Dial is in the "Orange" category.

Must wear face coverings while riding district transportation vehicles for transport to and from school or to and from a school sponsored activity and is not able to stay at least 6 feet from another person.

Leave / Staff Attendance

Employees will be permitted to take leave (paid or otherwise) provided by the terms of employment (staff contract, negotiated agreement, etc.) and as provided by law (e.g., ADA, FMLA, FFCRA, etc.).

The superintendent is authorized to take all reasonable and necessary action to implement this resolution without further action of the Board.

If there is any conflict between this resolution and any provision of Board policy or of staff or student handbooks, the terms in this resolution shall control.

NOW, THEREFORE, be it finally resolved that this resolution will expire upon the sooner of action taken by the Board to rescind it or the expiration of the 2020-2021 school year.

Approved by the Board on August 3, 2020.

Board President
