## STUDENT FEES

The board realizes some activities may require additional expenditures which are properly to be borne by students as a separate charge. Such charges may be waived as specified below depending upon the student's eligibility for the free and reduced-price lunch program. No fees, specialized or nonspecialized attire or equipment shall be required of students outside this policy. This policy does not apply to tuition payments by nonresident students.

For the purposes of this policy, the following definitions shall apply:

1. Extracurricular activities means student activities or organizations which are supervised or administered by the school district, which do not count toward graduation or advancement between grades, and in which participation is not otherwise required by the school district;
2. Postsecondary education costs means tuition and other fees associated with obtaining credit from a postsecondary educational institution.

The district may charge student fees or require students to provide specialized equipment or attire in the following areas:

1. Participation in extracurricular activities, including extracurricular music courses;
2. Admission fees and transportation charges for spectators attending extracurricular activities;
3. Postsecondary education costs, limited to tuition and fees associated with obtaining credits from the postsecondary institution;
4. Transportation fees for option students not qualifying for free lunches and nonresident students as allowed by state statute;
5. Copies of student files or records as allowed by state statute;
6. Reimbursement to the district for property lost or damaged by the student;
7. Before-and-after-school or prekindergarten services in accordance with state statute;
8. Summer school or night school; and
9. Breakfast and lunch programs.

The district may also require students to furnish musical instruments for participation in optional music courses that are not extracurricular activities. Students qualifying for free or reduced-price lunches shall be provided with a musical instrument of the school's choice.

Waivers shall be provided to students who qualify for free or reduced-price lunches for fees, specialized equipment and specialized attire required for participation in extracurricular activities.

The superintendent shall establish a Student Fee Fund and ensure that funds collected as

## MULTICULTURAL EDUCATION

In compliance with 79-4230 R.R.S. 1943, 92 NAC 16, and 79-213 R.R.S., the district will comply with such legal authority by way of the following policy:

1. Statement of the philosophy or mission of the District Multicultural Education Program.

It is the philosophy of the District as well as the mission of the District to provide learning experiences for students to obtain knowledge about and respect for the diversity and commonalities of the cultures, histories, and contributions of African Americans, Hispanic Americans, Native Americans, and Asian Americans and to adequately stress the contributions of all ethnic groups.

2. Development of District program goals.

It shall be the duty of the Superintendent or his or her designee to develop program goals reflecting multicultural education at the local level. Generally such goals shall include, but not be limited to, infusing into all subject areas of the core curriculum in grades K-12, appropriate informational items and activities which will provide learning experiences for students in accordance with the statement of philosophy and mission of the District's Multicultural Education Program Policy.

It shall further be the policy of the District to include informational items in the core curriculum when educationally appropriate and when such inclusion would not cause inappropriate deviation from the particular discipline being taught, studies relative to the culture, history, and contributions of African Americans, Hispanic Americans, Native Americans, Asian Americans, and all ethnic groups. Such inclusion shall place special emphasis on human relations and sensitivity toward all races as it relates to language arts, social science, science, mathematics, vocational education, foreign language, visual and performing arts, and personal health and physical fitness.

It shall further be the policy of the board to direct the administrator to use such methodologies and personnel as the administrator or his designee deems appropriate to develop a District program at the local level with due regard for the need to present knowledge about cultures, histories, and contributions of African Americans, Hispanic Americans, Native Americans, Asian Americans, and all ethnic groups to the local District as well as to the State of Nebraska and the various disciplines of the core curriculum.

The Superintendent shall annually present evidence to the Board of Education that the District is teaching multicultural education as provided by this policy. The

## PARENTAL AND FAMILY INVOLVEMENT IN THE SCHOOLS

It is the policy of the district to provide full access to the parent and family members of any student of the district to review textbooks, tests, curriculum and instructional materials, records of a student of any such parent, unless otherwise prohibited by law, and to any surveys of students done by the school district. Summary information regarding the district's curriculum, testing, and surveys will be provided at the beginning of each school year. Requests for access to specific instructional materials should be addressed to the teacher or building principal.

Requests by parents and family members to attend and monitor courses, assemblies, counseling sessions and other instructional activities shall also be made to the building principal or teacher. While requests to monitor are usually granted, if the request is denied, reasons for the denial will be provided.

It is the policy of the district to provide as consistent an experience as possible in all classroom instruction, testing, surveys, and other school experiences. It is the policy of the district not to excuse students from classroom instruction, testing, and other school experiences unless an objection is submitted to the building principal or teacher outlining the specific experience, the basis for the objection and a proposed solution for dealing with the objection that would be satisfactory to the parent and family members.

The request for the student to be excused will be reviewed by the building principal and a decision provided to the parents and family members. While verbal objections and decisions are valid, written follow-up to verbal communications is required from the parent and family members, and the principal. If a student is excused from the requested activity no penalty will be assessed but an agreed upon alternative activity must be performed to the satisfaction of the teacher and principal.

It is the policy of the district to use only testing methods and testing instruments that are not of an experimental nature and to avoid using any testing materials or testing techniques that are not generally recognized by educational professionals to be within sound educational standards and both educationally and academically appropriate. It is the policy of the district to notify parents and family members of any standardized testing that may be scheduled within the school district.

It is the policy of the district to notify parents and family members of any survey which may be scheduled and to conduct student surveys judiciously, with full consideration of the fact that parents and family members may find items of the survey objectionable.

The following activities will also be included in the board's plan for parental and family involvement:

1. The board will involve parents and family members in the development of the Title I plan, the process for school review of the plan and the process for improvement;

Approved \_\_\_\_\_ Reviewed \_\_\_\_\_ Revised \_\_\_\_\_

2. The board will provide the coordination, technical assistance and other support necessary to assist participating schools in planning and implementing effective parental and family involvement activities to improve student academic achievement and school performance;
3. The board will build the schools' and parents' and family members' capacity for strong parental and family involvement;
4. The board will coordinate and integrate parental and family involvement strategies under Title I with other programs such as Head Start, Reading First, etc.;
5. The board will conduct with the involvement of parents and family members, an annual evaluation of the content and effectiveness of the parental and family involvement policy in improving the academic quality of the school served including identifying barriers to greater participation by parents and family members in Title I activities (with particular attention to parents and families who have low income, Limited English Proficient (LEP), minorities, disabilities and low literacy) and use the findings of the evaluation to design strategies for more effective parental and family involvement and to revise, as necessary, the parental and family involvement policies; and
6. The board will involve parents and family members in Title I activities.

The parent and family members or guardian of a student may have access to that student's records during normal business hours of the district according to Policy 507.01 Student Records Access.

This policy is adopted following a public hearing to receive public comments and suggestions.

## **Return-to-work program**

Shelby-Rising City School supports the practice of bringing injured employees back to work, as soon as they are medically able, to a position in our organization compatible with any physical restrictions they may have. We believe this practice serves the best interests of our employees and organization.

The prompt return of injured employees to positions within their medical restrictions will minimize the impact of work-related injuries. Coming back to work early helps employees remain functional as they recover while providing our organization with the valuable use of employees' talents. It also helps control workers' compensation costs.

If you are injured at work, report the injury to your supervisor immediately — no matter how minor the injury is. You and your supervisor will call the SFM Work Injury Hotline together to report the injury and get healthcare advice from a nurse. Any questions concerning workers' compensation should be directed to Superintendent of Schools or Business Manager.

Your supervisor, the Principal, or Superintendent will help arrange for medical treatment following an injury. Prompt, quality medical treatment can be assured through the use of our primary care clinic.

**Clinic: Prairie Creek Medical Clinic (150 E. Park St., Shelby) 402-527-1287**

Current positions may be modified to fit the medical limitations of injured employees by modifying workstations, altering specific tasks or working reduced hours. If this is not possible, temporary transitional jobs may be made available either with your department or through a temporary assignment with another department.

This return-to-work program is an important part of our organization's commitment to manage work-related injuries in a way that's best for our employees and for this organization.

Adopted: August, 2019

## RESIDENT STUDENTS

Children who are residents of the school district community will attend the school district without paying tuition. Students whose residency in the district ceases during a school year may continue attending school for the remainder of the school year without payment of tuition.

The residence of a student means the place, abode, or dwelling of the student. Generally, the legal dwelling of minors is the same as their parents. However, a student may establish a dwelling with someone other than the parents and attend public school in the school district without paying tuition if the primary purpose for residing in the school district is not for the purpose of obtaining a free public education.

Any student who is a ward of the state or court, or who is residing in a residential setting in the district for reasons other than to receive an education shall be provided educational services in accordance with state statute 79-215 including such reimbursement to the district as may be due under the statute.

Children of military families may enroll preliminarily in the district if a parent presents evidence of military orders that the military family will be stationed in this state during the current or following school year. A student of a military family shall be admitted to the school district without charge upon arrival in Nebraska. When any person is on active duty as a member of the United States Army, Navy, Marine Corps, or Air Force in the State of Nebraska and is residing on federally owned property, any child of school age of that active duty member who also resides on that property shall be considered a resident of the school district where that property is located in accordance with the statutes. This also applies to children of parents employed by the federal government and residing with their parents on the property of national parks or national monuments within this state.

Each case involving the determination of residence of a student will be decided upon its individual merits by the superintendent. Payment of tuition will not be required in cases where the resident student would otherwise be denied free common school privileges. The burden of proof to supply the necessary documents to demonstrate legal residence shall rest with the person claiming legal residence in the district. The superintendent shall determine the specific documents required for collecting enrollment, admission, and related information needed for any student to attend and they may be provided through electronic means or other means specified by the Nebraska Department of Education.

## BUS SAFETY PROGRAM

The superintendent shall direct the preparation of a Safe Pupil Transportation Plan that, at a minimum, shall address weapons, pupil behavior, terroristic threats, severe weather, hazardous materials, medical emergencies, driver/passenger procedures in the event of mechanical breakdowns of the vehicle, and driver procedures in the event that the drop-off location is uncertain or appears unsafe to leave students. The plan shall also address general guidelines for the functional capacity of a pupil transportation driver and a process to confirm a driver's ability to conduct daily tasks and emergency evacuations.

The superintendent shall plan and implement a safety-training program for pupil transportation vehicle operators and vehicle passengers. The superintendent shall monitor the scheduling of inservice and educational opportunities for transportation personnel to improve their awareness and skills regarding pupil transportation vehicle safety. Pupil transportation vehicle operators shall attend local workshops and all inservice meetings.

Administrative rules and regulations shall be adopted to govern the safe operation of pupil transportation vehicle. Students violating these regulations may have their riding privileges revoked or suspended. Parents will be responsible for damage done to transportation vehicles or equipment by their children.

The school district shall conduct pupil transportation vehicle safe riding practices instruction and emergency safety drills at least twice a year for students who utilize school district transportation. The emergency evacuation drill procedures should be conducted according to guidelines established by the Nebraska Department of Education.

Each pupil transportation vehicle shall have, in addition to the regular emergency safety drill, a plan for helping those students who require special assistance to safety during an emergency. This shall include, but not be limited to, students with disabilities.

Pupil transportation vehicle drivers are required to attend each safety drill.

Pupil transportation operator procedures will include a prohibition against use of a handheld wireless communication device to read a written communication, manually type a written communication, or send a written communication while operating a pupil transportation vehicle which is in motion. Handheld wireless communication device means any device that provides for written communication between two or more parties and is capable of receiving, displaying, or transmitting written communication. Written communication includes, but is not limited to, a text message, an instant message, electronic mail, and Internet web sites.

All transportation vehicles shall be acquired and maintained to meet or exceed NDE
