Board Secretary

The Nebraska Department of Education has awarded Shelby Rising City School a \$ 3000 mini grant for the purpose of supporting a healthy school environment and wellbeing practices through the Nebraska Healthy Schools Program. The grant runs from September 20 , 2021 through June 30 , 2022. Payment to Shelby Rising City Schools shall be made upon meeting the requirement of the mini grant. Up to \$ 1500 will be provided upon submitting invoices at the mid-point action plan ( March 20, 2022) and the remaining \$1500 of reimbursement will be provided after successful completion of the grant requirements . ( June 30,2022)

With the Grant monies I would like to purchase a Vision tool to better screen students and promote vision wellness to improve learning in and out of the classroom. Early vision screenings and early referrals are needed to promote eye health and classroom success. The Plusoptix vision screener is able to screen ages 6 months to adult . It detects myopia ( nearsightedness) hyperopia (Farsightedness) Astigmatism ( irregularly shaped corneas or lenses) Anisometropia ( differences between the two eyes) Strabismus ( misalignment of the eyes) amblyopia ( lazy eye) and anisocoria ( pupil size anomalies) . In less than 1 second this tool is able to detect eye anomalies and the need for referral to improve vision.

The State of Nebraska's regulations require a minimum of an annual vision screen for students age 3- 5 years ( Pre K) and then Kindergarten through fourth grade , then again for seventh grade and tenth grade. I have eye charts of both traditional letters and an eye chart with symbols for those students who do not yet know their letters. Screening for the ages of 3-6 year olds is often difficult due to their ability to correctly identify a shape or letter. Other students are unable to complete the exam. This is where the vision screener tool is highly useful. All is needed to obtain a reading is a short 1 second fixation of the eyes on the tool and it does the rest.

Cost for the vision screening tool is \$4995.00. The grant would pay for \$3000 and the district would be responsible for the remainder. Early vision screening and referrals are important to promote eye health and success in the classroom. Thank you for your time and allowing myself to be here this evening. Our goal is the same-- Success of our students in and out of the classroom.

### **10.18.21 BOE Update for CIP**

- recall switch to Frameworks rather than continuing with Cognia, working with guidance from ESU 7 staff developer, Otis Pierce
- ESU 7 provided a 5 year cycle guideline which includes yearly on-going tasks
- have had 1 planning meeting with Mr. Tejkl, CIP Chairs, and Otis Pierce
- have had 1 CIP Committee meeting - overview of tasks for this year, especially this semester - addressing weak areas from January evaluation
- new Data Committee - will be a great support to CIP work - ESU 7 support w/ templates, guidance for longitudinal data management and review - addresses a recurring weakness from past school improvement cycles - continue to build on Data Walk from May 2021 - looking for themes/trends to help identify academic goal(s)
- continue to include a technology-focused goal - use/revision of the tech scope and sequence created in the last cycle
- task of major importance for Year 1 - review and revise mission and vision statements - 2 hours devoted to this process on Nov.5 Professional Development work - gain feedback from staff - CIP Committee will review staff feedback and develop suggested revisions to present to BOE for consideration and additional feedback
- focus on improving 2-way communication with stakeholders - HT suggestion at comm. meeting - develop a Parent Advisory Board - including variety of parents having students at different grade levels, rotation system to guide membership - ability to work with small group of parents - gain feedback in a variety of matters

#### Goals 2021-22 - Year 1

- Continue to work on Year 1 recommended tasks
- Mission and Vision statement revision completed by Dec/Jan
- Develop a CIP Committee rotation protocol
- Collaborate/communicate with Data Committee to determine academic goal(s) for new cycle
- Collaborate/communicate with the Technology Committee to clarify best direction for student and teacher supports
- Coordinate our efforts to support the SRC District Strategic Plan

## Tomorrow

To: Tucker Tejkl &lt;ttejkl@shelby.esu7.org&gt;, Steve Shelby Rising City Schools &lt;steves@shelby.esu7.org&gt;

We were able to get a much clearer understanding as to what lighting solutions are in the District's best interest for the various areas of the building. Here is a summary of what we identified and recommend moving forward:

- Shop and Area:** Remove hanging fixtures with exposed 4' fluorescent lamps with ballasts in the shop area and replace with new fixtures with enclosed/protected LED lamps. These new fixtures have a 100,000 hour life expectancy, which is equivalent to over 25 years knowing your hours of operation. Your current lamps have a three (3) year life expectancy, so your **annual material cost savings is projected to be \$100+**. The energy savings is about 40% of what is being consumed as of now, so you can anticipate an **energy savings of approximately \$1800 annually**. I know the BOE will need to have an action item on the agenda to approve a proposal for these new fixtures, so I can simply share the following information on the cost and savings at the meeting tomorrow evening. **The District's investment to purchase the fixtures in the Shop area will be approximately \$9000.** The labor will be approximately the same if an Electrical Contractor was to do 100% of the installation. So, with Steve's assistance the labor cost will be less. I share so you and the BOE can be prepared for approving such an amount in November if this is the route everyone wants to go. And, for tomorrow's BOE Meeting, I will bring an example of these fixtures so everyone can see what they look like. **(Total cost projected to be \$18,000 or less.)**
- Ag Area:** Remove hanging high bay 2x4 fixtures with fluorescent lamps with ballasts in the ag area and replace with the same type of LED high bay fixtures used in the gyms. The energy savings is about half what is being consumed as of now, so you can anticipate an **energy savings of approximately \$700 annually**. The current lamps have about a three (3) year life expectancy, so your **annual material cost savings is projected to be \$100+**. Steve's time to replace lamps every year goes away as well; allowing him to focus on other tasks. And like the above fixtures, the life expectancy is 100,000 hours. **The District's investment to purchase these fixtures will be approximately \$3000.** The labor will be approximately \$2000 if an Electrical Contractor was to do 100% of the installation. So again, with Steve's assistance the labor cost will be less. **(Total cost projected to be \$5000 or less.)**
- Steve feels these two areas can be done yet this fall if the BOE was to approve the work and we are able to get the product delivered. We are currently looking at 3-6 weeks, so should the BOE approve a proposal at the November Meeting, it would be about Christmas Break before you had the product to make the improvements. This is unless a special meeting was held or you were given authorization to approve a proposal once we had it ready to present. We can have a proposal ready ASAP.
- The second phase felt to make sense for Steve and the Electrical Contractor to address was the **hallways**. This would need to be done over Christmas Break as to not disrupt school. So as noted above, the BOE will need to approve at the November meeting in order to be assured the product arrives in time. From our survey we determined a need to not only upgrade to LED technology, but also replace some fixtures with different type or size. There are 2x2 fixtures outside the main gym. The ones in the lower ceiling to the west of the hallway are fine, but those at the outer end in a higher ceiling need to go to 2x4 sizing to provide the right amount of light. We also noticed the classroom in the south area has recessed can lighting in front of the doors, as well as right inside the restrooms. We recommend replacing these with 2x2 flat panel fixtures. And then we recommend replacing all other fixtures with their "like" size but converting them to 2x2 and 2x4 flat panels. We identified several areas where the lighting is darker than what it should be, with foot candles reading as low as 5 to a high of 35. You should strive for 30-35 foot candles reading throughout your hallways. Our recommendation to convert the current fixtures to LED flat panels with the proper lumens and kelven temperature (light color) will resolve the dark areas throughout the building hallways. The energy savings is projected to be more than half of what is being consumed as of now, so you can anticipate an **energy savings of approximately \$3500 annually**. The current lamps in the fixtures have about a three (3) year life expectancy, so your **annual material cost savings is projected to be \$200+**. Steve's time to replace lamps every year goes away as well; allowing him to focus on other tasks. The life expectancy on the new flat panels is 67,000 hours or approximately 16 years. **The District's investment to purchase these fixtures will be approximately \$10,000.** The labor will be approximately \$18,000 if an Electrical Contractor was to do 100% of the installation.

So again, with Steve's assistance the labor cost will be less. For tomorrow's BOE Meeting, I will bring an example of these flat panels so everyone can see what they look like. **(Total cost projected to be \$28,000 or less.)**

5. The third and final phase would be to do the classrooms and all remaining areas next summer. So, a BOE approval is not needed as soon as the other two phases, but it could be in the District's best interest to approve as soon as possible to avoid cost escalations anticipated to occur once if not twice between now and next summer. This year we have seen 12-18% cost increases and we anticipate the same again in early 2022. This final scope of work will have a combination of the flat panels and the fluxstream linear fixtures we recommend for the Shop Area. We need to confirm our survey counts for the fixtures, but you can anticipate a **District investment to purchase the necessary fixtures to be approximately \$45,000.** The energy savings is projected to be more than half of what is being consumed as of now, so you can anticipate an **energy savings of approximately \$15,000 annually.** The current lamps have about a three (3) year life expectancy, so your **annual material cost savings is projected to be \$400+** (the labor will be approximately \$100,000 (2 electricians full time for 12 weeks to complete the work.) But again, with Steve's assistance the labor cost will be less and/or help shorten the project timeline to make sure the work is completed prior to the 2022-23 school year beginning. **(Total cost projected to be \$145,000 or less.)**
6. To summarize, the overall investment for the District could reach \$196,000. The projected savings for material is \$800+ annually and the energy savings is \$21,000+ annually. The ROI will be 8.5 years or better.
7. Voss Lighting will work with the District to select the "right" lighting solution for each area of the school building. Voss will provide samples or even do an entire classroom or hallway before proceeding to make sure the light coverage meets the District's expectations.
8. Voss Lighting will solicit bids and oversee the labor installation should there be a need or requirement to have competitive bidding or a situation where the District's preferred Electrical Contractor is not able to do the scope of work developed by Voss Lighting.
9. Voss Lighting will submit product pricing that meets the ESU COOP Purchasing requirements.
10. Voss Lighting will perform development/design services to ensure the lighting solutions agreed upon are in the District's best interest, perform necessary logistics services to avoid cost escalations and ensure on time delivery and provide warranty and ongoing support after the sale to ensure the District a safe and enhanced learning environment remains in place.

I realize this is a lot of information, but I feel I have laid it out in such a way it should be easy to follow. Please let me know if you want me to cover all of this information at tomorrow's BOE Meeting or just specific parts. I do not see this taking more than 10 minutes to cover. If it goes longer it will be due to BOE Members asking several questions. I look forward to hearing from you tomorrow, letting me know how you want me to proceed in regards to the BOE Meeting. If you prefer to delay me presenting until we have time to talk in person about all of this first, then that is definitely fine. Or if you simply want Steve to present that is good too. I can always talk to Steve over the phone to make sure he is comfortable with the information I have shared.

## 3. September Husky Recognition Rally

Our September Husky Recognition Rally was held on Friday, October 1st. We recognized a number of students during the rally, including our students that competed at the State Fair Academic Contents as we had a number of our students place. We also recognized many of our Seniors for their level of achievement on the ACT last spring. We had 8 students with a composite score of 23 or higher, which is outstanding! The monthly PBiS drawing was also held during the rally. We had a total of 161 Positive Paws given out this past month. Middle school students received a gift card to Cubby's. The high school winners earned a BARK Park spot.

## September Students of the Month

**Front Row (left to right):** Danica Watts (8th), Madison Augustin (6th), Urijah Grant (7th)  
**Back Row (left to right):** Nicole Martensen (9th), Fischer White (12th), Payton Sliva (11th), Jesus Perez (10th)

**4. Student Advisory Council-** High school and middle school student council members will meet with me bi-monthly to discuss various topics, mostly focusing on ways we can continue to improve SRC. Our first meeting was on Friday, October 1st and I was really impressed with how prepared the students were to bring items to the table. The main topics discussed were snacks during Advisory, water bottles, cell phones, and doors in the bathrooms. Looking forward to future meetings and working together with these students to continue making SRC great!

## **5. NSCAS Updates**

- NSCAS Growth results from last spring are still embargoed. Once data is released, individual score reports and letters will be sent home.
- NSCAS Growth Winter Pilot- All 3-8 students will be required to take either the ELA or Math assessment this winter. Districts can choose which one students take.

- Elementary will have students complete Winter MAP testing in December. Winter MAP testing at the secondary level is teacher discretion.
- NSCAS Growth Operational (Spring)- All 3-8 students will be required to complete both the ELA and Math assessments. Science will also be assessed in grades 5 and 8.
- Results from NSCAS Growth are to be available within 72 hours and the scores will have a RIT score much as MAP does.
- Many districts facing the questions of what to do with MAP testing as NSCAS Growth testing goes into full swing next year. Still need to assess students in grades K-2 and 9-11.

### 6. Marzano Session #1- Purposeful Homework

Otis Pierce was out on Tuesday, October 12th to meet with our teachers about making homework or assignments more meaningful. Teachers collaborated about ways in which they assign homework in their classroom and how they can make it more purposeful. Over the next couple of months, Otis will be meeting with teachers about their goals and sharing ideas.

### 7. September Staff of the Month

Congratulations to these staff members and thank you for all you do for our staff and students!

## Challenges

"We don't grow when things are easy, we grow when we face challenges." - Nurma Clarkson

We have officially made it to the end of semester one! It has been one that was filled with many, many great things and a few challenges scattered throughout the months. We have a great staff. We have great students. We have great administrators who continue to put many hours into their craft to make our school one of the best. We have quite a few who have many challenges outside of the school setting but we are doing our best to give our best each day. I am very proud of how this quarter went and excited to see where we can continue to go. We continue to challenge our students to bring their best while our staff continues to lead by example.

Our two goals for the next quarter as a staff:

1. Connect with all of our students again and remind them of what we can accomplish together.
2. Lead by example

## PTC Summary

What a great day it was! We had a good turnout for parents as our staff, parents and some students participated in PTC for the first semester. We appreciate everyone being able to assist on making this day happen.

## Enrollment Numbers as of October 15th

- 402 total Students
- 0 dropouts
- Option Out - 30
- Option In - 78 (**NET = 48**)

## Classified Staff Evaluations

Discussion with Larianne Polk (ESU 7 director) that involved a template of classified staff rubric. As an admin team, we discussed the importance of making sure that everyone is doing their job to the best of their ability. This has been going very well and it isn't a "gotcha" but make sure we are all being held accountable.

## Labor and Relations Conference (10/12 & 13) Recap:

1. Perry Law presentation of how, why and what it takes to have a successful negotiations.
2. Show Up and Shine with Kent Julian - great speaker to continue to never give up on others and yourself.
3. Workplace hiring, evaluations and discipline of classified employees - had quite a few questions when it comes to the quality of evaluations, the guidelines of job descriptions and what you can do to continue all are pulling their weight.
4. Sparq Data - Learned the tips and tricks to utilize the data we have through their platform. This is where we will utilize our array from other schools.
5. Negotiations Top 10 with KSB - Legal and practical "to do" list for negotiations.
6. Long-term Absence - KSB went through the tricky parts that are involved with our

## ESU 7 Superintendent Meeting (in Person on 9/30) recap:

Did you know that all schools are feeling some sort of stress are having trouble with finding subs, special education caseloads and mental health? We probably all realize it but it was "nice" to hear that other schools are struggling with items as well. We did a great dissection of what our ESU does and what they can do to help with major items coming our way.

## FISCAL MANAGEMENT INTERNAL CONTROLS

The District will develop the necessary procedures to comply with the following fiscal management internal controls relating to oversight of all federal and state grant programs.

Equipment Management Requirements: The District will manage equipment (including replacement equipment), whether acquired in whole or in part under a Federal award, until the District disposes of that equipment, to meet the following requirements of 2 CFR 200.313 and 2 CFR 200.33:

- 1) Maintain property records procedure and policies (include description, serial number or other identification number, source of funding, acquisition date, etc.);
- 2) Develop and maintain a physical inventory procedure to occur a minimum of every 2 years;
- 3) A Control System procedure to ensure adequate safeguards are in place;
- 4) Develop and implement adequate maintenance procedures for such equipment;
- 5) Develop and implement sales procedures for such equipment; and
- 6) Develop and implement disposition procedures for such equipment.

Procurement: The District will use its own documented procurement procedures which reflect applicable State, local, and tribal laws and regulations, provided that the procurements conform to applicable Federal law and the standards identified below from 2 CFR 200.320;

- 1) A procedure for micro-purchases (Under 10,000);
- 2) A procedure for small purchases (10,000 to 250,000);
- 3) A procedure for sealed bids (using Lowest Bidder for over 250,000);
- 4) A procedure for competitive proposals (including showing why not sealed bids were not used for over 250,000); and
- 5) A procedure for noncompetitive bids (when sole sourced, must prove only source).

Record Retention: Financial records, supporting documents, statistical records, and all other non-Federal entity records pertinent to a Federal award must be retained for a period of three years from the date of submission of the final expenditure report or, for Federal awards that are renewed quarterly or annually, from the date of the submission of the quarterly or annual financial report, respectively, as reported to the Federal awarding agency or pass-through entity in the case of a sub-recipient in accordance with 2 CFR 200.333. Other records will be retained for a period of time as required by law.

Suspension and Debarment: The District may not subcontract with or award subgrants in any Federal assistance program to any person or company who is debarred or suspended and is required to check for excluded parties at the System for Award Management, SAM (formerly the Excluded Parties List System, EPLS) website before any procurement

Approved \_\_\_\_\_ Reviewed \_\_\_\_\_ Revised \_\_\_\_\_

transaction in accordance with 2 CFR 200.213 and Policy 706.07 Suspension and Debarment.

Financial Management: The District must develop and maintain financial management systems to account for federal funds, including records documenting compliance with Federal statutes, regulations, and the terms and conditions of the Federal award. Such records must be sufficient to permit the preparation of reports required by general and program-specific terms and conditions; and the tracing of funds to a level of expenditures adequate to establish that such funds have been used according to the Federal statutes, regulations, and the terms and conditions of the Federal award in accordance with 2 CFR 200.302. See also §200.450 Lobbying.

The financial management system of each non-Federal entity must provide for the following;

- 1) A procedures for Identification of all Federal awards received and expended and the Federal programs under which they were received;
- 2) A procedure for accurate, current, and complete disclosure of the financial results of each Federal award or program in accordance with reporting requirements
- 3) A procedure to maintain records that identify adequately the source and application of funds for federally-funded activities.
- 4) A procedure for maintaining effective control over, and accountability for, all funds, property, and other assets.
- 5) A procedure for comparing District expenditures with budget amounts for each federal award.
- 6) A procedure to ensure payments of federal funds are made in accordance with 2 CFR 200.305.
- 7) A procedure for determining the allowability of costs in accordance with 2 CFR 200.305 Subpart E-Cost Principals and the term and conditions of the Federal award.

Program Income: The District will follow the guidance of the Federal awarding agency in how it uses, applies and accounts for all income received under those programs as listed below in accordance with 2 CFR 200.307;

- 1) *Deduction.* Ordinarily program income must be deducted from total allowable costs to determine the net allowable costs
- 2) *Addition.* With prior approval of the Federal awarding agency program income may be added to the Federal award by the Federal agency and the non-Federal entity. The program income must be used for the purposes and under the conditions of the Federal award.
- 3) *Cost sharing or matching.* With prior approval of the Federal awarding agency, program income may be used to meet the cost sharing or matching

requirement of the Federal award. The amount of the Federal award remains the same.

Cost Sharing or Matching: For all Federal awards, any shared costs or matching funds and all contributions, including cash and third party in-kind contributions, must be accepted as part of the District's cost sharing or matching when such contributions meet all of the following criteria in accordance with 2 CFR 200.306 and a procedure must ensure these criteria are covered:

- (1) Are verifiable from the District's records;
- (2) Are not included as contributions for any other Federal award;
- (3) Are necessary and reasonable for accomplishment of project or program objectives;
- (4) Are allowable under 2 CFR 200.305 Subpart E—Cost Principles;
- (5) Are not paid by the Federal Government under another Federal award, except where the Federal statute authorizing a program specifically provides that Federal funds made available for such program can be applied to matching or cost sharing requirements of other Federal programs;
- (6) Are provided for in the approved budget when required by the Federal awarding agency; and
- (7) Conform to other provisions of the law, as applicable in the terms and conditions of the federal award.

Unexpected or Extraordinary Circumstances: For all Federal awards, If the District does not currently have in place a policy that addresses extraordinary circumstances such as those caused by COVID-19, the District may later amend or create a policy in order to put emergency contingencies in place for Federal and non-Federal similarly situated employees in accordance with 2 CFR 200 et seq. If the conditions exist for charges to be made to the Federal grant, charges may also be made to any non-Federal sources that are used by the District in order to meet a matching requirement. The District may develop a procedure to ensure that federal expenditures during the unexpected or extraordinary circumstance are allowable.

Compensation for personal services: (a) *General.* Compensation for personal services includes all remuneration, paid currently or accrued, for services of employees rendered during the period of performance under the Federal award, including but not necessarily limited to wages, salaries, and fringe benefits in accordance with 2 CFR 200.430 and .431. Costs of compensation are allowable to the extent that they satisfy the following requirements;

- (1) Is reasonable for the services rendered and conforms to the established written policy and procedures of the District consistently applied to both Federal and non-Federal activities;

Compensation and fringe benefits: (a) Fringe benefits are allowances and services provided by employers to their employees as compensation in addition to regular salaries and wages. Fringe benefits in accordance with 2 CFR 200.431 include, but are not limited

to, the costs of leave (vacation, family-related, sick or military), employee insurance, pensions, and unemployment benefit plans. Except as provided elsewhere in these principles, the costs of fringe benefits are allowable provided that the benefits are reasonable and are required by law, District employee agreement, or an established policy of the District.

(b) *Leave*. The cost of fringe benefits in the form of regular compensation paid to employees during periods of authorized absences from the job, such as for annual leave, family-related leave, sick leave, holidays, court leave, military leave, administrative leave, and other similar benefits, are allowable if all of the following criteria are met:

(1) They are provided under established written leave policies;

Standards for Documentation of Personnel Expenses: (1) Charges to Federal awards for salaries and wages must be based on records that accurately reflect the work performed in accordance with 2 CFR 200.430. These records must:

- (i) Be supported by a system of internal control which provides reasonable assurance that the charges are accurate, allowable, and properly allocated;
- (ii) Be incorporated into the official records of the District;
- (iii) Reasonably reflect the total activity for which the employee is compensated by the non-Federal entity, not exceeding 100% of compensated activities;
- (iv) Encompass both federally assisted and all other activities compensated by the District on an integrated basis, but may include the use of subsidiary records as defined in the District's written policy;
- (v) Comply with the established accounting policies and practices of the District; and
- (vi) Support the distribution of the employee's salary or wages among specific activities or cost objectives if the employee works on more than one Federal award; a Federal award and non-Federal award; an indirect cost activity and a direct cost activity; two or more indirect activities which are allocated using different allocation bases; or an unallowable activity and a direct or indirect cost activity.
- (vii) Budget estimates do not qualify as support for charges to Federal awards, but may be used for interim accounting purposes, provided that:
  - (A) The system for establishing the estimates produces reasonable approximations of the activity actually performed;
  - (B) Significant changes in the corresponding work activity (as defined by the District's written policies) are identified and entered into the records in a timely manner. Short term (such as one or two months) fluctuation between workload categories need not be considered as long as the distribution of salaries and wages is reasonable over the longer term; and
  - (C) The District's system of internal controls includes processes to review after-the-fact interim charges made to a Federal award based on budget estimates.

All necessary adjustment must be made such that the final amount charged to the Federal award is accurate, allowable, and properly allocated.

(2) In accordance with Department of Labor regulations implementing the Fair Labor Standards Act (FLSA) (29 CFR part 516), charges for the salaries and wages of nonexempt employees, in addition to the supporting documentation described in this section, must also be supported by records indicating the total number of hours worked each day.

## FISCAL MANAGEMENT INTERNAL CONTROLS

The District will develop the necessary procedures to comply with the following fiscal management internal controls relating to oversight of all federal and state grant programs.

Equipment Management Requirements: The District will manage equipment (including replacement equipment), whether acquired in whole or in part under a Federal award, until the District disposes of that equipment, to meet the following requirements of 2 CFR 200.313 and 2 CFR 200.33:

- 1) Maintain property records procedure and policies (include description, serial number or other identification number, source of funding, acquisition date, etc.);
- 2) Develop and maintain a physical inventory procedure to occur a minimum of every 2 years;
- 3) A Control System procedure to ensure adequate safeguards are in place;
- 4) Develop and implement adequate maintenance procedures for such equipment;
- 5) Develop and implement sales procedures for such equipment; and
- 6) Develop and implement disposition procedures for such equipment.

Procurement: The District will use its own documented procurement procedures which reflect applicable State, local, and tribal laws and regulations, provided that the procurements conform to applicable Federal law and the standards identified below from 2 CFR 200.320;

- 1) A procedure for micro-purchases (Under 10,000);
- 2) A procedure for small purchases (10,000 to 250,000);
- 3) A procedure for sealed bids (using Lowest Bidder for over 250,000);
- 4) A procedure for competitive proposals (including showing why not sealed bids were not used for over 250,000); and
- 5) A procedure for noncompetitive bids (when sole sourced, must prove only source).

Record Retention: Financial records, supporting documents, statistical records, and all other non-Federal entity records pertinent to a Federal award must be retained for a period of three years from the date of submission of the final expenditure report or, for Federal awards that are renewed quarterly or annually, from the date of the submission of the quarterly or annual financial report, respectively, as reported to the Federal awarding agency or pass-through entity in the case of a sub-recipient in accordance with 2 CFR 200.333. Other records will be retained for a period of time as required by law.

Suspension and Debarment: The District may not subcontract with or award subgrants in any Federal assistance program to any person or company who is debarred or suspended and is required to check for excluded parties at the System for Award Management, SAM (formerly the Excluded Parties List System, EPLS) website before any procurement
