Discussion: Ben Nelson is the project manager of ConnectEd. His main role is to help deploy a new wireless network statewide called "EduRoam." Your receiving the agreement because your LAN Manager has expressed interest in setting up EduRoam at your school.

EduRoam will allow your students and teachers to join a unified wireless network in any other location that offers EduRoam. Users would automatically be joined to this network while at school, they would use this same network while traveling on a bus to a sporting event and finally, they would automatically join the same network after arriving at another school. In a nutshell, EduRoam allows users to connect to a secure network anywhere they go so they can complete homework without searching for and joining numerous Guest networks.

The main costs for EduRoam are taken care of through an Innovation Grant provided by the state for the next few years. The only cost to your school will be our labor to configure a radius server for authentication and to create the EduRoam network. Some schools already have a server in place that can be used and a few will need to acquire a new server to make this work.

This will be a 9,000 upgrade which will come out of depreciation.

- 2. Action Item #2: Approval of the new NDE ELA standards for the 2022-2023 school year

Action(s):

Voting Summary: Yea: 5, Nay: 0, Absent: 1

Discussion:

An Overview of ELA Standards:

Standards establish what students should know and be able to do by the end of a specified grade level. English Language Arts (ELA) standards are created and revised by stakeholders across the state, and are adopted by the Nebraska State Board of Education at the end of a 7-year cycle. The standards challenge students to develop the essential literacy skills needed to succeed in college, career, and life. They cover a broad array of core knowledge and proficiencies in areas such as reading, writing, and listening and speaking.

Nebraska's standards are organized with three levels of specificity:

- **K-12 Comprehensive Statements** - Identify broad, general statements that are not grade-level specific and cover big ideas in English Language Arts (Reading, Writing, Speaking and Listening, and Multiple Literacies.)
- **Grade-Level Expectations** - Statements that identify what students should know and be able to do by the end of each identified grade/band. These are organized into categories, but not course specific.
- **Curricular Indicators** - Specific information to distinguish expectations between grade levels. They are no longer simply examples, but are considered an integral part of the standard to be taught.

Nebraska has historically been a local control state with no mandated curriculum or textbooks. The standards are not meant to be a curriculum. Rather, districts are expected to align their local curriculum to the Nebraska Standards to add more specificity. Nebraska's draft standards are written using verbiage that describes the knowledge and skills students are expected to master at the various grade levels rather than using performance expectation language. Districts also have the choice to adopt their own standards only if they are more rigorous than the state standards.

3. Action Item #3: Approval of the 2022-2023 Negotiated Agreement

Jackie Sliva: Yea

Heath Vrbka: Yea

Chris
Whitmore: Yea

Voting Summary: Yea: 5, Nay: 0, Absent: 1

Discussion:

• **Middle School Speech**

- Kid driven - add to the extra duty schedule
- This year = 20 students interested - 2 confirmed meets this year
- Use these numbers to plan ahead

• **Add at 3% on the extra duty schedule**

- Kristen would do for free this year since not negotiated
- 2 students brought it up to Mr. Tejkl
- Surveyed and 20 students interested. Would be after state high school speech
- Overlap with middle school track, but should not be any problems.
- If middle school assistant needed - then 1%, but would be on a yearly basis to determine if necessary

2. **Reexamine the 2% clause for track and speech**

- % are too high for these events.
- Track - move down to 25% (~ 8 events) = 20 or more participants
 - 30% for under 20 participants
- Speech/Wrestling 30% (6 events) for 10 or more participants
 - 35% for under 10 participants
- Rationale ... even the best track team, did not meet these numbers

1. **Salary = no change in insurance - \$750 increase in base is 4.9% increase.**

4. **Action Item #4: Approval of Calendar Changes**

- (December 20th & 21st = Teacher Workdays with no students)
- (March 22nd NOT April 12th is ACT day with NO elementary)

1. December Husky Recognition Rally

The December Husky Recognition Rally was held on Friday, December 17th. The rally was a great way to cap off the 1st semester and students were encouraged to finish the semester strong! Our Student Council also surprised our teachers with a stocking stuffer. We really appreciate everything our teachers do for our students!

2. Student & Teacher Work Days- December 20-21

Any student who had 1 or more assignments on the list or who had missed extended time were required to report one or both days in the morning. We started Monday with over 80 assignments on the list and ended up with less than 20 by the end of the day on Tuesday. Teachers appreciated the time to finish up grades, work on curriculum maps, and plan for the second semester. Thank you for approving these days as I felt they were very productive.

3. January 4th PD Day

- Marzano Overview #2- Otis Pierce visited with staff about scales & rubrics, and tracking student progress. Teachers focus is then to implement these strategies into their instruction over the next couple of months. Otis will be out for a day or two between January and March to meet with teachers 1 on 1 about how they are doing.
- Grading Staff Meeting- Brooke and Laura led us through our first all staff grading meeting, which focused on writing belief statements about our 6 main areas. Our Grading Committee will be coming back together in February to start sifting through the belief statements.

4. DeMoine Adams Presentation- January 5th

We really enjoyed having him visit with our students. It was a great message and one that fits directly into our theme of pushing that one extra degree to get to 212 degrees.

1. Always ask ourselves 3 questions whenever we choose an action.

- Is it okay?
- Is it respectful?
- Is it appropriate?

2. Followers become pretenders. Choose to go away from the crowd and do what you know is right.

3. Choose to follow your heart over following the hype.

4. We have 2 choices when we wake up every day.

- Best effort or best excuse... which do you choose?

5. December Staff of the Month

Congratulations to each of these staff members! We appreciate everything they do for our students and staff.

Innovation—Mrs. Stewart

Integrity-- Ms. Morner

BOE Meeting: January 17th, 2021

Followers become pretenders.

"Followers become pretenders. Choose to go away from the crowd and do what you know is right." - DeMoine Adams

Loved this quote from DeMoine and excited that our students/staff had the opportunity to listen to him. From what I was told, he did a great job and I saw many comments on social media from his visit. I think it is something we can continue to grow and become even better than what we were yesterday. I'm excited with what we have done this year and looking forward to where we end at the end of the semester!

Our two goals for this quarter as a staff:

1. Strengthen our Relationships through tough times
2. Form leaders of our staff and students

Days Worked: 126 (December 13th)

First, the maintenance crew got all of the new mimio boards installed over Christmas break. I have been working with the teachers to make sure they can connect to the wirelessly and use them. So far we haven't had any issues.

Second, the chromebooks that we took out of service last summer were sold to AGParts, a company I purchase parts from. As you can see by the report from them, most are not in good shape after 4 years. I took the option to take a credit for our account with them so we got a 10% bonus over getting a check. We will have several Asus Chromebooks that will be replaced after this school year, I plan to do the same thing with them.

BOARD MEMBER CODE OF CONDUCT

NEBRASKA ASSOCIATION OF SCHOOL BOARDS

MARCIA R. HERRING
DIRECTOR OF BOARD LEADERSHIP

BOARD MEMBER CODE OF CONDUCT

The Association advocates that each board adopt and adhere to a Code of Conduct policy. This aids in the board's responsibility to carry out the important education decision-making role while maintaining effective relationships with school administrators, staff, and community members. Given the complexity of the education governance structure, nothing is more important than clarifying appropriate roles and responsibilities for the school board, superintendent, and principal(s).

A school board member has no legal powers unless participating at a meeting that complies with the Nebraska Open Meetings Law, or acting on behalf of the school board after the board formally grants authority to do so. Thus, it is essential that every school board member work as a member of the broader leadership team to perform board duties and act in a manner consistent with the Code.

Note: Board members can demonstrate personal commitment to the Code by signing this document signifying agreement to uphold the principles of the Code, both, in letter and spirit.

Many school boards post a copy of the signed Code in the front entrance of the school(s). This public display of school leadership team commitment sends a powerful message and sets the tone for how the business of education will be conducted in the schools and community.

As citizens of the United States, board members have certain Constitutional rights, including freedom of speech that cannot be taken away, whether or not you choose to sign this document. The only sections of this Code that require legal compliance are the "*conflict of interest*" and "*act only as a member of the board.*" All other sections represent best practice.

Board members' actions, verbal and nonverbal, reflect the attitude and the beliefs of the school district. Therefore, board members must conduct themselves professionally and in a manner fitting to the responsibility of duty.

Each board member shall follow the code of conduct:

As a Board Member

- I will listen.
- I will respect the opinion of others.
- I will recognize the integrity of my predecessors and the merit of their work.
- I will be motivated only by an earnest desire to serve the school district and the students in the best possible way.
- I will not use the school district or any part of the school district program for my own personal advantage or for the advantage of my friends or supporters.
- I will vote for a closed session of the board if the situation requires it, but I will consider "secret" sessions of board members unethical.

- I will recognize that to promise in advance of a meeting how I will vote on any proposition which is to be considered is to close my mind and agree not to think through other facts and points of view which may be presented in the meeting.
- I will expect, in board meetings, to spend more time on education programs and procedures than on business details.
- I will recognize that authority rests with the board in legal session and not with individual members of the board, except as authorized by law.
- I will make no disparaging remarks, in or out of the board meeting, about other members of the board or their opinions.
- I will express my honest and most thoughtful opinions in board meetings in an effort to have decisions made for the best interest of the students and the education program.
- I will abide by majority decisions of the board.
- I will carefully consider petitions, resolutions, and complaints and will act in the best interest of the school district.
- I will not discuss the confidential business of the board.
- I will endeavor to keep informed on local, state, and national educational developments of significance.

Board Governance

- Attend all regularly scheduled board meetings, insofar as possible, and review advance materials provided.
- Respect the confidentiality of privileged information and make no individual decisions or commitments that would compromise the board or administration.
- Work with other board members to establish effective board policies and to delegate authority for the administration of the schools to the superintendent.
- Maintain a priority board focus on policymaking, goal setting, planning process, and evaluation. Most importantly increasing student learning and achievement and ensuring efficient use of education resources.
- Comply with Board policy, all applicable local, state and federal laws and regulations and guidance from the superintendent, when making board decisions.
- Encourage individual board member expression of opinion and establish an open, two-way communication process between the board and students, staff, and all elements of the community.
- Remain current with changing needs and requirements pertaining to educational issues through individual study and by participating in board learning opportunities such as those sponsored by the Nebraska and National School Boards Associations, the Nebraska

Department of Education, and other education organizations.

- Recognize that a board member's responsibility, together with fellow board members, is to ensure the school district provides a quality education for all students.
- In consultation with the superintendent and district administrators, set education goals for the school(s).
- Maintain confidentiality of information and discussion conducted in closed session.
- Review essential facts, consider others' ideas, and then present personal opinions during board deliberations but, once the board vote has been taken, support board decisions regardless of how individuals voted.
- Act only as a member of the board and do not assume any individual authority when the board is not in session, unless otherwise directed by the board.
- Rely on school policies that are continually updated and aligned with Nebraska and federal education laws, and guidance from the superintendent, when making board decisions.
- Request recommendations from the superintendent and seek legal counsel, when required for full and informed board consideration of issues requiring legal expertise.
- Expect an equitable amount of board meeting time be spent both learning about educational programs and conducting the business of the board.
- Maintain a priority board focus on increasing student learning and ensuring efficient use of education resources.
- Retain independent judgment and refuse to surrender that judgment to individuals or special interest groups.
- Voice opinions respectfully and maintain good relations with other board members, administrators, school staff, and members of the public.
- Be informed about educational issues through individual study and by participating in board development opportunities such as those sponsored by the Nebraska and National School Boards Associations, the Nebraska Department of Education, and other education organizations.
- Support new school board members by sharing your experience and knowledge.
- Ensure that adequate board orientation and team building opportunities are available for board members and administrators.
- Associate with board members from other school districts to discuss school problems and collaborate on school improvement initiatives.

Board – Superintendent Relations

- Respect that the superintendent of schools and his or her staff are responsible and accountable for the delivery of the educational programs and the conduct of school operations.
- Ensure strong management of the school system by hiring, setting goals with and evaluating the Superintendent.
- Provide policy support for school administrators in the performance of their duties and delegate authority commensurate with those responsibilities.
- Expect the superintendent to keep the board adequately informed through regular written and oral communications.
- Refer complaints, requests, and concerns to the superintendent.
- Avoid making commitments that may compromise the decision-making ability of the board or administrators.
- Maintain open and candid communication with the superintendent.
- Hold the superintendent accountable by jointly creating job performance standards and at least annually performing a comprehensive evaluation process based on the job description, contract, and identified performance standards.
- Recognize that a board member's responsibility is to see that schools are well run, but not to run them.

Personnel Relations

- Seek to employ the most qualified school staff and insist on regular, impartial employee evaluations.
- Hire no superintendent, principal, or teacher already under contract with another school district unless the person has formally been released from his or her contract.
- Individual board members shall not give directives to any school administrator or employee, publicly or privately.

Community Relations

- Perform a liaison communications role by respecting the needs of both the community and the school.
- Consider the needs of the entire community and vote for what is best for students.
- Encourage collaboration between the school and community.
- Request that periodic surveys be conducted with the community to assess the quality of education services and use the data to establish and monitor goals.

Conflict of Interest

- Do not solicit or receive directly or indirectly any gift or compensation in return for making a recommendation or casting a vote.
- Do not receive anything of value by contract or otherwise, from the school district you serve unless it is received:
 - as a result of a contract accepted after a public bid.
 - in public recognition of service or achievement.
 - as expenses allowed by law for official duties performed as a member of such board.
- Follow the school board conflict of interest policy regarding the appearance of conflict of interest.

(Optional Signature)

I agree to abide by the principles outlined in the Board of Education Code of Conduct and will do everything in my power to work as a productive member of the leadership team.

1. I will listen.
2. I will respect the opinion of others.
3. I will recognize the integrity of my predecessors and associates and the merit of their work.
4. I will be motivated only by an earnest desire to serve my school district and the children of my school district community in the best possible way.
5. I will not use the school district or any part of the school district program for my own personal advantage or for the advantage of my friends or supporters.
6. I will vote for a closed session of the board if the situation requires it, but I will consider "secret" sessions of board members unethical.

11. I will express my honest and most thoughtful opinions frankly in board meetings in an effort to have decisions made for the best interests of the children and the education program.

13. I will abide by majority decisions of the board.
14. I will carefully consider petitions, resolutions and complaints and will act in the best interests of the school district.
15. I will not discuss the confidential business of the board in my home, on the street or in my office; the place for such discussion is the board meeting.
16. I will endeavor to keep informed on local, state and national educational developments of significance so I may become a better board member.

Approved _____ Reviewed _____ Revised _____

IN MEETING MY RESPONSIBILITY TO MY SCHOOL DISTRICT COMMUNITY:

2. I will consider it an important responsibility of the board to interpret the aims, methods and attitudes of the school district to the community.

4. I will attempt to procure adequate financial support for the school district.
5. I will represent the entire school district rather than individual electors, patrons or groups.
6. I will not regard the school district facilities as my own private property but as the property of the people.

IN MY RELATIONSHIP WITH THE SUPERINTENDENT AND EMPLOYEES:

1. I will function, in meeting the legal responsibility that is mine, as part of a legislative, policy-forming body, not as an administrative officer.
2. I will recognize that it is my responsibility, together with that of my fellow board members, to see the school district is properly run and not to run them myself.
3. I will expect the school district to be administered by the best-trained technical and professional people it is possible to procure within the financial resources of the school district.
4. I will recognize the superintendent as executive officer of the board.
5. I will work through the administrative employees of the board, not over or around them.

7. I will vote to hire employees only after the recommendation of the superintendent has been received.
8. I will insist that contracts be equally binding on teachers and board.
9. I will give the superintendent power commensurate with the superintendent's responsibility and will not in any way interfere with, or seek to undermine, the superintendent's authority.
10. I will give the superintendent friendly counsel and advice.
11. I will present any personal criticism of employees to the superintendent.
12. I will refer complaints to the proper administrative officer.

TO COOPERATE WITH OTHER SCHOOL BOARDS:

1. I will not employ a superintendent, principal or teacher who is already under contract with another school district without first securing assurance from the proper authority that the person can be released from contract.
2. I will consider it unethical to pursue any procedure calculated to embarrass a neighboring board or its representatives.
3. I will not recommend an employee for a position in another school district unless I would employ the individual under similar circumstances.
4. I will answer all inquiries about the standing and ability of an employee to the best of my knowledge and judgement, with complete frankness.
5. I will associate myself with board members of other school districts for the purpose of discussing school district issues and cooperating in the improvement of the education program.

Tax Valuation of District

When taxing, the District uses the certified valuations of all property established by the Assessors Office(s) in both Polk County and Butler County. Shelby-Rising City Schools does not have influence or input on the decisions regarding property valuation. The tax asking for each fund is determined by the valuation multiplied by the levy, with \$0.01 of levy accounting for \$10 per \$100,000 of property valuation.
