Parent Involvement In Education Practices

For purposes of this policy, “parent” includes a parent, guardian, or educational decisionmaker (a person designated or ordered by a court to make educational decisions on behalf of a student).

The school district recognizes the importance of parental involvement in the education of their children. To the extent practicable, the school district will make a reasonable effort to make any learning materials, including original materials, available for inspection by a parent upon request.

The school district will take the following steps to ensure that the rights of parents to participate in the education of their children are preserved.

1. Parents will be provided access to textbooks, tests, activities information; digital materials; websites or applications used for learning; training materials for teachers, administrators, and staff; procedures for the review and approval of training materials, learning materials, and activities; and other curriculum materials (“curricular materials”) as follows:

- a. A parental request to review specific curricular materials (written, visual, or audio) should be made to the principal of the building where the curricular materials are used.

- b. The building principal will assess the request and determine the allowable volume and time frame of the review to prevent disruption to the efficient operations of the district.

- c. The purpose of this provision is to allow reasonable access to the extent practicable. Individuals who make requests (a) for the purpose of adding staff burden; (b) at an unreasonable frequency or volume; or (c) for purposes inconsistent with the efficient operations of the district may be denied access to materials.

- d. A parental request to review specific standardized and criterion- referenced tests used in the district should be made in writing to the building principal. Copies of the most recent tests used in the district will be available for parent review. Parents wishing to review statewide assessments will be provided with sample questions and a copy of a practice test, but will not be

provided with copies of the actual assessment due to testing security. In the case of other secure tests such as the ACT, parents must contact the publisher to obtain copies of the test.

2. Parents will be permitted, within district procedures, to attend and observe courses, assemblies, counseling sessions, and other instructional activities.

a. Parents are invited to make appointments with the building principal to visit classes, assemblies, and other instructional activities. The principal shall give permission after determining that parental observation would not disrupt the activity. Observations that last more than 60 minutes or occur on consecutive days are typically disruptive and will not be permitted absent unusual circumstances, in the sole discretion of the building principal.

b. Parents may contact the building principal to request permission to attend counseling sessions in which their child is involved.

3. Parents may request that their children be excused from testing (except as provided below), classroom instruction, learning materials, activities, guest speaker events, and other school experiences ("school events") that parents find objectionable.

a. Parents must submit this request in writing to the building principal for consideration.

b. Building principals may excuse a student from any school events at the parent's written request if, in the principal's professional judgment, excusal from the activity would not result in diminution of the student's educational experience.

c. When the building principal determines it appropriate, alternative experiences may be provided for the student by the school.

4. Parents will be informed through the student handbook and district policies of the manner that the district will provide access to records of students.

5. Parents will be informed of the standardized and criterion-referenced district testing program. Parents may request additional information from the building principal.

6. Parents will be informed of the circumstances under which they may opt-out of state and federal assessments.

a. In accordance with federal law, at the beginning of the school year, the District shall provide notice of the right to request a copy of this policy to parents of students attending schools receiving Title I funds. The District will provide a copy of this policy to a requesting parent in a timely manner.

b. State Assessments

State and federal law simultaneously require students to take state assessments, with few exceptions, but also permit parents to request to opt their students out of these assessments. Approval of opt out requests is contrary to the mandatory testing laws, so the District cannot “approve” the request. Parents who do not present their child for testing will result in the child receiving the lowest score possible on the assessment.

c. National Assessment of Educational Progress

As a condition of receiving federal funds, the District participates in the National Assessment of Educational Progress (NAEP). To help ensure that the District has a representative sample of students taking the NAEP, which will allow the District to assess the quality and effectiveness of its programming on a national level, the District strongly encourages all eligible students to participate. However, student participation in NAEP is voluntary.

The District shall provide parents of eligible students with reasonable notice prior to the exam being administered. Parents wishing to opt their students out of the NAEP assessment must notify the district in writing at least three days prior to the exam date to ensure that the District can coordinate supervision and alternative activities for students who have opted out.

7. Parents will be notified of their right to remove their children from surveys prior to district participation in surveys.

a. The principal must approve all surveys intended to gather information from students before they are administered to students.

b. Students' participation in surveys is voluntary. Parents may restrict their child from participating in any survey.

c. If the school administers (1) a survey requesting that students provide sexual information, mental health information, medical information, information on health-risk behaviors, religious information, information of political affiliation, or any other information that the school board deems to be sensitive in nature or (2) a non-anonymous survey requesting students provide information relating to drug, vape, alcohol, or tobacco use, the school district shall, at least fifteen days prior to the administration of the survey, notify parents, guardians, and educational decisionmakers of students that are to receive such survey. The notice will be made through the school's electronic notification system or by physical mail to the address on file for the student. The notice will describe the nature and types of questions included in the survey, the purposes and age-appropriateness of the survey, how information collected by the survey will be used, who will have access to such information, the steps that will be taken to protect student privacy, and whether and how any findings or results of such survey will be disclosed.

d. Parents have the right to: (1) request that a copy of the survey be sent through the school's electronic notification system or physical mail to the address on file for the student, (2) review the survey in person at the school, and (3) exempt their child from participating in the survey.

e. Unless required by federal or state law or regulation, school personnel administering any survey shall not disclose personally identifiable information of a child.

f. No survey requesting sexual information of a student shall be administered to any student in kindergarten through grade six.

g. The district will also comply with any survey requirements found in the district's policy on Protection of Pupil Rights.

8. The district will make this policy accessible by a prominently displayed link on its public website. Any amended policy will be made accessible within a reasonable time of its amendment.

District Title I Parent and Family Engagement Policy

The school district will jointly develop with parents a School-Parent-Student Compact that outlines how the parents, school staff, and students will share the responsibility for improved student academic achievement and the means by which the school and parents will build and develop a partnership to help children achieve the State's high standards.

The written District Parent and Family Engagement Policy will be jointly developed and distributed to parents and family members of participating children and the local community in an understandable format and to the extent practicable, in a language the parents can understand. An annual evaluation of the content and effectiveness of the Parent and Family Engagement Policy will be used to design evidence-based strategies for more effective parental involvement, to revise the Parent and Family Engagement Policy and to remove barriers to participation.

The school district recognizes the unique needs of students who are being served in its Title I program, and the importance of parent and family engagement in the Title I program. Parent and family engagement in the Title I Program shall include, but is not limited to:

1. An annual meeting to which all parents of participating children will be invited to inform parents of their school's participation under this part, to explain the requirements of this part, and the right of the parents to be involved. Invitations may take the form of notes sent with students or announcements in the school newsletter. Additional meetings may be scheduled, based upon need and interest for such meetings.
2. An explanation of the details for the child's and parents' participation, including but not limited to: curriculum objectives, the forms of academic assessment used to measure student progress and the achievement levels of the challenging State academic standards, type and extent of participation, parental input in educational decisions, coordination and integration with other Federal, State, and district programs, and evaluations of progress.
3. Opportunities for participation in parent involvement activities such as training to help parents work with their children and

improve achievement. A goal of parent activities is to provide parents with opportunities to participate in decisions relating to the education of their students, where appropriate.

4. The district will, to the extent practicable, provide parents of limited English proficiency, parents with disabilities, parents with limited literacy, are economically disadvantaged, are of a racial or minority background or parents of migratory children with opportunities for involvement in the Title I Program. Communication to parents about student progress and the district's other Title I Program communications will be provided in the language used in the home to the extent practicable. Responses to parent concerns will be provided in a timely manner.
5. Opportunities for parent-teacher conferences, in addition to those regularly scheduled by the school district, if requested by the parents or as deemed necessary by school district staff.
6. The district will coordinate and integrate parental involvement programs and activities with other programs in the community. These may include cooperation with other community programs such as Head Start and preschools and other community services such as the public library.
7. Educate teachers, specialized instructional support personnel, principals, and other school leaders, with the assistance of parents in the value and utility of contributions of parents, how to reach out to, communicate with and work with parents as equal partners.

This policy shall be reviewed annually at the annual meeting where concerned parties can have a conversation about possible changes to the Parent and Family Engagement Policy.

Student Cell Phone and Other Electronic Devices

Students are prohibited from using cellular phones or other electronic devices while at school, except as provided in this policy or as deemed appropriate by a student's education team.

Students may use cell phones or other electronic devices on school sidewalks and in the common areas of the school before and after school, during passing periods, and during lunch so long as they do not create a distraction or a disruption and comply with all other policies and handbook provisions.

By bringing their cell phones and other electronic communication devices to school, students consent to the search of said devices by school staff when the staff determines that such a search is reasonable or necessary.

Students may not have cell phones or electronic devices while they are in locker rooms, classrooms, or restrooms. During school hours student cell phones or electronic devices must remain in lockers, backpacks, or be locked in a personal vehicle. Students may use cell phones or other technology in classrooms only with the express permission of the classroom teacher.

Students are strictly prohibited from sending, sharing, viewing, or possessing pictures, text messages, emails or other material of a sexual nature in electronic or any other form on a computer, cell phone, or other electronic device while at school. Students who possess prohibited material on their cell phone or other electronic device while at school shall be subject to disciplinary consequences as articulated by the student handbook.

Students may not use cell phones or electronic communication devices while riding in school vehicles, including listening to music, unless they have permission to do so from the driver or other adult responsible for their supervision.

Students shall be personally and solely responsible for the security of their cell phones and pagers. The district is not responsible for theft, loss or damage of a cell phone or any calls made on a cell phone.

Students who violate this policy or other school rules will have their cell phones or electronic devices confiscated immediately. The administration will return confiscated devices to the parent or guardian of the offending student, after discussing the rule violation with the student and parent or guardian. Students who violate this policy may, at the discretion of the school's administration, be subject to additional discipline, up to and including suspension or expulsion.

Title I-Annual Hearing Statements -July 2025 Board Meeting

- Leah Kenny
 - Parent of a student in Elm Creek Public School District
 - “As a member of this community, I am continually impressed by the incredible support our parents show for the school. They welcome new teachers with thoughtful gifts, provide meals during parent- teacher conferences, and set up coffee/breakfast bar to kick off the school year. Their end of the year appreciation gifts and treats remind our educators how valued they are. This kind of involvement truly strengthens the connection between families and the school, creating a caring and positive environment for everyone. Our school also offers many opportunities for parents to stay connected and involved, such as literacy nights and regular/open communication from teachers and staff. These efforts help build strong relationships and a true sense of partnership in our students’ education.”
- Katie Holland
 - Parent of a student in Elm Creek Public School District and Educator
 - “As a teacher and a parent I am fortunate enough to see both sides of education at ECPS. Education is the center of our community. As a teacher, when I ask for help sourcing materials or volunteers I am always amazed at the quickly received generosity of our parents. Parents also reach out to me with support without asking. We are a team here at Elm Creek Public Schools! At conferences, I have been in close contact with parents to the point where a formal conference is not necessarily needed. Likewise, as a parent, I am fully invested in our school. The students in my son’s classes are my kids, too. It is apparent in all of the activities our school provides. The camaraderie our patrons provide collectively as a whole of our students makes me so proud to be a buffalo!
