4.2. Personnel

4.2.1. Consider the resignation of certificated staff.

I make a motion to deny the request for release from contract submitted after the established deadline, in accordance with board policy and in consideration of the district's staffing needs for the upcoming school year. Passed with a motion by Lisa Brass and a second by Kelly Terrell.

Kelly Terrell:	Yea

Dr. Jonas opened the discussion by outlining the district's established March 15th contract deadline, which serves as a critical safeguard for ensuring appropriate staffing and instructional continuity for the upcoming school year. She explained that resignations submitted after this date create significant recruitment challenges and threaten the stability of student programming. Dr. Jonas advised the Board that while they have the authority to consider late requests, they must weigh the operational impact on the district and ensure that policy is applied consistently across all cases. She emphasized that the district's responsibility is to prioritize the needs of the students and the organization over the individual circumstances of a specific teacher. Consequently, she recommended the denial of Mr. Nolan Sughroue's resignation request to uphold these professional standards.

During the discussion, Mrs. Jobman asked for a detailed explanation of the procedural outcomes should the Board choose to deny the request. Dr. Jonas clarified that if a resignation is denied, the teacher is legally expected to retain their position within the district. If the individual attempts to take a different educational position elsewhere, the district's primary recourse is to file a report with the Professional Practices Committee regarding the abrogation of the contract. Dr. Jonas noted that by demonstrating the employee failed to report for work, the district can move to have the teacher's certificate suspended for one year.

Following this explanation, Mr. Fornoff invited further questions or comments from the Board and the Personnel Committee. With no further inquiries, Mrs. Brass moved to deny the request for release from the contract, citing the need to adhere to established Board policy and the specific staffing requirements for the upcoming school year.

4.3. **Surplus**

Motion to authorize the sale or disposal of the specified items as presented Passed with a motion by Matt Dalrymple and a second by Lisa Brass.

Dr. Jonas initiated a discussion regarding the annual "spring cleaning" process, where the district identifies equipment, furniture, and materials that are no longer functional, safe, or aligned with current instructional and operational needs. A primary focus of this year's surplus declaration is the disposal of old English Language Arts (ELA) materials. Dr. Jonas explained that with the recent arrival of a new ELA curriculum, it is vital to maintain "instructional fidelity" by removing outdated materials so that the effectiveness of the new set can be accurately evaluated. Logistically, she noted that the new materials have already arrived and are currently staged in the hallways, necessitating the immediate removal of the old sets to clear necessary storage space.

Regarding the disposal process, Dr. Jonas detailed that Mrs. Tiller has already reached out to other schools utilizing these materials. If no buyer is found through those professional connections, the items will be discarded.

Additionally, Dr. Jonas requested that certain low-value items be approved for inclusion in the citywide garage sale. Examples of these items include cycled-out weight room equipment and "big books" from older classroom sets that, while no longer useful for district instruction, may still hold value for local daycares or preschools. In response to a clarification from Mr. Fornoff, Dr. Jonas confirmed that the citywide garage sale is scheduled for June 20th. She noted that the district's cheerleading squad typically organizes this event to take advantage of the high volume of visitors in town for the citywide sale.

Following the presentation, Mr. Fornoff asked if there were any further questions. No additional questions.

4.4. **Discuss and consider approval of lunch prices for 2026-2027 school year.**

Motion to approve the meal prices as presented Passed with a motion by Becky Jobman and a second by Kelly Terrell.

Lisa Brass:	Yea
Matt Dalrymple:	Yea

Ryan Sukraw:	Yea
Kelly Terrell:	Yea

Dr. Jonas presented a proposal to adjust meal prices for the upcoming school year, citing federal lunch program requirements. She explained that the federal government requires districts to gradually move meal prices toward the reimbursement rate, which currently stands at $5.08 per meal. In reviewing a comparative array of similar-sized and

geographically nearby districts, Dr. Jonas noted that while the district's breakfast prices are currently in the middle of the range, its lunch prices are tied with Cozad for the lowest in the area.

Dr. Jonas emphasized that while low prices benefit consumers, the lunch account is currently showing a monthly deficit because the billing rate is significantly lower than the actual $5.08 cost of a reimbursable meal. To maintain a healthy balance and ensure long-term sustainability, she recommended the following price adjustments:

- Elementary and Junior/Senior High Breakfast: An increase of $0.05, bringing the price to $2.00.
- Elementary and Junior/Senior High Lunch: An increase of $0.15.

During the discussion, Mr. Fornoff inquired about the percentage of the student population receiving free or reduced-price lunches. Dr. Jonas confirmed that approximately 33% of the K-12 population qualifies, with the elementary building seeing a higher rate of about 48% and the secondary building a slightly lower rate.

Mrs. Terrell asked if potential changes to federal nutritional guidelines (the "food pyramid") would increase costs. Dr. Jonas confirmed that a shift toward whole foods, while nutritionally ideal, would likely be more expensive than the processed foods currently served as a result of legislation. She expressed support for a return to recognizable whole foods should legislative backing become available.

Mr. Fornoff concluded the discussion by stating that the proposed increases are reasonable given the current economic state and the district's position in the comparative array. No further questions were raised by the Board.

4.5. **Consider Engagement with Abby Janzing, LLC for District Audit Services**

Motion to approve formal engagement with Abby Janzing, LLC as presented Passed with a motion by Ryan Sukraw and a second by Matt Dalrymple.

Lisa Brass:	Yea
Matt Dalrymple:	Yea
Kyle Fornoff:	Yea
Becky Jobman:	Yea
Ryan Sukraw:	Yea
Kelly Terrell:	Yea

Dr. Jonas presented the formal engagement letter from Abby Janzing LLC, the firm selected to conduct the district’s upcoming audits. She reminded the Board that this transition was necessitated by the district’s previous firm, KSO CPAs, exiting the school audit field. In response, the Finance Committee issued a Request for Proposals (RFP). After a thorough evaluation of two high-quality submissions—specifically reviewing costs, services, and

client satisfaction—the committee determined that Abby Janzing LLC would be the most effective fit for the district.

During the discussion, Mrs. Jobman, representing the Finance Committee, noted that the firm's approach is much better tailored to the specific needs of the district. She highlighted that their services are specifically designed to align with Nebraska-based requirements and standards, making them a superior choice for the district's compliance needs.

Mr. Fornoff thanked the Finance Committee for their due diligence in vetting the proposals. No further questions or comments.

5. **Informational Items**

5.1. **Strategy 1 Update**

Dr. Jonas opened the presentation by highlighting that the district is currently completing its five-year strategic plan. Strategy 1, which focuses on fostering the social-emotional well-being of staff and students, was a community-driven priority. Dr. Jonas noted that the district has moved from the planning phases to being "operational" and "highly functional" across all three sub-strategies.

Strategy 1.1: Community Collaboration

Mrs. McKenna and Mrs. Floyd detailed the initiatives used to bridge the gap between the school and the community:

- Engagement Events: The district's "Back-to-School Night" and "Family Nights" have become cornerstones for relationship building, featuring unplugged activities and shared meals to foster family connections.
- Mentorship & Literacy: The New Teacher Mentoring program has become a model for other districts in the state. Additionally, the TeamMates program remains one of the largest in Nebraska. Literacy-focused initiatives like "One School, One Book" have successfully engaged families in shared reading.
- Financial Literacy: The Swede Branch Bank has operated for three years, teaching sixth graders financial responsibility. Over this period, participating students have processed approximately $4,000 in checks.

Strategy 1.2: Staff Well-Being and Empowering Culture

The presenters emphasized that a school cannot be the best place for students to learn unless it is the best place for teachers to work. Key highlights included:

- Culture & Connection: The "Culture Club" and "Woot Woot Wagon" provide staff with regular recognition and morale boosts. New initiatives like "Tell Us Something Good" and "Meet the Teacher" profiles help staff and community members connect on a personal level.

- Professional Wellness: Staff have participated in self-defense classes, end-of-year celebrations (such as "Axes and Aces"), and the EHA wellness program through Blue Cross Blue Shield, which offers wellness challenges and financial incentives.

- Professional Development: The district has increased training opportunities for paraprofessionals and recently completed a voluntary book study on educator wellness with nearly 40 staff members.

Strategy 1.3: Systems and Programs for School-Wide Fidelity

The final component of the strategy focuses on the integration of mental health and behavioral systems:

- Curriculum & Training: The district utilizes "Character Strong" for K-8 character development and "Classroom 180" for trauma-informed care. A grant through the NDE School Mental Health Project enabled the creation of "calming corners" in classrooms across the district.

- Behavioral Support: The Swede Way Committee has established common expectations across the buildings. Positive reinforcement is prioritized through "Super Swede" recognitions and a record-high number of positive office referrals this year.

- Health and Wellness Innovations: The junior and senior high schools held a successful Health and Wellness Day featuring art, dog, and equine therapy. Additionally, the district has promoted the "Wait Until 8th" initiative to help families navigate social media and cell phone usage.

Conclusion

Mrs. McKenna noted that while the five-year strategic window for Strategy 1 is closing, these practices have become "how the district does business every day" and will continue indefinitely. Dr. Jonas concluded by commending the staff for the immense amount of work accomplished over the last five years and announced that the Strategy 2 update would be presented next month.

5.2. American Civics Report

Dr. Jonas presented the annual American Civics Report, a document required by state statute to ensure the district is providing proper instruction in American civics, social studies, and government. She emphasized that this report serves as a formal update to the Board,

confirming that Gothenburg Public Schools remains in full compliance with state law and maintains its commitment to preparing students for active participation in democracy.

To meet the state's statutory requirements, the district has selected the Citizenship Test option. Dr. Jonas reviewed the data from the current school year's required American Government classes:

- First Semester: 30 students were enrolled in Mr. Scott’s course.
- Second Semester: 27 students were enrolled.

Dr. Jonas provided the Board with the distribution of passing scores for these cohorts, demonstrating that students are successfully meeting the criteria. Following the presentation, Dr. Jonas asked if there were any questions regarding the choice of the citizenship test or the student results. No questions were raised by the Board.

5.3. **Computer Science Standards Report**

Dr. Jonas provided a report on the district’s compliance with new state requirements regarding computer science standards. She noted that Gothenburg Public Schools was "ahead of the curve" in this area, as computer science and personal finance have been established graduation requirements within the district for several years.

The report detailed the implementation timeline and the specific essential standards included in the curriculum. Dr. Jonas provided a status update on the **Class of 2027 (current juniors)** to demonstrate the effectiveness of the district’s tracking:

- Out of 46 students, 42 have already completed the required course.
- Two students are finishing the requirement this year.
- The remaining two students are enrolled for the upcoming academic year.

Dr. Jonas highlighted the "two-pronged" approach used by the district, where students satisfy requirements through a combination of personal finance and computer science options. She also commended **Mrs. Baker** for her proactive auditing process, which ensures that all incoming ninth graders include computer science in their long-term graduation plans. No questions were raised following the report.

5.4. **Financial Literacy Status Report**

Dr. Jonas explained that this report outlines the "essential learnings" integrated into the district’s curriculum, which, like the computer science standards, are a foundational requirement for graduation.

Dr. Jonas detailed that the primary objective of the course is to equip students with the skills necessary to make informed financial decisions as they transition into adulthood. The curriculum covers practical, real-world financial concepts, including:

- Debt Management: Understanding the long-term impact of making only minimum payments on credit cards.
- Home Ownership: Educational components regarding how mortgages function and the long-term cost benefits of paying down principal balances early.
- Formalized Instruction: Providing a structured environment for conversations about money that students may or may not be exposed to at home.

Dr. Jonas noted that by reinforcing these concepts in a classroom setting, the district provides a critical "second voice" to the financial advice students receive from their parents, ensuring they are well-prepared for the economic realities of life after graduation.

5.5. **FAFSA Report**

Dr. Jonas presented the final required statutory report regarding the **Free Application for Federal Student Aid (FAFSA)**. She noted that new legislation enacted last year now requires school districts to report these figures and mandates that students either complete the FAFSA or formally opt out as part of their graduation requirements.

Dr. Jonas provided the following data for Gothenburg Public Schools for the current academic year:

- **Instruction:** 56 students were provided with formal instructions and guidance on how to complete the FAFSA in accordance with state law.
- **Completions:** 38 students successfully completed the FAFSA application.
- **Opt-outs:** 18 students utilized the official opt-out form to satisfy the requirement.

This report confirms the district’s compliance with the new legislative mandate aimed at increasing financial aid awareness and college accessibility for graduating seniors.

5.6. **Discuss open coaching positions.**

Dr. Jonas provided a general overview of the district’s coaching and activity sponsorship roster. She noted that the list of coaches is extensive, reflecting the high level of student participation and the numerous accomplishments of student-athletes and activity participants mentioned earlier in the meeting.

Regarding the staffing of these positions, Dr. Jonas highlighted the district's recruitment philosophy:

- **Internal Priority:** The district operates with a "teacher-first" mentality. While teachers are encouraged to coach and are viewed as a significant benefit to both the students and the athletic programs, their primary responsibility remains in the classroom.

- **Recruitment Process:** All coaching and sponsorship positions are first opened to internal staff members.

- **External Candidates:** Dr. Jonas acknowledged that it would be a significant challenge to fill every position using only internal staff. Consequently, when a role cannot be filled by a teacher, the district explores "creative avenues" to recruit qualified individuals from the community or outside the organization to ensure all programs remain fully staffed and operational.

Following the overview, **Mr. Fornoff** asked if there were any questions regarding the staffing process or the current roster. No questions or concerns were raised by the Board.

6. **Reports**

6.1. **Board of Education Reports**

- Personnel Committee - Mr. Fornoff, confirmed they have not met.

- Transportation and Facilities - Mr. Dalrymple provided an update on the progress of the district's construction and design planning. He reported that the committee recently met with the architects to review several potential design options. Through this collaborative process, the committee is narrowing the selection down to a single design that prioritizes cost-effectiveness while meeting the district's needs. The project is currently in the stage where the architects are finalizing the formal concept renderings based on that feedback.

- Finance - Mrs. Jobman provided the monthly financial update, noting that she had reviewed the current numbers and activity budgets. She expressed appreciation for Mr. Mroczek's diligent oversight of these accounts over the last two years, highlighting that departments have done an excellent job of adhering to their established budgets. The committee also discussed the secure entry project, specifically the planned utilization of Qualified Capital Purpose Undertaking Fund (QCPUF) resources, which the district has been strategically allocating for several years. Regarding upcoming revenue, Mrs. Jobman noted that tax receipts are expected to pick up significantly next month, marking one of the district's largest receipt periods of the year. Additionally, she shared an update from Dr. Jonas regarding federal grant funds. While an update or opening of these funds typically occurs in April, the district has not yet received word from the federal level and will continue to monitor the situation for further information.

- Committee on American Civics - Mrs. Terrell confirmed they have not met.
- Policy Review Mr. Fornoff confirmed no policy updates.

4. Excuse Absent Board Members

4.2. Personnel

4.2.1. Consider the resignation of certificated staff.

Rationale: The district establishes a March 15th contract deadline to ensure appropriate staffing and continuity for students in the upcoming school year. When resignations are submitted after that deadline, they can create challenges in recruiting and maintaining stable programming. While the board may consider late requests, it must weigh the impact on staffing and operations and apply policy consistently across all situations.

In this case, denying the request supports the district's responsibility to maintain continuity for students and ensure fairness in how policies are applied. While we understand that circumstances can change, decisions like this are based on the needs of the district and its students, not on individual circumstances.

With that in mind, the following letter(s) of resignation have been submitted for consideration:

- Mr. Nolan Sughroue - 7-12 Business Education

4.3. Surplus

Rationale: School districts periodically identify equipment, furniture, and materials that are no longer functional, safe, cost-effective to repair, or aligned with current instructional or operational needs. Surplussing such items allows the district to responsibly dispose of or repurpose outdated or unneeded property, maintain an efficient use of storage space, and ensure that district resources are directed toward items that support student learning and district operations.

The board is asked to consider the following item(s) as surplus:

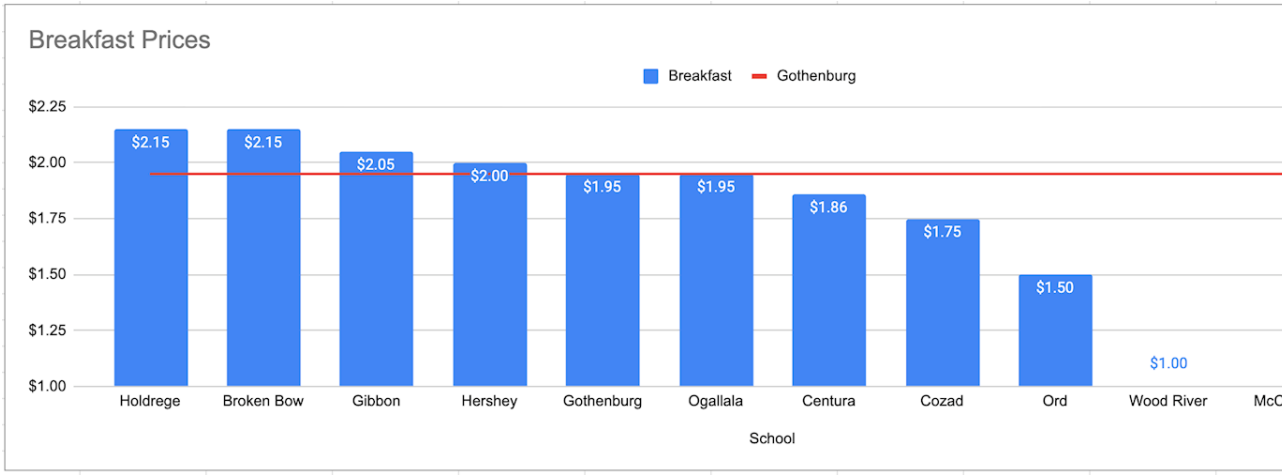

- ELA Surplus Materials

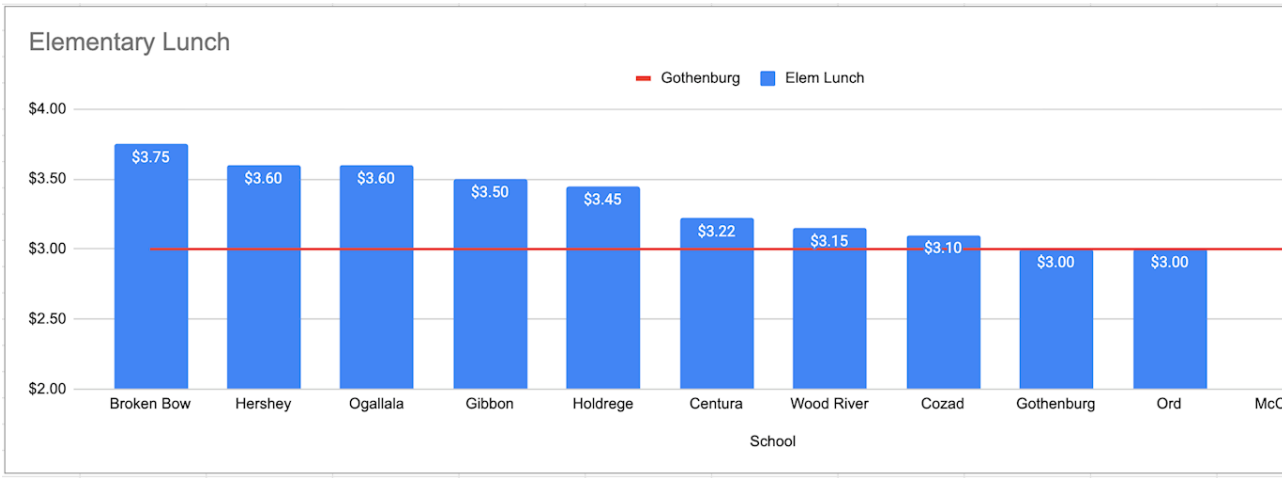

- Garage Sale Items - June 20th

4.4. Discuss and consider approval of lunch prices for 2026-2027 school year.

Rationale: The USDA (Federal) lunch program requires districts to eventually raise the price of their meals to an amount equivalent to a reimbursable meal. For 26-27, the reimbursable meal price is $5.0881.

A comparison of where our prices are within our array is listed below. For brunch, our prices are right in the middle of our array and for lunch, we are tied with Cozad for the lowest price.

It is recommended that we increase our prices as follows:

	2026-2027	$ Increase
Elementary Breakfast	2.00	$0.05
Jr/Sr High Breakfast	2.00	$0.05
Elementary Lunch	3.15	$0.15
Jr/Sr High Lunch	3.45	$0.15
Charged Price	**5.0881**	

4.5. Consider Engagement with Abby Janzing, LLC for District Audit Services

Rationale:

As you know, KSO CPAs, which has provided our audit services for the past several years, has exited the school audit field. In response, the Finance Committee issued a Request for Proposals (RFP) this winter and received two strong submissions.

After a thorough review of services, cost, and client satisfaction, the committee chose to engage with Forward CPA, LLC. The formal engagement letter is attached for your consideration.

5. Informational Items

5.2. American Civics Report

Rationale: State Statute 79-724 requires an annual update on American Civics.

In accordance with Nebraska Revised Statute 79-724, which requires public schools to provide instruction in American civics, social studies, and government, we are providing this annual update to the Board of Education. This report outlines how Gothenburg Public Schools is meeting the statutory requirements. This ensures our continued compliance with state law and our commitment to preparing students to be informed, active participants in our democracy.

Our building principals will provide an overview.

As an informational item, there is no action required.

5.3. Computer Science Standards Report

Rationale: State Statute 79-760.01 requires Computer Science Standards as part of our graduation requirements. Our secondary principal will provide an overview.

As an informational item, there is no action required.

5.4. Financial Literacy Status Report

Rationale: State Statute 79-304 requires an annual update on how we address Financial Literacy. Our building principals will provide an overview.

Personal Finance Essential Learnings

5.5. FAFSA Report

Rationale: In accordance with Nebraska Revised Statute § 79-729, which requires school districts to provide information on financial aid opportunities and encourage FAFSA (Free Application for Federal Student Aid) completion, this update provides the Board with current data on our senior class FAFSA completion rates. Ensuring students complete the FAFSA is an essential step in promoting postsecondary access and affordability. This update reflects our efforts to inform students and families, track completion rates, and support all graduates in pursuing education or training beyond high school.

56 Students were provided instructions for filling out the Free Application for Federal Student Aid (FAFSA) in accordance with SS-79-729.

- 18 students competed the FAFSA opt-out form
- 38 students completed the FAFSA

As an informational item, there is no action required.

5.6. Discuss open coaching positions.

Rationale:

We began advertising open extra-duty positions to all current staff members in February. As part of our hiring process, we ask potential new teachers during their interviews about any extra-duty assignments they are interested in. Once new teachers are hired, Mr. Mroczek follows up with them to share which extra-duty positions are available. Based on their experience and qualifications, they are offered opportunities that align with their interests and Mr. Mroczek keeps them informed about any future openings. After assigning roles to new hires, we continue promoting any remaining opportunities internally and encourage current staff to apply. Occasionally, we receive applications from community members.

We continue to be committed to ensuring that we identify the best individuals to support our student-athletes and uphold the standards of our athletic program. Their knowledge and fit for the position is very important for our programs and we work hard to ensure our student athletes can have the best possible experience.

This is an informational item. No action is required.

Dr. Jonas read over the rationale for the four new staff members starting the upcoming school year.

4.3. **Discuss and consider purchase of ELA materials from HMH Into Reading.**

Motion to approve the purchase of HMH Into Reading as presented Passed with a motion by Kelly Terrell and a second by Ryan Sukraw.

Matt Dalrymple:	Yea
Kyle Fornoff:	Yea
Becky Jobman:	Yea
Ryan Sukraw:	Yea
Kelly Terrell:	Yea

Dr. Jonas reviewed Policy 6004, noting that instructional materials meeting the purchase threshold require a 30-day public review period. She confirmed that this review period has concluded. Dr. Jonas emphasized that parents continue to have access to instructional materials at any time by contacting their classroom teacher or Mrs. Tiller.

Dr. Jonas explained that the English Language Arts (ELA) Committee, composed of teachers representing all grade levels, conducted a comprehensive review of multiple high-quality instructional materials. Following this process, the committee selected *Into Reading* by HMH, citing its engaging content and strong instructional rigor.

The total cost of the adopted materials and associated professional development is $160,746.45, with an ongoing annual online licensing fee of $14,498.70. Dr. Jonas noted that this cost is comparable to the district's previous ELA program purchased approximately seven years ago. Of the three purchasing options presented, Option 3 was selected, as it aligns with prior practices and fits within the district's budget process. Additional details regarding the selection process are available through the provided public link.

Dr. Jonas invited questions from the board.

Mr. Fornoff expressed appreciation to Mrs. Tiller and her team for their work, acknowledging the complexity and length of the process. He noted that he, Mrs. Terrell, and

Mr. Sukraw had met with Mrs. Tiller and her team to review the decision-making process in detail.

Dr. Jonas further commented on the complexity of ELA curriculum adoption, stating that it is among the most challenging content areas to evaluate and implement. She commended Mrs. Tiller for handling the process with professionalism and effectiveness.

Mrs. Tiller recognized Mrs. Floyd and the ESU 10 staff as valuable partners throughout the process.

Mr. Dalrymple also expressed his thanks, acknowledging the significant effort involved.

There were no additional questions or comments from the board.

4.4. **Discuss and consider approval of the purchase of two 2026 Chevrolet Suburbans from Pony Express to replace the district's remaining activity vans.**

Motion to approve the purchase of two 2026 Chevrolet Suburbans from the Depreciation Fund as presented. Passed with a motion by Becky Jobman and a second by Kelly Terrell.

Matt Dalrymple:	Yea
Kyle Fornoff:	Yea
Becky Jobman:	Yea
Ryan Sukraw:	Yea
Kelly Terrell:	Yea

Dr. Jonas reported that the Transportation and Facilities Committee has been planning for this vehicle purchase for several years. She explained that the Nebraska Department of Education previously advised that activity vans are no longer considered an approved method of student transportation. Additionally, the district's insurance provider, ALICAP, has recommended replacing the vans as soon as feasible.

Dr. Jonas noted that the district replaced two activity vans last year and planned to replace the remaining two this year. Both remaining vans have approximately 100,000 miles and have been extensively used. Approval of this purchase will complete the district's transition away from activity vans, ensuring compliance with state guidance and alignment with federal transportation requirements.

Dr. Jonas stated that Pony Express provided fleet pricing of $64,538 per vehicle, along with a trade-in value of $12,000 for each of the remaining vans. This results in a net cost of $52,538 per vehicle and a total purchase price of $105,076 for both units.

Mr. Fornoff invited comments from the Transportation Committee.

Mr. Dalrymple emphasized that student safety is the district's top priority and noted the importance of reducing potential liability exposure. He stated that this purchase represents a

proactive step in that direction. He also shared that coaches prefer driving the replacement vehicles over the vans.

Mrs. Jobman provided clarification that while the vehicles themselves can be insured, liability medical coverage for students transported in activity vans is not provided, which presents a concern. She also noted that the vehicles being considered are basic models but are appropriate for the district's needs.

There were no additional questions or comments.

4.5. **Discuss and consider a contract with Family Physical Therapy and Sport Center beginning August 1st, 2026.**

Motion to approve the contract with Family Physical Therapy and Sport Center as presented
Passed with a motion by Ryan Sukraw and a second by Matt Dalrymple.

Matt Dalrymple:	Yea
Kyle Fornoff:	Yea
Becky Jobman:	Yea
Ryan Sukraw:	Yea
Kelly Terrell:	Yea

Dr. Jonas reported that Gothenburg Public Schools serves several students who receive occupational therapy services through Individualized Education Programs (IEPs). She explained that Family Physical Therapy and Sports Center has provided these services to multiple area schools, including the district, over the past year, and that the partnership has been successful.

Dr. Jonas noted that the proposed contract includes not only occupational therapy services, but also access to speech-language pathology and physical therapy services. While the district is not currently utilizing physical therapy services, the contract allows flexibility to do so if a need arises, such as staff absences or leave.

Dr. Jonas expressed appreciation for the partnership and confidence in its continued positive impact on student outcomes. She added that feedback from Mrs. McKenna and Greg Fiddelke indicates the arrangement has worked well for the district.

Mr. Fornoff shared positive feedback based on personal experience working with therapists from Family Physical Therapy and Sports Center, describing them as professional and highly skilled. He expressed appreciation for the quality of services provided.

There were no additional questions or comments.

5. **Informational Items**

5.1. **Last Day of School**

Dr. Jonas reported that there were no unexpected changes between the March and April board meetings impacting the school calendar. As a result, she confirmed Friday, May 15, as the last day of school for students.

She noted that, by this date, the district will exceed the state-required instructional time, totaling approximately 1,100 hours compared to the required 1,080 hours. The calendar will also include 168 student contact days, consistent with the previous school year.

Dr. Jonas added that teachers will remain in session through Wednesday, May 20, ensuring fulfillment of their contractual obligation of 185 days as outlined in the negotiated agreement.

There were no questions or comments.

He noted that the replacement represents a meaningful upgrade for district transportation needs. The committee also continued discussion regarding the secure entryway project. Mr. Dalrymple stated that efforts are being made to remain budget-conscious, including minimizing the project footprint and avoiding unnecessary expansion. He indicated that a general framework and preliminary design direction have been established and are currently under review. Dr. Jonas added that she has been in frequent communication with project representatives and noted consistent progress. She expressed optimism about continued positive developments prior to the next meeting. Mr. Dalrymple confirmed that the design team is actively responding to district priorities and constraints, and expressed hope that this collaboration continues effectively.

Finance Committee - Mrs. Jobman reported that revenues and expenditures are tracking as expected and are aligning with projected budgets. She provided a brief update regarding federal expenditures, noting a small finalization of approximately $4,800 related to Pre-K Speech-Language services. Loop Group

Our first newly-established stakeholders meeting took place in March. A group of parents and community members with a strong investment in the success of Gothenburg Public Schools met to discuss both strengths and areas for growth. Strengths included a strong academic focus, particularly around MAP growth and using data to support student learning. Communication was also highlighted as a major strength, with families appreciating the use of texts, emails, and calls.

Parents also noted positive school culture efforts, including student recognition and counseling supports, as well as strong programs like Swede Foundations, ACT prep, and college course opportunities. Transitions into 7th and 9th grade were also viewed as having strong processes.

In terms of growth areas, the most consistent theme was the need for more clarity and consistency around MAP assessments—both in how we communicate their purpose and how results are discussed with parents. There were also opportunities identified in strengthening communication expectations, particularly at the elementary level with parent responses and at the high school level with direct communication to students.

Additional areas included providing more information to families about tools like IXL, continuing training and development for paraprofessionals, and addressing some logistical items such as access to communication platforms and scheduling considerations.

Overall, the feedback provides a strong affirmation of the work happening in the district, along with some clear areas for continued improvement.

My next step is to take this feedback and incorporate it into targeted areas where we can create meaningful improvement. This work will be carried forward through the leadership team, administrative team, and, when appropriate, at the board level if policy adjustments are needed. I appreciate the collaboration and insight this group brings and look forward to continuing the conversation as we work to strengthen our school community. Our next meeting is scheduled for May 6th.

Ag Education Program Update

You heard today about the outstanding achievements of our FFA program. These successes are a direct result of dedicated students and the strong support provided by our Ag Education staff and community. We are very proud of the program and its impact on our students.

With a recent staff resignation, we want to provide some context on our process and next steps. The position was posted immediately, and we conducted an active recruitment effort, including outreach to university partners and prospective graduates. While we did receive and interview candidates, we were not able to secure a qualified hire at this time. Recruitment efforts are ongoing.

As we evaluated next steps, we also took a broader look at program enrollment trends and long-term sustainability. Ag Education enrollment has declined in recent years, and some course sections currently have very low numbers. Based on these trends, the district had previously discussed the possibility of transitioning to a single-teacher model if enrollment warranted. This model has been successfully implemented in the past and remains a viable structure.

Moving to one Ag Education teacher at this time allows us to align staffing with current enrollment while continuing to offer core programming and maintain a strong FFA presence. We also recognize that FFA is a significant and valuable component of the program, requiring substantial time and support beyond the school day.

We are committed to supporting the continued success of FFA and are exploring additional ways to provide that support. This may include increased involvement from community partners and alumni, as well as exploring alternative staffing or support models for components such as the greenhouse and other program needs.

Our goal is to ensure the Ag Education program remains strong, sustainable, and responsive to student interest, while continuing to provide meaningful opportunities for student involvement and success.

IN CASE OF ERRORS OR QUESTIONS ABOUT YOUR ELECTRONIC TRANSFERS

Telephone or write us at the telephone number or address located on the front of this statement as soon as you can, if you think your statement or receipt is wrong or if you need more information about a transfer on the statement or receipt. We must hear from you no later than 60 days after we sent you the FIRST statement on which the error or problem appeared.

(1) Tell us your name and account number (if any).
(2) Describe the error or the transfer you are unsure about, and explain as clearly as you can why you believe there is an error or why you need more information.
(3) Tell us the dollar amount of the suspected error.

We will investigate your complaint and will correct any error promptly. If we take more than 10 business days to do this, we will recredit your account for the amount you think is in error, so that you will have the use of the money during the time it takes us to complete our investigation.

YOUR HOME EQUITY LINES OF CREDIT SUMMARY OF RIGHTS IS OUTLINED BELOW.

This is a summary of your rights; a full statement of your rights and our responsibilities under the Federal Fair Credit Billing Act will be sent to you upon request and in response to a billing error notice.

Your Home Equity Lines of Credit is operated in conjunction with your Demand Deposit Account. Any charges for your checking account will be made to the Demand Deposit Account and they will be the same charges as are made for Demand Deposit Accounts not operated in conjunction with Home Equity Lines of Credit. The following information thus applies only to loans made to you under your Home Equity Lines of Credit line of credit.

IN CASE OF ERRORS OR QUESTIONS ABOUT YOUR DEMAND DEPOSIT LOAN

If you think your bill is wrong, or if you need more information about a transaction on your bill, write us on a separate sheet at the address located on the front of this bill as soon as possible. We must hear from you no later than 60 days after we sent you the first bill on which the error or problem appeared. You can telephone us, but doing so will not preserve your rights. In your letter, give us the following information:

(1) Your name and account number.
(2) The dollar amount of the suspected error.
(3) Describe the error and explain, if you can, why you believe there is an error. If you need more information, describe the item you are unsure about.

You do not have to pay any money in question while we are investigating, but you are still obligated to pay the parts of your bill that are not in question. While we investigate your question, we cannot report you as delinquent or take any action to collect the amount you question.

We figure a portion of the **FINANCE CHARGE** on your Home Equity Lines of Credit by applying the daily periodic rate(s) to the "Daily Balance" of your account for the billing cycle. To get the "Daily Balance" we take the beginning balance of your account each day, add any new advances, and subtract any payments or credits and unpaid **FINANCE CHARGES**. This gives us the daily balance.

The minimum periodic payment required is shown on the front of this bill. You may pay off your Home Equity Lines of Credit loan balance at any time, or make voluntary additional payments. Payments shall be applied, first to any unpaid FINANCE CHARGES, and second the principal loan balance outstanding in your Home Equity Lines of Credit. Periodic statements may be sent to you at the end of each billing cycle showing your Home Equity Lines of Credit loan transactions.

Financial Literacy:

- Dayspring Bank spent time with our 1st-3rd grade students in recognition of Teach A Child To Save Day! We appreciate their commitment to financial education and the fun, engaging way they help our students learn the value of saving. 💰📚
- On Wednesday, April 22nd, the Dayspring Bank Gothenburg team spent the afternoon with 1st, 2nd, and 3rd graders at Gothenburg Public Schools celebrating National Teach Children to Save Day! 💰📚 Led by the American Bankers Association, this annual initiative focuses on helping young students build strong financial habits early—teaching the importance of saving, setting goals, and making smart money choices. They had so much fun sharing a money-saving lesson and engaging with our Dudley students!

- Flatwater Bank brought their staff to speak with our 4th-6th grade students in honor of Teach A Child To Save Day 📚💰 on Thursday, April 23rd in the PAC. Our students loved learning about smart money habits in such a fun, engaging, and memorable way. 💡👏
- The Flatwater team had a great time talking with 4th, 5th, and 6th grade students about how to turn wishes into goals and why saving money matters. They love opportunities like this to encourage financial literacy and help kids start thinking about their future in a positive way. To celebrate, they gave away 9 savings vouchers to students and a $250 voucher toward a 529 college savings account. It was such a fun way to support big dreams and smart saving! 💵🎓

Spring Music Programs:
Our 5th & 6th grade bands will perform for guests in the PAC on May 14th @ 6:00. This is a wonderful opportunity for our kids who are learning to love playing an instrument, perform for an audience.

Super Swedes:
As we conclude the school year, we continue to recognize our Super Swedes during the 4th quarter. 572 students have been recognized throughout the year for following the Swede Shield and we have one more week left to celebrate our students for being Respectful, Responsible, Safe & Kind. We do have great kids!

Swede Way Tickets: 31,032 “Swede Way” Tickets have been given to students for following the Swede Shield.

Positive Office Referrals:
Over 200 Positive Office Referrals have been submitted by staff this year. They are focusing on recognizing students for doing things “THE SWEDE WAY” which is being SAFE, KIND, RESPECTFUL, & RESPONSIBLE! After making a positive call home, students have had the opportunity to sign the big graffiti board in the hallway!

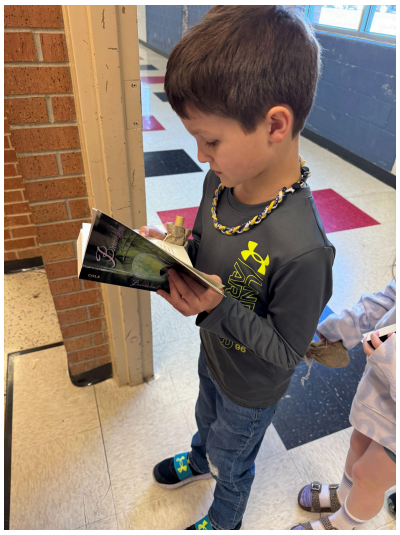

Dudley Elementary Family Night 2026 (In Our Swede Era):
Dudley Elementary’s 2026 Family Night was a great success, celebrating our theme: *In Our Swede Era.* Families signed in via QR code and explored multiple engaging stations focused on fun, connection, and community. We had nearly 150+ in attendance for our event! Activities included family games, creative challenges, reading time, face painting, and a shared meal in the cafeteria. The gym featured popular stations like Yard Games, bracelet making along with puzzles.

We were proud to partner with local organizations including Gothenburg Fire Department, Gothenburg Health, Flatwater Bank, The Impact Center, and the Gothenburg Public Library. Their involvement helped make the evening meaningful and memorable for all who attended.

One School One Book: Brambleheart 2026

During the months of March and April, Dudley Elementary participated in our *One School, One Book* initiative with the novel *Brambleheart* by Henry Cole. Every student and staff member received a copy of the book, creating a shared reading experience that brought our school community together. A 21 day reading challenge was shared with families which allowed them to explore a heartwarming story of courage, friendship, resilience and teamwork. Students now have the opportunity to win one of 8 copies of Bayberry Island which is the sequel to Brambleheart!

ELA IPGs @ Dudley

On May 6th, Claudine Kennicutt, Regional Literacy Coach from ESU #10, joined us for a reflection and learning session centered on the English Language Arts (ELA) Instructional Practice Guide (IPG). This session allowed us to review collective data compiled from 22 instructional walkthroughs conducted between December and May. The walkthroughs were a collaborative effort between Claudine, Mrs. Butterfield, and myself to observe the "Instructional Core"; the interaction between the teacher, the student, and the content. As a CLSD Grant school, we are required to conduct these IPGs next year, and having this first year of data under our belt ensures we are moving forward with confidence and experience.

Key Highlights & Presentation Details:

- Defining the IPG: It is important to note that the IPG is a tool used to provide content-specific feedback and identify district-wide trends in literacy instruction; it is not a teacher evaluation tool.
- District Data Results: Our collective data shows that Core Action 3B **(Students provide accurate text evidence to support the explanation of their ideas and display precision in their oral and/or written responses.)** is an area to focus on.
- Low-Inference Note Taking: During the session, we practiced taking "low-inference" notes—focusing strictly on observable evidence of what teachers and students say and do, rather than personal opinions or evaluative conclusions.
- Interactive Practice: Teachers watched a video of a 4th-grade ELA lesson focused on identifying the main idea (Standard LA.4.RI.1). This provided a great platform for discussion on the key components of a strong lesson, specifically how questions and tasks help students deeply engage with complex texts.

The goal of this work is to ensure all students have access to high-quality, grade-level content. We look forward to using these insights as we plan for implementation with our new core materials.

Legislative Update

Student discipline procedures will be updated this summer to comply with the new requirements.

Option enrollment and reporting requirements are expanding, increasing administrative responsibilities related to enrollment data, learning community disclosures, and annual reporting deadlines.

School meal requirements continue evolving, including a new Hunger-Free Schools Pilot Program and restrictions on certain food dyes in school meals beginning August 1, 2027.

Mental health and student survey practices will receive increased attention, including studies examining student mental health screenings, parental consent, privacy protections, and exclusionary discipline practices in elementary schools. Anticipate an impact on chronic absenteeism.

Substitute Teacher certification barriers were reduced through elimination of the human relations training requirement and updates to the Teacher Apprenticeship Program, with the goal of improving educator recruitment pipelines.

Special education funding concerns remain a major advocacy issue, as the Legislature formally urged Congress to fully fund IDEA due to ongoing cost burdens placed on local school districts.

4.3. **Discuss and consider purchase of ELA materials from HMH Into Reading.**

Motion to approve the purchase of HMH Into Reading as presented Passed with a motion by Kelly Terrell and a second by Ryan Sukraw.

Kyle Fornoff:	Yea

Dr. Jonas reviewed Policy 6004, noting that instructional materials meeting the purchase threshold require a 30-day public review period. She confirmed that this review period has concluded. Dr. Jonas emphasized that parents continue to have access to instructional materials at any time by contacting their classroom teacher or Mrs. Tiller.

Dr. Jonas explained that the English Language Arts (ELA) Committee, composed of teachers representing all grade levels, conducted a comprehensive review of multiple high-quality instructional materials. Following this process, the committee selected *Into Reading* by HMH, citing its engaging content and strong instructional rigor.

The total cost of the adopted materials and associated professional development is $160,746.45, with an ongoing annual online licensing fee of $14,498.70. Dr. Jonas noted that this cost is comparable to the district's previous ELA program purchased approximately seven years ago. Of the three purchasing options presented, Option 3 was selected, as it aligns with prior practices and fits within the district's budget process. Additional details regarding the selection process are available through the provided public link.

Dr. Jonas invited questions from the board.

Mr. Fornoff expressed appreciation to Mrs. Tiller and her team for their work, acknowledging the complexity and length of the process. He noted that he, Mrs. Terrell, and

Mr. Sukraw had met with Mrs. Tiller and her team to review the decision-making process in detail.

Dr. Jonas further commented on the complexity of ELA curriculum adoption, stating that it is among the most challenging content areas to evaluate and implement. She commended Mrs. Tiller for handling the process with professionalism and effectiveness.

Mrs. Tiller recognized Mrs. Floyd and the ESU 10 staff as valuable partners throughout the process.

Mr. Dalrymple also expressed his thanks, acknowledging the significant effort involved.

There were no additional questions or comments from the board.

4.4. **Discuss and consider approval of the purchase of two 2026 Chevrolet Suburbans from Pony Express to replace the district's remaining activity vans.**

Motion to approve the purchase of two 2026 Chevrolet Suburbans from the Depreciation Fund as presented. Passed with a motion by Becky Jobman and a second by Kelly Terrell.

Dr. Jonas reported that the Transportation and Facilities Committee has been planning for this vehicle purchase for several years. She explained that the Nebraska Department of Education previously advised that activity vans are no longer considered an approved method of student transportation. Additionally, the district's insurance provider, ALICAP, has recommended replacing the vans as soon as feasible.

Dr. Jonas noted that the district replaced two activity vans last year and planned to replace the remaining two this year. Both remaining vans have approximately 100,000 miles and have been extensively used. Approval of this purchase will complete the district's transition away from activity vans, ensuring compliance with state guidance and alignment with federal transportation requirements.

Dr. Jonas stated that Pony Express provided fleet pricing of $64,538 per vehicle, along with a trade-in value of $12,000 for each of the remaining vans. This results in a net cost of $52,538 per vehicle and a total purchase price of $105,076 for both units.

Mr. Fornoff invited comments from the Transportation Committee.

Mr. Dalrymple emphasized that student safety is the district's top priority and noted the importance of reducing potential liability exposure. He stated that this purchase represents a

proactive step in that direction. He also shared that coaches prefer driving the replacement vehicles over the vans.

Mrs. Jobman provided clarification that while the vehicles themselves can be insured, liability medical coverage for students transported in activity vans is not provided, which presents a concern. She also noted that the vehicles being considered are basic models but are appropriate for the district's needs.

There were no additional questions or comments.

4.5. **Discuss and consider a contract with Family Physical Therapy and Sport Center beginning August 1st, 2026.**

Motion to approve the contract with Family Physical Therapy and Sport Center as presented
Passed with a motion by Ryan Sukraw and a second by Matt Dalrymple.

Dr. Jonas reported that Gothenburg Public Schools serves several students who receive occupational therapy services through Individualized Education Programs (IEPs). She explained that Family Physical Therapy and Sports Center has provided these services to multiple area schools, including the district, over the past year, and that the partnership has been successful.

Dr. Jonas noted that the proposed contract includes not only occupational therapy services, but also access to speech-language pathology and physical therapy services. While the district is not currently utilizing physical therapy services, the contract allows flexibility to do so if a need arises, such as staff absences or leave.

Dr. Jonas expressed appreciation for the partnership and confidence in its continued positive impact on student outcomes. She added that feedback from Mrs. McKenna and Greg Fiddelke indicates the arrangement has worked well for the district.

Mr. Fornoff shared positive feedback based on personal experience working with therapists from Family Physical Therapy and Sports Center, describing them as professional and highly skilled. He expressed appreciation for the quality of services provided.

There were no additional questions or comments.

5. **Informational Items**

5.1. **Last Day of School**

Dr. Jonas reported that there were no unexpected changes between the March and April board meetings impacting the school calendar. As a result, she confirmed Friday, May 15, as the last day of school for students.

She noted that, by this date, the district will exceed the state-required instructional time, totaling approximately 1,100 hours compared to the required 1,080 hours. The calendar will also include 168 student contact days, consistent with the previous school year.

Dr. Jonas added that teachers will remain in session through Wednesday, May 20, ensuring fulfillment of their contractual obligation of 185 days as outlined in the negotiated agreement.

There were no questions or comments.

He noted that the replacement represents a meaningful upgrade for district transportation needs. The committee also continued discussion regarding the secure entryway project. Mr. Dalrymple stated that efforts are being made to remain budget-conscious, including minimizing the project footprint and avoiding unnecessary expansion. He indicated that a general framework and preliminary design direction have been established and are currently under review. Dr. Jonas added that she has been in frequent communication with project representatives and noted consistent progress. She expressed optimism about continued positive developments prior to the next meeting. Mr. Dalrymple confirmed that the design team is actively responding to district priorities and constraints, and expressed hope that this collaboration continues effectively.

Finance Committee - Mrs. Jobman reported that revenues and expenditures are tracking as expected and are aligning with projected budgets. She provided a brief update regarding federal expenditures, noting a small finalization of approximately $4,800 related to Pre-K Speech-Language services. Along with the book, each child received a small burlap sack with a scroll and treasure, reading schedule and a letter with more details for families.

We've encouraged families to read *Brambleheart* together at home, following a 19-day reading schedule designed to make this a shared and memorable experience.

Loop Group

Our first newly-established stakeholders meeting took place in March. A group of parents and community members with a strong investment in the success of Gothenburg Public Schools met to discuss both strengths and areas for growth. Strengths included a strong academic focus, particularly around MAP growth and using data to support student learning. Communication was also highlighted as a major strength, with families appreciating the use of texts, emails, and calls.

Parents also noted positive school culture efforts, including student recognition and counseling supports, as well as strong programs like Swede Foundations, ACT prep, and college course opportunities. Transitions into 7th and 9th grade were also viewed as having strong processes.

In terms of growth areas, the most consistent theme was the need for more clarity and consistency around MAP assessments—both in how we communicate their purpose and how results are discussed with parents. There were also opportunities identified in strengthening communication expectations, particularly at the elementary level with parent responses and at the high school level with direct communication to students.

Additional areas included providing more information to families about tools like IXL, continuing training and development for paraprofessionals, and addressing some logistical items such as access to communication platforms and scheduling considerations.

Overall, the feedback provides a strong affirmation of the work happening in the district, along with some clear areas for continued improvement.

My next step is to take this feedback and incorporate it into targeted areas where we can create meaningful improvement. This work will be carried forward through the leadership team, administrative team, and, when appropriate, at the board level if policy adjustments are needed. I appreciate the collaboration and insight this group brings and look forward to continuing the conversation as we work to strengthen our school community. Our next meeting is scheduled for May 6th.

Ag Education Program Update

You heard today about the outstanding achievements of our FFA program. These successes are a direct result of dedicated students and the strong support provided by our Ag Education staff and community. We are very proud of the program and its impact on our students.

With a recent staff resignation, we want to provide some context on our process and next steps. The position was posted immediately, and we conducted an active recruitment effort, including outreach to university partners and prospective graduates. While we did receive and interview candidates, we were not able to secure a qualified hire at this time. Recruitment efforts are ongoing.

As we evaluated next steps, we also took a broader look at program enrollment trends and long-term sustainability. Ag Education enrollment has declined in recent years, and some course sections currently have very low numbers. Based on these trends, the district had previously discussed the possibility of transitioning to a single-teacher model if enrollment warranted. This model has been successfully implemented in the past and remains a viable structure.

Moving to one Ag Education teacher at this time allows us to align staffing with current enrollment while continuing to offer core programming and maintain a strong FFA presence. We also recognize that FFA is a significant and valuable component of the program, requiring substantial time and support beyond the school day.

We are committed to supporting the continued success of FFA and are exploring additional ways to provide that support. This may include increased involvement from community partners and alumni, as well as exploring alternative staffing or support models for components such as the greenhouse and other program needs.

Our goal is to ensure the Ag Education program remains strong, sustainable, and responsive to student interest, while continuing to provide meaningful opportunities for student involvement and success.

IN CASE OF ERRORS OR QUESTIONS ABOUT YOUR ELECTRONIC TRANSFERS

Telephone or write us at the telephone number or address located on the front of this statement as soon as you can, if you think your statement or receipt is wrong or if you need more information about a transfer on the statement or receipt. We must hear from you no later than 60 days after we sent you the FIRST statement on which the error or problem appeared.

(1) Tell us your name and account number (if any).
(2) Describe the error or the transfer you are unsure about, and explain as clearly as you can why you believe there is an error or why you need more information.
(3) Tell us the dollar amount of the suspected error.

We will investigate your complaint and will correct any error promptly. If we take more than 10 business days to do this, we will recredit your account for the amount you think is in error, so that you will have the use of the money during the time it takes us to complete our investigation.

YOUR HOME EQUITY LINES OF CREDIT SUMMARY OF RIGHTS IS OUTLINED BELOW.

This is a summary of your rights; a full statement of your rights and our responsibilities under the Federal Fair Credit Billing Act will be sent to you upon request and in response to a billing error notice.

Your Home Equity Lines of Credit is operated in conjunction with your Demand Deposit Account. Any charges for your checking account will be made to the Demand Deposit Account and they will be the same charges as are made for Demand Deposit Accounts not operated in conjunction with Home Equity Lines of Credit. The following information thus applies only to loans made to you under your Home Equity Lines of Credit line of credit.

IN CASE OF ERRORS OR QUESTIONS ABOUT YOUR DEMAND DEPOSIT LOAN

If you think your bill is wrong, or if you need more information about a transaction on your bill, write us on a separate sheet at the address located on the front of this bill as soon as possible. We must hear from you no later than 60 days after we sent you the first bill on which the error or problem appeared. You can telephone us, but doing so will not preserve your rights. In your letter, give us the following information:

(1) Your name and account number.
(2) The dollar amount of the suspected error.
(3) Describe the error and explain, if you can, why you believe there is an error. If you need more information, describe the item you are unsure about.

You do not have to pay any money in question while we are investigating, but you are still obligated to pay the parts of your bill that are not in question. While we investigate your question, we cannot report you as delinquent or take any action to collect the amount you question.

We figure a portion of the **FINANCE CHARGE** on your Home Equity Lines of Credit by applying the daily periodic rate(s) to the "Daily Balance" of your account for the billing cycle. To get the "Daily Balance" we take the beginning balance of your account each day, add any new advances, and subtract any payments or credits and unpaid **FINANCE CHARGES**. This gives us the daily balance.

The minimum periodic payment required is shown on the front of this bill. You may pay off your Home Equity Lines of Credit loan balance at any time, or make voluntary additional payments. Payments shall be applied, first to any unpaid FINANCE CHARGES, and second the principal loan balance outstanding in your Home Equity Lines of Credit. Periodic statements may be sent to you at the end of each billing cycle showing your Home Equity Lines of Credit loan transactions.

Financial Literacy:

- Dayspring Bank spent time with our 1st-3rd grade students in recognition of Teach A Child To Save Day! We appreciate their commitment to financial education and the fun, engaging way they help our students learn the value of saving. 💰📚
- On Wednesday, April 22nd, the Dayspring Bank Gothenburg team spent the afternoon with 1st, 2nd, and 3rd graders at Gothenburg Public Schools celebrating National Teach Children to Save Day! 💰📚 Led by the American Bankers Association, this annual initiative focuses on helping young students build strong financial habits early—teaching the importance of saving, setting goals, and making smart money choices. They had so much fun sharing a money-saving lesson and engaging with our Dudley students!

- Flatwater Bank brought their staff to speak with our 4th-6th grade students in honor of Teach A Child To Save Day 📚💰 on Thursday, April 23rd in the PAC. Our students loved learning about smart money habits in such a fun, engaging, and memorable way. 💡👏
- The Flatwater team had a great time talking with 4th, 5th, and 6th grade students about how to turn wishes into goals and why saving money matters. They love opportunities like this to encourage financial literacy and help kids start thinking about their future in a positive way. To celebrate, they gave away 9 savings vouchers to students and a $250 voucher toward a 529 college savings account. It was such a fun way to support big dreams and smart saving! 💵🎓

Spring Music Programs:
Our 5th & 6th grade bands will perform for guests in the PAC on May 14th @ 6:00. This is a wonderful opportunity for our kids who are learning to love playing an instrument, perform for an audience.

Super Swedes:
As we conclude the school year, we continue to recognize our Super Swedes during the 4th quarter. 572 students have been recognized throughout the year for following the Swede Shield and we have one more week left to celebrate our students for being Respectful, Responsible, Safe & Kind. We do have great kids!

Swede Way Tickets: 31,032 “Swede Way” Tickets have been given to students for following the Swede Shield.

Positive Office Referrals:
Over 200 Positive Office Referrals have been submitted by staff this year. They are focusing on recognizing students for doing things “THE SWEDE WAY” which is being SAFE, KIND, RESPECTFUL, & RESPONSIBLE! After making a positive call home, students have had the opportunity to sign the big graffiti board in the hallway!

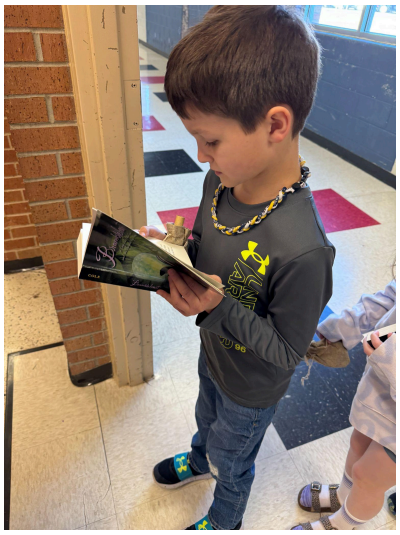

Dudley Elementary Family Night 2026 (In Our Swede Era):
Dudley Elementary’s 2026 Family Night was a great success, celebrating our theme: *In Our Swede Era.* Families signed in via QR code and explored multiple engaging stations focused on fun, connection, and community. We had nearly 150+ in attendance for our event! Activities included family games, creative challenges, reading time, face painting, and a shared meal in the cafeteria. The gym featured popular stations like Yard Games, bracelet making along with puzzles.

We were proud to partner with local organizations including Gothenburg Fire Department, Gothenburg Health, Flatwater Bank, The Impact Center, and the Gothenburg Public Library. Their involvement helped make the evening meaningful and memorable for all who attended.

One School One Book: Brambleheart 2026

During the months of March and April, Dudley Elementary participated in our *One School, One Book* initiative with the novel *Brambleheart* by Henry Cole. Every student and staff member received a copy of the book, creating a shared reading experience that brought our school community together. A 21 day reading challenge was shared with families which allowed them to explore a heartwarming story of courage, friendship, resilience and teamwork. Students now have the opportunity to win one of 8 copies of Bayberry Island which is the sequel to Brambleheart!

ELA IPGs @ Dudley

On May 6th, Claudine Kennicutt, Regional Literacy Coach from ESU #10, joined us for a reflection and learning session centered on the English Language Arts (ELA) Instructional Practice Guide (IPG). This session allowed us to review collective data compiled from 22 instructional walkthroughs conducted between December and May. The walkthroughs were a collaborative effort between Claudine, Mrs. Butterfield, and myself to observe the "Instructional Core"; the interaction between the teacher, the student, and the content. As a CLSD Grant school, we are required to conduct these IPGs next year, and having this first year of data under our belt ensures we are moving forward with confidence and experience.

Key Highlights & Presentation Details:

- Defining the IPG: It is important to note that the IPG is a tool used to provide content-specific feedback and identify district-wide trends in literacy instruction; it is not a teacher evaluation tool.
- District Data Results: Our collective data shows that Core Action 3B **(Students provide accurate text evidence to support the explanation of their ideas and display precision in their oral and/or written responses.)** is an area to focus on.
- Low-Inference Note Taking: During the session, we practiced taking "low-inference" notes—focusing strictly on observable evidence of what teachers and students say and do, rather than personal opinions or evaluative conclusions.
- Interactive Practice: Teachers watched a video of a 4th-grade ELA lesson focused on identifying the main idea (Standard LA.4.RI.1). This provided a great platform for discussion on the key components of a strong lesson, specifically how questions and tasks help students deeply engage with complex texts.

The goal of this work is to ensure all students have access to high-quality, grade-level content. We look forward to using these insights as we plan for implementation with our new core materials.

Legislative Update

Student discipline procedures will be updated this summer to comply with the new requirements.

Option enrollment and reporting requirements are expanding, increasing administrative responsibilities related to enrollment data, learning community disclosures, and annual reporting deadlines.

School meal requirements continue evolving, including a new Hunger-Free Schools Pilot Program and restrictions on certain food dyes in school meals beginning August 1, 2027.

Mental health and student survey practices will receive increased attention, including studies examining student mental health screenings, parental consent, privacy protections, and exclusionary discipline practices in elementary schools. Anticipate an impact on chronic absenteeism.

Substitute Teacher certification barriers were reduced through elimination of the human relations training requirement and updates to the Teacher Apprenticeship Program, with the goal of improving educator recruitment pipelines.

Special education funding concerns remain a major advocacy issue, as the Legislature formally urged Congress to fully fund IDEA due to ongoing cost burdens placed on local school districts.
