Introduction

Health literacy is the ability to access, understand, appraise, apply and advocate for health information and services in order to maintain or enhance one's own health and the health of others (SHAPE America). Comprehensive skills-based Health Education is a planned sequential standards based curriculum presented by qualified professionals to promote the development of health knowledge, health related skills, and positive attitudes toward health and wellbeing for students preschool through grade 12. The comprehensive health education program motivates students to maintain and improve their health; advocate for self and others; prevent disease; form healthy relationships; and avoid or reduce health-related risk behaviors. The Nebraska Health Education Standards identify the following 8 content strands for skill development for students in Kindergarten through grade 12: *foundations of personal health; nutrition & physical activity promotion; substance abuse prevention; disease prevention; injury prevention & safety; social, emotional & mental health; human growth & development; and consumer & environmental health.*

Content Area Standards Overview

The Nebraska Health Education Standards guide the knowledge and skills that students should learn, practice and demonstrate, but they do not prescribe particular curriculum, lessons, teaching techniques, or activities. These standards create a framework for teaching, learning and assessment, and they articulate a trajectory for knowledge and skill acquisition across all grade levels. This ensures that student learning builds on prior knowledge and skills and becomes more in-depth over time. Standards describe what students are expected to know and be able to do, while locally defined curriculum and instructional materials are used to help students master the standards. The Nebraska Department of Education does not mandate the curriculum or instructional materials used within a local school.

Organization and Structure of Health Education Standards

The overall structure of Nebraska's Health Education Standards reflects the two-tier structure common across all Nebraska content area standards. The two levels include standards and indicators. Standards include broad, overarching content-based statements that describe the basic cognitive, affective, or psychomotor expectations of student learning. The standards, across all grade levels, reflect long-term goals for learning. Indicators further describe what students must know and be able to do to meet the standard and provide guidance related to classroom instruction. In addition to standards and indicators, the Nebraska Health Education Standards provide examples. The "e.g...." statements provide guidance relative to topics that may be included in the locally determined curriculum. These suggestions may be used to meet equitable learning expectations of the standards and indicators.

The Nebraska Health Education Standards are organized by grade level for grades K-8 and course-based for high school. The K-8 standards and indicators are organized within eight strands, which are essential components for health literacy.

The eight content strands are described below:

- **Foundations of Personal Health:** Foundations of Personal Health will assist students with acquiring basic health concepts and functional health knowledge and skills providing a foundation for promoting health-enhancing behaviors. This strand includes essential concepts that are based on established health behavior theories and models. These concepts focus on both health promotion and risk reduction. Through the development of the foundational skills and knowledge (e.g. communication skills, resiliency skills, protective factors, goal setting, decision making), the subsequent content strands will build upon and further cultivate these skills for student health literacy.
- **Nutrition & Physical Activity Promotion:** The nutrition and physical activity strand promotes healthy lifestyle choices through knowledge and skills development to properly fuel the body. Students will learn the importance of movement and dietary choices along with their effects on the body, academics and overall health. The link between nutrition and physical activity and learning is well documented. Healthy eating patterns and physical activity are essential for students to achieve their full academic potential, full physical and mental growth, and lifelong health and well-being. Proper nutrition and adequate physical activity significantly reduce risk factors for obesity and other chronic diseases, such as type 2 diabetes, heart disease, stroke, certain cancers, and depression (CDC).
- **Substance Abuse Prevention:** The substance abuse prevention strand provides students with knowledge and skills to make healthy choices to avoid or reduce their risk of substance abuse (e.g. alcohol, tobacco, nicotine-delivery devices, and other drugs both legal and illegal). Students will learn the difference between harmful and helpful drugs and medication along with short and long term consequences of use, misuse, and abuse on overall health. Substance abuse and misuse potentially has the ability to negatively impact every aspect of an individual's life at home, school or community.
- **Disease Prevention:** The disease prevention strand promotes hygiene and safety practices to prevent and reduce the risk of diseases and conditions. By understanding what a disease is and how they are transmitted and acquired, students will learn and adopt behaviors which will maintain and enhance their overall health. Six in ten Americans live with at least one chronic disease, like heart disease and stroke, cancer, or diabetes. These and other chronic diseases are the leading causes of death and disability in America, and they are also a leading driver of healthcare costs (CDC, 2020).
- **Injury Prevention & Safety:** The injury prevention and safety strand will assist students in understanding their role in protecting themselves and others from unintentional danger, risk, or injury. Additionally, students will develop skills to recognize and appropriately respond to injuries or emergency situations. In the United States, Injuries are the leading cause of death in children ages 19 and younger. Injuries affect everyone—regardless of age, race, or economic status (CDC, 2020).
- **Social, Emotional & Mental Health:** The social, emotional, and mental health strand will help students understand diverse cultural experiences that impact mental, emotional, and social health. Students will learn strategies to help

manage their thoughts, feelings, emotions, and behaviors. Learning how to cope with change and stressors and recognize when support is needed for self or others is a key component of this strand. Students will develop positive social behaviors that provide them with the skills to get along with and assist others. Social, emotional, and mental wellness are key elements to one's overall health and well-being. Understanding individual abilities to manage emotions can assist in coping with the typical stresses of life, increasing productivity, building stronger relationships and lead to happier, healthier more fulfilling lives.

- **Human Growth & Development:** The human growth & development strand teaches students the structures and functions of the body systems and how to recognize and manage the physical and psychological changes that occur during development and maturation experienced throughout the lifespan. Students will recognize characteristics relating to identity, sexuality and healthy relationships and identify the fundamental components of sexual health. It is recommended that comprehensive human growth and development education begins in kindergarten and occurs sequentially for all students grades K-12. Human growth and development programs that are developmentally, culturally, age appropriate, medically accurate, and unbiased have been proven to prevent or reduce risky behaviors.
- **Consumer & Environmental Health:** The consumer & environmental health strand will teach students how to identify and access valid consumer products, services and resources for a healthy lifestyle and recognize how the environment plays a major factor in one's overall well-being. Students will develop an understanding and health enhancing behaviors for community engagement and utilizing supports within their community. School-based consumer health education is necessary to prepare current and future consumers to safely and efficiently advocate for oneself and utilize the medical marketplace (i.e. consumer products, services, and resources) to ensure a healthy lifestyle. Maintaining a healthy environment is central to increasing quality of life and years of healthy life. Therefore, environmental health must address the societal and environmental factors that increase the likelihood of exposure and disease (Healthy People 2020).

In addition to a common structure for content area standards, a consistent numbering system is used. The Health Education standards numbering system is as follows:

- The first set of letters represent the content area, Health Education.
- The second letter(s) or number represents the grade level.

- The third is a number, for K-8 it represents the content strand and for high school it represents the course name.
- The fourth is a number to represent the standard within the strand or course.
- Last, is a letter representing the indicator for that standard.

General File, Pending

LB 2 (Briese) amends property tax valuation provisions to provide that for purposes of school district taxes levied to pay principal and interest on bonds, agricultural and special valuation land would be valued at 30% of its actual value. The Revenue Committee advanced the bill on a 8-0 vote with amendments.

The amendments change bond value from 30% to 50% of actual value and also incorporate the intent of LB 79 (Briese) to include a growth factor of 3% per year for the Property Tax Credit Act. LB 2 has not yet been officially report out and the committee statement along with the committee amendments have not yet been filed.

LB 5 (Blood) creates the Purple Star Schools Act and is applicable to any public, private, denominational, or parochial school in this state.

Under the bill, the State Board of Education may annually designate any school as a purple star school if the school applies for the designation in the manner prescribed by the board and meets various qualifications, including (1) maintenance of an easily accessible web page on the school's website that includes resources for military-connected students and their families, including information regarding, and (2) maintenance of a transition program led by students, where appropriate, that assists military-connected students in transitioning into the school.

LB 5 was advanced to General File by an 8-0 vote with no amendments.

LB 9 (Blood) seeks to expand the definition of contiguous lands, lots, tracts, streets, or highways, relating to the annexation of such property.

Under LB 9, property that is sought to be annexed can qualify as contiguous even if a federal property or a natural resources district lies between the same and the corporate limits. Prior to this, contiguous land was only extended to that property which had a natural barrier, such as a stream, embankment, strip, or parcel of land thinner than 200 feet between its same and corporate limits.

LB 9 was advanced to General File by the Urban Affairs Committee by a 7-0 vote. The committee amendments (AM231), in part, limit applicability of the bill to cities of the first class located in a county in which at least three cities of the first class are located.

LB 17 (Kolterman) represents technical modifications, amortization and actuarial changes to the Judges, School Employees and State Patrol Retirement Acts. The proposed changes are the result of the recent IRS compliance audit, which occurred in 2020.

LB 17 was advanced to General File by the Retirement Committee by a 6-0 vote. The committee amendments (AM461), in part, include the provisions of LB 16 (Kolterman) to add an annual contribution from the State to the Judges' Retirement Fund of 4% of total compensation beginning on July 1, 2021 and increasing the percentage to 6% beginning July 1, 2023.

LB 83 (Flood) would revise the Open Meetings Act to (1) update and modernize references to videoconferencing and telephone conferencing and (2) authorize more instances in which public bodies may utilize virtual conferencing for their meetings, including declared emergencies. The provisions that update, modernize, and harmonize references to video conferencing and telephone conferencing replace these terms with references to the more broadly inclusive term “virtual conferencing,” which is defined to include all telephonic and electronic means of participation.

This bill would authorize virtual conferencing for meetings of public bodies located in a place subject to an emergency declaration by the governor or by a principal executive officer of a local government. Provisions for public access to these virtual meetings are mandated in the bill, including call-in telephone numbers, electronic copies of meeting agendas, and notice of virtual meetings to news media.

LB 83 was advanced to General File by the Government Committee by a 8-0 vote. The committee amendments (AM127) add language to the bill ratifying actions taken by public bodies in reliance on the Governor's executive orders issued during the coronavirus pandemic. For entities holding virtual meetings with multiple locations for public participation, the amendments add a requirement that each meeting site be attended by at least one member of the public entity or their designee. There is also a revision clarifying that the documents that must be made available at each meeting site are those documents “being considered at” the meeting. The amendments require an emergency declaration by the Governor under section 81-829.39 to trigger emergency meeting procedures under the bill. Finally, the amendments provide an exception to an “address publication” requirement in instances where that address requirement may endanger a person's security.

LB 88 (Morfeld), as it relates to public high schools, provides that all “school-sponsored media” are deemed to be public forums. With a few exceptions, a student journalist has a right to exercise freedom of speech and of the press in school-sponsored media, regardless of whether the media is (i) supported financially by the public high school, (ii) supported by the use of the facilities of the school, or (iii) produced in conjunction with a class in which the student journalist is enrolled.

With a few exceptions, each student journalist is responsible for determining the news, opinion, feature, sports, and advertising content the student produces for school sponsored media. However, the bill does not prevent a student media adviser from teaching professional standards of English and journalism to student journalists and ensuring that school-sponsored media adhere to prevailing journalistic ethical standards as set forth in the Society of Professional Journalists Code of Ethics as the code existed on January 1, 2021.

The bill does not authorize or protect expression by a student journalist that: (a) Is libelous or slanderous; (b) Constitutes an unwarranted invasion of privacy; (c) Violates federal or state law; (d) Departs from prevailing journalistic ethical standards; or (e) So incites students as to create a clear and present danger of (i) the commission of an unlawful act or (ii) a violation of the policies of a public high school that could cause the material and substantial disruption of the orderly operation of such school.

LB 88 was advanced to General File by the Judiciary Committee by a 8-0 vote with no amendments attached.

LB 117 (Cavanaugh, M.) creates the Hunger-Free Schools Act. The bill was advanced to General File by the Education Committee by a 8-0 vote. The committee amendments (AM421) replace the original bill and provide that each qualified public school that has an identified student percentage greater than or equal to 62.5% must operate under the community eligibility provision to maximize the federal reimbursement for eligible breakfasts and eligible lunches.

The amendments change existing law to require NDE to reimburse each qualified public school a portion of the cost of the school's school breakfast program in the amount of 5¢ per eligible breakfast served by the school in the second preceding school year.

LB 132 (DeBoer) would create the School Financing Review Commission to conduct an in-depth review of the financing of the public elementary and secondary schools. It also provides for a mechanism to monitor and analyze the formula going forward. LB 132 was advanced to the General File by the Education Committee by a 7-1 vote (Linehan voting no). The committee advanced the bill under a white copy amendment (AM555), which replaces the original bill with new content. However, most of the original provisions and intent are maintained in the amendments.

LB 136 (Morfeld) amends the Student Discipline Act to provide the same due process rights afforded students given a "long-term" suspension to students given multiple "short-term" suspensions that amount to nine school days or more of suspension within one semester. LB 136 was advanced to General File by a 8-0 vote with no amendments attached.

LB 137 (Vargas) changes a provision within the Step Up to Quality Child Care Act requiring that each employee of a child care program as defined by the Child Care Licensing Act must report his/her education, credentials, training and work history in the Nebraska Childhood Professional Record System (NECPRS). It further clarifies that the permissive language allowing any child care or early childhood education provider to enter his/her relevant information into NECPRS applies only to those persons not otherwise required.

LB 137 was advanced to General File by the Education Committee by a 7-0 vote. The committee amendments, in part, change the implementation date for the new reporting requirements to June 30, 2023.

LB 143 (Kolterman) provides that if a determination is made that it is not in the child's best interest to remain in the same school after a placement change, notice of placement change must also be sent to the new school where the child will be enrolled.

In the event of an emergency placement change, the bill provides that, within 24 hours after court approval of the emergency placement change, DHHS, an association, or individual, must file a report and notice of placement change to all interested parties, including all of the child's siblings that are known to DHHS and, if the child is of school age, the school where the child is enrolled or the new school where the child will be enrolled.

LB 143 was advanced to General File by the Health Committee by a 7-0 vote. The committee amendments (AM105) eliminate the provision of LB 143 that would have required DHHS to file a report and notice of placement change within 24 hours after court approval of an emergency placement change. Under AM105, DHHS would have to provide the notice, but not the report, within 24 hours. Additionally, AM105 requires the notice to be provided to both the school where the child is enrolled and the new school where the child will be enrolled.

LB 154 (Wayne) provides that, by August 1, 2022, the State Board of Education must implement a statewide system for tracking individual student discipline, using the student identifier system of the department, that can be aggregated to track student discipline by type of discipline and demographic characteristics, including race, poverty, high mobility, attendance, disability, and limited English proficiency.

The board must require each school district to report, by individual student, any:

- (i) Act resulting in an in-school suspension, a short-term suspension, a long-term suspension, a one-semester expulsion, a two-semester expulsion, an assignment to an alternative school or alternative-learning program, the use of physical contact with the student, or the restraint or seclusion of the student;
- (ii) Offense constituting grounds for a long-term suspension, an expulsion, or a mandatory reassignment, regardless of consequences assigned; and
- (iii) Act resulting in law enforcement involvement, including any incident reported to law enforcement or to an on-site school resource officer, and any school-related citation or arrest.

Finally, LB 154 requires each school to designate at least one "discipline data coordinator" for the purposes of gathering and reporting the discipline data required under the bill.

LB 154 was advanced to General File by the Education Committee by a 7-0 vote with no amendments attached.

LB 189 (Halloran) makes adjustments to the refunding of real or personal property taxes paid. If the county treasurer does not have sufficient funds to make the refund payment, the refund will be registered as a claim against the political subdivision. A receipt will be issued to the person entitled to the refund. If a receipt is given, the governing body of the political subdivision must make provisions in its next budget cycle to pay the refund; or, upon mutual agreement the receipt may be used to pay any taxes levied until the claim is satisfied in full. Interest at the amount of 9% would accrue on the unpaid balance of the refund. Interest would begin to accrue on the date of entry of the final non-appealable order or other action approving the refund.

LB 189 was advanced to General File by the Revenue Committee on a 7-0 vote with no amendments attached.

LB 200 (Vargas), beginning with the 2022-23 school year, LB 200 requires each public high school student to complete and submit to the U.S. Department of Education a Free Application for Federal Student Aid prior to graduating from such high school with some exceptions, such as a parental opt-out.

The school principal or the school principal's designee of each public high school is required to provide compliance information to the school district or governing authority for the public high school and to NDE without disclosing (for any student who has complied with the requirements of the bill) personally identifiable information distinguishing whether the compliance upheld the provisions of the bill.

The school principal or school principal's designee must provide separately the aggregate number of students who have complied and who have not complied, unless otherwise prohibited by federal or state law regarding the confidentiality of student educational information.

LB 200 was advanced to General File by the Education Committee by a 7-0 vote with no amendments attached.

LB 210 (Murman) requires each school board of a public school district to allow the part-time enrollment of students, for all courses selected by the students, who are residents of the school district and who are also enrolled in a private, denominational, or parochial school or home schooled.

The bill also requires each school board to establish policies and procedures to allow the participation of any home school student in any extracurricular activities to the same extent and subject to the same requirements, conditions, and procedures as students enrolled in the public school. However, the home school must set the standards for satisfactory academic performance for students from the school to participate in extracurricular activities and provide assurances of compliance with such academic standards.

LB 210 was advanced to General File by the Education Committee by a 8-0 vote. The committee amendments (AM357) change the requirements of the policies and procedures that each school board is required to establish, by explicitly stating that a home school student must be required to

take no more and no less than 10 credit hours in any semester to participate in extracurricular activities, including coursework that is directly related to team practice for an extracurricular activity in which such student is participating or is planning to participate. The amendments also expand the language of the bill to apply to interschool competitions, as well as extracurricular activities.

LB 260 (Hunt) would add “caring for a family member with a serious health condition” to the list of reasons that are considered good cause for voluntarily leaving employment under Nebraska Employment Security Law. Effectively, this would allow workers who have temporarily left work due to family caregiving needs, but who are seeking to return to work, to be eligible for unemployment benefits.

LB 260 was advanced to General File by the Business and Labor Committee by a 4-0-3 vote with no amendments attached.

LB 281 (Albrecht) requires each school district to adopt a child sexual abuse prevention instructional program for students in kindergarten through grade five for implementation beginning in school year 2022-23. The bill was advanced by the Education Committee, but the bill has yet to be officially reported out. The committee statement along with any amendments have yet to be filed.

LB 359 (Pansing Brooks) amends the definition of multicultural education to include and reflect the diverse races and cultures of all persons in Nebraska and the U.S. and incorporates the histories, perspectives and contributions of African Americans, Hispanic Americans, Native Americans, and Asian Americans. Special emphasis must be placed on human relations and sensitivity toward all races, ethnicities, and cultures.

The bill requires each school district (public and private) to incorporate multicultural education into the elementary, middle, and secondary instructional programs provided to students. The bill also requires NDE to employ a full-time consultant trained and experienced in the field of multicultural education.

LB 359 was advanced to General File by the Education Committee on a 8-0 vote. The committee amendments (AM400) would, in part, change the implementation date to the 2023-24 school year.

LB 388 (Friesen) creates the Nebraska Broadband Bridge Act. The bill was advanced to General File by a 7-0 vote. The committee amendments (AM530) represent a “white copy” amendment and replaces the contents of the original bill although many of the new provisions were found in the original bill. Under the amendments, the bill would create the Broadband Bridge Program. The purpose of the program is to facilitate and fund the development of broadband networks in unserved and underserved areas in addition to the reverse auction program. The commission would administer the program. The bill would appropriate \$20 million annually beginning with fiscal year 2021-22 to the commission to be distributed as grants through the program.

LB 396 (Brandt) creates the Nebraska Farm-to-School Program Act. The program is meant to link elementary and secondary public and nonpublic schools with Nebraska farms in a manner that:

- provides schools with fresh and minimally processed food for inclusion in school meals and snacks,
- encourages children to develop healthy eating habits, and
- improves the incomes of Nebraska farmers who will enjoy direct access to consumer markets.

The program may include activities that provide students with hands-on learning opportunities, such as farm visits, cooking demonstrations, and school gardening and composting programs, and that integrate nutrition and agricultural education into the school curricula.

LB 396 was advanced to General File by the Education Committee on a 8-0 vote with no amendments attached.

LB 408 (Briese) was advanced by the Revenue Committee on a 7-1 vote (Senator Bostar voting no). Under the committee amendments (AM371), LB 408 would create the Property Tax Request Act, which would be applicable to all political subdivisions that have property tax levying authority, including school districts and ESUs. The cap would be in operation for 2022 through 2027, after which the cap would no longer be operative.

As advanced from the Revenue Committee, LB 408 would cap the growth of property tax revenue at a maximum of 3% from one year to the next.

The cap would not apply to that portion of a political subdivision's property tax request that is needed to pay the principal and interest on approved bonds. Nor would it apply to that portion of a political subdivision's property tax request that is derived from the "real growth value" for the political subdivision.

The committee amendments provide two methods to exceed the revenue cap: (1) by vote of the governing body with certain restrictions; or (2) by resolution by the governing body and a subsequent vote of the electorate of the political subdivision.

The first method to exceed the cap, mentioned in the amendments, requires a majority vote of the governing body. The governing body may exceed the cap no more than two consecutive years at which time the political subdivision's "property tax request" would be reduced in subsequent years to ensure the increase in the property tax request does not exceed 9% over a three-year period.

The committee amendments provide that a political subdivision may choose not to increase its property tax request by the full amount allowed by the political subdivision's request authority. In such cases, the political subdivision may carry forward one-half of the unused request authority to future years as carryover request authority.

LB 473 (DeBoer) creates the Extraordinary Increase in Special Education Expenditure Act in order to assist school districts with large unexpected special education expenditures which will allow them to more easily meet the needs of all students.

LB 473 was advanced to General File by the Education Committee on a 7-1 vote (Linehan voting no). The white copy amendments (AM520) maintain the intent of the bill but insert new language concerning the formula for calculating a payment.

The new formula to determine an applicant school district's payment consists of the following three steps.

- 1) Special education expenditures for the immediately preceding school fiscal year are divided by two;
- 2) The result is then multiplied by 107%; and
- 3) This result is then subtracted from the current special education expenditures reported on the application.

Each applicant school district qualifies for a maximum payment equal to the result of step 3 of the formula, except if the sum of all maximum payments exceed the available funds, they would all be reduced proportionally.

The amendments provide intent language to appropriate \$3 million to the Fund for fiscal year 2021-22.

LB 527 (Walz) amends the Developmental Disabilities Services Act, which, in part, requires that each school district must provide transition services for each student with a developmental disability no later than when the student reaches 16 years of age and until the student graduates from a special education program or no longer meets the definition of a child with a disability.

LB 527 proposes to change the age from 16 to 14 years.

LB 527 was advanced to General File by the Education Committee on a 8-0 vote with no amendments attached.

LB 568 (Pansing Brooks) removes truancy as a juvenile status offense under court jurisdiction. The court may continue to address excessive absenteeism from school as part of disposition hearings. The bill further establishes that the goals of juvenile pretrial diversion programs include providing juveniles who have excessive absenteeism from home or school with services to address the needs of the juvenile and his or her family. A juvenile pretrial diversion program would be offered to the juvenile when practicable following a referral from a school, parent, guardian or custodian in regard to excessive absenteeism.

When the county attorney receives a referral from a school that a juvenile is excessively absent, the county attorney must work with the school to refer the juvenile and his/her family to community-based resources available to address the juvenile's behaviors, provide crisis intervention, and maintain the juvenile safely in the home.

LB 568 also provides that the State Board of Education may adopt and promulgate rules and regulations to carry out statutory provisions related to excessive absenteeism.

LB 641 (Day) amends a law passed during the 1918 pandemic (§ 79-8,106). The existing law provides that in case of epidemic sickness prevailing to such an extent that the school or schools in any school district must be closed, teachers will be paid their usual salaries in full for such time as the school or schools will be closed. LB 641 adds education support professionals along with teachers.

LB 641 was advanced to General File by the Education Committee by a 7-0 vote with no amendments attached.

Select File, Pending

LB 288 (Walz) would have delayed the certification of state aid, applicable allowable reserve percentages, and budget authority to no later than June 10th. The bill advanced to Select File on a 41-0 vote on February 10th but was challenged on subsequent attempts to advance the bill further. Since it did not pass prior to March 1st (the statutorily prescribed date for state aid certification), LB 288 is no longer relevant at this point in time.

LB 322 (Williams) creates the School Safety and Security Reporting System Act. The bill was requested by NCSA in partnership with NDE and specifically Dr. Jolene Palmer, State School Security Director. The bill is modeled after a similar program in Colorado, which has proven to be successful.

The bill requires NDE to establish a statewide, anonymous reporting system to support threat assessment teams and reduce risk and incidents of violence resulting in harm to self, others, or school property. The reporting system would be called the Safe2HelpNE report line.

LB 322 was prioritized by Senator Williams and advanced to Select File by a 33-5 vote.

LB 323 (Walz) was introduced in order to propose various modifications in the formula to make school districts whole in light of the effects of the pandemic in the previous school year. Department staff had noticed provisions in the formula as they relate to transportation allowance, early childhood education, summer school allowance, etc. that, if unchanged, would have impacted schools negatively going forward. The bill is a sort of hold harmless bill due to the pandemic.

It should be noted that LB 323 would have the effect of voiding the March 1st state aid certification in favor of a new calculation and certification.

The Legislature advanced LB 323 to Select File on February 16th by a 29-5 vote under a significant challenge on the floor for being unnecessary in the minds of some lawmakers. The bill is not prioritized but we have been told that the Speaker will return the bill for further debate at some point in time.

LB 368 (Sanders) would grant discretionary authority to the Auditor of Public Accounts to assess a late fee of \$20 per calendar day when political subdivisions fail to timely file a required report with the Auditor's office. The total late fee would not be allowed to exceed \$2,000. Any such fees collected would be remitted to the State Treasurer and credited to the Auditor of Public Accounts Cash Fund.

A political subdivision failing to file required reports would also be subject to - at the Auditor's discretion - an audit by the Auditor of Public Accounts. Such an audit would be conducted at the expense of the political subdivision.

LB 368 was advanced to Select File on March 9th by a 37-0 vote. LB 368 is not prioritized but the bill is expected to return on the agenda for further debate and action.

LB 389 (Sanders) amends certification law (§ 79-813) to authorize the State Board of Education to issue a certificate or permit to any applicant who:

- (a) Is a military spouse;
- (b) Holds a valid certificate or permit currently in force in another state to teach, administer, or provide special services;
- (c) Has held such certificate or permit for at least one year;
- (d) Is in good standing in all states where a certificate or permit to teach, administer, or provide special services is held;
- (e) Does not have any pending investigations or complaints against any such certificate or permit;
- (f) Meets all residency and background check requirements otherwise required for a Nebraska certificate or permit; and
- (g) Pays any applicable fees.

The Commissioner of Education would be required to verify that the applicant meets the requirements noted above. The applicant would not be required to meet the human relations training requirement to obtain the certification or permit.

LB 389 was prioritized by Senator Sanders and was advanced to Select File by a 46-0 vote.

Passed by Legislature

LB 25 (Wayne) amends provisions of the Community Development Law. The bill provides for a process for an authority to prepare a redevelopment plan that divides ad valorem taxes for 20 years if more than 50% of the redevelopment project area is in an extremely blighted area. The maximum term for all other redevelopment plans is 15 years. The bill specifies public hearing and notice provisions related to determining if the property is extremely blighted for purposes of the redevelopment plan.

Note: The passing of Amendment 2 on the 2020 Nebraska General Election Ballot changed Article VIII, section 12 of the Nebraska Constitution, allowing for the division of taxes beyond 15 years.

LB 25 was passed by the Legislature on March 11th by a 48-0 vote with the emergency clause attached. If the Governor signs it into law, the bill would be operative one day after it is signed.

Neb. 2012, as amended, do exist and have been done as required by law.

Section 2. For the purpose set forth in Section 1, there shall be and there are hereby ordered issued the negotiable refunding bonds of this District of the principal amount not to exceed Three Million Nine Hundred Fifty Thousand Dollars (\$3,950,000) (the “Bonds”) and such Bonds shall become due on the dates, in the years and in the amounts and bear interest at the rates per annum as shall be determined in a written designation (the “Designation”) signed by the President or Secretary of the Board of Education of the District or the Superintendent of Schools (the “Authorized Officers”) on behalf of the Board of Education of the District and which may be agreed to by First National Capital Markets, Inc. (the “Underwriter”), which Designation may also determine or modify the principal amount for each maturity of the Bonds, mandatory redemption provisions (if any), and pricing terms as set forth in Section 8 below, all within the following limitations:

- (a) the aggregate principal amount of the Bonds shall not exceed \$3,950,000, provided, however, in the event the Bonds are sold at a net original issue discount such aggregate principal amount may be increased in such amount as is necessary to compensate for any such net original issue discount;
- (b) the aggregate amount of original issue premium and original issue discount (if any) may result in an aggregate net original issue discount (if any) not in excess of two percent (2.00%) of the stated principal amount of the Bonds;
- (c) the longest maturity of the Bonds may not be later than December 31, 2029;
- (d) the Bonds shall bear interest at such rates per annum so that debt service payable on the Bonds provides at least a net present value savings to the District over the debt service

payable on the Called Outstanding Bonds in an amount satisfactory to the Board of Education (the execution of the Designation by an Authorized Officer shall be conclusive evidence that such net present value savings is satisfactory to the Board);

- (e) two or more of the principal maturities may be combined and issued as “term bonds” and the Authorized Officer may determine the mandatory sinking fund payments and mandatory redemption amounts. Any Bonds issued as “term bonds” shall be redeemed at a redemption price equal to 100% of the principal amount thereof plus accrued interest thereon to the date of redemption and may be selected for redemption by any random method of selection determined appropriate by the Registrar (as hereinafter designated) or by the Depository (as hereinafter designated).

The Authorized Officers (or any one of them) are hereby authorized to make such determinations on behalf of the Board of Education of the District and to evidence the same by execution and delivery of the Designation and such determinations, when made and agreed to by the Underwriter, shall constitute the action of the Board of Education of the District without further action of the Board of Education of the District.

The Bonds shall be issued in fully registered form in the denomination of \$5,000 or any integral multiple thereof. The date of original issue for the Bonds shall be Date of Delivery. Interest on the Bonds, at the respective rates for each maturity, shall bear interest at the rates calculated on the basis of a 360-day year consisting of twelve 30-day months and shall be payable on December 15, 2021 and semi-annually thereafter on June 15 and December 15 of each year (or such other date or dates as may be determined in the Designation, each an “Interest Payment Date”) and the Bonds shall bear such interest from the date of original issue or the most recent Interest Payment Date to which interest has been paid or provided for, whichever is later. The interest due on each Interest Payment Date shall be payable to the registered owners of record as of the fifteenth day immediately preceding the Interest Payment Date (or such other date as designated in the Designation, the “Record Date”), subject to the provisions of Section 4 hereof. The Bonds shall be numbered from 1 upwards in the order of their issuance. No Bond shall be issued originally or upon transfer or partial redemption having more than one principal maturity. The initial bond numbering and principal amounts for each of the Bonds issued shall be as directed by the initial purchaser thereof. Payments of interest due on the Bonds prior to maturity shall be made by the Paying Agent and Registrar, as designated pursuant to Section 3 hereof, by mailing on each Interest Payment Date a check or draft in the amount due for such interest to the registered owner of each Bond, as of the Record Date for such Interest Payment Date, to such owner’s registered address as shown on the books of registration as required to be

maintained in Section 3 hereof. Payments of principal and interest due at maturity or at any date fixed for redemption prior to maturity shall be made by said Paying Agent and Registrar to the registered owners upon presentation and surrender of the Bonds to said Paying Agent and Registrar. The District and said Paying Agent and Registrar may treat the registered owner of any Bond as the absolute owner of such Bond for the purpose of making payments thereon and for all other purposes and neither the District nor the Paying Agent and Registrar shall be affected by any notice or knowledge to the contrary, whether such Bond or any installment of interest due thereon shall be overdue or not. All payments on account of interest or principal made to the registered owner of any Bond in accordance with the terms of this resolution shall be valid and effectual and shall be a discharge of the District and said Paying Agent and Registrar, in respect of the liability upon the Bonds or claims for interest to the extent of the sum or sums so paid.

Section 3. Unless as otherwise provided in the Designation, BOKF, National Association, Lincoln, Nebraska, is hereby designated to serve as Paying Agent and Registrar for the Bonds. Said Paying Agent and Registrar shall serve in such capacities under the terms of an agreement entitled "Paying Agent and Registrar's Agreement" between the District and said Paying Agent and Registrar, the form of which is to be approved by an Authorized Officer. The President and Secretary are hereby authorized to execute said agreement as they shall deem appropriate or necessary. The Paying Agent and Registrar shall keep and maintain for the District books for the registration and transfer of the Bonds at its principal corporate trust office. The names and registered addresses of the registered owner or owners of the Bonds shall at all times be recorded in such books. Any Bond may be transferred pursuant to its provisions at the principal corporate trust office of said Paying Agent and Registrar by surrender of such Bond for cancellation, accompanied by a written instrument of transfer, in form satisfactory to said Paying Agent and Registrar, duly executed by the registered owner in person or by such owner's duly authorized agent, and thereupon the Paying Agent and Registrar on behalf of the District will deliver at its office (or send by registered mail to the transferee owner or owners thereof at such transferee owner's or owners' risk and expense), registered in the name of the transferee owner or owners, a new Bond or Bonds of the same interest rate, aggregate principal amount and maturity. To the extent of the denominations authorized for the Bonds by this resolution, one Bond may be transferred for several such Bonds of the same interest rate and maturity, and for a like aggregate

principal amount, and several such Bonds may be transferred for one or several such Bonds, respectively, of the same interest rate and maturity and for a like aggregate principal amount. In every case of transfer of a Bond, the surrendered Bond shall be canceled and destroyed. All Bonds issued upon transfer of the Bonds so surrendered shall be valid obligations of the District evidencing the same obligations as the Bonds surrendered and shall be entitled to all the benefits and protection of this resolution to the same extent as the Bonds upon transfer of which they were delivered. The District and said Paying Agent and Registrar shall not be required to transfer any Bond during any period from any Record Date until its immediately following Interest Payment Date or to transfer any Bond called for redemption for a period of 30 days next preceding the date fixed for redemption.

Section 4. In the event that payments of interest due on the Bonds on an Interest Payment Date are not timely made, such interest shall cease to be payable to the registered owners as of the Record Date for such Interest Payment Date and shall be payable to the registered owners of the Bonds as of a special date of record for payment of such defaulted interest as shall be designated by the Paying Agent and Registrar whenever monies for the purpose of paying such defaulted interest become available.

Section 5. The Bonds shall be subject to redemption, in whole or in part, prior to maturity at any time on or after the fifth anniversary of the date of issuance (or such earlier date as may be determined in the Designation), at par plus the interest accrued on the principal amount being redeemed to the date fixed for redemption. The District shall select the Bonds to be redeemed for such optional redemption in its sole discretion. Bonds shall be redeemed only in amounts of \$5,000 or integral multiples thereof. Any Bond redeemed in part only shall be surrendered to the Paying Agent and Registrar in exchange for a new Bond or Bonds, of the same maturity and interest rate, evidencing the unredeemed principal thereof. Notice of redemption of any Bond called for redemption shall be given, at the direction of the District in the case of optional redemptions and without further direction in the case of mandatory redemptions, by said Paying Agent and Registrar by mail not less than 30 days prior to the date fixed for redemption, first class, postage prepaid, sent to the registered owner of such Bond at said owner's registered address. Such notice shall designate the Bond or Bonds to be redeemed by maturity or otherwise, the date of original issue and the date fixed for redemption and shall state that such Bond or Bonds are to be presented for prepayment at the

principal corporate trust office of said Paying Agent and Registrar. In case of any Bond partially redeemed, such notice shall specify the portion of the principal amount of such Bond to be redeemed. No defect in the mailing of notice for any Bond shall affect the sufficiency of the proceedings of the District designating the Bonds called for redemption or the effectiveness of such call for Bonds for which notice by mail has been properly given and the District shall have the right to direct further notice of redemption for any such Bond for which defective notice has been given. In the event term maturities and mandatory redemption amounts are determined in the Designation, the provisions of this Section 5 shall apply generally to mandatory redemptions. Any such mandatory redemptions shall be at the principal amount redeemed plus accrued interest to the date set for redemption. The Paying Agent and Registrar shall select the term bonds to be redeemed in any maturity using any random method of selection deemed appropriate, subject to the provisions of Section 8 of this Resolution.

Section 6. If the date for payment of the principal of or interest on the Bonds shall be a Saturday, Sunday, legal holiday or a day on which banking institutions in the City where the principal corporate trust office of the Paying Agent and Registrar is located are authorized by law or executive order to close, then the date for such payment shall be the next succeeding day which is not a Saturday, Sunday, legal holiday or a day on which such banking institutions are authorized to close, and payment on such day shall have the same force and effect as if made on the nominal date of payment.

Section 7. The Bonds shall be in substantially the following form:

For the prompt payment of this bond, both principal and interest, as the same become due, the full faith, credit and resources of said District are hereby irrevocably pledged.

This bond is one of an issue of fully registered bonds of the total principal amount of _____ Dollars (\$ _____), of even date and like tenor herewith, except as to date of maturity and rate of interest and denomination, which were issued by said District for the purpose of refunding a portion of the District's outstanding General Obligation Refunding Bonds, Series 2016, date of original issue – October 14, 2016, in the outstanding principal amount of \$3,870,000, in pursuance of Sections 10-717 to 10-719, R.R.S. Neb. 2012, as amended. The issuance of said refunding bonds has been duly authorized by proceedings duly had and a resolution duly adopted by the Board of Education of said District.

Any or all of the bonds are subject to redemption at the option of the District prior to the stated maturities thereof, in whole or in part, at any time on or after the fifth anniversary of the date of original issue thereof, at par plus the interest accrued on the principal amount being redeemed to the date fixed for redemption. Notice of redemption shall be given by mail to the registered owner of any bond to be redeemed in the manner specified in the resolution authorizing said issue of bonds. Individual bonds shall be redeemed in part but only in the amount of \$5,000 or integral multiples thereof.

This bond is transferable by the registered owner or such owner's attorney duly authorized in writing at the principal corporate trust office of the Paying Agent and Registrar upon surrender and cancellation of this bond, and thereupon a new bond or bonds of the same aggregate principal amount, interest rate and maturity will be issued to the transferee as provided in the resolution authorizing said issue of bonds, subject to the limitations therein prescribed. The District, the Paying Agent and Registrar and any other person may treat the person in whose name this bond is registered as the absolute owner hereof for the purpose of receiving payment due hereunder and for all purposes and shall not be affected by any notice to the contrary, whether this bond be overdue or not.

DTC OR A NOMINEE, TRANSFEREE OR ASSIGNEE OF DTC OF THIS BOND MAY NOT RELY UPON THE PRINCIPAL AMOUNT INDICATED HEREON AS THE PRINCIPAL AMOUNT HEREOF OUTSTANDING AND UNPAID. THE PRINCIPAL AMOUNT HEREOF OUTSTANDING AND UNPAID SHALL FOR ALL PURPOSES BE THE AMOUNT DETERMINED IN THE MANNER PROVIDED IN THE RESOLUTION.

UNLESS THIS BOND IS PRESENTED BY AN AUTHORIZED OFFICER OF DTC (A) TO THE REGISTRAR FOR REGISTRATION OF TRANSFER OR EXCHANGE OR (B) TO THE REGISTRAR FOR PAYMENT OF PRINCIPAL, AND ANY BOND ISSUED IN REPLACEMENT HEREOF OR SUBSTITUTION HEREFOR IS REGISTERED IN THE NAME OF DTC AND ANY PAYMENT IS MADE TO DTC OR ITS NOMINEE, ANY TRANSFER, PLEDGE OR OTHER USE HEREOF FOR VALUE OR OTHERWISE BY OR TO ANY PERSON IS WRONGFUL BECAUSE ONLY THE REGISTERED OWNER HEREOF, DTC OR ITS NOMINEE, HAS AN INTEREST HEREIN.

IT IS HEREBY CERTIFIED AND WARRANTED that all conditions, acts and things required by law to exist or to be done precedent to and in the issuance of this bond and the bonds refunded hereby did exist, did happen and were done and performed in regular and due form and time as required by law, and that the indebtedness of the District, including this bond, does not exceed any limitation imposed by law. Section 8. Each of the Bonds shall be executed on behalf of the District with the manual or facsimile signatures of the President and Secretary of the Board of Education. The Bonds shall be issued initially as “book-entry-only” bonds using the services of The Depository Trust Company (the “Depository”), with one typewritten bond per maturity being issued to the Depository. In such connection said officers are authorized to execute and deliver a letter of representations (the “Letter of Representations”) in the form required by the Depository (including any blanket letter previously executed and delivered), for and on behalf of the District, which shall thereafter govern matters with respect to registration, transfer, payment and redemption of the Bonds. Upon the issuance of the Bonds as “book-entry-only” bonds, the following provisions shall apply:

(a) The District and the Paying Agent and Registrar shall have no responsibility or obligation to any broker-dealer, bank or other financial institution for which the Depository holds Bonds as securities depository (each, a “Bond Participant”) or to any person who is an actual purchaser of a Bond from a Bond Participant while the Bonds are in book-entry form (each, a “Beneficial Owner”) with respect to the following:

(i) the accuracy of the records of the Depository, any nominees of the Depository or any Bond Participant with respect to any ownership interest in the Bonds,

(ii) the delivery to any Bond Participant, any Beneficial Owner or any other person, other than the Depository, of any notice with respect to the Bonds, including any notice of redemption, or

(iii) the payment to any Bond Participant, any Beneficial Owner or any other person, other than the Depository, of any amount with respect to the Bonds.

The Paying Agent and Registrar shall make payments with respect to the Bonds only to or upon the order of the Depository or its nominee, and all such payments shall be valid and effective fully to satisfy and discharge the obligations with respect to such Bonds to the extent of the sum or sums so paid. No person other than the Depository shall receive an authenticated Bond, except as provided in (e) below.

(b) Upon receipt by the Paying Agent and Registrar of written notice from the Depository to the effect that the Depository is unable or unwilling to discharge its responsibilities, the Paying Agent and Registrar shall issue, transfer and exchange Bonds requested by the Depository in appropriate amounts. Whenever the Depository requests the Paying Agent and Registrar to do so, the Paying Agent and Registrar will cooperate with the Depository in taking appropriate action after reasonable notice (i) to arrange, with the prior written consent of the District, for a substitute depository willing and able upon reasonable and customary terms to maintain custody of the Bonds or (ii) to make available Bonds registered in whatever name or names the Beneficial Owners transferring or exchanging such Bonds shall designate.

(c) If the District determines that it is desirable that certificates representing the Bonds be delivered to the Bond Participants and/or Beneficial Owners of the Bonds and so notifies the Paying Agent and Registrar in writing, the Paying Agent and Registrar shall so notify the Depository, whereupon the Depository will notify the Bond Participants of the availability through the Depository of bond certificates representing the Bonds. In such event, the Paying Agent and Registrar shall issue, transfer and exchange bond certificates representing the Bonds as requested by the Depository in appropriate amounts and in authorized denominations.

(d) Notwithstanding any other provision of this resolution to the contrary, so long as any Bond is registered in the name of the Depository or any nominee thereof, all payments with respect to such Bond and all notices with respect to such Bond shall be made and given, respectively, to the Depository as provided in the Letter of Representations.

(e) Registered ownership of the Bonds may be transferred on the books of registration maintained by the Paying Agent and Registrar, and the Bonds may be delivered in physical form to the following:

(i) any successor securities depository or its nominee; or

(ii) any person, upon (A) the resignation of the Depository from its functions as depository or (B) termination of the use of the Depository pursuant to this Section.

(f) In the event of any partial redemption of a Bond unless and until such partially redeemed Bond has been replaced in accordance with the provisions of this Resolution, the books and records of the Paying Agent and Registrar shall govern and establish the principal amount of such Bond as is then outstanding and all of the Bonds issued to the Depository or its nominee shall contain a legend to such effect.

If for any reason the Depository is removed by the District or resigns and is not replaced, the District shall immediately provide a supply of printed bond certificates for issuance upon the transfers from the Depository and subsequent transfers or in the event of partial redemption. In the event that such supply of certificates shall be insufficient to meet the requirements of the Paying Agent and Registrar for issuance of replacement Bonds upon transfer or partial redemption, the District agrees to order printed an additional supply of certificates and to direct their execution by manual or facsimile signature of its then duly qualified and acting President and Secretary of such Board. In case any officer whose signature or facsimile thereof shall appear on any Bond shall cease to be such officer before the delivery of such Bond (including any bond certificates delivered to the Paying Agent and Registrar for issuance upon transfer or partial redemption), such signature or such facsimile signature shall nevertheless be valid and sufficient for all purposes the same as if such officer or officers had remained in office until the delivery of such Bond. The

Bonds shall not be valid and binding on the District until authenticated by the Registrar. The Bonds shall be delivered to the Registrar for registration and authentication. Upon execution, registration and authentication of the Bonds, they shall be delivered to the District's Treasurer, who is authorized to deliver them to the Underwriter, as the initial purchaser thereof, upon receipt of the purchase price as determined in the Designation. The District's Treasurer is authorized to deliver the Bonds to the Underwriter upon receipt of such purchase price plus accrued interest to date of payment. Said initial purchaser shall have the right to direct the registration of the Bonds and the denominations thereof within each maturity, subject to the restrictions of this resolution. The Underwriter and its agents, representatives and counsel (including its bond counsel) are hereby authorized to take such actions on behalf of the District as are necessary to effectuate the closing of the issuance and sale of the Bonds, including, without limitation, authorizing the release of the Bonds by the Depository at closing. The Authorized Officers (or any one of them) are hereby authorized to approve and execute the Bond Purchase Agreement related to the Bonds, which Bond Purchase Agreement may serve as the written Designation of the District, and the Authorized Officers are hereby authorized to approve and execute the same and approve such changes as may be determined necessary and appropriate.

Section 9. The Secretary of the District is directed to make and certify a transcript or transcripts of the proceedings of the District precedent to the issuance of said Bonds, one of which transcripts shall be delivered to the purchaser of said Bonds. The President and Secretary of the District shall certify the taxable valuation, the number of children of school age residing in the District, and the total bonded indebtedness of the District and are further authorized to confirm any prior certification made pursuant to Sections 10-707 and 10-716.01, R.R.S. Neb. 2012, as amended, with respect to the indebtedness evidenced by the Bonds.

Section 10. The net sale proceeds of the Bonds along with funds of the District on hand shall be applied to the payment and satisfaction of all of the principal of and the interest on the Called Outstanding Bonds as called for redemption on the Redemption Date. Accrued interest received from the sale of the Bonds, if any, shall be applied to pay interest first falling due on the Bonds. Expenses of issuance of the Bonds may be paid from the proceeds of the Bonds. In order to satisfy the District's obligation on the

Called Outstanding Bonds, if the date of delivery of the Bonds occurs prior to the Redemption Date determined pursuant to the Call Resolution, such proceeds of the Bonds along with funds of the District on hand shall be set aside and held and invested in a special trust account which is hereby ordered established. Unless as otherwise provided in the Designation, BOKF, National Association, Lincoln, Nebraska, is hereby designated to serve as the escrow agent ("Escrow Agent"), to have custody and safekeeping of the funds and investments which are to be set aside for the payment of the Called Outstanding Bonds. For purposes of governing such escrow account and the holding and application of such funds and investments, the District shall enter into a contract entitled "Escrow Agreement" with the Escrow Agent. The President and Secretary are hereby authorized and directed to approve, execute and deliver on behalf of the District said Escrow Agreement, including necessary counterparts, for and on behalf of the District. Said President and Secretary are further authorized to approve the investments provided for in said Escrow Agreement, and to make any necessary subscriptions for United States Treasury Securities, State and Local Government Series, or to contract for the purchase of securities in the open market. Said proceeds shall be invested in obligations of the United States Government, direct or guaranteed, including United States Treasury Securities, State and Local Government Series or held as cash as provided in the Escrow Agreement. To the extent that such proceeds are held in a bank depository account, such deposits shall be insured by insurance of the Federal Deposit Insurance Corporation or, to the extent not fully insured, fully collateralized in the same manner as is required for deposit of public funds. Any investment from the proceeds of the Bonds herein authorized shall mature not later than the Redemption Date. As provided in said Escrow Agreement, the proceeds of the Bonds herein authorized and investment earnings thereon shall be applied to the payment of the principal of and interest on the Called Outstanding Bonds as the same become due on and prior to the Redemption Date, and as called for redemption on the Redemption Date. The District agrees that on the date of original issue of the Bonds, or as soon thereafter as practicable, it shall deposit or otherwise have on hand with the Escrow Agent, from tax levy or other available sources, funds sufficient after taking into consideration available proceeds of the Bonds and investment earnings to provide funds for all payments due on the

Called Outstanding Bonds on or before the Redemption Date, and as called for redemption on the Redemption Date.

Section 11. The Board of Education hereby covenants and agrees that it shall cause to be levied and collected annually a special levy of taxes on all the taxable property in this District for the purpose of paying and sufficient to pay the interest on and principal of the Bonds as and when such interest and principal become due.

Section 12. The District hereby covenants with the purchasers and holders of the Bonds herein authorized that it will make no use of the proceeds of said issue, including monies held in any sinking fund for the payment of principal and interest on said Bonds, which would cause said Bonds to be arbitrage bonds within the meaning of Sections 103 and 148 and other related sections of the Internal Revenue Code of 1986, as amended, (the “Code”) and further covenants to comply with said Sections 103 and 148 and related sections and all applicable regulations thereunder throughout the term of said issue. The District hereby covenants and agrees to take all actions necessary under the Code to maintain the tax exempt status (as to taxpayers generally) of interest payable on the Bonds herein authorized. The District hereby designates the Bonds as its “qualified tax-exempt obligations” pursuant to Section 265(b)(3)(B)(i)(III) of the Code and covenants and warrants that it does not reasonably expect to issue tax-exempt bonds or other tax-exempt interest bearing obligations aggregating in principal amount more than \$10,000,000 during the calendar year in which the Bonds are issued (taking into consideration the exception for current refunding issues), provided that the amount of the Bonds hereby designated shall be reduced as and to the extent that a portion of the Bonds may be determined to be “deemed designated” in accordance with the provisions of Section 265(b)(3)(D) of the Code. The officers of the District are hereby authorized to take any and all actions determined appropriate in connection with any such determination of a portion of the Bonds as “deemed designated”. The District hereby agrees that it will take any and all actions necessary to obtain and preserve such status for the Bonds as “qualified tax-exempt obligations”.

Section 13. The District reserves the right to issue refunding bonds and provide for the investment of the proceeds thereof for purposes of providing for the payment of principal and interest on the Bonds in such manner as may be prescribed by law from time to time but specifically including the

provisions of Sections 10-142 and 10-717 to 10-719, Reissue Revised Statutes of Nebraska, 2012, or any amendment thereto.

Section 14. The District's obligations under this resolution shall be fully discharged and satisfied as to the Bonds authorized and issued hereunder, and said Bonds shall no longer be deemed outstanding hereunder when payment of the principal thereof plus interest thereon to the date of maturity or redemption thereof (a) shall have been made or caused to have been made in accordance with the terms thereof and hereof, or (b) shall have been provided for by depositing with the Paying Agent and Registrar, or in escrow with a national or state bank having trust powers in trust solely for such payment (i) sufficient moneys to make such payment and/or (ii) direct general obligations of, or obligations the principal and interest of which are unconditionally guaranteed by, the United States of America, or obligations of any agency of the United States of America (herein referred to as "Government Obligations"), in such amount and with such maturities as to principal and interest as will insure the availability of sufficient moneys to make such payment, and thereupon such Bonds shall cease to draw interest from the date of their redemption or maturity and, except for the purposes of such payment, shall no longer be entitled to the benefits of this Resolution; provided that, with respect to any Bonds called or to be called for redemption prior to the stated maturity thereof, notice of redemption shall have been duly given or provided for. If moneys shall have been deposited in accordance with the terms hereof with the Paying Agent and Registrar or escrow agent in trust for that purpose sufficient to pay the principal of such Bonds and all interest due thereon to the due date thereof or to the date fixed for the redemption thereof, all liability of the District for such payment, except for payment from such deposit, shall forthwith cease, determine and be completely discharged, and all such Bonds shall no longer be considered outstanding under this Resolution.

Section 15. The Authorized Officers are hereby authorized to prepare and deem final on behalf of the District a Preliminary Official Statement for the Bonds, and are further authorized to approve on behalf of the County a final Official Statement with any changes deemed appropriate by such officers.

Section 16. In accordance with the requirements of Rule 15c2-12, as amended (the "Rule"), promulgated by the Securities and Exchange Commission, the District, being the only "obligated person"

with respect to the Bonds, and being an “obligated person” with respect to no more than \$10,000,000 in aggregate amount of outstanding municipal securities (including the Bonds), agrees that it will provide the following continuing disclosure information to the Municipal Securities Rulemaking Board (the “MSRB”) in an electronic format as prescribed by the MSRB:

The District agrees that such covenants are for the benefit of the registered owners of the Bonds (including Beneficial Owners) and that such covenants may be enforced by any registered owner or Beneficial Owner, provided that any such right to enforcement shall be limited to specific enforcement of such undertaking and any failure shall not constitute an event of default under the Resolution. The continuing disclosure obligations of the District, as described above, shall cease when none of the Bonds remain outstanding.

Section 17. The officers of the District, or any one or more of them, including President, Vice President and Secretary of the Board of Education and the Superintendent are hereby authorized to execute and deliver any and all certificates and documents and to take any and all actions determined appropriate in connection with the issuance and sale of the Bonds.

POLICY

It is the policy of the Issuer identified above (the “Issuer”) to comply with all Federal tax requirements and securities law continuing disclosure obligations for its obligations issued as tax-exempt bonds (or as tax credit, direct pay subsidy or other tax-advantaged bonds, as applicable) to ensure, as applicable (a) that interest on its tax-exempt bonds remains exempt from Federal income tax, (b) that the direct payments or tax credits associated with its bonds issued as tax advantaged bonds are received in a timely manner and (c) compliance with any continuing disclosure obligations of the Issuer with respect to its outstanding bonds.

PROCEDURES

Compliance Officer. Review of compliance with Federal tax requirements and securities law continuing disclosure obligations as generally outlined below shall be conducted by the Compliance Officer identified above (the “Compliance Officer”). To the extent more than one person has been delegated specific responsibilities, the Compliance Officer shall be responsible for ensuring coordination of all compliance review efforts.

Training. The Compliance Officer shall evaluate and review educational resources regarding post-issuance compliance with Federal tax and securities laws, including periodic review of resources published for issuers of tax-exempt obligations by the Internal Revenue Service (either on its website at <http://www.irs.gov/taxexemptbond>, or elsewhere) and the Municipal Securities Rulemaking Board (either on its Electronic Municipal Market Access website [“EMMA”] at <http://www.emma.msrb.org>, or elsewhere).

Compliance Review. A compliance review shall be conducted at least annually by or at the direction of the Compliance Officer. The review shall occur at the time the Issuer’s annual audit takes place, unless the Compliance Officer otherwise specifically determines a different time period or frequency of review would be more appropriate.

- (c) the Issuer's continuing disclosure obligations, if any, contained in the Authorizing Proceedings or in a separate agreement (the "Continuing Disclosure Obligations"), and
- (d) any communications or other materials received by the Issuer or its counsel, from bond counsel, the underwriter or placement agent or its counsel, the IRS, or any other material correspondence relating to the tax-exempt status of the Issuer's bonds or relating to the Issuer's Continuing Disclosure Obligations.

Use and Timely Expenditure of Bond Proceeds. Expenditure of bond proceeds shall be reviewed by the Compliance Officer to ensure (a) such proceeds are spent for the purpose stated in the Authorizing Proceedings and as described in the Tax Documents and (b) that the proceeds, together with investment earnings on such proceeds, are spent within the timeframes described in the Tax Documents, and (c) that any mandatory redemptions from excess bond proceeds are timely made if required under the Authorizing Proceedings and Tax Documents.

Arbitrage Yield Restrictions and Rebate Matters. The Tax Documents shall be reviewed by the Compliance Officer to ensure compliance with any applicable yield restriction requirements under Section 148(a) of the Internal Revenue Code (the "Code") and timely calculation and payment of any rebate and the filing of any associated returns pursuant to Section 148(f) of the Code. A qualified rebate analyst shall be engaged as appropriate or as may be required under the Tax Documents.

Use of Bond Financed Property. Expectations and covenants contained in the Bond Documents regarding private use shall be reviewed by the Compliance Officer to ensure compliance. Prior to execution, the Compliance Officer (and bond counsel, if deemed appropriate by the Compliance Officer) shall review (a) all proposed leases, contracts related to operation or management of bond-financed property, sponsored research agreements, take-or-pay contracts or other agreements or arrangements or proposed uses which have the potential to give any entity any special legal entitlement to the bond-financed property, (b) all proposed agreements which would result in disposal of any bond-financed property, and (c) all proposed uses of bond-financed property which were not anticipated at the time the bonds were issued. Such actions could be prohibited by the Authorizing Proceedings, the Tax Documents or Federal tax law.

The requirements, agreements and procedures set forth in the Tax Documents, now or hereafter in existence, are hereby incorporated into these procedures by this reference and are adopted as procedures of the Issuer with respect to the series of bonds to which such Tax Documents relate.

Consultation Regarding Questions or Concerns. Any questions or concerns which arise as a result of any review by the Compliance Officer shall be raised by the Compliance Officer with the Issuer's counsel or with bond counsel to determine whether non-compliance exists and what measures should be taken with respect to any non-compliance.

VCAP and Remedial Actions. The Issuer is aware of (a) the Voluntary Closing Agreement Program (known as "VCAP") operated by the Internal Revenue Service which allows issuers under certain circumstances to voluntarily enter into a closing agreement in the event of certain non-compliance with Federal tax requirements and (b) the remedial actions available to issuers of certain bonds under Section 1.141-12 of the Income Tax Regulations for private use of bond financed property which was not expected at the time the bonds were issued.

Dear Mr. Jorgenson,

Please accept this letter as formal notice of my resignation as Title I Para at Southern Valley Elementary Schools, effective May 19, 2021.

After careful consideration, I have decided to retire and spend more time with my grandkids, among other things. I have really enjoyed working with our students in several different capacities. I also have been blessed to be able to work beside so many outstanding teachers. This was a very difficult decision as I have really enjoyed coming to work (most days).

Thank you to the administration and staff for the support that I have received. It has been a privilege working here.

Sincerely,

Nancy Tarkington

Dear Mr. Jorgenson and Southern Valley Board of Education,

Please accept my resignation from my position as a 7-12 English/Language Arts Teacher at Southern Valley Schools including all extra-duty and coaching responsibilities effective at the end of the 2020-2021 contract term.

My time at Southern Valley has been an enormously rewarding experience. As a young teacher, I really appreciate the opportunities that I have been given here. Teaching as well as coaching during my four years at Southern Valley has brought me so much joy, happiness, and a respectable passion for what I do. The administration and staff has been very supportive during my growth with the school district, and I wish the faculty, staff, and students the best of luck for the future and will do whatever I can to help make a smooth transition.

Many thanks for the opportunities and support you have offered me. I wish you all the best.

Sincerely yours,

Dear Southern Valley Schools Board of Education and Administration,

Though I have greatly enjoyed the past six years at Southern Valley, I have decided to move closer to family. I accepted a 5-12 Band position with Stanton Community Schools. This decision was very tough and strictly family based. Our parents are getting older, and having their grandchildren closer means a great deal to them and us. My resignation is effective upon the end date of my 2020-2021 contract.

Thank you for all of the support you and the community have provided me. I will never forget the **generosity** and the important skills I have learned at Southern Valley. The students will not forget this generosity either. *We, together, have made a great impact on these students by investing in their future.* I will forever cherish the memories from everyone in the communities, student body, and staff.

I will be sure to complete all required and associated responsibilities before departing this position. I hope to stay in touch with you and SV Nation!

Again, thank you for all of your support and generosity, not just to me but the entire band program at Southern Valley Schools!

Sincerely,
