Academic Content

LB 768	<i>Sponsor</i> Albrecht	<i>Committee</i> Education	<i>Subject</i> Change provisions relating to establishment of academic content standards for school districts
---------------	----------------------------	-------------------------------	--

LB 768 prohibits the State Board of Education from developing, approving, distributing, adopting, or promulgating any academic content standards in a new content area other than reading, writing, mathematics, science, and social studies (which would include financial literacy).

The education community knew prior to the 2022 Session that Senator Albrecht intended to introduce such a measure in light of the State Board’s recent consideration of health standards in 2021.

The bill also amends the laws governing public school health education requirements by removing the descriptive word “comprehensive” in the development and instruction of health education programs. The notion is to prevent local districts and the Commissioner of Education from pursuing instruction or providing instructional materials on any health education topic other than that related to:

- (1) the physiological, psychological, and sociological aspects of drug use, misuse, and abuse and
- (2) on intellectual disability and other developmental disabilities, such as cerebral palsy, autism, and epilepsy, their causes, and the prevention thereof through proper nutrition and the avoidance of the consumption of drugs.

(With special emphasis to be placed upon the commonly abused drugs of tobacco, alcohol, marijuana, hallucinogenics, amphetamines, barbiturates, and narcotics.)

Certification

LB 690	<i>Sponsor</i> Blood	<i>Committee</i> Education	<i>Subject</i> Redefine basic skills competency for purposes of teachers’ and administrators’ certificates or permits
---------------	-------------------------	-------------------------------	--

LB 690 concerns a topic of discussion during the interim period of 2021: to review the requirements for teacher certification. The measure changes the basic skills competency, which currently means proficiency in (i) the written use of the English language, (ii) reading, comprehending, and interpreting professional writing and other written materials, and (iii) working with fundamental mathematical computations as demonstrated by successful completion of an examination designated by the State Board of Education.

LB 690 amends the third requirement by permitting either an examination or coursework designated by the State Board of Education.

Criminal and Juvenile Codes

LB 773	<i>Sponsor</i>	<i>Committee</i>	<i>Subject</i>
	Brewer	Judiciary	Provide for carrying of concealed handgun without a permit and prohibit regulation of such carrying by cities, villages, and counties

Note: The Nebraska Concealed Handgun Permit Act was enacted in 2006 with the intent to allow an individual to obtain a permit to carry a concealed handgun in accordance Act. The original law attempted to provide a methodical process for obtaining a permit and an extensive list of prohibited actions.

LB 773 dramatically alters the existing conceal/carry law and allows residents to carry a concealed handgun without meeting the current requirements of a background check, a \$100 fee and an 8 to 16-hour class on gun safety. All of Nebraska’s neighbors except for Colorado have adopted similar “constitutional carry” laws.

Curriculum

LB 888	<i>Sponsor</i>	<i>Committee</i>	<i>Subject</i>
	Day	Education	Redefine multicultural education for school districts

The Multicultural Education Law (§ 79-719) currently defines multicultural education as studies relative to (1) the culture, history, and contributions of African Americans, Hispanic Americans, Native Americans, and Asian Americans.

LB 888 expands the definition of multicultural education to include studies relative to the Holocaust and other acts of genocide.

Note: Provisions of a similar bill, LB 640 (2019), were merged into the NDE technical cleanup bill of 2019 (LB 1131), which advanced to Select File but advanced no further.

Early Childhood Education

LB 838	<i>Sponsor</i>	<i>Committee</i>	<i>Subject</i>
	Kolterman	Education	Require the State Department of Education to create an aid program relating to the early childhood workforce

LB 838 requires NDE to create a program to provide aid to: (a) Employees or self-employed individuals who provide child care or education programs for children; and (b) Providers of activities that support early childhood workforce recruitment and retention.

The bill defines early childhood care and education program as:

- (i) A child care program licensed under the Child Care Licensing Act which serves children from birth to kindergarten;
- (ii) A prekindergarten service or program;
- (iii) A Head Start program; or
- (iv) An Early Head Start program.

“Early childhood workforce” is defined as employees of or a self-employed individual at an early childhood care and education program based in Nebraska.

LB 838 provides intent language to provide an annual appropriation of \$15 million from the General Fund to carry out this program.

Election Law

LB 734	<i>Sponsor</i>	<i>Committee</i>	<i>Subject</i>
	Cavanaugh, J.	Government	Provide a contribution limit for candidate committees under the Nebraska Accountability and Disclosure Act

LB 734 amends the Nebraska Accountability and Disclosure Act and represents an attempt at election reform.

The bill limits the amount of contribution any one person can make to a candidate committee to no more than \$5,000 during an election period.

A candidate committee must refund any contribution from a person that exceeds a total of \$5,000 received during an election period from such person within 10 days after receipt and report the contribution on subsequent campaign statements disclosing the name and address of the contributor, the amount received, the date of receipt, and the date returned.

The bill does not apply to a candidate’s own personal funds contributed to the candidate’s committee.

LB 785	<i>Sponsor</i>	<i>Committee</i>	<i>Subject</i>
	Groene	Government	Change provisions relating to early voting

LB 785 provides that ballots for early voting must be mailed by nonforwardable first-class mail to registered voters not sooner than 22 days prior to each statewide primary or general election and at least 15 days prior to all other elections. Current law provides up 35 days prior to each statewide primary or general election.

As for absentee ballots, the bill shortens the timespan a registered voter is allowed to appear in person before the election commissioner or county clerk to obtain a ballot from 30 days prior to the day of election to 22 days.

As to ballot agents, LB 785 provides that any registered voter who is permitted to vote early may appoint an agent to: (a) submit a request for a ballot for early voting on behalf of the voter or (b) return a marked ballot to the election commissioner or county clerk on behalf of the voter.

LR 268CA	<i>Sponsor</i>	<i>Committee</i>	<i>Subject</i>
	Briese	Government	Constitutional amendment to provide for recall of the Governor or a member of the Legislature

LR 268CA is a proposed constitutional amendment to permit the Governor or any member of the Legislature to be recalled from office. If approved by the Legislature it would appear on the November 2022 General Election ballot.

Procedures for this recall mechanism would need to be enacted through legislation if the amendment is approved by the electors.

Employment Issues

LB 696	<i>Sponsor</i>	<i>Committee</i>	<i>Subject</i>
	Blood	Appropriations	Appropriate federal funds to the State Department of Education for school employee retention payments

LB 696 was one of the subjects of discussion during interim hearings in 2021 on what the Legislature should do with COVID relief funds allotted to Nebraska.

The bill would permit school employees, other than school administrators, to receive “retention payments” based on an unspecified amount from an unspecified appropriation of federal funds available to the Legislature. It would include teachers, paraeducators, bus drivers, food service handlers, librarians, and other support staff.

Senator Blood argues in the legislation that it is necessary to provide retention payments to public elementary and secondary school employees in order to decrease the number of open job positions created by the COVID-19 public health emergency.

NDE would be tasked with distributing the funds.

The measure includes the emergency clause.

LB 906	<i>Sponsor</i> Hansen, B.	<i>Committee</i> Health	<i>Subject</i> Require employers to provide for vaccine exemptions and provide duties for the Department of Health and Human Services
---------------	------------------------------	----------------------------	--

LB 906 applies to a range of employers including the State of Nebraska, governmental agencies, and political subdivisions.

The bill requires DHHS to develop a vaccine exemption form for an individual to claim an exemption. The department must make the form available on the department’s website. The form must require the individual to declare that the individual refuses to receive the vaccine because of the individual’s strong moral, ethical, or philosophical belief or conviction.

To claim the exemption, an employee must fill out and sign the vaccine exemption form and submit the form to the employer.

LB 906 provides that an employer requiring applicants or employees to be vaccinated must allow for an exemption to the requirement based on an applicant’s or employee’s strong moral, ethical, or philosophical belief or conviction.

The bill permits an employer to require an employee granted an exemption to:

- (a) Be periodically tested, at the employer’s expense, for infection or illness; and
- (b) Wear or use personal protective equipment provided by the employer.

The emergency clause is attached.

Income Tax Credits

LB 687	<i>Sponsor</i> Blood	<i>Committee</i> Revenue	<i>Subject</i> Adopt the Property Tax Circuit Breaker Act
---------------	-------------------------	-----------------------------	--

LB 687 is very similar to LB 420 (2019) introduced by Senator Kate Bolz.

LB 687 creates the Property Tax Circuit Breaker Act, which provides a refundable income tax credit. A qualifying residential or agricultural taxpayer, as defined by the bill, may apply to the Department of Revenue for a refundable income tax credit based on the amount of property taxes paid and the income level of the applicant taxpayer.

The department may certify up to \$74 million in tax credits for qualifying agricultural taxpayers each taxable year. If the total amount of tax credits requested by all applicants exceeds the total amount available, the department must certify tax credits on a proportionate basis so the limitation is not exceeded.

For qualifying residential taxpayers, the department may certify up to \$126 million of tax credits for each taxable year. If the total amount of tax credits requested by all applicants exceeds the total

amount available, the department must certify tax credits on a proportionate basis so the limitation is not exceeded. Qualifying residential taxpayers include both homeowners and renters.

The department may adopt and promulgate rules and regulations to carry out the act.

LB 687 would become operative on January 1, 2023.

LB 688	<i>Sponsor</i> Blood	<i>Committee</i> Revenue	<i>Subject</i> Adopt the Property Tax Reduction Act and eliminate credits under the Nebraska Property Tax Incentive Act
---------------	-------------------------	-----------------------------	--

LB 688 eliminates the credits under the Nebraska Property Tax Incentive Act passed under LB 1107 (2020) and creates the Property Tax Reduction Act.

Beginning in 2022, each eligible taxpayer would receive a credit against the school district taxes levied on the eligible taxpayer’s property. The credit would be equal to the credit percentage for the year, as set by the Department of Revenue multiplied by the amount of school district taxes levied against the eligible taxpayer’s property for such year. The credit would be in the form of a property tax credit that appears on the property tax statement.

By 2024 the department would set the credit percentage so that the total amount of credits for the year would equal to \$375 million.

LB 688 requires the state to reimburse school districts for the property tax revenue lost as a result of the credit granted in the bill.

LB 702	<i>Sponsor</i> Williams	<i>Committee</i> Revenue	<i>Subject</i> Change provisions relating to the availability of tax credits under the School Readiness Tax Credit Act
---------------	----------------------------	-----------------------------	---

In 2016 the Legislature passed LB 889 to create the School Readiness Tax Credit Act for certain child care and education providers whose eligible program provides services to children who participate in the child care subsidy program. The Act also applies to eligible staff of such child care and education providers.

The nonrefundable income credit program commenced on January 1, 2017 and is set to expire in 2022. LB 702 would extend the Act to January 1, 2027.

LB 723	<i>Sponsor</i> Briese	<i>Committee</i> Revenue	<i>Subject</i> Change provisions relating to the calculation of tax credits under the Nebraska Property Tax Incentive Act
---------------	--------------------------	-----------------------------	--

In 2020 the Legislature passed LB 1107 to create the Nebraska Property Tax Incentive Act. The act provides a refundable income tax credit or credit against franchise tax for any taxpayer who pays school district taxes, which is property taxes levied by a school district or school system, excluding property taxes levied for bonded indebtedness and property taxes levied as a result of an override of limits on property tax levies approved by voters.

Under the Act, the Department of Revenue would annually establish a credit percentage for purposes of determining the amount available for the income tax credit program. However, regardless of this annual determination, LB 1107 provided that, in 2024, the amount of the credit is to be \$375 million.

LB 723 eliminates the provision of the Nebraska Property Tax Incentive Act requiring the amount of the credit to equal \$375 million in 2024. The introducer states the reason for the change is to create a pathway for the success of the program and, apparently, \$375 million was a very high expectation.

Miscellaneous

LB 685	<i>Sponsor</i> Executive Board	<i>Committee</i> Executive Board	<i>Subject</i> Eliminate obsolete provisions appropriating funds to the State Department of Education for FY2017-18 and FY2018-19
---------------	-----------------------------------	-------------------------------------	--

LB 685 is a Revisor of Statutes bill to eliminate an obsolete statute (§ 90-561) relating to the Department of Education. The bill has no substantive impact. Each session the Revisor’s office routinely requests legislation to be introduced to clean up the Nebraska Revised Statutes.

LB 774	<i>Sponsor</i> Brewer	<i>Committee</i> Judiciary	<i>Subject</i> Adopt the First Freedom Act
---------------	--------------------------	-------------------------------	---

LB 774 creates the First Freedom Act and represents what is referred to as a state religious freedom restoration act.

“State religious freedom restoration acts” are state laws based on the Religious Freedom Restoration Act (RFRA), a federal law that was passed by Congress in 1993 and signed into law by President Bill Clinton. The laws mandate that religious liberty of individuals can only be limited by the “least restrictive means of furthering a compelling government interest.” Originally, the federal law was intended to apply to federal, state, and local governments. In 1997, the U.S. Supreme Court in *City of Boerne v. Flores* held that the Religious Freedom Restoration Act only applies to the federal government but not states and other local municipalities within them. As a result, 21 states have passed their own RFRA that apply to their individual state and local governments. *[Source: Wikipedia]*

LB 774 defines “state action” as the implementation or application of any law, including, but not limited to, state and local laws, ordinances, rules, regulations, and policies, whether statutory or otherwise, or other action by the state or any political subdivision thereof and any local government, municipality, instrumentality, or public official authorized by state or local law.

The bill provides that no state action may substantially burden a person’s right to the exercise of religion, even if the burden results from a rule of general applicability, unless it is demonstrated that applying the burden to that person’s exercise of religion in this particular instance:

- (a) Is essential to further a compelling governmental interest; and
- (b) Is the least restrictive means of furthering that compelling governmental interest.

The bill further provides that no state action may restrict a religious organization from operating or engaging in religious services during a state of emergency to a greater extent than it restricts non-religious organizations or businesses.

LB 774 provides that a person whose exercise of religion or religious service has been burdened or restricted, or is likely to be burdened or restricted, in violation of the First Freedom Act, may bring a civil action or assert such violation or impending violation as a defense in a judicial or administrative proceeding. This would apply regardless of whether the state or a political subdivision is a party to the judicial or administrative proceeding.

A person asserting a claim or defense may obtain appropriate relief, including against the state or a political subdivision. Appropriate relief includes:

- (a) Actual damages;
- (b) Such preliminary and other equitable or declaratory relief as may be appropriate; and
- (c) Reasonable attorney’s fees and other litigation costs reasonably incurred.

	Clements	Health	Require city-county health departments to obtain approval for directed health measures

LB 859 dramatically reduces the scope and authority of local county health departments and essentially requires these local entities to get approval from DHHS before taking any action such as with preventive health measures. DHHS is a code agency with a director appointed by the governor.

LB 859 provides that a county board of health may:

- (i) Enact rules and regulations, after a public hearing, and enforce same for the protection of public health and the prevention of communicable diseases within its jurisdiction, subject to the review and approval of such rules and regulations by the Department of Health and Human Services; and

- (ii) Investigate the existence of any contagious or infectious disease and adopt measures, with the approval of the Department of Health and Human Services to arrest the progress of the same.

	Brewer	Education	Authorize the wearing of tribal regalia by certain students

LB 872 relates to the wearing of tribal regalia in public and private schools, private postsecondary career schools, and other postsecondary institutions.

The bill defines “tribal regalia” as traditional garments, jewelry, other adornments, or similar objects of cultural significance worn by members of an indigenous tribe of the U.S. or another country. Tribal regalia does not include any firearm or other dangerous weapon. Tribal regalia also does not include, except in compliance with an appropriate federal permit, any object that is otherwise prohibited by federal law.

As it relates to public and private elementary and secondary schools, the bill provides that a person who is a student attending a school which meets the requirements for legal operation prescribed in Chapter 79 (relating to Education) may wear tribal regalia in any public or private location where the person is otherwise authorized to be on such school grounds or at any school function. The bill does not intend to limit the authority of administrative and teaching personnel to regulate student behavior (as provided in the Student Discipline Act) or the authority of a school to regulate student behavior to further school purposes or to prevent interference with the educational process.

LB 872 permits a school to adopt a policy to accommodate the provisions of the bill. The policy may specify the characteristics of any garment, jewelry, other adornment, or object that the school finds will endanger the safety of a student or others or interfere with school purposes or the educational process if worn by a student during a specified activity.

	Blood	Executive Board	Constitutional amendment to require the Legislature to reimburse political subdivisions as prescribed

LR 263CA is constitutional amendment to address unfunded mandates by the state to political subdivisions, including school districts.

The measure would amend Article III, Section 22 (relating to legislative authority) and provides that the Legislature may not impose responsibility for a program created after the year 2022 or an increased level of service required under an existing program after the year 2022 on any political subdivision unless the subdivision is fully reimbursed by the state for the cost of such program or increase in level of service.

Reimbursement by the state would be in the form of a specific appropriation or an increase in state distribution of revenue to the political subdivision.

If passed by the Legislature, the measure would appear on the November 2022 General Election ballot.

LR 264CA	<i>Sponsor</i> Erdman	<i>Committee</i> Revenue	<i>Subject</i> Constitutional amendment to prohibit the imposition of taxes other than retail consumption taxes and excise taxes
-----------------	--------------------------	-----------------------------	---

Senator Erdman has introduced legislative proposals in the past related to a consumption tax, most recently in 2021 (LB 133), which did not advance from committee. There does appear to be interest among many lawmakers to understand more about this tax strategy.

A consumption tax is a tax on the purchase of a good or service. Consumption taxes can take the form of sales taxes, tariffs, excise, and other taxes on consumed goods and services.

A consumption tax can also refer to a taxing system as a whole in which people are taxed based on how much they consume rather than how much they add to the economy (income tax).

LR 264CA is the most recent effort by Senator Erdman to pursue this idea. The measure would amend Article VIII, section 1 of the Nebraska Constitution and provide that no taxes other than retail consumption taxes and excise taxes may be imposed upon the people of Nebraska.

The measure provides that after January 1, 2024, all other forms of taxation would be eliminated in favor of the consumption tax.

If the Legislature passes the measure, it would appear on the November 2022 General Election ballot.

Open Meetings Law

LB 742	<i>Sponsor</i> Erdman	<i>Committee</i> Government	<i>Subject</i> Provide for minutes to be kept in an electronic record under the Open Meetings Act
---------------	--------------------------	--------------------------------	--

Existing provisions of the Open Meeting Act [section 84-1413(6)], specifically permit minutes of the meetings of a school board or ESU board to be kept as an electronic record.

LB 742 strikes this subsection but then broadens the law to permit any governing body, including school boards and ESU boards to maintain minutes in written form or kept as an electronic record.

LB 743	<i>Sponsor</i>	<i>Committee</i>	<i>Subject</i>
	Erdman	Government	Change provisions relating to when closed sessions may be held under the Open Meetings Act

LB 743 amends the Open Meetings Act (§ 84-1410) to provide that, in addition to a public body governing board, a subcommittee of such body may hold a closed session by the affirmative vote of a majority of its voting members if a closed session is clearly necessary for the protection of the public interest or for the prevention of needless injury to the reputation of an individual and if such individual has not requested a public meeting.

The subject matter and the reason necessitating the closed session must be identified in the motion to close. A subcommittee may pursue a closed session for the same specific reasons that a public body governing board may pursue a closed session.

The bill contains the emergency clause.

	Bostar	Revenue	Change an interest rate relating to property tax refunds

The current procedures set forth to receive a property tax refund (§ 77-1736.06) provide that, for any refund or claim, interest would accrue on the unpaid balance at the rate of 9% beginning 30 days after the date the county assessor certifies the amount of refund based upon the final nonappealable order or other action approving the refund.

LB 735 increases this interest rate to 14%.

	Kolterman	Retirement	Change provisions relating to public retirement systems

LB 700 represents the technical clean-up bill introduced at the request of NPERS. Proposed changes include:

- Eliminates obsolete investment options language in the County and State plans.
- Adds template investment language to the County and State Equal Retirement Fund provisions.
- Eliminates school employer and member reporting requirements regarding early retirement inducements.

- In the State Plan, adds vesting language that was inadvertently left out in the re-employment provisions adopted in 2019 under LB 34.
- Eliminates obsolete date for NIC and the PERB to file their annual reports with the Nebraska Retirement Systems Committee.
- Eliminates the obsolete requirement for NPERS to create annual reporting forms for political subdivisions.
- Eliminates obsolete language regarding the Legislative Council Retirement Study Fund.
- Updates the deadline for the next Compliance Audit to be conducted no later than December 31, 2028.
- Broadens the job qualifications for the NPERS director. Strikes requirement for the NPERS attorney to be a member in the voluntary Nebraska Bar Association. Authorizes the PERB to hire an attorney for a 6-month probationary period pending licensure to practice law in Nebraska
- Amends retirement education training provisions to allow paid time off for Judges, State Patrol and School plan members to also attend live webinar sessions offered during regular work hours. It also eliminates the distinction in the State and County plans between under age 50 and over age 50 education programs. Instead of authorizing 2 paid work days to attend under age 50 sessions and 2 paid work days to attend over age 50 sessions, members would be authorized to receive 3 days of paid work days to either attend in-person or live webinar training sessions during regular work hours.

During the 2021 Legislative Session, a measure was passed and signed requiring NDE to develop and implement a pilot program to study the efficacy of commercial air filters in classrooms to remove common pollutants and particulate matter and their impact on academic and behavioral performance.

The study was to be conducted within two years. LB 754 extends this timeline to three years, through school year 2023-24.

The pilot program development and implementation must be completed in consultation with the University of Nebraska. Upon conclusion of the pilot program, NDE must report the results to the Legislature.

	Brandt	Education	Change provisions relating to the Nebraska Farm-to-School Program Act

The Nebraska Farm-to-School Program was established under LB 396 (2021) to be administered on a statewide basis by NDE.

The program was meant to provide for the purchase of locally and regionally produced or processed food in order to improve child nutrition and strengthen local and regional farm economies.

It would link elementary and secondary public and nonpublic schools in the state with farms in a manner that provides schools with fresh and minimally processed food for inclusion in school meals and snacks, encourages children to develop healthy eating habits, and improves the incomes of Nebraska farmers who will enjoy direct access to consumer markets.

The program might include activities that provide students with hands-on learning opportunities, including, but not limited to, farm visits, cooking demonstrations, and school gardening and composting programs, and that integrate nutrition and agricultural education into the school curricula.

In an effort to work with NDE, Senator Brandt’s LB 758 would clarify that the program would only include early childhood programs hence the secondary public and nonpublic schools would not be applicable.

	Gragert	Business and Labor	Change provisions relating to child labor and employment certificates and approval requirements for short-time compensation plans

Current provisions of law (§ 48-302) provide that no child under 16 years of age may be employed or permitted or suffered to work in any employment unless the person or corporation employing the child procures and keeps on file an employment certificate and keeps two complete lists of all children employed in the building.

Further, current law (§ 48-303) provides that an employment certificate may be approved only by the superintendent of the school district in which the child resides or by a person authorized by him/her in writing or, when there is no superintendent, by a person authorized by the school district officers.

LB 780 approved only by the principal of the school the child attends or by a person authorized by him/her in writing or, when there is no principal, by a person authorized by the chief administrative officer of the school or the county superintendent.

Note: LB 272 (1999) implemented the provisions of LB 806 (1997), which required the elimination of the office of county superintendent of schools by June 30, 2000. LB 272 repealed all duties of the county superintendent and transfers some existing responsibilities to other state or local entities beginning July 1, 2000.

	Day	Education	Require behavioral health points of contact for school districts

Similar provisions found in LB 852 were incorporated into LB 529 (2021), which advanced to Select File but did not pass.

LB 852 provides that, by August 1, 2023, each school district must designate one or more “behavioral health points of contact” for each school building or other division as determined by the school district. A behavioral health point of contact may be an administrator, a school nurse, a school psychologist, or another designated school employee. Each point of contact must have knowledge of community behavioral health service providers and other resources available for students and families.

The bill requires NDE, in consultation with the DHHS Division of Behavioral Health, to provide each school district with a registry of state and local behavioral health resources available to work with students and families by geographic area. The registry must be updated at least annually and include resources for both school-based services and services accessible by students and families outside of school.

The point of contacts must coordinate access to community behavioral health services for students and families and facilitate access to services during the school day at the school the student attends whenever possible.

Before the beginning of school year 2023-24, and before the beginning of each school year thereafter, each school district must report the designated behavioral health points of contact to NDE.

4037 Reduction In Force

The board of education may determine that a reduction in force of certificated staff members is appropriate due to declining enrollment in a grade or grades, changes in financial support, changes in curricular programs, a decline in the taxable value of property located within the school district, increased costs of operating the school district, or another change or changes in circumstances. If the board, in its sole discretion, determines that a reduction of certificated staff is necessary, the superintendent shall notify those employees whose contracts may be reduced. However, the employment of a permanent employee may not be terminated through a reduction in force while a probationary employee is retained to render a service that the permanent employee is qualified to perform by reason of certification and endorsement, or when certification is not applicable, by reason of college credits in the teaching area.

1. **Definition of Reduction in Force.** A reduction in force shall consist of a reduction of one or more positions or a reduction in the percentage of employment of one or more certificated staff members, even if the number or percentage of employment of the certificated staff overall may be increased by other hirings or increases in the percentage of employment of other employees. Reduction in force may result in the termination of employment or an amendment to an employee's contract reducing the extent of the employee's employment.
2. **Restriction of Right to Administrative Position.** Due to the confidential and unique personal working relationship necessary between the administration and the board of education, a certificated employee who is not currently serving in a predominantly administrative capacity shall have no rights under this policy to any administrative position within the school system.
3. **Criteria for Reduction in Force.** The criteria set forth below shall be considered in selecting the personnel to be reduced. The criteria are not listed in any order of priority, and shall be given the weight that the board considers appropriate.
 - a. Programs to be offered;
 - b. Areas of endorsement that are of present or future value to the district. This criterion shall be based upon the

endorsement(s) shown on each teacher's Nebraska Teaching Certificate;

- c. State and federal laws or regulations that may mandate certain employment practices;
- d. Involvement in the programs and activities sponsored by the school district;
- e. Special or advanced training consisting of college credit or other training that would be of present or future value to the district;
- f. The organizational and educational effect caused by multiple part-time certificated employees;
- g. Formal and informal evaluation of staff performance by supervising administrators and if evaluations will be used as a criterion for a given reduction-in-force, the evaluation procedures shall be those adopted by board policy in effect at the time of the reduction and the evaluation forms shall be those on file with the Nebraska Department of Education for the district;
- h. Any other reasons that are rationally related to the instruction in or administration of the school district.

4. **Consideration of Uninterrupted Service.** If, after consideration of the criteria listed above, it is the opinion of the superintendent that there is no significant difference between or among certificated employees being considered for reduction, the employee(s) with the longest uninterrupted service to the district shall be retained.

- a. Uninterrupted length of service is defined as the number of continuous full-time equivalent years of employment in the district as a teacher.
- b. A full-time equivalent year is defined as employment on a full-time basis for an entire school year.
- c. Less than full-time employment reduces the teacher's full-time equivalent employment for a school year. For example, a teacher employed on a half-time basis would be credited with half a year full-time equivalent employment.
- d. A break in service will terminate a teacher's seniority and length of service under this provision. That period of time when a teacher is on a leave of absence shall not constitute a break in service; however, any years of absences or fractions of years of leave of absence will not count as years of employment for the purposes of determining the length of a teacher's uninterrupted service.

5. **Rights of Recall.**

- a. Any certificated employee whose contract has been terminated shall be considered to have been dismissed with honor and shall, upon request, be provided a letter to that effect.
- b. Such employee shall have preferred rights to re-employment for a period of 24 months commencing at the end of the contract year, and the employee shall be recalled on the basis of length of service to the district to any position that he or she is qualified to teach by endorsement or college preparation.
- c. Upon re-employment, a recalled employee shall be placed on the salary schedule and provided fringe benefits based on existing district policies and the current negotiated agreement. Any year or years of absence from employment shall not be considered as a year or years of employment by the district.
- d. An employee under contract to another education institution may waive recall, but such waiver shall not deprive the employee of his or her right to subsequent recall.

6. **Current Teaching Certificate.**

- a. Upon initial employment with the district, each certificated employee shall file a copy of his or her teaching certificate, including endorsements with the superintendent of schools.
- b. The employee shall be responsible for filing any changes in certification or endorsements with the superintendent.

7. **Address Records.**

- a. A certificated employee whose employment contract has been terminated because of a reduction in force shall, during the period which he or she is eligible for recall, be responsible for reporting any change of address to the superintendent of schools.
- b. If there is a vacancy to which a former employee has a right of recall, the district may communicate an offer of re-employment by telephone, by e-mail, or by United States mail sent to the former employee's last known address. If the school district does not receive written acceptance of the offer within seven days, the former employee shall be deemed to have waived his or her rights to be recalled to the employment position.
