SUPERINTENDENT'S NARRATIVE REPORT
REGULAR BOARD MEETING:

Informational Items

Date: Monday, June 13, 2022

To: Palmyra District OR-1 BOE

From: Michael Hart

School Safety:

- In the wake of the recent school shootings in Texas and surrounding states, school safety has again become a current topic of conversation. No matter the location of these tragic incidents, our students and families may begin to feel anxious or fearful about school and school processes. Families may have questions and students may come to parents (or our staff) with questions and concerns (or they may shut down and say nothing) as they process the information surrounding these events. Both of these reactions are natural and we need to provide compassionate, authentic, and immediate support to these reactions as they occur. Having a supportive network in place is critical to helping our students, staff, and families work through stressful situations.
- District OR-1 reaffirms that student safety remains our top priority and our staff works exceedingly hard to make sure that our students have a safe and inviting environment for learning and activities. Even when students are out of school for the summer or other breaks, we are planning and problem solving ways to maximize safety for our students and staff.
- Our school staff is trained in a variety of school and student safety topics. These topics range from suicide awareness, threat assessment, bullying prevention, behavior management and social-emotional supports for students. We have recently added more stringent visitor entrance protocols at both buildings and incorporated a visitor identification badge and “sign in-sign out” system for students and families as well.
- Additionally, we rehearse safety drills, we have school safety plans in place, and our staff members pride themselves on creating and sustaining safe and positive relationships with students and families. We also work cooperatively and effectively with our local law enforcement and first responder officials and we greatly appreciate the jobs they do to keep our communities safe as well.
- School safety is a dynamic process and a collaborative effort. School safety is embedded in the culture of our schools and it is enhanced when our students, staff, and families remain “situationally aware” of their environments and report things that may seem out of the ordinary. That means that if students see or hear something on social media or in a social (or private) setting that concerns them, we have to continue to provide a safe and “judgement free” environment for them to let us know what is going on.
- If students or families hear or see things that concern them or they think may be a safety issue, they are encouraged to let someone know about it as soon as possible and report it to our school staff. When that information is shared with our school staff, we will follow up as soon as possible to investigate and gather information about how to best respond.

District OR-1 : Home of the Panthers!

- Change is constant and as situations change, we will continue to proactively evolve our procedures and practices to ensure students are not only physically safe, but also that they feel safe emotionally.
- When these tragic events occur, the American School Counselor Association has gathered a list of [resources and tips to help](#). These tips are summarized below:
 - *Try and keep routines as normal as possible.*
 - *Limit exposure to television and the news.*
 - *Be honest with kids and share with them as much information as they are developmentally able to handle.*
 - *Actively listen to kids' fears and concerns.*
 - *Reassure kids that the world is a good place to be, but that there are people who do bad things.*
 - *Families and adults need to first deal with (and assess) their own responses to crisis and stress.*
 - *Rebuild and reaffirm attachments and relationships.*
 - *The bottom line is to keep having conversations with our kids..*

School Lunch Program and Student Meals:

- This fall, schools will again begin charging for school meals (breakfast and lunch). For about the past two years, due to the impact of the COVID-19 pandemic, school meals have been free of charge for students and families, but we were recently notified that this practice will no longer be the case starting in the fall.
- Although students and families will again have to pay for school lunch and breakfast programs, we have worked with our food service staff to keep costs as low as possible.
- Free and reduced school meal guidelines are still in place and families should plan accordingly if they need to apply for this program.
- Families should contact our school office as soon as possible for information on free and reduced school meal guidelines, income parameters, and application procedures.
- The updated school meal prices are listed as an action item later in the agenda. *Please note that adult and visitor lunch prices have not been added yet as those prices are set by the Nebraska Department of Education later in July.*

Activities Committee Update:

- At last month's regular board meeting, we discussed forming a district Activities Committee to proactively and systematically address the process for adding activities to our extracurricular programming.
- This committee will be led by Mr. Hoeft (Activities Director) and Mr. Johnson (High School Principal) and they are in the process of finalizing the committee membership and scheduling a preliminary meeting coming up sometime this summer.

District OR-1 : Home of the Panthers!

- The purpose of the committee (made up of board members, school staff, and community members) will be to collaborate together to gather relevant information, evaluate and verify student interest and projected participation numbers, analyze comparative data, and provide feedback to the board and administrative team about the benefits, costs, logistics, and challenges associated with adding particular activities.
- Although we won't be adding any additional activities for the 2022-2023 school year, two of the activities being considered at some point in the near future are softball and baseball.
- This committee will also be tasked to provide periodic updates to the board throughout the 2022-2023 school year.

Student and Staff Handbooks:

- Please note that the Palmyra Junior/Senior High School student handbook is not on the agenda for approval at tonight's meeting as there are some pending activity and policy changes that are still needing final clarification.
- This handbook will be on the board agenda for approval at the July 11th regular board meeting.
- Certified and classified staff handbooks will also be on the board agenda for approval in July.

2. Regular Manner of Advertisement for Bids: The notice to bidders shall be published one time in a newspaper of general circulation in the School District. The notice shall be published at least seven (7) days prior to the date designated for the opening of such bids. The Board of Education or Administration may, in its sole discretion, elect to utilize further advertisement for bids as it may determine appropriate to secure a sufficient number of qualified bidders for the scope of the project.
3. Bid Opening: When the hour is reached for such bids to close, bids will be immediately and simultaneously opened in the presence of the bidders or representatives of the bidders.
4. Contract Award: The contract shall be awarded to the lowest responsible bidder as to the extent required by law. When not so required, the award shall be made on the basis of consideration of the contract award criteria determined appropriate by the Board or administration.
5. Performance and Payment Bonds. 5. Whenever any contract is entered into for the erecting, furnishing, or repairing of any building or other public structure or improvement, the contractor shall be required, before commencing such work, to furnish a performance, labor and material payment bond. The bond requirement shall not apply, however, to any project bid or proposed which has a total cost of ten thousand dollars (\$10,000) or less unless the School Board or Administration includes a bond requirement in the specifications for the project. The bond shall be in an amount not less than the contract price. The bond shall be conditioned on the faithful performance of the contract and the payment by the contracting party of all laborers and mechanics for labor that is performed and of all material and equipment rental that is actually used or rented in connection with the improvement project and the performance of the contract. Such bond

shall contain such provisions as are required by statutes, and be in a form prescribed and required by the district.

6. Retention of an Architect or Engineer. The School District shall not engage in the construction of any public works involving architecture or engineering unless the plans, specifications, and estimates have been prepared and the construction has been observed by an architect, a professional engineer, or a person under the direct supervision of an architect, professional engineer, or those under the direct supervision of an architect or professional engineer; provided that such requirement shall not apply to any public work in which the contemplated expenditure for the complete project does not exceed one hundred and eighteen thousand dollars (\$118,000), as adjusted from time to time by Section 81-3445 or other applicable law.
7. Additional Procedures. Each bid for which a labor and material bond is required shall be accompanied by a bid bond or certified check in the amount of five percent (5%) of such bid unless the School Board or Administration waives such requirement. The Board of Education or Administration may provide for additional procedures for the procurement, opening and acceptance of bids as deemed appropriate for a particular project.

Personnel - All EmployeesDrug and Substance Use and Abuse

It is the policy of the District OR 1 Public School District to eliminate the influence of drugs, alcohol and other chemicals within the school environment and to educate students against the usage of drugs, alcohol and illegal substances. The District will implement regulations and practices which will ensure compliance with laws relating to drugs and alcohol, including: the Drug-Free Workplace Act and the Omnibus Transportation Employee Testing Act of 1991, and all regulations and rules promulgated pursuant thereto.

Section 1 Drug-Free Workplace

The District has established the school as a drug-free workplace. The drug-free workplace for this purpose includes school grounds, school utilized vehicles, and places in which school activities are held. The school district recognizes that the use, possession, or being under the influence of illicit drugs or alcohol constitutes a hazard to the positive development of students and employees and a substantial interference with school purposes.

1. The unlawful manufacture, distribution, disposition, possession, or use of a controlled substance is prohibited in the work place. Employees are also prohibited from possessing, using or distributing illicit drugs or alcohol, or being under the influence of illicit drugs or alcohol, on any district property or district sponsored event. Any level of impairment from illicit drugs, alcohol, or inhalants, and the presence of any odor of illicit drugs (such as marijuana) or alcohol in the work place or on duty time shall be a violation of the drug-free workplace.
2. The possession or distribution of a look-alike drug or look-alike controlled substance is prohibited. In addition, employees are expected to serve as role models for students and will be considered to have violated the District's expectations in the event the employee commits a criminal drug or alcohol offense off the work place or off duty time.
3. As a condition of employment, employees will abide by the District's drug-free workplace policies and notify the Superintendent or designee in writing of any criminal drug statute conviction for a violation occurring in the workplace no later than five (5) calendar days after such conviction.
4. Disciplinary sanctions, up to and including termination of employment and referral for prosecution, will be imposed upon employees who violate the aforementioned standards of conduct. Sanctions for violation thereof may include the requirement that the employee complete an appropriate rehabilitation program, reprimands, and non-renewal, cancellation, or termination of contract of employment.
5. Employees shall be advised through employee publications about drug and alcohol counseling and rehabilitation and reentry programs that are available.
6. Employees shall be furnished with a paper or digital copy of this policy.

This policy supplements and is in addition to all other policies, regulations, practices, procedures and contractual provisions regarding or related to the improper or unlawful possession, use, or distribution of illicit drugs and alcohol.

Section 2: Alcohol and Drug Testing

The District will implement regulations and practices which will insure compliance with the Omnibus Transportation Employee Testing Act of 1991, the Moving Ahead for Progress in the 21st Century (MAP-21) Act, and all regulations and rules promulgated pursuant to such Acts. Employees in "safety-sensitive" positions, as defined by the Act and regulations promulgated thereunder, including employees whose position requires a commercial driver's license (CDL), shall be tested for alcohol and controlled substances as required by law. (See attached Appendix "1"). Refusal to submit to such pre-employment testing, or testing positive, shall disqualify an applicant from employment. Reasonable suspicion, random, post-accident, return-to-duty, and follow-up testing shall also be conducted. Employees who test positive shall be immediately removed from safety-sensitive positions and shall be removed from employment.

**CONTROLLED SUBSTANCES AND ALCOHOL USE AND TESTING:
FEDERAL REGULATIONS, [NAME] PUBLIC SCHOOLS' COMPLIANCE POLICIES
AND PROCEDURES, AND EDUCATIONAL MATERIALS**

The U.S. Department of Transportation (DOT) and the Federal Highway Administration (FHWA) have issued regulations requiring that individuals who perform safety-sensitive functions and who are required to maintain a commercial driver's license (CDLs) be tested for controlled substances and alcohol and not engage in controlled substances use or alcohol misuse. Information concerning those regulations, [Name] Public Schools policies and procedures, and educational materials relating to controlled substances use and alcohol misuse is set forth as follows:

(A) The persons designated by [Name] Public Schools to answer employee questions about these materials are:

Superintendent of Schools
Secondary Principal

(B) The categories of employees who are subject to the provisions of the federal controlled substances and alcohol use and testing regulations are:

Individuals who perform safety-sensitive functions and who are required to maintain a commercial driver's license (CDLs), including bus drivers and distribution and maintenance employees who are subject to driving commercial motor vehicles.

(C) The term "safety-sensitive functions" means:

- (1) All time waiting to be dispatched, unless the driver has been relieved from duty;
- (2) All time inspecting equipment or inspecting, servicing, or conditioning any commercial motor vehicle (i.e., a vehicle in excess of 26,000 pounds GVWR or designed to carry 16 or more passengers, including the driver) at any time;
- (3) All driving time (i.e., time spent at the controls of a commercial motor vehicle in operation);
- (4) All time, other than driving time, in or upon any commercial motor vehicle;
- (5) All time loading or unloading a vehicle, supervising, or assisting in the loading or unloading, attending a vehicle being loaded or unloaded, remaining in readiness to operate the vehicle, or in giving or receiving receipts for shipments loaded or unloaded;
- (6) All time spent performing the driver requirements of 49 CFR §§392.40 and 392.41 relating to accidents;
- (7) All time repairing, obtaining assistance, or remaining in attendance upon a disabled vehicle.

(D) Employee conduct that is prohibited by the federal controlled substances and alcohol use and testing regulations includes:

1. **Alcohol concentration.**

No driver shall report for duty or remain on duty requiring the performance of safety-sensitive functions while having an alcohol concentration of 0.04 or greater.

2. **Alcohol possession.**

No driver shall be on duty or operate a commercial motor vehicle while the driver possesses alcohol.

3. **On-duty use.**

No driver shall use alcohol while performing safety-sensitive functions.

4. **Pre-duty use.**

No driver shall perform safety-sensitive functions within four (4) hours after using alcohol.

5. **Use following an accident.**

No driver required to take a post-accident alcohol test shall use alcohol for eight hours following the accident, or until the driver undergoes a post-accident alcohol test, whichever occurs first.

6. **Refusal to submit to a required alcohol or controlled substances test.**

No driver shall refuse to submit to a post-accident alcohol or controlled substances test, a reasonable suspicion alcohol or controlled substance test, or a follow-up alcohol or controlled substances test.

7. **Controlled substances use.**

No driver shall report for duty or remain on duty requiring the performance of safety-sensitive functions when the driver uses any controlled substance, except when the use is pursuant to the instructions of a physician who has advised the driver that the substance does not adversely affect the driver's ability to safely operate a commercial motor vehicle.

0. **Controlled substances test.**

No driver shall report for duty, remain on duty or perform a safety-sensitive function, if the driver tests positive for controlled substances.

(E) The circumstances under which an employee will be tested for alcohol and/or controlled substances pursuant to the federal regulations include:

1. **Pre-employment testing.**

Prior to the first time a driver performs safety-sensitive functions, the driver shall undergo testing for alcohol and controlled substances. No safety-sensitive functions are to be performed unless the driver has been administered an alcohol test with a result indicating an alcohol concentration less than 0.04, and has received a controlled substances test result from the medical review officer indicating a verified negative test result.

2. **Post-accident testing.**

(a) As soon as practicable following an accident involving a commercial motor vehicle, each surviving driver:

(1) Who was performing safety-sensitive functions with respect to the vehicle, if the accident involved the loss of human life; or

(2) Who receives a citation under State or local law for a moving traffic violation arising from the accident shall undergo a test for alcohol and controlled substances.

(b) (1) *Alcohol tests.* Shall be administered within two hours following the accident unless such cannot reasonably be done, and not more than eight hours following the accident.

(2) *Controlled substance tests.* Shall be administered within 32 hours following the accident.

(c) A driver who is subject to post-accident testing shall remain readily available for such testing or may be deemed by the employer to have refused to submit to testing. The driver shall be permitted to leave the immediate scene of an accident for the period necessary to obtain assistance in responding to the accident, or to obtain necessary emergency medical care, but shall otherwise remain readily available for testing.

3. **Random testing.**

(a) Drivers shall be subject to random testing. The minimum annual percentage rate for random alcohol testing should be 25 percent of the average number of driver positions, or such minimum annual percentage rate as established from time to time by the FHWA. The minimum annual percentage rate for random controlled substance testing shall be 50 percent of the average number of driver positions.

(b) The selection of drivers for random alcohol and controlled substances testing shall be made by a scientifically valid method. Under the selection process used, each driver shall have an equal chance of being tested each time selections are made.

(c) The random alcohol and controlled substances tests shall be unannounced and the dates for administering random alcohol and controlled substances tests shall be spread reasonably throughout the calendar year.

(d) Each driver who is notified of selection for random alcohol and/or controlled substances testing shall proceed to the test site immediately; provided, however, that if the driver is performing a safety-sensitive function at the time of notification, the driver shall cease to perform the safety-sensitive function and proceed to the testing site as soon as possible.

4. **Reasonable suspicion testing.**

(a) A driver shall submit to an alcohol test when the employer has reasonable suspicion to believe that the driver has engaged in conduct prohibited by the federal drug and alcohol testing regulations (except for possession of alcohol).

(b) Under federal law, notwithstanding the absence of a reasonable suspicion alcohol test, a driver is prohibited from reporting for duty or remaining on duty requiring the performance of safety-sensitive functions while the driver is under the influence of or impaired by alcohol and must not perform or continue to perform safety-sensitive functions, until:

(i) An alcohol test is administered and the driver's alcohol concentration measures less than 0.02; or

(ii) Twenty-four hours have elapsed following the determination that there is reasonable suspicion to believe that the driver has violated the prohibitions concerning the use of alcohol.

5. **Return-to-duty testing.**

(a) Alcohol. If a driver has engaged in conduct prohibited by the federal drug and alcohol testing regulations concerning alcohol and has not been terminated, the driver shall undergo a return-to-duty alcohol test with a result indicating an alcohol concentration of less than 0.02.

(b) Controlled Substances. If a driver has engaged in conduct prohibited by the federal drug and alcohol testing regulations concerning controlled substances, and has not been terminated, the driver shall undergo a return-to-duty controlled substances test with a result indicating a verified negative result for controlled substances use.

6. **Follow-up testing.**

Following a determination that a driver is in need of assistance in resolving problems associated with alcohol misuse and/or use of controlled substances, the driver shall, if still employed, be subject to unannounced follow-up alcohol and/or controlled substances testing as directed by a substance abuse professional in accordance with the provisions of federal regulations.

Random, reasonable suspicion, and follow-up alcohol testing shall be conducted only when the driver is performing safety-sensitive functions, just before the driver is to perform safety-sensitive functions, or just after the driver has ceased performing safety-sensitive functions.

(F) The procedures that will be used to test for the presence of alcohol and controlled substances, to protect the employee and the integrity of the testing processes, to safeguard the validity of the test results, and to ensure that those results are attributed to the correct employee include:

The procedures outlined in 49 CFR 40, concerning procedures for Transportation Workplace Drug and Alcohol Testing Program, will be followed. This includes use of a "split sample" approach for drug testing and chain of custody procedures including documentation of screening aliquots.

(G) An employee is required to submit to alcohol and controlled substances tests administered pursuant to the federal regulations.

(H) A "refusal to submit" to an alcohol or controlled substance test includes:

Refuse to submit (to an alcohol or controlled substances test) means that a driver (1) Fails to provide adequate breath for testing without a valid medical explanation after he or she has received notice of the requirement for breath testing, (2) fails to provide adequate urine for controlled substances testing without a valid medical explanation after he or she has received notice of the requirement for urine testing, or (3) engages in conduct that clearly obstructs the testing process. A failure to remain readily available for post-accident testing, or to notify the employer of the need for such testing, or to proceed to the test site immediately for random testing, may be deemed by the employer to constitute a refusal to submit.

The consequences for refusing to submit to an alcohol or controlled substances test are as follows: A driver who has refused to submit to a required alcohol or controlled substance

test is subject to the same consequences as a driver who has tested positive on an alcohol (concentration of 0.04 or greater) or controlled substances test.

(I) The consequences under the federal regulations for employees who have violated the federal regulations relating to controlled substances and alcohol use and testing include:

The driver shall be removed from and not permitted to perform safety-sensitive functions. The driver shall be referred for evaluation by a substance abuse professional for a determination of what assistance, if any, the employee needs in resolving problems associated with alcohol misuse and controlled substances abuse.

Before a driver returns to duty requiring the performance of a safety-sensitive function after engaging in conduct prohibited by the federal regulations, the driver shall, if still employed, undergo a return-to-duty alcohol test with a result indicating an alcohol concentration of less than 0.02 if the conduct involved alcohol, or a controlled substances test with a verified negative result if the conduct involved a controlled substance.

In addition, each driver identified as needing assistance in resolving problems associated with alcohol misuse or controlled substance use, if still employed,

- (i) Shall be evaluated by a substance abuse professional to determine that the driver has properly followed any rehabilitation program prescribed, and
- (ii) Shall be subject to unannounced follow-up alcohol and controlled substances tests administered by the employer following the driver's return to duty.

The driver may also be subject to the penalty provisions of 49 U.S.C. § 521(b).

(J) The consequences under the federal regulations for employees found to have an alcohol concentration of 0.02 or greater but less than 0.04 include: Removal from safety-sensitive functions for a period of not less than 24 hours following administration of the test.

(K) Information to assist employees in avoiding alcohol misuse and controlled substances use, signs and symptoms of an alcohol or a controlled substances problem, and available methods of intervening when such a problem is suspected: Information will be made available by the counselor to employees upon request.

Special Education Policies

District OR 1 Public Schools adopts this special education policy with the intent that the policy maintains the District's compliance with all applicable laws affecting special education services and programs. The Superintendent or designees shall develop regulations or procedures to implement these policies. Employees and contractors of the District are expected to comply with these policies and all regulations, guidelines and procedures related to this policy in all respects.

The District will abide by all state and federal laws relating to special education. The District's special education policy and regulations, guidelines and procedures related to this policy are to be interpreted so as to be in compliance with such laws. In the event of changes in law, the school administration shall be authorized to implement modifications of practice to comply with such changes (whether the changes impose more or less stringent procedural or substantive requirements) until such time as amended policies are adopted by the Board of Education. References herein to 92 NAC 51 citations are made to Rule 51 as in effect on the date of the adoption of these policies. In the event of renumbering or other revisions to Rule 51, the policy shall be interpreted and implemented consistent with such renumbering or revisions.

1. Free Appropriate Public Education

A free appropriate public education shall be made available to all children with disabilities residing in the District, including children with disabilities who have been suspended or expelled, from date of verification through the school year in which the child is no longer eligible or the student reaches twenty-one (21) years of age, whichever occurs earlier. An Individualized Education Plan ("IEP") will be created for each such child that will enable the student to make progress appropriate in light of the student's unique circumstances.

Legal Reference: 92 NAC 51-004.01 through 004.03A and 007.07C2 through 007.07C6

2. Full Educational Opportunity Goal

The District shall take steps to ensure that its children with verified disabilities have available to them the variety of educational programs and services available to children without disabilities in the areas served by the District, including art, music, industrial arts, family consumer science education, and vocational education.

Legal Reference: 92 NAC 51-004.11A

3. Child Find

All children from birth to age twenty-one (21) with disabilities residing in the District, including children with disabilities who are homeless or are wards of the state or attending nonpublic schools, regardless of the severity of their disabilities, who are in need of special education and related services, will be identified, located and evaluated. A practical method shall be developed and implemented by the administration to determine which children with disabilities are currently receiving needed special education and related services. The District will implement multiple methods to provide parents, guardians, and community members with information regarding how to refer a child for an evaluation and the identification process and will publish an annual notice of any significant activity that is designed to identify, locate, or evaluate children to publicly notify parents, guardians, or appointed surrogates. The District's child find process will be consistent with Federal and Nebraska regulations.

Legal Reference: 92 NAC 51-006.01 through 006.01A2

4. Pre-Referral Interventions

For a school age student, a general education student assistance team (SAT) or a comparable problem solving team shall be used prior to referral for multidisciplinary team evaluation. The SAT or comparable problem solving team shall utilize and document problem solving and intervention strategies to assist the teacher in the provision of general education. If the student assistance team or comparable problem solving team feels that all viable alternatives have been explored, a referral for multidisciplinary evaluation shall be completed. A referral shall include information from the SAT or comparable problem solving team, meeting the requirements of 92 NAC 51-006.01B and a listing of the members of the SAT or comparable problem solving team.

Legal Reference: 92 NAC 51-006.01B

5. Disability Verification and Eligibility

Eligibility for services will be determined by a multidisciplinary team based on the results of a comprehensive evaluation. The multidisciplinary team will identify whether a child is eligible for special education services based on the disability categories identified by Nebraska and Federal regulations. The multidisciplinary team will rule out the determinant factor is due to a lack of appropriate instruction in reading or math or due to lack of English proficiency. The team will prepare a written report documenting all evaluation findings in accordance with Federal and Nebraska requirements that will be provided to the parent, guardian, or appointed surrogate. When a child is not eligible for services, the multidisciplinary team will determine if general education interventions or strategies are needed.

Legal Reference: 92 NAC 51-006.03; 92 NAC 51-006.04B through 006.04N;

6. Individualized Education Program (IEP)

An individualized education program, or an individualized family service plan, is to be developed, reviewed, and revised for each child with a disability in accordance with 92 NAC 51-007 by teams that will include all roles identified within Federal and Nebraska rules. Any draft of an IEP that is developed will not be considered final until it is reviewed and revised based on the team, including the parent, guardian, or appointed surrogate, input, and consensus. The district will make reasonable efforts to obtain informed consent from the parent, guardian, or appointed surrogate for special education placement on the IEP form before services are initiated. Revocation of consent for services must be documented by the parent, guardian, or appointed surrogate in writing.

Legal Reference: 92 NAC 51-007

7. Least Restrictive Environment

To the maximum extent appropriate, children with disabilities, including children in public or private institutions or other care facilities, are to be educated with children who are not disabled. Placement for a student with a disability will be based upon a completed IEP developed by a group of persons, including the parent, guardian, or appointed surrogate, knowledgeable about the child, the meaning of the evaluation data, and the placement options. Special classes, separate schooling, or other removal of children with disabilities from the regular educational environment will occur only when the nature or severity of the disability of a child is such that education in regular classes with the use of

supplementary aids and services cannot be achieved satisfactorily (the “Least Restrictive Environment Rules”). The District will ensure that a continuum of alternative placements is available to meet the needs of children with disabilities, particularly those in disproportionate groups, for special education and related services.

Legal Reference: 92 NAC 51-008.01 through 008.011

8. Procedural Safeguards

Children with disabilities and their parents, guardians, or appointed surrogates shall be afforded the required procedural safeguards. Parents, guardians, and appointed surrogates will be given a copy of their procedural safeguards annually or upon initial referral or parental (parent, guardian, or appointed surrogate) request for evaluation; upon request by a parent, guardian, or appointed surrogate; upon receipt by the school district or approved cooperative of the first occurrence of the filing of a complaint under 92 NAC 51-009.11 and the first occurrence of filing a special education due process case under 92 NAC 55; and in accordance with the discipline procedures in 92 NAC 51-016.

Legal Reference: 92 NAC 51-009.01 through 009.07; 009.10 through 009.12; 009.14, 006.07

9. Evaluation and Identification Procedures

School personnel may remove a child with a disability who violates a code of student conduct from his or her current placement to an appropriate interim alternative educational setting, another setting, or suspension, for no more than ten (10) consecutive school days and for additional removals of not more than ten (10) consecutive school days in the same school year for separate incidents of misconduct, as long as those removals do not constitute a change of placement. If a student with a disability violates a code of student conduct, the school district will ensure that school personnel appropriately consider unique circumstances on a case-by-case basis when determining whether a change in placement, as defined in Federal and Nebraska rules, is appropriate for the student. Change of placement decisions related to disciplinary removals will be consistent with Federal and Nebraska regulations. For disciplinary changes in placement that would exceed ten (10) consecutive school days, if the behavior that gave rise to the violation of the school code is determined not to be a manifestation of the child's disability, school personnel may apply the relevant disciplinary procedures to children with disabilities in the same manner and for the same duration as the procedures that would be applied to children without disabilities.

Legal Reference: 92 NAC 51-016

10. Confidentiality of Personally Identifiable Information

Children with disabilities shall be evaluated, identified, and reevaluated by a team of multidisciplinary qualified professionals in accordance with 92 NAC 51-006. The MDT of a child suspected of having a specific learning disability shall include the additional requirements in accordance with 92 NAC 51-006.04K. The District will make reasonable efforts to obtain written permission for evaluation in accordance with Federal and Nebraska rules. Revocation for consent for evaluation must be documented by the parent, guardian, or appointed surrogate in writing.

The documented results of the evaluation will be provided to parent, guardian, or appointed surrogate and included in student files. All evaluation components will be at district expense.

The District will utilize a variety of assessment instruments to ensure district teams have access to appropriate measures to complete evaluations. The district will follow any publisher guidelines for assessments and will not use outdated or culturally inappropriate tools.

The District will respond to a request for an Independent Educational Evaluation without unnecessary delay. The parent, guardian, or appointed surrogate will be given written notice of the District's decision to either move forward with the Independent Educational Evaluation or to initiate a hearing to determine the appropriateness of the evaluation. If the District agrees to move forward with the evaluation, locations of any evaluator shall be within a reasonable distance of the District. A reasonable distance means within 100 miles of the school building the child attends and within Nebraska. In the event this geographic area restriction would prevent a parent, guardian, or appointed surrogate from obtaining an Independent Educational Evaluation, the location of the evaluator may be outside the specified geographic area but must be within Nebraska. The District will provide the parent, guardian, or appointed surrogate with a list of qualified agencies/evaluators within the geographic area. The evaluators are to have their rates approved by the Nebraska Department of Education to be authorized to conduct the evaluation.

Legal Reference: 92 NAC 51-006

11. Confidentiality of Personally Identifiable Information

A system of safeguards will be implemented to protect the confidentiality of student records and information in accordance with law.

Legal Reference: 92 NAC 51-003.16, 003.20, 009.03 through 009.03M3

12. Transition of Children from Part C to Preschool Programs

Children participating in early intervention programs under Part C of the IDEA (early intervention services) will be appropriately evaluated, identified, and have services under Part B of the IDEA by age 3 in a manner consistent with 92 NAC 52-008. Children receiving early intervention services under Part C of the IDEA may continue to receive Part C services, upon parental consent, until the August 31st following the child's third birthday. The District will participate in transition planning conferences arranged by the designated lead agency.

Legal Reference: 92 NAC 52-008

13. Children in Nonpublic Schools

To the extent consistent with the number and location of children with disabilities in the District who are enrolled by their parents, guardians, or appointed surrogates in nonpublic elementary and secondary schools in the District, provision will be made for the participation of those children in the programs assisted or carried out under Part B of the IDEA (services for school-aged children) by providing them with special education and related services.

Legal Reference: 92 NAC 51-012.08 and 015

14. Personnel Standards and Personnel Development

Personnel providing special education or related services to children with disabilities shall be appropriately and adequately prepared and trained in accordance with IDEA requirements and the District will take measurable steps to recruit, hire, train and retain personnel meeting the requirements of IDEA to provide such services.

Legal Reference: 92 NAC 51-010

15. Participation in and Reporting of State and District Wide Assessments

All children with disabilities shall be included in all general state and district wide assessment programs, including assessments described under section 612(a)(16)(A) of the IDEA with appropriate accommodations and alternate assessments where necessary and as indicated in their respective individualized education programs. The District will make available to the Nebraska Department of Education the information necessary to carry out its duties relating to the reporting of children with disabilities participation in assessments.

Legal Reference: 92 NAC 51-004.05

16. Suspension and Expulsion Rates

The District will examine data, including data disaggregated by race/ethnicity, gender, LEP status, and disability category, to determine if significant discrepancies are occurring in the rate of long-term suspensions and expulsions of children with disabilities.

Legal Reference: 92 NAC 51-004.06E

17. Access to Instructional Materials

As part of any print instructional materials adoption process, procurement contract, or other practice or instrument used for purchase of print instructional materials, the District will enter into a written contract with the publisher of the print instructional materials to:

1. Require the publisher to prepare and, on or before delivery of the print instructional materials, provide to the National Instructional Material Access Center, electronic files containing the contents of the print instructional materials using the National Instructional Materials Accessibility Standard, or
2. Purchase instructional materials from the publisher that are produced in, or may be rendered in specialized formats.

Legal Reference: 92 NAC 51-004.15

18. Over-Identification and Disproportionality

Procedures shall be in place to ensure that testing and evaluation materials and procedures utilized for the evaluation and placement of children with disabilities will be selected and administered so as not to be racially or culturally discriminatory. Such materials or procedures shall be provided and administered in the child's native language or mode of communication, unless it is clearly not feasible to do so, and no single procedure shall be the sole criterion for determining an appropriate educational program for a child. All District special education provisions will be equitably available to all children regardless of race, ethnicity, language, location, transience, income level, and access to medical care.

Legal Reference: 92 NAC 51-006.02C

19. Prohibition on Mandatory Medication

Children shall not be required to obtain a prescription for a controlled substance as a condition of attending school, receiving an evaluation to determine whether a child has a disability or the nature and extent of special education and related services the child needs, or receiving special education services.

Legal Reference: 92 NAC 51-004.11D; 21 U.S.C. §812(c)

20. Transportation

Transportation will be provided for children with disabilities who are eligible for transportation and residents of the school district as required by law to access academic, related services, and nonacademic services and activities as determined by the child's IEP. Except when a parent is transporting only his or her child, the District shall require that the driver and vehicle meet the standards required by 92 NAC 91 and 92.

Legal Reference: 92 NAC 51-014.01 through 014.02

21. Surrogates

A surrogate will be appointed, and other action taken to ensure the rights of children with a disability as required by law. The surrogate may represent the child in all matters related to the identification, evaluation, and educational placement of a child and the provision of a free appropriate public education to the child.

Legal Reference: 92 NAC 51-009.10

22. Early Intervention Services – Consent

When a parent refuses to provide consent under 92 NAC 52, a meeting will be held or offered to explain to the parents how their failure to consent affects the ability of their child to receive services under 92 NAC 52.

InstructionParental/Community Involvement in Schools

Otoe County School District 66-0501, a/k/a District OR-1 Public Schools, after having conducted a public hearing concerning parental involvement and participation, declares that it shall be the policy of the District:

1. In the event any parent has a complaint or objection to textbooks, tests, curriculum materials, and any other instructional materials, the parent may request a personal conference with the parent and appropriate school personnel to discuss such concerns as the superintendent or designee may deem appropriate. The Superintendent or designee shall prepare a complaint form which may be used by a parent to express objections to any such instructional material. Such complaint forms shall seek information including, but not limited to, the specific instructional material complained of, the reason for the complaint, and a proposed resolution of the complaint by the parent.
2. Upon reasonable advance request a parent will be permitted to attend and monitor courses, assemblies, counseling sessions, and other instructional activities unless the school determines that such attendance would substantially interfere with a legitimate school interest, which includes the interests of the parent's child, other students, and the educational staff.
3. Parents are encouraged to communicate to school staff when the parent believes it to be appropriate for their child to be excused from testing, classroom instruction, and other school experiences that the parent finds objectionable. The Superintendent or designee shall make a provision on the complaint form hereinabove referenced for receiving information from a parent concerning what specific testing, classroom instruction, or other school experience the parent finds objectionable, the basis for the parent's objection and a proposed solution for dealing with the objection that would be satisfactory to the parent and consistent with the mission of the District and legitimate school interests.
4. Upon request of a parent, the District will provide access to the education records of their child consistent with applicable law. Access will be provided during regular business hours of the school.
5. The District will notify parents when their child may be subjected to a standard norm referenced or criterion referenced test or standard tests such as but not limited to the Measure of Academic Progress (MAP) test. When reasonable to do so or required by law the parents will be notified of where a sample of such test might be observed and the date upon which such test will be administered. As to all testing by the District, experimental evaluation methodologies, experimental testing instruments and any testing instrument which would tend to inquire into the values, beliefs, or privacy rights of any student, or parent or guardian of such student shall be prohibited unless a parent requests in writing that such tests be administered to their child.

6. Prior to any school sponsored survey being administered to the students of the District, it shall be the responsibility of the Superintendent or designee to notify the parent or parents of each student involved in the survey of the nature of the survey, the date and time when such survey shall be administered, and the purpose for which and the uses of which survey exist from the school's perspective.
7. As a general matter substantive decision-making processes will be left to the judgment of the professional staff, administration and the Board of Education, subject to an effort to receive information from parents as to any concerns, objections, or other information such parents would wish to provide to the school district concerning a parent's access, involvement, and participation in activities of the school.

StudentsStudent Fees Policy

The Board of Education of District OR-1 Public Schools adopts the following student fees policy in accordance with the Public Elementary and Secondary Student Fee Authorization Act.

The District's general policy is to provide for the free instruction in school in accordance with the Nebraska Constitution and state and federal law. This generally means that the District's policy is to provide free instruction for courses which are required by state law or regulation and to provide the staff, facility, equipment, and materials necessary for such instruction, without charge or fee to the students.

The District does provide activities, programs, and services to children which extend beyond the minimum level of constitutionally required free instruction. Students and their parents have historically contributed to the District's efforts to provide such activities, programs, and services. The District's general policy is to continue to encourage and, to the extent permitted by law, to require such student and parent contributions to enhance the educational program provided by the District.

Under the Public Elementary and Secondary Student Fee Authorization Act, the District is required to set forth in a policy its guidelines or policies for specific categories of student fees. The District does so by setting forth the following guidelines and policies. This policy is subject to further interpretation or guidance by administrative or Board regulations which may be adopted from time to time. The Policy includes Appendix "I," which provides further specifics of student fees and materials required of students for the **2022-2023** school year. Parents, guardians, and students are encouraged to contact their building administration or their teachers or activity coaches and sponsors for further specifics.

(1) Guidelines for non-specialized attire required for specified courses and activities. Students have the responsibility to furnish and wear non-specialized attire meeting general District grooming and attire guidelines, as well as grooming and attire guidelines established for the building or programs attended by the students or in which the students participate. Students also have the responsibility to furnish and wear non-specialized attire reasonably related to the programs, courses and activities in which the students participate where the required attire is specified in writing by the administrator or teacher responsible for the program, course or activity.

The District will provide or make available to students such safety equipment and attire as may be required by law, specifically including appropriate industrial-quality eye protective devices for courses of instruction in vocational, technical, industrial arts, chemical or chemical-physical classes which involve exposure to hot molten metals or other molten materials, milling, sawing, turning, shaping, cutting, grinding, or stamping of any solid materials, heat treatment, tempering, or kiln firing of any metal or other materials, gas or electric arc welding or other forms of welding processes, repair or servicing of any vehicle, or caustic or explosive materials, or for laboratory classes involving caustic or explosive materials, hot liquids or solids, injurious radiations, or other similar hazards. Building administrators are directed to assure that such

equipment is available in the appropriate classes and areas of the school buildings, teachers are directed to instruct students in the usage of such devices and to assure that students use the devices as required, and students have the responsibility to follow such instructions and use the devices as instructed.

(2) Personal or consumable items & miscellaneous

(a) Extracurricular Activities. Students have the responsibility to furnish any personal or consumable items for participation in extracurricular activities.

(b) Courses

(i) General Course Materials. Items necessary for students to benefit from courses will be made available by the District for the use of students during the school day. Students may be encouraged, but not required, to bring items needed to benefit from courses including, but not limited to, pencils, paper, pens, erasers, notebooks, trappers, protractors and math calculators. A specific class supply list will be published annually in a Board-approved student handbook or supplement or other notice. The list may include refundable damage or loss deposits required for usage of certain District property.

(ii) Damaged or Lost Items. Students are responsible for the careful and appropriate use of school property. Students and their parents or guardian will be held responsible for damages to school property where such damage is caused or aided by the student and will also be held responsible for the reasonable replacement cost of school property which is placed in the care of and lost by the student.

(iii) Materials Required for Course Materials. Students are permitted to and may be encouraged to supply materials for course projects. Some course projects (such as projects in art and shop classes) may be kept by the student upon completion. In the event the completed project has more than minimal value, the student may be required, as a condition of the student keeping the completed project, to reimburse the District for the reasonable value of the materials used in the project. Standard project materials will be made available by the District. If a student wants to create a project other than the standard course project, or to use materials other than standard project materials, the student will be responsible for furnishing or paying the reasonable cost of any such materials for the project.

(iv) Music Course Materials. Students will be required to furnish musical instruments for participation in optional music courses. Use of a musical instrument without charge is available under the District's fee waiver policy. The District is not required to provide for the use of a particular type of musical instrument for any student.

(v) Parking. Students may be required to pay for parking on school grounds or at school-sponsored activities, and may be subject to payment of fines or damages for damages caused with or to vehicles or for failure to comply with school parking rules.

(3) Extracurricular Activities-Specialized equipment or attire. Extracurricular activities means student activities or organizations which are supervised or administered by the District, which do not count toward graduation or advancement between grades, and in which participation is not otherwise required by the District. The District will generally furnish students with specialized equipment and attire for participation in extracurricular activities. The

District is not required to provide for the use of any particular type of equipment or attire. Equipment or attire fitted for the student and which the student generally wears exclusively, such as dance squad, cheerleading, and music/dance activity (e.g. choir or show choir) uniforms and outfits, along with T-shirts for teams or band members, will be required to be provided by the participating student. The cost of maintaining any equipment or attire, including uniforms, which the student purchases or uses exclusively, shall be the responsibility of the participating student. Equipment which is ordinarily exclusively used by an individual student participant throughout the year, such as golf clubs, softball gloves, and the like, are required to be provided by the student participant. Items for the personal medical use or enhancement of the student (braces, mouth pieces, and the like) are the responsibility of the student participant. Students have the responsibility to furnish personal or consumable equipment or attire for participation in extracurricular activities or for paying a reasonable usage cost for such equipment or attire. For musical extracurricular activities, students may be required to provide specialized equipment, such as musical instruments, or specialized attire, or for paying a reasonable usage cost for such equipment or attire.

(4) Extracurricular Activities-Fees for participation. Any fees for participation in extracurricular activities for the **2022-2023** school year are further specified in Appendix "1." Admission fees are charged for extracurricular activities and events.

(5) Postsecondary education costs. Students are responsible for postsecondary education costs. The phrase "postsecondary education costs" means tuition and other fees only associated with obtaining credit from a postsecondary educational institution. For a course in which students receive high school credit and for which the student may also receive postsecondary education credit, the course shall be offered without charge for tuition, transportation, books, or other fees, except tuition and other fees associated with obtaining credits from a postsecondary educational institution.

(6) Transportation costs. Students are responsible for fees established for transportation services provided by the District as and to the extent permitted by federal and state laws and regulations.

(7) Copies of student files or records. The Superintendent or the Superintendent's designee shall establish a schedule of fees representing a reasonable cost of reproduction for copies of a student's files or records for the parents or guardians of such student. A parent, guardian or student who requests copies of files or records shall be responsible for the cost of copies reproduced in accordance with such fee schedule. The imposition of a fee shall not be used to prevent parents of students from exercising their right to inspect and review the students' files or records and no fee shall be charged to search for or retrieve any student's files or records. The fee schedule shall permit one copy of the requested records be provided for or on behalf of the student without charge and shall allow duplicate copies to be provided without charge to the extent required by federal or state laws or regulations.

(8) Participation in before-and-after-school or pre-kindergarten services. Students are responsible for fees required for participation in before-and-after-school or pre-kindergarten

services offered by the District, except to the extent such services are required to be provided without cost.

(9) Participation in summer school or night school. Students are responsible for fees required for participation in summer school or night school. Students are also responsible for correspondence courses.

(10) Breakfast and lunch programs. Students shall be responsible for items which students purchase from the District's breakfast and lunch programs. The cost of items to be sold to students shall be consistent with applicable federal and state laws and regulations. Students are also responsible for the cost of food, beverages, and personal or consumable items which the students purchase from the District or at school, whether from a "school store," a vending machine, a booster club or parent group sale, a book order club, or the like. Students may be required to bring money or food for field trip lunches and similar activities.

(11) Waiver Policy. The District's policy is to provide fee waivers in accordance with the Public Elementary and Secondary Student Fee Authorization Act. Students who qualify for free or reduced-price lunches under United States Department of Agriculture child nutrition programs shall be provided a fee waiver or be provided the necessary materials or equipment without charge for: (1) participation in extracurricular activities and (2) use of a musical instrument in optional music courses that are not extracurricular activities. Participation in a free-lunch program or reduced-price lunch program is not required to qualify for free or reduced price lunches for purposes of this section. Students or their parents must request a fee waiver prior to participating in or attending the activity, and prior to purchase of the materials.

(12) Distribution of Policy. The Superintendent or the Superintendent's designee shall publish the District's student fee policy in the Student Handbook or the equivalent (for example, publication may be made in an addendum or a supplement to the student handbook). The Student Handbook or the equivalent shall be provided to every student of the District or to every household in which at least one student resides, at no cost.

(13) Student Fee Fund. The School Board hereby establishes a Student Fee Fund. The Student Fee Fund shall be a separate school district fund not funded by tax revenue, into which all money collected from students and subject to the Student Fee Fund shall be deposited and from which money shall be expended for the purposes for which it was collected from students. Funds subject to the Student Fee Fund consist of money collected from students for: (1) participation in extracurricular activities, (2) postsecondary education costs, and (3) summer school or night school.

Procedures—Bidding Construction Projects

The District shall bid every project for the construction, remodeling, or repair of any school-owned building or for site improvements when the contemplated expenditures for the project is in excess of one hundred nine thousand dollars (\$109,000), or such sum as adjusted pursuant to Section 73-106. The bidding procedures shall comply with the requirements of state law and shall include the following:

1. Notice to Bidders: The Administration shall prepare a notice to bidders containing a general description of the scope of the project being bid; the location of the project; the means of obtaining project documents, including plans and specifications; the date and hour bids will close; and the date, hour and place bids are to be returned, received and opened, and a provision that such bids will be immediately and simultaneously opened in the presence of the bidders or representatives of the bidders, when the hour is reached for the bids to close.
2. Regular Manner of Advertisement for Bids: The notice to bidders shall be published one time in a newspaper of general circulation in the School District. The notice shall be published at least seven (7) days prior to the date designated for the opening of such bids. The Board of Education or Administration may, in its sole discretion, elect to utilize further advertisement for bids as it may determine appropriate to secure a sufficient number of qualified bidders for the scope of the project.
3. Bid Opening: When the hour is reached for such bids to close, bids will be immediately and simultaneously opened in the presence of the bidders or representatives of the bidders.
4. Contract Award: The contract shall be awarded to the lowest responsible bidder as to the extent required by law. When not so required, the award shall be made on the basis of consideration of the contract award criteria determined appropriate by the Board or administration.
5. Performance and Payment Bonds. 5. Whenever any contract is entered into for the erecting, furnishing, or repairing of any building or other public structure or improvement, the contractor shall be required, before commencing such work, to furnish a performance, labor and material payment bond. The bond requirement shall not apply, however, to any project bid or proposed which has a total cost of ten thousand dollars (\$10,000) or less unless the School Board or Administration includes a bond requirement in the specifications for the project. The bond shall be in an amount not less than the contract price. The bond shall be conditioned on the faithful performance of the contract and the payment by the contracting party of all laborers and mechanics for labor that is performed and of all material and equipment rental that is actually used or rented in connection with the improvement project and the performance of the contract. Such bond

shall contain such provisions as are required by statutes, and be in a form prescribed and required by the district.

6. Retention of an Architect or Engineer. The School District shall not engage in the construction of any public works involving architecture or engineering unless the plans, specifications, and estimates have been prepared and the construction has been observed by an architect, a professional engineer, or a person under the direct supervision of an architect, professional engineer, or those under the direct supervision of an architect or professional engineer; provided that such requirement shall not apply to any public work in which the contemplated expenditure for the complete project does not exceed one hundred and eighteen thousand dollars (\$118,000), as adjusted from time to time by Section 81-3445 or other applicable law.
7. Additional Procedures. Each bid for which a labor and material bond is required shall be accompanied by a bid bond or certified check in the amount of five percent (5%) of such bid unless the School Board or Administration waives such requirement. The Board of Education or Administration may provide for additional procedures for the procurement, opening and acceptance of bids as deemed appropriate for a particular project.

Personnel - All EmployeesDrug and Substance Use and Abuse

It is the policy of the District OR 1 Public School District to eliminate the influence of drugs, alcohol and other chemicals within the school environment and to educate students against the usage of drugs, alcohol and illegal substances. The District will implement regulations and practices which will ensure compliance with laws relating to drugs and alcohol, including: the Drug-Free Workplace Act and the Omnibus Transportation Employee Testing Act of 1991, and all regulations and rules promulgated pursuant thereto.

Section 1 Drug-Free Workplace

The District has established the school as a drug-free workplace. The drug-free workplace for this purpose includes school grounds, school utilized vehicles, and places in which school activities are held. The school district recognizes that the use, possession, or being under the influence of illicit drugs or alcohol constitutes a hazard to the positive development of students and employees and a substantial interference with school purposes.

1. The unlawful manufacture, distribution, disposition, possession, or use of a controlled substance is prohibited in the work place. Employees are also prohibited from possessing, using or distributing illicit drugs or alcohol, or being under the influence of illicit drugs or alcohol, on any district property or district sponsored event. Any level of impairment from illicit drugs, alcohol, or inhalants, and the presence of any odor of illicit drugs (such as marijuana) or alcohol in the work place or on duty time shall be a violation of the drug-free workplace.
2. The possession or distribution of a look-alike drug or look-alike controlled substance is prohibited. In addition, employees are expected to serve as role models for students and will be considered to have violated the District's expectations in the event the employee commits a criminal drug or alcohol offense off the work place or off duty time.
3. As a condition of employment, employees will abide by the District's drug-free workplace policies and notify the Superintendent or designee in writing of any criminal drug statute conviction for a violation occurring in the workplace no later than five (5) calendar days after such conviction.
4. Disciplinary sanctions, up to and including termination of employment and referral for prosecution, will be imposed upon employees who violate the aforementioned standards of conduct. Sanctions for violation thereof may include the requirement that the employee complete an appropriate rehabilitation program, reprimands, and non-renewal, cancellation, or termination of contract of employment.
5. Employees shall be advised through employee publications about drug and alcohol counseling and rehabilitation and reentry programs that are available.
6. Employees shall be furnished with a paper or digital copy of this policy.

This policy supplements and is in addition to all other policies, regulations, practices, procedures and contractual provisions regarding or related to the improper or unlawful possession, use, or distribution of illicit drugs and alcohol.

Section 2: Alcohol and Drug Testing

The District will implement regulations and practices which will insure compliance with the Omnibus Transportation Employee Testing Act of 1991, the Moving Ahead for Progress in the 21st Century (MAP-21) Act, and all regulations and rules promulgated pursuant to such Acts. Employees in "safety-sensitive" positions, as defined by the Act and regulations promulgated thereunder, including employees whose position requires a commercial driver's license (CDL), shall be tested for alcohol and controlled substances as required by law. (See attached Appendix "1"). Refusal to submit to such pre-employment testing, or testing positive, shall disqualify an applicant from employment. Reasonable suspicion, random, post-accident, return-to-duty, and follow-up testing shall also be conducted. Employees who test positive shall be immediately removed from safety-sensitive positions and shall be removed from employment.

**CONTROLLED SUBSTANCES AND ALCOHOL USE AND TESTING:
FEDERAL REGULATIONS, [NAME] PUBLIC SCHOOLS' COMPLIANCE POLICIES
AND PROCEDURES, AND EDUCATIONAL MATERIALS**

The U.S. Department of Transportation (DOT) and the Federal Highway Administration (FHWA) have issued regulations requiring that individuals who perform safety-sensitive functions and who are required to maintain a commercial driver's license (CDLs) be tested for controlled substances and alcohol and not engage in controlled substances use or alcohol misuse. Information concerning those regulations, [Name] Public Schools policies and procedures, and educational materials relating to controlled substances use and alcohol misuse is set forth as follows:

(A) The persons designated by [Name] Public Schools to answer employee questions about these materials are:

Superintendent of Schools
Secondary Principal

(B) The categories of employees who are subject to the provisions of the federal controlled substances and alcohol use and testing regulations are:

Individuals who perform safety-sensitive functions and who are required to maintain a commercial driver's license (CDLs), including bus drivers and distribution and maintenance employees who are subject to driving commercial motor vehicles.

(C) The term "safety-sensitive functions" means:

- (1) All time waiting to be dispatched, unless the driver has been relieved from duty;
- (2) All time inspecting equipment or inspecting, servicing, or conditioning any commercial motor vehicle (i.e., a vehicle in excess of 26,000 pounds GVWR or designed to carry 16 or more passengers, including the driver) at any time;
- (3) All driving time (i.e., time spent at the controls of a commercial motor vehicle in operation);
- (4) All time, other than driving time, in or upon any commercial motor vehicle;
- (5) All time loading or unloading a vehicle, supervising, or assisting in the loading or unloading, attending a vehicle being loaded or unloaded, remaining in readiness to operate the vehicle, or in giving or receiving receipts for shipments loaded or unloaded;
- (6) All time spent performing the driver requirements of 49 CFR §§392.40 and 392.41 relating to accidents;
- (7) All time repairing, obtaining assistance, or remaining in attendance upon a disabled vehicle.

(D) Employee conduct that is prohibited by the federal controlled substances and alcohol use and testing regulations includes:

1. **Alcohol concentration.**

No driver shall report for duty or remain on duty requiring the performance of safety-sensitive functions while having an alcohol concentration of 0.04 or greater.

2. **Alcohol possession.**

No driver shall be on duty or operate a commercial motor vehicle while the driver possesses alcohol.

3. **On-duty use.**

No driver shall use alcohol while performing safety-sensitive functions.

4. **Pre-duty use.**

No driver shall perform safety-sensitive functions within four (4) hours after using alcohol.

5. **Use following an accident.**

No driver required to take a post-accident alcohol test shall use alcohol for eight hours following the accident, or until the driver undergoes a post-accident alcohol test, whichever occurs first.

6. **Refusal to submit to a required alcohol or controlled substances test.**

No driver shall refuse to submit to a post-accident alcohol or controlled substances test, a reasonable suspicion alcohol or controlled substance test, or a follow-up alcohol or controlled substances test.

7. **Controlled substances use.**

No driver shall report for duty or remain on duty requiring the performance of safety-sensitive functions when the driver uses any controlled substance, except when the use is pursuant to the instructions of a physician who has advised the driver that the substance does not adversely affect the driver's ability to safely operate a commercial motor vehicle.

0. **Controlled substances test.**

No driver shall report for duty, remain on duty or perform a safety-sensitive function, if the driver tests positive for controlled substances.

(E) The circumstances under which an employee will be tested for alcohol and/or controlled substances pursuant to the federal regulations include:

1. **Pre-employment testing.**

Prior to the first time a driver performs safety-sensitive functions, the driver shall undergo testing for alcohol and controlled substances. No safety-sensitive functions are to be performed unless the driver has been administered an alcohol test with a result indicating an alcohol concentration less than 0.04, and has received a controlled substances test result from the medical review officer indicating a verified negative test result.

2. **Post-accident testing.**

(a) As soon as practicable following an accident involving a commercial motor vehicle, each surviving driver:

(1) Who was performing safety-sensitive functions with respect to the vehicle, if the accident involved the loss of human life; or

(2) Who receives a citation under State or local law for a moving traffic violation arising from the accident shall undergo a test for alcohol and controlled substances.

(b) (1) *Alcohol tests.* Shall be administered within two hours following the accident unless such cannot reasonably be done, and not more than eight hours following the accident.

(2) *Controlled substance tests.* Shall be administered within 32 hours following the accident.

(c) A driver who is subject to post-accident testing shall remain readily available for such testing or may be deemed by the employer to have refused to submit to testing. The driver shall be permitted to leave the immediate scene of an accident for the period necessary to obtain assistance in responding to the accident, or to obtain necessary emergency medical care, but shall otherwise remain readily available for testing.

3. **Random testing.**

(a) Drivers shall be subject to random testing. The minimum annual percentage rate for random alcohol testing should be 25 percent of the average number of driver positions, or such minimum annual percentage rate as established from time to time by the FHWA. The minimum annual percentage rate for random controlled substance testing shall be 50 percent of the average number of driver positions.

(b) The selection of drivers for random alcohol and controlled substances testing shall be made by a scientifically valid method. Under the selection process used, each driver shall have an equal chance of being tested each time selections are made.

(c) The random alcohol and controlled substances tests shall be unannounced and the dates for administering random alcohol and controlled substances tests shall be spread reasonably throughout the calendar year.

(d) Each driver who is notified of selection for random alcohol and/or controlled substances testing shall proceed to the test site immediately; provided, however, that if the driver is performing a safety-sensitive function at the time of notification, the driver shall cease to perform the safety-sensitive function and proceed to the testing site as soon as possible.

4. **Reasonable suspicion testing.**

(a) A driver shall submit to an alcohol test when the employer has reasonable suspicion to believe that the driver has engaged in conduct prohibited by the federal drug and alcohol testing regulations (except for possession of alcohol).

(b) Under federal law, notwithstanding the absence of a reasonable suspicion alcohol test, a driver is prohibited from reporting for duty or remaining on duty requiring the performance of safety-sensitive functions while the driver is under the influence of or impaired by alcohol and must not perform or continue to perform safety-sensitive functions, until:

(i) An alcohol test is administered and the driver's alcohol concentration measures less than 0.02; or

(ii) Twenty-four hours have elapsed following the determination that there is reasonable suspicion to believe that the driver has violated the prohibitions concerning the use of alcohol.

5. **Return-to-duty testing.**

(a) **Alcohol.** If a driver has engaged in conduct prohibited by the federal drug and alcohol testing regulations concerning alcohol and has not been terminated, the driver shall undergo a return-to-duty alcohol test with a result indicating an alcohol concentration of less than 0.02.

(b) **Controlled Substances.** If a driver has engaged in conduct prohibited by the federal drug and alcohol testing regulations concerning controlled substances, and has not been terminated, the driver shall undergo a return-to-duty controlled substances test with a result indicating a verified negative result for controlled substances use.

6. **Follow-up testing.**

Following a determination that a driver is in need of assistance in resolving problems associated with alcohol misuse and/or use of controlled substances, the driver shall, if still employed, be subject to unannounced follow-up alcohol and/or controlled substances testing as directed by a substance abuse professional in accordance with the provisions of federal regulations.

Random, reasonable suspicion, and follow-up alcohol testing shall be conducted only when the driver is performing safety-sensitive functions, just before the driver is to perform safety-sensitive functions, or just after the driver has ceased performing safety-sensitive functions.

(F) The procedures that will be used to test for the presence of alcohol and controlled substances, to protect the employee and the integrity of the testing processes, to safeguard the validity of the test results, and to ensure that those results are attributed to the correct employee include:

The procedures outlined in 49 CFR 40, concerning procedures for Transportation Workplace Drug and Alcohol Testing Program, will be followed. This includes use of a "split sample" approach for drug testing and chain of custody procedures including documentation of screening aliquots.

(G) An employee is required to submit to alcohol and controlled substances tests administered pursuant to the federal regulations.

(H) A "refusal to submit" to an alcohol or controlled substance test includes:

Refuse to submit (to an alcohol or controlled substances test) means that a driver (1) Fails to provide adequate breath for testing without a valid medical explanation after he or she has received notice of the requirement for breath testing, (2) fails to provide adequate urine for controlled substances testing without a valid medical explanation after he or she has received notice of the requirement for urine testing, or (3) engages in conduct that clearly obstructs the testing process. A failure to remain readily available for post-accident testing, or to notify the employer of the need for such testing, or to proceed to the test site immediately for random testing, may be deemed by the employer to constitute a refusal to submit.

The consequences for refusing to submit to an alcohol or controlled substances test are as follows: A driver who has refused to submit to a required alcohol or controlled substance

test is subject to the same consequences as a driver who has tested positive on an alcohol (concentration of 0.04 or greater) or controlled substances test.

(I) The consequences under the federal regulations for employees who have violated the federal regulations relating to controlled substances and alcohol use and testing include:

The driver shall be removed from and not permitted to perform safety-sensitive functions. The driver shall be referred for evaluation by a substance abuse professional for a determination of what assistance, if any, the employee needs in resolving problems associated with alcohol misuse and controlled substances abuse.

In addition, each driver identified as needing assistance in resolving problems associated with alcohol misuse or controlled substance use, if still employed,

**Palmyra High School:
Anti- Harassment and Anti-Bullying Policy:**

Information is taken from the various Student Handbooks:

It is the policy of Palmyra High School that “bullying” type behavior is not to be permitted. These guidelines are established to respond specifically to bullying behavior. Students and parents are advised that other response measures are also in place and set forth in Article 10 of this handbook for behavior which is discriminatory or harassing on unlawful grounds (e.g., sexual harassment, harassment of students with disabilities, race harassment, etc.). (i)

- **Step One:** The first time school personnel becomes aware of a possible harassment or bullying situation, the accused student will be informed that such a complaint has been filed. At that time a warning will be given regarding this kind of behavior. The consequences for this kind of behavior in the future will be clearly outlined for the student. If, in the school’s opinion, the first occurrence of harassment behavior is severe, the school may move immediately to any of the four steps in the harassment policy. In other words, the policy may or may not be used sequentially. Moreover, at any stage the student may be disciplined under the student code by actions, which may include expulsion, in the event the conduct is also a violation of other provisions of the student code.
- **Step Two:** The second time school personnel become aware of a harassment incident, the student’s parents will be notified. A conference will be requested at that time. If it is determined that the student has harassed another student, consequences will be assigned. A student may stay on the second step as long as school authorities feel the consequences are effectively correcting the harassment behaviors. If it is determined that there is no basis for the harassment accusation, no consequences will be assigned. If the school determines that a student is intentionally making a false accusation against another student, an appropriate response will be made.
- **Step Three:** If the school authorities determine that the student continues to harass another student or the student fails to agree to not harass in the future, the school may assign the student to the Harassment Program level set forth below which the school authorities determine to be appropriate.
- **Step Four:** If a student fails to respond positively to the corrective measures of the Harassment Program, the student will be suspended from school for a minimum of five school days, up to expulsion. School authorities will determine the action necessary to insure a safe learning environment for all students. Harassment and Bullying Program--Levels: Purpose: All students have the right to attend Palmyra High School free from verbal and physical harassment and bullying.

The purpose of the Harassment and Bullying Program is to protect students and staff from those who fail or refuse to comply with school guidelines regarding the treatment of others.

- **Level I:** The guidelines for a Level I placement are listed below. a. The length of the assignment will be for a minimum of two weeks. b. The student will report to the office no later than 8:00 a.m. each morning. c. The student will eat on campus at an assigned table or area. d. The student will report to an assigned room at the end of the day, and

remain until dismissed. This will allow all other students to leave the school grounds in safety.

- **Level II:** The guidelines for this level are listed below. The length of the assignment will be for a minimum of two weeks. b. The student will report to the office no later than 8:00 a.m. the morning. c. The student will eat on campus at an assigned table. d. The student will report to an assigned room at the end of the day, and remain until dismissed. e. The student will remain in class at the end of each period. The student will be under direct teacher supervision during passing time. The teacher will dismiss the student at the end of the passing period. The student will then have three minutes to get to his/her next class.
- **Level III:** This is a long term assignment. The guidelines are listed below. a. All items listed in Level II will be used, except the length of the assignment will be no less than six weeks, and may remain in effect until the end of the school year and continue into the next, if determined to be appropriate. b. The length of the assignment will be no less than six weeks, and may remain in effect until the end of the school year.

From the Bennet Elementary Handbook:

- **Bullying Prevention:** Bennet Elementary recognizes the negative impact that bullying has on student health, welfare, safety, and the school's learning environment and prohibits such behavior. Bullying is defined as any ongoing pattern of physical, verbal or electronic abuse on school grounds, in a vehicle owned, leased or contracted by the school being used for a school purpose by a school employee or his or her designee, or at school sponsored activities or school sponsored athletic events.
- Bullying may constitute grounds for long-term suspension, expulsion or mandatory reassignment, subject to state and federal statutes and our student discipline and due process procedures. Suspected incidences of bullying should be reported to a staff member or the school principal.

StudentsAnti-Bullying Policy

One of the missions of the District is to provide a physically safe and emotionally secure environment for students and staff.

The administration and staff are to implement strategies and practices to reinforce and encourage positive behaviors by students. Positive behaviors include non-violence, cooperation, teamwork, understanding, and acceptance of others.

Special Education Policies

District OR 1 Public Schools adopts this special education policy with the intent that the policy maintains the District's compliance with all applicable laws affecting special education services and programs. The Superintendent or designees shall develop regulations or procedures to implement these policies. Employees and contractors of the District are expected to comply with these policies and all regulations, guidelines and procedures related to this policy in all respects.

The District will abide by all state and federal laws relating to special education. The District's special education policy and regulations, guidelines and procedures related to this policy are to be interpreted so as to be in compliance with such laws. In the event of changes in law, the school administration shall be authorized to implement modifications of practice to comply with such changes (whether the changes impose more or less stringent procedural or substantive requirements) until such time as amended policies are adopted by the Board of Education. References herein to 92 NAC 51 citations are made to Rule 51 as in effect on the date of the adoption of these policies. In the event of renumbering or other revisions to Rule 51, the policy shall be interpreted and implemented consistent with such renumbering or revisions.

1. Free Appropriate Public Education

A free appropriate public education shall be made available to all children with disabilities residing in the District, including children with disabilities who have been suspended or expelled, from date of verification through the school year in which the child is no longer eligible or the student reaches twenty-one (21) years of age, whichever occurs earlier. An Individualized Education Plan ("IEP") will be created for each such child that will enable the student to make progress appropriate in light of the student's unique circumstances.

Legal Reference: 92 NAC 51-004.01 through 004.03A and 007.07C2 through 007.07C6

2. Full Educational Opportunity Goal

The District shall take steps to ensure that its children with verified disabilities have available to them the variety of educational programs and services available to children without disabilities in the areas served by the District, including art, music, industrial arts, family consumer science education, and vocational education.

Legal Reference: 92 NAC 51-004.11A

3. Child Find

All children from birth to age twenty-one (21) with disabilities residing in the District, including children with disabilities who are homeless or are wards of the state or attending nonpublic schools, regardless of the severity of their disabilities, who are in need of special education and related services, will be identified, located and evaluated. A practical method shall be developed and implemented by the administration to determine which children with disabilities are currently receiving needed special education and related services. The District will implement multiple methods to provide parents, guardians, and community members with information regarding how to refer a child for an evaluation and the identification process and will publish an annual notice of any significant activity that is designed to identify, locate, or evaluate children to publicly notify parents, guardians, or appointed surrogates. The District's child find process will be consistent with Federal and Nebraska regulations.

Legal Reference: 92 NAC 51-006.01 through 006.01A2

4. Pre-Referral Interventions

For a school age student, a general education student assistance team (SAT) or a comparable problem solving team shall be used prior to referral for multidisciplinary team evaluation. The SAT or comparable problem solving team shall utilize and document problem solving and intervention strategies to assist the teacher in the provision of general education. If the student assistance team or comparable problem solving team feels that all viable alternatives have been explored, a referral for multidisciplinary evaluation shall be completed. A referral shall include information from the SAT or comparable problem solving team, meeting the requirements of 92 NAC 51-006.01B and a listing of the members of the SAT or comparable problem solving team.

Legal Reference: 92 NAC 51-006.01B

5. Disability Verification and Eligibility

Eligibility for services will be determined by a multidisciplinary team based on the results of a comprehensive evaluation. The multidisciplinary team will identify whether a child is eligible for special education services based on the disability categories identified by Nebraska and Federal regulations. The multidisciplinary team will rule out the determinant factor is due to a lack of appropriate instruction in reading or math or due to lack of English proficiency. The team will prepare a written report documenting all evaluation findings in accordance with Federal and Nebraska requirements that will be provided to the parent, guardian, or appointed surrogate. When a child is not eligible for services, the multidisciplinary team will determine if general education interventions or strategies are needed.

Legal Reference: 92 NAC 51-006.03; 92 NAC 51-006.04B through 006.04N;

6. Individualized Education Program (IEP)

An individualized education program, or an individualized family service plan, is to be developed, reviewed, and revised for each child with a disability in accordance with 92 NAC 51-007 by teams that will include all roles identified within Federal and Nebraska rules. Any draft of an IEP that is developed will not be considered final until it is reviewed and revised based on the team, including the parent, guardian, or appointed surrogate, input, and consensus. The district will make reasonable efforts to obtain informed consent from the parent, guardian, or appointed surrogate for special education placement on the IEP form before services are initiated. Revocation of consent for services must be documented by the parent, guardian, or appointed surrogate in writing.

Legal Reference: 92 NAC 51-007

7. Least Restrictive Environment

To the maximum extent appropriate, children with disabilities, including children in public or private institutions or other care facilities, are to be educated with children who are not disabled. Placement for a student with a disability will be based upon a completed IEP developed by a group of persons, including the parent, guardian, or appointed surrogate, knowledgeable about the child, the meaning of the evaluation data, and the placement options. Special classes, separate schooling, or other removal of children with disabilities from the regular educational environment will occur only when the nature or severity of the disability of a child is such that education in regular classes with the use of

supplementary aids and services cannot be achieved satisfactorily (the “Least Restrictive Environment Rules”). The District will ensure that a continuum of alternative placements is available to meet the needs of children with disabilities, particularly those in disproportionate groups, for special education and related services.

Legal Reference: 92 NAC 51-008.01 through 008.011

8. Procedural Safeguards

Children with disabilities and their parents, guardians, or appointed surrogates shall be afforded the required procedural safeguards. Parents, guardians, and appointed surrogates will be given a copy of their procedural safeguards annually or upon initial referral or parental (parent, guardian, or appointed surrogate) request for evaluation; upon request by a parent, guardian, or appointed surrogate; upon receipt by the school district or approved cooperative of the first occurrence of the filing of a complaint under 92 NAC 51-009.11 and the first occurrence of filing a special education due process case under 92 NAC 55; and in accordance with the discipline procedures in 92 NAC 51-016.

Legal Reference: 92 NAC 51-009.01 through 009.07; 009.10 through 009.12; 009.14, 006.07

9. Evaluation and Identification Procedures

School personnel may remove a child with a disability who violates a code of student conduct from his or her current placement to an appropriate interim alternative educational setting, another setting, or suspension, for no more than ten (10) consecutive school days and for additional removals of not more than ten (10) consecutive school days in the same school year for separate incidents of misconduct, as long as those removals do not constitute a change of placement. If a student with a disability violates a code of student conduct, the school district will ensure that school personnel appropriately consider unique circumstances on a case-by-case basis when determining whether a change in placement, as defined in Federal and Nebraska rules, is appropriate for the student. Change of placement decisions related to disciplinary removals will be consistent with Federal and Nebraska regulations. For disciplinary changes in placement that would exceed ten (10) consecutive school days, if the behavior that gave rise to the violation of the school code is determined not to be a manifestation of the child’s disability, school personnel may apply the relevant disciplinary procedures to children with disabilities in the same manner and for the same duration as the procedures that would be applied to children without disabilities.

Legal Reference: 92 NAC 51-016

10. Confidentiality of Personally Identifiable Information

Children with disabilities shall be evaluated, identified, and reevaluated by a team of multidisciplinary qualified professionals in accordance with 92 NAC 51-006. The MDT of a child suspected of having a specific learning disability shall include the additional requirements in accordance with 92 NAC 51-006.04K. The District will make reasonable efforts to obtain written permission for evaluation in accordance with Federal and Nebraska rules. Revocation for consent for evaluation must be documented by the parent, guardian, or appointed surrogate in writing.

The documented results of the evaluation will be provided to parent, guardian, or appointed surrogate and included in student files. All evaluation components will be at district expense.

The District will utilize a variety of assessment instruments to ensure district teams have access to appropriate measures to complete evaluations. The district will follow any publisher guidelines for assessments and will not use outdated or culturally inappropriate tools.

The District will respond to a request for an Independent Educational Evaluation without unnecessary delay. The parent, guardian, or appointed surrogate will be given written notice of the District's decision to either move forward with the Independent Educational Evaluation or to initiate a hearing to determine the appropriateness of the evaluation. If the District agrees to move forward with the evaluation, locations of any evaluator shall be within a reasonable distance of the District. A reasonable distance means within 100 miles of the school building the child attends and within Nebraska. In the event this geographic area restriction would prevent a parent, guardian, or appointed surrogate from obtaining an Independent Educational Evaluation, the location of the evaluator may be outside the specified geographic area but must be within Nebraska. The District will provide the parent, guardian, or appointed surrogate with a list of qualified agencies/evaluators within the geographic area. The evaluators are to have their rates approved by the Nebraska Department of Education to be authorized to conduct the evaluation.

11. Confidentiality of Personally Identifiable Information

A system of safeguards will be implemented to protect the confidentiality of student records and information in accordance with law.

Legal Reference: 92 NAC 51-004.15

18. Over-Identification and Disproportionality

Procedures shall be in place to ensure that testing and evaluation materials and procedures utilized for the evaluation and placement of children with disabilities will be selected and administered so as not to be racially or culturally discriminatory. Such materials or procedures shall be provided and administered in the child's native language or mode of communication, unless it is clearly not feasible to do so, and no single procedure shall be the sole criterion for determining an appropriate educational program for a child. All District special education provisions will be equitably available to all children regardless of race, ethnicity, language, location, transience, income level, and access to medical care.

Legal Reference: 92 NAC 51-006.02C

19. Prohibition on Mandatory Medication
