PUBLIC PARTICIPATION

INSTRUCTIONS FOR MEMBERS OF THE PUBLIC WHO WISH TO SPEAK: This is the portion of the meeting when members of the public may speak to the Board about matters of public concern.

- **Getting Started:** When you have been recognized, please stand and state your name.
- **Time Limit:** The Board will generally allow a total of 30 minutes for the presentation of all public comments. Individuals may speak only one time and must limit comments to around 5 minutes. If there are more than six individuals who wish to address the Board, the 30 minutes will be divided equally between the number of speakers. These time limits may be changed by a majority vote of the board members in attendance to extend the time for a specific item or speaker.
- **Personnel or Student Topic:** If you are planning to speak about a personnel or a student matter involving an individual, please understand that the district has a complaint policy and/or procedures to resolve such complaints and concerns. The Board requests that you follow the policy and procedures before addressing these matters with the Board. Board members will generally not respond to any questions you ask or comments about individual staff members or students.
- **General Rules:** This is a public meeting for the conduct of business. Comments from the audience while others are speaking will not be tolerated. Lewd, obscene, profane, slanderous, threatening, and hostile conduct or statements and fighting words (words whose utterance entails a call to violence) will not be tolerated.
- **No Action by the Board:** The Board will not act on any matter unless it is on the published agenda.

5018**Parent and Guardian Involvement in Education Practices**

The school district recognizes the importance of parental and guardian involvement in the education of their children. The school district will take the following steps to ensure that the rights of parents and guardians to participate in the education of their children are preserved.

1. Parents/Guardians will be provided access, as described in district procedures, to district-approved textbooks and other curricular materials and tests used in the district upon request.
 - a. A parental request to review specific approved textbooks and other district- or building-approved curricular materials (written, visual, and audio) should be made to the principal of the building where the textbooks and curriculum materials are used.
 - b. Parents may check out textbooks and may review curricular materials such as video and audio recordings within a time frame determined by the building principal to prevent disruption of the instructional process.
 - c. A parental request to review specific standardized and criterion-referenced tests used in the district should be made in writing to the building principal. Copies of the most recent tests used in the district will be available for parent review. Parents wishing to review statewide assessments will be provided with sample questions and a copy of a practice test, but will not be provided with copies of the actual assessment due to testing security. In the case of other secure tests such as the ACT, parents must contact the publisher to obtain copies of the test.
2. Parents/Guardians will be permitted, within district procedures, to attend and observe courses, assemblies, counseling sessions, and other instructional activities.
 - a. Parents/guardians are invited to make appointments with the building principal to visit classes, assemblies and other instructional activities. The principal shall give permission after determining that parental/guardian observation would not disrupt the activity. Observations that last more than 60 minutes or occur on consecutive days are typically disruptive and will not be

permitted absent unusual circumstances, in the sole discretion of the building principal.

- b. Parents/guardians may contact the building principal to request permission to attend counseling sessions in which their child is involved.
3. Parents/guardians will be permitted, within district procedures, to ask that their children be excused from school experiences that parents find objectionable.
 - a. Building principals may excuse a student from any single school experience at the parent's written request.
 - b. When appropriate, alternative experiences will be provided for the student by the school.
4. Parents/guardians will be informed through the student handbook and district policies of the manner that the district will provide access to records of students.
5. Parents/guardians will be informed of the standardized and criterion-referenced district testing program. Parents may request additional information from the building principal.
6. Parents/guardians will be informed of the circumstances under which they may opt-out of state and federal assessments.
 - a. In accordance with federal law, at the beginning of the school year, the District shall provide notice of the right to request a copy of this policy to parents/guardians of students attending schools receiving Title I funds. The District will provide a copy of this policy to a requesting parent in a timely manner.
 - b. State Assessments

State and federal law simultaneously require students to take state assessments, with few exceptions, but also permit parents or guardians to request to opt their students out of these assessments. Approval of opt out requests is contrary to the mandatory testing laws, so the District cannot "approve" the

request. Parents who do not present their child for testing will result in the child receiving the lowest score possible on the assessment.

c. National Assessment of Educational Progress

As a condition of receiving federal funds, the District participates in the National Assessment of Educational Progress (NAEP). To help ensure that the District has a representative sample of students taking the NAEP, which will allow the District to assess the quality and effectiveness of its programming on a national level, the District strongly encourages all eligible students to participate. However, student participation in NAEP is voluntary.

The District shall provide parents/guardians of eligible students with reasonable notice prior to the exam being administered. Parents/guardians wishing to opt their students out of the NAEP assessment must notify the district in writing at least three days prior to the exam date to ensure that the District can coordinate supervision and alternative activities for students who have opted out.

7. Parents/guardians will be notified of their right to remove their children from surveys prior to district participation in surveys.
- a. The principal must approve all surveys intended to gather information from students before they are administered to students.
 - b. Students' participation in surveys is voluntary. Parents/guardians may restrict their child from participating in any survey.

Sept.. Students of the Month:

PreK-3rd Grade:

Jefferson Guerra: He has been working so hard this year already, speaking way more English and much more confident than last year. He is always looking to help others and is blending sounds to make words and trying to learn more.

4th-8th Grade:

Allie Hagan: Allie has pushed herself in all academic areas, every single day. She is always engaged in the learning activity and has even started to work on making sure the details of her work is correct. She has already surpassed all the data points in reading. She is a great friend to all the students.

9th-12th Grade:

Kaelyn Meyer: Kaelyn has been unbelievably helpful with another student in her class. She has taken it upon herself to tutor the student and help them to take notes that are helpful. She has been sitting down with the student during WINN time and working through problems with her as well as rewriting notes for the student and helping them step by step.

Inclement Weather

Due to impending severe weather at the time of bus drop offs after school I dismissed school at 2:30 pm to ensure that our students would be home before the storm would hit. Luckily it missed us this time!

November NASB State Education Conference

All board members have been registered to attend the conference and stay in the Hilton Hotel. This year we are taking board members, not their spouses.

Did you all receive your hotel information? Do some of you want to carpool? I can make reservations for dinner Wednesday and Thursday evening. Let's talk after the board meeting is over.

Negotiations

I have updated all the salary information including FTE and insurance on the negotiating software in SPARQ. The board and teachers need to agree that our figures match. It would also be great to agree on an array although not necessary.

As a superintendent, I have been trained that I work for the School Board as a unit. Individually members with requests need to take those requests to the total board for a discussion and/or a vote.

NEGOTIATIONS TIMELINE:

November 1: "[N]egotiations shall begin." We're not exactly sure what that means, though the safest answer is to assume 1 of the 4 mandatory negotiations meetings must occur by 11/1.

February 8 (2021): If you're not settled, the parties must submit to mediation or factfinding, or agree in writing to continue bargaining.

5054 Student Bullying

Definition of Bullying. Nebraska statute defines bullying as "an ongoing pattern of physical, verbal or electronic abuse." The Centers for Disease Control and Prevention defines bullying as "any unwanted aggressive behavior(s) by another youth or group of youths who are not siblings or current dating partners that involves an observed or perceived power imbalance and is repeated multiple times or is highly likely to be repeated." The school district's administrators will consider these definitions when determining whether any specific situation constitutes bullying. These definitions include both in-person and cyberbullying behaviors.

Bullying Prohibited. Students are prohibited from engaging in any form of bullying behavior.

Reporting Bullying. Students who experience or observe bullying behavior must immediately report what happened to a teacher or administrator. Students can use the district's anonymous platform "Stop It" (as posted in the school) to make this report. Students may always confer with their parents or guardians about bullying they experience or witness, but the students must also ultimately report the situation to a teacher or administrator.

Bullying Investigations. School district staff will investigate allegations of bullying using the same practices and procedures that the district observes for student disciplinary matters. In no circumstance will school district staff be deliberately indifferent to allegations of bullying.

Disciplinary Consequences. The disciplinary consequences for bullying behavior will depend on the frequency, duration, severity and effect of the behavior.

A student who engages in bullying behavior on school grounds, in a vehicle owned, leased, or contracted by a school being used for a school purpose by a school employee or his or her designee, or at school-sponsored activities or school-sponsored athletic events may be subject to disciplinary consequences including but not limited to long-term suspension, expulsion, or mandatory reassignment.

Without limiting the foregoing, a student who engages in bullying behavior that materially and substantially interferes with or disrupts the

educational environment, the district's day-to-day operations, or the education process, regardless of where the student is at the time of engaging in the bullying behavior, may be subject to discipline to the extent permitted by law.

Bullying Based on Protected Class Status. Bullying based on protected class status is unique and may require additional investigation. The appropriate district staff member or coordinator will promptly investigate bullying complaints that violate the district's antidiscrimination policies.

Support for Students Who Have Experienced Bullying. Regardless of where the bullying occurred, the district will consider whether victims of bullying are suffering an adverse educational impact and, if appropriate, will refer those students to the district's student assistance team.

Bullying Prevention and Education. Students and parents are encouraged to inform teachers or administrators orally or in writing about bullying behavior or suspected bullying behavior. School employees are required to inform the administrator of all such reports. The appropriate administrator shall promptly investigate all such reports. Each building shall engage in activities which educate students about bullying, bullying prevention and digital citizenship.

Policy Review. The school district shall review this policy annually.

4062 Locker Room Supervision

Staff members, coaches, sponsors, and students must comply with the requirements of this policy while using locker rooms at the school district or at other locations, including while participating as a visiting team, or at a camp.

Staff members, coaches, and sponsors must appropriately supervise students in locker rooms and other locations where students dress, change, or engage in similar activities. This supervision must occur at all times during curricular and extracurricular activities and includes, but is not limited to, the following:

- Entering and walking through the entire locker room at regular and irregular intervals to provide direct supervision and to assess student behavior.
- Maintaining an orderly locker room free from "horseplay" and other prohibited conduct.
- Maintaining a visual presence.
- Adequately addressing any misbehaviors. Misbehavior should be documented in the districts **educlimber** system within 24-hours of the event.
- Escorting students to and from the locker room and the activity or instructional area.
- Unlocking the locker room so that students may enter, and locking the locker room after all students have exited the locker room.
- Searching the locker room to determine that all students have exited the locker room before locking it.
- Ensuring that the locker room remains locked during any activity.

If a student is found missing during an activity, the staff member, coach, or sponsor or adult designee shall check the locker room for the missing student.

The locker room must be locked at all times when unsupervised.

Only students whose team or activity is currently playing or are in-season or who are involved in a school-sponsored activity that requires or allows presence in the locker room are allowed access to the locker room before or after the regular school day.

Students are not allowed to enter or reenter the locker room without appropriate supervision.

If the staff member, coach, or sponsor is the opposite sex of the students, he or she may designate another adult of the same sex as the students to provide

the required locker room supervision. This delegation does not remove ultimate responsibility from the staff member, coach, or sponsor who is subject to the obligations under this policy to ensure that such obligations are met. By allowing their students to participate in an activity with a cross-gender coach, parents/guardians consent to the entry of the staff member or his or her designee into the locker room at any time as necessary to maintain student safety and order.

Staff members, coaches, and sponsors must remain with students until they are picked up by the parent, guardian, or other authorized person or the student leaves in his or her own transportation. Students must never be left unattended after a game, practice, or other school-sponsored activity. In other words, the staff member, coach, or sponsor should be the first one to arrive at the activity and the last one to leave. If the activity has more than one member, different coaches, sponsors, or staff members maybe assigned any or all of these duties, as long as they meet the requirements of this policy.

Cell phones and other devices with visual or auditory recording capability may not be used in the locker room at any time or for any reason.

Under no circumstance may a staff member, coach, or sponsor delegate any responsibility under this policy to a student or other minor.

School administrators or their designees may make random checks to assess policy compliance.
