OCTOBER BOARD MEETING CHANGES

POLICY	TITLE	CHANGE
CKAH	USE OF AUTOMATIC EXTERNAL DEFIBRILLATOR	This is new policy addressing the use of AEDs in schools. Each site has also created a Sudden Cardiac Arrest plan that is included with their other emergency plans.

USE OF AUTOMATIC EXTERNAL DEFIBRILLATOR

The Guymon Public Schools district will follow the American Heart Association guidelines for automatic external defibrillator (AED) use and storage. Responders' use of the AED should not replace the care provided by emergency medical services (EMS), but is meant to provide a lifesaving bridge during the first few critical minutes it takes for advanced life support providers to arrive.

The AEDs are to be located so that any victim may be reached in three minutes or less. Therefore, they will be stored by the principals' offices and/or gymnasiums.

Roles and Responsibilities

The lead school nurse will be the AED coordinator will serve as the primary liaison between the local EMS and the AED program. The coordinator will be responsible for purchasing equipment and supplies, organizing training programs, forwarding incident data to the local EMS, and holding post-event debriefing sessions for employees involved.

Certified district employees authorized to utilize the AED are specific employees trained and certified to use an AED in a sudden cardiac arrest emergency. These employees will attend a four-hour, American Heart Association AED training session, will have yearly refresher classes, and will be recertified every two years.

Procedure

When an apneic, pulseless victim is discovered, activate the sudden cardiac emergency response plan and by following the suggested guidelines set by the American Heart Association. This district will follow the American Heart Association AED treatment algorithm. The AED coordinator will notify the medical director's office of the use of the AED. An accident report form will be used to document an event and to document the practice drills.

Maintenance

The district will follow the manufacturer's suggested guidelines for maintenance of the AED. The AED coordinator will supervise the procedure.

Sudden Cardiac Arrest Plans

Each site in the district will develop a Sudden Cardiac Arrest Plan that will be in addition to the site's normal emergency plans. That plan will be kept with all other emergency plans.
