

Yukon Public Schools  
Board of Education Regular Meeting Monday, March 2, 2020 6:00 PM  
Yukon Public School District ISD #27 Administration Bldg. | Board Room  
600 Maple Dr  
Yukon, OK 73099

1. Invocation and Flag Salute  
Father Rex Arnold from St. John Nepomuk will provide the invocation.

Attendance Taken at 6:01 PM.

Mrs. Suzanne Cannon: Present

Mr. Chris Cunningham: Absent

Mrs. Michele Hawthorne: Present

Mr. Rex Van Meter: Present

Mr. Leonard Wells: Present

2. Call to Order and Roll Call

3. Reports/ Comments from Superintendent and/or Staff

Dr. Simeroth thanked all involved for their part in determining the allocation of teachers/staff for the new intermediate school. Thursday is the celebration for Helping Hands 50th birthday.

4. Board Member Communications and Announcements

A. Individual Board Member Comments

Mrs. Hawthorne - no comment

Mr. Van Meter - no comment

Mrs. Cannon - attended an art show it was spectacular.

Mr. Wells - The Millerettes were named the 2020 6A State Academic Champions and one of the girls with a 3.98 GPA is his granddaughter.

B. Upcoming Meetings/ Events:

MARCH:

3 Legislative Breakfast 7AM Yukon Police Department

4 School Law Institute - OSSBA - Moore/Norman Technology Center 9-3:30

5 Region 10 - OSSBA - Redlands Community College 5:30 - 8:30

APRIL:

- 6 Board Meeting 6pm
- 7 Legislative Breakfast 7AM Yukon Police Department

5. Communications - Request for patrons to address the board - Pursuant to Board Policy AF, comments can be made only by district patrons concerning items listed on this agenda.

There are no requests to address the board.

6. Finance Consent Docket- All of the finance consent items will be discussed, considered and approved or disapproved by one vote unless a board member desires to have a separate vote on any or all of the consent items.

I move to approve all business items on the Finance Consent Docket Passed with a motion by Mr. Rex Van Meter and a second by Mrs. Suzanne Cannon.

Mr. Chris  
Cunningham: Absent

Mrs. Michele  
Hawthorne: Yes

Mr. Rex Van  
Meter: Yes

Mr. Leonard  
Wells: Yes

Mrs. Suzanne  
Cannon: Yes

- A. Encumbrances and Change Orders as recommended by Dr. Jason Simeroth, Superintendent, and Jim Fenrick, Chief Financial Officer

- B. Treasurer's Report(s) and General Fund Report(s)

- C. Child Nutrition Report

7. Business Consent Docket: All of the consent items will be discussed, considered and approved or disapproved by one vote unless a board member requests to have a separate vote on any or all of the consent items.

Mr. Van Meter asked for specifics on the turf and track replacement...there were many specs required of the bidders and the winning low bid came from a company that met all specs including better safety ratings than past turf.

Dr. Simeroth spoke to the reason for the new signs at the intermediate schools - they are no longer elementary schools and the signs are to continue rolling out to all sites.

I move to approve Consent Docket as presented Passed with a motion by Mrs. Suzanne Cannon and a second by Mr. Rex Van Meter.

Mr. Chris  
Cunningham: Absent

Mrs. Michele  
Hawthorne: Yes

Mr. Rex Van Meter: Yes

Mr. Leonard Wells: Yes

Mrs. Suzanne Cannon: Yes

Mr. Chris Cunningham: Yes  
Mrs. Michele Hawthorne: Yes  
Mr. Rex Van Meter: Yes  
Mr. Leonard Wells: Yes  
Mrs. Suzanne Cannon: Yes

#### 8.A. Surplus items

In addition to the attached inventories to be surplused, Special Services has 11 out of date and incomplete Boardmaker kits, baseball has 22 white pair of game pants and 3 pair of gray game pants that need to be declared surplus. They have holes or are stained beyond cleaning. They will be discarded.

#### 8.B. New Contract for custodial services at the PreK-3 school sites.

To provide more efficient and consistent cleaning services for our district facilities. Please see the attached Item of Consideration and contract for specifics.

#### 8.C. Out of state travel requests

Tami Massey, Darin Chapin, and Derek Chapin, YMS and YHS Vocal Music teachers, are taking 7 students March 4, to 7, 2020, to Little Rock, AR, for the SW Division American Choral Directors Conference/Honor Choirs. General fund is covering the expense of approximately \$1,600.00 for Tami while an activity account will fund the same amount for Darin and Derek Chapin.

Christy Clemons, Transportation Director, is attending Transfinder University in Dallas, TX, February 11, to 13, 2020. General fund is covering the expense of approximately \$2,200.00.

#### 8.D. YFAC Rental Contract

#### 8.E. Playground options for Lakeview ES and Independence ES.

Dr. Simeroth elaborated that this is for turf, awnings, seating areas, and exercise equipment (hardware) not balls and bats, etc (software).

#### 8.F. Discussion and possible action on a district wide LED project with Oklahoma LED.

#### 8.G. Discussion and possible action on the new start times for all sites.

### 9. Minutes for the January 7, 2020, regular board meeting.

I move we approve the minutes of the January 7, 2020, board meeting Passed with a motion by Mr. Chris Cunningham and a second by Mr. Rex Van Meter.

Mr. Chris Cunningham: Yes  
Mrs. Michele Hawthorne: Abstain  
Mr. Rex Van Meter: Yes  
Mr. Leonard Wells: Yes  
Mrs. Suzanne Cannon: Yes

10. New Business: this business, in accordance with Oklahoma Statutes, title 25-311 (A)(9) is limited to any matter not known about or which could not have been reasonably foreseen prior to the time of posting this agenda.  
No new business.

### 11. Personnel Docket:

11.A. Personnel-Vote to convene or not to convene in executive session pursuant to 25 O.S.307 (B)(1) to discuss the resignations, employment of support and certified personnel, promotions, recommendation of change of assignment, and/or transfers as listed on the attached Exhibit A.

I move to NOT convene in executive session to discuss personnel docket Passed with a motion by Mr. Rex Van Meter and a second by Mrs. Suzanne Cannon.

Mr. Chris Cunningham: Yes  
Mrs. Michele Hawthorne: Yes  
Mr. Rex Van Meter: Yes  
Mr. Leonard Wells: Yes  
Mrs. Suzanne Cannon: Yes

11.B. Acknowledge the board has returned from executive session. Executive session minutes' compliance announcement. Mr. Leonard Wells announced the board entered into executive session to discuss the personnel docket at : p.m. No action was taken by the board of education. The board returned to open session at : p.m.

11.C. Approval of Personnel Items as listed.

I move we approve all personnel items as presented. Passed with a motion by Mrs. Suzanne Cannon and a second by Mr. Chris Cunningham.

Mr. Chris Cunningham: Yes  
Mrs. Michele Hawthorne: Yes  
Mr. Rex Van Meter: Yes  
Mr. Leonard Wells: Yes  
Mrs. Suzanne Cannon: Yes

12. Adjournment

Time 7:06pm

I move we adjourn Passed with a motion by Mr. Chris Cunningham and a second by Mr. Rex Van Meter.

Mr. Chris Cunningham: Yes  
Mrs. Michele Hawthorne: Yes  
Mr. Rex Van Meter: Yes  
Mr. Leonard Wells: Yes  
Mrs. Suzanne Cannon: Yes

AP Annual Conference  
 Boston, MA

The AP Annual Conference brings together thousands of education professionals from the AP and Pre-AP communities. The conference schedule features workshops, content-driven sessions, and exhibits. It's a chance to connect with new and experienced teachers of all 38 AP courses, AP chief readers, AP coordinators, counselors, superintendents, and principals. Attend conference sessions. Discover proven methods for increasing equity and access to the AP Program. Explore dozens of exhibits featuring new textbooks and classroom technologies.

*If booster club is paying an amount is required. If activity fund is being used, a PO number and amount is required.*

## Cost Analysis

*Registration Costs /PO Number:* \$545 / 602199 / Paid for by the Advanced Placement activity fund

*Lodging Cost/PO Number:* \$1400 / 602200 / Paid for by the Advanced Placement activity fund

*Airfare or Personal or District Vehicle*

*Transportation Costs/PO Number:* \$600 / 602198 / Paid for by the Advanced Placement activity fund

*Per diem (meals, taxi/uber, parking):* \$298.50 / 602196 / Paid for by the Advanced Placement activity fund

*Cost of a Substitute:* \$0.00

*Will Participation Lead to Further Competition?*

Yes

No

*If Yes, Explain*

N/A

*Educational Benefits*

This year, the AP Program did not host regional conferences as they have in the past. Therefore, the AP Annual Conference will provide the best opportunity to learn, share, and gather the most current information about the AP Program. This will allow YHS to continue to increase AP participation and improve AP success. According to 2020 AP registration data, YHS's participation increased significantly from 2019-2020, partly due to awareness of best practices that were utilized due to attendance in various conferences last year. The number of students testing has increased from 263 to 318 and the number of tests registered for has increased from 450 to 567. Being able to attend this conference and connect with new and experienced teachers of all 38 AP courses, AP chief readers, AP coordinators, counselors, superintendents, and principals is invaluable in contributing to the continued growth of the AP Program at YHS. The continued success and growth of the AP Program is directly related to the improvement in one aspect of College Readiness opportunities for students at YHS.

## Concurrent Sessions

### **A Call for Diversity in AP: Become an AP Reader or Endorsed Consultant**

Learn how you can contribute to the broader AP community by becoming an AP reader or consultant.

### **A Comprehensive Overview of the 2018 Released AP Latin Exam**

Take a deeper look into the released 2018 AP Latin Exam to learn how the exam can help prepare students for success in both the course and the exam.

### **Advanced Placement Economics—17 Interactive Graphing Modules**

In this session, participants will receive a collection of interactive activities that encourage students to draw graphs in competitive games.

### **Analytical Reading and Evidence-Based Writing in Pre-AP Sciences**

Explore how to build conceptual understanding and AP readiness by using AP free-response questions to engage Pre-AP science students in analytical reading and writing.

---

---

### **AP + AVID = Access for All**

A successful AP program begins in elementary school. Building a districtwide AVID system provides essential skills for success for all students.

### **AP Calculus AB: Free Response as Spaced Practice**

Participants will learn how to use student collaboration, feedback, and discourse to increase free-response scores.

### **AP Capstone™: Growing Pains**

AP Capstone™ is an amazing program to teach, yet it's not easy to build. Come discuss the pitfalls and solutions to executing a successful program.

### **AP ChemPals: Developing Collaborative Partnerships that Drive Instruction**

We will highlight the merits of cultivating collaborative partnerships as a means to drive effective instruction for diverse student populations.

### **Civil Discourse: Argument and Analysis in AP English Language**

Learn how to teach an approach to argument and analysis focused on addressing an oppositional audience and multiple viewpoints while also evaluating bias.

### **Clearing a Path for All: A Deep Dive into the New Pre-AP Program**

Join this session to learn about the new College Board Pre-AP Program and how you can earn the official Pre-AP designation.

### **Comparing Cultures: Successful Presentational Speaking Strategies**

Explore how to best prepare students of all language levels for the presentational speaking task on AP World Language and Culture exams.

### **Creating a Culture of High Academic Achievement**

Use Advanced Placement to create a culture of high achievement benefiting all students. Increase student enrollment, diversity, and college readiness.

### **Creating Complex Moves with Sources in Argument Writing for Synthesis FRQ**

Learn to make complex moves with sources by illustrating, authorizing, extending, and countering to increase the complexity of source-based arguments.

### **Definite Integrals, Antiderivatives, and the Fundamental Theorem**

---

---

The Fundamental Theorem of Calculus unites two big ideas: limits and derivatives, giving students a global perspective of calculus that leads to success on the AP Calculus Exam.

### **Developing Teacher and Student Supports**

This session addresses the teacher supports, culture, and administrative planning.

### **Eliminating Barriers to Entry**

Disparities in participation rates may be the result of school-imposed barriers. Learn how to eliminate these barriers while maintaining rigorous instruction.

### **Entering the Discussion Circle: Student Engagement Through Socratic Seminar**

Take whole-class discussion to the next level through student-centered Socratic seminars.

### **Formative vs. Summative Assessment in AP History Courses**

Explore formative and summative assessments for AP courses in history and the new AP assessment resources available in 2019.

### **From Simple to Complex, Embracing the Sentence in Analytical Reading**

Tired of students racing toward the finish line of superficial understanding? Join us for writing strategies that encourage analytical thinking.

### **Gamification of Learning in AP English: Strategies for Multiple Choice Practice**

In this session, games-based activities will be introduced that incorporate AP-style multiple choice practice into your instructional planning.

### **Growing Your AP Research Program**

This session will give educators strategies for growing their AP Research program and developing opportunities for AP Research students.

### **Hacking for Equity: Join the Computer Science Movement**

Hear about the successes and lessons learned while implementing AP Computer Science in a large and diverse school.

### **History in the Present Tense: The Case Method Project**

---

---

Two teachers will share their work with Harvard Business School's Case Method Project to bring case method teaching to their AP U.S. History courses.

### **I Placed My Order in October! Advice on Fall AP Exam Registration**

Learn how schools in the 2018 pilot program for fall AP Exam registration enrolled students and submitted their exam order by October.

### **Increasing Options: Adding CLEP as a College Credit Opportunity**

This session looks at how to use CLEP to expand college access and opportunity.

### **Instructional Approaches for AP Psychology**

Learn new strategies for incorporating the teaching of content and skills. Bring your favorite lesson plan to review, possibly revise, and share.

### **Orange High School's AP Calculus Success Story**

In six years, Orange High School created and implemented an AP Calculus program where over 96% of students receive a 3 or higher. Strategies for increasing enrollment and success will be shared.

### **Quick: Write! Promoting Communication in AP Spanish**

Explore the use of Quick Writes and Thought Prompts to promote oral and written communication in AP Spanish.

### **Reading Strategies for AP World Languages**

Improve your students' ability to read in the target language with a variety of reading strategies.

### **Results from the 2019 AP Art History Exam**

Participants meet with the AP Art History chief reader and receive information about student performance on the 2019 AP Art History Exam.

### **Results from the 2019 AP Biology Exam**

Participants examine the results of the 2019 AP Biology Exam with the chief reader.

### **Results from the 2019 AP English Literature and Composition Exam**

In this session, the chief reader for AP English Literature and Composition will review the results for the 2019 exam.

---

---

### **Results from the 2019 AP European History Exam**

Participants will examine the results of the 2019 AP European History Exam with the chief reader.

### **Results from the 2019 AP French Language and Culture Exam**

What aspects of the 2019 free-response tasks posed challenges to test takers? And how can we best prepare students for success on the AP Exam?

### **Results from the 2019 AP Italian Language and Culture Exam**

The 2019 AP Italian Language and Culture Exam results will be thoroughly explained and instructional implications will be discussed.

### **Results from the 2019 AP Japanese Language and Culture Exam**

This session features results from the 2019 AP Japanese Language and Culture Exam. Participants will discuss and analyze student performance and implications for instruction.

### **Results from the 2019 AP Music Theory Exam**

Analysis and observations of student performance on the AP Music Theory Exam.

### **Results from the 2019 AP Statistics Exam**

The chief reader will review scoring guidelines and student performance on free-response questions from the 2019 AP Statistics Exam.

### **Results from the 2019 AP U.S. History Exam**

Participants will explore the test construction, scoring decisions, and student exam performance on free-response questions from the 2019 AP U.S. History Exam with the chief reader.

### **Results of the 2019 AP Physics Exams**

The results of the AP Physics exams will be presented, along with discussion of scoring practices and strategies for answering questions effectively.

### **See the New AP Instructional Resources: A Deep-Dive for AP Teachers on What's New for 2019-20**

Join us to learn how to use the new AP instructional resources in your classroom.

---

---

## **Strategies from the Teachers College Reading and Writing Project Applied to AP Spanish Literature**

A workshop detailing strategies from the Teachers College Reading and Writing Project that were implemented into the AP Spanish Literature and Culture course by a teacher, to improve student learning.

## **Switch Energy Alliance**

This session will be a wide-ranging exploration of energy usage, including screenings of the documentary Switch and a collection of short videos about the world of energy.

## **Teaching AP English Literature like an AP English Language Instructor**

Participants will learn how to incorporate mentor texts, a standard feature of the AP English Language classroom, into the AP English Literature curriculum.

## **The Evolving AP Human Geography Framework**

Participants will learn about the evolving AP Human Geography Curriculum Framework and reflect on the geographic thinking behind it.

## **The First Amendment Project**

Explore resources created by the National Constitution Center and College Board to enhance student understanding of First Amendment freedoms.

## **The Long and Winding Road: An Artistic Journey**

This session will offer methods to strengthen a school's art program, build creative, problem-solving artists, and improve student success in AP Art and Design.

## **The Supreme 15: Teaching the U.S. Supreme Court Cases for the AP U.S. Government and Politics Exam**

This session will examine reading, analysis, and application strategies for the 15 required U.S. Supreme Court cases on the AP U.S. Government and Politics Exam.

## **Understanding the New AP Computer Science A Curriculum Framework**

We'll examine the details of the new AP Computer Science A Curriculum Framework and its alignment to the AP Exam.

## **Vertical Alignment: Building AP Capacity for Districtwide Student Success**

---

---

This session will outline how districts can implement an AP-aligned 6th to 12th grade honors English program and a community for teacher collaboration.

---

- 11:15 a.m.–12:45 p.m.
- 

## Lunch

---

- 1–2:15 p.m.
- 

## Concurrent Sessions

### **Do-Re-Mis and 1-2-3s: Instructional Strategies for AP Music Theory**

This presentation demonstrates approaches to incorporating singing, moving, and active participation to enhance students' musical skills.

### **Verve: Design Thinking with an Edge in AP Art and Design**

Educators will obtain a fresh perspective on imaginative thinking with the goal of inspiring verve in their AP Art and Design students' artwork.

### **"AP for All" in a Comprehensive High School**

How do you increase AP performance among all students? We embraced this challenge in our comprehensive high school and will share our dramatic results.

### **Achieving Equity: Mainstreaming Strategies for the Pre-AP Classroom**

Strategies to adapt the Pre-AP curriculum for struggling learners and special education students will be discussed.

### **Advanced Placement and Students with Special Needs: a Growing Reality**

Effective instructional and differentiation strategies for the incorporation of students with special needs into the AP classroom.

### **All 4s and 5s: Our Kids Did It and Yours Can, Too**

This session will provide a system and build a culture to help students of all AP classes achieve higher scores on their exams.

---

---

### **AP Scores—How Are They Determined?**

This session will provide an overview of the processes used to determine AP Exam scores.

### **Applying Artificial Intelligence to Score FRQs in AP Psychology**

In this session we will discuss a pilot project undertaken to evaluate AI to support greater frequency and volume of free-response questions in AP classrooms.

### **Argumentation in the AP Art History Free-Response Question**

Participants will examine the new free-response requirement on the AP Art History Exam, the skill of argumentation.

### **Avoiding Performance Task Pitfalls in AP Seminar**

Set students up for success on the AP Seminar performance tasks with an awareness of challenges and a repertoire of strategies to overcome them.

### **Beyond the Stereotypes: High-Achieving Hispanic Women**

This session will focus on how race, gender, and class intersect in high school AP classes, and how teachers can better connect and challenge these young Hispanic women.

### **Building Growth Mindset and Bridging Math Learning with Technology**

Explore how technology develops growth mindset in you and your students to help bridge mathematics content and learning.

### **Building your AP Program: Findings from the Latest Research**

This session will highlight new AP research that shows how to increase participation in AP, especially among underrepresented students.

### **CANCELED - Activating Your AP Computer Science Classroom**

Learn how to jump-start computer science ideas with engaging warm-ups, introduction of topics, and more using interactive activities.

### **CANCELED - Connecting AP Calculus to Fractal Geometry**

Fractal geometry can be used in connection with infinite series to add elements of creativity, art, and design into an AP Calculus BC classroom.

---

---

### **CANCELED - Connecting Pre-AP and AP to Drive Success on the SAT Suite of Assessments**

A look at how AP and Pre-AP are connected to support success on the SAT Suite of Assessments.

### **CANCELED - Teaching Analytical Writing Using Multimedia Documents**

Make the document-based question rubric more accessible and transparent by demonstrating analysis and reasoning using music, art, and dance in multimedia documents.

### **Choice Reading in the AP English Classroom**

By examining research and best practices, participants will learn how choice reading bolsters synthesis, argument, and rhetorical analysis.

### **Connecting Data Analysis, Study Design, and Inference in AP Statistics**

Students often miss the link between data collection and data analysis. We'll look at two investigations that promote this connection via simulation.

### **Connecting Pre-AP Visual Arts to the AP Art and Design Portfolio**

Explore connections between Pre-AP and AP Art and Design courses, and learn strategies to prepare students for the new AP portfolio.

### **Course Updates and New Resources for AP Physics 2**

Participants will develop strategies to use new AP resources to teach the challenging topic of thermodynamics in their AP Physics 2 course.

### **Developing Intercultural Competence in AP World Language and Culture Courses**

This session focuses on how to develop intercultural competence in the world language classroom by linking curriculum to real-world events.

### **Do Your Students Really Understand Equilibrium?**

Join this hands-on workshop to overcome student misconceptions of equilibrium.

### **Facing the Fear of Poetry**

This interactive session explores why poetry instruction can be challenging for students and teachers and offers adaptable instructional strategies.

---

---

### **How Pre-AP, AP, and the SAT Suite Work Together for College Readiness**

Learn how skills taught in Pre-AP connect with skills assessed on the SAT Suite and skills used in AP courses to build a college readiness program.

### **Instructional Approaches for AP European History**

Learn new strategies for incorporating the teaching of content and skills. Bring your favorite lesson plan to review, possibly revise, and share.

### **Lots of “I”s in Team: Lessons Learned from Support Programs for AP Teachers**

Explore what we learned from two pilot programs to help teachers as individuals and as a community, with a focus on instructional coaching and regional meetings.

### **Mind the (Content) Gap—post-1450 Middle Eastern World History**

Enrich discussions of modern world history with tested lessons on the Middle East. Short-answer questions, long-essay questions, document-based questions, bibliography, and digital resources provided.

### **Modeling the Struggle: The “Cold Read” as an AP English Literature Instructional Strategy**

Participants will learn how they can model real-time analysis to build students’ self-efficacy and interpretive acumen.

### **More Than Fun: Creative Writing in the AP English Literature Classroom**

Participants In this session will practice creative writing methods meant to deepen student understanding of author purpose, craft, and structure.

### **Multikulti—A Sample Unit for the AP German Curriculum**

Explore how to design and implement a thematic unit for an AP world language and culture course curriculum.

### **Raising Scores in AP Biology and AP Statistics Through Collaboration**

This session will show how two teachers of AP Biology and AP Statistics worked together on chi-squared analysis labs and box plots to raise scores in both of their subjects.

### **Results from the 2019 AP Calculus Exams**

---

---

The chief reader and chief reader designate share lessons learned from student performance on the 2019 AP Calculus Exams (AB and BC).

### **Results from the 2019 AP Chinese Language and Culture Exam**

The session is a report on the 2019 AP Chinese results followed by a discussion on instructional strategies that lead to AP success.

### **Results from the 2019 AP Latin Exam**

The AP Latin chief reader will present data on student performance on the free-response section of the 2019 AP Latin Exam.

### **Results from the 2019 AP Spanish Language and Culture Exam**

Participants will review results of the 2019 AP Spanish Language and Culture Exam and will develop strategies to help students successfully answer free-response questions.

### **Results from the 2019 Comparative Government and Politics Exam**

Participants will examine the results of the 2019 AP Comparative Government and Politics exam to identify particular challenges for students.

### **Results of the 2019 AP Environmental Science Exam**

This session reviews the free-response questions on the 2019 AP Environmental Science Exam to aid educators in their teaching of subject material.

### **Rhetorical Situations—Rhetorical Choices**

This session explores strategies for teaching students to make their own strategic rhetorical choices and to analyze the rhetorical choices of other writers.

### **Student Engagement: Oligopolies and Game Theory Concepts**

Learn strategies and methods that will engage students while learning and applying concepts of oligarchies and game theory.

### **The Active Learning Environment in Freshman Math Class**

In this session, identified gaps in the instruction of freshmen math courses will be discussed, along with strategies to overcome the gap.

### **The Flexibility of Mind Mapping to Reach All Learners**

---

---

This session will focus on how to effectively create and use mind mapping to organize, build, plan, and review challenging content.

### **Thinking Like a Political Scientist: Analyzing 2018 Election Data**

This session will focus on lessons that analyze polls, attempt to understand voter turnout, examine demographic data, and assess 2018 electoral outcomes.

### **Upcoming Developments and Changes in the AP Program**

Join Trevor Packer for a close look at the developments and changes underway to support AP classrooms.

### **Use Your Voice to Advance AP in State and Federal Legislation**

This session will explore how we are using AP teacher voices to expand access to AP by leveraging legislation at the state and federal level.

### **Using Forensic Linguistics for Rhetorical Analysis**

Using forensic linguistics and the FBI as inspiration, students determine the authorship of documents using stylistic and syntactic indicators.

### **Vertical Teaming Literature from Pre-AP to AP Spanish**

Literature brings cultural perspectives to the forefront of a language class. Come explore how to incorporate literature into your AP or Pre-AP class.

- 
- 2:30–3:45 p.m.
- 

### **Concurrent Sessions**

#### **All-Inclusive AP: Every Single Sophomore Takes AP Human Geography**

This interactive session will explain how a school district implemented AP Human Geography as a mandatory sophomore course and how teachers can increase the number of students who take the course.

#### **AP World Café: A Dialogue with the College Board International Team**

Meet College Board partners for your school, network with fellow international educators, and gain understanding of plans and actions unique to AP success overseas.

---

---

### **CANCELED - Pre-AP Arts: Owning the Process**

Hear from Pre-AP Arts teachers who have expanded their practice to facilitate student experimentation, reflection, and creative investigation.

### **CCOT-Context-Cause-Comp Oh My! Making Sense of Reasoning and Writing Skills**

Demystify the requirements and skills with tested models. Participate in guided practice using 2019 history exams. Paper and digital copies provided.

### **College Readiness: Increasing Equity and Access**

Learn how Georgia districts are developing talent and increasing AP student performance, especially for historically underrepresented students.

### **Course Updates and New Resources for AP Physics 1**

The AP Physics 1 session will consist of three distinct segments: The Course, The Exam, and New Resources.

### **Creating Rubrics for Project-Based Instruction in the AP Classroom**

Participants will discuss the development and use of rubrics for project-based instruction in the AP English Literature and Composition and AP English Language and Composition classrooms.

### **Cultivating Conversations that Count**

Purposeful conversation promotes growth in student writing and improved performance on the AP Exam—explore creative ways to make student discussions count.

### **Designing Assessments in AP U.S. Government and Politics**

Learn how to design multiple-choice and free-response questions based on the new curriculum framework.

### **Developing Historical Thinking Skills in Pre-AP**

Explore techniques that embed skill practice into the everyday learning experience of history students.

### **Digging Beneath the Surface of the Areas of Focus in Pre-AP Algebra 1**

Participants will review the new Pre-AP Algebra 1 Areas of Focus, create their own classroom experiences, and use the Shared Principles to reflect.

---

---

### **Digitize Music in AP CS Principles - Encode sound on the TI-Innovator Hub**

Looking to offer AP Computer Science Principles students a different creative outlet? Learn to encode music by coding on the TI-Nspire with the TI-Innovator Hub.

### **Engaging Students in AP Calculus**

Participants will engage in some activities using different instructional approaches that utilize task cards, writing prompts, circuits, and games.

### **Expanding Rural College Readiness through AP, Civics, and Computer Science**

K–12 educators show how AP increases college readiness, civic engagement, and digital literacy in the 10,000 small/rural U.S. school districts.

### **Explore Works By Contemporary Black Writers**

Participants will be introduced to works by four contemporary black novelists and three poets, as well as strategies for use of this work in AP English classes.

### **From "I Can't" to "I Did": Literacy Tools to Transform Struggling Students**

Learn literacy strategies to transform unprepared students in any reading-based AP course.

### **From Pre-AP to AP English: Four Strategies to Increase Rigor and Engagement**

Learn how to design and implement rigorous and student-centered strategies—with special emphasis on differentiated instruction and vertical alignment.

### **Get Ready for the 2019-20 School Year: New AP Annual Processes**

Join us to learn about the AP Program's new resources and how they'll be beneficial to you and your school.

### **How Many AP Courses Do Students Take? A Look at Course and Exam Choice Patterns**

We'll explore what we know about students' AP course and exam choice patterns in high school, including who takes AP, how many AP courses they take, and why they take it.

### **Instructional Approaches for AP Biology**

Learn new strategies for incorporating the teaching of content and skills. Bring your favorite lesson plan to review, possibly revise, and share.

---

---

### **Keeping the Vibe Alive: AP Innovations and High Impact Practice**

Learn how AP teachers integrate high impact cross-curricular learning.

### **Les Animaux et Nous: A Thematic Unit for AP French Language and Culture**

Participants will explore the concept of les animaux et nous through the lens of the AP French Language and Culture course themes.

### **Let's Articulate: Conversation Between AP Teachers and College Faculty**

This session suggests ways to begin and sustain essential conversations between colleagues at the high school and college levels.

### **Living History with AP Euro, APUSH, and AP World**

Experiential lessons that create opportunities to live out an event in history through documents, biographical information, and historical evidence.

### **Native American Issues and the Development of Historical Thinking Skills**

Develop historical thinking skills by linking Native American issues to broader historical processes. Receive primary and secondary source activities.

### **One Country at a Time: Culture as a Vehicle for AP Spanish**

Teaching AP Spanish Language and Culture through a sociohistorical and geographic lens with a focus on interculturality makes AP themes work for you.

### **Overview of the AP Registration and Ordering System**

Receive an overview of the new AP Exam management tool for coordinators—the new AP Registration and Ordering System.

### **People and Pollution: Hands-on Lessons to Enhance Your AP Environmental Sciences Instruction**

Discover interactive lessons to connect population trends to the pollution challenges (air, water and solid waste) to our ecosystems and human health.

### **Playing Nice with the Mean Value Theorem**

Attendees will explore the concept of the average rate of change, with a focus on conceptual understanding using dynamic graphical explorations.

### **Political Action Project in AP Government and Politics**

---

---

Examine three designs for a political action project and brainstorm with colleagues in a structured dialogue.

### **Powerful Poetry Activities in AP Spanish Literature and Culture**

Demystify the challenges of poetry and elevate performance by developing essential analytical skills with engaging activities.

### **Preparing Students for the AP Statistics Investigative Task**

This session will provide AP Statistics teachers with strategies for helping their students succeed on the investigative task.

### **Promote Active Learning in a Flipped Online Model: Design and Strategies**

This session aims at providing instructional strategies and design principles for incorporating active learning in a flipped online AP course.

### **Results from the 2019 AP Art and Design Portfolio Exam**

An AP chief reader discusses student performance, suggests strategies for student success, and explains the transition to updated portfolio requirements.

### **Results from the 2019 AP Chemistry Exam**

The results of the AP Chemistry Exam will be presented, along with discussion of scoring practices and strategies for answering questions effectively.

### **Results from the 2019 AP Computer Science A Exam**

Participants will examine the results of the 2019 AP Computer Science A Exam with the chief reader.

### **Results from the 2019 AP Macroeconomics Exam**

Participants will review the results from the 2019 AP Macroeconomics exam and learn about student performance on the free-response questions.

### **Results from the 2019 English Language and Composition Exam**

An overview of the results of the 2019 exam, with teacher recommendations.

### **Self-Edits and Peer Reviews: Structured Reflection to Improve Writing**

Participants will explore strategies to support student reflections on their writing as part of the performance assessment tasks.

---

---

### **Strategies for Leveraging School-Community Partnerships within AP Classes**

Leveraging school-community partnerships is explored, via the story of a six-year collaboration between a rural school and a local psychiatric hospital.

### **Three-Column Poetry Analysis and the Death of the Formulaic Thesis**

Introduction to a critical approach to analyzing poetry and fostering creative, higher-level thinking and writing skills.

### **Using Portfolio in the AP Language Classroom**

Come and learn how easy it is to empower students to assess their progress toward reaching the goals of an AP course.

### **Using the New York Times Magazine to Teach Analysis and Argument**

Learn to use the features, photography, essays, and columns in the New York Times Magazine as vibrant examples of argumentation and rhetoric in the classroom.

### **Utilizing an Effective Professional Learning Team to Grow Your AP Program**

In this session a team of AP teachers spanning across content areas will provide a look at the process used to create and manage an AP PLT effectively.

### **What AP Lang (and Lit) Can Learn from Theater**

Actors and playwrights excel at many skills students need to succeed on the AP Lang exam. Discover what we can learn from them.

### **When PBL Meets AP: Prioritizing Project-Based Learning in the AP Curriculum**

As schools introduce project-based learning, teachers struggle to cover suggested content for their AP courses. Join us to share effective strategies.

---

- 4–5:15 p.m.
- 

### **Concurrent Sessions**

#### **A Formula for Decreasing Student Anxiety**

This session will explore and attend to the anxiety students have in science and mathematics, especially when the subjects strongly correlate.

---

---

### **A Travel Guide for Non-Natives Taking Spanish Literature**

How to help non-native speakers build a positive attitude and gain the skills needed to not only survive AP Spanish classes, but also to thrive and succeed.

### **AP Boot Camp: Advanced Teacher Content Training**

This session provides a blueprint for executing a district-lead training sequence for teachers to build their own knowledge and support advanced student learning.

### **AP Course Audit Boot Camp for AP Coordinators and New Teachers**

Everything AP Coordinators and new AP teachers need to know about AP Course Audit participation.

### **AP Physics C Symposium**

This session will support both of the AP Physics C courses and include information about the courses, exams, and new resources.

### **Banishing Seclusion to Bolster Student Success**

Participants will examine the process utilized by the Delaware Valley High School to grow a collaborative culture among its AP teachers.

### **Belonging in Computer Science: Supporting Female and Minority Students**

In this session teachers will learn how to recruit and retain female and minority students, who are traditionally underrepresented in computer science.

### **CANCELED - Let's Get Physical: An Interdisciplinary Approach to Exploring Geopolitics**

Discover how to use the laws of the universe as an analytical lens to deepen inquiry and engage non-traditional history students.

### **Embracing a Thematic Approach to the AP World History Content Realignment**

Participants in this session will learn a model of syllabus reorganization that allows for teacher flexibility and choice, while abiding by APWH geographic coverage and periodization models.

### **From Numbers to Narrative: Using Data to Make Your AP English Class Soar**

Data can overwhelm teachers. Whether you're a novice or veteran, our session gives AP English teachers easy tools to quickly use data in class.

---

---

### **Give 'Em a Break: Using Brain Breaks to Increase Learning and Stamina**

What are “brain breaks” and why are they important? This will be explained, with many examples, in this session.

### **Increasing Opportunity for All Students with AP Statistics and AP Calculus**

Increasing opportunities for every student has implications for AP Statistics and AP Calculus. The National Council of Teachers of Mathematics's new publication provides direction.

### **Invest in Your Growth and Drive Student Performance with AP Mentoring**

Harness the power of mentors to support your AP program.

### **Investigating Productivity, Biomass, and Food Webs via Online Resources**

Explore online resources to teach about ecosystem productivity, biomass, and food webs, emphasizing mathematical models that represent energy flow.

### **Outbreak! Bring the Real World into Your AP Biology classroom**

Follow in the steps of CDC investigators by exploring the cause of a foodborne illness outbreak, using evidence to support a claim about the source.

### **Project-Based Service Learning**

AP educators from an international school will present a tech-assisted, project-based model of service learning with a global focus.

### **Question Formulating Technique in AP U.S. History**

Using the Question Formulating Technique, participants will create a student-centered instructional approach that will engage your students.

### **Redefining Rigor: Robust Student Learning in the Literature Classroom**

It's not more work or longer texts—It's smarter work and better text selection. This session examines real rigor in an AP English course.

### **Results from the 2019 AP Capstone Research Exam**

This session looks at the 2019 AP Research assessment, scoring process, scores, common errors and misconceptions, and strategies for improving student performance.

### **Rethinking the Canon: Chicano Poetry in the AP Classroom**

---

---

AP English Literature teachers will read, discuss, and learn how to pair contemporary Chicano literature to works from the canon.

### **Setting Students Up for AP Success: Why K-8 Social Studies Matters**

Prepare students for success in AP social studies by introducing connecting themes and enduring understandings in K–8 social studies classes.

### **Slicing the Pie: Online Budget Simulation**

Students play the role of a freshman lawmaker in the U.S. House assigned to a budget subcommittee. Vocabulary words come to life as students engage.

### **Stimulating Simulations Throughout AP Statistics**

Rather than teach simulations in a single unit, this session will explore the idea of using interesting simulations throughout the entire course.

### **Supporting AP Teachers: A Guide for School Leaders**

Learn how school leaders are using the new the AP resources to support AP teachers and improve student learning.

### **Supporting Students with the Updated AP Art and Design Program**

Learn strategies to support teaching and learning success with updated AP Art and Design portfolio requirements and rubrics.

### **The Beatles' Music in the AP Music Theory Classroom**

This session will explore the many connections between the AP Music Theory curriculum and the melodic language of the Fab Four.

### **The Great Calculus Break-In**

This session will show you how to design an escape room game to provide your students with exciting competition and formative assessment.

### **The Magic of Chemistry**

In this session we will explore how magic can be used to teach chemical concepts, as well as create some “magical” transformations in the lab.

### **The Open Enrollment Path to Advanced Placement Courses**

---

---

Systemic processes and experiences of an open enrollment Advanced Placement (AP) course will be reviewed.

### **TI-84 Plus CE Hacks: Tips and Tricks for AP Calculus**

Effectively use the TI-84 Plus CE in AP Calculus. Topics discussed will include graphical databases, storing values, and creating groups of programs.

### **Trends, Updates, and Resources in AP World Language and Culture Courses**

Updates on trends and new resources in AP world language and culture courses and exams.

### **Using Simulations to Study Foreign Policy Decisions**

Learn how to use foreign policy simulations in your classroom to help students gain knowledge, build skills, and broaden perspectives.

### **Using Student & Staff Voices to Shift a School Culture**

School leaders will highlight how they utilized passion, innovative thinking, and tools from Equal Opportunity Schools to double their AP enrollment in one year.

### **Valuable Lessons from the AP Economics Teacher Communities**

The moderator of the AP economics Teacher Communities will share the most meaningful takeaways from discussions in these communities in recent years.

### **Where You Gonna Go When the Volcano Blows?**

A lesson illustrating the use of product struggle to predict lava flow, applicable from middle school to AP Calculus.

### **Writing Across the Disciplines: Building an Argument with Sources**

The session will focus on the essential skill of using sources in service of argument in all AP history courses, as well as in AP English Language.

- 

Reception

# SATURDAY, JULY 20, 2019

[Expand All](#)[For Day 4](#)[Collapse All](#)[For Day 4](#)

- 7–8:15 a.m.

## Breakfast

- 7–11 a.m.

## Exhibit Hall Open

- 7 a.m.–3 p.m.

## Registration

- 8:30–9:45 a.m.

## Concurrent Sessions

### **A Glimpse Into the AP Latin Classroom**

Learn strategies for pacing, organizing, and engaging students in the AP Latin classroom. Teaching strategies and projects will also be discussed.

### **All Means All: Expanding AP to a Schoolwide Model**

Representatives of Missouri's Oak Park High School will present their AP success story and help audience members develop a system where every student can access AP.

### **Analyzing the Author's Craft: Purposeful Annotation in AP Literature**

---

Participants will learn to push students beyond reader-response annotations and move them towards more analytical annotating, thinking, and writing.

### **AP Art and Design: Creating Your Curriculum for the Year**

In this workshop, teachers will have time to organize their AP Art and Design curriculum based on their school calendar.

### **Beyond the Red Pen: Automated Writing Evaluation Tools for AP Classrooms**

This hands-on workshop demonstrates how an automated writing evaluation tool enables more writing practice and student reflection in AP courses.

### **Building Educator Capacity in AP Campus Programs**

Learn about increasing teacher capacity through AP review sessions, AP data talks, and an annual AP conference.

### **CANCELED - Improving Academic Expectations Among Students from Underrepresented Groups**

This session will provide an overview on how school officials can improve academic expectations among students from underrepresented groups.

### **CANCELED - Scitsitats PA: That's AP Statistics Flipped!**

Illinois' Lake Park High School flipped its course and quadrupled its enrollment. Last year, 78.9% of our 109 test takers earned a 3+. We now have 10 sections with 222 students.

### **CANCELED - Using Popular Music To Teach AP Music Theory**

Using popular styles allows a simpler way to introduce music theory concepts that students can then apply to Baroque and Classical examples.

### **Closing the Achievement Gap with Diverse Texts and Socratic Seminars**

This session shows how certain topics, texts, and Socratic seminars can help students prepare for the AP English Language and Composition Exam.

### **Connecting Science Practices to AP Biology Content**

Participants will receive classroom-ready instructional strategies to target AP Biology challenge areas.

---

---

### **Creative and Critical: Engaging Students Through Arts Integration**

In this session participants will experience lessons utilizing arts integration strategies.

### **Educating Advanced Students to Aid Their Futures**

Many straight-A or advanced students routinely avoid enrolling AP courses. This problem can be solved by educating students about the positives that come from taking AP classes.

### **Effective Feedback for Student Essay Writing in AP History**

Come see what an essay conference looks like and glean how student progress is tracked, in order to address individual weaknesses in DBQ and LEQ writing.

### **Exploring the Scoring Guidelines for AP World Language and Culture Exams**

In this session we'll look in-depth at the scoring guidelines used for AP world language and culture exams at the AP Reading.

### **Improving Students' Understanding of Energy and Systems in AP Physics 1**

Common wording can generate incorrect energy and system models. AP Physics can help students develop a coherent conceptual model to improve problem solving.

### **Instructional Approaches for AP Art History**

Learn new strategies for incorporating the teaching of content and skills. Bring your favorite lesson plan to review, possibly revise, and share.

### **Instructional Approaches for AP Computer Science A**

The AP Computer Science A instructional approaches help teachers pair content and skills with effective instructional strategies.

### **Intro to the AP English Literature and Composition Curriculum Framework**

This session—led by AP English curriculum and instruction staff—examines the understandings, skills, and architecture of the AP English Literature and Composition Curriculum Framework.

### **Making the Opportunity Myth a Reality: Integrating ELA Instruction**

Join us to deepen your understanding of how to integrate instruction in ELA to support all students for AP and college readiness.

---

---

### **Overcoming Misconceptions-Weak/Strong Acid Base Chemistry**

Join this workshop reviewing the inquiry lab titled "Why is Sodium Acetate Added to Your Salt and Vinegar Potato Chips?" to explore students' common misconceptions of acids and bases.

### **Persuasive Essay Strategies for AP World Language and Culture Exams**

Participants will review insights gained from past persuasive essay tasks in order to help their AP world language and culture students succeed.

### **Pre-AP and AP Math Strategies for Building Conceptual Understanding**

Participants will analyze a typical calculus free-response question to see evidence that every math course plays a role in the development of strong AP math students.

### **Pre-AP Pilot Year: Building the Plane as It Took Flight**

Learn about the rationale for joining Pre-AP, plus preparation, challenges and successes, changes for the following years, and the program's connection to AP.

### **Project-Based Learning in AP U.S. History**

Participants will learn three project-based learning ideas that have been designed and used specifically for AP U.S. History.

### **Raise Those Calculus AP Scores: Proven Strategies and Aligning Key Ideas**

This session will allow participants to explore strategies that a high school used to successfully raise AP Calculus AB and BC scores.

### **Reading, Understanding, and Teaching Secondary Sources in AP History**

This session will examine different strategies for locating, exploring, and employing secondary sources in the history classroom.

### **Reasons to Love the Updated AP Comparative Government and Politics Course**

How the updated AP Comparative Government and Politics course is more skill-based, more focused, more applicable, and more manageable for both teachers and students.

### **Results from the 2019 AP Calculus Exams**

The chief reader and chief reader designate share lessons learned from student performance on the 2019 AP Calculus Exams (AB and BC).

---

---

### **Results from the 2019 AP German Language and Culture Exam**

This session features results and insights from the 2019 AP German Language and Culture Exam. Participants will develop strategies for preparing students for future success.

### **Results from the 2019 AP Human Geography Exam**

An analysis of the 2019 reading and discussion on how to bring geographic skills into classroom instruction.

### **Results from the 2019 AP Psychology Exam**

Participants will examine the results of the 2019 AP Psychology Exam.

### **Results from the 2019 AP Seminar Exam and Performance Tasks**

This session will present the results of the 2019 AP Seminar Exam and performance tasks.

### **Results from the 2019 AP Spanish Literature and Culture Exam**

This session explores the 2019 exam results in order to inform instructors and strategize meaningful improvements to student performance.

### **Results from the 2019 AP World History Exam**

The results of the 2019 AP World History Exam will be presented by the chief reader to identify areas that posed particular challenges for students.

### **Results from the 2019 English Language and Composition Exam**

An overview of the results of the 2019 exam, with teacher recommendations.

### **Services for Students with Disabilities and Testing Accommodations for AP**

Understanding Services for Students with Disabilities (SSD) accommodations and their role within the AP Exam administration.

### **Setting Goals and Recruiting to Close AP Access Gaps**

Learn how to leverage the right goals and a culture of belonging to close your AP access gaps with underrepresented students.

### **Successes and Challenges of an AP Program in a Rural School**

---

---

AP programs in rural schools can be successful, despite special challenges. In this session tips for success and strategies to overcome challenges will be presented.

### **Taking the “Syn” Out of Syntax: Helping Students Really Get It**

AP English Literature readers will share tips to help students understand, analyze, and write about syntax. Participants will generate ideas for class activities.

### **Teaching Sentence Fluency to Improve Students' Writing and Reading**

Learn specific strategies that show students how to increase sentence fluency and complexity, develop their style, and analyze an author's craft.

### **Teaching Spillovers in Production and Consumption in AP Economics Courses**

This session will clarify negative and positive externalities in production and consumption and provide sample teaching strategies for this content.

### **The Interactive Constitution: 21st Century, Nonpartisan, Civics Education**

Explore the Interactive Constitution and other classroom-ready resources and instructional strategies to promote constitutional literacy.

### **The Writing Revolution: Building Historical Thinkers One Sentence at a Time**

Participate in a variety of brief, replicable writing activities that will help students to improve their writing and make complex historical claims.

### **Upcoming Developments and Changes in the AP Program**

Join Trevor Packer for a close look at the developments and changes underway to support AP classrooms.

---

- 10–11:15 a.m.
- 

### **Concurrent Sessions**

#### **A Culture of Access: How Students of Color Can Feel They Belong to the AP Community**

Partner schools will share the tactics used to increase students' sense of belonging; this in turn eliminated barriers to AP courses for students of color.

---

---

### **Access to AP Is More Than Just Allowing Students to Enroll in a Course**

Representatives of Pinellas County Schools share systems and processes that ensure equitable access for Advanced Placement enrollment and content.

### **Accessing All Student Voices: How to De-Track the AP Language Classroom**

Recommendations for inviting “non-traditional” students into the literacies of evaluating information, civil discourse, and argumentation.

### **An AP Culture: Not Another New Initiative**

This workshop will draw upon the presenters’ experience doubling AP enrollment in two different school districts.

### **AP Art and Design Collaborations = Art and Design Success!**

#### **#togetherweARTbetter**

Participants will hear from three AP Studio Art teachers, who will discuss how they collaborated on their lessons throughout a school year.

### **AP French Resources about Antilles-Guyane**

Discover relevant sites and authentic resources from Antilles-Guyane to integrate into AP French Language and Culture instruction.

### **AP with WE Service: An Innovative Approach to Teaching AP**

Service learning can deepen student understanding of AP content in all courses.

### **Beauty and Aesthetics as a Pathway to AP Italian**

Using literature, music, and art in Italian classrooms from level 1 to AP to explore contemporary Italy and its challenges.

### **Bring the AP Capstone Diploma Program to Your School**

Learn if AP Capstone is a strong fit for your school. Teachers, administrators, and College Board staff will share their experiences and an overview.

### **Building a Successful Pre-AP Program**

Join us to learn about the College Board’s newly launched Pre-AP Program and hear from partner schools on their successful implementations.

---

---

### **CANCELED - Expanding Access to AP Computer Science Courses in New York City**

The NYC Department of Education will discuss expanding access to underrepresented students in AP Computer Science courses via teacher training and recruitment.

### **CANCELED - Interdisciplinary Opportunities in the AP Classroom**

This session will explore interdisciplinary opportunities between AP U.S. History and AP Language and Composition.

### **Citizen Science in AP Environmental Science: Why Do Cities Need Trees?**

Participants use citizen science tools to determine the value of green infrastructure and help prepare students for new free-response question formats.

### **Designing Formative Assessment Pathways and Collaborative Data Cycles**

Explore how benchmark assessments, paired with an effective feedback and data loop, can motivate students and enhance instruction in the AP classroom.

### **Digital Practice and Assessment Tools for AP Music Theory**

Explore new digital practice tools to support your AP Music Theory course and engage students with individualized instruction and real-time assessment.

### **Does It Really Matter Where the Line Is Drawn?**

In this session, the different types of boundaries will be defined. Also discussed: how boundaries can lead to international conflicts.

### **Engaging Gen Z: Stimulating Strategies for National and European Identity**

Bring the AP European History theme of “National and European identity” alive in the classroom using digital strategies that meet the challenges of Generation Z learners.

### **Enhancing the AP Art History Classroom with Google Resources**

In this session participants will learn how to create an online hub for student learning by exploring Google resources.

### **Exploring Convivencia: Jews, Muslims, and Christians in Medieval Spain**

The session contextualizes medieval works on the AP Spanish Literature and Culture reading list by exploring positive interactions among religious/cultural groups in medieval Spain.

---

---

### **Geopolitics And Politics—The Rise of Illiberalism in Europe and Asia**

This session will look at how AP Comparative Government and Politics countries such as China, Russia, and Iran use their influence to impact neighboring regions.

### **Get Ready for the 2019-20 School Year: New AP Annual Processes**

Join us to learn about the AP Program's new resources and how they'll be beneficial to you and your school.

### **Igniting a Spark: Digital Tools That Fuel Productive Lingering**

This session explores how automated tools deliver agency for students and embolden teachers to use feedback to guide student learning and influence instructional practice.

### **In League to Promote Informed Citizenship: AP Language and the League of Women Voters**

In this session participants will learn how to guide students through the process of selecting a class issue, studying the issue, and presenting their position before an authentic audience.

### **Intro to the AP English Language and Composition Curriculum Framework**

This session—led by AP English curriculum and instruction staff—examines the understandings, skills, and architecture of the curriculum framework .

### **Make Learning Memorable: Implementing Memory Strategies in an AP Course**

This session highlights instructional and assessment strategies founded on memory research, particularly testing, spacing, and imagery effects.

### **Maximizing the Potential of the Interpretive Mode for Cultural Connections**

Students need inspiration to connect with resources outside the classroom. This session will provide teachers with a ready-made project that guides students to grow in language skills.

### **Multiple Representations in AP Chemistry**

This session will focus on strategies for integrating multiple representations into all different types of AP Chemistry learning activities.

### **New Formative Assessment Tools for AP Calculus**

---

---

This session is an introduction to new formative assessment tools that the College Board will be launching in August for AP Calculus.

### **New Resources for AP Physics 1 Students**

An introduction to the new AP Physics 1 student workbook.

### **Overview of the AP Registration and Ordering System**

Receive an overview of the new AP Exam management tool for coordinators—the new AP Registration and Ordering System.

### **Project-Based Learning in Computer Science: Beyond the Birdhouse**

This session provides a framework for introducing new coding concepts to students and models a fun, interactive way of learning to code.

### **Results from the 2019 AP English Literature and Composition Exam**

In this session, the chief reader for AP English Literature and Composition will review the results for the 2019 exam.

### **Results from the 2019 AP Microeconomics Exam**

Participants will review the results from the 2019 AP Microeconomics Exam and learn about student performance on the free-response questions.

### **Results from the 2019 AP U.S. History Exam**

Participants will explore the test construction, scoring decisions, and student exam performance on free-response questions from the 2019 AP U.S. History Exam with the chief reader.

### **Results from the 2019 U.S. Government and Politics Exam**

Participants will examine the results of the 2019 AP U.S. Government and Politics Exam.

### **Scaffold and Release: Preparing ELLs for the AP Literature Exam**

This session will focus on a method for building a proper foundation for ELLs in AP Literature to teach them how to organize and expand writing, and add voice to create more authentic essays.

### **Scientific Argumentation in AP Physics 1**

---

---

The findings of a doctoral study exploring the development of scientific argumentation skill in AP Physics 1 students will be presented.

### **Stayin' Alive! Keeping the "AP Vibe" Going After the Summer Boot Camp**

Administration and faculty from Pinecrest Prep Academy will share the "how to" of their schoolwide AP plan to engage and support students.

### **Stranding Laboratory Experiences in AP Biology**

Explore ways in which stranding laboratory experiences together can make meaningful connections and allow the student to gain technical skills.

### **Strategies Stolen from the Virtual Classroom**

Participants will learn to reach students by exploring tools, such as online mock exams and virtual communication, that allow students the flexibility to participate in AP activities.

### **Swim, Don't Sink: Overcoming Obstacles in Historical Text Analysis**

This session provides Pre-AP social studies teachers with a strategy that targets students who may have vocabulary deficits.

### **Teaching Ablatives Absolute in AP Latin**

Learn ways to improve students' ability to identify and accurately translate ablatives absolute in Latin texts.

### **Tears and Laughter: Tragedy and Comedy in AP English Literature**

Learning about comic and tragic perspectives in literature also allows students to consider how they view events in their own lives.

### **Theme-Based Teaching and Learning in AP Chinese**

This presentation deals with the theme-based language teaching approach that situates language learning in thematic units for AP Chinese.

### **Using Historiography and Historical Research Skills Within the AP Framework**

Learn how to implement historiography and historical research skills while prepping students for the AP Exam.

### **Using Kinesthetic Learning Activities to Teach AP Computer Science A Topics**

---

---

See how several AP Computer Science A topics can be introduced through kinesthetic learning activities.

### **Where Analog and Digital Meet—Using Shakespeare e-books in the Classroom**

In this highly participatory session, choral readings, close readings, and careful analysis using digital tools will take place in order to illuminate Shakespeare’s work.

### **Writing to Learn and Student Self-Assessment in AP and Pre-AP History Classes**

Participants will learn how to scaffold historical writing skills to support learners with varying degrees of readiness for AP history classes.

### **¡Tengo hambre! Navigating the Topic of Food in Language and Culture Courses**

Explore the topic of food, from novice descriptions of meal preferences to AP-level questions related to the AP course themes of global challenges and contemporary life.

---

- 11:30 a.m.–12:30 p.m.
- 

### **Lunch**

---

- 12:30–1:30 p.m.
- 

### **Plenary**

---

- 1:45–3 p.m.
- 

### **Concurrent Sessions**

#### **A New Look: AP Score Reporting**

Learn about the newly re-designed AP Score Reports for Educators portal and available reports in 2019.

---

### **Achieving Balance in AP Spanish Language and Culture**

This session addresses achieving balance in the four language skills of speaking, listening, reading and writing, so as to give full attention to all.

### **All Math Is the Same: Unlocking the Power of the Integral**

A look at how the differential unites the major topics in calculus and shows all integrals are the same regardless of the context they are used in.

### **Analysis Writing Instruction That Moves You (and Your Students)**

This session will provide participants with creative and interactive strategies for teaching analysis writing.

### **AP with WE Service: Implementation Strategies for all AP Courses**

Interested in learning how AP with WE Service could fit in your course? Join us for this implementation workshop.

### **Building Confidence by Bringing Calculus into the Pre-AP Classroom**

Help your students build confidence in mathematics by practicing the Mathematical Practices for AP Calculus (MPACs) that are emphasized in your Pre-AP math classes.

### **CANCELED Differentiation and AP Environmental Science for Homeschoolers and Non-traditional Students**

Unlike traditional high school students, homeschoolers have variable science backgrounds, thus offering instructors opportunities for differentiation.

### **Cognitive and Brain-Based Strategies in the AP Classroom**

Explore how learning and memory work, the cognitive challenges students face, and practical strategies that can overcome these challenges.

### **Correlation and Regression Methods—Is Inference Always Appropriate?**

Connections will be made through all AP Statistics correlation and regression content, with determination of when inference is appropriate.

### **Data Analysis in Pre-AP Biology with HHMI BioInteractive**

Explore how HHMI BioInteractive lessons support authentic data analysis experiences for student in Pre-AP Biology. Resources and strategies included.

---

### **Dialectical Journals: Conquering Diabolical Aspects of Analysis**

Analysis is a cumbersome charge even for the most skilled—the devil is in the details. Dialectical journals aid in conquering this difficult task.

### **Empowering Students and Building Confidence**

Attendees will see how students at one high school engage in mentoring for those who need support accessing new skills through systematic tutoring, peer-led breakout sessions, and more.

### **Exploring Complexity in AP World History, or the Unicorn Point!**

Explore new strategies for teaching complex arguments in AP World History.

### **Exploring Sustained Investigation Through a Small Series of Artworks**

Learn how to help your AP Art and Design students to successfully narrow their focus and begin a small series of works for sustained investigation.

### **Framework to Solve Extreme Value Problems in AP Calculus**

Explore a framework that can be used to help students understand, organize, solve and present their work on extreme value AP Calculus questions.

### **How Noir Can Show Us the Light: Solving the Mystery of a Challenging Poem**

How AP English Literature students can use tried and true techniques from detective fiction to find the clues necessary to “catch” an elusive poem.

### **How Our School Grew the AP Program in Two Short Years**

The leadership of a large suburban high school shares strategies to increase participation in AP using relevant data points and stakeholder education.

### **Infusing Psychological Wisdom into the New AP 2019 Resources and Processes**

A discussion of student- and teacher-based growth mindset and persistence support implemented in pilot work on the AP 2019 resources and processes.

### **Instructional Approaches for AP Physics**

Learn new strategies for incorporating the teaching of content and skills in all four AP Physics courses.

### **Integrating Content and Skills in AP U.S. Government and Politics**

---

Hear master teachers share their strategies for integrating the teaching of content and skills. Walk away with some classroom-ready strategies.

### **Making AP U.S. History More Than Just a Lecture Course**

In this session AP U.S History teachers will be shown how to transform the course so that it still has a lecture component but also contains engaging activities and lessons.

### **New Labs for AP Computer Science A**

This interactive session will introduce participants to newly released labs for AP Computer Science A, including their alignment to the curriculum.

### **New Resources for AP Macroeconomics and AP Microeconomics**

Participants will learn ways to incorporate new College Board resources and supports for AP Macroeconomics and AP Microeconomics into their classes.

### **Peer Review in AP Science: Building Skills of Scientific Argumentation**

Learn how peer review in your AP science classroom builds student scientific argumentation skills and increases student engagement and success.

### **Results from the 2019 AP Computer Science Principles Exam**

Participants will examine the results of the 2019 AP Computer Science Principles assessment with the AP Computer Science Principles chief reader.

### **Socratic Symposium: Synthesizing Perspectives Through Discussion**

Participants will discuss strategies for helping students to move past “being right” to engaging in dialogue and attaining a deeper understanding of an issue.

### **Supporting Student Success Through Narrative Writing**

Support AP seniors through teaching the academic, narrative essay for college admissions and transfer learned skills to AP English exam success.

### **Teaching Neurotransmission in AP Psychology with a Digital Escape Room**

Participants will learn to use a digital escape room to teach neurotransmission in a rigorous and collaborative way.

### **The Power of Poetry Through Online Interaction**

---

The session will focus on guiding teachers to carry out online interactions between Mexican and American students who write and share poetry.

### **User-Friendly DBQ Practices, Without the Essays**

In this session attendees will learn a document-based game that allows students to practice skills necessary to master the DBQ without teachers having to grade hundreds of essays.

### **Using and Designing Graphic Organizers and Evaluation Sheets for Section II of the AP Exam**

In this session, participants will learn how to use and design various graphic organizers and evaluation sheets, which can then be implemented in their school or classroom.

### **When Less is More: Using Excerpts to Raise Scores**

Using varied passages from novels and plays increases exposure, fosters engagement, and improves analysis of literature, in preparation for the AP English Literature and Composition Exam.

---

## **Part III: Sunday Workshops**

**SUNDAY, JULY 21, 2019**

## Sunday Workshops

### **AP Biology for New and Experienced Teachers**

AP Biology for New and Experienced Teachers One Day Workshop

### **AP Calculus AB for New and Experienced Teachers**

AP Calculus AB for New and Experienced Teachers One Day Workshop

### **AP Calculus BC for Experienced Teachers**

AP Calculus BC for Experienced Teachers One Day Workshop

---

---

### **AP Calculus BC for New Teachers**

AP Calculus BC for New Teachers One Day Workshop

### **AP Chemistry for New and Experienced Teachers**

AP Chemistry for New and Experienced Teachers One Day Workshop

### **AP Chinese Language and Culture for New and Experienced Teachers**

AP Chinese Language and Culture for New and Experienced Teachers One Day Workshop

### **AP Computer Science Principles for New and Experienced Teachers**

AP Computer Science Principles for New and Experienced Teachers One Day Workshop

### **AP Coordinators Workshop: Parts 1 and 2 - International/Puerto Rico**

AP Coordinators Workshop: Parts 1 and 2 - International/Puerto Rico One Day Workshop

### **AP Coordinators Workshop: Parts 1 and 2 - New England/Middle States/Midwest**

AP Coordinators Workshop: Parts 1 and 2 - New England/Middle States/Midwest One Day Workshop

### **AP Coordinators Workshop: Parts 1 and 2 - Southern Region (1)**

AP Coordinators Workshop: Parts 1 and 2 - Southern Region (1) One Day Workshop

### **AP Coordinators Workshop: Parts 1 and 2 - Southern Region (2)**

AP Coordinators Workshop: Parts 1 and 2 - Southern Region (2) One Day Workshop

### **AP Coordinators Workshop: Parts 1 and 2 - Southern Region (3)**

AP Coordinators Workshop: Parts 1 and 2 - Southern Region (3) One Day Workshop

### **AP Coordinators Workshop: Parts 1 and 2 - Southwest Region**

AP Coordinators Workshop: Parts 1 and 2 - Southwest Region One Day Workshop

### **AP Coordinators Workshop: Parts 1 and 2 - Western Region**

AP Coordinators Workshop: Parts 1 and 2 - Western Region One Day Workshop

### **AP English Language and Composition for Experienced Teachers**

---

---

AP English Language and Composition for Experienced Teachers One Day Workshop

**AP English Literature and Composition for New Teachers**

AP English Literature and Composition for New Teachers One Day Workshop

**AP European History for Experienced Teachers**

AP European History for Experienced Teachers One Day Workshop

**AP European History for New Teachers**

AP European History for New Teachers One Day Workshop

**AP German Language and Culture for New and Experienced Teachers**

AP German Language and Culture for New and Experienced Teachers One Day Workshop

**AP Microeconomics for New and Experienced Teachers**

AP Microeconomics for New and Experienced Teachers One Day Workshop

**AP Music Theory for New and Experienced Teachers**

AP Music Theory for New and Experienced Teachers One Day Workshop

**AP Physics C: Mechanics and Physics C: Electricity & Magnetism for New and Experienced Teachers**

AP Physics C: Mechanics and Physics C: Electricity & Magnetism for New and Experienced Teachers One Day Workshop

**AP Spanish Literature and Culture for New and Experienced Teachers**

AP Spanish Literature and Culture for New and Experienced Teachers One Day Workshop

**AP Statistics for Experienced Teachers**

AP Statistics for Experienced Teachers One Day Workshop

## Concurrent Sessions

### **A Call for Diversity in AP: Become an AP Reader or Endorsed Consultant**

Learn how you can contribute to the broader AP community by becoming an AP reader or consultant.

### **A Comprehensive Overview of the 2018 Released AP Latin Exam**

Take a deeper look into the released 2018 AP Latin Exam to learn how the exam can help prepare students for success in both the course and the exam.

### **Advanced Placement Economics—17 Interactive Graphing Modules**

In this session, participants will receive a collection of interactive activities that encourage students to draw graphs in competitive games.

### **Analytical Reading and Evidence-Based Writing in Pre-AP Sciences**

Explore how to build conceptual understanding and AP readiness by using AP free-response questions to engage Pre-AP science students in analytical reading and writing.

---

---

### **AP + AVID = Access for All**

A successful AP program begins in elementary school. Building a districtwide AVID system provides essential skills for success for all students.

### **AP Calculus AB: Free Response as Spaced Practice**

Participants will learn how to use student collaboration, feedback, and discourse to increase free-response scores.

### **AP Capstone™: Growing Pains**

AP Capstone™ is an amazing program to teach, yet it's not easy to build. Come discuss the pitfalls and solutions to executing a successful program.

### **AP ChemPals: Developing Collaborative Partnerships that Drive Instruction**

We will highlight the merits of cultivating collaborative partnerships as a means to drive effective instruction for diverse student populations.

### **Civil Discourse: Argument and Analysis in AP English Language**

Learn how to teach an approach to argument and analysis focused on addressing an oppositional audience and multiple viewpoints while also evaluating bias.

### **Clearing a Path for All: A Deep Dive into the New Pre-AP Program**

Join this session to learn about the new College Board Pre-AP Program and how you can earn the official Pre-AP designation.

### **Comparing Cultures: Successful Presentational Speaking Strategies**

Explore how to best prepare students of all language levels for the presentational speaking task on AP World Language and Culture exams.

### **Creating a Culture of High Academic Achievement**

Use Advanced Placement to create a culture of high achievement benefiting all students. Increase student enrollment, diversity, and college readiness.

### **Creating Complex Moves with Sources in Argument Writing for Synthesis FRQ**

Learn to make complex moves with sources by illustrating, authorizing, extending, and countering to increase the complexity of source-based arguments.

### **Definite Integrals, Antiderivatives, and the Fundamental Theorem**

---

---

The Fundamental Theorem of Calculus unites two big ideas: limits and derivatives, giving students a global perspective of calculus that leads to success on the AP Calculus Exam.

### **Developing Teacher and Student Supports**

This session addresses the teacher supports, culture, and administrative planning.

### **Eliminating Barriers to Entry**

Disparities in participation rates may be the result of school-imposed barriers. Learn how to eliminate these barriers while maintaining rigorous instruction.

### **Entering the Discussion Circle: Student Engagement Through Socratic Seminar**

Take whole-class discussion to the next level through student-centered Socratic seminars.

### **Formative vs. Summative Assessment in AP History Courses**

Explore formative and summative assessments for AP courses in history and the new AP assessment resources available in 2019.

### **From Simple to Complex, Embracing the Sentence in Analytical Reading**

Tired of students racing toward the finish line of superficial understanding? Join us for writing strategies that encourage analytical thinking.

### **Gamification of Learning in AP English: Strategies for Multiple Choice Practice**

In this session, games-based activities will be introduced that incorporate AP-style multiple choice practice into your instructional planning.

### **Growing Your AP Research Program**

This session will give educators strategies for growing their AP Research program and developing opportunities for AP Research students.

### **Hacking for Equity: Join the Computer Science Movement**

Hear about the successes and lessons learned while implementing AP Computer Science in a large and diverse school.

### **History in the Present Tense: The Case Method Project**

---

---

Two teachers will share their work with Harvard Business School's Case Method Project to bring case method teaching to their AP U.S. History courses.

### **I Placed My Order in October! Advice on Fall AP Exam Registration**

Learn how schools in the 2018 pilot program for fall AP Exam registration enrolled students and submitted their exam order by October.

### **Increasing Options: Adding CLEP as a College Credit Opportunity**

This session looks at how to use CLEP to expand college access and opportunity.

### **Instructional Approaches for AP Psychology**

Learn new strategies for incorporating the teaching of content and skills. Bring your favorite lesson plan to review, possibly revise, and share.

### **Orange High School's AP Calculus Success Story**

In six years, Orange High School created and implemented an AP Calculus program where over 96% of students receive a 3 or higher. Strategies for increasing enrollment and success will be shared.

### **Quick: Write! Promoting Communication in AP Spanish**

Explore the use of Quick Writes and Thought Prompts to promote oral and written communication in AP Spanish.

### **Reading Strategies for AP World Languages**

Improve your students' ability to read in the target language with a variety of reading strategies.

### **Results from the 2019 AP Art History Exam**

Participants meet with the AP Art History chief reader and receive information about student performance on the 2019 AP Art History Exam.

### **Results from the 2019 AP Biology Exam**

Participants examine the results of the 2019 AP Biology Exam with the chief reader.

### **Results from the 2019 AP English Literature and Composition Exam**

In this session, the chief reader for AP English Literature and Composition will review the results for the 2019 exam.

---

---

### **Results from the 2019 AP European History Exam**

Participants will examine the results of the 2019 AP European History Exam with the chief reader.

### **Results from the 2019 AP French Language and Culture Exam**

What aspects of the 2019 free-response tasks posed challenges to test takers? And how can we best prepare students for success on the AP Exam?

### **Results from the 2019 AP Italian Language and Culture Exam**

The 2019 AP Italian Language and Culture Exam results will be thoroughly explained and instructional implications will be discussed.

### **Results from the 2019 AP Japanese Language and Culture Exam**

This session features results from the 2019 AP Japanese Language and Culture Exam. Participants will discuss and analyze student performance and implications for instruction.

### **Results from the 2019 AP Music Theory Exam**

Analysis and observations of student performance on the AP Music Theory Exam.

### **Results from the 2019 AP Statistics Exam**

The chief reader will review scoring guidelines and student performance on free-response questions from the 2019 AP Statistics Exam.

### **Results from the 2019 AP U.S. History Exam**

Participants will explore the test construction, scoring decisions, and student exam performance on free-response questions from the 2019 AP U.S. History Exam with the chief reader.

### **Results of the 2019 AP Physics Exams**

The results of the AP Physics exams will be presented, along with discussion of scoring practices and strategies for answering questions effectively.

### **See the New AP Instructional Resources: A Deep-Dive for AP Teachers on What's New for 2019-20**

Join us to learn how to use the new AP instructional resources in your classroom.

---

---

## **Strategies from the Teachers College Reading and Writing Project Applied to AP Spanish Literature**

A workshop detailing strategies from the Teachers College Reading and Writing Project that were implemented into the AP Spanish Literature and Culture course by a teacher, to improve student learning.

## **Switch Energy Alliance**

This session will be a wide-ranging exploration of energy usage, including screenings of the documentary Switch and a collection of short videos about the world of energy.

## **Teaching AP English Literature like an AP English Language Instructor**

Participants will learn how to incorporate mentor texts, a standard feature of the AP English Language classroom, into the AP English Literature curriculum.

## **The Evolving AP Human Geography Framework**

Participants will learn about the evolving AP Human Geography Curriculum Framework and reflect on the geographic thinking behind it.

## **The First Amendment Project**

Explore resources created by the National Constitution Center and College Board to enhance student understanding of First Amendment freedoms.

## **The Long and Winding Road: An Artistic Journey**

This session will offer methods to strengthen a school's art program, build creative, problem-solving artists, and improve student success in AP Art and Design.

## **The Supreme 15: Teaching the U.S. Supreme Court Cases for the AP U.S. Government and Politics Exam**

This session will examine reading, analysis, and application strategies for the 15 required U.S. Supreme Court cases on the AP U.S. Government and Politics Exam.

## **Understanding the New AP Computer Science A Curriculum Framework**

We'll examine the details of the new AP Computer Science A Curriculum Framework and its alignment to the AP Exam.

## **Vertical Alignment: Building AP Capacity for Districtwide Student Success**

---

---

This session will outline how districts can implement an AP-aligned 6th to 12th grade honors English program and a community for teacher collaboration.

---

- 11:15 a.m.–12:45 p.m.
- 

## Lunch

---

- 1–2:15 p.m.
- 

## Concurrent Sessions

### **Do-Re-Mis and 1-2-3s: Instructional Strategies for AP Music Theory**

This presentation demonstrates approaches to incorporating singing, moving, and active participation to enhance students' musical skills.

### **Verve: Design Thinking with an Edge in AP Art and Design**

Educators will obtain a fresh perspective on imaginative thinking with the goal of inspiring verve in their AP Art and Design students' artwork.

### **"AP for All" in a Comprehensive High School**

How do you increase AP performance among all students? We embraced this challenge in our comprehensive high school and will share our dramatic results.

### **Achieving Equity: Mainstreaming Strategies for the Pre-AP Classroom**

Strategies to adapt the Pre-AP curriculum for struggling learners and special education students will be discussed.

### **Advanced Placement and Students with Special Needs: a Growing Reality**

Effective instructional and differentiation strategies for the incorporation of students with special needs into the AP classroom.

### **All 4s and 5s: Our Kids Did It and Yours Can, Too**

This session will provide a system and build a culture to help students of all AP classes achieve higher scores on their exams.

---

---

### **AP Scores—How Are They Determined?**

This session will provide an overview of the processes used to determine AP Exam scores.

### **Applying Artificial Intelligence to Score FRQs in AP Psychology**

In this session we will discuss a pilot project undertaken to evaluate AI to support greater frequency and volume of free-response questions in AP classrooms.

### **Argumentation in the AP Art History Free-Response Question**

Participants will examine the new free-response requirement on the AP Art History Exam, the skill of argumentation.

### **Avoiding Performance Task Pitfalls in AP Seminar**

Set students up for success on the AP Seminar performance tasks with an awareness of challenges and a repertoire of strategies to overcome them.

### **Beyond the Stereotypes: High-Achieving Hispanic Women**

This session will focus on how race, gender, and class intersect in high school AP classes, and how teachers can better connect and challenge these young Hispanic women.

### **Building Growth Mindset and Bridging Math Learning with Technology**

Explore how technology develops growth mindset in you and your students to help bridge mathematics content and learning.

### **Building your AP Program: Findings from the Latest Research**

This session will highlight new AP research that shows how to increase participation in AP, especially among underrepresented students.

### **CANCELED - Activating Your AP Computer Science Classroom**

Learn how to jump-start computer science ideas with engaging warm-ups, introduction of topics, and more using interactive activities.

### **CANCELED - Connecting AP Calculus to Fractal Geometry**

Fractal geometry can be used in connection with infinite series to add elements of creativity, art, and design into an AP Calculus BC classroom.

---

---

### **CANCELED - Connecting Pre-AP and AP to Drive Success on the SAT Suite of Assessments**

A look at how AP and Pre-AP are connected to support success on the SAT Suite of Assessments.

### **CANCELED - Teaching Analytical Writing Using Multimedia Documents**

Make the document-based question rubric more accessible and transparent by demonstrating analysis and reasoning using music, art, and dance in multimedia documents.

### **Choice Reading in the AP English Classroom**

By examining research and best practices, participants will learn how choice reading bolsters synthesis, argument, and rhetorical analysis.

### **Connecting Data Analysis, Study Design, and Inference in AP Statistics**

Students often miss the link between data collection and data analysis. We'll look at two investigations that promote this connection via simulation.

### **Connecting Pre-AP Visual Arts to the AP Art and Design Portfolio**

Explore connections between Pre-AP and AP Art and Design courses, and learn strategies to prepare students for the new AP portfolio.

### **Course Updates and New Resources for AP Physics 2**

Participants will develop strategies to use new AP resources to teach the challenging topic of thermodynamics in their AP Physics 2 course.

### **Developing Intercultural Competence in AP World Language and Culture Courses**

This session focuses on how to develop intercultural competence in the world language classroom by linking curriculum to real-world events.

### **Do Your Students Really Understand Equilibrium?**

Join this hands-on workshop to overcome student misconceptions of equilibrium.

### **Facing the Fear of Poetry**

This interactive session explores why poetry instruction can be challenging for students and teachers and offers adaptable instructional strategies.

---

---

### **How Pre-AP, AP, and the SAT Suite Work Together for College Readiness**

Learn how skills taught in Pre-AP connect with skills assessed on the SAT Suite and skills used in AP courses to build a college readiness program.

### **Instructional Approaches for AP European History**

Learn new strategies for incorporating the teaching of content and skills. Bring your favorite lesson plan to review, possibly revise, and share.

### **Lots of “I”s in Team: Lessons Learned from Support Programs for AP Teachers**

Explore what we learned from two pilot programs to help teachers as individuals and as a community, with a focus on instructional coaching and regional meetings.

### **Mind the (Content) Gap—post-1450 Middle Eastern World History**

Enrich discussions of modern world history with tested lessons on the Middle East. Short-answer questions, long-essay questions, document-based questions, bibliography, and digital resources provided.

### **Modeling the Struggle: The “Cold Read” as an AP English Literature Instructional Strategy**

Participants will learn how they can model real-time analysis to build students’ self-efficacy and interpretive acumen.

### **More Than Fun: Creative Writing in the AP English Literature Classroom**

Participants In this session will practice creative writing methods meant to deepen student understanding of author purpose, craft, and structure.

### **Multikulti—A Sample Unit for the AP German Curriculum**

Explore how to design and implement a thematic unit for an AP world language and culture course curriculum.

### **Raising Scores in AP Biology and AP Statistics Through Collaboration**

This session will show how two teachers of AP Biology and AP Statistics worked together on chi-squared analysis labs and box plots to raise scores in both of their subjects.

### **Results from the 2019 AP Calculus Exams**

---

---

The chief reader and chief reader designate share lessons learned from student performance on the 2019 AP Calculus Exams (AB and BC).

### **Results from the 2019 AP Chinese Language and Culture Exam**

The session is a report on the 2019 AP Chinese results followed by a discussion on instructional strategies that lead to AP success.

### **Results from the 2019 AP Latin Exam**

The AP Latin chief reader will present data on student performance on the free-response section of the 2019 AP Latin Exam.

### **Results from the 2019 AP Spanish Language and Culture Exam**

Participants will review results of the 2019 AP Spanish Language and Culture Exam and will develop strategies to help students successfully answer free-response questions.

### **Results from the 2019 Comparative Government and Politics Exam**

Participants will examine the results of the 2019 AP Comparative Government and Politics exam to identify particular challenges for students.

### **Results of the 2019 AP Environmental Science Exam**

This session reviews the free-response questions on the 2019 AP Environmental Science Exam to aid educators in their teaching of subject material.

### **Rhetorical Situations—Rhetorical Choices**

This session explores strategies for teaching students to make their own strategic rhetorical choices and to analyze the rhetorical choices of other writers.

### **Student Engagement: Oligopolies and Game Theory Concepts**

Learn strategies and methods that will engage students while learning and applying concepts of oligarchies and game theory.

### **The Active Learning Environment in Freshman Math Class**

In this session, identified gaps in the instruction of freshmen math courses will be discussed, along with strategies to overcome the gap.

### **The Flexibility of Mind Mapping to Reach All Learners**

---

---

This session will focus on how to effectively create and use mind mapping to organize, build, plan, and review challenging content.

### **Thinking Like a Political Scientist: Analyzing 2018 Election Data**

This session will focus on lessons that analyze polls, attempt to understand voter turnout, examine demographic data, and assess 2018 electoral outcomes.

### **Upcoming Developments and Changes in the AP Program**

Join Trevor Packer for a close look at the developments and changes underway to support AP classrooms.

### **Use Your Voice to Advance AP in State and Federal Legislation**

This session will explore how we are using AP teacher voices to expand access to AP by leveraging legislation at the state and federal level.

### **Using Forensic Linguistics for Rhetorical Analysis**

Using forensic linguistics and the FBI as inspiration, students determine the authorship of documents using stylistic and syntactic indicators.

### **Vertical Teaming Literature from Pre-AP to AP Spanish**

Literature brings cultural perspectives to the forefront of a language class. Come explore how to incorporate literature into your AP or Pre-AP class.

- 
- 2:30–3:45 p.m.
- 

### **Concurrent Sessions**

#### **All-Inclusive AP: Every Single Sophomore Takes AP Human Geography**

This interactive session will explain how a school district implemented AP Human Geography as a mandatory sophomore course and how teachers can increase the number of students who take the course.

#### **AP World Café: A Dialogue with the College Board International Team**

Meet College Board partners for your school, network with fellow international educators, and gain understanding of plans and actions unique to AP success overseas.

---

---

### **CANCELED - Pre-AP Arts: Owning the Process**

Hear from Pre-AP Arts teachers who have expanded their practice to facilitate student experimentation, reflection, and creative investigation.

### **CCOT-Context-Cause-Comp Oh My! Making Sense of Reasoning and Writing Skills**

Demystify the requirements and skills with tested models. Participate in guided practice using 2019 history exams. Paper and digital copies provided.

### **College Readiness: Increasing Equity and Access**

Learn how Georgia districts are developing talent and increasing AP student performance, especially for historically underrepresented students.

### **Course Updates and New Resources for AP Physics 1**

The AP Physics 1 session will consist of three distinct segments: The Course, The Exam, and New Resources.

### **Creating Rubrics for Project-Based Instruction in the AP Classroom**

Participants will discuss the development and use of rubrics for project-based instruction in the AP English Literature and Composition and AP English Language and Composition classrooms.

### **Cultivating Conversations that Count**

Purposeful conversation promotes growth in student writing and improved performance on the AP Exam—explore creative ways to make student discussions count.

### **Designing Assessments in AP U.S. Government and Politics**

Learn how to design multiple-choice and free-response questions based on the new curriculum framework.

### **Developing Historical Thinking Skills in Pre-AP**

Explore techniques that embed skill practice into the everyday learning experience of history students.

### **Digging Beneath the Surface of the Areas of Focus in Pre-AP Algebra 1**

Participants will review the new Pre-AP Algebra 1 Areas of Focus, create their own classroom experiences, and use the Shared Principles to reflect.

---

---

### **Digitize Music in AP CS Principles - Encode sound on the TI-Innovator Hub**

Looking to offer AP Computer Science Principles students a different creative outlet? Learn to encode music by coding on the TI-Nspire with the TI-Innovator Hub.

### **Engaging Students in AP Calculus**

Participants will engage in some activities using different instructional approaches that utilize task cards, writing prompts, circuits, and games.

### **Expanding Rural College Readiness through AP, Civics, and Computer Science**

K–12 educators show how AP increases college readiness, civic engagement, and digital literacy in the 10,000 small/rural U.S. school districts.

### **Explore Works By Contemporary Black Writers**

Participants will be introduced to works by four contemporary black novelists and three poets, as well as strategies for use of this work in AP English classes.

### **From "I Can't" to "I Did": Literacy Tools to Transform Struggling Students**

Learn literacy strategies to transform unprepared students in any reading-based AP course.

### **From Pre-AP to AP English: Four Strategies to Increase Rigor and Engagement**

Learn how to design and implement rigorous and student-centered strategies—with special emphasis on differentiated instruction and vertical alignment.

### **Get Ready for the 2019-20 School Year: New AP Annual Processes**

Join us to learn about the AP Program's new resources and how they'll be beneficial to you and your school.

### **How Many AP Courses Do Students Take? A Look at Course and Exam Choice Patterns**

We'll explore what we know about students' AP course and exam choice patterns in high school, including who takes AP, how many AP courses they take, and why they take it.

### **Instructional Approaches for AP Biology**

Learn new strategies for incorporating the teaching of content and skills. Bring your favorite lesson plan to review, possibly revise, and share.

---

---

### **Keeping the Vibe Alive: AP Innovations and High Impact Practice**

Learn how AP teachers integrate high impact cross-curricular learning.

### **Les Animaux et Nous: A Thematic Unit for AP French Language and Culture**

Participants will explore the concept of les animaux et nous through the lens of the AP French Language and Culture course themes.

### **Let's Articulate: Conversation Between AP Teachers and College Faculty**

This session suggests ways to begin and sustain essential conversations between colleagues at the high school and college levels.

### **Living History with AP Euro, APUSH, and AP World**

Experiential lessons that create opportunities to live out an event in history through documents, biographical information, and historical evidence.

### **Native American Issues and the Development of Historical Thinking Skills**

Develop historical thinking skills by linking Native American issues to broader historical processes. Receive primary and secondary source activities.

### **One Country at a Time: Culture as a Vehicle for AP Spanish**

Teaching AP Spanish Language and Culture through a sociohistorical and geographic lens with a focus on interculturality makes AP themes work for you.

### **Overview of the AP Registration and Ordering System**

Receive an overview of the new AP Exam management tool for coordinators—the new AP Registration and Ordering System.

### **People and Pollution: Hands-on Lessons to Enhance Your AP Environmental Sciences Instruction**

Discover interactive lessons to connect population trends to the pollution challenges (air, water and solid waste) to our ecosystems and human health.

### **Playing Nice with the Mean Value Theorem**

Attendees will explore the concept of the average rate of change, with a focus on conceptual understanding using dynamic graphical explorations.

### **Political Action Project in AP Government and Politics**

---

---

Examine three designs for a political action project and brainstorm with colleagues in a structured dialogue.

### **Powerful Poetry Activities in AP Spanish Literature and Culture**

Demystify the challenges of poetry and elevate performance by developing essential analytical skills with engaging activities.

### **Preparing Students for the AP Statistics Investigative Task**

This session will provide AP Statistics teachers with strategies for helping their students succeed on the investigative task.

### **Promote Active Learning in a Flipped Online Model: Design and Strategies**

This session aims at providing instructional strategies and design principles for incorporating active learning in a flipped online AP course.

### **Results from the 2019 AP Art and Design Portfolio Exam**

An AP chief reader discusses student performance, suggests strategies for student success, and explains the transition to updated portfolio requirements.

### **Results from the 2019 AP Chemistry Exam**

The results of the AP Chemistry Exam will be presented, along with discussion of scoring practices and strategies for answering questions effectively.

### **Results from the 2019 AP Computer Science A Exam**

Participants will examine the results of the 2019 AP Computer Science A Exam with the chief reader.

### **Results from the 2019 AP Macroeconomics Exam**

Participants will review the results from the 2019 AP Macroeconomics exam and learn about student performance on the free-response questions.

### **Results from the 2019 English Language and Composition Exam**

An overview of the results of the 2019 exam, with teacher recommendations.

### **Self-Edits and Peer Reviews: Structured Reflection to Improve Writing**

Participants will explore strategies to support student reflections on their writing as part of the performance assessment tasks.

---

---

### **Strategies for Leveraging School-Community Partnerships within AP Classes**

Leveraging school-community partnerships is explored, via the story of a six-year collaboration between a rural school and a local psychiatric hospital.

### **Three-Column Poetry Analysis and the Death of the Formulaic Thesis**

Introduction to a critical approach to analyzing poetry and fostering creative, higher-level thinking and writing skills.

### **Using Portfolio in the AP Language Classroom**

Come and learn how easy it is to empower students to assess their progress toward reaching the goals of an AP course.

### **Using the New York Times Magazine to Teach Analysis and Argument**

Learn to use the features, photography, essays, and columns in the New York Times Magazine as vibrant examples of argumentation and rhetoric in the classroom.

### **Utilizing an Effective Professional Learning Team to Grow Your AP Program**

In this session a team of AP teachers spanning across content areas will provide a look at the process used to create and manage an AP PLT effectively.

### **What AP Lang (and Lit) Can Learn from Theater**

Actors and playwrights excel at many skills students need to succeed on the AP Lang exam. Discover what we can learn from them.

### **When PBL Meets AP: Prioritizing Project-Based Learning in the AP Curriculum**

As schools introduce project-based learning, teachers struggle to cover suggested content for their AP courses. Join us to share effective strategies.

---

- 4–5:15 p.m.
- 

### **Concurrent Sessions**

#### **A Formula for Decreasing Student Anxiety**

This session will explore and attend to the anxiety students have in science and mathematics, especially when the subjects strongly correlate.

---

---

### **A Travel Guide for Non-Natives Taking Spanish Literature**

How to help non-native speakers build a positive attitude and gain the skills needed to not only survive AP Spanish classes, but also to thrive and succeed.

### **AP Boot Camp: Advanced Teacher Content Training**

This session provides a blueprint for executing a district-lead training sequence for teachers to build their own knowledge and support advanced student learning.

### **AP Course Audit Boot Camp for AP Coordinators and New Teachers**

Everything AP Coordinators and new AP teachers need to know about AP Course Audit participation.

### **AP Physics C Symposium**

This session will support both of the AP Physics C courses and include information about the courses, exams, and new resources.

### **Banishing Seclusion to Bolster Student Success**

Participants will examine the process utilized by the Delaware Valley High School to grow a collaborative culture among its AP teachers.

### **Belonging in Computer Science: Supporting Female and Minority Students**

In this session teachers will learn how to recruit and retain female and minority students, who are traditionally underrepresented in computer science.

### **CANCELED - Let's Get Physical: An Interdisciplinary Approach to Exploring Geopolitics**

Discover how to use the laws of the universe as an analytical lens to deepen inquiry and engage non-traditional history students.

### **Embracing a Thematic Approach to the AP World History Content Realignment**

Participants in this session will learn a model of syllabus reorganization that allows for teacher flexibility and choice, while abiding by APWH geographic coverage and periodization models.

### **From Numbers to Narrative: Using Data to Make Your AP English Class Soar**

Data can overwhelm teachers. Whether you're a novice or veteran, our session gives AP English teachers easy tools to quickly use data in class.

---

---

### **Give 'Em a Break: Using Brain Breaks to Increase Learning and Stamina**

What are “brain breaks” and why are they important? This will be explained, with many examples, in this session.

### **Increasing Opportunity for All Students with AP Statistics and AP Calculus**

Increasing opportunities for every student has implications for AP Statistics and AP Calculus. The National Council of Teachers of Mathematics's new publication provides direction.

### **Invest in Your Growth and Drive Student Performance with AP Mentoring**

Harness the power of mentors to support your AP program.

### **Investigating Productivity, Biomass, and Food Webs via Online Resources**

Explore online resources to teach about ecosystem productivity, biomass, and food webs, emphasizing mathematical models that represent energy flow.

### **Outbreak! Bring the Real World into Your AP Biology classroom**

Follow in the steps of CDC investigators by exploring the cause of a foodborne illness outbreak, using evidence to support a claim about the source.

### **Project-Based Service Learning**

AP educators from an international school will present a tech-assisted, project-based model of service learning with a global focus.

### **Question Formulating Technique in AP U.S. History**

Using the Question Formulating Technique, participants will create a student-centered instructional approach that will engage your students.

### **Redefining Rigor: Robust Student Learning in the Literature Classroom**

It's not more work or longer texts—It's smarter work and better text selection. This session examines real rigor in an AP English course.

### **Results from the 2019 AP Capstone Research Exam**

This session looks at the 2019 AP Research assessment, scoring process, scores, common errors and misconceptions, and strategies for improving student performance.

### **Rethinking the Canon: Chicano Poetry in the AP Classroom**

---

---

AP English Literature teachers will read, discuss, and learn how to pair contemporary Chicano literature to works from the canon.

### **Setting Students Up for AP Success: Why K-8 Social Studies Matters**

Prepare students for success in AP social studies by introducing connecting themes and enduring understandings in K–8 social studies classes.

### **Slicing the Pie: Online Budget Simulation**

Students play the role of a freshman lawmaker in the U.S. House assigned to a budget subcommittee. Vocabulary words come to life as students engage.

### **Stimulating Simulations Throughout AP Statistics**

Rather than teach simulations in a single unit, this session will explore the idea of using interesting simulations throughout the entire course.

### **Supporting AP Teachers: A Guide for School Leaders**

Learn how school leaders are using the new the AP resources to support AP teachers and improve student learning.

### **Supporting Students with the Updated AP Art and Design Program**

Learn strategies to support teaching and learning success with updated AP Art and Design portfolio requirements and rubrics.

### **The Beatles' Music in the AP Music Theory Classroom**

This session will explore the many connections between the AP Music Theory curriculum and the melodic language of the Fab Four.

### **The Great Calculus Break-In**

This session will show you how to design an escape room game to provide your students with exciting competition and formative assessment.

### **The Magic of Chemistry**

In this session we will explore how magic can be used to teach chemical concepts, as well as create some “magical” transformations in the lab.

### **The Open Enrollment Path to Advanced Placement Courses**

---

---

Systemic processes and experiences of an open enrollment Advanced Placement (AP) course will be reviewed.

### **TI-84 Plus CE Hacks: Tips and Tricks for AP Calculus**

Effectively use the TI-84 Plus CE in AP Calculus. Topics discussed will include graphical databases, storing values, and creating groups of programs.

### **Trends, Updates, and Resources in AP World Language and Culture Courses**

Updates on trends and new resources in AP world language and culture courses and exams.

### **Using Simulations to Study Foreign Policy Decisions**

Learn how to use foreign policy simulations in your classroom to help students gain knowledge, build skills, and broaden perspectives.

### **Using Student & Staff Voices to Shift a School Culture**

School leaders will highlight how they utilized passion, innovative thinking, and tools from Equal Opportunity Schools to double their AP enrollment in one year.

### **Valuable Lessons from the AP Economics Teacher Communities**

The moderator of the AP economics Teacher Communities will share the most meaningful takeaways from discussions in these communities in recent years.

### **Where You Gonna Go When the Volcano Blows?**

A lesson illustrating the use of product struggle to predict lava flow, applicable from middle school to AP Calculus.

### **Writing Across the Disciplines: Building an Argument with Sources**

The session will focus on the essential skill of using sources in service of argument in all AP history courses, as well as in AP English Language.

Reception

# SATURDAY, JULY 20, 2019

[Expand All](#)[For Day 4](#)[Collapse All](#)[For Day 4](#)

- 7–8:15 a.m.

## Breakfast

- 7–11 a.m.

## Exhibit Hall Open

- 7 a.m.–3 p.m.

## Registration

- 8:30–9:45 a.m.

## Concurrent Sessions

### **A Glimpse Into the AP Latin Classroom**

Learn strategies for pacing, organizing, and engaging students in the AP Latin classroom. Teaching strategies and projects will also be discussed.

### **All Means All: Expanding AP to a Schoolwide Model**

Representatives of Missouri's Oak Park High School will present their AP success story and help audience members develop a system where every student can access AP.

### **Analyzing the Author's Craft: Purposeful Annotation in AP Literature**

---

Participants will learn to push students beyond reader-response annotations and move them towards more analytical annotating, thinking, and writing.

### **AP Art and Design: Creating Your Curriculum for the Year**

In this workshop, teachers will have time to organize their AP Art and Design curriculum based on their school calendar.

### **Beyond the Red Pen: Automated Writing Evaluation Tools for AP Classrooms**

This hands-on workshop demonstrates how an automated writing evaluation tool enables more writing practice and student reflection in AP courses.

### **Building Educator Capacity in AP Campus Programs**

Learn about increasing teacher capacity through AP review sessions, AP data talks, and an annual AP conference.

### **CANCELED - Improving Academic Expectations Among Students from Underrepresented Groups**

This session will provide an overview on how school officials can improve academic expectations among students from underrepresented groups.

### **CANCELED - Scitsitats PA: That's AP Statistics Flipped!**

Illinois' Lake Park High School flipped its course and quadrupled its enrollment. Last year, 78.9% of our 109 test takers earned a 3+. We now have 10 sections with 222 students.

### **CANCELED - Using Popular Music To Teach AP Music Theory**

Using popular styles allows a simpler way to introduce music theory concepts that students can then apply to Baroque and Classical examples.

### **Closing the Achievement Gap with Diverse Texts and Socratic Seminars**

This session shows how certain topics, texts, and Socratic seminars can help students prepare for the AP English Language and Composition Exam.

### **Connecting Science Practices to AP Biology Content**

Participants will receive classroom-ready instructional strategies to target AP Biology challenge areas.

---

---

### **Creative and Critical: Engaging Students Through Arts Integration**

In this session participants will experience lessons utilizing arts integration strategies.

### **Educating Advanced Students to Aid Their Futures**

Many straight-A or advanced students routinely avoid enrolling AP courses. This problem can be solved by educating students about the positives that come from taking AP classes.

### **Effective Feedback for Student Essay Writing in AP History**

Come see what an essay conference looks like and glean how student progress is tracked, in order to address individual weaknesses in DBQ and LEQ writing.

### **Exploring the Scoring Guidelines for AP World Language and Culture Exams**

In this session we'll look in-depth at the scoring guidelines used for AP world language and culture exams at the AP Reading.

### **Improving Students' Understanding of Energy and Systems in AP Physics 1**

Common wording can generate incorrect energy and system models. AP Physics can help students develop a coherent conceptual model to improve problem solving.

### **Instructional Approaches for AP Art History**

Learn new strategies for incorporating the teaching of content and skills. Bring your favorite lesson plan to review, possibly revise, and share.

### **Instructional Approaches for AP Computer Science A**

The AP Computer Science A instructional approaches help teachers pair content and skills with effective instructional strategies.

### **Intro to the AP English Literature and Composition Curriculum Framework**

This session—led by AP English curriculum and instruction staff—examines the understandings, skills, and architecture of the AP English Literature and Composition Curriculum Framework.

### **Making the Opportunity Myth a Reality: Integrating ELA Instruction**

Join us to deepen your understanding of how to integrate instruction in ELA to support all students for AP and college readiness.

---

---

### **Overcoming Misconceptions-Weak/Strong Acid Base Chemistry**

Join this workshop reviewing the inquiry lab titled "Why is Sodium Acetate Added to Your Salt and Vinegar Potato Chips?" to explore students' common misconceptions of acids and bases.

### **Persuasive Essay Strategies for AP World Language and Culture Exams**

Participants will review insights gained from past persuasive essay tasks in order to help their AP world language and culture students succeed.

### **Pre-AP and AP Math Strategies for Building Conceptual Understanding**

Participants will analyze a typical calculus free-response question to see evidence that every math course plays a role in the development of strong AP math students.

### **Pre-AP Pilot Year: Building the Plane as It Took Flight**

Learn about the rationale for joining Pre-AP, plus preparation, challenges and successes, changes for the following years, and the program's connection to AP.

### **Project-Based Learning in AP U.S. History**

Participants will learn three project-based learning ideas that have been designed and used specifically for AP U.S. History.

### **Raise Those Calculus AP Scores: Proven Strategies and Aligning Key Ideas**

This session will allow participants to explore strategies that a high school used to successfully raise AP Calculus AB and BC scores.

### **Reading, Understanding, and Teaching Secondary Sources in AP History**

This session will examine different strategies for locating, exploring, and employing secondary sources in the history classroom.

### **Reasons to Love the Updated AP Comparative Government and Politics Course**

How the updated AP Comparative Government and Politics course is more skill-based, more focused, more applicable, and more manageable for both teachers and students.

### **Results from the 2019 AP Calculus Exams**

The chief reader and chief reader designate share lessons learned from student performance on the 2019 AP Calculus Exams (AB and BC).

---

---

### **Results from the 2019 AP German Language and Culture Exam**

This session features results and insights from the 2019 AP German Language and Culture Exam. Participants will develop strategies for preparing students for future success.

### **Results from the 2019 AP Human Geography Exam**

An analysis of the 2019 reading and discussion on how to bring geographic skills into classroom instruction.

### **Results from the 2019 AP Psychology Exam**

Participants will examine the results of the 2019 AP Psychology Exam.

### **Results from the 2019 AP Seminar Exam and Performance Tasks**

This session will present the results of the 2019 AP Seminar Exam and performance tasks.

### **Results from the 2019 AP Spanish Literature and Culture Exam**

This session explores the 2019 exam results in order to inform instructors and strategize meaningful improvements to student performance.

### **Results from the 2019 AP World History Exam**

The results of the 2019 AP World History Exam will be presented by the chief reader to identify areas that posed particular challenges for students.

### **Results from the 2019 English Language and Composition Exam**

An overview of the results of the 2019 exam, with teacher recommendations.

### **Services for Students with Disabilities and Testing Accommodations for AP**

Understanding Services for Students with Disabilities (SSD) accommodations and their role within the AP Exam administration.

### **Setting Goals and Recruiting to Close AP Access Gaps**

Learn how to leverage the right goals and a culture of belonging to close your AP access gaps with underrepresented students.

### **Successes and Challenges of an AP Program in a Rural School**

---

---

AP programs in rural schools can be successful, despite special challenges. In this session tips for success and strategies to overcome challenges will be presented.

### **Taking the “Syn” Out of Syntax: Helping Students Really Get It**

AP English Literature readers will share tips to help students understand, analyze, and write about syntax. Participants will generate ideas for class activities.

### **Teaching Sentence Fluency to Improve Students' Writing and Reading**

Learn specific strategies that show students how to increase sentence fluency and complexity, develop their style, and analyze an author's craft.

### **Teaching Spillovers in Production and Consumption in AP Economics Courses**

This session will clarify negative and positive externalities in production and consumption and provide sample teaching strategies for this content.

### **The Interactive Constitution: 21st Century, Nonpartisan, Civics Education**

Explore the Interactive Constitution and other classroom-ready resources and instructional strategies to promote constitutional literacy.

### **The Writing Revolution: Building Historical Thinkers One Sentence at a Time**

Participate in a variety of brief, replicable writing activities that will help students to improve their writing and make complex historical claims.

### **Upcoming Developments and Changes in the AP Program**

Join Trevor Packer for a close look at the developments and changes underway to support AP classrooms.

---

- 10–11:15 a.m.
- 

### **Concurrent Sessions**

#### **A Culture of Access: How Students of Color Can Feel They Belong to the AP Community**

Partner schools will share the tactics used to increase students' sense of belonging; this in turn eliminated barriers to AP courses for students of color.

---

---

### **Access to AP Is More Than Just Allowing Students to Enroll in a Course**

Representatives of Pinellas County Schools share systems and processes that ensure equitable access for Advanced Placement enrollment and content.

### **Accessing All Student Voices: How to De-Track the AP Language Classroom**

Recommendations for inviting “non-traditional” students into the literacies of evaluating information, civil discourse, and argumentation.

### **An AP Culture: Not Another New Initiative**

This workshop will draw upon the presenters’ experience doubling AP enrollment in two different school districts.

### **AP Art and Design Collaborations = Art and Design Success!**

#### **#togetherweARTbetter**

Participants will hear from three AP Studio Art teachers, who will discuss how they collaborated on their lessons throughout a school year.

### **AP French Resources about Antilles-Guyane**

Discover relevant sites and authentic resources from Antilles-Guyane to integrate into AP French Language and Culture instruction.

### **AP with WE Service: An Innovative Approach to Teaching AP**

Service learning can deepen student understanding of AP content in all courses.

### **Beauty and Aesthetics as a Pathway to AP Italian**

Using literature, music, and art in Italian classrooms from level 1 to AP to explore contemporary Italy and its challenges.

### **Bring the AP Capstone Diploma Program to Your School**

Learn if AP Capstone is a strong fit for your school. Teachers, administrators, and College Board staff will share their experiences and an overview.

### **Building a Successful Pre-AP Program**

Join us to learn about the College Board’s newly launched Pre-AP Program and hear from partner schools on their successful implementations.

---

---

### **CANCELED - Expanding Access to AP Computer Science Courses in New York City**

The NYC Department of Education will discuss expanding access to underrepresented students in AP Computer Science courses via teacher training and recruitment.

### **CANCELED - Interdisciplinary Opportunities in the AP Classroom**

This session will explore interdisciplinary opportunities between AP U.S. History and AP Language and Composition.

### **Citizen Science in AP Environmental Science: Why Do Cities Need Trees?**

Participants use citizen science tools to determine the value of green infrastructure and help prepare students for new free-response question formats.

### **Designing Formative Assessment Pathways and Collaborative Data Cycles**

Explore how benchmark assessments, paired with an effective feedback and data loop, can motivate students and enhance instruction in the AP classroom.

### **Digital Practice and Assessment Tools for AP Music Theory**

Explore new digital practice tools to support your AP Music Theory course and engage students with individualized instruction and real-time assessment.

### **Does It Really Matter Where the Line Is Drawn?**

In this session, the different types of boundaries will be defined. Also discussed: how boundaries can lead to international conflicts.

### **Engaging Gen Z: Stimulating Strategies for National and European Identity**

Bring the AP European History theme of “National and European identity” alive in the classroom using digital strategies that meet the challenges of Generation Z learners.

### **Enhancing the AP Art History Classroom with Google Resources**

In this session participants will learn how to create an online hub for student learning by exploring Google resources.

### **Exploring Convivencia: Jews, Muslims, and Christians in Medieval Spain**

The session contextualizes medieval works on the AP Spanish Literature and Culture reading list by exploring positive interactions among religious/cultural groups in medieval Spain.

---

---

### **Geopolitics And Politics—The Rise of Illiberalism in Europe and Asia**

This session will look at how AP Comparative Government and Politics countries such as China, Russia, and Iran use their influence to impact neighboring regions.

### **Get Ready for the 2019-20 School Year: New AP Annual Processes**

Join us to learn about the AP Program's new resources and how they'll be beneficial to you and your school.

### **Igniting a Spark: Digital Tools That Fuel Productive Lingering**

This session explores how automated tools deliver agency for students and embolden teachers to use feedback to guide student learning and influence instructional practice.

### **In League to Promote Informed Citizenship: AP Language and the League of Women Voters**

In this session participants will learn how to guide students through the process of selecting a class issue, studying the issue, and presenting their position before an authentic audience.

### **Intro to the AP English Language and Composition Curriculum Framework**

This session—led by AP English curriculum and instruction staff—examines the understandings, skills, and architecture of the curriculum framework .

### **Make Learning Memorable: Implementing Memory Strategies in an AP Course**

This session highlights instructional and assessment strategies founded on memory research, particularly testing, spacing, and imagery effects.

### **Maximizing the Potential of the Interpretive Mode for Cultural Connections**

Students need inspiration to connect with resources outside the classroom. This session will provide teachers with a ready-made project that guides students to grow in language skills.

### **Multiple Representations in AP Chemistry**

This session will focus on strategies for integrating multiple representations into all different types of AP Chemistry learning activities.

### **New Formative Assessment Tools for AP Calculus**

---

---

This session is an introduction to new formative assessment tools that the College Board will be launching in August for AP Calculus.

### **New Resources for AP Physics 1 Students**

An introduction to the new AP Physics 1 student workbook.

### **Overview of the AP Registration and Ordering System**

Receive an overview of the new AP Exam management tool for coordinators—the new AP Registration and Ordering System.

### **Project-Based Learning in Computer Science: Beyond the Birdhouse**

This session provides a framework for introducing new coding concepts to students and models a fun, interactive way of learning to code.

### **Results from the 2019 AP English Literature and Composition Exam**

In this session, the chief reader for AP English Literature and Composition will review the results for the 2019 exam.

### **Results from the 2019 AP Microeconomics Exam**

Participants will review the results from the 2019 AP Microeconomics Exam and learn about student performance on the free-response questions.

### **Results from the 2019 AP U.S. History Exam**

Participants will explore the test construction, scoring decisions, and student exam performance on free-response questions from the 2019 AP U.S. History Exam with the chief reader.

### **Results from the 2019 U.S. Government and Politics Exam**

Participants will examine the results of the 2019 AP U.S. Government and Politics Exam.

### **Scaffold and Release: Preparing ELLs for the AP Literature Exam**

This session will focus on a method for building a proper foundation for ELLs in AP Literature to teach them how to organize and expand writing, and add voice to create more authentic essays.

### **Scientific Argumentation in AP Physics 1**

---

---

The findings of a doctoral study exploring the development of scientific argumentation skill in AP Physics 1 students will be presented.

### **Stayin' Alive! Keeping the "AP Vibe" Going After the Summer Boot Camp**

Administration and faculty from Pinecrest Prep Academy will share the "how to" of their schoolwide AP plan to engage and support students.

### **Stranding Laboratory Experiences in AP Biology**

Explore ways in which stranding laboratory experiences together can make meaningful connections and allow the student to gain technical skills.

### **Strategies Stolen from the Virtual Classroom**

Participants will learn to reach students by exploring tools, such as online mock exams and virtual communication, that allow students the flexibility to participate in AP activities.

### **Swim, Don't Sink: Overcoming Obstacles in Historical Text Analysis**

This session provides Pre-AP social studies teachers with a strategy that targets students who may have vocabulary deficits.

### **Teaching Ablatives Absolute in AP Latin**

Learn ways to improve students' ability to identify and accurately translate ablatives absolute in Latin texts.

### **Tears and Laughter: Tragedy and Comedy in AP English Literature**

Learning about comic and tragic perspectives in literature also allows students to consider how they view events in their own lives.

### **Theme-Based Teaching and Learning in AP Chinese**

This presentation deals with the theme-based language teaching approach that situates language learning in thematic units for AP Chinese.

### **Using Historiography and Historical Research Skills Within the AP Framework**

Learn how to implement historiography and historical research skills while prepping students for the AP Exam.

### **Using Kinesthetic Learning Activities to Teach AP Computer Science A Topics**

---

---

See how several AP Computer Science A topics can be introduced through kinesthetic learning activities.

### **Where Analog and Digital Meet—Using Shakespeare e-books in the Classroom**

In this highly participatory session, choral readings, close readings, and careful analysis using digital tools will take place in order to illuminate Shakespeare’s work.

### **Writing to Learn and Student Self-Assessment in AP and Pre-AP History Classes**

Participants will learn how to scaffold historical writing skills to support learners with varying degrees of readiness for AP history classes.

### **¡Tengo hambre! Navigating the Topic of Food in Language and Culture Courses**

Explore the topic of food, from novice descriptions of meal preferences to AP-level questions related to the AP course themes of global challenges and contemporary life.

---

- 11:30 a.m.–12:30 p.m.
- 

### **Lunch**

---

- 12:30–1:30 p.m.
- 

### **Plenary**

---

- 1:45–3 p.m.
- 

### **Concurrent Sessions**

#### **A New Look: AP Score Reporting**

Learn about the newly re-designed AP Score Reports for Educators portal and available reports in 2019.

---

### **Achieving Balance in AP Spanish Language and Culture**

This session addresses achieving balance in the four language skills of speaking, listening, reading and writing, so as to give full attention to all.

### **All Math Is the Same: Unlocking the Power of the Integral**

A look at how the differential unites the major topics in calculus and shows all integrals are the same regardless of the context they are used in.

### **Analysis Writing Instruction That Moves You (and Your Students)**

This session will provide participants with creative and interactive strategies for teaching analysis writing.

### **AP with WE Service: Implementation Strategies for all AP Courses**

Interested in learning how AP with WE Service could fit in your course? Join us for this implementation workshop.

### **Building Confidence by Bringing Calculus into the Pre-AP Classroom**

Help your students build confidence in mathematics by practicing the Mathematical Practices for AP Calculus (MPACs) that are emphasized in your Pre-AP math classes.

### **CANCELED Differentiation and AP Environmental Science for Homeschoolers and Non-traditional Students**

Unlike traditional high school students, homeschoolers have variable science backgrounds, thus offering instructors opportunities for differentiation.

### **Cognitive and Brain-Based Strategies in the AP Classroom**

Explore how learning and memory work, the cognitive challenges students face, and practical strategies that can overcome these challenges.

### **Correlation and Regression Methods—Is Inference Always Appropriate?**

Connections will be made through all AP Statistics correlation and regression content, with determination of when inference is appropriate.

### **Data Analysis in Pre-AP Biology with HHMI BioInteractive**

Explore how HHMI BioInteractive lessons support authentic data analysis experiences for student in Pre-AP Biology. Resources and strategies included.

---

### **Dialectical Journals: Conquering Diabolical Aspects of Analysis**

Analysis is a cumbersome charge even for the most skilled—the devil is in the details. Dialectical journals aid in conquering this difficult task.

### **Empowering Students and Building Confidence**

Attendees will see how students at one high school engage in mentoring for those who need support accessing new skills through systematic tutoring, peer-led breakout sessions, and more.

### **Exploring Complexity in AP World History, or the Unicorn Point!**

Explore new strategies for teaching complex arguments in AP World History.

### **Exploring Sustained Investigation Through a Small Series of Artworks**

Learn how to help your AP Art and Design students to successfully narrow their focus and begin a small series of works for sustained investigation.

### **Framework to Solve Extreme Value Problems in AP Calculus**

Explore a framework that can be used to help students understand, organize, solve and present their work on extreme value AP Calculus questions.

### **How Noir Can Show Us the Light: Solving the Mystery of a Challenging Poem**

How AP English Literature students can use tried and true techniques from detective fiction to find the clues necessary to “catch” an elusive poem.

### **How Our School Grew the AP Program in Two Short Years**

The leadership of a large suburban high school shares strategies to increase participation in AP using relevant data points and stakeholder education.

### **Infusing Psychological Wisdom into the New AP 2019 Resources and Processes**

A discussion of student- and teacher-based growth mindset and persistence support implemented in pilot work on the AP 2019 resources and processes.

### **Instructional Approaches for AP Physics**

Learn new strategies for incorporating the teaching of content and skills in all four AP Physics courses.

### **Integrating Content and Skills in AP U.S. Government and Politics**

---

Hear master teachers share their strategies for integrating the teaching of content and skills. Walk away with some classroom-ready strategies.

### **Making AP U.S. History More Than Just a Lecture Course**

In this session AP U.S History teachers will be shown how to transform the course so that it still has a lecture component but also contains engaging activities and lessons.

### **New Labs for AP Computer Science A**

This interactive session will introduce participants to newly released labs for AP Computer Science A, including their alignment to the curriculum.

### **New Resources for AP Macroeconomics and AP Microeconomics**

Participants will learn ways to incorporate new College Board resources and supports for AP Macroeconomics and AP Microeconomics into their classes.

### **Peer Review in AP Science: Building Skills of Scientific Argumentation**

Learn how peer review in your AP science classroom builds student scientific argumentation skills and increases student engagement and success.

### **Results from the 2019 AP Computer Science Principles Exam**

Participants will examine the results of the 2019 AP Computer Science Principles assessment with the AP Computer Science Principles chief reader.

### **Socratic Symposium: Synthesizing Perspectives Through Discussion**

Participants will discuss strategies for helping students to move past “being right” to engaging in dialogue and attaining a deeper understanding of an issue.

### **Supporting Student Success Through Narrative Writing**

Support AP seniors through teaching the academic, narrative essay for college admissions and transfer learned skills to AP English exam success.

### **Teaching Neurotransmission in AP Psychology with a Digital Escape Room**

Participants will learn to use a digital escape room to teach neurotransmission in a rigorous and collaborative way.

### **The Power of Poetry Through Online Interaction**

---

The session will focus on guiding teachers to carry out online interactions between Mexican and American students who write and share poetry.

### **User-Friendly DBQ Practices, Without the Essays**

In this session attendees will learn a document-based game that allows students to practice skills necessary to master the DBQ without teachers having to grade hundreds of essays.

### **Using and Designing Graphic Organizers and Evaluation Sheets for Section II of the AP Exam**

In this session, participants will learn how to use and design various graphic organizers and evaluation sheets, which can then be implemented in their school or classroom.

### **When Less is More: Using Excerpts to Raise Scores**

Using varied passages from novels and plays increases exposure, fosters engagement, and improves analysis of literature, in preparation for the AP English Literature and Composition Exam.

---

6 Review Group:

Dear Jason,

I was so impressed by the commitment, content and energy at the **AASA Youth Apprenticeship Summits** in Denver and Savannah. I can't wait for the third and final summit and hope you can join us at the Hyatt Centric Magnificent Mile in Chicago, **April 2-3, 2020**.

During this day and a half event focused on K-12 youth apprenticeships, you will hear from students about the direct impact of youth apprenticeships, as well as from leading superintendents and their community partners about successful program implementation and practices. Additionally, you will have the opportunity to network and collaborate on what is next for youth apprenticeships in your district and across the country.

We are hosting three-person teams consisting of superintendents and two additional leaders.

Superintendents decide which additional leaders would be most impactful towards expanding apprenticeship opportunities in your district. These additional leaders can include a board member, community college leader, business leader, assistant superintendent, CTE director, or high school principal from your district. These additional leaders are welcomed to accompany the superintendent, not in lieu of superintendent participation.

The Summit will begin at 8:00 a.m. on Thursday, April 2, 2020, with a full day of sessions and a group dinner. The Summit will resume the next morning and conclude at 12:30 p.m. on Friday, April 3, 2020. AASA will cover two nights lodging (4/1 and 4/2) in Chicago, meals during the Summit and provide a \$500 travel stipend to help defray travel costs for each team member from your district to and from the event (\$1,500 per three-person team).

Space is limited, so please **reserve your spot today** by clicking [here](#). Each team member needs to complete a free registration at the link above.

The Summit hotel is the Hyatt Centric Magnificent Mile – 633 N St. Clair Street, Chicago, Ill. 60611. Once you have registered, please **reserve your hotel room** by clicking [here](#).

For more information on registration, please contact Stephanie St. John at [sstjohn@aasa.org](mailto:sstjohn@aasa.org).

I could not be more excited about this important gathering on youth apprenticeships and I hope you are able to join us.

Sincerely,

A handwritten signature in black ink that reads "Dan Donnell". The signature is written in a cursive style with a large, looping initial "D".

*School employee requesting trip.*

*Full Name* Melissa Barlow  
*Date of Request* 02/03/2020  
*Name of Organization, Grade* College Board Fellow Program: AP Annual Conference  
*Departure Date of Trip* 07/16/2020  
*Return Date of Trip* 07/19/2020  
*Departure Time* AM  
*Departure Location* Will Rogers World Airport  
*Number of Days* 4  
*Means of Transportation*  
 Airline  
 School Vehicle  
 Private Vehicle  
*Number of Students Participating* 0  
*Number of Parents/Guardians Attending* 0  
*Age of Students* n/a

*Place, Purpose, and Nature of the Trip*

I have been accepted into the College Board Regional Fellowship Program. As part of this program, they will pay for expenses to attend the AP Annual Conference. Conference will be held July 16-19, 2020 in Boston, MA.

*If booster club is paying an amount is required. If activity fund is being used, a PO number and amount is required.*

## Cost Analysis

*Registration Costs /PO Number:* expense paid by College Board  
*Lodging Cost/PO Number:* expense paid by College Board  
*Transportation Costs/PO Number:* *Airfare or Personal or District Vehicle* expense paid by College Board  
*Per diem (meals, taxi/uber, parking):* PO#602195 (Activity Fund); \$298.50  
*Cost of a Substitute:* n/a

*Will Participation Lead to Further Competition?*

- Yes  
 No

*If Yes, Explain*

*Educational Benefits*

This conference will provide me with insight into the programs that College Board offers, allowing me to align the current AP curriculum at YHS with the new standards set forth by College Board. My focus will be increasing the number of students enrolled in AP classes at YHS.

+

**A Call for Diversity in AP: Become an AP Reader or Endorsed Consultant**

Learn how you can contribute to the broader AP community by becoming an AP reader or consultant.

**A Comprehensive Overview of the 2018 Released AP Latin Exam**

Take a deeper look into the released 2018 AP Latin Exam to learn how the exam can help prepare students for success in both the course and the exam.

**Advanced Placement Economics—17 Interactive Graphing Modules**

In this session, participants will receive a collection of interactive activities that encourage students to draw graphs in competitive games.

**Analytical Reading and Evidence-Based Writing in Pre-AP Sciences**

Explore how to build conceptual understanding and AP readiness by using AP free-response questions to engage Pre-AP science students in analytical reading and writing.

**Registration/Check-In      Thursday Workshops****Main Conference      Sunday Workshops****AP Calculus AB: Free Response as Spaced Practice**

Participants will learn how to use student collaboration, feedback, and discourse to increase free-response scores.

**AP Capstone™: Growing Pains**

AP Capstone™ is an amazing program to teach, yet it's not easy to build. Come discuss the pitfalls and solutions to executing a successful program.

**AP ChemPals: Developing Collaborative Partnerships that Drive Instruction**

We will highlight the merits of cultivating collaborative partnerships as a means to drive effective instruction for diverse student populations.

**Civil Discourse: Argument and Analysis in AP English Language**

Learn how to teach an approach to argument and analysis focused on addressing an oppositional audience and multiple viewpoints while also evaluating bias.

**Clearing a Path for All: A Deep Dive into the New Pre-AP Program**

Join this session to learn about the new College Board Pre-AP Program and how you can earn the official Pre-AP designation.

**Comparing Cultures: Successful Presentational Speaking Strategies**

Explore how to best prepare students of all language levels for the presentational speaking task on AP World Language and Culture exams.

**Creating a Culture of High Academic Achievement**

Use Advanced Placement to create a culture of high achievement benefiting all students. Increase student enrollment, diversity, and college readiness.

**Creating Complex Moves with Sources in Argument Writing for Synthesis FRQ**

Learn to make complex moves with sources by illustrating, authorizing, extending, and countering to increase the complexity of source-based arguments.

**Definite Integrals, Antiderivatives, and the Fundamental Theorem**

The Fundamental Theorem of Calculus unites two big ideas: limits and derivatives, giving students a global perspective of calculus that leads to success on the AP Calculus Exam.

**Developing Teacher and Student Supports**

**Registration/Check-In      Thursday Workshops****Main Conference      Sunday Workshops**

Learn how to eliminate these barriers while maintaining rigorous instruction.

**Entering the Discussion Circle: Student Engagement Through Socratic Seminar**

Take whole-class discussion to the next level through student-centered Socratic seminars.

**Formative vs. Summative Assessment in AP History Courses**

Explore formative and summative assessments for AP courses in history and the new AP assessment resources available in 2019.

**From Simple to Complex, Embracing the Sentence in Analytical Reading**

Tired of students racing toward the finish line of superficial understanding? Join us for writing strategies that encourage analytical thinking.

**Gamification of Learning in AP English: Strategies for Multiple Choice Practice**

In this session, games-based activities will be introduced that incorporate AP-style multiple choice practice into your instructional planning.

**Growing Your AP Research Program**

This session will give educators strategies for growing their AP Research program and developing opportunities for AP Research students.

**Hacking for Equity: Join the Computer Science Movement**

Hear about the successes and lessons learned while implementing AP Computer Science in a large and diverse school.

**History in the Present Tense: The Case Method Project**

Two teachers will share their work with Harvard Business School's Case Method Project to bring case method teaching to their AP U.S. History courses.

**I Placed My Order in October! Advice on Fall AP Exam Registration**

Learn how schools in the 2018 pilot program for fall AP Exam registration enrolled students and submitted their exam order by October.

**Increasing Options: Adding CLEP as a College Credit Opportunity**

This session looks at how to use CLEP to expand college access and opportunity.

**Instructional Approaches for AP Psychology**

Learn new strategies for incorporating the teaching of content and skills. Bring your favorite lesson plan to review, possibly revise, and share.

**Registration/Check-In      Thursday Workshops****Main Conference      Sunday Workshops****Quick: Write! Promoting Communication in AP Spanish**

Explore the use of Quick Writes and Thought Prompts to promote oral and written communication in AP Spanish.

**Reading Strategies for AP World Languages**

Improve your students' ability to read in the target language with a variety of reading strategies.

**Results from the 2019 AP Art History Exam**

Participants meet with the AP Art History chief reader and receive information about student performance on the 2019 AP Art History Exam.

**Results from the 2019 AP Biology Exam**

Participants examine the results of the 2019 AP Biology Exam with the chief reader.

**Results from the 2019 AP English Literature and Composition Exam**

In this session, the chief reader for AP English Literature and Composition will review the results for the 2019 exam.

**Results from the 2019 AP European History Exam**

Participants will examine the results of the 2019 AP European History Exam with the chief reader.

**Results from the 2019 AP French Language and Culture Exam**

What aspects of the 2019 free-response tasks posed challenges to test takers? And how can we best prepare students for success on the AP Exam?

**Results from the 2019 AP Italian Language and Culture Exam**

The 2019 AP Italian Language and Culture Exam results will be thoroughly explained and instructional implications will be discussed.

**Results from the 2019 AP Japanese Language and Culture Exam**

This session features results from the 2019 AP Japanese Language and Culture Exam. Participants will discuss and analyze student performance and implications for instruction.

**Results from the 2019 AP Music Theory Exam**

Analysis and observations of student performance on the AP Music Theory

**Registration/Check-In      Thursday Workshops****Main Conference      Sunday Workshops****Results from the 2019 AP U.S. History Exam**

Participants will explore the test construction, scoring decisions, and student exam performance on free-response questions from the 2019 AP U.S. History Exam with the chief reader.

**Results of the 2019 AP Physics Exams**

The results of the AP Physics exams will be presented, along with discussion of scoring practices and strategies for answering questions effectively.

**See the New AP Instructional Resources: A Deep-Dive for AP Teachers on What's New for 2019-20**

Join us to learn how to use the new AP instructional resources in your classroom.

**Strategies from the Teachers College Reading and Writing Project Applied to AP Spanish Literature**

A workshop detailing strategies from the Teachers College Reading and Writing Project that were implemented into the AP Spanish Literature and Culture course by a teacher, to improve student learning.

**Switch Energy Alliance**

This session will be a wide-ranging exploration of energy usage, including screenings of the documentary Switch and a collection of short videos about the world of energy.

**Teaching AP English Literature like an AP English Language Instructor**

Participants will learn how to incorporate mentor texts, a standard feature of the AP English Language classroom, into the AP English Literature curriculum.

**The Evolving AP Human Geography Framework**

Participants will learn about the evolving AP Human Geography Curriculum Framework and reflect on the geographic thinking behind it.

**The First Amendment Project**

Explore resources created by the National Constitution Center and College Board to enhance student understanding of First Amendment freedoms.

**The Long and Winding Road: An Artistic Journey**

This session will offer methods to strengthen a school's art program, build creative, problem-solving artists, and improve student success in AP Art and

**Registration/Check-In      Thursday Workshops****Main Conference      Sunday Workshops**

This session will examine reading, analysis, and application strategies for the 15 required U.S. Supreme Court cases on the AP U.S. Government and Politics Exam.

**Understanding the New AP Computer Science A Curriculum Framework**

We'll examine the details of the new AP Computer Science A Curriculum Framework and its alignment to the AP Exam.

**Vertical Alignment: Building AP Capacity for Districtwide Student Success**

This session will outline how districts can implement an AP-aligned 6th to 12th grade honors English program and a community for teacher collaboration.

11:15 a.m.–12:45 p.m.

**Lunch**

1–2:15 p.m.

**Concurrent Sessions**

+

**Do-Re-Mis and 1-2-3s: Instructional Strategies for AP Music Theory**

This presentation demonstrates approaches to incorporating singing, moving, and active participation to enhance students' musical skills.

**Verve: Design Thinking with an Edge in AP Art and Design**

Educators will obtain a fresh perspective on imaginative thinking with the goal of inspiring verve in their AP Art and Design students' artwork.

**"AP for All" in a Comprehensive High School**

How do you increase AP performance among all students? We embraced this challenge in our comprehensive high school and will share our dramatic results.

**Achieving Equity: Mainstreaming Strategies for the Pre-AP Classroom**

Strategies to adapt the Pre-AP curriculum for struggling learners and special education students will be discussed.

**Advanced Placement and Students with Special Needs: a Growing Reality**

Effective instructional and differentiation strategies for the incorporation of students with special needs into the AP classroom.

**All 4s and 5s: Our Kids Did It and Yours Can, Too**

This session will provide a system and build a culture to help students of all AP classes achieve higher scores on their exams.

**Registration/Check-In      Thursday Workshops****Main Conference      Sunday Workshops****Applying Artificial Intelligence to Score FRQs in AP Psychology**

In this session we will discuss a pilot project undertaken to evaluate AI to support greater frequency and volume of free-response questions in AP classrooms.

**Argumentation in the AP Art History Free-Response Question**

Participants will examine the new free-response requirement on the AP Art History Exam, the skill of argumentation.

**Avoiding Performance Task Pitfalls in AP Seminar**

Set students up for success on the AP Seminar performance tasks with an awareness of challenges and a repertoire of strategies to overcome them.

**Beyond the Stereotypes: High-Achieving Hispanic Women**

This session will focus on how race, gender, and class intersect in high school AP classes, and how teachers can better connect and challenge these young Hispanic women.

**Building Growth Mindset and Bridging Math Learning with Technology**

Explore how technology develops growth mindset in you and your students to help bridge mathematics content and learning.

**Building your AP Program: Findings from the Latest Research**

This session will highlight new AP research that shows how to increase participation in AP, especially among underrepresented students.

**CANCELED - Activating Your AP Computer Science Classroom**

Learn how to jump-start computer science ideas with engaging warm-ups, introduction of topics, and more using interactive activities.

**CANCELED - Connecting AP Calculus to Fractal Geometry**

Fractal geometry can be used in connection with infinite series to add elements of creativity, art, and design into an AP Calculus BC classroom.

**CANCELED - Connecting Pre-AP and AP to Drive Success on the SAT Suite of Assessments**

A look at how AP and Pre-AP are connected to support success on the SAT Suite of Assessments.

**CANCELED - Teaching Analytical Writing Using Multimedia Documents**

Make the document-based question rubric more accessible and transparent by

**Registration/Check-In      Thursday Workshops****Main Conference      Sunday Workshops**

reading bolsters synthesis, argument, and rhetorical analysis.

**Connecting Data Analysis, Study Design, and Inference in AP Statistics**

Students often miss the link between data collection and data analysis. We'll look at two investigations that promote this connection via simulation.

**Connecting Pre-AP Visual Arts to the AP Art and Design Portfolio**

Explore connections between Pre-AP and AP Art and Design courses, and learn strategies to prepare students for the new AP portfolio.

**Course Updates and New Resources for AP Physics 2**

Participants will develop strategies to use new AP resources to teach the challenging topic of thermodynamics in their AP Physics 2 course.

**Developing Intercultural Competence in AP World Language and Culture Courses**

This session focuses on how to develop intercultural competence in the world language classroom by linking curriculum to real-world events.

**Do Your Students Really Understand Equilibrium?**

Join this hands-on workshop to overcome student misconceptions of equilibrium.

**Facing the Fear of Poetry**

This interactive session explores why poetry instruction can be challenging for students and teachers and offers adaptable instructional strategies.

**How Pre-AP, AP, and the SAT Suite Work Together for College Readiness**

Learn how skills taught in Pre-AP connect with skills assessed on the SAT Suite and skills used in AP courses to build a college readiness program.

**Instructional Approaches for AP European History**

Learn new strategies for incorporating the teaching of content and skills. Bring your favorite lesson plan to review, possibly revise, and share.

**Lots of "I"s in Team: Lessons Learned from Support Programs for AP Teachers**

Explore what we learned from two pilot programs to help teachers as individuals and as a community, with a focus on instructional coaching and regional meetings.

**Mind the (Content) Gap—post-1450 Middle Eastern World History**

**Registration/Check-In      Thursday Workshops****Main Conference      Sunday Workshops****Modeling the Struggle: The Cold Read as an AP English Literature****Instructional Strategy**

Participants will learn how they can model real-time analysis to build students' self-efficacy and interpretive acumen.

**More Than Fun: Creative Writing in the AP English Literature Classroom**

Participants In this session will practice creative writing methods meant to deepen student understanding of author purpose, craft, and structure.

**Multikulti—A Sample Unit for the AP German Curriculum**

Explore how to design and implement a thematic unit for an AP world language and culture course curriculum.

**Raising Scores in AP Biology and AP Statistics Through Collaboration**

This session will show how two teachers of AP Biology and AP Statistics worked together on chi-squared analysis labs and box plots to raise scores in both of their subjects.

**Results from the 2019 AP Calculus Exams**

The chief reader and chief reader designate share lessons learned from student performance on the 2019 AP Calculus Exams (AB and BC).

**Results from the 2019 AP Chinese Language and Culture Exam**

The session is a report on the 2019 AP Chinese results followed by a discussion on instructional strategies that lead to AP success.

**Results from the 2019 AP Latin Exam**

The AP Latin chief reader will present data on student performance on the free-response section of the 2019 AP Latin Exam.

**Results from the 2019 AP Spanish Language and Culture Exam**

Participants will review results of the 2019 AP Spanish Language and Culture Exam and will develop strategies to help students successfully answer free-response questions.

**Results from the 2019 Comparative Government and Politics Exam**

Participants will examine the results of the 2019 AP Comparative Government and Politics exam to identify particular challenges for students.

**Results of the 2019 AP Environmental Science Exam**

This session reviews the free-response questions on the 2019 AP

**Registration/Check-In      Thursday Workshops****Main Conference      Sunday Workshops**

strategic rhetorical choices and to analyze the rhetorical choices of other writers.

**Student Engagement: Oligopolies and Game Theory Concepts**

Learn strategies and methods that will engage students while learning and applying concepts of oligarchies and game theory.

**The Active Learning Environment in Freshman Math Class**

In this session, identified gaps in the instruction of freshmen math courses will be discussed, along with strategies to overcome the gap.

**The Flexibility of Mind Mapping to Reach All Learners**

This session will focus on how to effectively create and use mind mapping to organize, build, plan, and review challenging content.

**Thinking Like a Political Scientist: Analyzing 2018 Election Data**

This session will focus on lessons that analyze polls, attempt to understand voter turnout, examine demographic data, and assess 2018 electoral outcomes.

**Upcoming Developments and Changes in the AP Program**

Join Trevor Packer for a close look at the developments and changes underway to support AP classrooms.

**Use Your Voice to Advance AP in State and Federal Legislation**

This session will explore how we are using AP teacher voices to expand access to AP by leveraging legislation at the state and federal level.

**Using Forensic Linguistics for Rhetorical Analysis**

Using forensic linguistics and the FBI as inspiration, students determine the authorship of documents using stylistic and syntactic indicators.

**Vertical Teaming Literature from Pre-AP to AP Spanish**

Literature brings cultural perspectives to the forefront of a language class. Come explore how to incorporate literature into your AP or Pre-AP class.

2:30–3:45 p.m.

**Concurrent Sessions****+****All-Inclusive AP: Every Single Sophomore Takes AP Human Geography**

This interactive session will explain how a school district implemented AP

**Registration/Check-In      Thursday Workshops****Main Conference      Sunday Workshops**

educators, and gain understanding of plans and actions unique to AP success overseas.

**CANCELED - Pre-AP Arts: Owning the Process**

Hear from Pre-AP Arts teachers who have expanded their practice to facilitate student experimentation, reflection, and creative investigation.

**CCOT-Context-Cause-Comp Oh My! Making Sense of Reasoning and Writing Skills**

Demystify the requirements and skills with tested models. Participate in guided practice using 2019 history exams. Paper and digital copies provided.

**College Readiness: Increasing Equity and Access**

Learn how Georgia districts are developing talent and increasing AP student performance, especially for historically underrepresented students.

**Course Updates and New Resources for AP Physics 1**

The AP Physics 1 session will consist of three distinct segments: The Course, The Exam, and New Resources.

**Creating Rubrics for Project-Based Instruction in the AP Classroom**

Participants will discuss the development and use of rubrics for project-based instruction in the AP English Literature and Composition and AP English Language and Composition classrooms.

**Cultivating Conversations that Count**

Purposeful conversation promotes growth in student writing and improved performance on the AP Exam—explore creative ways to make student discussions count.

**Designing Assessments in AP U.S. Government and Politics**

Learn how to design multiple-choice and free-response questions based on the new curriculum framework.

**Developing Historical Thinking Skills in Pre-AP**

Explore techniques that embed skill practice into the everyday learning experience of history students.

**Digging Beneath the Surface of the Areas of Focus in Pre-AP Algebra 1**

Participants will review the new Pre-AP Algebra 1 Areas of Focus, create their

**Registration/Check-In      Thursday Workshops****Main Conference      Sunday Workshops**

HUD.

**Engaging Students in AP Calculus**

Participants will engage in some activities using different instructional approaches that utilize task cards, writing prompts, circuits, and games.

**Expanding Rural College Readiness through AP, Civics, and Computer Science**

K–12 educators show how AP increases college readiness, civic engagement, and digital literacy in the 10,000 small/rural U.S. school districts.

**Explore Works By Contemporary Black Writers**

Participants will be introduced to works by four contemporary black novelists and three poets, as well as strategies for use of this work in AP English classes.

**From "I Can't" to "I Did": Literacy Tools to Transform Struggling Students**

Learn literacy strategies to transform unprepared students in any reading-based AP course.

**From Pre-AP to AP English: Four Strategies to Increase Rigor and Engagement**

Learn how to design and implement rigorous and student-centered strategies— with special emphasis on differentiated instruction and vertical alignment.

**Get Ready for the 2019-20 School Year: New AP Annual Processes**

Join us to learn about the AP Program's new resources and how they'll be beneficial to you and your school.

**How Many AP Courses Do Students Take? A Look at Course and Exam Choice Patterns**

We'll explore what we know about students' AP course and exam choice patterns in high school, including who takes AP, how many AP courses they take, and why they take it.

**Instructional Approaches for AP Biology**

Learn new strategies for incorporating the teaching of content and skills. Bring your favorite lesson plan to review, possibly revise, and share.

**Keeping the Vibe Alive: AP Innovations and High Impact Practice**

Learn how AP teachers integrate high impact cross-curricular learning.

**Les Animaux et Nous: A Thematic Unit for AP French Language and Culture**

Participants will explore the concept of les animaux et nous through the lens of

**Registration/Check-In      Thursday Workshops****Main Conference      Sunday Workshops****Living History with AP Euro, APUSH, and AP World**

Experiential lessons that create opportunities to live out an event in history through documents, biographical information, and historical evidence.

**Native American Issues and the Development of Historical Thinking Skills**

Develop historical thinking skills by linking Native American issues to broader historical processes. Receive primary and secondary source activities.

**One Country at a Time: Culture as a Vehicle for AP Spanish**

Teaching AP Spanish Language and Culture through a sociohistorical and geographic lens with a focus on interculturality makes AP themes work for you.

**Overview of the AP Registration and Ordering System**

Receive an overview of the new AP Exam management tool for coordinators—the new AP Registration and Ordering System.

**People and Pollution: Hands-on Lessons to Enhance Your AP Environmental Sciences Instruction**

Discover interactive lessons to connect population trends to the pollution challenges (air, water and solid waste) to our ecosystems and human health.

**Playing Nice with the Mean Value Theorem**

Attendees will explore the concept of the average rate of change, with a focus on conceptual understanding using dynamic graphical explorations.

**Political Action Project in AP Government and Politics**

Examine three designs for a political action project and brainstorm with colleagues in a structured dialogue.

**Powerful Poetry Activities in AP Spanish Literature and Culture**

Demystify the challenges of poetry and elevate performance by developing essential analytical skills with engaging activities.

**Preparing Students for the AP Statistics Investigative Task**

This session will provide AP Statistics teachers with strategies for helping their students succeed on the investigative task.

**Promote Active Learning in a Flipped Online Model: Design and Strategies**

This session aims at providing instructional strategies and design principles for

**Registration/Check-In      Thursday Workshops****Main Conference      Sunday Workshops****Results from the 2019 AP Chemistry Exam**

The results of the AP Chemistry Exam will be presented, along with discussion of scoring practices and strategies for answering questions effectively.

**Results from the 2019 AP Computer Science A Exam**

Participants will examine the results of the 2019 AP Computer Science A Exam with the chief reader.

**Results from the 2019 AP Macroeconomics Exam**

Participants will review the results from the 2019 AP Macroeconomics exam and learn about student performance on the free-response questions.

**Results from the 2019 English Language and Composition Exam**

An overview of the results of the 2019 exam, with teacher recommendations.

**Self-Edits and Peer Reviews: Structured Reflection to Improve Writing**

Participants will explore strategies to support student reflections on their writing as part of the performance assessment tasks.

**Strategies for Leveraging School-Community Partnerships within AP Classes**

Leveraging school-community partnerships is explored, via the story of a six-year collaboration between a rural school and a local psychiatric hospital.

**Three-Column Poetry Analysis and the Death of the Formulaic Thesis**

Introduction to a critical approach to analyzing poetry and fostering creative, higher-level thinking and writing skills.

**Using Portfolio in the AP Language Classroom**

Come and learn how easy it is to empower students to assess their progress toward reaching the goals of an AP course.

**Using the New York Times Magazine to Teach Analysis and Argument**

Learn to use the features, photography, essays, and columns in the New York Times Magazine as vibrant examples of argumentation and rhetoric in the classroom.

**Utilizing an Effective Professional Learning Team to Grow Your AP Program**

In this session a team of AP teachers spanning across content areas will provide a look at the process used to create and manage an AP PLT effectively.

**Registration/Check-In      Thursday Workshops****Main Conference      Sunday Workshops****When PBL Meets AP: Prioritizing Project-Based Learning in the AP Curriculum**

As schools introduce project-based learning, teachers struggle to cover suggested content for their AP courses. Join us to share effective strategies.

4–5:15 p.m.

**Concurrent Sessions**

+

**A Formula for Decreasing Student Anxiety**

This session will explore and attend to the anxiety students have in science and mathematics, especially when the subjects strongly correlate.

**A Travel Guide for Non-Natives Taking Spanish Literature**

How to help non-native speakers build a positive attitude and gain the skills needed to not only survive AP Spanish classes, but also to thrive and succeed.

**AP Boot Camp: Advanced Teacher Content Training**

This session provides a blueprint for executing a district-lead training sequence for teachers to build their own knowledge and support advanced student learning.

**AP Course Audit Boot Camp for AP Coordinators and New Teachers**

Everything AP Coordinators and new AP teachers need to know about AP Course Audit participation.

**AP Physics C Symposium**

This session will support both of the AP Physics C courses and include information about the courses, exams, and new resources.

**Banishing Seclusion to Bolster Student Success**

Participants will examine the process utilized by the Delaware Valley High School to grow a collaborative culture among its AP teachers.

**Belonging in Computer Science: Supporting Female and Minority Students**

In this session teachers will learn how to recruit and retain female and minority students, who are traditionally underrepresented in computer science.

**CANCELED - Let's Get Physical: An Interdisciplinary Approach to Exploring Geopolitics**

Discover how to use the laws of the universe as an analytical lens to deepen inquiry and engage non-traditional history students.

**Registration/Check-In      Thursday Workshops****Main Conference      Sunday Workshops****From Numbers to Narrative: Using Data to Make Your AP English Class Soar**

Data can overwhelm teachers. Whether you're a novice or veteran, our session gives AP English teachers easy tools to quickly use data in class.

**Give 'Em a Break: Using Brain Breaks to Increase Learning and Stamina**

What are “brain breaks” and why are they important? This will be explained, with many examples, in this session.

**Increasing Opportunity for All Students with AP Statistics and AP Calculus**

Increasing opportunities for every student has implications for AP Statistics and AP Calculus. The National Council of Teachers of Mathematics's new publication provides direction.

**Invest in Your Growth and Drive Student Performance with AP Mentoring**

Harness the power of mentors to support your AP program.

**Investigating Productivity, Biomass, and Food Webs via Online Resources**

Explore online resources to teach about ecosystem productivity, biomass, and food webs, emphasizing mathematical models that represent energy flow.

**Outbreak! Bring the Real World into Your AP Biology classroom**

Follow in the steps of CDC investigators by exploring the cause of a foodborne illness outbreak, using evidence to support a claim about the source.

**Project-Based Service Learning**

AP educators from an international school will present a tech-assisted, project-based model of service learning with a global focus.

**Question Formulating Technique in AP U.S. History**

Using the Question Formulating Technique, participants will create a student-centered instructional approach that will engage your students.

**Redefining Rigor: Robust Student Learning in the Literature Classroom**

It's not more work or longer texts—it's smarter work and better text selection. This session examines real rigor in an AP English course.

**Results from the 2019 AP Capstone Research Exam**

This session looks at the 2019 AP Research assessment, scoring process, scores, common errors and misconceptions, and strategies for improving student performance.

**Registration/Check-In      Thursday Workshops****Main Conference      Sunday Workshops****Setting Students Up for AP Success: Why K-8 Social Studies Matters**

Prepare students for success in AP social studies by introducing connecting themes and enduring understandings in K–8 social studies classes.

**Slicing the Pie: Online Budget Simulation**

Students play the role of a freshman lawmaker in the U.S. House assigned to a budget subcommittee. Vocabulary words come to life as students engage.

**Stimulating Simulations Throughout AP Statistics**

Rather than teach simulations in a single unit, this session will explore the idea of using interesting simulations throughout the entire course.

**Supporting AP Teachers: A Guide for School Leaders**

Learn how school leaders are using the new the AP resources to support AP teachers and improve student learning.

**Supporting Students with the Updated AP Art and Design Program**

Learn strategies to support teaching and learning success with updated AP Art and Design portfolio requirements and rubrics.

**The Beatles' Music in the AP Music Theory Classroom**

This session will explore the many connections between the AP Music Theory curriculum and the melodic language of the Fab Four.

**The Great Calculus Break-In**

This session will show you how to design an escape room game to provide your students with exciting competition and formative assessment.

**The Magic of Chemistry**

In this session we will explore how magic can be used to teach chemical concepts, as well as create some “magical” transformations in the lab.

**The Open Enrollment Path to Advanced Placement Courses**

Systemic processes and experiences of an open enrollment Advanced Placement (AP) course will be reviewed.

**TI-84 Plus CE Hacks: Tips and Tricks for AP Calculus**

Effectively use the TI-84 Plus CE in AP Calculus. Topics discussed will include graphical databases, storing values, and creating groups of programs.

**Trends, Updates, and Resources in AP World Language and Culture Courses**

**Registration/Check-In      Thursday Workshops****Main Conference      Sunday Workshops**

gain knowledge, build skills, and broaden perspectives.

**Using Student & Staff Voices to Shift a School Culture**

School leaders will highlight how they utilized passion, innovative thinking, and tools from Equal Opportunity Schools to double their AP enrollment in one year.

**Valuable Lessons from the AP Economics Teacher Communities**

The moderator of the AP economics Teacher Communities will share the most meaningful takeaways from discussions in these communities in recent years.

**Where You Gonna Go When the Volcano Blows?**

A lesson illustrating the use of product struggle to predict lava flow, applicable from middle school to AP Calculus.

**Writing Across the Disciplines: Building an Argument with Sources**

The session will focus on the essential skill of using sources in service of argument in all AP history courses, as well as in AP English Language.

5:30–7 p.m.

**Reception****SATURDAY, JULY 20, 2019**

7–8:15 a.m.

**Breakfast**

7–11 a.m.

**Exhibit Hall Open**

7 a.m.–3 p.m.

**Registration**

8:30–9:45 a.m.

**Concurrent Sessions**

+

**A Glimpse Into the AP Latin Classroom**

Learn strategies for pacing, organizing, and engaging students in the AP Latin classroom. Teaching strategies and projects will also be discussed.

**All Means All: Expanding AP to a Schoolwide Model**

Representatives of Missouri's Oak Park High School will present their AP

**Registration/Check-In      Thursday Workshops****Main Conference      Sunday Workshops**

and move them towards more analytical annotating, thinking, and writing.

**AP Art and Design: Creating Your Curriculum for the Year**

In this workshop, teachers will have time to organize their AP Art and Design curriculum based on their school calendar.

**Beyond the Red Pen: Automated Writing Evaluation Tools for AP Classrooms**

This hands-on workshop demonstrates how an automated writing evaluation tool enables more writing practice and student reflection in AP courses.

**Building Educator Capacity in AP Campus Programs**

Learn about increasing teacher capacity through AP review sessions, AP data talks, and an annual AP conference.

**CANCELED - Improving Academic Expectations Among Students from Underrepresented Groups**

This session will provide an overview on how school officials can improve academic expectations among students from underrepresented groups.

**CANCELED - Scitsitats PA: That's AP Statistics Flipped!**

Illinois' Lake Park High School flipped its course and quadrupled its enrollment. Last year, 78.9% of our 109 test takers earned a 3+. We now have 10 sections with 222 students.

**CANCELED - Using Popular Music To Teach AP Music Theory**

Using popular styles allows a simpler way to introduce music theory concepts that students can then apply to Baroque and Classical examples.

**Closing the Achievement Gap with Diverse Texts and Socratic Seminars**

This session shows how certain topics, texts, and Socratic seminars can help students prepare for the AP English Language and Composition Exam.

**Connecting Science Practices to AP Biology Content**

Participants will receive classroom-ready instructional strategies to target AP Biology challenge areas.

**Creative and Critical: Engaging Students Through Arts Integration**

In this session participants will experience lessons utilizing arts integration strategies.

**Educating Advanced Students to Aid Their Futures**

**Registration/Check-In      Thursday Workshops****Main Conference      Sunday Workshops**

Come see what an essay conference looks like and glean how student progress is tracked, in order to address individual weaknesses in DBQ and LEQ writing.

**Exploring the Scoring Guidelines for AP World Language and Culture Exams**

In this session we'll look in-depth at the scoring guidelines used for AP world language and culture exams at the AP Reading.

**Improving Students' Understanding of Energy and Systems in AP Physics 1**

Common wording can generate incorrect energy and system models. AP Physics can help students develop a coherent conceptual model to improve problem solving.

**Instructional Approaches for AP Art History**

Learn new strategies for incorporating the teaching of content and skills. Bring your favorite lesson plan to review, possibly revise, and share.

**Instructional Approaches for AP Computer Science A**

The AP Computer Science A instructional approaches help teachers pair content and skills with effective instructional strategies.

**Intro to the AP English Literature and Composition Curriculum Framework**

This session—led by AP English curriculum and instruction staff—examines the understandings, skills, and architecture of the AP English Literature and Composition Curriculum Framework.

**Making the Opportunity Myth a Reality: Integrating ELA Instruction**

Join us to deepen your understanding of how to integrate instruction in ELA to support all students for AP and college readiness.

**Overcoming Misconceptions-Weak/Strong Acid Base Chemistry**

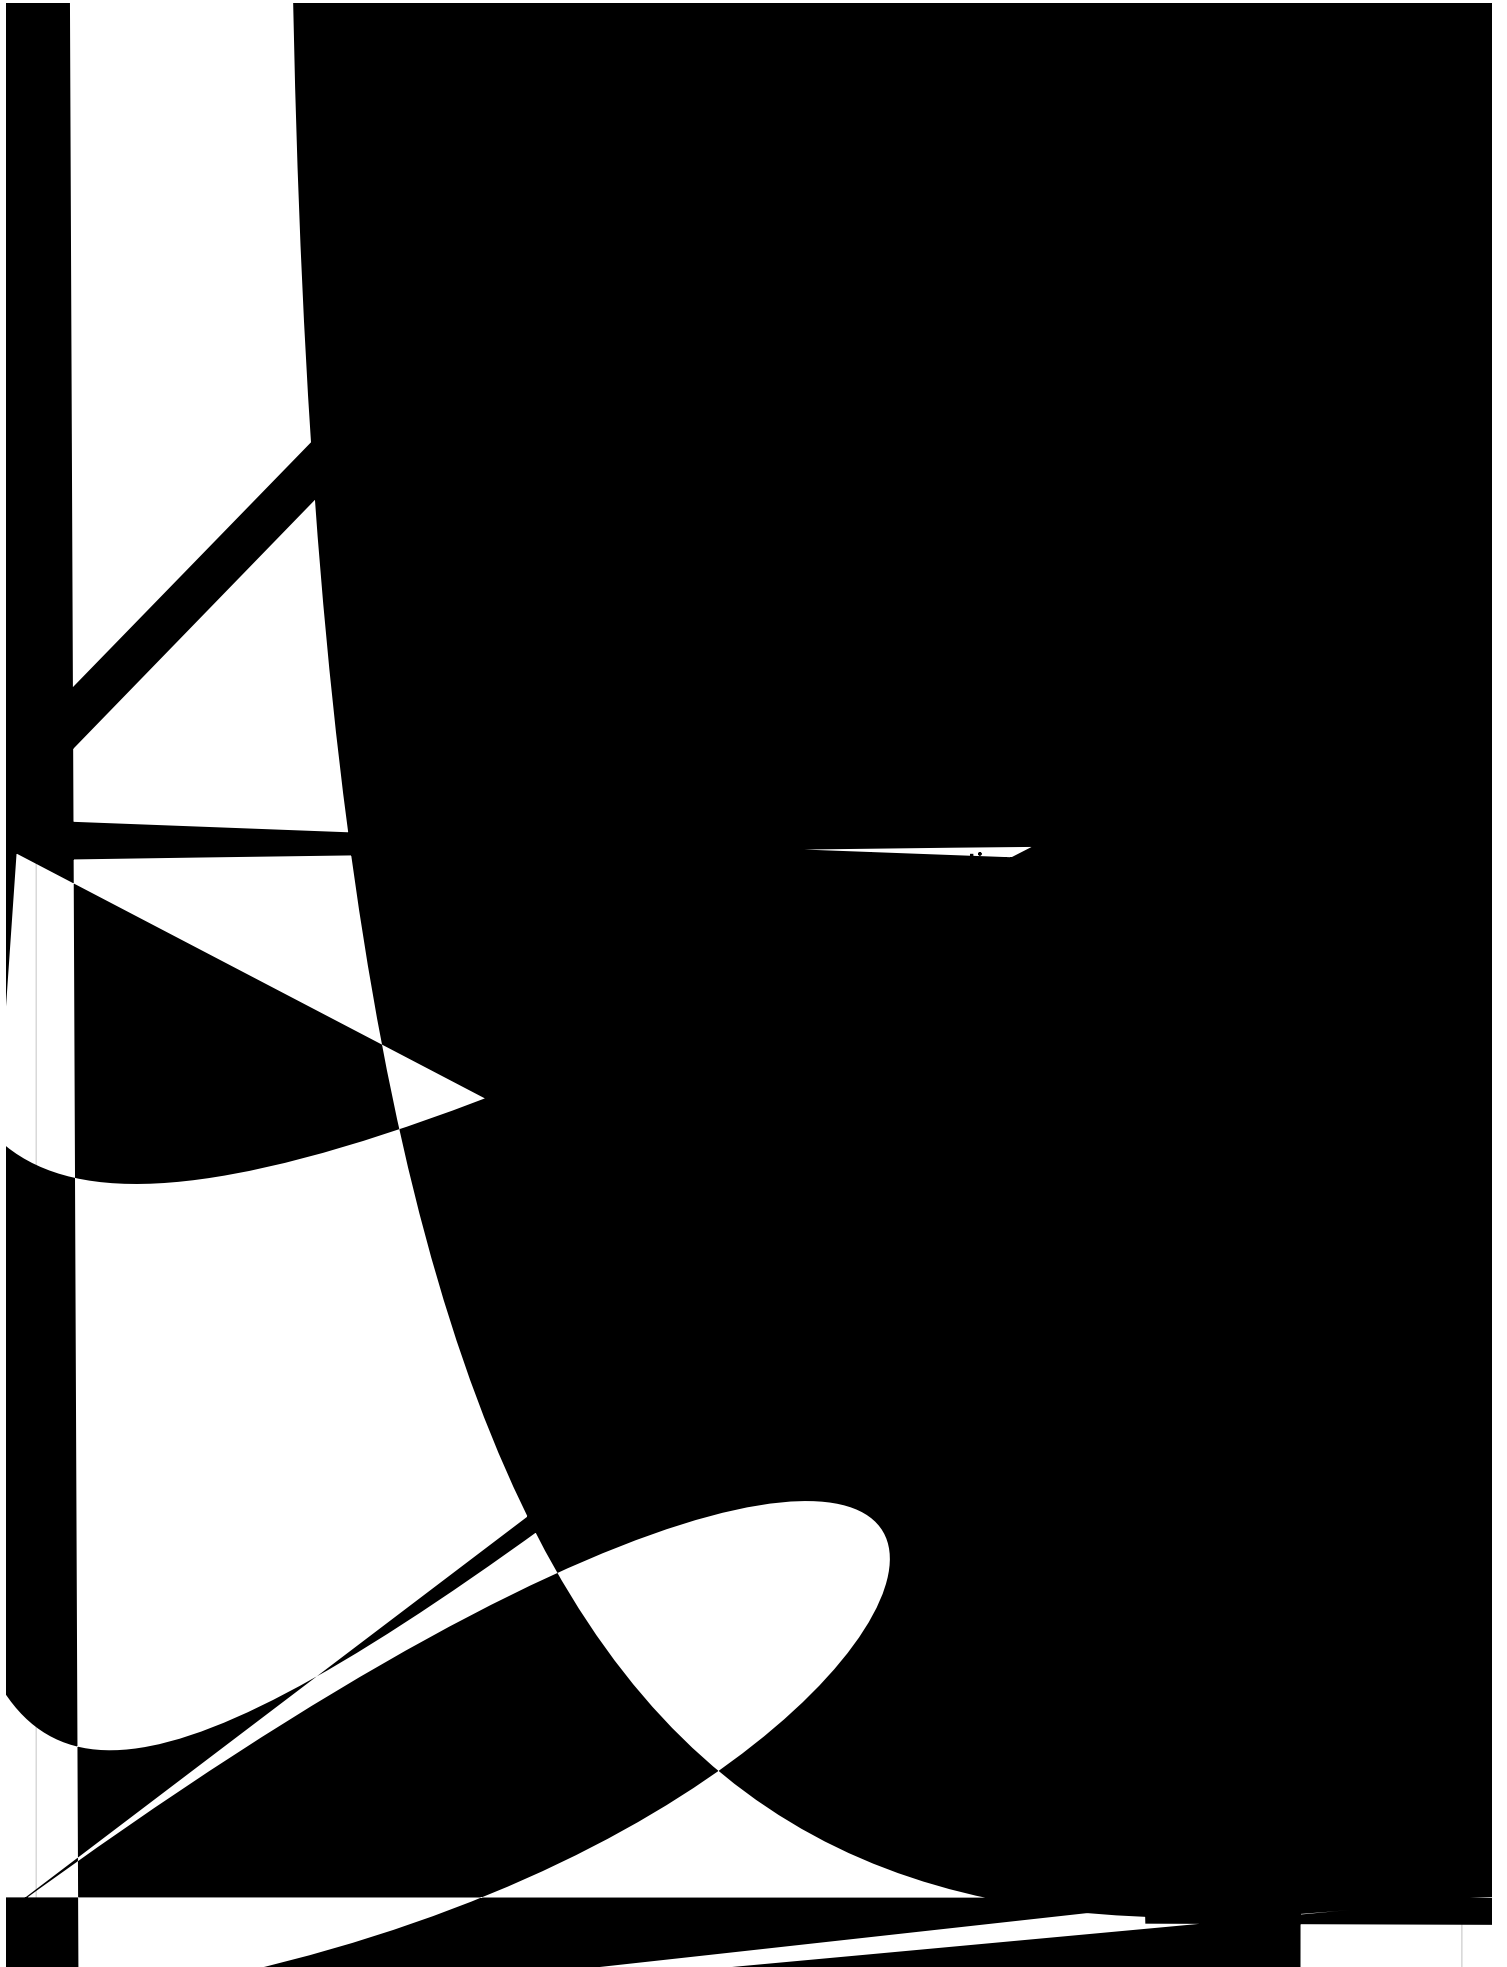

Join this workshop reviewing the inquiry lab titled "Why is Sodium Acetate Added to Your Salt and Vinegar Potato Chips?" to explore students' common misconceptions of acids and bases.

**Persuasive Essay Strategies for AP World Language and Culture Exams**

Participants will review insights gained from past persuasive essay tasks in order to help their AP world language and culture students succeed.

**Pre-AP and AP Math Strategies for Building Conceptual Understanding**

Participants will analyze a typical calculus free-response question to see evidence that every math course plays a role in the development of strong AP

**Registration/Check-In      Thursday Workshops****Main Conference      Sunday Workshops**

reader to identify areas that posed particular challenges for students.

**Results from the 2019 English Language and Composition Exam**

An overview of the results of the 2019 exam, with teacher recommendations.

**Services for Students with Disabilities and Testing Accommodations for AP**

Understanding Services for Students with Disabilities (SSD) accommodations and their role within the AP Exam administration.

**Setting Goals and Recruiting to Close AP Access Gaps**

Learn how to leverage the right goals and a culture of belonging to close your AP access gaps with underrepresented students.

**Successes and Challenges of an AP Program in a Rural School**

AP programs in rural schools can be successful, despite special challenges. In this session tips for success and strategies to overcome challenges will be presented.

**Taking the “Syn” Out of Syntax: Helping Students Really Get It**

AP English Literature readers will share tips to help students understand, analyze, and write about syntax. Participants will generate ideas for class activities.

**Teaching Sentence Fluency to Improve Students' Writing and Reading**

Learn specific strategies that show students how to increase sentence fluency and complexity, develop their style, and analyze an author's craft.

**Teaching Spillovers in Production and Consumption in AP Economics Courses**

This session will clarify negative and positive externalities in production and consumption and provide sample teaching strategies for this content.

**The Interactive Constitution: 21st Century, Nonpartisan, Civics Education**

Explore the Interactive Constitution and other classroom-ready resources and instructional strategies to promote constitutional literacy.

**The Writing Revolution: Building Historical Thinkers One Sentence at a Time**

Participate in a variety of brief, replicable writing activities that will help students to improve their writing and make complex historical claims.

**Upcoming Developments and Changes in the AP Program**

. Join Trevor Packer for a close look at the developments and changes underway

**Registration/Check-In      Thursday Workshops****Main Conference      Sunday Workshops****Community**

Partner schools will share the tactics used to increase students' sense of belonging; this in turn eliminated barriers to AP courses for students of color.

**Access to AP Is More Than Just Allowing Students to Enroll in a Course**

Representatives of Pinellas County Schools share systems and processes that ensure equitable access for Advanced Placement enrollment and content.

**Accessing All Student Voices: How to De-Track the AP Language Classroom**

Recommendations for inviting “non-traditional” students into the literacies of evaluating information, civil discourse, and argumentation.

**An AP Culture: Not Another New Initiative**

This workshop will draw upon the presenters' experience doubling AP enrollment in two different school districts.

**AP Art and Design Collaborations = Art and Design Success!****#togetherweARTbetter**

Participants will hear from three AP Studio Art teachers, who will discuss how they collaborated on their lessons throughout a school year.

**AP French Resources about Antilles-Guyane**

Discover relevant sites and authentic resources from Antilles-Guyane to integrate into AP French Language and Culture instruction.

**AP with WE Service: An Innovative Approach to Teaching AP**

Service learning can deepen student understanding of AP content in all courses.

**Beauty and Aesthetics as a Pathway to AP Italian**

Using literature, music, and art in Italian classrooms from level 1 to AP to explore contemporary Italy and its challenges.

**Bring the AP Capstone Diploma Program to Your School**

Learn if AP Capstone is a strong fit for your school. Teachers, administrators, and College Board staff will share their experiences and an overview.

**Building a Successful Pre-AP Program**

Join us to learn about the College Board's newly launched Pre-AP Program and hear from partner schools on their successful implementations.

**Registration/Check-In      Thursday Workshops****Main Conference      Sunday Workshops**

training and recruitment.

**CANCELED - Interdisciplinary Opportunities in the AP Classroom**

This session will explore interdisciplinary opportunities between AP U.S. History and AP Language and Composition.

**Citizen Science in AP Environmental Science: Why Do Cities Need Trees?**

Participants use citizen science tools to determine the value of green infrastructure and help prepare students for new free-response question formats.

**Designing Formative Assessment Pathways and Collaborative Data Cycles**

Explore how benchmark assessments, paired with an effective feedback and data loop, can motivate students and enhance instruction in the AP classroom.

**Digital Practice and Assessment Tools for AP Music Theory**

Explore new digital practice tools to support your AP Music Theory course and engage students with individualized instruction and real-time assessment.

**Does It Really Matter Where the Line Is Drawn?**

In this session, the different types of boundaries will be defined. Also discussed: how boundaries can lead to international conflicts.

**Engaging Gen Z: Stimulating Strategies for National and European Identity**

Bring the AP European History theme of “National and European identity” alive in the classroom using digital strategies that meet the challenges of Generation Z learners.

**Enhancing the AP Art History Classroom with Google Resources**

In this session participants will learn how to create an online hub for student learning by exploring Google resources.

**Exploring Convivencia: Jews, Muslims, and Christians in Medieval Spain**

The session contextualizes medieval works on the AP Spanish Literature and Culture reading list by exploring positive interactions among religious/cultural groups in medieval Spain.

**Geopolitics And Politics—The Rise of Illiberalism in Europe and Asia**

This session will look at how AP Comparative Government and Politics countries such as China, Russia, and Iran use their influence to impact neighboring regions.

**Registration/Check-In      Thursday Workshops****Main Conference      Sunday Workshops****Igniting a Spark: Digital Tools That Fuel Productive Linger**

This session explores how automated tools deliver agency for students and embolden teachers to use feedback to guide student learning and influence instructional practice.

**In League to Promote Informed Citizenship: AP Language and the League of Women Voters**

In this session participants will learn how to guide students through the process of selecting a class issue, studying the issue, and presenting their position before an authentic audience.

**Intro to the AP English Language and Composition Curriculum Framework**

This session—led by AP English curriculum and instruction staff—examines the understandings, skills, and architecture of the curriculum framework .

**Make Learning Memorable: Implementing Memory Strategies in an AP Course**

This session highlights instructional and assessment strategies founded on memory research, particularly testing, spacing, and imagery effects.

**Maximizing the Potential of the Interpretive Mode for Cultural Connections**

Students need inspiration to connect with resources outside the classroom. This session will provide teachers with a ready-made project that guides students to grow in language skills.

**Multiple Representations in AP Chemistry**

This session will focus on strategies for integrating multiple representations into all different types of AP Chemistry learning activities.

**New Formative Assessment Tools for AP Calculus**

This session is an introduction to new formative assessment tools that the College Board will be launching in August for AP Calculus.

**New Resources for AP Physics 1 Students**

An introduction to the new AP Physics 1 student workbook.

**Overview of the AP Registration and Ordering System**

Receive an overview of the new AP Exam management tool for coordinators—the new AP Registration and Ordering System.

**Project-Based Learning in Computer Science: Beyond the Birdhouse**

**Registration/Check-In      Thursday Workshops****Main Conference      Sunday Workshops**

review the results for the 2019 exam.

**Results from the 2019 AP Microeconomics Exam**

Participants will review the results from the 2019 AP Microeconomics Exam and learn about student performance on the free-response questions.

**Results from the 2019 AP U.S. History Exam**

Participants will explore the test construction, scoring decisions, and student exam performance on free-response questions from the 2019 AP U.S. History Exam with the chief reader.

**Results from the 2019 U.S. Government and Politics Exam**

Participants will examine the results of the 2019 AP U.S. Government and Politics Exam.

**Scaffold and Release: Preparing ELLs for the AP Literature Exam**

This session will focus on a method for building a proper foundation for ELLs in AP Literature to teach them how to organize and expand writing, and add voice to create more authentic essays.

**Scientific Argumentation in AP Physics 1**

The findings of a doctoral study exploring the development of scientific argumentation skill in AP Physics 1 students will be presented.

**Stayin' Alive! Keeping the "AP Vibe" Going After the Summer Boot Camp**

Administration and faculty from Pinecrest Prep Academy will share the "how to" of their schoolwide AP plan to engage and support students.

**Stranding Laboratory Experiences in AP Biology**

Explore ways in which stranding laboratory experiences together can make meaningful connections and allow the student to gain technical skills.

**Strategies Stolen from the Virtual Classroom**

Participants will learn to reach students by exploring tools, such as online mock exams and virtual communication, that allow students the flexibility to participate in AP activities.

**Swim, Don't Sink: Overcoming Obstacles in Historical Text Analysis**

This session provides Pre-AP social studies teachers with a strategy that targets students who may have vocabulary deficits.

**Registration/Check-In      Thursday Workshops****Main Conference      Sunday Workshops**

Learning about comic and tragic perspectives in literature also allows students to consider how they view events in their own lives.

**Theme-Based Teaching and Learning in AP Chinese**

This presentation deals with the theme-based language teaching approach that situates language learning in thematic units for AP Chinese.

**Using Historiography and Historical Research Skills Within the AP Framework**

Learn how to implement historiography and historical research skills while prepping students for the AP Exam.

**Using Kinesthetic Learning Activities to Teach AP Computer Science A Topics**

See how several AP Computer Science A topics can be introduced through kinesthetic learning activities.

**Where Analog and Digital Meet—Using Shakespeare e-books in the Classroom**

In this highly participatory session, choral readings, close readings, and careful analysis using digital tools will take place in order to illuminate Shakespeare's work.

**Writing to Learn and Student Self-Assessment in AP and Pre-AP History Classes**

Participants will learn how to scaffold historical writing skills to support learners with varying degrees of readiness for AP history classes.

**¡Tengo hambre! Navigating the Topic of Food in Language and Culture Courses**

Explore the topic of food, from novice descriptions of meal preferences to AP-level questions related to the AP course themes of global challenges and contemporary life.

11:30 a.m.–12:30 p.m.

**Lunch**

12:30–1:30 p.m.

**Plenary**

1:45–3 p.m.

**Concurrent Sessions****+****A New Look: AP Score Reporting**

Learn about the newly re-designed AP Score Reports for Educators portal and available reports in 2019.

**Registration/Check-In      Thursday Workshops****Main Conference      Sunday Workshops****All Math Is the Same: Unlocking the Power of the Integral**

A look at how the differential unites the major topics in calculus and shows all integrals are the same regardless of the context they are used in.

**Analysis Writing Instruction That Moves You (and Your Students)**

This session will provide participants with creative and interactive strategies for teaching analysis writing.

**AP with WE Service: Implementation Strategies for all AP Courses**

Interested in learning how AP with WE Service could fit in your course? Join us for this implementation workshop.

**Building Confidence by Bringing Calculus into the Pre-AP Classroom**

Help your students build confidence in mathematics by practicing the Mathematical Practices for AP Calculus (MPACs) that are emphasized in your Pre-AP math classes.

**CANCELED Differentiation and AP Environmental Science for Homeschoolers and Non-traditional Students**

Unlike traditional high school students, homeschoolers have variable science backgrounds, thus offering instructors opportunities for differentiation.

**Cognitive and Brain-Based Strategies in the AP Classroom**

Explore how learning and memory work, the cognitive challenges students face, and practical strategies that can overcome these challenges.

**Correlation and Regression Methods—Is Inference Always Appropriate?**

Connections will be made through all AP Statistics correlation and regression content, with determination of when inference is appropriate.

**Data Analysis in Pre-AP Biology with HHMI BioInteractive**

Explore how HHMI BioInteractive lessons support authentic data analysis experiences for student in Pre-AP Biology. Resources and strategies included.

**Dialectical Journals: Conquering Diabolical Aspects of Analysis**

Analysis is a cumbersome charge even for the most skilled—the devil is in the details. Dialectical journals aid in conquering this difficult task.

**Empowering Students and Building Confidence**

Attendees will see how students at one high school engage in mentoring for

**Registration/Check-In      Thursday Workshops****Main Conference      Sunday Workshops****Exploring Sustained Investigation Through a Small Series of Artworks**

Learn how to help your AP Art and Design students to successfully narrow their focus and begin a small series of works for sustained investigation.

**Framework to Solve Extreme Value Problems in AP Calculus**

Explore a framework that can be used to help students understand, organize, solve and present their work on extreme value AP Calculus questions.

**How Noir Can Show Us the Light: Solving the Mystery of a Challenging Poem**

How AP English Literature students can use tried and true techniques from detective fiction to find the clues necessary to “catch” an elusive poem.

**How Our School Grew the AP Program in Two Short Years**

The leadership of a large suburban high school shares strategies to increase participation in AP using relevant data points and stakeholder education.

**Infusing Psychological Wisdom into the New AP 2019 Resources and Processes**

A discussion of student- and teacher-based growth mindset and persistence support implemented in pilot work on the AP 2019 resources and processes.

**Instructional Approaches for AP Physics**

Learn new strategies for incorporating the teaching of content and skills in all four AP Physics courses.

**Integrating Content and Skills in AP U.S. Government and Politics**

Hear master teachers share their strategies for integrating the teaching of content and skills. Walk away with some classroom-ready strategies.

**Making AP U.S. History More Than Just a Lecture Course**

In this session AP U.S History teachers will be shown how to transform the course so that it still has a lecture component but also contains engaging activities and lessons.

**New Labs for AP Computer Science A**

This interactive session will introduce participants to newly released labs for AP Computer Science A, including their alignment to the curriculum.

**New Resources for AP Macroeconomics and AP Microeconomics**

**Registration/Check-In      Thursday Workshops****Main Conference      Sunday Workshops**

argumentation skills and increases student engagement and success.

**Results from the 2019 AP Computer Science Principles Exam**

Participants will examine the results of the 2019 AP Computer Science Principles assessment with the AP Computer Science Principles chief reader.

**Socratic Symposium: Synthesizing Perspectives Through Discussion**

Participants will discuss strategies for helping students to move past “being right” to engaging in dialogue and attaining a deeper understanding of an issue.

**Supporting Student Success Through Narrative Writing**

Support AP seniors through teaching the academic, narrative essay for college admissions and transfer learned skills to AP English exam success.

**Teaching Neurotransmission in AP Psychology with a Digital Escape Room**

Participants will learn to use a digital escape room to teach neurotransmission in a rigorous and collaborative way.

**The Power of Poetry Through Online Interaction**

The session will focus on guiding teachers to carry out online interactions between Mexican and American students who write and share poetry.

**User-Friendly DBQ Practices, Without the Essays**

In this session attendees will learn a document-based game that allows students to practice skills necessary to master the DBQ without teachers having to grade hundreds of essays.

**Using and Designing Graphic Organizers and Evaluation Sheets for Section II of the AP Exam**

In this session, participants will learn how to use and design various graphic organizers and evaluation sheets, which can then be implemented in their school or classroom.

**When Less is More: Using Excerpts to Raise Scores**

Using varied passages from novels and plays increases exposure, fosters engagement, and improves analysis of literature, in preparation for the AP English Literature and Composition Exam.

Learn how you can contribute to the broader AP community by becoming an AP reader or consultant.

**A Comprehensive Overview of the 2018 Released AP Latin Exam**

Take a deeper look into the released 2018 AP Latin Exam to learn how the exam can help prepare students for success in both the course and the exam.

**Advanced Placement Economics—17 Interactive Graphing Modules**

In this session, participants will receive a collection of interactive activities that encourage students to draw graphs in competitive games.

**Analytical Reading and Evidence-Based Writing in Pre-AP Sciences**

Explore how to build conceptual understanding and AP readiness by using AP free-response questions to engage Pre-AP science students in analytical reading and writing.

**Registration/Check-In      Thursday Workshops****Main Conference      Sunday Workshops****AP Calculus AB: Free Response as Spaced Practice**

Participants will learn how to use student collaboration, feedback, and discourse to increase free-response scores.

**AP Capstone™: Growing Pains**

AP Capstone™ is an amazing program to teach, yet it's not easy to build. Come discuss the pitfalls and solutions to executing a successful program.

**AP ChemPals: Developing Collaborative Partnerships that Drive Instruction**

We will highlight the merits of cultivating collaborative partnerships as a means to drive effective instruction for diverse student populations.

**Civil Discourse: Argument and Analysis in AP English Language**

Learn how to teach an approach to argument and analysis focused on addressing an oppositional audience and multiple viewpoints while also evaluating bias.

**Clearing a Path for All: A Deep Dive into the New Pre-AP Program**

Join this session to learn about the new College Board Pre-AP Program and how you can earn the official Pre-AP designation.

**Comparing Cultures: Successful Presentational Speaking Strategies**

Explore how to best prepare students of all language levels for the presentational speaking task on AP World Language and Culture exams.

**Creating a Culture of High Academic Achievement**

Use Advanced Placement to create a culture of high achievement benefiting all students. Increase student enrollment, diversity, and college readiness.

**Creating Complex Moves with Sources in Argument Writing for Synthesis FRQ**

Learn to make complex moves with sources by illustrating, authorizing, extending, and countering to increase the complexity of source-based arguments.

**Definite Integrals, Antiderivatives, and the Fundamental Theorem**

The Fundamental Theorem of Calculus unites two big ideas: limits and derivatives, giving students a global perspective of calculus that leads to success on the AP Calculus Exam.

**Developing Teacher and Student Supports**

**Registration/Check-In      Thursday Workshops****Main Conference      Sunday Workshops**

Learn how to eliminate these barriers while maintaining rigorous instruction.

**Entering the Discussion Circle: Student Engagement Through Socratic Seminar**

Take whole-class discussion to the next level through student-centered Socratic seminars.

**Formative vs. Summative Assessment in AP History Courses**

Explore formative and summative assessments for AP courses in history and the new AP assessment resources available in 2019.

**From Simple to Complex, Embracing the Sentence in Analytical Reading**

Tired of students racing toward the finish line of superficial understanding? Join us for writing strategies that encourage analytical thinking.

**Gamification of Learning in AP English: Strategies for Multiple Choice Practice**

In this session, games-based activities will be introduced that incorporate AP-style multiple choice practice into your instructional planning.

**Growing Your AP Research Program**

This session will give educators strategies for growing their AP Research program and developing opportunities for AP Research students.

**Hacking for Equity: Join the Computer Science Movement**

Hear about the successes and lessons learned while implementing AP Computer Science in a large and diverse school.

**History in the Present Tense: The Case Method Project**

Two teachers will share their work with Harvard Business School's Case Method Project to bring case method teaching to their AP U.S. History courses.

**I Placed My Order in October! Advice on Fall AP Exam Registration**

Learn how schools in the 2018 pilot program for fall AP Exam registration enrolled students and submitted their exam order by October.

**Increasing Options: Adding CLEP as a College Credit Opportunity**

This session looks at how to use CLEP to expand college access and opportunity.

**Instructional Approaches for AP Psychology**

Learn new strategies for incorporating the teaching of content and skills. Bring your favorite lesson plan to review, possibly revise, and share.

**Registration/Check-In      Thursday Workshops****Main Conference      Sunday Workshops****Quick: Write! Promoting Communication in AP Spanish**

Explore the use of Quick Writes and Thought Prompts to promote oral and written communication in AP Spanish.

**Reading Strategies for AP World Languages**

Improve your students' ability to read in the target language with a variety of reading strategies.

**Results from the 2019 AP Art History Exam**

Participants meet with the AP Art History chief reader and receive information about student performance on the 2019 AP Art History Exam.

**Results from the 2019 AP Biology Exam**

Participants examine the results of the 2019 AP Biology Exam with the chief reader.

**Results from the 2019 AP English Literature and Composition Exam**

In this session, the chief reader for AP English Literature and Composition will review the results for the 2019 exam.

**Results from the 2019 AP European History Exam**

Participants will examine the results of the 2019 AP European History Exam with the chief reader.

**Results from the 2019 AP French Language and Culture Exam**

What aspects of the 2019 free-response tasks posed challenges to test takers? And how can we best prepare students for success on the AP Exam?

**Results from the 2019 AP Italian Language and Culture Exam**

The 2019 AP Italian Language and Culture Exam results will be thoroughly explained and instructional implications will be discussed.

**Results from the 2019 AP Japanese Language and Culture Exam**

This session features results from the 2019 AP Japanese Language and Culture Exam. Participants will discuss and analyze student performance and implications for instruction.

**Results from the 2019 AP Music Theory Exam**

Analysis and observations of student performance on the AP Music Theory

**Registration/Check-In      Thursday Workshops****Main Conference      Sunday Workshops****Results from the 2019 AP U.S. History Exam**

Participants will explore the test construction, scoring decisions, and student exam performance on free-response questions from the 2019 AP U.S. History Exam with the chief reader.

**Results of the 2019 AP Physics Exams**

The results of the AP Physics exams will be presented, along with discussion of scoring practices and strategies for answering questions effectively.

**See the New AP Instructional Resources: A Deep-Dive for AP Teachers on What's New for 2019-20**

Join us to learn how to use the new AP instructional resources in your classroom.

**Strategies from the Teachers College Reading and Writing Project Applied to AP Spanish Literature**

A workshop detailing strategies from the Teachers College Reading and Writing Project that were implemented into the AP Spanish Literature and Culture course by a teacher, to improve student learning.

**Switch Energy Alliance**

This session will be a wide-ranging exploration of energy usage, including screenings of the documentary Switch and a collection of short videos about the world of energy.

**Teaching AP English Literature like an AP English Language Instructor**

Participants will learn how to incorporate mentor texts, a standard feature of the AP English Language classroom, into the AP English Literature curriculum.

**The Evolving AP Human Geography Framework**

Participants will learn about the evolving AP Human Geography Curriculum Framework and reflect on the geographic thinking behind it.

**The First Amendment Project**

Explore resources created by the National Constitution Center and College Board to enhance student understanding of First Amendment freedoms.

**The Long and Winding Road: An Artistic Journey**

This session will offer methods to strengthen a school's art program, build creative, problem-solving artists, and improve student success in AP Art and

**Registration/Check-In      Thursday Workshops****Main Conference      Sunday Workshops**

This session will examine reading, analysis, and application strategies for the 15 required U.S. Supreme Court cases on the AP U.S. Government and Politics Exam.

**Understanding the New AP Computer Science A Curriculum Framework**

We'll examine the details of the new AP Computer Science A Curriculum Framework and its alignment to the AP Exam.

**Vertical Alignment: Building AP Capacity for Districtwide Student Success**

This session will outline how districts can implement an AP-aligned 6th to 12th grade honors English program and a community for teacher collaboration.

11:15 a.m.–12:45 p.m.

**Lunch**

1–2:15 p.m.

**Concurrent Sessions**

+

**Do-Re-Mis and 1-2-3s: Instructional Strategies for AP Music Theory**

This presentation demonstrates approaches to incorporating singing, moving, and active participation to enhance students' musical skills.

**Verve: Design Thinking with an Edge in AP Art and Design**

Educators will obtain a fresh perspective on imaginative thinking with the goal of inspiring verve in their AP Art and Design students' artwork.

**"AP for All" in a Comprehensive High School**

How do you increase AP performance among all students? We embraced this challenge in our comprehensive high school and will share our dramatic results.

**Achieving Equity: Mainstreaming Strategies for the Pre-AP Classroom**

Strategies to adapt the Pre-AP curriculum for struggling learners and special education students will be discussed.

**Advanced Placement and Students with Special Needs: a Growing Reality**

Effective instructional and differentiation strategies for the incorporation of students with special needs into the AP classroom.

**All 4s and 5s: Our Kids Did It and Yours Can, Too**

This session will provide a system and build a culture to help students of all AP classes achieve higher scores on their exams.

**Registration/Check-In      Thursday Workshops****Main Conference      Sunday Workshops****Applying Artificial Intelligence to Score FRQs in AP Psychology**

In this session we will discuss a pilot project undertaken to evaluate AI to support greater frequency and volume of free-response questions in AP classrooms.

**Argumentation in the AP Art History Free-Response Question**

Participants will examine the new free-response requirement on the AP Art History Exam, the skill of argumentation.

**Avoiding Performance Task Pitfalls in AP Seminar**

Set students up for success on the AP Seminar performance tasks with an awareness of challenges and a repertoire of strategies to overcome them.

**Beyond the Stereotypes: High-Achieving Hispanic Women**

This session will focus on how race, gender, and class intersect in high school AP classes, and how teachers can better connect and challenge these young Hispanic women.

**Building Growth Mindset and Bridging Math Learning with Technology**

Explore how technology develops growth mindset in you and your students to help bridge mathematics content and learning.

**Building your AP Program: Findings from the Latest Research**

This session will highlight new AP research that shows how to increase participation in AP, especially among underrepresented students.

**CANCELED - Activating Your AP Computer Science Classroom**

Learn how to jump-start computer science ideas with engaging warm-ups, introduction of topics, and more using interactive activities.

**CANCELED - Connecting AP Calculus to Fractal Geometry**

Fractal geometry can be used in connection with infinite series to add elements of creativity, art, and design into an AP Calculus BC classroom.

**CANCELED - Connecting Pre-AP and AP to Drive Success on the SAT Suite of Assessments**

A look at how AP and Pre-AP are connected to support success on the SAT Suite of Assessments.

**CANCELED - Teaching Analytical Writing Using Multimedia Documents**

Make the document-based question rubric more accessible and transparent by

**Registration/Check-In      Thursday Workshops****Main Conference      Sunday Workshops**

reading bolsters synthesis, argument, and rhetorical analysis.

**Connecting Data Analysis, Study Design, and Inference in AP Statistics**

Students often miss the link between data collection and data analysis. We'll look at two investigations that promote this connection via simulation.

**Connecting Pre-AP Visual Arts to the AP Art and Design Portfolio**

Explore connections between Pre-AP and AP Art and Design courses, and learn strategies to prepare students for the new AP portfolio.

**Course Updates and New Resources for AP Physics 2**

Participants will develop strategies to use new AP resources to teach the challenging topic of thermodynamics in their AP Physics 2 course.

**Developing Intercultural Competence in AP World Language and Culture Courses**

This session focuses on how to develop intercultural competence in the world language classroom by linking curriculum to real-world events.

**Do Your Students Really Understand Equilibrium?**

Join this hands-on workshop to overcome student misconceptions of equilibrium.

**Facing the Fear of Poetry**

This interactive session explores why poetry instruction can be challenging for students and teachers and offers adaptable instructional strategies.

**How Pre-AP, AP, and the SAT Suite Work Together for College Readiness**

Learn how skills taught in Pre-AP connect with skills assessed on the SAT Suite and skills used in AP courses to build a college readiness program.

**Instructional Approaches for AP European History**

Learn new strategies for incorporating the teaching of content and skills. Bring your favorite lesson plan to review, possibly revise, and share.

**Lots of "I"s in Team: Lessons Learned from Support Programs for AP Teachers**

Explore what we learned from two pilot programs to help teachers as individuals and as a community, with a focus on instructional coaching and regional meetings.

**Mind the (Content) Gap—post-1450 Middle Eastern World History**

**Registration/Check-In****Thursday Workshops****Main Conference****Sunday Workshops****Modeling the Struggle: The Cold Read as an AP English Literature****Instructional Strategy**

Participants will learn how they can model real-time analysis to build students' self-efficacy and interpretive acumen.

**More Than Fun: Creative Writing in the AP English Literature Classroom**

Participants In this session will practice creative writing methods meant to deepen student understanding of author purpose, craft, and structure.

**Multikulti—A Sample Unit for the AP German Curriculum**

Explore how to design and implement a thematic unit for an AP world language and culture course curriculum.

**Raising Scores in AP Biology and AP Statistics Through Collaboration**

This session will show how two teachers of AP Biology and AP Statistics worked together on chi-squared analysis labs and box plots to raise scores in both of their subjects.

**Results from the 2019 AP Calculus Exams**

The chief reader and chief reader designate share lessons learned from student performance on the 2019 AP Calculus Exams (AB and BC).

**Results from the 2019 AP Chinese Language and Culture Exam**

The session is a report on the 2019 AP Chinese results followed by a discussion on instructional strategies that lead to AP success.

**Results from the 2019 AP Latin Exam**

The AP Latin chief reader will present data on student performance on the free-response section of the 2019 AP Latin Exam.

**Results from the 2019 AP Spanish Language and Culture Exam**

Participants will review results of the 2019 AP Spanish Language and Culture Exam and will develop strategies to help students successfully answer free-response questions.

**Results from the 2019 Comparative Government and Politics Exam**

Participants will examine the results of the 2019 AP Comparative Government and Politics exam to identify particular challenges for students.

**Results of the 2019 AP Environmental Science Exam**

This session reviews the free-response questions on the 2019 AP

**Registration/Check-In      Thursday Workshops****Main Conference      Sunday Workshops**

strategic rhetorical choices and to analyze the rhetorical choices of other writers.

**Student Engagement: Oligopolies and Game Theory Concepts**

Learn strategies and methods that will engage students while learning and applying concepts of oligarchies and game theory.

**The Active Learning Environment in Freshman Math Class**

In this session, identified gaps in the instruction of freshmen math courses will be discussed, along with strategies to overcome the gap.

**The Flexibility of Mind Mapping to Reach All Learners**

This session will focus on how to effectively create and use mind mapping to organize, build, plan, and review challenging content.

**Thinking Like a Political Scientist: Analyzing 2018 Election Data**

This session will focus on lessons that analyze polls, attempt to understand voter turnout, examine demographic data, and assess 2018 electoral outcomes.

**Upcoming Developments and Changes in the AP Program**

Join Trevor Packer for a close look at the developments and changes underway to support AP classrooms.

**Use Your Voice to Advance AP in State and Federal Legislation**

This session will explore how we are using AP teacher voices to expand access to AP by leveraging legislation at the state and federal level.

**Using Forensic Linguistics for Rhetorical Analysis**

Using forensic linguistics and the FBI as inspiration, students determine the authorship of documents using stylistic and syntactic indicators.

**Vertical Teaming Literature from Pre-AP to AP Spanish**

Literature brings cultural perspectives to the forefront of a language class. Come explore how to incorporate literature into your AP or Pre-AP class.

2:30–3:45 p.m.

**Concurrent Sessions**

+

**All-Inclusive AP: Every Single Sophomore Takes AP Human Geography**

This interactive session will explain how a school district implemented AP

**Registration/Check-In      Thursday Workshops****Main Conference      Sunday Workshops**

educators, and gain understanding of plans and actions unique to AP success overseas.

**CANCELED - Pre-AP Arts: Owning the Process**

Hear from Pre-AP Arts teachers who have expanded their practice to facilitate student experimentation, reflection, and creative investigation.

**CCOT-Context-Cause-Comp Oh My! Making Sense of Reasoning and Writing Skills**

Demystify the requirements and skills with tested models. Participate in guided practice using 2019 history exams. Paper and digital copies provided.

**College Readiness: Increasing Equity and Access**

Learn how Georgia districts are developing talent and increasing AP student performance, especially for historically underrepresented students.

**Course Updates and New Resources for AP Physics 1**

The AP Physics 1 session will consist of three distinct segments: The Course, The Exam, and New Resources.

**Creating Rubrics for Project-Based Instruction in the AP Classroom**

Participants will discuss the development and use of rubrics for project-based instruction in the AP English Literature and Composition and AP English Language and Composition classrooms.

**Cultivating Conversations that Count**

Purposeful conversation promotes growth in student writing and improved performance on the AP Exam—explore creative ways to make student discussions count.

**Designing Assessments in AP U.S. Government and Politics**

Learn how to design multiple-choice and free-response questions based on the new curriculum framework.

**Developing Historical Thinking Skills in Pre-AP**

Explore techniques that embed skill practice into the everyday learning experience of history students.

**Digging Beneath the Surface of the Areas of Focus in Pre-AP Algebra 1**

Participants will review the new Pre-AP Algebra 1 Areas of Focus, create their

**Registration/Check-In      Thursday Workshops****Main Conference      Sunday Workshops**

HUD.

**Engaging Students in AP Calculus**

Participants will engage in some activities using different instructional approaches that utilize task cards, writing prompts, circuits, and games.

**Expanding Rural College Readiness through AP, Civics, and Computer Science**

K–12 educators show how AP increases college readiness, civic engagement, and digital literacy in the 10,000 small/rural U.S. school districts.

**Explore Works By Contemporary Black Writers**

Participants will be introduced to works by four contemporary black novelists and three poets, as well as strategies for use of this work in AP English classes.

**From "I Can't" to "I Did": Literacy Tools to Transform Struggling Students**

Learn literacy strategies to transform unprepared students in any reading-based AP course.

**From Pre-AP to AP English: Four Strategies to Increase Rigor and Engagement**

Learn how to design and implement rigorous and student-centered strategies— with special emphasis on differentiated instruction and vertical alignment.

**Get Ready for the 2019-20 School Year: New AP Annual Processes**

Join us to learn about the AP Program's new resources and how they'll be beneficial to you and your school.

**How Many AP Courses Do Students Take? A Look at Course and Exam Choice Patterns**

We'll explore what we know about students' AP course and exam choice patterns in high school, including who takes AP, how many AP courses they take, and why they take it.

**Instructional Approaches for AP Biology**

Learn new strategies for incorporating the teaching of content and skills. Bring your favorite lesson plan to review, possibly revise, and share.

**Keeping the Vibe Alive: AP Innovations and High Impact Practice**

Learn how AP teachers integrate high impact cross-curricular learning.

**Les Animaux et Nous: A Thematic Unit for AP French Language and Culture**

Participants will explore the concept of les animaux et nous through the lens of

**Registration/Check-In      Thursday Workshops****Main Conference      Sunday Workshops****Living History with AP Euro, APUSH, and AP World**

Experiential lessons that create opportunities to live out an event in history through documents, biographical information, and historical evidence.

**Native American Issues and the Development of Historical Thinking Skills**

Develop historical thinking skills by linking Native American issues to broader historical processes. Receive primary and secondary source activities.

**One Country at a Time: Culture as a Vehicle for AP Spanish**

Teaching AP Spanish Language and Culture through a sociohistorical and geographic lens with a focus on interculturality makes AP themes work for you.

**Overview of the AP Registration and Ordering System**

Receive an overview of the new AP Exam management tool for coordinators—the new AP Registration and Ordering System.

**People and Pollution: Hands-on Lessons to Enhance Your AP Environmental Sciences Instruction**

Discover interactive lessons to connect population trends to the pollution challenges (air, water and solid waste) to our ecosystems and human health.

**Playing Nice with the Mean Value Theorem**

Attendees will explore the concept of the average rate of change, with a focus on conceptual understanding using dynamic graphical explorations.

**Political Action Project in AP Government and Politics**

Examine three designs for a political action project and brainstorm with colleagues in a structured dialogue.

**Powerful Poetry Activities in AP Spanish Literature and Culture**

Demystify the challenges of poetry and elevate performance by developing essential analytical skills with engaging activities.

**Preparing Students for the AP Statistics Investigative Task**

This session will provide AP Statistics teachers with strategies for helping their students succeed on the investigative task.

**Promote Active Learning in a Flipped Online Model: Design and Strategies**

This session aims at providing instructional strategies and design principles for

**Registration/Check-In      Thursday Workshops****Main Conference      Sunday Workshops****Results from the 2019 AP Chemistry Exam**

The results of the AP Chemistry Exam will be presented, along with discussion of scoring practices and strategies for answering questions effectively.

**Results from the 2019 AP Computer Science A Exam**

Participants will examine the results of the 2019 AP Computer Science A Exam with the chief reader.

**Results from the 2019 AP Macroeconomics Exam**

Participants will review the results from the 2019 AP Macroeconomics exam and learn about student performance on the free-response questions.

**Results from the 2019 English Language and Composition Exam**

An overview of the results of the 2019 exam, with teacher recommendations.

**Self-Edits and Peer Reviews: Structured Reflection to Improve Writing**

Participants will explore strategies to support student reflections on their writing as part of the performance assessment tasks.

**Strategies for Leveraging School-Community Partnerships within AP Classes**

Leveraging school-community partnerships is explored, via the story of a six-year collaboration between a rural school and a local psychiatric hospital.

**Three-Column Poetry Analysis and the Death of the Formulaic Thesis**

Introduction to a critical approach to analyzing poetry and fostering creative, higher-level thinking and writing skills.

**Using Portfolio in the AP Language Classroom**

Come and learn how easy it is to empower students to assess their progress toward reaching the goals of an AP course.

**Using the New York Times Magazine to Teach Analysis and Argument**

Learn to use the features, photography, essays, and columns in the New York Times Magazine as vibrant examples of argumentation and rhetoric in the classroom.

**Utilizing an Effective Professional Learning Team to Grow Your AP Program**

In this session a team of AP teachers spanning across content areas will provide a look at the process used to create and manage an AP PLT effectively.

**Registration/Check-In****Thursday Workshops****Main Conference****Sunday Workshops****When PBL Meets AP: Prioritizing Project-Based Learning in the AP Curriculum**

As schools introduce project-based learning, teachers struggle to cover suggested content for their AP courses. Join us to share effective strategies.

4–5:15 p.m.

**Concurrent Sessions**

+

**A Formula for Decreasing Student Anxiety**

This session will explore and attend to the anxiety students have in science and mathematics, especially when the subjects strongly correlate.

**A Travel Guide for Non-Natives Taking Spanish Literature**

How to help non-native speakers build a positive attitude and gain the skills needed to not only survive AP Spanish classes, but also to thrive and succeed.

**AP Boot Camp: Advanced Teacher Content Training**

This session provides a blueprint for executing a district-lead training sequence for teachers to build their own knowledge and support advanced student learning.

**AP Course Audit Boot Camp for AP Coordinators and New Teachers**

Everything AP Coordinators and new AP teachers need to know about AP Course Audit participation.

**AP Physics C Symposium**

This session will support both of the AP Physics C courses and include information about the courses, exams, and new resources.

**Banishing Seclusion to Bolster Student Success**

Participants will examine the process utilized by the Delaware Valley High School to grow a collaborative culture among its AP teachers.

**Belonging in Computer Science: Supporting Female and Minority Students**

In this session teachers will learn how to recruit and retain female and minority students, who are traditionally underrepresented in computer science.

**CANCELED - Let's Get Physical: An Interdisciplinary Approach to Exploring Geopolitics**

Discover how to use the laws of the universe as an analytical lens to deepen inquiry and engage non-traditional history students.

**Registration/Check-In      Thursday Workshops****Main Conference      Sunday Workshops****From Numbers to Narrative: Using Data to Make Your AP English Class Soar**

Data can overwhelm teachers. Whether you're a novice or veteran, our session gives AP English teachers easy tools to quickly use data in class.

**Give 'Em a Break: Using Brain Breaks to Increase Learning and Stamina**

What are “brain breaks” and why are they important? This will be explained, with many examples, in this session.

**Increasing Opportunity for All Students with AP Statistics and AP Calculus**

Increasing opportunities for every student has implications for AP Statistics and AP Calculus. The National Council of Teachers of Mathematics's new publication provides direction.

**Invest in Your Growth and Drive Student Performance with AP Mentoring**

Harness the power of mentors to support your AP program.

**Investigating Productivity, Biomass, and Food Webs via Online Resources**

Explore online resources to teach about ecosystem productivity, biomass, and food webs, emphasizing mathematical models that represent energy flow.

**Outbreak! Bring the Real World into Your AP Biology classroom**

Follow in the steps of CDC investigators by exploring the cause of a foodborne illness outbreak, using evidence to support a claim about the source.

**Project-Based Service Learning**

AP educators from an international school will present a tech-assisted, project-based model of service learning with a global focus.

**Question Formulating Technique in AP U.S. History**

Using the Question Formulating Technique, participants will create a student-centered instructional approach that will engage your students.

**Redefining Rigor: Robust Student Learning in the Literature Classroom**

It's not more work or longer texts—it's smarter work and better text selection. This session examines real rigor in an AP English course.

**Results from the 2019 AP Capstone Research Exam**

This session looks at the 2019 AP Research assessment, scoring process, scores, common errors and misconceptions, and strategies for improving student performance.

**Registration/Check-In      Thursday Workshops****Main Conference      Sunday Workshops****Setting Students Up for AP Success: Why K-8 Social Studies Matters**

Prepare students for success in AP social studies by introducing connecting themes and enduring understandings in K–8 social studies classes.

**Slicing the Pie: Online Budget Simulation**

Students play the role of a freshman lawmaker in the U.S. House assigned to a budget subcommittee. Vocabulary words come to life as students engage.

**Stimulating Simulations Throughout AP Statistics**

Rather than teach simulations in a single unit, this session will explore the idea of using interesting simulations throughout the entire course.

**Supporting AP Teachers: A Guide for School Leaders**

Learn how school leaders are using the new the AP resources to support AP teachers and improve student learning.

**Supporting Students with the Updated AP Art and Design Program**

Learn strategies to support teaching and learning success with updated AP Art and Design portfolio requirements and rubrics.

**The Beatles' Music in the AP Music Theory Classroom**

This session will explore the many connections between the AP Music Theory curriculum and the melodic language of the Fab Four.

**The Great Calculus Break-In**

This session will show you how to design an escape room game to provide your students with exciting competition and formative assessment.

**The Magic of Chemistry**

In this session we will explore how magic can be used to teach chemical concepts, as well as create some “magical” transformations in the lab.

**The Open Enrollment Path to Advanced Placement Courses**

Systemic processes and experiences of an open enrollment Advanced Placement (AP) course will be reviewed.

**TI-84 Plus CE Hacks: Tips and Tricks for AP Calculus**

Effectively use the TI-84 Plus CE in AP Calculus. Topics discussed will include graphical databases, storing values, and creating groups of programs.

**Trends, Updates, and Resources in AP World Language and Culture Courses**

**Registration/Check-In      Thursday Workshops****Main Conference      Sunday Workshops**

gain knowledge, build skills, and broaden perspectives.

**Using Student & Staff Voices to Shift a School Culture**

School leaders will highlight how they utilized passion, innovative thinking, and tools from Equal Opportunity Schools to double their AP enrollment in one year.

**Valuable Lessons from the AP Economics Teacher Communities**

The moderator of the AP economics Teacher Communities will share the most meaningful takeaways from discussions in these communities in recent years.

**Where You Gonna Go When the Volcano Blows?**

A lesson illustrating the use of product struggle to predict lava flow, applicable from middle school to AP Calculus.

**Writing Across the Disciplines: Building an Argument with Sources**

The session will focus on the essential skill of using sources in service of argument in all AP history courses, as well as in AP English Language.

5:30–7 p.m.

**Reception****SATURDAY, JULY 20, 2019**

7–8:15 a.m.

**Breakfast**

7–11 a.m.

**Exhibit Hall Open**

7 a.m.–3 p.m.

**Registration**

8:30–9:45 a.m.

**Concurrent Sessions**

+

**A Glimpse Into the AP Latin Classroom**

Learn strategies for pacing, organizing, and engaging students in the AP Latin classroom. Teaching strategies and projects will also be discussed.

**All Means All: Expanding AP to a Schoolwide Model**

Representatives of Missouri's Oak Park High School will present their AP

**Registration/Check-In      Thursday Workshops****Main Conference      Sunday Workshops**

and move them towards more analytical annotating, thinking, and writing.

**AP Art and Design: Creating Your Curriculum for the Year**

In this workshop, teachers will have time to organize their AP Art and Design curriculum based on their school calendar.

**Beyond the Red Pen: Automated Writing Evaluation Tools for AP Classrooms**

This hands-on workshop demonstrates how an automated writing evaluation tool enables more writing practice and student reflection in AP courses.

**Building Educator Capacity in AP Campus Programs**

Learn about increasing teacher capacity through AP review sessions, AP data talks, and an annual AP conference.

**CANCELED - Improving Academic Expectations Among Students from Underrepresented Groups**

This session will provide an overview on how school officials can improve academic expectations among students from underrepresented groups.

**CANCELED - Scitsitats PA: That's AP Statistics Flipped!**

Illinois' Lake Park High School flipped its course and quadrupled its enrollment. Last year, 78.9% of our 109 test takers earned a 3+. We now have 10 sections with 222 students.

**CANCELED - Using Popular Music To Teach AP Music Theory**

Using popular styles allows a simpler way to introduce music theory concepts that students can then apply to Baroque and Classical examples.

**Closing the Achievement Gap with Diverse Texts and Socratic Seminars**

This session shows how certain topics, texts, and Socratic seminars can help students prepare for the AP English Language and Composition Exam.

**Connecting Science Practices to AP Biology Content**

Participants will receive classroom-ready instructional strategies to target AP Biology challenge areas.

**Creative and Critical: Engaging Students Through Arts Integration**

In this session participants will experience lessons utilizing arts integration strategies.

**Educating Advanced Students to Aid Their Futures**

**Registration/Check-In      Thursday Workshops****Main Conference      Sunday Workshops**

Come see what an essay conference looks like and glean how student progress is tracked, in order to address individual weaknesses in DBQ and LEQ writing.

**Exploring the Scoring Guidelines for AP World Language and Culture Exams**

In this session we'll look in-depth at the scoring guidelines used for AP world language and culture exams at the AP Reading.

**Improving Students' Understanding of Energy and Systems in AP Physics 1**

Common wording can generate incorrect energy and system models. AP Physics can help students develop a coherent conceptual model to improve problem solving.

**Instructional Approaches for AP Art History**

Learn new strategies for incorporating the teaching of content and skills. Bring your favorite lesson plan to review, possibly revise, and share.

**Instructional Approaches for AP Computer Science A**

The AP Computer Science A instructional approaches help teachers pair content and skills with effective instructional strategies.

**Intro to the AP English Literature and Composition Curriculum Framework**

This session—led by AP English curriculum and instruction staff—examines the understandings, skills, and architecture of the AP English Literature and Composition Curriculum Framework.

**Making the Opportunity Myth a Reality: Integrating ELA Instruction**

Join us to deepen your understanding of how to integrate instruction in ELA to support all students for AP and college readiness.

**Overcoming Misconceptions-Weak/Strong Acid Base Chemistry**

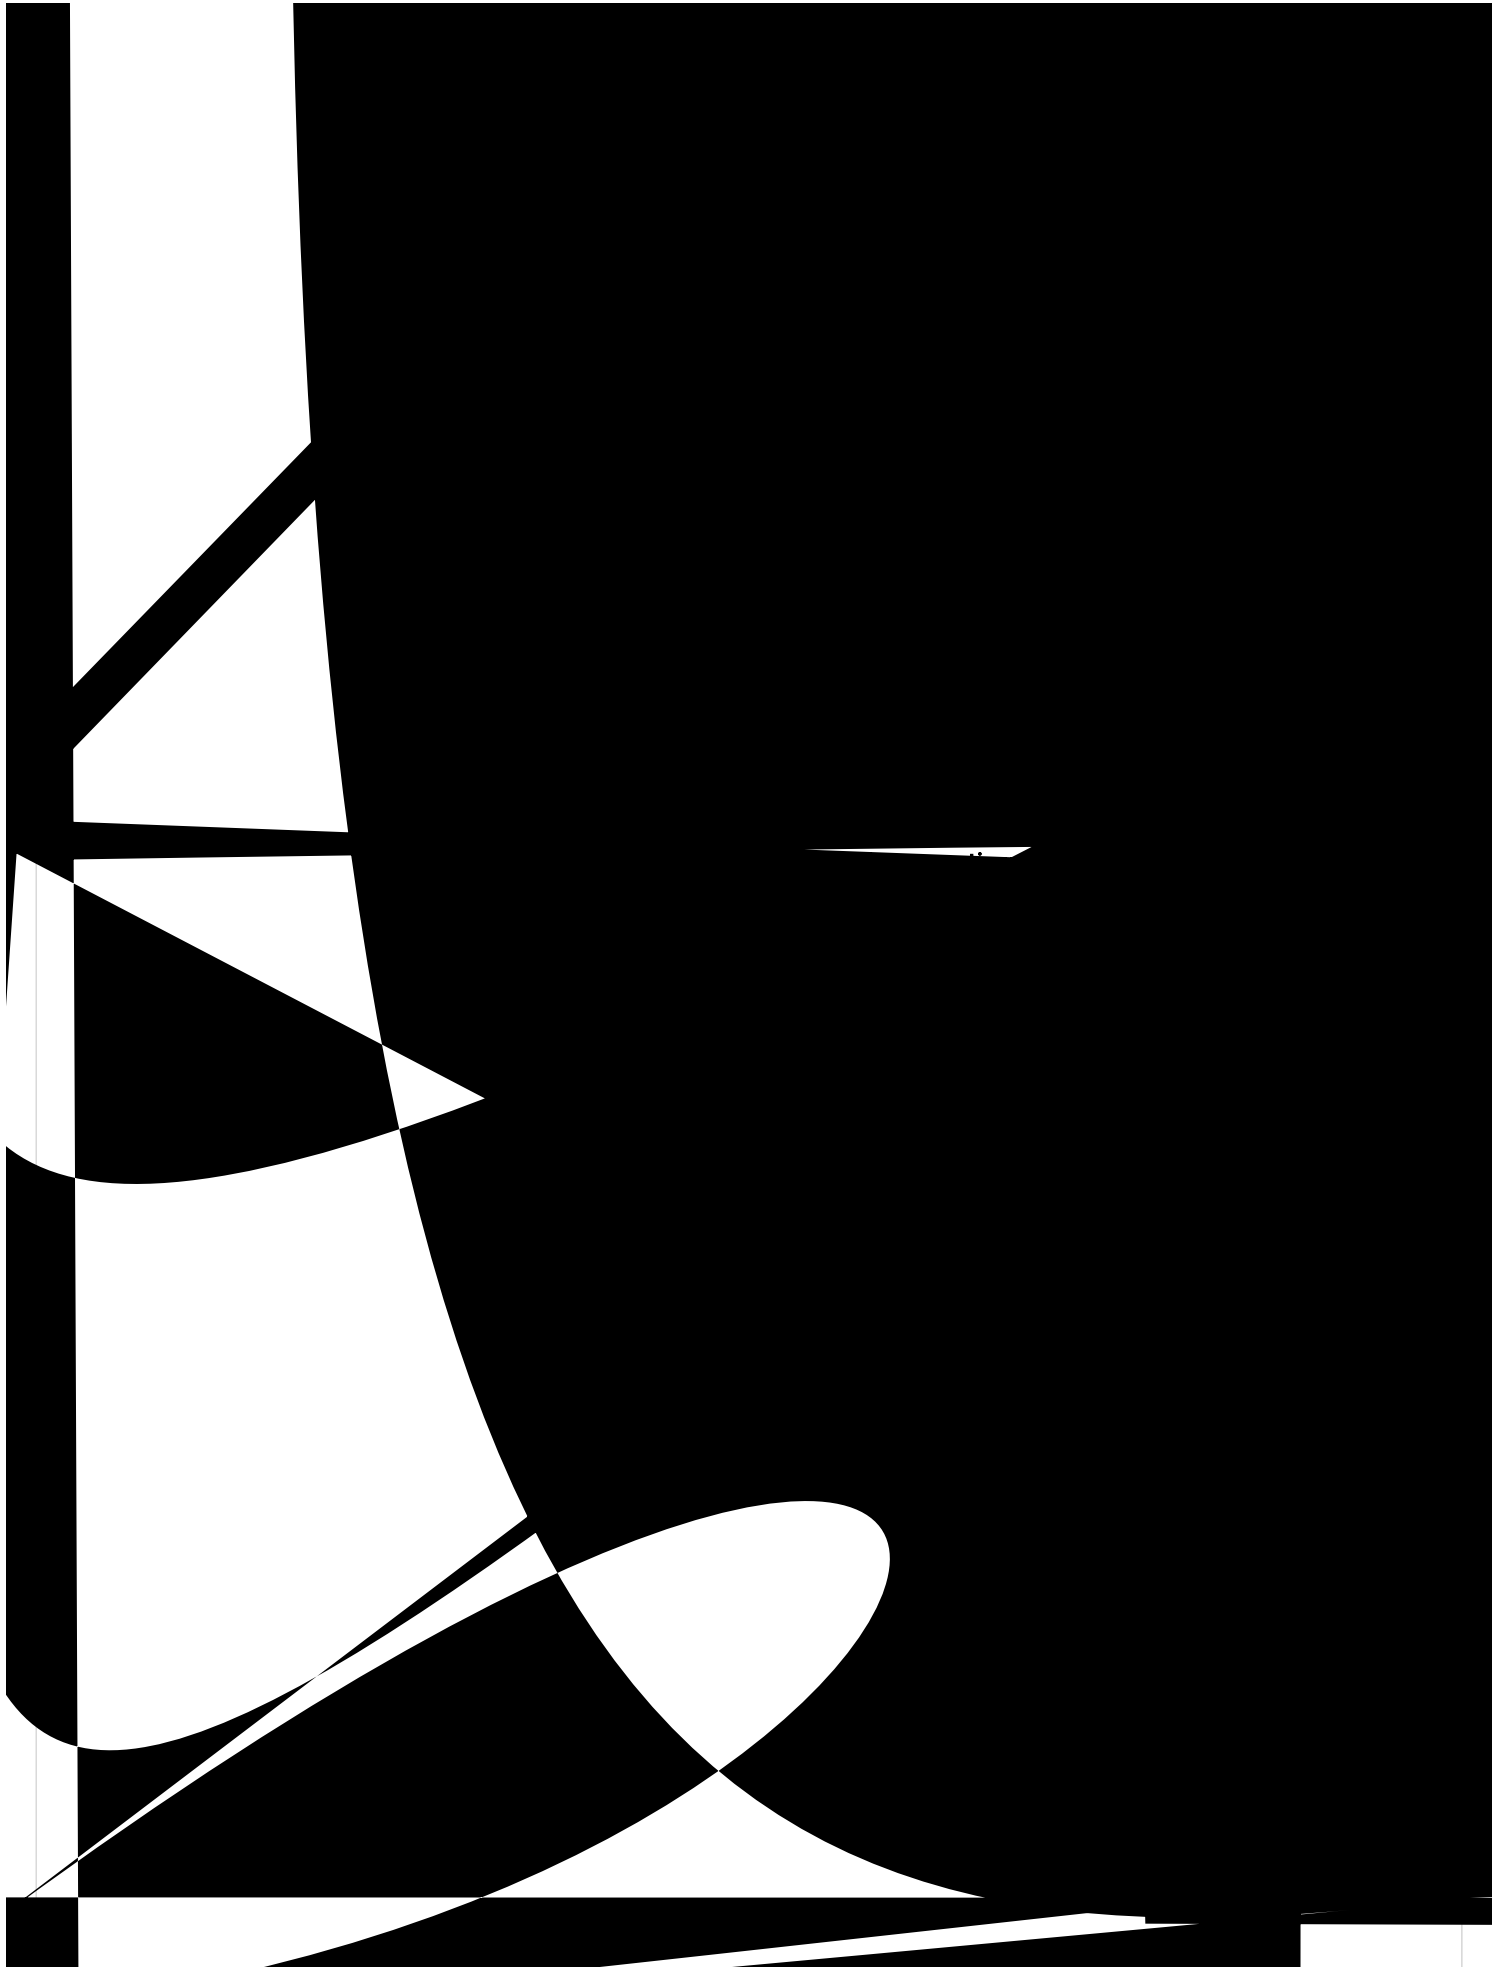

Join this workshop reviewing the inquiry lab titled "Why is Sodium Acetate Added to Your Salt and Vinegar Potato Chips?" to explore students' common misconceptions of acids and bases.

**Persuasive Essay Strategies for AP World Language and Culture Exams**

Participants will review insights gained from past persuasive essay tasks in order to help their AP world language and culture students succeed.

**Pre-AP and AP Math Strategies for Building Conceptual Understanding**

Participants will analyze a typical calculus free-response question to see evidence that every math course plays a role in the development of strong AP

**Registration/Check-In      Thursday Workshops****Main Conference      Sunday Workshops**

reader to identify areas that posed particular challenges for students.

**Results from the 2019 English Language and Composition Exam**

An overview of the results of the 2019 exam, with teacher recommendations.

**Services for Students with Disabilities and Testing Accommodations for AP**

Understanding Services for Students with Disabilities (SSD) accommodations and their role within the AP Exam administration.

**Setting Goals and Recruiting to Close AP Access Gaps**

Learn how to leverage the right goals and a culture of belonging to close your AP access gaps with underrepresented students.

**Successes and Challenges of an AP Program in a Rural School**

AP programs in rural schools can be successful, despite special challenges. In this session tips for success and strategies to overcome challenges will be presented.

**Taking the “Syn” Out of Syntax: Helping Students Really Get It**

AP English Literature readers will share tips to help students understand, analyze, and write about syntax. Participants will generate ideas for class activities.

**Teaching Sentence Fluency to Improve Students' Writing and Reading**

Learn specific strategies that show students how to increase sentence fluency and complexity, develop their style, and analyze an author's craft.

**Teaching Spillovers in Production and Consumption in AP Economics Courses**

This session will clarify negative and positive externalities in production and consumption and provide sample teaching strategies for this content.

**The Interactive Constitution: 21st Century, Nonpartisan, Civics Education**

Explore the Interactive Constitution and other classroom-ready resources and instructional strategies to promote constitutional literacy.

**The Writing Revolution: Building Historical Thinkers One Sentence at a Time**

Participate in a variety of brief, replicable writing activities that will help students to improve their writing and make complex historical claims.

**Upcoming Developments and Changes in the AP Program**

Join Trevor Packer for a close look at the developments and changes underway

**Registration/Check-In      Thursday Workshops****Main Conference      Sunday Workshops****Community**

Partner schools will share the tactics used to increase students' sense of belonging; this in turn eliminated barriers to AP courses for students of color.

**Access to AP Is More Than Just Allowing Students to Enroll in a Course**

Representatives of Pinellas County Schools share systems and processes that ensure equitable access for Advanced Placement enrollment and content.

**Accessing All Student Voices: How to De-Track the AP Language Classroom**

Recommendations for inviting “non-traditional” students into the literacies of evaluating information, civil discourse, and argumentation.

**An AP Culture: Not Another New Initiative**

This workshop will draw upon the presenters' experience doubling AP enrollment in two different school districts.

**AP Art and Design Collaborations = Art and Design Success!****#togetherweARTbetter**

Participants will hear from three AP Studio Art teachers, who will discuss how they collaborated on their lessons throughout a school year.

**AP French Resources about Antilles-Guyane**

Discover relevant sites and authentic resources from Antilles-Guyane to integrate into AP French Language and Culture instruction.

**AP with WE Service: An Innovative Approach to Teaching AP**

Service learning can deepen student understanding of AP content in all courses.

**Beauty and Aesthetics as a Pathway to AP Italian**

Using literature, music, and art in Italian classrooms from level 1 to AP to explore contemporary Italy and its challenges.

**Bring the AP Capstone Diploma Program to Your School**

Learn if AP Capstone is a strong fit for your school. Teachers, administrators, and College Board staff will share their experiences and an overview.

**Building a Successful Pre-AP Program**

Join us to learn about the College Board's newly launched Pre-AP Program and hear from partner schools on their successful implementations.

**Registration/Check-In      Thursday Workshops****Main Conference      Sunday Workshops**

training and recruitment.

**CANCELED - Interdisciplinary Opportunities in the AP Classroom**

This session will explore interdisciplinary opportunities between AP U.S. History and AP Language and Composition.

**Citizen Science in AP Environmental Science: Why Do Cities Need Trees?**

Participants use citizen science tools to determine the value of green infrastructure and help prepare students for new free-response question formats.

**Designing Formative Assessment Pathways and Collaborative Data Cycles**

Explore how benchmark assessments, paired with an effective feedback and data loop, can motivate students and enhance instruction in the AP classroom.

**Digital Practice and Assessment Tools for AP Music Theory**

Explore new digital practice tools to support your AP Music Theory course and engage students with individualized instruction and real-time assessment.

**Does It Really Matter Where the Line Is Drawn?**

In this session, the different types of boundaries will be defined. Also discussed: how boundaries can lead to international conflicts.

**Engaging Gen Z: Stimulating Strategies for National and European Identity**

Bring the AP European History theme of “National and European identity” alive in the classroom using digital strategies that meet the challenges of Generation Z learners.

**Enhancing the AP Art History Classroom with Google Resources**

In this session participants will learn how to create an online hub for student learning by exploring Google resources.

**Exploring Convivencia: Jews, Muslims, and Christians in Medieval Spain**

The session contextualizes medieval works on the AP Spanish Literature and Culture reading list by exploring positive interactions among religious/cultural groups in medieval Spain.

**Geopolitics And Politics—The Rise of Illiberalism in Europe and Asia**

This session will look at how AP Comparative Government and Politics countries such as China, Russia, and Iran use their influence to impact neighboring regions.

**Registration/Check-In      Thursday Workshops****Main Conference      Sunday Workshops****Igniting a Spark: Digital Tools That Fuel Productive Lingering**

This session explores how automated tools deliver agency for students and embolden teachers to use feedback to guide student learning and influence instructional practice.

**In League to Promote Informed Citizenship: AP Language and the League of Women Voters**

In this session participants will learn how to guide students through the process of selecting a class issue, studying the issue, and presenting their position before an authentic audience.

**Intro to the AP English Language and Composition Curriculum Framework**

This session—led by AP English curriculum and instruction staff—examines the understandings, skills, and architecture of the curriculum framework .

**Make Learning Memorable: Implementing Memory Strategies in an AP Course**

This session highlights instructional and assessment strategies founded on memory research, particularly testing, spacing, and imagery effects.

**Maximizing the Potential of the Interpretive Mode for Cultural Connections**

Students need inspiration to connect with resources outside the classroom. This session will provide teachers with a ready-made project that guides students to grow in language skills.

**Multiple Representations in AP Chemistry**

This session will focus on strategies for integrating multiple representations into all different types of AP Chemistry learning activities.

**New Formative Assessment Tools for AP Calculus**

This session is an introduction to new formative assessment tools that the College Board will be launching in August for AP Calculus.

**New Resources for AP Physics 1 Students**

An introduction to the new AP Physics 1 student workbook.

**Overview of the AP Registration and Ordering System**

Receive an overview of the new AP Exam management tool for coordinators—the new AP Registration and Ordering System.

**Project-Based Learning in Computer Science: Beyond the Birdhouse**

**Registration/Check-In      Thursday Workshops****Main Conference      Sunday Workshops**

review the results for the 2019 exam.

**Results from the 2019 AP Microeconomics Exam**

Participants will review the results from the 2019 AP Microeconomics Exam and learn about student performance on the free-response questions.

**Results from the 2019 AP U.S. History Exam**

Participants will explore the test construction, scoring decisions, and student exam performance on free-response questions from the 2019 AP U.S. History Exam with the chief reader.

**Results from the 2019 U.S. Government and Politics Exam**

Participants will examine the results of the 2019 AP U.S. Government and Politics Exam.

**Scaffold and Release: Preparing ELLs for the AP Literature Exam**

This session will focus on a method for building a proper foundation for ELLs in AP Literature to teach them how to organize and expand writing, and add voice to create more authentic essays.

**Scientific Argumentation in AP Physics 1**

The findings of a doctoral study exploring the development of scientific argumentation skill in AP Physics 1 students will be presented.

**Stayin' Alive! Keeping the "AP Vibe" Going After the Summer Boot Camp**

Administration and faculty from Pinecrest Prep Academy will share the "how to" of their schoolwide AP plan to engage and support students.

**Stranding Laboratory Experiences in AP Biology**

Explore ways in which stranding laboratory experiences together can make meaningful connections and allow the student to gain technical skills.

**Strategies Stolen from the Virtual Classroom**

Participants will learn to reach students by exploring tools, such as online mock exams and virtual communication, that allow students the flexibility to participate in AP activities.

**Swim, Don't Sink: Overcoming Obstacles in Historical Text Analysis**

This session provides Pre-AP social studies teachers with a strategy that targets students who may have vocabulary deficits.

**Registration/Check-In      Thursday Workshops****Main Conference      Sunday Workshops**

Learning about comic and tragic perspectives in literature also allows students to consider how they view events in their own lives.

**Theme-Based Teaching and Learning in AP Chinese**

This presentation deals with the theme-based language teaching approach that situates language learning in thematic units for AP Chinese.

**Using Historiography and Historical Research Skills Within the AP Framework**

Learn how to implement historiography and historical research skills while prepping students for the AP Exam.

**Using Kinesthetic Learning Activities to Teach AP Computer Science A Topics**

See how several AP Computer Science A topics can be introduced through kinesthetic learning activities.

**Where Analog and Digital Meet—Using Shakespeare e-books in the Classroom**

In this highly participatory session, choral readings, close readings, and careful analysis using digital tools will take place in order to illuminate Shakespeare's work.

**Writing to Learn and Student Self-Assessment in AP and Pre-AP History Classes**

Participants will learn how to scaffold historical writing skills to support learners with varying degrees of readiness for AP history classes.

**¡Tengo hambre! Navigating the Topic of Food in Language and Culture Courses**

Explore the topic of food, from novice descriptions of meal preferences to AP-level questions related to the AP course themes of global challenges and contemporary life.

11:30 a.m.–12:30 p.m.

**Lunch**

12:30–1:30 p.m.

**Plenary**

1:45–3 p.m.

**Concurrent Sessions****+****A New Look: AP Score Reporting**

Learn about the newly re-designed AP Score Reports for Educators portal and available reports in 2019.

**Registration/Check-In      Thursday Workshops****Main Conference      Sunday Workshops****All Math Is the Same: Unlocking the Power of the Integral**

A look at how the differential unites the major topics in calculus and shows all integrals are the same regardless of the context they are used in.

**Analysis Writing Instruction That Moves You (and Your Students)**

This session will provide participants with creative and interactive strategies for teaching analysis writing.

**AP with WE Service: Implementation Strategies for all AP Courses**

Interested in learning how AP with WE Service could fit in your course? Join us for this implementation workshop.

**Building Confidence by Bringing Calculus into the Pre-AP Classroom**

Help your students build confidence in mathematics by practicing the Mathematical Practices for AP Calculus (MPACs) that are emphasized in your Pre-AP math classes.

**CANCELED Differentiation and AP Environmental Science for Homeschoolers and Non-traditional Students**

Unlike traditional high school students, homeschoolers have variable science backgrounds, thus offering instructors opportunities for differentiation.

**Cognitive and Brain-Based Strategies in the AP Classroom**

Explore how learning and memory work, the cognitive challenges students face, and practical strategies that can overcome these challenges.

**Correlation and Regression Methods—Is Inference Always Appropriate?**

Connections will be made through all AP Statistics correlation and regression content, with determination of when inference is appropriate.

**Data Analysis in Pre-AP Biology with HHMI BioInteractive**

Explore how HHMI BioInteractive lessons support authentic data analysis experiences for student in Pre-AP Biology. Resources and strategies included.

**Dialectical Journals: Conquering Diabolical Aspects of Analysis**

Analysis is a cumbersome charge even for the most skilled—the devil is in the details. Dialectical journals aid in conquering this difficult task.

**Empowering Students and Building Confidence**

Attendees will see how students at one high school engage in mentoring for

**Registration/Check-In****Thursday Workshops****Main Conference****Sunday Workshops****Exploring Sustained Investigation Through a Small Series of Artworks**

Learn how to help your AP Art and Design students to successfully narrow their focus and begin a small series of works for sustained investigation.

**Framework to Solve Extreme Value Problems in AP Calculus**

Explore a framework that can be used to help students understand, organize, solve and present their work on extreme value AP Calculus questions.

**How Noir Can Show Us the Light: Solving the Mystery of a Challenging Poem**

How AP English Literature students can use tried and true techniques from detective fiction to find the clues necessary to “catch” an elusive poem.

**How Our School Grew the AP Program in Two Short Years**

The leadership of a large suburban high school shares strategies to increase participation in AP using relevant data points and stakeholder education.

**Infusing Psychological Wisdom into the New AP 2019 Resources and Processes**

A discussion of student- and teacher-based growth mindset and persistence support implemented in pilot work on the AP 2019 resources and processes.

**Instructional Approaches for AP Physics**

Learn new strategies for incorporating the teaching of content and skills in all four AP Physics courses.

**Integrating Content and Skills in AP U.S. Government and Politics**

Hear master teachers share their strategies for integrating the teaching of content and skills. Walk away with some classroom-ready strategies.

**Making AP U.S. History More Than Just a Lecture Course**

In this session AP U.S History teachers will be shown how to transform the course so that it still has a lecture component but also contains engaging activities and lessons.

**New Labs for AP Computer Science A**

This interactive session will introduce participants to newly released labs for AP Computer Science A, including their alignment to the curriculum.

**New Resources for AP Macroeconomics and AP Microeconomics**

**Registration/Check-In      Thursday Workshops****Main Conference      Sunday Workshops**

argumentation skills and increases student engagement and success.

**Results from the 2019 AP Computer Science Principles Exam**

Participants will examine the results of the 2019 AP Computer Science Principles assessment with the AP Computer Science Principles chief reader.

**Socratic Symposium: Synthesizing Perspectives Through Discussion**

Participants will discuss strategies for helping students to move past “being right” to engaging in dialogue and attaining a deeper understanding of an issue.

**Supporting Student Success Through Narrative Writing**

Support AP seniors through teaching the academic, narrative essay for college admissions and transfer learned skills to AP English exam success.

**Teaching Neurotransmission in AP Psychology with a Digital Escape Room**

Participants will learn to use a digital escape room to teach neurotransmission in a rigorous and collaborative way.

**The Power of Poetry Through Online Interaction**

The session will focus on guiding teachers to carry out online interactions between Mexican and American students who write and share poetry.

**User-Friendly DBQ Practices, Without the Essays**

In this session attendees will learn a document-based game that allows students to practice skills necessary to master the DBQ without teachers having to grade hundreds of essays.

**Using and Designing Graphic Organizers and Evaluation Sheets for Section II of the AP Exam**

In this session, participants will learn how to use and design various graphic organizers and evaluation sheets, which can then be implemented in their school or classroom.

**When Less is More: Using Excerpts to Raise Scores**

Using varied passages from novels and plays increases exposure, fosters engagement, and improves analysis of literature, in preparation for the AP English Literature and Composition Exam.

## Part III: Sunday Workshops

**Registration/Check-In      Thursday Workshops****Main Conference      Sunday Workshops**

7 a.m.–Noon

**Registration**

8:30 a.m.–1 p.m.

**Sunday Workshops**

+

**Strengthen Your AP Program: Administrators Workshop for New and Experienced Administrators (1)**

Strengthen Your AP Program: Administrators Workshop for New and Experienced Administrators (1)

**Strengthen Your AP Program: Administrators Workshop for New and Experienced Administrators (2)**

Pre-AP Social Studies: Source Sets and Document Analysis One Day Workshop

10–10:15 a.m.

**Break**

Noon–1 p.m.

**Lunch**

School employee requesting trip.

Full Name Michele Hale

Date of Request 01/27/2020

Name of Organization, Grade Yukon Public Schools, Curriculum

Departure Date of Trip 04/01/2020

Return Date of Trip 04/05/2020

Departure Time 8:00 am

Departure Location OKC

Number of Days 5

Means of Transportation

- Airline
- School Vehicle
- Private Vehicle

Number of Students Participating 0

Number of Parents/Guardians Attending 0

Age of Students 0

Place, Purpose, and Nature of the Trip

Chicago, Illinois - National Council Teacher of Mathematics Annual Conference

If booster club is paying an amount is required. If activity fund is being used, a PO number and amount is required.

Cost Analysis

Registration Costs /PO Number: 437.95/201646

Lodging Cost/PO Number: 1056.60/201654

Airfare or Personal or District Vehicle

Transportation Costs/PO Number: 500.00/201639

Per diem (meals, taxi/uber, parking): 442.00/201649

Cost of a Substitute: 0

Will Participation Lead to Further Competition?

- Yes
- No

If Yes, Explain

*Educational Benefits*

This is an opportunity to expand both local and national networks in the mathematics community. It can also help find the information needed to prepare PK-12 students for college and career success.

Participants attend this conference to—

- improve their knowledge and skills with high-quality professional development and hands-on activities;
- gain insights by connecting and sharing with like-minded educators;
- collect free activities that will keep students engaged and excited to learn; and
- learn from industry leaders and test the latest educational resources.

# Registration Information

REGISTER ONLINE: [nctm.org/100](https://nctm.org/100)

Phone: (800) 561-6691 (toll-free); (514) 228-3172 (international)

Mail/fax: For a paper registration form, visit [nctm.org/100](https://nctm.org/100)

## Early-Bird Registration through **March 6, 2020**

Regular Registration  
Continues through  
March 31, 2020

On-site Registration  
Begins  
April 1, 2020

### DISCOUNTED NCTM MEMBER REGISTRATION RATES

Essential and Intro	<b>\$405</b>	\$445	\$485
Premium	<b>\$355</b>	\$390	\$424
Emeritus & Life Members	<b>\$275</b>	\$295	\$315
Student Member	<b>\$203</b>	\$223	\$243
Student Member One-Day	<b>\$172</b>	\$189	\$206

### NONMEMBER REGISTRATION RATES

Nonmember Full Registration	<b>\$507</b>	\$557	\$606
One Day Nonstudent	<b>\$374</b>	\$394	\$414
Student Nonmember	<b>\$253</b>	\$273	\$293
Nonteaching Guest	<b>\$275</b>	\$295	\$315

### GROUP REGISTRATION RATES

Register a group of five or more and receive a 15% discount off the individual nonmember rate. Rates are per registrant, for registering groups of five or more.

Group	<b>\$430</b>	\$475	\$515
-------	--------------	-------	-------

### METHODS OF PAYMENT

NCTM accepts the following payment methods for registration:

- **Check/money orders:** Made payable to NCTM in US dollars drawn on US bank accounts
- **Credit Cards:** Visa, MasterCard, and American Express
- **Purchase Orders:** Registrants must include a signed copy of the purchase order with the registration form

### HOTELS

Reserve your room now for NCTM's headquarters hotels—**Hyatt Regency McCormick Place** and **Marriott Marquis Chicago**—or one of the NCTM official hotels to secure your preferred room at the best rate. Make your reservations through NCTM's housing partner, MCI USA, by March 1 to be entered to win a free night at your confirmed hotel. Visit [nctm.org/100](https://nctm.org/100) for more information.

**DOWNLOAD THE NCTM CENTRAL APP** to stay up-to-date on sessions, events, and news while you're in Chicago.

A free app for Apple and Android devices and a web app for desktop use

# Featured Speakers

## Opening Keynote

WEDNESDAY, APRIL 1, 5:30-7:00 P.M.

**Dr. Christine Darden**, National Aeronautics and Space Administration (NASA), Retired

From cutting open a “talking doll” at age five to see what made her talk, to helping her dad with their car as a child, to her love of the physical sciences and ultimately to her love for plane geometry in high school, her experiences ultimately led her to positions as a “human computer” and an aerospace engineer at NASA, where she worked for forty years, including twenty-five years as a researcher in sonic boom minimization and finally in senior leadership.

## Iris M. Carl Equity Address

FRIDAY, APRIL 3, 11:00 A.M.-12:00 P.M.

**Nora G. Ramirez**, Mathematics education consultant and author

Nora G. Ramirez is the Executive Director of TODOS: Mathematics for ALL and a mathematics education consultant working in urban, suburban, and rural school districts. She is a founding member and past president of TODOS, a past member of the NCTM Board of Directors, a Past President of the Arizona Association of Teachers of Mathematics (AATM), and a past member of the Advisory Committee to the NSF Education and Human Resources Directorate. In 2014, she received the Iris Carl Equity and Leadership Award from TODOS.

## Closing Keynote

SATURDAY, APRIL 4, 12:30-1:30 P.M.

**Dr. Eugenia Cheng**, Scientist-in-Residence at the School of the Art Institute of Chicago

Dr. Eugenia Cheng was an early pioneer of math on YouTube, and her videos have been viewed more than 15 million times. In addition to teaching undergraduates, she has assisted with mathematics in elementary, middle, and high schools for 20 years. She is the author of popular math books “How to Bake Pi,” “Beyond Infinity,” “The Art of Logic,” and “ $x + y$ : a Mathematician’s Manifesto for Rethinking Gender” (out in 2020). Eugenia is also a columnist for the *Wall Street Journal* and a concert pianist.

## Other Featured Speakers

**Marilyn Burns • Jo Boaler • Lisa Lunnay Borden  
Christopher Danielson • Lee Stiff • Graham Fletcher  
Mathical Book Prize Winning Authors**

# Centennial Annual Meeting Strand Topics

## Implement the Effective Teaching Practices

Sessions highlight the eight Effective Mathematics Teaching Practices as defined in *Principles to Actions: Ensuring Mathematical Success for All* and include classroom-tested activities that allow all students to engage with and find success in mathematics.

## Experience the Depth and Excitement of Mathematics

Sessions about experiencing the wonder, joy, and beauty of mathematics will help participants build deeper understanding of essential ideas and concepts about fundamental topics in mathematics.

## Look Back and Move Forward: A Centennial View

This centennial event is a time for celebrating the successes of NCTM and the progress of mathematics education. Sessions offer a centennial perspective on what has been done and learned about teaching and learning as well as obstacles facing our profession and visions for mathematics education for the next 100 years.

## Create Positive Change

Sessions explore ideas related to enhancing mathematics learning cultures in classrooms, schools, districts, and beyond. Effective professional learning structures and tools will also be explored. This strand provides space to examine systemic structures that promote sound, equitable mathematics teaching and learning for all students.

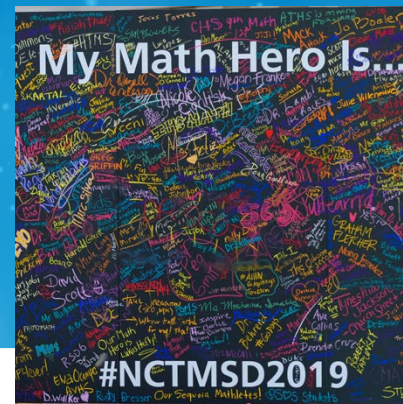

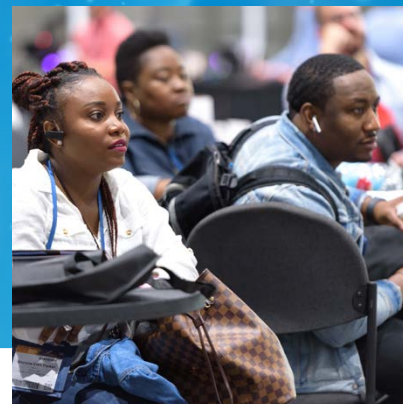

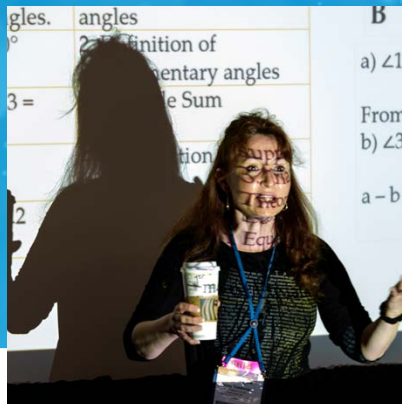

## Build Student Agency, Foster Student Identity, and Promote Social Change

This strand focuses on developing ways to build student agency, foster student mathematics identities, and promote social change. Sessions focus on strategies that support and empower students to take risks and position them as doers of mathematics.

TO LEARN ABOUT CONFERENCE PRESENTATIONS AND SPEAKERS, VISIT [nctm.org/100](https://nctm.org/100)

EARLY-BIRD DEADLINE:  
March 6, 2020

# Special Centennial Events: *See What 100 Looks Like!*

- Author Panels—meet authors of your favorite NCTM Books
- Live Classroom Observation
- Tasks That Transcend Time
- Amazing Deals at the NCTM Bookstore
- Networking Lounge
- Interactive Games Using the NCTM App
- Infinity Bar—meet individually or in small groups with your favorite speakers
- New Teacher Strand
- Shared Interest Groups Space
- ShadowCon
- Ignite
- And more!

## Find Solutions in the Exhibit Hall

Meet product specialists, get fresh ideas, and learn how products can help you in the classroom.

## Fun and Healthy Activities!

- Pi Run (3.14K fun run)
- Sunrise Yoga
- Wellness Workshops
- Game Night

School employee requesting trip.

Full Name Shane Schock

Date of Request 02/20/2020

Name of Organization, Grade Football Coaches

Departure Date of Trip 03/10/2020

Return Date of Trip 03/14/2020

Departure Time 4 PM

Departure Location Wellness Center

Number of Days 4

Means of Transportation

- Airline
- School Vehicle
- Private Vehicle

Number of Students Participating none

Number of Parents/Guardians Attending none

Age of Students none

Place, Purpose, and Nature of the Trip

Campus visit with offensive staff (Coach Reed, Hahn, Webb) at Kennesaw State University. KSU was the leading rushing team in FCS.

If booster club is paying an amount is required. If activity fund is being used, a PO number and amount is required.

Cost Analysis

Registration Costs /PO Number: Booster Club

Lodging Cost/PO Number: Booster Club

*Airfare or Personal or District Vehicle*

Transportation Costs/PO Number: Booster Club

Per diem (meals, taxi/uber, parking): Booster Club

Cost of a Substitute: Athletics

Will Participation Lead to Further Competition?

- Yes
- No

*If Yes, Explain*

*Educational Benefits*

To explore and further our knowledge of the triple offense. This trip is also to gain ideas and teaching points to bring back to YHS. KSU has made this visit exclusive to YHS staff only.

During this day and a half event focused on K-12 youth apprenticeships, you will hear from students about the direct impact of youth apprenticeships, as well as from leading superintendents and their community partners about successful program implementation and practices. Additionally, you will have the opportunity to network and collaborate on what is next for youth apprenticeships in your district and across the country.

St. Louis, MO for NSPRA Conference (National School & Public Relations Association). Larrissa has received the NSPRA scholarship to attend this conference and all registration costs are being covered by the scholarship. In addition, Larrissa has been nominated to join the NSPRA Board as an officer for the upcoming year.

The NSPRA National Seminar is the largest gathering of school communication professionals in North America, bringing together outstanding experts and practitioners in communication and leadership for four days of collaboration and learning.

*Educational Benefits*

School public relations professionals and educational leaders must demonstrate accountability and student achievement in local schools like never before. You need public engagement. And, you need clear communication to get your messages heard and strengthen the connection between your schools and your community.

Larrissa will learn innovative and strategic ways to deliver key messages about our schools, foster open and honest dialogue with stakeholders, and develop dynamic internal and external communication programs. Larrissa will have the opportunity to meet some of North America’s leading communication experts and school PR pros who will help build trust, understanding, support, and respect for our schools.

## Keynote Speakers to Inspire the Best

Shining a spotlight on the value of schools and the professionals who provide, our keynote speakers will drive your passion and provide the tools to be strong advocates for your students.

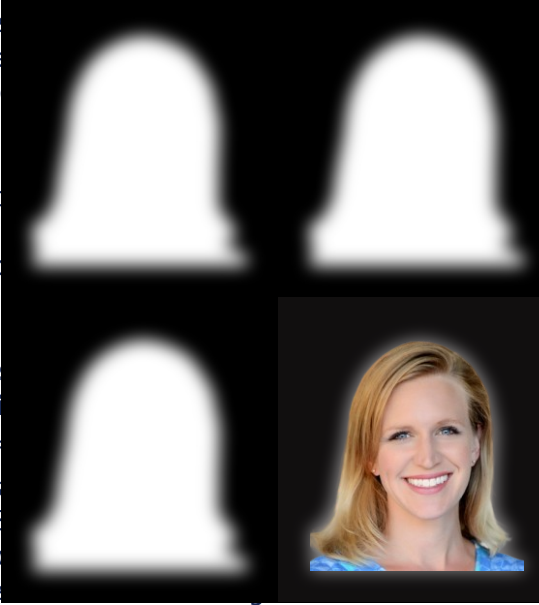

### Kevin Brown: The Hero Effect: Creating a Culture of Heroes at Every Level

Brown's unconventional path to business and personal success taught him that winning in business and in life requires anything but conventional thinking. He has been a highly sought-after speaker for such clients as Siemens, State Farm, Delta Airlines, and more. In his career in sales and worked in the executive boardroom. In 1998, he joined a company as an expansion manager and grew it from 847 to nearly 100,000 employees. He is passionate about helping people expand their businesses and grow their results. A powerful blend of humor and practicality, his presentations are filled with takeaways.

### Amy Blankson: Fearless Mindset to Thrive During Uncertainty

The bestselling author of *How to Thrive During Uncertainty*, Blankson is the only person to have been named 'Light' from two sitting U.S. Presidents. She graduated from Harvard College and earned her MBA in Business Management, she focuses on helping individuals to cultivate happiness in a digital era. She co-founded the Digital Wellness Collective, is a member of the U.N. Global Happiness Council, and is currently working with the IEEE to create standards for well-being in the creation of artificial intelligence and emotion awareness.

When communication professionals and superintendents from the same district register together, each receives a \$150 discount when they register. A total of \$300 savings for the two registrations. No other discounts apply.

(See the back page for more multiple discounts.)

## Meet Us in St. Louis!

Ever since the first train pulled in on September 1, 1894, St. Louis has been known as the Gateway to the West. The newly renovated St. Louis Union Station Hotel balances nostalgia, style, and sophistication. The welcoming Grand Hall features elegant historic touches, the hand-crafted stained glass Allegorical Window, 65-foot vaulted ceilings and a daily 3D light show. Plus, you can get a bird's-eye view of the original train shed and the iconic St. Louis skyline from the 200-foot St. Louis Wheel or visit the St. Louis Aquarium.

NSPRA's special rate of \$190 per night (+ tax), single or double occupancy, includes complimentary Internet access in the guest rooms. The group rate is available until June 8, 2020, or until the block is filled. Reservations made after NSPRA's room block is filled or after the cut-off date will be based on availability and will be at the prevailing rate.

Make your reservation at [www.nspr.org/seminar-hotel](http://www.nspr.org/seminar-hotel).

**Book now! Space is limited.**

March 2nd, 2019

Dear members of the Board of Education:

On behalf of the Academic Calendar Committee, I ask that you vote to approve Option A for the 2021-2022 Academic Calendar. I have included the summary of the survey below, as well as all three calendar choices from which our certified staff could choose.

Pick one of the three choices below for the 2021-2022 academic calendar.

245 responses

Sincerely,

Jason D. Brunk

Gentlemen:

1. The undersigned, being familiar with the local conditions affecting the cost of the work, and with the Contract Documents, including the Solicitation for Bids Notice, Standard Provisions for Construction Contracts, General and Specific Specifications, Drawings and Addenda (acknowledged below), on file in the office of the Owner (Public Agency), and in accordance with the provisions thereof, hereby proposes to furnish all labor, materials and equipment necessary for the following, in accordance with the plans and specifications for:

**High School Turf and Track Replacement**

Architect's Project Number: 2007

2. In submitting the bid, it is understood that the right is reserved by the Owner (Public Agency) to reject any and all bids, and it is agreed that this bid may not be withdrawn for a period of thirty (30) days after the date of closing of same. Work is to start within ten (10) days after receipt of Notice to Proceed.

3. If the bid is for \$50,000 or more, it shall be accompanied by a certified check or a cashier's check made payable to the State of Oklahoma on behalf of the awarding Public Agency, or a Corporate Surety Bond of a surety company duly authorized to do business in the State of Oklahoma, in the sum of five percent (5%) of the total amount of the bid which is submitted as bid security, conditioned upon the Bidder's entering into a contract with the Owner (Public Agency) in accordance with the terms of the bid. It is agreed that said bid security of the successful bidder will constitute liquidated damages, and not a penalty for the failure of the bidder to enter into a contract in accordance with this bid.

4. Catalogues, drawings, specifications, performance data, and other descriptive information of special equipment or other items required by the specifications, are included herewith, in duplicate.

5. **High School Turf and Track Replacement** - We propose to complete the Work no later than **July 15, 2020.**

6. BASE BID:

**Annual Maintenance Contract**

This contract is between **Red Earth Landscaping 6609 N Western #199, Oklahoma City, OK 73116**, hereinafter known as “**Company**” and **Yukon Public Schools**, hereinafter known as “**Customer**”.

It is hereby agreed that Company will provide the services indicated on the “**Annual Maintenance Contract**” included with this contract for the times indicated. The terms of this contract shall begin at the dates listed below and automatically renew annually. The Company may suspend or terminate services for late payment, if Customer has failed to pay within ten (10) days after Company sends written notice of non-payment to Customer. Either party, upon thirty (30) days prior written notice to the other party, may terminate this contract. If the contract is terminated prior to contract ending date by either party, it will be subject to reconciliation.

The Company will perform all exterior landscape maintenance specified for the entire period of the contract for the total annual sum of **\$ 180,910**. Billing shall be done on a monthly basis of **\$ 15,075.83**. Payments are due on receipt of invoice.

**CONTRACTOR LIABILITY**

The company’s liability shall be limited to the following:

1. The Company shall be responsible for repairs of any damage to the property caused by the Company and/or the Company’s employees.
2. The Company shall not be responsible for damage or death of plant materials caused by circumstances beyond Company’s control or Acts of Nature. The services of the Company can be delayed for a reasonable length of time due to Acts of Nature or circumstances beyond the Company’s control. If the Company is unable to perform work as outlined due to uncontrollable circumstances or Acts of Nature, the Customer is still required to pay appropriate fees for that period.

**CONTRACT CONDITIONS:** Customer has the responsibility to inspect the property within two (2) days after completion of any work performed by the Company. If the Customer is dissatisfied with any of the work, written notification must be provided to the Company within three (3) days. The Company shall have five (5) days to repair or correct such work at no additional expense to the Customer.

**INSURANCE REQUIREMENTS:** Company shall at all times maintain liability insurance to protect Company and Customer from any claim which may arise out of, or result from, the operation under this contract. The policies of such liability will be written on an “occurrence” basis and will be in the amount of not less than \$1,000,000 in respect of one accident or occurrence. Company shall be responsible for any deductible. Company will provide certificates of insurance upon request.

This agreement shall be governed by the laws of the State of Oklahoma and will be of benefit and binding upon the parties to the agreement. This agreement and the specification for site maintenance is to be considered the only agreement between the parties and supersedes any prior understandings or agreements between the parties with respect to the subject matter contained herein.

**Term of Contract:** Beginning **April 1, 2020 through March 31, 2021**
