A. The Student, a child with a disability as defined by the Individuals with Disabilities Education Act ("IDEA"), 20 U.S.C. §§ 1400, et seq., is a resident of the Resident District for educational purposes and is entitled to receive a free appropriate public education ("FAPE") in accordance with the requirements of the IDEA.

B. The Resident District desires to enter into this IEP Service Agreement with the Receiving District to satisfy its legal obligation to provide the Student with FAPE, in accordance with the IDEA, during the Operative School Year.

C. The Receiving District desires to enter into this Agreement with the Resident District to provide the Student with the special education and related services as identified in the Student's then-current Individualized Education Program ("IEP") in order to provide FAPE in accordance with the requirements of the IDEA during the Operative School Year.

D. The Resident and Receiving Districts understand that if they enter into IEP Service Agreements for three (3) consecutive years for this Student, the Agreement will be automatically renewed for each subsequent year, and that, in that event, the Resident District will continue to pay tuition to the Receiving District as provided by law.

E. The Resident and Receiving Districts understand that compliance with any requirements of Section 504 of the Rehabilitation Act and the Americans with Disabilities Act during the Operative School Year shall solely be the responsibility of the Resident District even though the Student is attending school in the Receiving District.

Therefore, the parties agree as follows:

1. The term of this Agreement extends from the first instructional day to the last instructional day of the 2025-26 school year. During the term of this Agreement, either party may terminate the Agreement upon thirty (30) days' advance notice in writing to the other party. The terminating party will also notify the Student's parent(s) or guardian(s) in writing thirty (30) days in advance of the termination date.
2. During the term of this Agreement, the Receiving District will provide all special education and related services identified in the Student's then-current IEP for the purpose of providing FAPE as required by the IDEA, except as specifically set forth below in #3 of this Agreement. The parties to this Agreement understand that the Student's IEP may be amended and that a new IEP may be developed during the term of this Agreement, and the parties intend that the Receiving District implement the amended,

interim or subsequent IEP as well as the IEP in place at the time this Agreement takes effect.

3. The Resident District will provide the following special education and related services to the Student as identified in the Student's then-current IEP:

a. Transportation to and from school at the Receiving District

4. The Receiving District will issue the Student progress reports and report cards following the same procedures it applies to all other students, or as otherwise required under the Student's then-current IEP.

5. The Student will have the opportunity to participate in all educational and extracurricular programs, events and activities available to other students of the same age and grade attending the Receiving District, subject to all eligibility requirements applicable to similarly situated students residing in the Receiving District. To the extent that the Student requires accommodations in order to be provided FAPE under Section 504 of the Rehabilitation Act, or accommodations pursuant to the Americans with Disabilities Act, all such accommodations, plans and related expenses shall be responsibility of the Resident District and at the sole expense of the Resident District.

6. If the IEP team or Review of Existing Data group determines that reevaluation or further evaluation of the Student is necessary under the IDEA, the Resident and Receiving Districts will jointly determine who will administer the evaluation, how it will be administered, and who shall bear all related expenses.

7. The Resident District is legally and financially responsible for the provision of FAPE to the Student, as the term "FAPE" is defined under the IDEA and Section 504 of the Rehabilitation Act. The Resident District is responsible for the development and implementation of the Student's IEP(s) and any Section 504 Accommodation Plans. In the event a due process complaint initiated under the IDEA or Section 504 of the Rehabilitation Act ("Complaint") is filed concerning the Student, the Resident District will be legally and financially responsible for that Complaint and, to the extent permitted by law, will indemnify and hold harmless the Receiving District for any expenses the Receiving District incurs in responding to that Complaint, including but not limited to attorney's fees and costs.

8. The Receiving District will use reasonable efforts to comply with the procedural safeguards set out in the IDEA and the then-current versions of the Oklahoma Special Education Handbook and Special Education Policies promulgated by the Oklahoma State Department of Education in its delivery of special education and related services to the Student under the IDEA.

9. The Primary Contact or designee for the Receiving District will schedule IEP and IEP Review meetings for the Student. To provide the Resident District the opportunity to participate, the Primary Contact or designee for the Receiving District will provide reasonable advance notice of every such meeting to the Primary Contact at the Resident District.

10. The Primary Contact or designee at the Receiving District will promptly notify the Primary Contact at the Resident District of every proposed disciplinary removal that would constitute a change of placement for the Student under the IDEA or Section 504 before that disciplinary removal is implemented.

11. The Primary Contact or designee at the Receiving District will use reasonable efforts to advise the Primary Contact at the Resident District of concerns about the Student's special education and related services expressed by the Student's parent(s) or guardian(s). Personnel at the Resident and Receiving Districts will use reasonable efforts to cooperate and resolve disagreements concerning appropriate special education and related services for the Student, implementation of the Student's then-current IEP, and any other issues that may arise.

12. All funds generated for the Student from local, state or federal funds will remain with the Resident District. The Resident District will include the Student on its Child Count. The Student's average daily membership will be credited to the Resident District.

13. The Resident District will pay the Receiving District the sum of \$13,389.64 as tuition for the delivery of special education/related services and ELL services to the Student provided in accordance with the requirements of IDEA. This amount includes the cost of all educational and related services that the Receiving District could reasonably anticipate based upon review of the Student's current IEP. The Receiving District will promptly provide the Resident District a detailed breakdown of the tuition amount upon request. If the IEP team amends the Student's IEP or develops another IEP that increases the cost of services to the Receiving District, the parties to this Agreement will mutually consider and negotiate any increase in the tuition amount sought by the Receiving District to cover the increased cost of services.

14. Any amounts the Receiving District receives as the result of billing Medicaid for IDEA associated services it provides to the Student during the term of this Agreement will be credited against the Resident District's tuition obligation.

15. The parties will not identify the Student as a transfer student for student information purposes.

16. This Agreement contains the entire agreement of the parties. Any changes to this Agreement will be made in writing and signed by both parties.

WIRE FRAUD ADVISORY

The ability to communicate and conduct business electronically is a convenience and reality in nearly all parts of our lives. At the same time, it has provided hackers and scammers new opportunities for their criminal activity. Many businesses are victims and the real estate business transaction is no exception.

While wiring funds is a welcome convenience, buyers and sellers need to exercise extreme caution. Emails attempting to induce fraudulent wire transfers have been received and have appeared to be legitimate. Reports indicate that some hackers have been able to intercept emailed wire transfer instructions, obtain account information and, by altering some of the data, redirect the funds to a different account. It also appears that some hackers were able to provide false phone numbers for verifying the wiring instructions. In those cases, the buyers called the number provided, to confirm the instructions, and then unwittingly authorized a transfer to somewhere other than escrow. Sellers have also had their sales proceeds taken through similar schemes.

ACCORDINGLY, BUYERS AND SELLERS ARE ADVISED:

- 1. Obtain the phone number of the Escrow Officer at the beginning of the transaction.**
- 2. DO NOT EVER WIRE FUNDS PRIOR TO CALLING YOUR ESCROW OFFICER TO CONFIRM WIRE INSTRUCTIONS. ONLY USE A PHONE NUMBER GIVEN TO YOU PREVIOUSLY. Do not use any different phone number included in the emailed wire transfer instructions.**
- 3. Orally confirm the wire transfer instruction is legitimate and confirm the bank routing number, account numbers and other codes before taking steps to transfer the funds.**
- 4. Avoid sending personal information in emails or texts. Provide such information in person or over the telephone directly to the Escrow Officer.**
- 5. Take steps to secure the system you are using with your email account. These steps include creating strong passwords, using secure WiFi, and not using free services.**

If you receive, or believe you are the recipient of, questionable or suspicious wire instructions immediately notify your bank, the Escrow Holder, and your real estate agent. The sources below, as well as others, can also provide information:

LEASE AGREEMENT

This LEASE AGREEMENT (this "Lease") is made and entered into as of the 7th day of July, 2025 (the "Effective Date"), by and between TOGETHER WE CHURCH, having a notice address of 620 N. Cemetery Road, Yukon, Oklahoma 73099, Attention: Brian Mills, Lead Pastor ("Landlord"), and YUKON PUBLIC SCHOOLS OF YUKON, OKLAHOMA, an Oklahoma public school district, having a notice address of 600 Maple Street, Yukon, Oklahoma, 73099 Attention: Keith Sinor, Superintendent ("Tenant").

WHEREAS, Landlord owns the land and the building located at 620 N. Cemetery Road, Yukon, Oklahoma 73099 and legally described on Exhibit "A" attached hereto (the "Property"), which Property is currently used as a church;

WHEREAS, Tenant has established and currently operates public schools pursuant to applicable Oklahoma statutes, and desires to lease certain portions of the Property for use as a staff day care limited to 80 (eighty) children ages birth to school age and related purposes (the "Day Care") to be known as Young Minds Day Care; and

WHEREAS, Landlord has agreed to lease to Tenant the Leased Premises, as defined herein, on the Property in accordance with the terms, conditions and provisions of this Lease.

NOW, THEREFORE, in consideration of the premises, the mutual covenants herein contained, and other fair and valuable consideration, the receipt and adequacy of which are hereby acknowledged, the parties agree as follows:

1. Lease. Landlord hereby leases to Tenant and Tenant hereby leases from Landlord, certain interior space located within the building located on the Property (the "Building") as shown on the floor plan attached hereto as Exhibit "B" (the "Leased Premises"), which floor plan may be expanded and modified upon each Additional Term hereof, together with all improvements and appurtenances now located on the Leased Premises and including, without implied limitation, a non-exclusive right to use the Common Areas, as defined herein, subject to the terms herein. As used in this Lease, "Common Areas" shall mean those areas on or about the Property used for corridors, restrooms, lobby areas, kitchens, playground, entrances, exits, sidewalks, driveways, parking lots, landscaped areas and other similar facilities provided for the common use or benefit of occupants generally or the public.

2. Term. This Lease shall be for a term commencing on ____ July 1, 2025 and continuing through and including June 30, 2026 at 11:59 P.M. (the "Initial Term"). The

Lease shall be renewed upon written request and approval on an annual basis no later than March 31 prior to the end of the Initial Term or the applicable Additional Term.

3. Rent. Tenant promises and agrees to pay monthly rent ("Rent") to Landlord for the use of the Leased Premises in an amount equal to \$269.23 per school day for a total of 182 days per year totaling \$49,000.00 paid monthly over the 10 (ten) months of use of the Property. Rent shall be due and payable in full on the first (1st) day of each Term beginning July 1, 2025 through June 30, 2026 Any of which is not received by Landlord within ten (10) days after such Rent is due and payable shall be subject to a late charge of five percent (5%) of such amount. The term "Lease Year" shall mean the period beginning July 1, 2025 and ending June 30, 2026, and each successive twelve (12) month period thereafter.

3a. Start-up Costs. For the 2025-2026 school year only, Tennant will pay \$63,610.00 in fees associated with any retrofitting and upgrades deemed necessary by the Landlord and Tenant to ensure the Leased Premises are in working order for the operation of the Day Care. These fees will be paid in one lump sum [OR] in installment payments of \$5300.83 on the 1st day of each term.

4. Use of Premises. Tenant may use the Leased Premises with landlord's approval for staff day care purposes and for all reasonably related and ancillary purposes as well. The Day Care shall initially be located within the Building, limited to 80 (eighty) children ages birth to school age.

5. Joint Use. Landlord shall have exclusive access to and possession of the Sanctuary and the rooms in the Building identified on Exhibit B, which are not a part of the Leased Premises. As to the areas identified on Exhibit B as Shared Spaces, Landlord and Tenant shall both have right to access these areas on days and at times designated by Tenant as "School Days" which will be provided to Landlord prior to the start of the Day Care school year. For the 2025-2026 school year, the start day will be August 1, 2025. Prior to the use of the Leased Premises by the other party, each party agrees to return the Leased Premises to the state in which the incoming party reasonably requires, as such will be determined and agreed upon by Landlord and Tenant. Tenant agrees to have the space cleaned and vacated by 5pm each day of use. Tenant shall be entitled to use any storage space available at the Leased Premises as approved by the Landlord upon written request by the Tenant in connection with such reconfigurations and shall be further entitled to install and utilize, at its cost, additional storage at the Leased Premises for its School-related property.

5.1 Unrestricted Employee Entry. Notwithstanding anything to the contrary in this Lease, only Landlord's employees shall have twenty-four (24) hour per day, seven (7) day per week access to all Common Areas and Shared

Spaces—including hallways, restrooms, kitchens, multipurpose rooms and playgrounds—for lawful church operations such as maintenance, retrieval of supplies, and staff ingress/egress. For avoidance of doubt, such access rights do not authorize Landlord's employees to occupy or remain in any Shared Space concurrently with Tenant's daycare children; Landlord employees shall coordinate with Tenant to ensure that no transient or ongoing presence occurs in any room or playground while daycare children are in use.

5.2 Separation of Children. At no time shall church-related children occupy Shared Spaces concurrently with Tenant's daycare children; church activities and childcare operations shall remain physically and temporally separate.

6. Alterations by Tenant; Leasehold Improvements. From and after the Effective Date, Tenant may make, additions, or improvements to the Leased Premises, including those proposed items set forth on Exhibit "C" attached hereto, at Tenant's sole cost and expense. If Tenant wants to make any additional alterations or improvements, Tenant shall provide plans and specifications to the Landlord. Landlord may, at its sole discretion, determine whether to approve such alterations and improvements in writing. All alterations or additions to the Leased Premises, other than trade fixtures and moveable equipment, whether paid for by Landlord or Tenant, including lighting fixtures, window coverings and floor coverings, shall be deemed a part of the Leased Premises (collectively, the "Leasehold Improvements") and shall become property of the Landlord upon installation and shall not be removed by Tenant upon termination of this Lease unless otherwise agreed upon by the parties. The District shall maintain ownership and control of any small play features that are mobile. At the expiration or earlier termination of this Lease, Tenant shall remove from the Leased Premises all personal property not constituting Leasehold Improvements and such other property installed by Tenant that Landlord reasonably requires, including, without limitation, television mounting brackets, white boards, security cameras, and cables. Removal of the foregoing shall be at Tenant's expense, and Tenant shall repair any and all damage caused by such removal.

7. Maintenance, Utilities and Taxes. Tenant shall be responsible for the maintenance and repair of the interior of Leased Premises to the extent the Leased Premises are used by Tenant including mechanical systems, plumbing, and electrical located in Tenant's exclusive use spaces and all Shared Spaces. Tenant may either undertake repairs and maintenance to be performed subject to Landlord's approval as to the nature of any repairs and maintenance and the qualifications of the persons or companies to be hired or Landlord may undertake the repairs and maintenance to be

reimbursed by Tenant. The Landlord shall be responsible for all taxes and assessments levied or assessed against the Leased Premises, if any.

7.1. Landlord agrees to furnish central heat and air conditioning in season, at such temperatures and in such amounts as are typical for general day care use Monday through Friday, from 6:30 A.M. to 4:45 P.M., (subject, however, to modification in hours of operation, temperatures, or otherwise due to governmental laws, rules, regulations or recommendations).

7.2. Landlord agrees to furnish water for drinking, lavatory and toilet purposes drawn through fixtures installed by Landlord or by Tenant with Landlord's prior written consent, and hot water for lavatory purposes from regular Building supply at the prevailing temperature.

7.3. Landlord agrees to furnish electrical service necessary for general school use. Landlord further agrees to provide routine repair, maintenance and electrical lighting services, all standard fluorescent light bulbs and all other light bulb replacements in all Common Areas and Shared Spaces. If Tenant determines to acquire and use in the Premises equipment, machinery, appliances or lighting fixtures requiring a power supply which cannot be furnished or supplied through the power outlets originally installed by Landlord for use of Tenant in the Leased Premises, Tenant agrees to pay all costs of furnishing and installing wiring, piping, outlets or other equipment to provide such power supply. If Tenant adds equipment that will materially change the expected utility usage of the facility, both parties will work towards a solution of funding the increased utilities.

7.4. During the Term, Landlord agrees to furnish normal janitorial service on Sundays and any other such days on which the Building is used by Landlord and such service is required. Landlord agrees to provide a designated janitorial closet for use by Tenant. Landlord will ensure that leased space will be thoroughly cleaned by the end of each day's use for the occupation and use by the Landlord.. Landlord shall be solely responsible for the procurement, installation, maintenance and cost of all consumable supplies used in permanent dispensing fixtures located in the Common Areas and Shared Spaces. This obligation specifically includes, but is not limited to, mounted or automatic soap dispensers, automatic paper-towel dispensers, toilet-paper dispensers, hand-sanitizer stations, and all associated refills, cartridges or rolls required to keep such fixtures stocked and operational. Tenant will notify Landlord in a timely manner when such consumable supplies used in permanent dispensing fixtures needs to be replaced.

7.5. During the Term, each party shall take good care of the Shared Spaces and Common Areas to the extent resulting from such party's use of the Shared Spaces and Common Areas as set forth in Section 5 hereof and shall keep the same in a clean, orderly, sightly and healthy condition, free from waste, insects, rodents and other pests, and in good repair, all according to applicable statutes and ordinances in such cases made and provided, all at their own expense.

7.6. Tenant shall have the right to secure those areas to which it has exclusive access, in any way it deems fit at any time during the Term; provided however, that Landlord will be provided with keys, codes or combinations providing access when and if necessary. The parties agree to cooperate with one another in determining and installing all security measures and systems the parties reasonably deem necessary or desirable, including but not limited to installation of locks, doors, security systems, cameras, key fob access systems, or other barriers at the Tenants own cost with at least 7 days notice. If Tenant loses a key, the Tenant shall be responsible for rekeying the building at cost of the Tenant.

7.7. During the Term, Landlord shall pay directly to the service provider all costs for providing the Building with electricity, gas, water, sanitary sewer and trash.

7.8. The parties acknowledge and agree that no external, internal or underground storm shelters are currently located or installed at the Leased Premises or Building.

7.9 The tenant is responsible for removing any snow/ice during bad weather if they choose to open. Tenants will also assume responsibility for any liabilities that happen if the Tenant chooses to open during any snow/ice during bad weather days.

7.10 The Landlord will ensure there are sufficient smoke detectors, CO2 detectors and fire extinguishers in the Shared Space. Any additional safety equipment required specifically for a daycare shall be provided by Tennant.

7.11 The Landlord will allow Tenant to have its own phone line installed in the Shared Space. Tenant will be responsible for the cost of installation and billing.

8. Assignment and Subletting. Tenant may not sublet or assign this Lease.

9. Insurance and Risks. At all times during the Term, Tenant shall maintain in full force and effect (a) comprehensive general liability insurance policy with respect to Tenant's occupancy and use of the Leased Premises including abuse and molestation coverage, (d) commercial general public liability and property damage insurance, and (e) workers compensation insurance. General liability coverage by state law shall be a maximum of \$25,000.00 per occurrence for property damage, and \$125,000.00 for any other loss, single act or occurrence, \$1,000,000.00 for any other claims arising out of a single occurrence or accident [Oklahoma Governmental Tort Claims Act]; workers' compensation insurance shall be \$1,000,000.00 minimum; and umbrella/excess liability of a maximum of \$1,000,000.00. Tenant shall provide Landlord with a binder or certificate of insurance which shows that Tenant has obtained the appropriate insurance, that Tenant has paid the premiums, and that the carrier cannot cancel or make a material change to the insurance without thirty (30) days' prior written notice from the carrier to Landlord.

10. Signs. Subject to approval by Landlord and compliance with applicable codes and restrictions, Tenant may place non-permanent signage on or about the exterior of the Property and within the Building for purposes of identification of the entrance to the Leased Premises, different areas of the Day Care; provided, however, no such signage will obstruct any existing Landlord signage, and all such signage shall be removed at the expiration or earlier termination of the Lease.

11. Indemnification. To the extent allowed by Oklahoma law, Tenant will at all times protect, save harmless and indemnify Landlord and its Board, directors, agents, staff, and employees against all causes of action, claims, demands, suits, judgments and liabilities of every kind and character which may arise, be imposed, or be incurred as a consequence of or arising out of any act, default, negligence or omission, willful or otherwise, on the part of Tenant, its agents, employees or invitees, or arising out of the conduct by Tenant of its business upon the Leased Premises or the Common Areas. Landlord will at all times protect, save harmless and indemnify Tenant and its trustees, directors, agents and employees against all causes of action, claims, demands, suits, judgments and liabilities of every kind and character which may arise, be imposed, or be incurred as a consequence of or arising out of any act, default, negligence or omission, willful or otherwise, on the part of Landlord, its agents, employees or invitees, or arising out of the conduct by Landlord of its business upon the Leased Premises or the Common Areas.

12. Waiver of Subrogation. Notwithstanding anything to the contrary herein contained, the parties hereto expressly waive any right of recovery against each other that either may have by virtue of any loss or damage to the Leased Premises caused by fire, windstorm, or other risks of the type covered by a standard fire insurance policy,

with extended coverage endorsement. Landlord and Tenant agree to use their best efforts to obtain a waiver of subrogation endorsement to their respective hazard insurance policies.

13. Loss or Damage to Leased Premises.

13.1. Total Destruction. If the Leased Premises are damaged by casualty, and in the opinion of the Landlord, the Leased Premises cannot be economically repaired, this Lease shall terminate (as of the date of such destruction or damage) and all obligations of Landlord and Tenant shall terminate upon Landlord giving written notice thereof to Tenant within thirty (30) days after such occurrence.

13.2. Partial Destruction. If the Leased Premises are damaged by casualty, and in the opinion of the Landlord, the Leased Premises can be economically repaired, and proceeds of insurance available to Landlord are sufficient to affect such repair, Landlord shall, with reasonable diligence and with allowance for insurance adjustments, strikes, shortage of materials and labor, repair the damage. If, during the period of repair, the Leased Premises are rendered untenable, Rent shall abate for such period. If the Leased Premises can be partially used during such period, there shall be an equitable apportionment of the Rent based on the portion of the Leased Premises rendered untenable, until the damage has been repaired.

14. Condemnation.

14.1. Partial Taking. If there shall be taken or condemned or purchased in lieu thereof by any competent authority for any public or quasi-public use or purpose less than twenty-five percent (25%) of the Leased Premises (and the balance of the Leased Premises can be suitably used by Tenant), this Lease shall terminate only as to that portion thereof so condemned on the date Tenant is required to yield possession thereof. Rent payable hereunder for the remainder of the Term shall be the product of the Rent otherwise payable and a fraction, the numerator of which is the area expressed in square feet of the portion of the Leased Premises not so taken, and the denominator of which is the area expressed in square feet of the Leased Premises.

14.2. Substantial Taking. If there shall be taken or condemned or purchased in lieu thereof by any competent authority for any public or quasi-public use or purpose over twenty-five percent (25%) of the Leased

Premises (and the balance of the Leased Premises cannot be suitably used by Tenant), then either Tenant or Landlord shall have the option to terminate this Lease as of the date on which Landlord or Tenant, as the case may be, is required to yield possession of the portion so taken. Such option shall be exercised by giving written notice within twenty (20) days after receipt of notice of such condemnation proceedings.

14.3. Awards. Any award or proceeds resulting from the condemnation or sale in lieu thereof of the whole or any part of the Building or the Leased Premises shall belong solely to Landlord, except for any awards allowed for Tenant's personal property and relocation costs.

15. Mechanic's and Materialmen's Liens. If any mechanic's or materialmen's liens shall at any time be filed against the Leased Premises, or any part thereof by reason of any work, labor, services, materials or equipment furnished to or for Tenant, within thirty (30) days after notice of the filing thereof Tenant shall cause the same to be discharged of record.

16. Default.

16.1 Tenant Default. If Tenant defaults or breaches any term hereunder, Landlord shall give Tenant written notice in accordance with the notice provisions contained in this Lease. Tenant shall have thirty (30) days after Tenant's receipt of that notice to cure the default; provided, however, that if Tenant has been unable to cure such default within such thirty (30) day period but is diligently attempting to cure such default at the expiration of such period, the period within which Tenant may cure such default shall be reasonably extended. If Tenant fails to cure such default within such applicable cure period to Landlord's satisfaction, Landlord shall have the right to terminate this Agreement, and to exercise any other remedies under applicable law.

16.2 Landlord Default. If Landlord defaults or breaches any term hereunder, Tenant shall give Landlord written notice in accordance with the notice provisions contained in this Lease. Landlord shall have thirty (30) days after Landlord's receipt of that notice to cure the default; provided, however, that if Landlord has been unable to cure such default within such thirty (30) day period but is diligently attempting to cure such default at the expiration of such period, the period within which Landlord may cure such default shall be reasonably extended. If Landlord fails to cure the default within such applicable

cure period to Tenant's satisfaction, Tenant shall have the right to terminate this Agreement, and to exercise any other remedies under applicable law.

17. Title; Quiet Enjoyment. Landlord represents and warrants to Tenant that Landlord has full legal right and authority to enter into this Lease, and Landlord owns good and indefeasible fee simple title to the Building. Landlord covenants that as long as Tenant timely pays Rent and observes and performs all the agreements, covenants, provisions, and conditions contained in this Lease on Tenant's part to be observed and performed, Tenant shall peacefully and quietly have, hold, and enjoy the Leased Premises, the Common Area, and all other portions of the Building to which Tenant has the right to use and occupy.

18. Subordination. Tenant agrees that this Lease shall, at the request of Landlord, be subordinate to any mortgages that are now, or hereafter placed upon the Leased Premises and to any and all advances to be made thereunder, and to the interest thereon, and all renewals, replacements and extensions thereof, provided that the mortgagees named in said mortgages shall agree to recognize the interest of Tenant under this Lease in the event of foreclosure, if Tenant is not then in default. Tenant agrees that upon the request of Landlord, or any mortgagee, Tenant shall execute whatever instruments may be required to carry out the intent of this paragraph.

19. Attornment. If any person or entity shall succeed to all or part of Landlord's interest in the Leased Premises, whether by purchase, foreclosure, deed in lieu of foreclosure, or otherwise, and, if so requested or required by such successor-in-interest, Tenant shall attorn to such successor-in-interest and shall execute such agreement and confirmation of such attornment as such successor-in-interest shall reasonably request.

20. Estoppel Certificate by Tenant. Tenant agrees that from time to time, upon not less than ten (10) days' prior request by Landlord, Tenant will deliver to Landlord a statement in writing certifying reasonable information requested by Landlord concerning this Lease and the Leased Premises.

21. Miscellaneous.

22.1. Holding Over. In the event Tenant remains in possession of the Leased Premises, or any part thereof, after the expiration of the Term, Tenant shall be deemed to be occupying the Leased Premises from month to month with Rent increased to 110% of the Rent specified herein, otherwise subject to all conditions, provisions and obligations of this Lease.

22.2. Attorney's Fees. In the event it becomes necessary for either party hereto to file a suit to enforce this Lease or any provision contained herein, the

party prevailing in such action shall be entitled to recover, in addition to all such other remedies or damages, reasonable attorney's fees and costs incurred in such suit.

22.3. Notices. All notices, requests and demands required under this Lease will be sent by personal delivery, by nationally recognized courier service such as FedEx or UPS, or by registered or certified mail to the respective addresses of Landlord and Tenant set forth in this Lease or at such other address as given to the other party in writing. If sent by personal delivery or by nationally recognized courier service, such notices, requests and demands shall be deemed given when actually delivered to the other party, and if sent by registered or certified mail, they shall be deemed given three (3) business days after the date on which they are deposited in the United States mail.

22.4. Whole Agreement; No Oral Modification. This Lease embodies all representations, warranties and agreements of the parties hereto and may not be altered or modified except by an instrument in writing signed by the party to be bound thereby.

22.5. Remedies Cumulative. The various rights, powers, elections and remedies of the parties hereto shall be considered as cumulative and no one of them is exclusive of the others or exclusive of any right or priority allowed by law and no right shall be exhausted by being exercised on one or more occasions.

22.6. Governing Law. This Lease shall be governed by and construed in accordance with the laws of Oklahoma applicable to contracts made and performed entirely therein.

22.7. Counterparts. This Lease may be executed in any number of counterparts which taken together shall constitute one and the same instrument.

22.8. Entry. Landlord or its agents shall have the right at any reasonable or prudent time to enter into the Leased Premises to do anything required of it under the terms of this Lease; or for the purpose of undertaking such performance as shall be owing to Landlord by Tenant which Tenant shall have failed or refused to do. In the case of emergency, Landlord may enter at any time, by force if necessary. Notwithstanding the foregoing, Landlord and other persons shall not enter into classrooms being utilized by Tenant without express permission of Tenant while children are present. Landlord further agrees that it shall not have access to any area containing confidential child records which shall be stored in a designated location as approved upon by the Landlord upon written request by the Tenant. Landlord shall not be liable to Tenant in any

manner for any expense, loss or damages by reason of exercising its rights hereunder, nor shall the exercise of such rights be deemed an eviction or disturbance of Tenant's use or possession of the Leased Premises.

22.9 Memorandum of Lease. Landlord and Tenant contemplate that this Lease should not and will not be filed of record, but in lieu thereof, at the request of either party Landlord and Tenant shall execute a Memorandum of lease to be recorded for the purpose of giving record notice of the appropriate provisions of this Lease.

22.10. Delays in Performance. Events of "Force Majeure" shall include strikes, riots, acts of God, shortages of labor or materials, war, governmental laws, regulations or restrictions, epidemics, pandemics, or any other cause whatsoever beyond the control of Landlord or Tenant, as the case may be. Whenever a period of time is herein prescribed for the taking of any action by Landlord or Tenant (other than the payment of Rent and all other such sums of money as shall become due hereunder), such party shall not be liable or responsible for, and there shall be excluded from the computation of such period of time hereunder, any delays due to events of Force Majeure.

Participation in athletics at Yukon Public Schools is a privilege. With this privilege comes the expectation of exemplary moral character displayed through good sportsmanship and respect for one's school, coach, teammates, opponents, officials, facilities, and equipment. We expect athletes and coaches to understand and embrace YPS's athletic philosophy. Diversity is embraced within the Athletic Department, and no student-athlete or coach will be discriminated against or subject to harassment of any form.

Foreword

The Yukon Board of Education and the administration realize the importance of an excellent athletic program and the value it provides to our students. Much careful thought is given to the continuous evaluation of the athletic program in our school. This handbook has been written with this goal in mind. It will display our desire to have an overall program second to none. We further feel that such a program should be under constant evaluation, and when needed, changes and improvements implemented.

Athletic activities provide opportunities for teaching sportsmanship and citizenship. Proper attitudes and a competitive nature should result from participation in a good program. These two traits will be invaluable to the individual student who must be able to live in our complex society and meet the ever-changing challenges of our society.

It must be remembered, however, that a good athletic program must be an integral part of the total school program. The academic achievement must remain the number one concern of the student-athlete, the teacher, the coach, and the administrator.

In proper perspective, participation in athletics develops the bodies and minds of students to greater levels of efficiency. In addition, it develops self-confidence and a sense of accomplishment. Leadership qualities are discovered and developed that are so necessary to the future welfare of the nation.

It is our hope that this handbook will serve everyone who has an active part in Yukon athletics and will be an instrument that answers questions on policy and procedures.

General Policy Statement

The Yukon Public Schools athletic program operates under the compliance of the Board of Education and the Oklahoma Secondary School Activities Association (O.S.S.A.A.).

Athletics in the Yukon Public Schools have tremendous potential for meeting the needs of the youth of our community. Competition, cooperation, confidence, and self-discipline are vital ingredients for a successful life. No student is obligated to participate in athletics. However, Yukon Public Schools will extend the opportunity to all boys and girls that desire to be a part of this program, with the understanding that athletics is a privilege and not a right. The coaches, under the supervision of the Director of Athletics and Assistant Athletic Director, shall have the authority to revoke the privilege of participation when the rules are not followed.

Coaches Ethics and Professional Standards

- A. Exemplify the highest moral character, behavior, and leadership.
- B. Respect the integrity and personality of the individual athlete.
- C. Abide by the rules of the game in spirit, regardless of the consequences.
- D. Respect the integrity and judgment of sports officials, never baiting or taunting officials in any way, or seeking out an official during halftime or at the conclusion of a contest.
- E. Demonstrate a mastery of and continuing interest in coaching principles and techniques through professional improvement.
- F. Encourage and respect all athletes and their values.
- G. Display modesty in victory and graciousness in defeat.
- H. Promote ethical relations among coaches.
- I. Fulfill responsibilities to provide emergency health procedures and ensure an environment free of obvious safety hazards.
- J. Encourage the highest standards of conduct and scholastic achievement among all athletes.
- K. Seek to instill good health habits, including the establishment of sound training rules.
- L. Strive to develop in each athlete the qualities of leadership, initiative, and good judgment.
- M. Achieve a thorough understanding and acceptance of the rules of the game and the standards of eligibility.

Purpose of the Code of Ethics

The Code of Ethics is developed to protect and promote the best interest of the athletic program. In the coaching profession, the primary purpose of the Code of Ethics is to clarify and distinguish the ethical and approved professional practices from those which are detrimental and harmful. Applied to the coaching profession, ethics will help develop a standard of character in which the public has trust and confidence. The success of these principles and standards emphasized in the Code is dependent upon those for whom they have been prepared—the coaches of the Yukon Public School District.

The Coach's Total Responsibility

All coaches assume certain obligations and responsibilities to the game they coach, to the players, and to their fellow coaches. It is essential that every member of the profession be constantly aware of these obligations and responsibilities with the purpose in mind that the coaching profession will always remain an honorable profession and that all members are to conduct themselves in such a manner as to maintain the dignity and decency of the coaching profession.

An active coach is involved in certain areas of relationship which entail certain obligations for which some definite standard of conduct may be described. These areas include the following: athletes, students, co-workers, administration, parents, community, game officials, and media representatives.

In his/her relationship with players under his/her care, the coach should always be aware of the tremendous influence he/she controls for good or bad. Parents trust their dearest possession to the coach's charge, and the coach, through his/her own example, must always be sure that the athletes who have played under him/her are finer and more decent for having done so. The coach should never place the value of victory above that of instilling the highest desirable ideals and character traits in his/her players. The safety and welfare of the athletes should always be uppermost in his/her mind, and the athletes must never be sacrificed for any personal prestige or personal glory.

In teaching the game of his/her choice, the coach must realize that there are certain rules designed to protect players, and those rules—in order to take unfair advantage of an opponent or to teach deliberate unsportsmanlike conduct—have no place in the coaching profession. Any coach guilty of such teaching does not have the right to call himself/herself a coach. The coach should set an example of winning without boasting and of losing without bitterness.

In his/her relationship with the school for which he/she works, the coach should remember that he/she is on public display as a representative of that school. It is important, therefore, that he/she conducts himself/herself in such a way as to maintain the principle of integrity and the dignity of his/her school. School policies regarding the athletic program should be adhered to both in the letter and the spirit. The coach should remember that other members of the faculty also have an interest in the school and in the students, and his/her conduct must be such that no criticism arises concerning his/her efforts to develop the common interest and the purpose of his/her school.

Sportswriters and sportscasters should not be used as an outlet for relieving ill feelings toward other coaches, players, officials, or other schools. Sportswriters also have an interest in the athletic program and should be treated with respect and honesty.

Officials are an essential part of the athletic program and of the game, and it should be recognized that they too are attempting to maintain the highest standards of integrity and honesty. And, just as coaches can make mistakes, so can officials. It is important that their efforts to secure perfection in performance be highly respected by coaches.

It should be assumed that all members of the coaching profession intend to follow the precepts set forth in the Code of Ethics. All evidence of unethical conduct should be brought openly to the proper authority through the prescribed channels.

Coaches whose conduct reflects honesty and integrity will bring credit to the coaching profession, to the teams they coach, to their school, and to themselves. It is only through such conduct that the athletic profession can earn and maintain its rightful place in the educational program and make its full contribution to the school and community.

The Coach's Responsibility to His/Her School

1. The function of the coach is the education of the student-athletes through participation in the game under his/her direction. The primary and basic functions must never be disregarded.
2. Because of the unique place which the coach holds in the educational organization, it is highly important that he/she support the administration in all policies, rules, and regulations which may from time to time be enacted. Differences of opinion must be discussed behind closed doors and not aired in public.
3. It is important that a harmonious relationship exists between the coach and the administration. Controversial matters should be discussed on a friendly basis. Once final decisions have been reached, they should be accepted and supported by the coach.
4. Participation in inter-school athletics is based on the individual pupil's observance of established rules and regulations. Every coach should be thoroughly acquainted with these rules and regulations. Matters of eligibility should be constantly monitored.
5. One of the coach's fundamental responsibilities must be to inspire his/her players to achieve academic success—not only to make good grades, but also to secure a well-rounded education and graduate with honor.

The Coach's Responsibility to the Player

1. Diagnosis and prescription of treatment in injuries are strictly medical problems and should under no circumstances be considered a responsibility of the coach. The coach's responsibility is to see that injured players are given prompt and competent medical attention and to see that the most detailed instructions of the doctor are carried out.
2. The coach must remember that he/she is a living example for all of the athletes in the community in which he/she coaches. Therefore, it is important to the profession which he/she represents that his/her actions and behavior at all times bring credit to the profession and to himself/herself.
3. The coach's conduct during the game should be exemplary. For example:
 - A. Before and after a game, rival coaches should meet and exchange friendly greetings.
 - B. During the game, coaches should be as inconspicuous as possible.
 - C. Coaches are encouraged to demonstrate a friendly and respectful attitude toward their players.
 - D. The attitude of coaches toward officials during the game should be respectful.
 - E. After-game visitors should not be permitted in a team's dressing room until coaches have had sufficient time to complete all of their post-game responsibilities, including a careful check for injuries.

Rules of the Game

1. The coach should be thoroughly acquainted with the rules of the game. Official rulebooks should be studied and frequently reviewed. The coach is primarily responsible for teaching and interpreting the rules to his/her players.
2. The letter and the spirit of the rules must be respected and adhered to by the coach. Rules are made for the protection of the players and for the best interest of the game. It is the coach's responsibility to see that they are observed.
3. Disregarding the rules brands a coach or a player as a person unfit to be associated with the athletic program. It is especially important that coaches stress those rules which involve bodily contact. If the rules permit the use of hands and arms, it is the coach's responsibility to see that hands and arms are used legally. It is not the purpose of any game to hurt or injure an opponent by legal or illegal methods.

4. Good sportsmanship begins on the practice field, and if it becomes a habit, none of us will have to worry about unsportsmanlike tactics being used in any game.

Coaches and Officials

1. Officials must have the respect and support of the coaches and players if they are to do their job efficiently. On- and off-the-record criticism of officials and players or the public shall be considered unethical.
2. A cooperative relationship should exist between coaches and officials' associations with frequent interchange of ideas and suggestions. Coaches should attend all O.S.S.A.A.-sponsored/required officials' rule meetings. Also, coaches should extend to official's invitations to discuss rule interpretations with squads and coaches meeting as a group.
3. Officials should always be treated in a courteous manner. Procedures set up by O.S.S.A.A. shall govern all practices and treatment of officials.

Public Relations

1. The responsibility of coaches to accredited writers, radio, and television commentators is to provide news about the teams and players. The press should be treated with courtesy, honesty, and respect. Misleading statements should be avoided. Statements concerning athletic policy should be issued only by the Athletic Director. Direct questions should be answered honestly or not at all. If good judgment indicates that an honest answer to a question would be detrimental to the best interest of the game or program, good ethics demand that the question not be answered. In such cases, "no comment" is entirely justifiable. Coaches should stress the importance of ethical procedures in teaching their players how to conduct themselves on and off the field as well as on trips.
2. It should be questionable practice for coaches to stress player injuries, disciplinary measures, academic difficulties, or eligibility problems to the press, radio, and television. Discipline problems should be a "family affair" to be solved between the coach and the players involved. Eligibility is a matter for the principal. Injuries are a matter for the team physician or family doctor. No good purpose can be served by emphasizing these problems.
3. Booster club organizations can be of value to the school and athletic programs if they have the proper objectives. It shall be unethical for coaches to use such groups to attempt to defeat or obstruct administrative or school athletic controls or to encourage violation of established rules and regulations in order to strengthen any part of the athletic program. It shall, likewise, be unethical for coaches to make demands—financial or otherwise—upon such groups when the demands are not in keeping with the letter and spirit of existing controls. Any form of misuse of such strength and power is a violation of accepted rules and regulations.

Local District Procedures

This section is dedicated to the local procedures that govern Yukon athletics at the district level.

Coaches grooming policy:

It is the philosophy of the Yukon Athletic Department that coaches look professional at all times with their appearance.

- **Grooming** – Neatly groomed facial hair is acceptable among our coaching staff. Note it must be neatly groomed at all times. Facial hair may also be at the discretion of the Director of Athletics, the campus principals, and the district policy for professional employees.
- **Dress** – Proper attire should be worn by our athletic staff at all times. Dress while teaching classes should be consistent with the philosophy of our school district and building principals.

Coaching garments:

It is the philosophy of the Yukon Athletic Department for all athletic staff to be dressed in a consistent and similar manner – both at practice and contests.

In order for our department to accomplish this, our school district will help purchase coaching garments for staff members to use for this purpose.

These items should be purchased from individual equipment budgets. These items should be purchased on an as-needed basis.

Coaching clothing should be worn during PE classes, athletic periods, and contests only.

Mandatory Pre-season Parent / Guardian Meeting

All head coaches must have a mandatory parent/guardian meeting prior to the start of their season. A parent packet must be given out at this meeting and also be on file in the athletic office. It needs to include, but is not limited to, the following:

- A. Parent letter (provided by director of athletics)
- B. Coaching staff contact information
- C. Rules and regulations / expectations
- D. Practice schedules
- E. Game schedules
- F. Lettering policy
- G. Drug form

Dealing with the Media

It is strongly recommended that the following points be kept in mind when dealing with the media:

1. Of the utmost importance is the fact that you are a representative of the school district. Whatever you say will be construed as being the philosophy of the Yukon Public Schools.
2. Choose your words carefully. It is important to use proper grammar when expressing yourself.
3. Always try to project a positive image for the Yukon Public Schools and the program you represent.

4. Refrain from giving statements or answers that may sound like you are giving too much credit to yourself. Use the pronoun “we” instead of “I”; you will be promoting the team concept.
5. Be careful not to downgrade individual players. If you criticize at all, it should be directed toward the team. Remember you are in charge of the team.
6. After a big team victory, it is recommended that you stop a little short of proclaiming your team to be super or great (inflated expectations by the public).
7. Unfortunately, some journalists like to stir up controversy. Unless you feel comfortable speaking about a controversial issue, it would be best not to comment at all or refer the reporter to the director of athletics.
8. Take caution not to say anything negative about your opponents to the press. You do not want to give them any bulletin board material they can use against your team. The same approach should be taken when talking about the officials or referees.

Scheduling for Athletic Events

High school contest:

Head coaches of each sport will secure opponents to complete their non-district schedule. District games will be determined by the O.S.S.A.A. and the Central Oklahoma Athletic Conference (COAC). All schedules must be consistent with O.S.S.A.A. and Yukon Public School guidelines. O.S.S.A.A. guidelines in relation to the number of contests and tournaments must also be followed. See the calendar section of this manual for official guidelines on the maximum number of contests/tournaments. All schedules will be submitted to the director of athletics, the assistant athletic director, and the campus principal for final approval.

Middle school contest:

The assistant athletic director, in conjunction with the middle school athletic coordinator, will develop the schedules for the middle school contests. These schedules will be consistent with O.S.S.A.A. rules and regulations and Yukon Public Schools local policies. O.S.S.A.A. guidelines in relation to the number of contests and tournaments must also be followed. See the calendar section of this manual for official guidelines on the maximum number of contests/tournaments. Tentative schedules will be sent to the assistant athletic director and the campus principal for final approval.

Scheduling restrictions:

- No athletic functions will be scheduled on Wednesday unless approval is secured by the director of athletics and campus principal.
- All coaches should abide by district policy regarding testing when scheduling contests.

Wednesday scheduling restriction:

Per local board policy, all athletic practices must end by 5:30 p.m. on Wednesday evenings.

Scheduling of tournaments and meets:

All tournaments and meets hosted in Yukon Public Schools athletic facilities must have the Department of Athletics approval prior to scheduling. This also includes any tournaments hosted by booster clubs. The tournament/meet approval form can be found in the local forms section of this manual.

Attendance

By local school board policy, a student must be in attendance at least half of the school day on game/meet/match days.

Senior Attendance After the Season

All seniors will be required to attend the athletic period for the duration of the semester. Coaches/teachers will be required to take daily attendance and properly monitor all students during the class period. Seniors will not be released early after their season ends.

Specialization / Recruiting

- The athletic department discourages specialization in any one sport.
- All athletes are encouraged to participate in all sports in which they have interest.
- Athletes will not be restricted to any one sport by a coach.

Lettering in Athletics

Coaches will establish the lettering policy for their sport. Please submit your policy to the athletic office. This policy will be given out in the parent meeting packet. The following are the minimum criteria that must be met:

- Athlete must complete the season.
- Athlete must be eligible at the end of the season.
- Coach's discretion.

Changing Sports

From the time a team plays its first contest, a student cannot quit from the team and join another team until the first team's season is over.

Exceptions to this rule may be made under the following conditions:

- If the athlete has a doctor's statement recommending that he/she drop the first sport for medical reasons and permits participation in the second sport.
- If both coaches involved and the athletic department agree that a mid-season change would be beneficial to the athlete, without being unfair to the individuals or the teams.

Quitting a Team

When a player wants to quit a team, every effort should be made by the coaching staff to encourage the player to finish the season.

If a player decides to quit the team, coaches should take the following steps:

- Notify parent or guardian.
- Collect all equipment.
- Inform counselor's office that a schedule change needs to be made.
- Keep the student on your roll and check attendance daily until change becomes official.

- Athletes who quit a team will not be allowed to join another team until the first team's season is completed.

Dismissal from a Team

Coaches have the responsibility of providing an atmosphere that is conducive to teaching and learning. Therefore, athletes who may become disruptive to the program should be dealt with in a firm, fair and consistent manner. The coach should try to resolve any problems before dismissing an athlete.

Athletic Banquets

All athletic banquets must be approved by the director of athletics and the campus principal. This includes checking the district's calendar and the campus calendar for conflicting events before selecting a date.

Cancellation / Postponement of Athletic Event

In the event that an athletic contest is canceled or postponed, please contact the following list of people/departments below in the order they are listed:

1. Athletic department administration

The form and the letter should be in the athletic office no later than 1 week after you have attended the event.

The athletic office would prefer you turn in all requests prior to your competition season.

Transportation Requests

All head coaches should submit online bus requests before their season starts for the entire season. Play-off game requests can be made as soon as possible when needed. Requests should be submitted no later than 2 weeks before your first scrimmage or contest.

If you have any changes (i.e., rain-outs, changes in a bracket, emergencies, etc.) you can call the transportation office at 405-354-6667. Transportation request forms can be found online on the Yukon PS website. Click **Staff**, scroll down until you find **Infofinder**.

- Please make sure you fill them out completely.
- Please call and confirm that your bus is ready at least one day prior to your contest.
- *Please return the bus cleaner than you found it.*

Officials – Referees

The head high school coaches, working through the director of athletics, the associate athletic director, and the assignor, will be responsible for securing their game/match officials.

Middle school head coaches will work through the middle school athletic coordinator and assignor to secure their game/match officials.

Head coaches of high school and middle school are responsible for confirming the officials at least 1 day in advance.

You as the head coach must call and confirm your officials/referees prior to every home contest.

Maintenance of Athletic Facilities

Each head coach should ensure that all athletic facilities are clean, safe, and in good repair at all times.

Each head coach should do a “walk through” and check his/her facilities each scheduled game day before 12:00 noon just in case there is some type of problem.

All needs for maintenance, repair, etc. of any athletic facility need to be emailed to the district athletic director and associate athletic director to be submitted through the online portal.

Any emergency repair on game day needs to be called in to the district athletic director and associate athletic director by 12:00 noon on game day.

Professional Organizations

All Yukon athletic coaches will be registered as a member of the Oklahoma Coaches Association. This fee will be paid by the Yukon Athletic Department. This registration will also allow you to attend the summer coaches clinic where you can pick up your coaches card.

Registration cards must be filled out and turned in to the athletic office by May 1st.

Athletic staff who desire membership in any other professional organization other than the O.C.A. will do so at their own expense.

Coaches Evaluations

All Yukon Public School coaches will be evaluated annually. Instruments, along with job descriptions, are found in this manual. Signatures of the campus principal and the director of athletics should be obtained along with the head coach and individual being evaluated.

Evaluations should be completed as follows:

- **Head coaches** – Evaluated by the director of athletics & associate athletic director within one week at the conclusion of the season
- **Assistant coaches** – Evaluated by head coaches of each sport assigned to work in their program within one week at the conclusion of the season
- **Middle school coaches** – All head coaches on the middle school campus will be evaluated by the middle school athletic coordinators. The head middle school coach will evaluate his/her assistants. Within one week at the conclusion of the season.

Letter of Intent Signing Procedures

When you as the head coach have letter of intent signings in your program, please use the following procedures:

1. The athletic department will host 3 signing days (November, February, May).
2. The assistant athletic director will send out a Google form to all coaches to complete with student's name, sport, college/university, and who will present.
3. The athletic department will provide signing tables and one (1) table per athlete for memorabilia and/or refreshments.
4. Head coaches or a representative will introduce the athlete during the signing day ceremony.

Booster Clubs

Each individual sport may form their own booster club.

The main function of our booster clubs is to support the players and the coaches in a “behind the scenes” role – to provide support for the student-athletes and coaches of a given sport.

It is the head coach of each program who is responsible to keep a good line of communication open with the booster club and the athletic office.

The role of the head coach is to provide necessary leadership to ensure that all O.S.S.A.A. and district rules pertaining to operations of booster clubs are being followed exactly.

It is your responsibility as the head coach to make sure we have institutional control at all times over your booster club.

We will have a **mandatory booster club meeting at the start of each school year**. The head coach and his representatives of his booster club must attend this meeting. The date, time, and location will be announced in August.

It is suggested that the head coach bring the president, vice president, and treasurer to the meeting.

All booster clubs must be sanctioned through the administration building. The administration building will send out the applications for sanctioning each booster club in May to be returned by **July 30th** and approved at the **August board meeting**.

You must have the following items on File to have a Booster Club:

1. **Financial report** – A year-end itemized financial report must be filed with the administration building no later than July 30th.

Fourteen Duties for Athletic Administrators and Athletic Coaches Related to Negligence Litigation

Several obligations or duties have been identified as absolute requirements for coaches and athletic program administrators. These standards have the weight of moral obligation for coaches and athletic administrators and have evolved as a result of various case law proceedings and legal judgments against individuals and school districts.

1. DUTY TO PLAN – This is a comprehensive requirement that transcends all other duties. Inherent in this duty is the need to continually conduct focused analyses of potential hazards and to develop responsive strategies that prevent or reduce the potential for injury and loss in the following areas: coaching competence; medical screening; appropriate activities that consider age, maturity and environmental conditions; facility and equipment evaluation and improvement; injury response; warnings to athletes and their families; insurance of athletes; child advocacy in cases of alcohol and other drug abuse (AODA) or family neglect or abuse. Plans and policies should be rigorously implemented unless dangerous conditions prevent implementation. Plans should become policy documents and updated regularly by administrators, coaches and experts in specific areas (e.g., equipment, emergency response, etc.). Negligence can be alleged when an injury loss results from no planning, inadequate planning or when plans are developed but ignored.

2. DUTY TO SUPERVISE – A coach must be physically present, provide supervision and control of impulsive behavior, competent instruction, structured practices that are appropriate for the age and maturity of players, prevent foreseeable injuries and respond to injury or trauma in an approved manner. This duty requires supervisors to ensure that facilities are locked and that students are denied access when a competent staff member cannot be physically present to supervise. Supervision responsibilities also pertain to athletics administrators who are expected to be able to supervise coaching staff members competently. In addition, athletics administrators are expected to supervise contests to ensure that spectators do not create an unsafe or disruptive environment. A further extension of this duty is the need to supervise the condition, safe usage, maintenance and upkeep of equipment and facilities.

3. DUTY TO ASSESS ATHLETES READINESS FOR PRACTICE AND COMPETITION - Athletic administrators and coaches are required to assess the health and physical or maturational readiness skills and physical condition of athletes. A progression of skill development and conditioning improvement should be apparent from practice plans. Athletes must also be medically screened in accordance with state association regulations before participating in practice or competition. Moreover, some children may require specialized medical assessment to ascertain the existence of congenital disorders or the existence of a physical condition that predisposes the athlete to injury. In addition, injured athletes who require the services of a physician may not return to practice or competition without written permission of the physician. A new area of concern that may grow from the duty is the difficulty of assessing the readiness of handicapped children who are referred for practice and competition under the American With Disabilities Act or the Education of All Handicapped Children Act of 1975. In these cases, it is imperative that medical and multidisciplinary team approval and recommendation be obtained before a handicapped student becomes a candidate for practice and competition.

4. DUTY TO MAINTAIN SAFE PLAYING CONDITIONS – Coaches are considered trained professionals who possess a higher level of knowledge and skill that permits them to identify foreseeable causes of injury specific to a sport and inherent in defective equipment or hazardous environments. Courts have held athletics supervisors responsible to improve unsafe environments, repair, or remove defective equipment or disallow access to unsafe equipment or environments. The use of sport-specific equipment safety checklists can be helpful in enhancing the safety of participants. In addition, weather conditions must be considered. Athletes should not be

subjected to intense or prolonged conditioning during periods of extreme heat and humidity or when frostbite may be a factor. In addition, a plan for monitoring and responding to dangerous weather conditions is necessary. Building codes and laws must be observed and implemented with respect to capacity, ventilation, air filtration and lighting.

5. DUTY TO PROVIDE PROPER EQUIPMENT – Coaches and athletic administrators must ensure athletes are properly equipped with equipment that is appropriate for the age and maturity of the athletes and that is clean, durable and safe. Fitting should be carried out in accordance with manufacturer’s specifications. This is especially important for protective equipment which must carry a National Operating Commission on Safety in Athletics Equipment (NOCSAE) certification and must be checked for proper fit and wearing. Athletes must wear protective equipment any time they are exposed to the full rigors of contact in practice or competition. Selection of equipment must also consider the age and maturity of the athletes.

6. DUTY TO INSTRUCT PROPERLY – Athletics practice must be characterized by instruction that accounts for a logical sequence of fundamentals that consider the developmental level of the athlete and that lead to an enhanced progression of player knowledge, skill and capability. In this regard, instruction must move from simple to complex and known to unknown. Instructor-coaches must be properly prepared to provide appropriate and sequential instruction and to identify and avoid dangerous practices or conditions. Instruction must demonstrate appropriate and safe techniques and must include warning about unsafe techniques and prohibited practices.

7. DUTY TO MATCH ATHLETES –Athletes should be matched with consideration for maturity, skill, age, size and speed. To the degree possible, mismatches should be avoided in all categories.

8. DUTY TO CONDITION PROPERLY – Practices must account for a progression of cardiovascular and musculo-skeletal conditioning regimens that prepare athletes sequentially for more challenging practices and competitive activities. Consideration must be given to student readiness and maturational factors. In addition, consideration should include weather conditions and their impact on student health.

9. DUTY TO WARN – Coaches are required to warn parents and athletes of unsafe practices that are specific to a sport and the potential for injury or death. This warning should be issued in writing and both athletes and parents should be required to provide written certification of their comprehension. Videotapes of safety instruction and warnings to players and parents are recommended.

10. DUTY TO ENSURE ATHLETES ARE COVERED BY INJURY INSURANCE – Athletic administrators and coaches must screen athletes to ensure that family and/or school insurance provides a basic level of medical coverage. Athletes should not be allowed to participate without injury insurance. Deductible and copayment requirements should be clearly explained to parents and athletes. Certain schools may need to publish this information in several languages. Comprehension should be required of parents and athletes.

11. DUTY TO PROVIDE EMERGENCY CARE – Coaches are expected to be able to administer accepted, prioritized, standard first aid procedures in response to a range of traumatic injuries – especially those that are potentially life threatening.

12. DUTY TO DEVELOP AN EMERGENCY RESPONSE PLAN – Athletic administrators and coaches must develop site-specific plans for managing uninjured team members while emergency care is being administered to an injured athlete. In addition, plans must be in place to: ensure access to a telephone, a stocked first aid kit, spine board and other emergency response equipment. The plan should also account for a timely call to EMS and an expedited access by EMS to the injured athlete by stationing coaches or team members at driveways, parking lots, entry doors and remote hallways.

13. DUTY TO PROVIDE PROPER TRANSPORTATION – In general, bonded, commercial carriers should be used for out-of-town transportation. Self or family transportation for local competition may be allowed if parents have adequate insurance coverage for team members other than their family members. The age and maturity of athletes should always be considered when allowing athletes to use public transportation to travel to a local contest. Athletes should be prohibited from driving to an out-of-town competition, scrimmage or practices.

14. DUTY TO SELECT, TRAIN AND SUPERVISE COACHES – Athletic administrators will be expected to ensure coaches are capable of providing safe conditions and activities as outlined in the preceding list of thirteen duties.

It is our belief that interscholastic athletics greatly enhance the educational experience of all students involved, provide lifelong learning experiences, and develop leadership qualities in our students, which are all important to a student's education.

Participation in athletics at Yukon Public Schools is a privilege. With this privilege comes the expectation of exemplary moral character displayed through good sportsmanship and respect for one's school, coach, teammates, opponents, officials, facilities, and equipment. We expect athletes and coaches to understand and embrace YPS's athletic philosophy. In return, the athletic department is truly student-centered with the best interests of the student-athletes always at the forefront. Coaches are role models and mentors, and this responsibility should be reflected in all of their actions.

Every sport, coach, and individual student-athlete will be treated fairly by the Athletic Administration at YPS, and new opportunities for our student-athletes will be constantly pursued. Diversity is embraced within the Athletic Department, and no student-athlete or coach will be discriminated against or subject to harassment of any form.

OBJECTIVES & OUTCOMES OF PARTICIPATION

Athletics enhance a successful curriculum by strengthening opportunities that:

- Foster student leadership development.
- Support future academic or career options.
- Promote involvement in the school and the community.

As a result of their participation in interscholastic athletics, student-athletes will be able to:

- Demonstrate good sportsmanship and ethics of competition.
- Respect the integrity and judgment of officials, coaches, and school personnel.
- Develop desirable personal health habits.
- Demonstrate mastery of basic fundamentals to complex motor skills in the related activity.
- Identify and apply strategies necessary to successfully compete at their level of competition in the related sport.
- Demonstrate the ability to work with others toward common goals and objectives.
- Demonstrate high levels of skill and health related fitness appropriate to their developmental stage.
- Most importantly, enjoy the involvement and participation in interscholastic athletics.

ACADEMIC ELIGIBILITY

Athletes are responsible for meeting academic standards. In compliance with the OSSAA, eligibility will be determined at the end of the fourth week of a semester and weekly thereafter on Thursday at 2pm. Each subsequent week until the end of the semester, a probation and ineligible list will be issued. The weekly ineligibility period will begin Monday and continue through Sunday.

STUDENT ABSENCES

If a student has a documented absence, such as a funeral or a doctor's appointment, they may participate that day. In order to be eligible to participate in a contest, a documented absence must be approved by the Principal. If a student is suspended out of school, they cannot attend practice or participate in contests.

STUDENT ACTIVITY ABSENCES

It is the desire of the Board of Education for all students to be in attendance in their regularly scheduled classes so that maximum learning can occur. Educational programs are built on the foundation of continuity of instruction and participation in the classroom setting. Consistent classroom attendance can assist students toward development of strong work habits, responsibility, and self-discipline. Since the educational merit of the co-curricular and extracurricular programs is recognized, the goal of the Board is to facilitate a balanced education for each student. See BOE Policy FMA-R4.

STUDENT ATHLETIC AWARDS & HONORS

LETTER: The athletic letter is the highest award conferred by the Department of Athletics and may be worn only by the school's best athletes.

CONFERENCE: Other awards and honors which might be awarded by the conference include individual certificates based on academic achievement and season achievements/stats.

OCA ALL-REGION & ALL-STATE: These are two other honors senior athletes may qualify for nomination to the OCA sports specific committee.

STUDENT-ATHLETE EXPECTATIONS

As stated previously, participation in athletics at YPS is a privilege and not a right. With this privilege comes with high expectations. We expect our student-athletes to pursue excellence in their athletic endeavors. High school sports are extremely competitive, so we have some basic expectations across all sports that will help our teams and individuals excel:

Represent YPS with class, dignity, and sportsmanship at all times - Yukon is bigger than any one individual or team, and any unsportsmanlike behavior reflects negatively on the entire school. Our student-athletes are expected to promote a positive image of the school at all times through their actions and language both in victory and defeat.

Daily attendance at practice – In-season practices are mandatory. Student-athletes should notify their coach if they expect to miss a practice. Missed practice time may have consequences.

Participation in off-season and summer workout programs when conflicts do not exist – The current landscape of high school athletics will not allow our teams to be successful if our student-athletes only work on their sport in-season. Student-athletes must work year around to improve their skills in every sport in which they participate whether that is on their own or through YPS off-season programs. **Participation in off-season or summer programs does not guarantee a student-athlete will make that team when the season tryouts occur. The workouts are meant to improve the skills of those involved to give them a better chance of making the team.**

Follow all OSSAA, school, athletic department, and team rules – The OSSAA, school, and athletic department policies are the same across the board, and each team develops its own set of rules that all student-athletes are expected to follow. Violations of any of these rules and policies will result in consequences that are outlined in the OSSAA rules, the YPS student handbook, the student-athlete handbook, and the team rules, respectively.

Adherence to these expectations does not guarantee playing time. Due to the competitive nature of our athletic programs, there are no requirements for all athletes to receive playing time. All playing time decisions are left to individual coaches.

PARENT EXPECTATIONS

Parents should demonstrate good sportsmanship by displaying the following behaviors:

- Providing support for coaches and officials to foster a positive, enjoyable experience for all student-athletes.
- Recognizing that student participation in athletics is a privilege.
- Using good sportsmanship as spectators and conducting themselves in a manner that reflects well on both the team and the school.
- Promoting the team by being supportive and helpful of the school program.
- Refraining from coaching their student from the stands or sidelines.
- Expecting consistent student attendance at practices and games.
- Being supportive of YPS athletic programs in public.

Parents should create a positive and supportive environment to promote their student-athletes' well-being by:

- Supporting good conditioning and healthy lifestyle habits.

- Placing the emotional and physical well-being of their child ahead of personal desire to win.
- Expecting their child to play in a safe and healthy environment.
- Supporting their son/daughter in planning how to meet their academic responsibilities, given the demands of training and practice.
- Being a role model for other parents by remaining positive at sporting events.

The Athletic Department highly suggests parents to review the free online National Federation of State High School Associations course titled, The Role of Parents in Sports. Please go to www.nfhslearn.com and take the course.

PARENT/STUDENT-ATHLETE/COACH RELATIONSHIP

The Parent/Student-Athlete/Coach relationship is one of the most fundamental and essential components of a successful Athletic Program. Communication from all parties is integral to ensure this relationship stays positive and helps the Student-Athlete thrive in their sport. As parents, when your son/daughter becomes involved in our program, you have a right to understand what expectations are placed on him. This begins with clear communication from the coach of your child's team.

Communication Parents Should Expect from Their Child's Coach

- A pre-season parent meeting.
- A copy of the team rules/expectations.
- Expectations the Coach has for your child as well as all the players on the team.
- Location and times of all practices and contests.
- Team requirements, such as fees, special equipment, and off-season conditioning.
- Notice of a violation of team rules that results in denying your child's participation.

Communication Coaches Expect from Parents

- Concerns expressed directly to the coach in accordance with the policy outlined below.
- Notification of any schedule conflicts well in advance.
- Any medical or injury issues that need to be monitored with your child.

Guidelines for Addressing Concerns

As your student-athlete becomes involved in the programs at YPS, he/she will experience some of the most rewarding moments of his/her life. The athletic department recognizes that there may also be times when things do not go the way you or your student-athlete planned. At these times, a discussion with the coach is encouraged. In an effort to improve direct communication during these rare occurrences, we ask that you follow these steps:

1. Student-athlete meets with his level coach.
2. Student-athlete meets with the Varsity coach & his level coach.

3. Parent/guardian meets with the level and/or Varsity coach; student-athlete is in attendance.
4. Parent/guardian meets with the AD; level coach & student-athlete are in attendance.

We are teaching our students to be leaders and responsible adults who can advocate for themselves; so, they need to initiate contact with their coach if they feel there is a problem that needs to be addressed. **We politely request that as a parent/guardian, you choose to promote your student-athletes development by allowing your child to work through problems themselves. We ask that you not call the coach or AD initially. In addition, no student-athlete or parent/guardian should ever approach a coach right after a game.** Emotions can be high, and little progress can come from discussing perceived problems right after a game.

Appropriate Concerns to Discuss with Coaches

- The treatment of your child mentally and physically.
- Ways to help your child improve.
- Concerns about your child's behavior.

It is very difficult to accept your child not playing as much as you feel they deserve. Our coaches are professionals. They make judgment decisions based on what they believe to be best for the team. Although we have these guidelines, it is important to realize that playing time is the sole decision of the coaching staff. No parent or student-athlete should ever approach a coach and ask why he/she is not playing. Instead, a meeting or conversation should be scheduled to discuss what areas the student-athlete needs to improve upon in order to increase his/her playing time. Also, no other student-athletes will be discussed in any meeting. Only the student-athlete involved in the situation will be discussed.

We truly believe that any conflicts can be resolved by following the steps above. Please take note that every step involves the student-athlete. The only time it would be acceptable to skip steps or not involve your child is if there is an abuse or inappropriate conduct accusation against a coach that necessitates going straight to the Athletic Director.

STUDENT PARTICIPATION IN SCHOOL CO-CURRICULAR AND EXTRACURRICULAR PROGRAMS

The Yukon Schools provide an extensive program of educational opportunities for all students. This includes a strong academic program which is enhanced by co-curricular and extracurricular activity programs designed to give all students an opportunity to participate, to compete, to develop leadership and citizenship skills, and to experience success in worthwhile projects. See BOE Policy FMA.

EQUIPMENT

A great amount of money is spent every year to maintain and upgrade facilities and to purchase and maintain equipment. You, your parents, your friends, alumni, and our community all play a

role in financing our programs in some way. So please, take pride in the facilities and equipment and treat them with respect! Also, student-athletes are responsible for all equipment and uniforms issued to them. Any lost or unreturned equipment/uniforms must be replaced at the expense of the student-athlete. Students will not be allowed to participate in another sport until all equipment is returned or all fees are paid for lost equipment. Seniors may have their diplomas held until their equipment is returned or fees paid.

LOCKER ROOM

Student-athletes are not allowed in the locker room without adult supervision. Only lockers assigned by the coach should be used. All belongings should be locked in the locker. No cellphones are to be used in the locker rooms. YPS is not responsible for lost or stolen items that are not properly secured in a locker.

TRANSPORTATION

It is policy (BOE CN) of the Yukon Board of Education recognizes that student transportation is a service that may be provided for its students by the school district. The school district wishes to assure its citizens that any transportation services provided by the district are to accomplish three goals:

- To ensure that children of our district school are transported in the safest manner possible.
- To ensure that the transportation services provided are cost effective to our district's taxpayers
- To ensure that all transportation services are rendered in an equitable manner.

DRUG-FREE SCHOOLS: TESTING STUDENTS WITH REGARD TO THE USE OF ALCOHOL & ILLEGAL CHEMICAL SUBSTANCES

Student Alcohol and Drug Use Tests - When Required:

Any student whose behavior while on school property, at a school sponsored event, in school vehicles, or going to or from a school sponsored event creates a reasonable individualized suspicion that the student is under the influence of alcohol or an illegal chemical substance may be required to take an alcohol and/or drug use test. Nothing in this policy shall require alcohol and/or drug use testing of any student nor prohibit the School District from disciplining any student in the absence of an alcohol or drug use test of the student.

Persons Authorized to Order Alcohol or Drug Testing:

The following persons have the authority to require alcohol or drug use testing of students under this policy:

- The Superintendent of Schools;
- Any employee designated for such purposes by the Superintendent or the School Board.

See full BOE Policy FNCFD

DRUG FREE SCHOOLS: SCHOOL STUDENT PARKING & EXTRACURRICULAR STUDENT ACTIVITIES POLICY ON TESTING FOR ILLEGAL OR PERFORMANCE ENHANCING DRUGS

In an effort to protect the health and safety of students parking on school property or participating in extracurricular activities, and to educate and direct these students away from drug and alcohol abuse, the Board of Education adopts the following policy for testing students for the use of illegal drugs, alcohol and performance enhancing drugs. See BOE Policy FNCE & FNCFD.

PARKING PERMIT APPLICATION

See BOE Policy FFFD for Vehicle Use and Parking. Application can be found in the main of the high school.

CERTIFIED ATHLETIC TRAINER(S)

YPS is fortunate to have three full-time Certified Athletic Trainers on staff. On school days our trainers' hours are from 7am to 8:30 a.m., then 2:30 p.m. until the conclusion of the last practice or home game. During weekends and times when school is not in session, the Trainer is required to be on site only for contests.

The training program exists to help athletes receive the best possible care. At certain times, however, the trainer and training room facilities are extremely busy. Consequently, access to the training room and its services is limited to athletes who require care only. Training services are granted on a first come, first serve basis on practice days. On game days, students will be treated in an order that will allow bus and/or game commitments to be met.

In the event of an athletic injury, the Certified Athletic Trainer(s) is/are in immediate control. At away contests, if the trainer is not present, the host school medical personnel are in control. If no medical personnel are present, members of the coaching staff are instructed to take charge of the situation and, if warranted, call for emergency care. All sport related injuries must be reported to the athletic trainer and a student may not return to competition without clearance by the trainer, which may also include written permission from a physician.

Student-athletes who have been treated for an injury must be cleared by the Athletic Trainer prior to resuming participation.

INJURIES

Any student-athlete who is injured during a contest, practice, or workout at YPS should immediately see the Head Athletic Trainer(s). It is very important that the Certified Athletic

Trainer or a member of the coaching staff is aware of an injury before a student-athlete goes home.

The Certified Athletic Trainer(s) will do his/her best to rehab an injured student-athlete back to health as quickly as possible. However, there are times when the Certified Athletic Trainer(s) may refer an injured student-athlete to a doctor or therapist to aid in diagnosis or treatment.

ATHLETIC TRAINING ROOM

The training room provides student-athletes with the equipment and the facilities to prevent injuries or to provide treatment for them. It should not be considered a lounge or meeting place. Student-athletes should go there only when necessary. Training supplies are expensive and very necessary. Only the Athletic Trainer(s) should handle supplies. We need all student-athletes' cooperation to keep the appearance of the training room neat and orderly.

CONCUSSION LAW/PROTOCOL

Yukon Athletics will follow the OSSAA Concussion guidelines.

MULTI-SPORT ATHLETES

We strongly encourage our student-athletes to participate in more than one sport. Participation in more than one sport is highly beneficial for the student-athlete and for the school's athletic programs. However, multi-sport athletes must possess excellent time-management skills and be able to meet the demands of all sports in which they choose to participate.

The In-season sport should always come before an out-of-season sport. No athlete should ever miss a practice or game for their in-season sport to participate in another sport at BPS. This policy also includes tryouts. In-season athletes are still allowed to participate in off-season workouts, but coaches cannot make them mandatory for those athletes. However, please understand that missed workouts may cause the student-athlete to fall behind other athletes who are participating in the workouts. Finally, the coaches of an athlete should determine a plan for an in-season athlete to lift weights or participate in a workout for another sport on a game day.

During the summer, there is no sport that takes precedence over another sport. Coaches try to schedule their summer events in collaboration with each other so sports are not overlapping. However, this is not always possible. We try and ensure no camps will overlap, but we cannot control the scheduling of summer games for certain sports. When conflicts arise, the following order should be followed:

1. Summer League Playoff Games.
2. Summer Camp (if it is an actual camp with new instruction, not just a workout).
3. Summer League Games (if more than one sport has a game on the same night, athletes who play both sports should split up the games they attend so neither team is left without enough players to compete).

4. Weightlifting, conditioning, or other workouts.

ACCIDENT INSURANCE

It is the policy of the Yukon Board of Education to select a reputable insurance company through which our patrons may purchase accident insurance for their children. The purchase of such insurance is completely voluntary and is entirely within the discretion of parents. In making this accident insurance available, the school district assumes no obligation or liability as agent or representative of any insurance company or agency.

OKLAHOMA BULLYING LAWS

Bullying/Harassment

Statute 70-24-100.4, the School Bullying Prevention Act, requires each district board to adopt a policy for the control and discipline of all children attending a public school. The policy must specifically prohibit threatening behavior, harassment, intimidation and bullying by students at school and via electronic communication. The policy must also establish a procedure for reporting and investigation and reporting of incidents, address prevention and education, and establish procedures for referral to mental health care options. The Act requires the district board policy to allow a school to request the disclosure of any information concerning students that have received mental health care following a school referral, if there is a specific threat to the safety of students and/or personnel. Statute 70-24-100.5 requires each Safe School Committee to study and make recommendations to the principal regarding student bullying and harassment at school and the professional development needs of faculty and staff.

Cyber Bullying

Statute 70-24-100.3 includes acts of electronic communications its list of potential acts of "harassment, intimidation and bullying" in the school environment." "Electronic communication" is defined as the communication of any written, verbal, or pictorial information by means of an electronic device, including, but not limited to, a telephone, a cellular telephone or other wireless telecommunication device, or a computer. A specific electronic communication does not need to originate at a school or with school equipment to be included under this policy if it is specifically directed at students or school personnel and contains harassment, intimidation or bullying.

See full BOE Policy FNCD: Bullying

HAZING

Athletic hazing will not be tolerated. It is the policy (BOE FNCC) of this school district that no student or employee of the district shall participate in or be members of any secret fraternity or secret organization that is in any degree related to the school or to a school activity. No student

organization or any person associated with any organization sanctioned or authorized by the Board of Education shall engage or participate in hazing.

OKLAHOMA HAZING LAW

§21-1190. Hazing – Prohibition – Presumption as forced activity – Penalty – Definition

- No student organization or any person associated with any organization sanctioned or authorized by the governing board of any public or private school or institution of higher education in this state shall engage or participate in hazing.
- Any hazing activity described in subsection F of this section upon which the initiation or admission into or affiliation with an organization sanctioned or authorized by a public or private school or by any institution of higher education in this state is directly or indirectly conditioned shall be presumed to be a forced activity, even if the student willingly participates in such activity.
- A copy of the policy or the rules and regulations of the public or private school or institution of higher education which prohibits hazing shall be given to each student enrolled in the school or institution and shall be deemed to be part of the bylaws of all organizations operating at the public school or the institution of higher education.
- Any organization sanctioned or authorized by the governing board of a public or private school or of an institution of higher education in this state which violates subsection A of this section, upon conviction, shall be guilty of a misdemeanor, and may be punishable by a fine of not more than One Thousand Five Hundred Dollars (\$1,500.00) and the forfeit for a period of not less than one (1) year all of the rights and privileges of being an organization organized or operating at the public or private school or at the institution of higher education.
- Any individual convicted of violating the provisions of subsection A of this section shall be guilty of a misdemeanor, and may be punishable by imprisonment for not to exceed ninety (90) days in the county jail, or by the imposition of a fine not to exceed Five Hundred Dollars (\$500.00), or by both such imprisonment and fine.

SUDDEN CARDIAC ARREST INFORMATION

Definition: Sudden Cardiac Arrest (SCA) is a potentially fatal condition in which the heart suddenly and unexpectedly stops beating. When this happens, blood stops flowing to the brain and other vital organs.

SCA in student athletes is rare; the chance of SCA occurring to any individual student athlete is about one in 100,000. However, student athletes' risk of SCA is nearly four times that of non-athletes due to the increased demands on the heart during exercise.

Causes: SCA is caused by several structural and electrical diseases of the heart. These conditions predispose an individual to have an abnormal rhythm that can be fatal if not treated within a few minutes. Most conditions responsible for SCA in children are inherited, which means the tendency to have these conditions is passed from parents to children through the

genes. Other possible causes 12 of SCA are a sudden blunt non-penetrating blow to the chest and the use of recreational or performance-enhancing drugs and/or energy drinks.

What causes Sudden Cardiac Arrest?

Conditions present at birth:

Inherited (passed on from parents/relatives) **conditions of the heart muscle:**

Hypertrophic Cardiomyopathy – hypertrophy (thickening) of the left ventricle; the most common cause of sudden cardiac arrest in athletes in the U.S.

Arrhythmogenic Right Ventricular Cardiomyopathy – replacement of part of the right ventricle by fat and scar; the most common cause of sudden cardiac arrest in Italy.

Marfan Syndrome – a disorder of the structure of blood vessels that makes them prone to rupture; often associated with very long arms and unusually flexible joints.

Inherited conditions of the electrical system:

Long QT Syndrome – abnormality in the ion channels (electrical system) of the heart.

Catecholaminergic Polymorphic Ventricular Tachycardia and Brugada Syndrome - other types of electrical abnormalities that are rare but are inherited.

Non-Inherited (not passed on from the family, but still present at birth) **conditions:**

- Coronary Artery Abnormalities** – abnormality of the blood vessels that supply blood to the heart muscle. The second most common cause of sudden cardiac arrest in athletes in the U.S.
- Aortic Valve Abnormalities** – failure of the aortic valve (the valve between the heart and the aorta) to develop properly; usually causes a loud heart murmur.
- Non-compaction Cardiomyopathy** – a condition where the heart muscle does not develop normally.
- Wolff-Parkinson-White Syndrome** – an extra conducting fiber is present in the heart's electrical system and can increase the risk of arrhythmias.

Conditions not present at birth but acquired later in life:

- Comotio Cordis** – concussion of the heart that can occur from being hit in the chest by a ball, puck, or fist.
- Myocarditis** – infection/inflammation of the heart, usually caused by a virus.
- Recreational/Performance-Enhancing drug use**
- Idiopathic** – sometimes the underlying cause of the SCA is unknown, even after autopsy.

What are the symptoms/warning signs of Sudden Cardiac Arrest?

- Fainting/blackouts (especially during exercise)
- Dizziness
- Unusual fatigue/weakness
- Chest pain
- Shortness of breath

- Nausea/vomiting
- Palpitations (heart is beating unusually fast or skipping beats)
- Family history of sudden cardiac arrest at age <50

Any of these symptoms/warning signs that occur while exercising may necessitate further evaluation from your physician before returning to practice or a game.

What is the treatment for Sudden Cardiac Arrest?

- Time is critical and an immediate response is vital
- CALL 911
- Begin CPR
- Use an Automated External Defibrillator (AED)

What are ways to screen for Sudden Cardiac Arrest?

- The American Heart Association recommends a pre-participation history and physical including 12 important cardiac elements.

Personal History:

- Chest pain/discomfort upon exertion
- Unexplained fainting or near-fainting
- Excessive and unexplained fatigue associated with exercise
- Heart murmur
- High blood pressure

Family History:

- One or more relatives who died of heart disease (sudden/unexpected or otherwise) before age 50
- Close relative under age 50 with disability from heart disease
- Specific knowledge of certain cardiac conditions in family members: hypertrophic or dilated cardiomyopathy in which the heart cavity or wall becomes enlarged, long QT syndrome which affects the heart's electrical rhythm, Marfan syndrome in which the walls of the heart's major arteries are weakened, or clinically important arrhythmias or heart rhythms.

Physical Examination:

- Heart murmur
- Femoral pulses to exclude narrowing of the aorta
- Physical appearance of Marfan syndrome
- Brachial artery blood pressure (taken in a sitting position)
- The Pre-Participation Physical Evaluation-Medical History form includes all 12 of these important cardiac elements and is mandatory annually.
- Additional screening using an electrocardiogram and/or an echocardiogram can be scheduled through your family physician.

What can I do to avoid cardiac arrest?

- A healthy diet, including fruits and vegetables, and avoiding foods high in saturated fat and sodium will help. You should also avoid drinks high in sugar, such as soda and energy drinks. There is no better fluid replacement than water to avoid or combat dehydration.
- Energy drinks will increase the heart rate, so you should always avoid drinking anything that promotes an effect of increased energy.
- Daily exercise is also recommended to maintain a healthy heart. There is no better way to avoid a cardiac event than to be knowledgeable in your own family history, and live a healthy lifestyle that promotes good heart health.
