Subject: Food Service Program
To: Doug Brown <doug.brown@idabelps.org>

I just got off the phone with Lindsey about some things. She reminded me that cinnamon is on the menu next week. We have a student with a cinnamon allergy. She had also notified me in the past about up coming foods that students are allergic to.

I just wanted to let you know, I LOVE having accurate menus!!! This was always a hassle for me in the past because the menu would change so frequently, I couldn't rely on it at all.

I feel like having the food service program will be saver for our students with allergies and even medical issues, like diabetes. I can notify teachers if there may be an allergy on the menu. I NEVER could do that before.

Just wanted to let you know a positive about the food service program.

SEX EDUCATION

It is the policy of the _____ Board of Education that all curriculum and materials, including supplementary materials which will be used to teach or will be used for or in connection with a sex education class or program which is designed for the exclusive purpose of discussing sexual behavior or attitudes, or any test, survey or questionnaire whose primary purpose is to elicit responses on sexual behavior or attitudes, shall be available through the superintendent or designee for inspection by the parents or guardians of the students who will be involved with the class, program, test, survey, or questionnaire.

Such curriculum, material, class, program, test, survey, or questionnaire shall include information about consent and shall have as one of its primary purposes the teaching of or informing students about the practice of abstinence.

The term "consent" means the affirmative, unambiguous and voluntary agreement to engage in a specific sexual activity during a sexual encounter which can be revoked at any time. Consent cannot be:

- 1. Given by an individual who:
 - a. is asleep or is mentally or physically incapacitated either through the effect of drugs or alcohol or for any other reason, or
 - b. is under duress, threat, coercion or force; or
- 2. Inferred under circumstances in which consent is not clear including, but not limited to:
 - a. the absence of an individual saying "no" or "stop", or
 - b. the existence of a prior or current relationship or sexual activity.

The superintendent or designee shall provide prior written notification to the parents or guardians of the students of their right to inspect the curriculum and material and of their obligation to notify the school in writing if they do not want their child to participate in the class, program, test, survey, or questionnaire.

No student will be required to participate in a sex education class or program that discusses sexual behavior or attitudes if a parent or guardian of the student objects in writing. If the type of program referred to is a part of or is taught during a credit course, a student may be required to enroll in the course but shall not be required to receive instruction in or participate in the program if a parent or guardian objects in writing.

The superintendent or designee shall approve all curriculum and materials which will be used for the purpose of discussing sexual behavior or attitudes and any test, survey or questionnaire used to elicit responses on sexual behavior or attitudes prior to the use of such materials.

Teachers involved in the class, program, test or survey shall submit curriculum, materials, tests, or surveys to the superintendent or designee for approval before they are used in the classroom or school.

REFERENCE: 70 O.S. §11-105.1
21 O.S. § 113

Addendum A

Under Oklahoma law "abuse and neglect" means harm or threatened harm to a child's welfare by a person responsible for the child's health or welfare. Harm or threatened harm to a child's health or welfare can occur through:

1. Non-accidental physical or mental injury.
2. Sexual abuse.
3. Sexual exploitation.
4. Negligent treatment or maltreatment, including the failure to provide adequate food, clothing or shelter.

Suspected physical and sexual abuse cases are investigated by the County Department of Human Services. Each case is professionally evaluated to determine the necessity of treatment for the family. Criminal prosecution is not the primary purpose of the investigation or the reports made by the educator. The law provides immunity from civil liability and criminal penalty to all who participate, in good faith, in the making of a report or investigation, in physical and sexual abuse, or in any judicial proceedings resulting from such a report.

Reporting Procedures

Every school employee of the school district having reason to believe that a student under age 18 is a victim of abuse or neglect shall report the matter immediately to the county Department of Human Services via the hotline 1-800-522-3511 **and** to local law enforcement.

Every school employee of the school district having reason to believe that a student age 18 or older is a victim of abuse or neglect shall report the matter immediately to local law enforcement.

School Procedures

School staff members may initially question the child to determine if the child's injuries resulted from cruel or inhumane treatment, sexual abuse, or malicious acts by the child's caretaker. However, in no case shall the child be subjected to undue pressure in order to validate suspicion of abuse. Validation of suspected child abuse is the responsibility of the Department of Social Services.

Any doubt about reporting a suspected situation is to be resolved in favor of the child and report made immediately.

Once the required report has been made to DHS and/or local law enforcement the reporting employee will inform the building administrator who will immediately contact the Office of the District Attorney. The building administrator shall inform the superintendent of each report made by a school district employee.

September 5, 2019

Dear Superintendent:

It is time to begin preparations for regular Board of Education elections in 2020.

Resolution due

A resolution calling the elections must be submitted to the County Election Board no later than November 15, 2019.

Requirements for school election resolutions are outlined in Title 26, O.S. § 13A-109. A copy of the *Checklist for School Election Resolutions* is enclosed. County Election Board personnel use this form to verify that a resolution contains all the information required by law. You may find it helpful when preparing the resolution. Remember to provide the text (MS Word document) of any propositions that will appear on the ballot along with the resolution.

Reminder of New Law

Amendments to state law governing the election of members of Boards of Education in elementary, independent, and technology center school districts were passed by the Legislature and signed into law by the Governor with an effective date of November 1, 2018. The amendments contained in House Bill 2082 made significant changes to regular elections for Board of Education members.

House Bill 2082 established a **Board of Education Primary Election** on the second Tuesday in February each year and a **Board of Education General Election** on the first Tuesday in April each year.

1. If only one candidate files for a Board of Education office, that candidate is deemed elected and no election is held.
2. If only two candidates file for an office, they appear on the ballot at the Board of Education General Election held in April, and no Primary Election will be held in February.
3. If three or more candidates file for the same Board of Education office, their names appear on the ballot at a Board of Education Primary Election on the second Tuesday in February.
 - a. If a candidate receives a majority (at least one vote more than 50%) of the votes cast in the Primary Election, that candidate is elected. The General Election in April is not held.
 - b. If no candidate receives a majority of the votes cast in the Primary Election, the two candidates with the highest number of votes proceed to the Board of Education General Election on the first Tuesday in April.

4. If two or more candidates file for an office with an Unexpired Term, that election must be held in February. The reason is that the statute concerning filling vacancies on a Board of Education still refers to "the next succeeding election" and "next regular election."

Filing Period

The filing period opens at 8 a.m. Monday, December 2, 2019, and closes at 5 p.m. on Wednesday, December 4. Contest of candidacy petitions may be filed with the County Election Board until 5 p.m. on Friday, December 6. If contests of candidacy are filed, the hearings will be conducted by the County Election Board the following week.

In addition to filing the resolution calling the election with the County Election Board, the Board of Education also must publish a legal notice of the election as required in Title 26 O.S. § 13A-109(E). A copy of said legal notice also is required to be posted at the County Election Board office.

Election Costs

The school district will bear the cost of Precinct Official and Absentee Voting Board compensation for the regular Board of Education Elections on February 11 and April 7. You will receive the Pre-Election Expense Claim for the Primary Election, if it is required, during the week of December 16, 2019. Funds for the Primary Election are due no later than January 24, 2020. Please note that even if an election is not required following the filing period, the district is responsible for a share of the costs of conducting the filing period.

Expect the Pre-Election Expense Claim for the General Election during the week of February 17, 2020. Funds for the General Election are due no later than March 16, 2020.

Proposition Word Limit

Please remember that ballot titles (text) for all propositions submitted to voters by the Board of Education are limited to no more than 200 words. This is the same word limit imposed by law on both state questions and county questions. Please verify that the ballot title for any propositions planned for the February or April elections meet this requirement before submitting the proposition to the County Election Board.

Ballot Proofs for Propositions

If the Board of Education places a proposition on the ballot for February 11, a ballot proof will be provided to you during the week of December 16, 2019. Within 48 hours of receiving the ballot proof, you must proofread the proposition and return a signed statement that the text of the proposition on the ballot matches exactly the text of the proposition included in the resolution calling the election.

If your office closes for the holiday break before you receive the ballot proof, please notify the County Election Board of the best and most expedient method of getting the proof to you during that week.

Scrivener's errors (typographical, punctuation, or spelling errors) may be corrected during this proof, but no substantive additions or deletions of text from the proposition will be accepted

unless it can be shown that the proposition text on the ballot differs from the proposition text provided to the County Election Board in the resolution adopted by the Board of Education.

Also, please see the enclosed information sheet titled *Election Preparation and Proofing* before preparing a resolution containing a proposition.

Closing Split Precincts

If you plan to close split precincts in either the Board of Education Primary or General Election, please review the information sheet enclosed and submit requests to close split precincts as instructed.

Please call the County Election Board office if you have any questions.

Sincerely,

Kelly Donaldson, Secretary
McCurtain County Election Board

Election Preparation and Proofing

Preparing and Filing a Special Election Resolution

1. A resolution calling an election must be submitted to the County Election Board by the resolution deadline date. The resolution must be submitted at least 60 days prior to the election date. If the special election is being called on the same date as a regular or special state or federal election within the county, the resolution must be submitted at least 75 days prior to the date of the election. It is best not to wait until the last minute; if problems or errors are found, this allows time for corrections to be made.
2. In odd-numbered years, **candidate elections** are limited to February, April, September, and November. Elections for propositions may be called on any statutory election date.
3. Accuracy of information within the body of the resolution is critical. Include the date(s) of the election(s) and dates for candidate filing, if applicable. Check with your County Election Board for guidance in determining allowable dates for a candidate filing period. Unexpired terms for candidate elections must be designated as such. Proposition text will be put on the ballot exactly as it appears in the resolution. Carefully check all spelling, punctuation, numerical references, word usage, etc. before submitting the resolution to the County Election Board.
4. Do not submit the proposition text to the County Election Board in ALL CAPS. ALL CAPS text takes more space on the ballot and is more difficult for voters to read than standard upper case/lower case text. Use capital letters within the proposition text only as required for the names of persons or places.
5. Do not use quotation marks for any purpose in the proposition text.
6. It is not necessary to include the phrases "For the Proposition – Yes" and "Against the Proposition – No" or any variation of them in the proposition text. These phrases will be applied uniformly to each proposition on the ballot when the ballot is created. For certain types of propositions, state law may require a different version of these phrases, and such adjustments will be made as needed when the ballot is created.
7. Provide an electronic copy of the resolution document, if possible. In addition to submitting the formal resolution document calling the election to the County Election Board, please also provide the County Election Board with an electronic copy of the resolution and/or the proposition text. The County Election Board will provide an e-mail address to which such an electronic copy can be sent. The County Election Board prefers to receive the electronic copy as a Microsoft Word™ file. If such an electronic copy of the proposition text can be provided, the possibility of introducing typographical/scrivener's errors is greatly reduced.

8. All ballot titles (text) for propositions are limited to no more than 200 words. This is the same word limit imposed by law on both state questions and county questions. Please verify that the ballot title for any proposition meets this requirement before submitting the proposition to the County Election Board.
9. When submitting a resolution to the County Election Board, allow sufficient time in the office for the County Election Board to check and process the resolution. Delivering the resolution document in person is always preferable.
10. If the text of your propositions cannot fit on the front and back of an 8½" by 11" sheet of paper, the ballot may become a multiple-page ballot, which will increase your ballot printing costs. Ballots for most elections are formatted for and printed on 8½" by 14" paper – with the ballot itself being 11 inches long and attached to a three-inch stub. Although longer ballot formats are available, all ballots for all entities holding elections on an election date in the county must be the same size.

Ballot Proofing – applicable only for elections that include proposition text

11. It is the responsibility of the entity to carefully review ballot proofs. The County Election Board Secretary will provide a copy of the ballot proof before ballots are printed. Proofread the text of the proposition as it appears on the ballot against the text of the proposition as it appears in the resolution document adopted by the governing body and submitted to the County Election Board.
12. No substantive changes may be made. Only typographical/scrivener's errors may be corrected in the proposition text at this point. No substantive additions or deletions to the proposition text may be made unless it can be shown that the proposition text on the ballot does not match the proposition text in the resolution adopted by the governing body and submitted to the County Election Board.
13. Notify the County Election Board within 48 hours. Complete the proofreading and notify the County Election Board of any errors found and/or of your approval of the ballot within 48 hours of receiving the ballot from the County Election Board.
14. Sign and submit to the County Election Board an Entity Ballot Proof Affirmation form within 48 hours. The County Election Board will provide an Entity Ballot Proof Affirmation form to be signed by an appropriate representative of the governing board. Please read the Entity Ballot Proof Affirmation form carefully, sign and date it, and return it to the County Election Board within 48 hours. Closing Split Precincts in School District Elections

Title 26 O.S., Section 13A-101 allows school districts to close some split precincts under certain circumstances. The Secretary of the State Election Board has promulgated administrative rules to implement the law. Following is a summary of the steps school district officials may follow to close split precincts.

1. If only part of a precinct is located inside the boundaries of a school district, the precinct may be closed for the school district's election if school officials certify in the body of the resolution calling the election that no persons reside within that part of the precinct.
2. If only part of a precinct is located inside the boundaries of a school district and 100 or fewer voters are registered in the part of the precinct within the district, the precinct may be closed upon request of school district officials. The request must be submitted in writing to the County Election Board Secretary along with the resolution, but should not be included in the text of the resolution. In the event a split precinct will be closed in the regular Board of Education Primary or General Election, the request must be included with the resolution calling these elections submitted in November.
3. The superintendent is required to assist the Secretary of the County Election Board in determining the number of registered voters who reside in the part of the precinct located within the school district's boundaries. Instructions are provided by the Secretary.
4. Once a precinct is closed for an election, the district is not responsible for expenses (Precinct Official compensation and Precinct Registry fees) in the precinct.
5. School districts are not permitted to close split precincts for any election conducted on the same date as a regular or special federal, state, or county Primary, Runoff Primary, or General Election, or a Presidential Preferential Primary Election.

Contact the County Election Board Secretary for more information.

CERTIFICATE OF EXCISE BOARD

State of Oklahoma, County of McCurtain

We do further certify that we have examined the statement of estimated needs for the current fiscal year ending June 30, 2019, as certified by the Board of Education of Idabel Public Schools, District Number I-5 of said County and State, and its financial statement for the preceding year, and in so doing we have diligently performed the duties imposed upon this Excise Board by 68 O. S. 2001 Section 3007, by (1) ascertaining that the financial statements, as to the statistics therein contained, reflect the true fiscal condition at the close of the fiscal year, or caused the same to be corrected so to show; (2) struck from the estimate of needs so submitted any items not authorized by law and reduced to the sum authorized by law any items restricted by statute as to the amount lawfully expendable therefor; (3) supplemented such estimate, after appropriate action, by an estimate of needs prepared by this Excise Board to make provision for mandatory functions based upon statistics authoritatively submitted; (4) computed the total means available to each fund in the manner provided, applying the Governing Board's estimate of revenue to be derived from surplus tax of the immediately preceding year and from sources other than ad valorem tax, or reduced such estimate to not less than the lawfully authorized ratio of the several sums realized from such sources during the preceding fiscal year or to such lesser sum as may reasonably be anticipated under altered law or circumstance and using for such determination the basic collections of the preceding year and the ratios on which distribution or apportionment must be made during the ensuing or current year.

To the several and specific purposes of the estimated needs as certified, we have and do hereby appropriate the surplus balances of cash on hand of the prior year, estimates of income from sources other than ad valorem taxation within the limitation fixed by law, and the proceeds of ad valorem tax levy within the number of mills authorized, either by apportionment by the Legislature, allocation by the excise board or by legal election, all of which appropriations are made in so far as the available surpluses, revenues, and levies will permit, except in that we have also provided that, after deducting items consisting of cash and the revenue from all sources other than the 2019 tax and the proceeds of the 2019 tax levy are in excess of the residue of such appropriations, by a sum included for delinquent tax, computed at 10.0% of such residue. And provided further, if said School District has been ascertained to be a well defined State Aid District, the local budget, as approved and appropriated for, has been applied wholly to its operating accounts.

We further certify that the amount required to be raised from tax, excluding Homesteads, for General Revenue Fund purposes as approved, requires a total ad valorem tax levy of 35.000 Mills. Said levy is within the statutory limit, and if in excess, is within the constitutional limit and has been authorized by a vote of the people of said district, as shown by certificate of the School Board to-wit:

To this District, with valuations shown below, the Excise Board allocated 5.000 Mills, plus 15.000 Mills authorized by the Constitution, plus an emergency levy of 5.000 Mills; plus local support levy of 10.000 Mills; for a total levy for the General Fund of 35.000 Mills.

We further certify that the amount required to be raised for building fund purposes as approved requires a tax levy of 5.000 Mills, and said levy has been certified as authorized by a vote of the people at an election held for that purpose. We further certify that Assessed Values used in computing Mill-vote levies have been applied as certified by the County Assessor.

We further certify that we have examined the within statements of account and estimated needs or requirements of the Governing Board of Idabel Public Schools, School District No. I-5 of said County and State, in relation to the Sinking Fund or Funds thereof, and after finding the same correct or having caused the same to be corrected pursuant to 68 O. S. 2001 Section 3009, have approved the requirements therefor to fulfill the conditions of Section 26 and 28 of Article 10, Oklahoma Constitution, and have made and certified a tax levy therefor to the extent of the excess of said total requirements over the total of items 2, 3, 6, and 12 of Exhibit Y and any other legal deduction, including a reserve of 10.0% for delinquent taxes.
