MEAL PAYMENTS FOR STUDENTS AND ADULTS

Unpaid meal charges reduce revenue that affects the ability to pay food bills, employee salaries and many other expenses. Unpaid charges and the cost associated in collecting these charges result in higher meal prices for all students.

The nutrition serves meal payment policy is intended to:

- Treats all students with dignity and respect;
- Maintain a positive experience for students during meal service;
- Establish practices that are age appropriate; and
- Promote parents; responsibility for meal payments and self-responsibility of the student.

The following guidelines shall apply regarding purchasing meal:

1. The ~~Valhant~~ *Idabel* Public School District utilizes a cash or prepayment system for purchasing meal. Students and adults may pay daily with cash or check.
2. Federal regulations do not mandate meals be furnished on credit. The ability to charge meals is a privilege for students and faculty who have forgotten money. Procedures are in place to ensure students do not go without lunch.
3. All families, regardless of income, are encouraged to apply for free or reduced price meals. Updated applications for free or reduced price meals are available by August 1 of each school year. Only applications for the current school year will be processed. Parents and students are responsible for the cost of meals until the family's free/reduced application is processed. Application will be process within 10 business days after receiving the application. All applicants will be notified ~~by mail~~ of the result of the application.

4. Payments can be made ~~at the point-of-sale or at any time the cafeteria cashier is available~~ *at the school office*. Checks should be made payable to the school, with the patron's name in the memo area to eliminate any confusion.

5. Charging privileges:

- ~~a. Students may not purchase ala-carte items if their account shows a negative balance.~~
- b. Students, ~~faculty and staff~~ are allowed to charge up to \$40.00

6. Notification Process

- a. When account balances are approaching the cost of two meals, the cashier will verbally ask the student to bring money. They will verbally remind the student each day, thereafter.
- b. *Every month* ~~On Thursdays~~ a notice will be emailed *or given* to the parent/guardian of students who have a negative balance.
- c. A notice and free/reduced application will be sent home with any student who has a balance of ~~\$10.00~~ *or more* *or continues*
- ~~d. Adults will be reminded verbally~~

7. Requests for refunds must be in writing or by e-mail. Allow 6-8 weeks for a refund. Funds can also be transferred to any other student's account with a written request. All refunds must be requested within one year. Unclaimed funds will become the property of VPSD.
8. In cases of frequent charging abuse, VPSD may enlist the help of a principal, assistant principal, or district social worker and will contact an adult household member or the offending staff member to arrange a meeting to discuss the problem. In addition, the district reserves the right to pursue other remedies to include, but not limited to, loss of student privileges and legal action.
9. When a check is returned to the VPSD office for insufficient funds (NSF), staff will call the account holder to make payment or payment arrangements for the check. ~~Valiant~~ Public Schools will not deny meals as a disciplinary action against any student who is enrolled in school. However, disciplinary action which indirectly results in the loss of meals is allowable (i.e. student suspended from school). All students, including In-School Suspension (ISS) students, will have equal access to foodservices (all lines and meal types) if they are allowed to go to the cafeteria to receive meals during regular meal periods. If ISS students are allowed access to the cafeteria, either before or after regular serving times, they may be limited to only one line or meal type.

4- Staff meals during the regular school day will be automatically deducted from their monthly pay. Supper and summer meals must be paid in advance at the office and a receipt given at the meal line.

SAFETY PROGRAM

EMERGENCY PLANS HOMELAND SECURITY (REGULATIONS)

To deal with the district's obligations to students, staff, and the community with regard to emergency preparedness and homeland security, the board of education has adopted the following.

Homeland Security Advisory System

Our nation has created the Department of Homeland Security, which has three primary missions:

- Prevent terrorist attacks within the United States;
- Reduce America's vulnerability to terrorism; and
- Minimize the damage from potential attacks and natural disasters.

A critical function of homeland security is to ensure that our state and local governments, police, fire departments, paramedics, and concerned citizens are able to connect with local people representing the department. The Department of Homeland Security has established assessment guidelines for five levels of threat to the nation. From time to time, the Director of Homeland Security may issue or change a national threat level alert. The five levels of threat alert are:

1. **Low Condition (Green).** This condition is declared when there is a low risk of terrorist attack. Federal departments and agencies should consider the following general measures in addition to the agency-specific protective measures they develop and implement:
 - A. Refining and exercising as appropriate preplanned protective measures;
 - B. Ensuring personnel receive proper training on the Homeland Security Advisory System and specific preplanned department or agency protective measures; and
 - C. Institutionalizing a process to assure that all facilities and regulated sectors are regularly assessed for vulnerabilities to terrorist attacks, and all reasonable measures are taken to mitigate these vulnerabilities.
2. **Guarded Condition (Blue).** This condition is declared when there is a general risk of terrorist attack. In addition to the protective measures taken in the previous threat condition, federal departments and agencies should consider the following general measures in addition to the agency-specific protective measures that they will develop and implement:
 - A. Checking communications with designated emergency response or command locations;
 - B. Reviewing and updating emergency response procedures; and
 - C. Providing the public with any information that would strengthen its ability to act appropriately.
3. **Elevated Condition (Yellow).** An Elevated Condition is declared when there is a significant risk of terrorist attack. In addition to the protective measures taken in the previous threat conditions, federal departments and agencies should consider the following general measures in addition to the protective measures that they will develop and implement:

EMERGENCY PLANS, HOMELAND SECURITY, REGULATIONS (Cont.)

- A. Increasing surveillance of critical locations;
 - B. Coordinating emergency plans as appropriate with nearby jurisdictions;
 - C. Assessing whether the precise characteristics of the threat require the further refinement of preplanned protective measures; and
 - D. Implementing, as appropriate, contingency and emergency response plans.
4. **High Condition (Orange).** A High Condition is declared when there is a high risk of terrorist attack. In addition to the protective measures taken in the previous threat conditions, federal departments and agencies should consider the following general measures in addition to the agency-specific protective measures that they will develop and implement:
- A. Coordinating necessary security efforts with federal, state, and local law enforcement agencies or any National Guard or other appropriate armed forces organizations;
 - B. Taking additional precautions at public events and possibly considering alternative venues or even cancellation;
 - C. Preparing to execute contingency procedures, such as moving to an alternate site or dispersing their workforce; and
 - D. Restricting threatened facility access to essential personnel only.
5. **Severe Condition (Red).** A Severe Condition reflects a severe risk of terrorist attack. Under most circumstances, the protective measures for a Severe Condition are not intended to be sustained for substantial periods of time. In addition to the protective measures in the previous threat conditions, federal departments and agencies also should consider the following general measures in addition to the agency-specific protective measures that they will develop and implement:
- A. Increasing or redirecting personnel to address critical emergency needs;
 - B. Assigning emergency response personnel and pre-positioning and mobilizing specially trained teams or resources;
 - C. Monitoring, redirecting, or constraining transportation systems; and
 - D. Closing public and government facilities.

EMERGENCY PLANS, HOMELAND SECURITY, REGULATIONS (Cont.)Severe Condition (“Red Alert”) Plan

Depending upon the circumstances and the nature of the attack, the first most important decision school administrators need to make is whether to stay put or get away. School district personnel should understand and plan for both possibilities. Decisions should be made using common sense and available information to determine if there is immediate danger.

In any emergency, local authorities may or may not be able to provide information immediately on what is happening and what should be done. However, radio and television news reports should be monitored for information or official instructions as they become available. The superintendent shall prepare administrative procedures as to monitoring methods (e.g., use of a television, radio, or Internet access), responsibilities (staff assigned), and circumstances (High Condition and/or Severe Condition alerts).

When specifically advised by local authorities, the schools will be evacuated or medical treatment will be sought for all persons on school property.

In the event the Department of Homeland Security issues a Severe Condition alert, this school district will follow the directives of local civil defense authorities. If immediate evacuation and closure of school buildings is required, appropriate transportation will be provided to established “safe areas” and parents will be notified via radio and/or television announcements. The schools in this district will remain closed until considered safe to re-open.

Emergency evacuation plans have been developed and will be implemented when appropriate to do so or when required by local authorities. Such plans include several routes and destinations in different directions from the school campus in order to provide options in the event of an emergency.

If directives are received that the school will activate “lockdown” procedures, staff and students will not be allowed to leave the premises and no persons will be allowed to enter without proper identification. All staff and students will be moved to secure areas of the school buildings where appropriate safety procedures will be implemented. Emergency supply kits will be maintained in each designated secure area. The district will also maintain food and water provisions to supply all staff and students for at least three days. Communications will be maintained with local authorities so that parents can be made aware their children are being protected.

**GUIDELINES FOR OUTSIDE AGENCY REPRESENTATIVES
INTERVIEWING CHILDREN AT THE SCHOOL**

The Jordan Board of Education recognizes that the primary function of the Jordan Public Schools is to educate the students in a secure, non-threatening environment. For this purpose, the Board requests that interviewing of students by any outside agency at the school be kept to a minimum. The purpose of this policy is to assist the school representatives in fostering a trusting relationship with the parents of the students. Promoting trust and open communication with the parents is essential to the student's education. The following criteria are established to minimize the disruption to the student, while still protecting the student from any abusive situations arising outside the school setting:

1. The principal/designee will inquire of the agency representative whether it is necessary to interview the student during the school day and on school grounds, and request that the interviewing be done outside of the school day if possible.
2. All outside agency representatives (DHS, Child Welfare, Law Enforcement, etc.) seeking authority to interview a student at school must receive authorization to do so from the building principal, or designee.
3. If a child abuse report is received while the student is in school, the principal/designee will allow agency representatives access to the student. Identification should be requested from the person seeking to interview the student at school from any person unknown to the principal/designee. If the principal/designee is uncomfortable with the person seeking to interview the student, or that person's credentials, or if the principal/designee perceives that conditions or circumstances are not in the student's best interest, access to the student should be denied until further information or clarification can be obtained.
4. It is not required that the parents be notified prior to allowing the agency representative access to the student, however the principal/designee may determine that it is in the best interest of the child to do so. If an agency representative produces a court order to interview the student, the principal/designee must comply without notifying the parent. The court order relieves the school district, its officials and employees, from any legal responsibility.
5. An agency representative may not physically remove a student from the school without a court order or prior notification of the parents.

REFERENCE: 10 O.S. §7102-7106

NOTE: 10 O.S. §7105 states that “[a]ny person who, in good faith and exercising due care, allows access to a child by persons authorized to investigate a report concerning the child shall have immunity from any liability, civil or criminal, that might otherwise be incurred or imposed.”

MOMENT OF SILENCE

It shall be the policy of this Jordan Board of Education that no sectarian or religious doctrine shall be taught or inculcated into the curriculum or activities of the school. However, those students who wish to do so may participate in voluntary prayer so long as it is during noninstructional time and does not interfere with the rights of other students.

Each school site within the district shall observe one minute of silence each day for the purpose of allowing each student to meditate, pray, or engage in any other silent activity that does not interfere with, distract, or impede other students in the exercise of their choice. All school personnel are to afford these options to all students, who will individually make the selection as to which of these behaviors they will engage in during the moment of silence. These options will also be included in the student handbooks.

The minute of silence will be held _____ (*at the start of the school day, at 10:00 a.m., etc.*). The minute of silence will be _____ (*announced over the intercom, begin with the ringing of the school bell, etc.*) at the appointed time.

If the district or a school employee is sued for providing a moment of silence to students, the district must notify the Attorney General within five (5) days. The Attorney General will provide legal representation to the district or employee named as a defendant in an action related to this statutory requirement.

GRADUATION POLICY

The _____ Board of Education recognizes that graduation ceremonies are important events for our students, patrons, guests, and community. Students who have not met state mandates or local school district graduation requirements may not be allowed to participate in the graduation ceremony. In order to participate in the graduation ceremony a student must be in good standing. Students who have not conformed with student discipline policies, those that have been charged, are under investigation, or have been convicted of a crime, and those that have unpaid fines or fees to the school district are not in good standing. To ensure that graduation ceremonies are enjoyable for all participants and spectators, the board enacts the following policies:

1. A student shall be a graduate of this school district and entitled to a High School Diploma whenever that student has successfully completed the minimum number of credits established by the district for graduation, demonstrates mastery of the state academic content standards as required by state law, and completes graduation exercises in accordance with this policy.
2. Students are considered as students of this district until graduation ceremonies have been completed.
3. Students participating in graduation ceremonies will be required to abide by the school's discipline code as outlined in the Student Handbook. In addition, students shall not engage in the following conduct during graduation exercises:
 - A. Throwing caps or other objects in the air; or,
 - B. Engaging in any disruptive activity that substantially interferes with the graduation process or the rights of other individuals.
 - C. Regalia. Students who can verify their enrollment in a tribe (CDIB card) will be allowed to wear an eagle feather and have beading around the edge of the mortar board. Students who do not qualify for a CDIB card, but do qualify under federal law will not be allowed to wear a feather, but will be allowed to have beading on the mortar board. The beading shall be attached to the mortar board and shall not exceed ½ inch over or ½ inch under the edge of the mortar board. There will be no alterations to the robe and only school issued cords and sashes may be utilized in the graduation ceremony.
4. The administration may impose discipline on any student who commits any act referred to in (3) above. It is recommended the administration take necessary steps to impose discipline as soon as is convenient after completion of graduation exercises. If a student violates (3) above prior to the ceremony, the student may not be allowed to participate in the graduation ceremony and will be asked to leave the premises.

SEXUAL HARASSMENT OF STUDENTS

The policy of this school district forbids discrimination against, or harassment of any student on the basis of sex. The ~~Board~~ Board of Education will not tolerate sexual harassment by any of its employees or students. This policy applies to all students and employees including non-employee volunteers whose work is subject to the control of school personnel. Policy DA applies to sexual harassment of employees.

1. Sexual Harassment is defined as conduct on the basis of sex that satisfies one or more of the following:
 - a. An employee of the school district conditioning the provision of an aid, benefit, or service of the school district on a student's participation in unwelcome sexual conduct. This is referred to as quid pro quo sexual harassment;
 - b. Unwelcome conduct determined by a reasonable person to be so severe, pervasive and objectively offensive that it effectively denies a student equal access to the school district's educational program or activity; or
 - c. Sexual assault, dating violence, domestic violence or stalking as defined by federal law.

For the purpose of this policy, examples of sexual harassment include, but are not limited to:

Verbal or physical sexual advances, including subtle pressure for sexual activity; touching, pinching, patting, or brushing against; comments regarding physical or personality characteristics of a sexual nature; and sexually-oriented "kidding" "teasing," double meanings, and jokes.

Demeaning comments about a girl's ability to excel in a class historically considered a "boy's" subject, privately talking to a student about sexual matters, hugging or touching a student inappropriately may constitute sexual harassment.

Writing graffiti that names a student or otherwise identifies a student is potentially slanderous and constitutes sexual harassment. Graffiti of any kind will not be tolerated on school property. The superintendent is directed to cause any graffiti or unauthorized writings to be removed immediately. Use of e-mail, the internet, or technology may constitute sexual harassment as much as use of in-person, postal mail, handwritten or other communication.

Any of the aforementioned conduct that effectively deprives a student of equal access to educational opportunities or benefits provided by the school.

2. Specific Prohibitions

A. Administrators and Supervisors

1. It is sexual harassment for an administrator, supervisor, support employee, or teacher to use his or her authority to solicit sexual favors or attention from students.
2. Administrators, supervisors, support personnel, or teachers who either engage in sexual harassment of students or tolerate such conduct by other employees shall be subject to sanctions, as described below.

SEXUAL HARASSMENT OF STUDENTS (Cont.)

3. ~~The school district is not concerned with~~ The "off-duty" conduct of school personnel that unless the conduct has or will have a negative impact on the educational process of the school or constitutes an illegal or inappropriate relationship with a student may subject the employee to disciplinary action which could include termination of employment. Any romantic or sexual affiliation between school personnel and students, including students who have reached the age of majority (18), during school hours will have a negative impact on the educational process and shall constitute a violation of school policy. Such violations may result in suspension of the student and suspension or termination for the employee. Any sexual affiliation between teachers and students under the age of 20 constitutes a crime under Oklahoma law and will most likely result in the suspension of certification by the State of Oklahoma.
3. Notice of this policy and grievance procedure, including how to file or report sexual harassment and how the district will respond shall be provided to applicants for admission and employment, students, parents or legal guardians, and unions or professional organizations holding agreements with the school district.
4. Reporting Allegations of Sexual Harassment, Investigation, and Sanctions
- A. It is the express policy of the board of education to encourage student victims of sexual harassment to come forward with such claims. ~~This may be done through the Sexual Discrimination Grievance policy. The Office of Civil Rights relies on school administrators' judgment and common sense in meeting the requirements of the federal law.~~
1. Students who feel that administrators, supervisors, support personnel, teachers, or other students are subjecting them to sexual harassment are encouraged to report these conditions, or have their parents report these conditions, to the appropriate administrator or teacher. If the student's immediate administrator or teacher is the alleged offending person, the report will be made to the next higher level of administration or supervision or to any responsible adult person. The employee to whom the report was made will provide notice of the report to the Title IX coordinator. The Title IX coordinator may then sign the complaint and/or should then provide the appropriate paperwork to the student or parent/guardian so that the student (complainant) may file a formal complaint with the Title IX coordinator by mail, e-mail or as directed by the Title IX coordinator.
2. Every attempt will be made to maintain confidentiality; however, absolute confidentiality cannot be guaranteed because of due process concerns that arise in sexual harassment investigations. No reprisals or retaliation will be allowed to occur as a result of the good faith reporting of charges of sexual harassment.
- B. Upon notice from an employee that a student or parent/guardian has reported possible sexual harassment, the Title IX coordinator will promptly contact the student (alleged victim) to discuss the availability of supportive measures, consider the student's wishes with regard to supportive measures, and explain the process that will be involved with a formal complaint. In determining whether alleged conduct constitutes sexual harassment, the totality of the circumstances, the nature of the conduct, and the context in which the alleged conduct occurred will be investigated. The superintendent has the responsibility of investigating and resolving complaints of sexual harassment.

SEXUAL HARASSMENT OF STUDENTS (Cont.)5. Grievance Procedure.

- A. Equitable Treatment. Both the alleged victim (complainant) and the alleged respondent (respondent) will be treated equitably by the school district.
- B. Objective Evaluation of Evidence. All evidence both inculpatory and exculpatory will be evaluated objectively. Credibility determinations will not be made based upon the party's status as complainant, respondent, or witness.
- C. Conflict of Interest. Any person serving as the Title IX coordinator, investigator, decision-maker, or any person designated to facilitate the process shall not have a conflict of interest against complainants and respondents generally or against the particular complainant and respondent.
- D. Presumption. There will be a presumption that the respondent is not responsible for the alleged conduct until a determination is made at the conclusion of the grievance process.
- E. Timeliness. The grievance process will proceed in a timely manner. Any delay in the process for good cause such as law enforcement involvement, absence of a party, witness or advisor, translation, or accommodation needs will be documented, and written notice provided to both parties explaining the reason for the delay.
- F. Possible outcomes. A description or listing of possible disciplinary outcomes and remedies that may be implemented following a determination of responsibility must be provided to both parties.
- G. Standard of Review. The school district will utilize (a preponderance of the evidence standard) or (a clear and convincing evidence standard) to determine responsibility. *** The standard selected by the school district will need to be the same standard that is applied to all formal complaints including those against employees.
- H. Privileged Information. The school district will not require, allow or use evidence or questions that constitute or seek legally privileged information, unless the privilege is waived.

6. Written Notice. Upon receipt of a formal complaint, the school district will provide written notice to all known parties in sufficient time to give the respondent time to prepare a response before an initial interview. The written notice must include:

- A. Notice of the grievance process, including any informal resolution process;
- B. Notice of the allegations, including sufficient details to allow the respondent to prepare a response;
- C. A statement that the respondent is presumed not responsible for the conduct and that responsibility will be determined at the conclusion of the grievance process;
- D. Notice of the parties' right to have an advisor and to inspect and review evidence. The advisor may but is not required to be an attorney.

SEXUAL HARASSMENT OF STUDENTS (Cont.)

- E. Notice of any provision in the student discipline code that prohibits knowingly making false statements or providing false information in the grievance process.

If in the course of an investigation, the school district obtains additional information about the respondent or complainant that was not included in the original written notice, notice of the additional allegations must be provided in writing to both parties.

7. Investigation of the Allegations. The school district will designate an investigator to conduct a thorough investigation of allegations. Contact information for the investigator will be provided to both the complainant and the respondent.

- A. The burden of proof and of gathering evidence remains on the school district.
- B. An equal opportunity will be provided to both parties to present witnesses and evidence during the investigation.
- C. Neither the complainant or respondent will be prohibited from discussing the allegations or gathering and presenting evidence to the investigator.
- D. Both parties will have the opportunity to have others present during interviews or related proceedings. This may include an advisor who may but is not required to be an attorney.
- E. Written notice of the date, time, participants, purpose and location of any investigate interview, hearing, or other meeting shall be provided to the party who is invited or expected to attend.
- F. Both parties and their advisors, if any, will be provided an opportunity to review all evidence that is directly related to the allegations in the formal complaint. This would include any evidence on which the school district does not intend to rely and any exculpatory or inculpatory evidence from any source. Such evidence must be provided prior to the completion of the final investigation report and in time to give the parties at least ten (10) days to prepare a written response, which the investigator must consider prior to completing the investigation report.
- G. A written investigation report will be provided that summarizes the relevant evidence. This report will be provided to the parties and their advisors, if any, for their review and written response at least ten (10) days before a hearing or determination of responsibility.

8. Hearing. The Title IX coordinator will determine whether a live hearing is necessary on a case-by-case basis if both parties request or consent to such a hearing (the live hearing component is optional for K-12 schools). Regardless of whether a live hearing is held, or a written hearing is conducted, each party will have ten (10) days from the receipt of the investigation report to submit written, relevant questions that the party wants asked of another party or witness. Both parties will be provided with the answers and follow up questions. Federal law determines when questions regarding a complainant's prior sexual behavior or sexual predisposition are considered relevant in a hearing provided by a school district.

SEXUAL HARASSMENT OF STUDENTS (Cont.)

9. Determination of Responsibility. A decisionmaker, who is not the Title IX coordinator or the investigator, will apply (a preponderance of the evidence standard) or (a clear and convincing evidence standard) to determine responsibility, and will issue a written determination of responsibility that:

- A. Identifies the allegations that potentially constitute sexual harassment;
- B. Describes the school district's procedural steps taken from the receipt of the complaint to the determination;
- C. Includes findings of fact to support the determination;
- D. Includes conclusions regarding applicants of the discipline code to the facts;
- E. Includes a statement of, and rationale for, the result as to each allegation, including a determination of responsibility, any disciplinary sanctions, and whether remedies to restore or preserve equal access to the school's educational programs or activities will be provided to the complainant; and
- F. The procedures and permissible basis for appeals.

10. Appeals. Within ten (10) days of a determination of responsibility, dismissal of a complaint or any allegations therein either party may appeal for one of the following reasons:

- A. A procedural error affected the outcome.
- B. New evidence that was not reasonably available at the time of the determination and could affect the outcome;
- C. Conflicts of interest on the part of the Title IX coordinator, investigator or decision maker that affected the outcome.

If an appeal is made, the school district will provide written notice to both parties of the appeal. Both parties will be provided an equal opportunity to submit a written statement in support of or challenging the determination within ten (10) days of the written notice to both parties of the appeal being filed. The appeal will be heard by an appeal decision maker who is not the Title IX coordinator, the investigator or the original decisionmaker. The appeal decisionmaker cannot have a conflict of interest or bias against complainants and respondents generally or the particular complainant and respondent. The appeal decisionmaker will receive training as mandated by law. The decision of the appeal decisionmaker will be final and nonappealable. The written decision of the appeal decisionmaker will be provided within ten (10) days of the deadline for written statements supporting or challenging the initial determination. The written decision will be provided simultaneously to both parties.

11. Recordkeeping. The school district will keep records related to reports of alleged sexual harassment for a minimum of seven (7) years. Records maintained will include investigation records, disciplinary sanctions, remedies, appeals, and records of any action taken including supportive measures. Records will document in each instance that the school district's response was not indifferent and that measures were taken to restore or preserve equal access to educational programs or activities. If the school does not offer supportive measures in response to a report, the records should document why the response was not clearly unreasonable under the known circumstance.

SEXUAL HARASSMENT OF STUDENTS (Cont.)

The district will also post the training materials used to train Title IX coordinators, investigators, and decisionmakers on the district website at: _____ . These materials will also be available to the public.

12. Retaliation. The board of education prohibits retaliation by the school district or any employees of the school district against any person for the purpose of interfering with Title IX rights or because the person has participated or refused to participate in any manner in a proceeding under Title IX regulations. Complaints of retaliation will be addressed under the district's grievance process.

Charging a person with a discipline violation or code of conduct violation based on a person's knowingly making a materially false statement in bad faith in an investigation is not retaliation.

- ~~_____ C. Any employee found to have engaged in sexual harassment of students shall be subject to sanctions, including, but not limited to warning, suspension, or termination subject to applicable procedural and due process requirements.~~
- ~~_____ D. Any student found to have engaged in sexual harassment of other students shall be subject to sanctions, including, but not limited to warning, suspension or other appropriate punishment subject to applicable procedural and due process requirements.~~
- ~~_____ E. A copy of this Sexual Harassment policy will be provided to students and parents each year.~~
- ~~_____ F. Special effort will be made to apprise district administrators, teachers, and counselors of their obligation to receive student complaints of sexual harassment, document such complaints, and forward them to the grievance committee.~~

GRADUATION POLICY

The Idabel Board of Education recognizes that graduation ceremonies are important events for our students, patrons, guests, and community. Students who have not met state mandates or local school district graduation requirements may not be allowed to participate in the graduation ceremony. In order to participate in the graduation ceremony a student must be in good standing. Students who have not conformed with student discipline policies, those that have been charged, are under investigation, or have been convicted of a crime, and those that have unpaid fines or fees to the school district are not in good standing. To ensure that graduation ceremonies are enjoyable for all participants and spectators, the board enacts the following policies:

1. A student shall be a graduate of this school district and entitled to a High School Diploma whenever that student has successfully completed the minimum number of credits established by the district for graduation, demonstrates mastery of the state academic content standards as required by state law, and completes graduation exercises in accordance with this policy.
2. Students are considered as students of this district until graduation ceremonies have been completed. The graduation process is "completed" when caps and gowns have been turned in to the responsible party after the last graduation program and the student has exited the premises.
3. Students participating in graduation ceremonies will be required to abide by the school's discipline code as outlined in the Student Handbook. In addition, students shall not engage in the following conduct during graduation exercises:
 - A. Throwing caps or other objects in the air; or,
 - B. Engaging in any disruptive activity that substantially interferes with the graduation process or the rights of other individuals.
 - C. Students shall be prohibited from decorating their graduation caps or gowns.
4. Students may wear tribal regalia during graduation ceremonies. Tribal regalia will include traditional garments, jewelry, other adornments such as an eagle feather, an eagle plume, a beaded cap, a stole or similar objects of culture and religious significance worn by members of a federally recognized Indian tribe or the tribe of another country. Tribal regalia does not include any firearm or other weapon. Tribal regalia does not include any object that is otherwise prohibited by federal law, except in compliance with an appropriate federal permit.
5. The administration may impose discipline on any student who commits any act referred to in (3) above. It is recommended the administration take necessary steps to impose discipline as soon as is convenient after completion of graduation exercises.

SCHOOL LIBRARY MEDIA CENTER

It is the policy of the Joplin Board of Education that efforts be made to staff and maintain a school library media center adequate for the needs of students and teachers.

The library media program shall be reflective of the community standards for the population the library media center serves when acquiring an age-appropriate collection of print materials, non-print materials, multimedia resources, equipment and supplies adequate in quality and quantity to meet the needs of students in all areas of the school library media program.

The superintendent is directed to develop regulations governing the selection of materials for and the use of the library media center.

**SCHOOL LIBRARY MEDIA CENTER
SELECTION OF MATERIALS
(REGULATION)**

The responsibility for the selection of library media center materials rests with the Idabel Board of Education. Authority for the selection of proper materials shall be delegated to the library media center staff. Materials shall be selected in accordance with the principles established by the School Library Bill of Rights as approved by the American Association of School Librarians. Final selection will be made by the media specialist subject to approval by the board. Suggestions from the administration, the faculty, and from the students are encouraged.

~~The superintendent shall prepare regulations that support this policy.~~

The board of education and the media staff of the Idabel Public Schools subscribe in principle to the following statement of policy expressed by the American Association of School Librarians:

BILL OF RIGHTS FOR LIBRARY MEDIA CENTER PROGRAMS

The professional staff of school media centers is concerned with the development of informed and responsible citizens. To this end, the American Association of School Librarians reaffirms the Library Bill of Rights of the American Library Association and asserts that the responsibility of the school media center is:

To provide materials that will enrich the student as an individual and support the curriculum, taking into consideration individual needs, and the varied interests, abilities, socioeconomic backgrounds, and maturity levels of the student served.

To provide materials that will stimulate growth in knowledge and develop literary, cultural, and aesthetic appreciations and ethical standards.

To provide materials on all sides of issues, beliefs, and ideas so that young citizens may develop the habit of critical thinking, reading, listening, and viewing, thereby enabling them to develop an intellectual integrity in forming judgments.

To provide materials which accurately reflect all religious, social, political, and ethnic groups, and their contributions to our American heritage as well as knowledge and appreciation of world history and culture.

To provide a comprehensive collection of instructional materials which, when selected in compliance with basic selection principles, can be defended on the basis of their appropriateness for the users of the media center.

Responsibility for Selection

The board of education, the governing body of the school district, is legally responsible for the selection of instructional materials. This authority is delegated to the professional personnel of the district for the selection of these materials.

Materials for the library media center are selected primarily by the librarian with input from the Review Committee.

SCHOOL LIBRARY MEDIA CENTER, SELECTION OF MATERIALS, REGULATION (Cont.)

Review Committee

Library Media Specialist
Principal
Counselor
Classroom Teacher

This committee must be approved by the superintendent.

Types of Material for Purchase

1. Instructional materials are chosen because they are of interest and have learning value for the student in the community. Materials are not excluded because of race, nationality, religion, or political views of the writer.
2. Insofar as it is practical, materials are provided which present all points of view concerning the problems and issues of our time: international, national, and local. Books and materials of sound factual authority are not removed or banned from library media center shelves because of partisan or doctrinal disapproval.
3. Periodicals and newspapers that supplement the curriculum needs shall be chosen for accuracy, objectivity, accessibility, demand, and prices.
4. Multiple items of outstanding quality and much in demand media are purchased as needed.
5. Nonfiction subjects that are topics of criticism are carefully considered before selection. Among these are:
 - A. Religion -- Factual unbiased material that represents all major religions may be included in the library media center collection. Bibles and other sacred writings are acceptable. Publications from religious bodies may be selected if they have general value or appear in magazine indexes.
 - B. Ideologies -- The library media center should, without making any effort to sway the reader's judgment, make available basic factual information on the maturity level of its reading public of ideologies or philosophies that are of current or continuing interest.
 - C. Science -- Medical and scientific knowledge suitable to the development stage of the student should be made available without any biased selection of facts.

Criteria for Selection

1. Selections are made for, and in accordance with, the different maturity levels of the students.

2. Materials are selected which fill a need related to the curriculum and/or contribute to the development and enrichment of the student.

SCHOOL LIBRARY MEDIA CENTER, SELECTION OF MATERIALS, REGULATION (Cont.)

3. Interests, needs, abilities of the students, and correlation of materials with the curriculum are dominating factors in the selection of materials.

Criteria for Evaluation

1. The author or producer should be qualified as a subject specialist.
2. Concepts, content, and vocabulary should be appropriate for the potential user.
3. Facts presented should be accurate and up-to-date.
4. Information should be logically arranged.
5. Subject matter should hold the attention of the student.
6. Format of the material should be attractive and durable.
7. Illustrations should be pertinent and well executed.
8. Each medium should meet a real or potential need.
9. Evaluation from standard selection aids should be given consideration.

Selection Tools

In selecting materials for purchase, the media specialist evaluates the existing collection and consults reputable, unbiased, professionally prepared selection aids, such as:

- Booklist
- Bulletin of the Center for Children's Books
- Children's Catalog
- The Elementary School Library Collection
- Hornbook
- Oklahoma Department of Libraries Book
- School Library Journal
- Junior High & Senior High School Catalog
- Fiction Catalog

When possible, audiovisual materials shall be previewed before purchase or ordered with return privilege guaranteed.

SCHOOL LIBRARY MEDIA CENTER, SELECTION OF MATERIALS, REGULATION (Cont.)

Gift Books and Materials

1. Gift books and materials are accepted with the understanding that they must meet the same selection criteria as materials purchased with board of education funds. The practice of a donor's purchasing new books or materials as library media center gifts is discouraged. It is preferable that donors make monetary gifts for the purchase of books and materials because the school receives a discount and can purchase more books for the same amount of money.
2. Gift books and other materials, once accepted by the Idabel Public Schools, become the property of the Idabel Public Schools.

Procedures for Reconsideration of Materials

It is recommended that a student or the student's parent should have this right to reject the use of library media center materials which seem incompatible with the student's values or beliefs. It is further recommended that classroom assignments involving library media center materials provide for alternative choices. This procedure is consistent with the National Council of Teachers of English Statement on Students' Right to Read, which is endorsed in its entirety. However, no parent has the right to determine the reading matter for students other than his/her own children. Books and other materials shall not be removed or banned solely because of partisan or doctrinal disapproval.

If an objection to a selection is made by the public, the procedures are as follows:

Be courteous and inform the patron of the process of media review. Make no commitments.

Invite the complainant to file his/her objections in writing on forms provided through the principal's office.

Completed forms are to be returned to the principal.

An informal conference with the principal will be held.

If unable to satisfy the complainant, refer the complaint to the Review Committee.

Material is not to be withdrawn without referring to the Review Committee, which determines whether the material should be withdrawn.

Material is reviewed and judged by this committee as to conformity with selection criteria and instructional goals.

The decision of the committee is submitted to the complainant and a file of the objection and decision is kept by the library media specialist and the principal.

SCHOOL LIBRARY MEDIA CENTER, SELECTION OF MATERIALS, REGULATION (Cont.)

In the event that the complainant does not accept the decision of the Review Committee, he/she may appeal to the board of education through the superintendent.

Final decision rests with the board of education.

Worn or missing standard items will be replaced periodically.

Out-of-date or no longer useful media are withdrawn from the collection.

BIDS AND QUOTATIONS

No expenditure involving an amount greater than \$500.00 shall be made except in accordance with the provisions of a written contract or purchase order, and no contract involving an expenditure of more than ~~\$100,000~~ \$50,000 for the purpose of erecting a building or making any improvements on school buildings or construction trade contracts or subcontracts exceeding \$50,000 shall be made except upon sealed proposals and to the lowest or best responsible bidder. This does not prohibit the district from erecting a building or making improvements on a force account basis.

Public construction contracts equal to ~~\$50,000~~ but less than ~~\$100,000~~ \$50,000 shall be let and awarded to the lowest responsible bidder by receipt of written bids or awarded on the basis of competitive quotes to the lowest responsible qualified contractor. Public construction contracts for less than \$25,000 may be negotiated with a qualified contractor. Public construction contracts are any contract for the purpose of making any public improvements or constructing any public building or making repairs to or performing maintenance on any school-owned building.

For minor maintenance or minor repair work to public school district property, contracts between ~~\$25,000 and \$50,000~~ shall be let and awarded to the lowest responsible bidder by receipt of written bids. If a public construction contract for minor maintenance or minor repair work to district property is less than \$25,000, a contract may be negotiated with a qualified contractor. No work shall be commenced until a written contract is executed and proof of insurance has been provided by the contractor to the school district's business office.

The school board may provide for a local bid preference of not more than five percent of the bid price if the board determines that there is an economic benefit to the local area or economy. The determination as to whether there is an economic benefit to the local area or economy will be based upon whether the local bidder employs residents of the school district as employees or independent contractors and whether such employment will benefit the school district.

The local bidder must be the second lowest qualified bid on the contract and must agree to perform the contract for the same price and terms as the bid proposed by the nonlocal bidder or contractor. Within the bid specifications the district must clearly state that the bid is subject to a local bidder preference law.

"Local bidder" means the bidding person is authorized to transact business in Oklahoma and maintains a bona fide establishment for transacting business within the state.

The term "force account" means the purchase of necessary materials, and the employment of necessary workmen, by the school district itself, rather than entering into a contract with a building or other contractor to construct the building or other improvement. No contract involving sums in excess of ~~\$100,000~~ \$50,000 shall be split into partial contracts involving sums below ~~\$100,000~~ \$50,000 for the purpose of avoiding the requirements of the Public Competitive Bidding Act.

For the purposes of this policy, the term "improvements on school buildings" shall not include any of the following:

1. Portable, or otherwise moveable, buildings and structures;
2. Prefabricated metal buildings and structures, along with necessary utility services for such buildings or structures;
3. Roofs placed over existing roof structures; and
4. Other structures that can be disassembled after installation and removed without permanent damage to existing property.

For the purposes of the Public Competitive Bidding Act, where total payments of principal and interest are anticipated to exceed ~~\$50,000~~ 100,000 the lease purchase of items pursuant to paragraphs numbered 2 and 3 above must be competitively bid.

**DEVELOPMENT OPPORTUNITIES:
BOARD MEMBERS**

The school board in modern America faces a difficult set of challenges. It must fashion a quality educational program to prepare children for an unpredictable tomorrow. It must decide complex issues of policy and principle. It must oversee the prudent management of our community's extensive school facility. It is right and proper for the public to expect its elected and/or appointed board members to demonstrate high qualities of leadership as they deal with affairs of the public schools. ~~It is also right and proper for a school board to expect public support for its efforts to enlarge the horizons and abilities of its members.~~

The board of education places a high priority on the importance of a planned and continuing program of in-service education for its members. The central purpose of the program is to enhance the quality and effectiveness of public school governance in our community. The board shall plan specific in-service activities designed to assist board members in their efforts to improve their skills as members of the policy-making body; to expand their knowledge about trends, issues, and new laws and ideas affecting the continued welfare of our local schools; and to deepen their insights into the nature of leadership in a modern democratic society.

Funds may be budgeted annually to support the program. Individual board members shall be reimbursed for out-of-pocket expenses incurred through participation in approved activities. The board, as a whole, shall retain the authority to approve or disapprove the participation of members in planned activities. ~~The public shall be kept informed through the news media about the board's continuing in-service education and about the programs anticipated for short- and long-range benefits to our schools.~~

The board regards the following as the kinds of activities and services appropriate for implementing this policy:

1. Participation in school board conferences, workshops, and conventions held by the state and national school boards associations.
2. District-sponsored training sessions for board members.
3. Subscriptions to publications addressed to the concerns of board members.

In order to control both the investment of time and funds necessary to implement this policy, the board establishes these principles and procedures for its guidelines:

1. A calendar of school board conferences, conventions, and workshops shall be maintained by the superintendent. The board will periodically decide which meetings appear to be most promising in terms of producing direct and indirect benefits to the school district.
2. Funds for participation at such meetings will be budgeted on an annual basis. When funds are limited, the board will designate which of its members would be the most appropriate to participate at a given meeting.
3. Reimbursement to board members for their travel expenses will be in accordance with the travel expense policy for staff members. (See policy DEE and DEE-R.)

DEVELOPMENT OPPORTUNITIES: BOARD MEMBERS (Cont.)

4. When a conference, convention, or workshop is not attended by the full board, those who do participate will be requested to share information, recommendations, and materials acquired at the meeting.

School board members are encouraged to attend virtual and in-person workshops presented by the county, state, and national school boards associations. Professional journals and books in the school libraries shall be made available to every board member. The Superintendent shall provide information to the full school board as to the status of school board member training credits under an appropriately worded agenda item. The report shall include the number of new or incumbent credits, as well as the number of continuing education credits each board member has earned. This report shall be provided to the members of the board of education at the August, November, February, and May regular meetings of the board of education.

By March 1, the Oklahoma State Department of Education will notify school board members who have not yet completed training requirements that they are required to do so. If the board member fails to earn training credits in the timeline set by statute, the Oklahoma State Department of Education will notify by certified mail the school boards and the superintendent that a board member has failed to earn the required training credits. The board of education will then have ~~thirty (30)~~ sixty (60) days from the final date that the member has to complete the requirements as indicated by receipt of the certified notice from the State Board of Education to declare the seat vacant.

FILLING BOARD VACANCIES (PROCEDURE)

The board may fill a vacancy on the board by appointment or by special election. The Attorney General has ruled that a school board may interview candidates for appointment in executive session (AG Op. No. 92-23). The following suggested agenda language does not represent approval or disapproval of any action that may be taken by the board of education:

Proposed executive session to interview candidates and to discuss appointment of a volunteer to the _____ Board of Education an individual to vacant board seat # _____. 25 O.S. §307(B)(1) and 70 O.S. § 5-118.

Vote to convene or not to convene in executive session.

Vote to return to open session.

Executive session minutes compliance announcement.

Vote to appoint or not to appoint a volunteer to the _____ Board of Education an individual to vacant board seat # _____.

If the filing period has closed for an open position on the school board and no candidate has filed resulting in a vacancy, the board may appoint to fill the vacancy. In this very limited circumstance, the board may determine that the person appointed does not have to reside in the board election ward. The person appointed would have to fulfill all other requirements as set forth in law for school board candidates. Any person appointed who does not reside in the board election ward may only serve the appointed term of office and would not be eligible to refile for that board seat.

If the board cannot reach a decision with regard to appointing an individual to fill the position within 60 days, the board is required to call a special election. (See BBB-E1 for a sample resolution calling for a special election.) The resolution calling for a special election must be delivered to the secretary of the county election board no fewer than 60 days preceding the election. However, the board is not required to wait until the next date the county is holding an election. It is at the discretion of the board as to when the election will be held, as long as the resolution is provided to the secretary of the county election board no fewer than 60 days prior to the date requested for the election. Individuals elected to fill a vacancy serve for the remainder of the unexpired term

If an individual is appointed to the seat, the appointee shall serve until the next regular election if the person is appointed to fill such vacancy in the first half of the term of office for the board position. If the person is appointed to fill such vacancy after the first half of the term of office for the board position, then the appointee shall serve for the balance of the unexpired term.

The board will declare vacant the position of any board member who fails to complete the six hours. Such vacancy will be filled as prescribed by law.

In addition to the above requirements, each board member elected to a full term of office will obtain additional hours of continuing education as required by law. - 5-year term of office ----- 15 continuing education hours required

Announcements of seminars and workshops by the Oklahoma State School Boards Association, the State Department of Education or the State Department of Career and Technology Education will be provided to each board member as received by the school administration.

Any board member of this school district who attends and completes a course which satisfies this policy shall be reimbursed by the school district for expenses incurred. The board may also reimburse expenses incurred in registering for and attending board member training programs approved by the board, which are in addition to the minimum training requirements established by law.

The superintendent or the superintendent's designee will maintain records of each board member's training accomplishments and will notify any board member of the need for the board member to accomplish any additional training. DRAFT

POLICY FORBIDDING THE SUPPLANTING OF FEDERAL FUNDS AND GRANT MONIES FOR LOCAL REVENUE

The *Idabel* Board of Education assures the federal government that payments received from the federal government in the nature of grant programs shall be used solely for such programs and in accordance with the applicable grant regulations. The district will restrict fund uses to the purposes provided in the federal legislation creating the grant. Federal funds received will be used to supplement and, to the extent practical, increase the level of funds that would, in the absence of such federal funds, be made available from non-federal sources for the education of students participating in programs and projects assisted by the federal grants. In no case shall federal grant funds be used to supplant funds received by the district from non-federal sources. State and local funds will be used to provide services in federal grant projects and such services, taken as a whole, will be at least comparable to services provided in district projects that are not receiving federal grant program funds. Comparability applies to schools with more than one building for each grade span.

The school district shall receive federal funding for any fiscal year only if the Oklahoma State Department of Education finds that the local educational agency has maintained the school district's fiscal effort in accordance with maintenance of effort requirements as outlined in section 8521 of ESSA.

The board delegates to the central administration the authority to sign federal grant "assurance statements" that are required for the receipt of federal funds.

GRANT POLICIES AND PROCEDURES

GRANT SUBMISSIONS

A grant offer and acceptance constitutes a contractual agreement between the grantor (funding source) and the grantee (teacher, school, department, or district). This agreement should not be entered into without appropriate approval.

Applicants must obtain approval from the Superintendent prior to submitting a grant proposal or application to **any** funding source. To ensure that each proposal from the school district represents the highest quality possible, the final draft of each grant application will be reviewed by the Superintendent or designee. Proposals requiring approval or signature of the Board of Education must be submitted a minimum of 7 days prior to a board meeting.

NOTICE OF GRANT AWARD OR REJECTION

Upon receipt of a **notice of grant award or rejection** from the funding agency, the applicant will send a copy to the Superintendent. Applicants are also encouraged to send a thank you letter to the funding source even if funding is not awarded during this grant cycle.

If the grant is awarded, the superintendent or designee will meet with the applicant to establish a grant budget. Grant funds cannot be expended until a budget has been established. Grant recipients will adhere to all fiscal and programmatic reporting requirements imposed by the funding source.

The superintendent will establish and maintain the official files for all grant awards. Files must be kept for five years after the conclusion of the grant.

After the Board of Education accepts grant funding from governmental agencies, private companies, organizations, and foundations for various educational programs or projects, the funds will be budgeted for each program or project according to the amount and regulations of the grant awarded.

This district will have internal control systems to provide reasonable assurance that it is managing federal financial assistance programs in compliance with applicable laws and regulations as directed by the State Department of Education. Methods and procedures will be in place to minimize the time elapsed between the transfer of funds from the State and the disbursement of these funds by the district.

Whenever possible the superintendent will provide a formal request for quotes or accept bids for goods or services that will be purchased with the grant funds. Goods and services received in consideration for grant funds will be monitored and careful consideration will be provided as to the quality of the goods received and/or the performance of services rendered prior to the district entering into future contracts for goods and services.

The district will maintain financial records of all expenditures made from the grant funds and such records will be available for inspection and will be deemed to be public records. These records, whenever practicable, shall be collected, transmitted and stored electronically.

INTERNAL CONTROLS

The Board of Education directs all school district personnel to maintain appropriate internal controls in accordance with this policy. Internal Controls are to be an integral part of the school district's financial and business policies and procedures. The objectives of internal controls are:

- Protecting resources against waste, fraud, and inefficiency;
- Ensuring accuracy and reliability in accounting and operating data;
- Securing compliance with the policies of the organization;
- Ensuring compliance with applicable laws and regulations;
- Evaluating the level of performance in all organizational units of the organization;
- Providing management with reasonable assurance that all leave and payroll transactions are authorized, valid, complete and accurate;
- Safeguarding leave and payroll documents from theft, loss and destruction; and
- Internal controls are simply good business practices.

Internal controls are the practices performed by employees to provide the board of education with reasonable assurance that assets are safeguarded and transactions are authorized, valid, complete and accurate.

Internal control systems operate at different levels of effectiveness. Determining whether a particular internal control system is effective is a judgment resulting from an assessment of whether the five components – Control Environment, Risk Assessment, Control Activities, Information and Communication, and Monitoring – are present and functioning. Effective controls provide reasonable assurance regarding the accomplishments of established objectives.

The Superintendent or designee shall evaluate and monitor compliance with statute, regulations and the terms and conditions of federal awards. When instances of noncompliance are identified, the Superintendent or designee shall take prompt action. All school personnel shall take reasonable measures to safeguard personally identifiable information that is protected by state or federal law.

Control Environment

The control environment, as established by the organization's administration, sets the tone of an institution and influences the control consciousness of its people. Leaders of each department, area or activity establish a local control environment.

Risk Assessment

Every entity faces a variety of risks from external and internal sources that must be assessed. A precondition to risk assessment is the establishment of objectives, linked at different levels and internally consistent. Risk assessment is the identification and analysis of relevant risks to achievement of the objectives, forming a basis for determining how the risks should be managed. Because economic, regulatory and operating conditions will continue to change, mechanisms are needed to identify and deal with the special risks associated with change.

The process of identifying and analyzing risk is an ongoing process and is a critical component of an effective internal control system. Attention must be focused on risks at all levels and necessary actions must be taken to manage. Risks can pertain to internal and external factors. After risks have been identified, they must be evaluated.

Managing change requires a constant assessment of risk and the impact on internal controls. Economic, industry and regulatory environments change and entities' activities evolve. Mechanisms are needed to identify and react to changing conditions.

INTERNAL CONTROLS (Cont.)***Control Activities***

Control activities are the policies and procedures that help ensure management directives are carried out. They help ensure that necessary actions are taken to address risks to achievement of the entity's objectives. Control activities occur throughout the organization, at all levels, and in all functions. They include a range of activities as diverse as approvals, authorizations, verifications, reconciliations, reviews of operating performance, security of assets and segregation of duties.

Control activities usually involve two elements: a policy establishing what should be done and procedures to effect the policy. All policies must be implemented thoughtfully, conscientiously and consistently.

Information and Communication

Pertinent information must be identified, captured and communicated in a form and time frame that enables people to carry out their responsibilities. Effective communication must occur in a broad sense, flowing down, across and up the organization. All personnel must receive a clear message from top management that control responsibilities must be taken seriously. They must understand their own role in the internal control system, as well as how individual activities relate to the work of others. They must have a means of communicating significant information upstream.

Monitoring

Internal control systems need to be monitored – a process that assesses the quality of the system's performance over time. Ongoing monitoring occurs in the ordinary course of operations, and includes regular management and supervisory activities, and other actions personnel take in performing their duties that assess the quality of internal control system performance.

The scope and frequency of separate evaluations depend primarily on an assessment of risks and the effectiveness of ongoing monitoring procedures. Internal control deficiencies should be reported upstream, with serious matters reported immediately to top administration and governing boards.

Internal control systems change over time. The way controls are applied may evolve. Once effective procedures can become less effective due to the arrival of new personnel, varying effectiveness of training and supervision, time and resources constraints, or additional pressures. Furthermore, circumstances for which the internal control system was originally designed also may change. Because of changing conditions, management needs to determine whether the internal control system continues to be relevant and able to address new risks.

Responsibility

It is the responsibility of the superintendent and board of education to work together to develop and implement a system of internal controls. However, everyone within the school district has some role in internal controls. The roles vary depending upon the level of responsibility and the nature of involvement by the individual. The Board of Education, Superintendent, and administrative staff establish the presence of integrity, ethics, competence and a positive control environment. The employees of the district have oversight responsibility for internal controls within their areas. Each employee is to be cognizant of proper internal control procedures associated with their specific job responsibilities and is responsible for complying with internal controls.

Components of the Control Activity

Internal controls rely on the principle of checks and balances in the workplace. The following components focus on the control activity:

INTERNAL CONTROLS (Cont.)

Personnel need to be competent and trustworthy, with clearly established lines of authority and responsibility documented in written job descriptions and procedure manuals. Organizational charts provide a visual presentation of lines of authority and periodic updates of job descriptions ensures that employees are aware of the duties they are expected to perform.

Authorization Procedures need to include a thorough review of supporting information to verify the propriety and validity of transactions. Approval authority is to be commensurate with the nature and significance of the transactions and in compliance with School District policy.

Transactions should be authorized and executed by persons acting within the range of their authority.

- Policies and procedures should clearly identify which individuals have authority to approve different types of transactions.
- Authority comes with accountability and responsibility.
- Individuals should understand what they are approving. Individuals should have firsthand knowledge of transactions being approved, or they should review supporting information to verify the propriety and validity of transactions.
- Authorization of adjustments should be timely.
- Authorization for leave, overtime and change of work schedule should be obtained in advance and in writing.
- Authorization should be from at least one level above.
- Employees should not authorize their own transactions.
- Adjustment documents should proceed directly for processing after approval by a supervisor and not return to the employee where it can be falsified. Many frauds occur after approval.
- Supervisors should not sign blank forms.
- The supervisor and employee should initial corrections or adjustments.
- Delegation of authority in writing is required for grants and recommended for other budgets.
- Leave and payroll documents should proceed directly for processing after approval by a supervisor and not returned to the employee where they can be falsified. Many frauds (i.e. unauthorized or excessive overtime hours charged) occur after approval.
- Supervisors should not sign blank timesheets or leave request forms.
- Corrections or adjustments should be initialed by the supervisor and employee.

Segregation of Duties reduce the likelihood of errors and irregularities. An individual is not to have responsibility for more than one of the three transaction components: authorization, custody, and record keeping. When the work of one employee is checked by another, and when the responsibility for custody for assets is separate from the responsibility for maintaining the records relating to those assets, there is appropriate segregation of duties. This helps detect errors in a timely manner and deter improper activities; and at the same time, it should be devised to prompt operational efficiency and allow for effective communications.

Physical Restrictions are the most important type of protective measures for safeguarding school district assets, processes and data.

Documentation and Record Retention is to provide reasonable assurance that all information and transactions of value are clearly, thoroughly, and accurately recorded and retained. Records are to be maintained and controlled in accordance with the established retention period and properly disposed of in accordance with established procedures.

INTERNAL CONTROLS (Cont.)

Monitoring Operations is essential to verify that controls are operating properly. Reconciliations, confirmations, and exception reports can provide this type of information.

Reconciliation is the process of comparing the entries in the general ledger to supporting documentation and resolving any discrepancies or differences. Accounts Payable, Accounts Receivable, and Cash, Property depreciation, Interest Income and other.

An independent person should perform a reconciliation of the district financial records at least annually and when an employee transfers, requests extended leave without pay, or separates employment from the school district.

Risk Assessment

The process of assessing risk is an opportunity for management and directors to look at their operations, determine the areas of significant risk, and evaluate what actions can be taken to minimize the risk and enhance the effectiveness and efficiency of the operation, while following applicable laws and regulations. The risk assessment and internal control evaluation can be integrated into the strategic planning process and program review.

All levels of the organization should participate in an annual risk assessment. The process of assessing risk is an opportunity for review of operations, determination of the areas of significant risk, and evaluation of what actions can be taken to minimize the risk and enhance internal controls.

Determination of an effective means of managing the risks, determining the likelihood of occurrence, minimizing the risks, and providing compensating controls is management's responsibility.

Managing an Audit

These are suggestions when interacting with auditors, to expedite the audit process while minimizing disruptions to day-to-day departmental operations. It is important to both the auditors and the departments to have accurate and objective audit results.

- Designate an audit liaison person (Department manager).
- Clarify the audit object and scope (areas to be tested and period covered by the audit).
- Determine auditor needs (records, workspace, and resources).
- Consider giving the auditor a general tour of your facilities.

Access to Records by Auditor

Ensure original documents do not leave department premises without prior approval. If a request is ambiguous, ask the auditor for the purpose of reviewing the document. Be prepared to recommend alternate documents that would achieve the auditor's purpose. Unless absolutely necessary, do not allow full access to your file drawers, storerooms, etc. Auditors are expected to obtain permission and state their objective for accessing these areas. Have documents available upon their arrival. Maintain a list of records provided to the auditor. Review records you are providing to anticipate questions. If records will hurt the School District's interest, notify department management of the issue.

Responding to Audit Findings

Keep informed of issues throughout the audit. Ensure an exit interview is held. Use it to verify facts and respond to the audit. Ask a representative from the Treasurer's Office to attend if there are questioned or disputed findings.

INTERNAL CONTROLS (Cont.)

Ask for time to review findings, and then re-verify calculations and source data. Concede valid findings, but do not speculate on whether they apply to other areas on campus. Discuss with the auditor the dispositions of audit issues, i.e. verbal comment, exit item, management summary or report item. If necessary, appeal the auditor's conclusion with their supervisors.

"Must Do" Management Actions**'Hard' Controls (Mandatory Internal Control and Checks and Balances)**

3. Avoid circumventing any established internal controls over department operations.
4. Review operational processes on a continuous basis for duplication of effort.
5. Identify strengths/weaknesses within your employee pool and re-organize duties accordingly to develop a stronger team. Encourage employees to participate in professional development activities.
6. Be alert to fraud risks and 'red flags' for fraud occurring in your unit's operations.
7. On a regular basis budget/analyze the actual revenue and expenditures to the amount of budgeted revenue/expenditures (i.e. financial analysis).

Idabel's option
(OPTION 2)

Booster clubs and parent organizations are encouraged to promote a positive relationship between the school and the community. The primary purpose of these organizations is to assist and support the school in recognizing and promoting students' activities. The principal is responsible for maintaining close communication with such organizations to ensure the organizations' goals are in compliance with district policies. After receiving the superintendent's recommendation, the following criteria will be used in determining if an organization will be recognized (sanctioned) by the _____ Board of Education as a viable booster club or parent organization.

1. The organization must be managed or operated by adults, rather than students, and will present its by-laws and/or constitution to the board of education. These will clearly identify the organization as a parent organization or booster club separate from school district student organizations and will provide details of the structure of the organization including:
 - A. Officers and their duties;
 - B. Election of officers and term limits;
 - C. Purpose and goals;
 - D. Dues structure, if any;
 - E. Intended use of funds generated by the organization.

5. All funds raised by the organization will be used to achieve the stated purposes and goals of the organization. No administrative fees or stipends to officers or others will be permitted.
6. The organization must maintain bank, financial, and tax exempt status separate from the school. The organization will provide to the board of education, annually or upon request, a complete set of financial records or detailed treasurer's report.

SANCTIONING OF PARENT ORGANIZATIONS AND BOOSTER CLUBS (Cont.)

7. Any plan, project, or movement instituted to expand, modernize, renovate, or render maintenance to school-controlled and/or owned properties, or provide academic achievement awards and other educational recognition to students or student bodies will be presented to the board of education in official session for its consideration, comment, evaluation, approval, and sponsorship. This must be done before any public announcement is made.
8. In no manner will board sanctioning of an organization preclude the organization from compliance with state and federal laws as they pertain to equal opportunity and treatment of all students. Gifts or services provided to the school should benefit both boys' and girls' activities.
9. The board of education reserves the right to revoke the sanctioning of any organization if it is found that the organization's operations and purpose are not consistent with the policies and procedures adopted by the board of education.

THIS POLICY REQUIRED BY LAW.

**SANCTIONING OF ORGANIZATIONS AND ASSOCIATIONS
(PROCEDURES)**

In compliance with the provisions of state law, the Idabel Public Schools district has established procedures to provide for sanctioning of organizations and associations exempted or applying to be exempted from statutory controls and board policies and procedures pertaining to school activity funds.

Organizations have the following options regarding the management of their funds related to the Idabel Public Schools district:

2. Funds may be deposited and expended through an organization's local bank account and shall be exempt from regulations of the district's school activity fund upon being granted sanctioned status by the board of education under the requirements of these procedures.

Procedures for Sanctioning by the Board of Education

5. The board will review the organization's application and determine whether to approve or decline the sanctioning request.
6. Sanctioning shall be approved by the board on a one-year basis only (July 1 to June 30). The board shall consider all sanctioning applications at the beginning of the fiscal year (normally the July and August board meetings).
7. The board of education's decision is final and nonappealable.
8. Following the first year of sanctioning, each organization or association shall provide, with its applications for sanctioning, a set of its unaudited financial statements.

3. An audit of its financial statements prepared by a CPA or PA who is licensed to practice public accounting in the State of Oklahoma.

The organization or association should consult a tax professional for advice on these matters.

CERTIFICATE OF EXCISE BOARD

State of Oklahoma, County of McCurtain

We do further certify that we have examined the statement of estimated needs for the current fiscal year ending June 30, 2023, as certified by the Board of Education of Idabel Public Schools, District Number I-5 of said County and State, and its financial statement for the preceding year, and in so doing we have diligently performed the duties imposed upon this Excise Board by 68 O. S. 2001 Section 3007, by (1) ascertaining that the financial statements, as to the statistics therein contained, reflect the true fiscal condition at the close of the fiscal year, or caused the same to be corrected so to show; (2) struck from the estimate of needs so submitted any items not authorized by law and reduced to the sum authorized by law any items restricted by statute as to the amount lawfully expendable therefor; (3) supplemented such estimate, after appropriate action, by an estimate of needs prepared by this Excise Board to make provision for mandatory functions based upon statistics authoritatively submitted; (4) computed the total means available to each fund in the manner provided, applying the Governing Board's estimate of revenue to be derived from surplus tax of the immediately preceding year and from sources other than ad valorem tax, or reduced such estimate to not less than the lawfully authorized ratio of the several sums realized from such sources during the preceding fiscal year or to such lesser sum as may reasonably be anticipated under altered law or circumstance and using for such determination the basic collections of the preceding year and the ratios on which distribution or apportionment must be made during the ensuing or current year.

To the several and specific purposes of the estimated needs as certified, we have and do hereby appropriate the surplus balances of cash on hand of the prior year, estimates of income from sources other than ad valorem taxation within the limitation fixed by law, and the proceeds of ad valorem tax levy within the number of mills authorized, either by apportionment by the Legislature, allocation by the excise board or by legal election, all of which appropriations are made in so far as the available surpluses, revenues, and levies will permit, except in that we have also provided that, after deducting items consisting of cash and the revenue from all sources other than the 2023 tax and the proceeds of the 2023 tax levy are in excess of the residue of such appropriations, by a sum included for delinquent tax, computed at 10.0% of such residue. And provided further, if said School District has been ascertained to be a well defined State Aid District, the local budget, as approved and appropriated for, has been applied wholly to its operating accounts.

We further certify that the amount required to be raised from tax, excluding Homesteads, for General Revenue Fund purposes as approved, requires a total ad valorem tax levy of 35.000 Mills. Said levy is within the statutory limit, and if in excess, is within the constitutional limit and has been authorized by a vote of the people of said district, as shown by certificate of the School Board to-wit:

To this District, with valuations shown below, the Excise Board allocated 5.000 Mills, plus 15.000 Mills authorized by the Constitution, plus an emergency levy of 5.000 Mills; plus local support levy of 10.000 Mills; for a total levy for the General Fund of 35.000 Mills.

We further certify that the amount required to be raised for building fund purposes as approved requires a tax levy of 5.000 Mills, and said levy has been certified as authorized by a vote of the people at an election held for that purpose. We further certify that Assessed Values used in computing Mill-vote levies have been applied as certified by the County Assessor.

We further certify that we have examined the within statements of account and estimated needs or requirements of the Governing Board of Idabel Public Schools, School District No. I-5 of said County and State, in relation to the Sinking Fund or Funds thereof, and after finding the same correct or having caused the same to be corrected pursuant to 68 O. S. 2001 Section 3009, have approved the requirements therefor to fulfill the conditions of Section 26 and 28 of Article 10, Oklahoma Constitution, and have made and certified a tax levy therefor to the extent of the excess of said total requirements over the total of items 2, 3, 6, and 12 of Exhibit Y and any other legal deduction, including a reserve of 10.0% for delinquent taxes.

Attn: Dr. Alan Bryant
200 N.E. Ave. C
Idabel, OK 74745

Dear Dr. Bryant:

You will need to print four (4) copies of your 2023-24 Estimate of Needs (includes Treasurer's copy) and (1) copy of your publication sheet.

You will need to have your board members sign all copies of your budget and the publication sheet as soon as possible. Once signed, take three (3) copies of the budget to the county clerk. You will need to scan in a signed version of the Estimate of Needs cover page and upload it to the OSDE's Single Sign On website as a PDF file. I will email you the excel version that will also need to be uploaded. Under the "Oklahoma Cost Accounting System" section, click on "Your District Page" and go to the Estimate of Needs tab to upload these files.

The publication sheet, for the Estimate of Needs, will need to be published in a newspaper of countywide circulation. Have the newspaper forward three (3) proofs of publication to the county clerk. The county clerk will return one copy of the budget to you after the excise board has approved it. Please remember to replace the temporary appropriation amounts with the new appropriation amounts from the estimate of needs, which should match the Approved Appropriations worksheet we have enclosed for your convenience.

If you have any questions, feel free to call.

Sincerely,

Jenkins & Kemper, CPAs P.C.
