AQuESTT Score News: Celebrating Our District Improvement!

We are excited to share our AQuESTT ratings that were released last week!

As a district, we have achieved a major milestone: we moved from a **Needs Improvement (1)** rating to a **Good (2)** rating based on our 2024-2025 scores!

This remarkable improvement is absolutely due to the **hard work, dedication, and focus** that every one of you has put toward student learning and academic progress. This achievement belongs to us all.

School-Level AQuESTT Ratings

We are proud to share the individual ratings for our schools. Your collective effort has resulted in significant gains across the board:

School Name	2023-2024 Rating	2024-2025 Rating
Morton	Needs Improvement (1)	Good (2)
Sandoz	Good (2)	Good (2)
Pershing	Good (2)	Great (3)
Lexington Middle School	Good (2)	Good (2)
Lexington High School	Needs Improvement (1)	Needs Improvement (1)

While the High School's rating is Needs Improvement (1), it is important to note how close they came to moving up. The High School was only **seven proficient tests** (in ELA or Math) away from earning a **Good (2)** rating.

Federal Designations

School	Designation	Student Group
Sandoz	ATSI	Economically Disadvantaged Black or African American Students with Disabilities
Pershing	ATSI	Economically Disadvantaged Black or African American Students with Disabilities Hispanic English Learners
Lexington Middle School	CSI-ATSI	Economically Disadvantaged Black or African American Students with Disabilities English Learners (ATSI only)

ATSI schools are not eligible to exit until the 2025-2026 school year.

Lexington Middle School Exited CSI-ATSI status for Hispanic students this year.

79-724. Committee on American civics; created; duties; school board, State Board of Education, and superintendent; duties.

It is the responsibility of society to ensure that youth are given the opportunity to become competent, responsible, patriotic, and civil citizens to ensure a strong, stable, just, and prosperous America. Such a citizenry necessitates that every member thereof be knowledgeable of our nation's history, government, geography, and economic system. The youth in our state should be committed to the ideals and values of our country's democracy and the constitutional republic established by the people. Schools should help prepare our youth to make informed and reasoned decisions for the public good. Civic competence is necessary to sustain and improve our democratic way of life and must be taught in all public, private, denominational, and parochial schools. A central role of schools is to impart civic knowledge and skills that help our youth to see the relevance of a civic dimension for their lives. Students should be made fully aware of the liberties, opportunities, and advantages we possess and the sacrifices and struggles of those through whose efforts these benefits were gained. Since young people are most susceptible to the acceptance of principles and doctrines that will influence them throughout their lives, it is one of the first duties of our educational system to conduct its activities, choose its textbooks, and arrange its curriculum in such a way that the youth of our state have the opportunity to become competent, responsible, patriotic, and civil American citizens.

(1) The school board of each school district shall, at the beginning of each calendar year, appoint from its members a committee of three, to be known as the committee on American civics, which shall:

(a) Hold no fewer than two public meetings annually, at least one when public testimony is accepted;

(b) Keep minutes of each meeting showing the time and place of the meeting, which members were present or absent, and the substance and details of all matters discussed;

Nebraska State Social Studies Standards were approved by the state board November, 2019. We are working on 6-12 alignment to standards- have asked teachers to map current curriculum to new standards. K-5 chose to renew previously used materials for an additional year to allow more time (given school closure in March 2020) to find materials more closely aligned to NE state standards. K-5 S.S. curriculum review committee has met and have begun to narrow options to do a more in depth review of beginning in January.

6-8 is also reviewing new materials. They have identified instructional shifts that need to take place to be inline with standards (ex. 8th has to get to gilded age in US history, etc) Will begin an in depth review in January.

The **Classroom Assessment Scoring System (CLASS)** is a research-based tool used to measure the quality of teacher–child interactions in early childhood classrooms. It focuses on what matters most for learning: relationships, classroom routines, and instructional interactions. CLASS evaluates three key areas:

- **Emotional Support:** the warmth, positivity, and responsiveness in the classroom.
- **Classroom Organization:** how well behavior, routines, and transitions are managed.
- **Instructional Support:** how teachers promote thinking, language, and problem-solving.

Higher CLASS scores are linked to stronger student outcomes, making it an important tool for monitoring and improving early learning quality.

Overall CLASS Scores Compared to State Averages

Domain	Classroom 1	Classroom 2	24–25 State Average
Emotional Support	6.68 (Above)	6.56 (Above)	6.52
Classroom Organization	6.58 (Above)	6.25 (Near)	6.50
Instructional Support	4.41 (Above)	4.50 (Above)	3.30
Overall CLASS Average	5.89	5.77	<i>Not provided statewide</i>

Summary of Comparison:

- Both score **higher than the state average** in **Instructional Support**, the domain most programs struggle with.
- Both exceed the state average in **Emotional Support**, a core strength of ELA.
- Classroom 1 exceeds the state average in **Classroom Organization**; Classroom 2 is close to the average and still in the high range.

Emotional Support (High Range in Both Classrooms)

The classrooms consistently demonstrated warm, joyful environments with strong, positive teacher–child relationships. Overall, the atmosphere was upbeat, supportive, and welcoming.

Classroom Organization (Near or above range)

The classrooms were well-organized with clear expectations, smooth and predictable routines, and consistently calm transitions. Effective monitoring helped prevent issues before they escalated, supporting an efficient and orderly learning environment.

Additional Strengths

Students benefited from rich child-led learning experiences. Staff provide consistently responsive emotional support and celebrate student successes, helping build confidence and a positive learning environment.

Areas for Continued Growth

Both classrooms can continue strengthening instructional support by using more open-ended questions, encouraging deeper thinking, and extending learning conversations, especially during play and small-group activities. Additionally, offering verbal prompts and allowing more time for independence before providing assistance will further support student growth.
