ARBOR DAY PROCLAMATION

Whereas, in 1872, J. Sterling Morton proposed to the Nebraska Board of Agriculture that a special day be set aside for the planting of trees, and

Whereas, the holiday, called Arbor Day, was first observed with the planting of more than a million trees in Nebraska, and

Whereas, Arbor Day is now observed throughout the nation and the world, and

Whereas, trees can reduce the erosion of our precious topsoil by wind and water, lower our heating and cooling costs, moderate the temperature, clean the air, produce oxygen and provide habitat for wildlife, and

Whereas, trees in our city increase property values, enhance the economic vitality of business areas, and beautify our community, and

Whereas, trees, wherever they are planted, are a source of joy and spiritual renewal,

NOW THEREFORE, I **Dave Bauer**, Mayor of the **City of Crete**, do hereby proclaim **Friday the 24th day of April 2020** was Arbor Day in the City of Crete, Nebraska and I urge all citizens to celebrate Arbor Day and to support efforts to protect our trees and woodlands, and

Further, I urge all citizens to plant and care for trees to gladden the heart and promote the well-being of this and future generations.

RESOLUTION NO. 2020-__

**A RESOLUTION OF THE CITY OF CRETE, NEBRASKA EQUALIZING,
LEVYING AND ASSESSING THE COSTS OF THE IMPROVEMENTS IN AND TO
STREET IMPROVEMENT DISTRICT NO. 2017-1; AND RELATED MATTERS.**

**BE IT RESOLVED BY THE MAYOR AND COUNCIL OF THE CITY OF CRETE,
NEBRASKA:**

Section 1. The Mayor and Council have heretofore designated the time and place for considering and levying assessments upon the property specially benefited by the improvements in Street Improvement District No. 2017-1 (the “**District**”) to pay the cost of constructing the same; notice of the time and place of holding the meeting for said purpose was duly given as provided by statute by publication in the Crete News, a legal newspaper published in this City in accordance with law, such publication being made once each week for at least two weeks before the date of this meeting; the Mayor and the Members of the Council have each personally inspected said street improvements and the real estate abutting on and adjacent thereto; the Mayor and Council have at this session heard all persons who desire to be heard in reference to the valuation of each lot to be assessed and the special benefits or damages thereto and have considered the advice of the engineers in charge of the construction and improvements.

Section 2. The Mayor and City Council further find and determine that the costs of the improvements constructed in the District are as follows:

<u>STREET IMPROVEMENT</u> <u>DISTRICT NO.</u>	<u>INTERSECTIONS</u>	<u>GENERAL</u> <u>BENEFIT</u>	<u>SPECIAL</u> <u>BENEFIT</u>	<u>TOTAL</u>
2017-1		\$14,072.36	\$23,112.04	\$37,184.40

The Mayor and Council further find and determine that no lot or parcel of land in any District has been damaged by the construction of such improvements, and that the amount of benefits specially accruing to each lot and parcel of land in each District by reason of the construction of said improvements exceeds the amount assessed against each lot or parcel of land to pay the cost of said improvements.

Section 3. There is hereby levied and assessed upon the several lots and parcels of land in each District special assessments to pay the cost of constructing such improvements in the amount in dollars and cents set out in **Schedule 1** hereto attached, and which are made a part hereof by reference. The assessment upon each lot and parcel of land is not in excess of benefits thereto specially accruing from the construction of such improvements, and the special assessments have been apportioned among the several lots and parcels of land subject to assessments in proportion to the special benefits accruing to said lots and parcels of land respectively from such improvements.

Section 4. Such special assessments shall be a lien on the property on which they are levied from the date of passage of this Resolution and shall be certified by the Clerk to the City Treasurer for collection. The Clerk shall also at the time provided by law cause such assessments or the portion thereof then

remaining unpaid to be certified to the County Clerk of Saline County for entry upon the proper tax list. Such assessments shall be payable to the City Treasurer.

Section 5. Such special assessments above provided for shall become due in fifty (50) days after the date of the passage of this Resolution and may be paid within that time without interest, but if not paid, to bear interest thereafter at the rate of seven percent (7%) per annum until delinquent; such assessments shall become delinquent in equal annual installments over a fifteen (15) year period. Delinquent installments shall bear interest at the rate provided by law until paid and shall be collected in the usual manner for the collection of taxes. Proposed surplus and trade-in of firearms

The Crete Police Department requests that the following firearms be declared surplus so that they may be traded for handguns that are more suitable for Department needs.

Surplus Firearms

- 1) Glock 21 Gen 3 .45 S/N: LLK731
- 2) Glock 21 Gen 2 .45 S/N: BRD997US
- 3) Glock 22 Gen 2 .40 S/N: BTG886US
- 4) Glock 22 Gen 2 .40 S/N: BFW970US
- 5) Glock 22 Gen 2 .40 S/N: BTG885US
- 6) Smith and Wesson 19-5 .357 S/N: AEF2371
- 7) Springfield Armory XD .40 S/N: GM982169
- 8) Springfield Armory XD .40 S/N: 509707
- 9) Springfield Armory XD mod 2 9mm S/N: GM982169

Reasoning:

Glock 21's - No Department employee carries a .45 handgun. These weapons would provide trade value along with eliminating the need to maintain Glock 21 parts and .45 ammunition.

Glock 22's - The Gen 2 models do not have the necessary light rail and ambidextrous features (mag release/slide lock). Therefore, these weapons are no longer in service. These weapons would provide some trade value toward new handguns.

Smith and Wesson 19-5 – The Department doesn't carry revolvers as a primary weapon and this weapon has been out of service for nearly 30 years. This weapon would provide trade value toward new handguns.

Springfield Armory XD – These XD firearms were originally purchased because they offered ambidextrous features that Glock did not at the time. These weapons would provide trade value and eliminate the need to maintain XD parts.

Glock Gen 5 9mm handguns

The Glock Gen 5 9mm handguns provide important features such as a light rail, ambidextrous controls (mag release/slide stop) and interchangeable backstraps to accommodate different sized hands. Additionally, 9mm handguns provide a higher round capacity than the .40/.45, less recoil and similar ballistics due to advances in ammunition capabilities.

Additional benefits

Reducing the number of firearms models would reduce the number of gun parts, ammunition and accessories (holsters, etc.) that the Department must maintain.

Additionally, Officer Colin Gaman is a Glock armorer and able to service, maintain and repair Glock firearms.

Proposed Trade:

Mr. K's Guns, operated by Russ Kathol, has offered the following trade. Mr. Kathol will trade five (5) new Glock 17 Gen 5 9mm handguns in exchange for the surplus firearms listed above and one (1) payment of \$240. For practical purposes, Mr. Kathol will provide the 9mm handguns prior to the Department relinquishing our surplus firearms.

Mr. K's Guns, 417 Main Street, Plattsmouth, NE 68048
Phone: 402-297-8410

Recommendation: The Department requests that the listed firearms be declared surplus and further requests approval to complete the proposed trade.
