The motion to approve the ordinance on its second reading having been agreed upon by three-fourths of the council present and acting, said ordinance was declared passed for its second reading.

## **PETITIONS – COMMUNICATIONS – CITIZEN CONCERNS**

### **OFFICERS' REPORTS**

#### **Departments**

Library Director Joy Stevenson reported that it will be partnering with Doane to offer a volunteer income tax assistance program at the library. She reported the library will begin a "1 Book, 1 Community" program in the near future.

Asst. Fire Chief James Yost reported that the fire department was down by 100 calls from last year, which he attributed to people choosing not to go to into the hospital during the pandemic. He reported the new vehicle chassis is ready for prebuild conference.

#### **Council**

Council Member Ryan Hinz reported that the food bank had provided food packages to over 300 people again during their most recent event in Crete. They have given out over 200 tons of food in Crete over the past 12 months. He also reported that Tom and Kyle are working on a plan to fill vacant downtown commercial units.

Council Member Brian Carnes reported that a Crete resident had complained to him about the lack of use of the downtown parking lot.

**Administration**

City Administrator Tom Ourada reported that it was recommended to start the Comprehensive Plan bidding after the new census data comes out mid-year. Mr. Ourada also reported that he believes it will be safe to open the swimming pool this year, and will begin the employment process soon, the Governor extended remote Council meetings through the end of April, and everyone in the F.D. and P.D. who wanted vaccinated have received them. He also reported that there had been a request for a group rate for parking in the downtown parking lot. The City Council discussed posting a sign regarding parking before offering group rates.

**Mayor**

Mayor Bauer stated that he was pleased with the work of the Street Department during the recent snow events.

**ADJOURNMENT**

The meeting was adjourned at 6:28pm.

## LEGISLATIVE/COMMUNITY DEVELOPMENT COMMITTEE MEETING

February 02, 2021 at 5:00 PM

Crete Library Community Room, 1515 Forest Ave

---

### MINUTES

Notice of the meeting was given by posting, the appointed method for giving notice as shown by the attached notice, at the following locations:

City Hall, 243 East 13th Street

Post Office, 1242 Linden Avenue

City Bank and Trust, 1135 Main Avenue

Advance notice of the meeting was also given to committee members. Pursuant to Section 84-1412(8) of the Nebraska Open Meetings Act, the City has posted a current copy of the Open meetings Act, Laws of the State of Nebraska, in the back of the council chambers. All proceedings shown were taken while the meeting was open to the attendance of the public.

#### OPEN MEETING

Committee Chair Ryan Hinz called the meeting to order at 5:55pm.

#### ROLL CALL

PRESENT

Jack Oelschlager

Kyle Frans

Ryan Hinz

#### ITEMS OF BUSINESS

##### 1. Discussion regarding Downtown Revitalization Program (DTR) responsibilities.

City Administrator Tom Ourada reported that this committee will serve as the review committee for the upcoming DTR project. The Committee will review and score the applications, and make a recommendation regarding each application to the City Council. A decision hasn't been made on whether to review the applications in a rolling manner (first come first serve), or in a batching manner (scoring becomes critical in this format as applications will be prioritized for approval based on the score its given). Mayor Bauer reported that he has had several store owners approach him with questions about the types of renovations that will be allowed.

**OFFICERS' REPORTS**

Committee Chair Hinz reported on the topics that were discussed at the previous L/ED Committee meeting, which included waiting for further review of the entertainment regulation before proceeding with an ordinance and empty downtown storefronts.

**ADJOURNMENT**

The meeting was adjourned at 6:00pm.

Recorded by City Clerk Judi Meyer

**Committee Members Present:**

Dale Strehle  
Brian Carnes  
Travis Sears

**Others Present:**

Tom Ourada, City Administrator  
Dave Bauer, Mayor  
Kyle Frans, Council Person  
Jerry Wilcox, Finance Dir.  
Mike Kalkwarf, IT Director  
Jack Oelschlager, Council Person

Tod Allen, Fire Chief  
Judi Meyer, City Clerk  
Ryan Hinz, Council Person  
Kyle Manley, City Attorney  
Telisha Carnes, Admin. Asst.  
Brad Bailey, Building Inspector  
Shelby Brown, HR  
Steve Hensel, Police Chief

**Special Order of Business**

**A. Central States Group:**

The Public Works Committee discussed a new bid for the noise control panels around the Library's chiller. Lincoln Tent & Awning's bid for heavy weather-proof vinyl was \$6500. Brad Bailey, building inspector, also brought up other options to the council such as putting rubber washers on the chiller to dampen the noise, which would be a cheaper option. After much discussion, it was decided that the rubber washers would be a good next step. This task should be able to be completed by city employees.

**B. Sidewalks:**

Tom reviewed the sidewalk estimates for City Hall and Hickory Avenue, which would be \$50,000 each project. The Public Works Committee discussed speaking with Tabitha, Garden Square and/or the school about splitting the costs of the sidewalks. Travis motioned to table the discussion until next scheduled Public Works Committee meeting. Brian seconded the motion. All in favor: Travis, yes. Brian, yes. Dale, yes.

**C. 2021 One & Six Year Street Improvement Plan:**

Tom let the Committee know that the asphalt overlay on Linden and 12<sup>th</sup> street is not on the new One Year Street Improvement Plan. He also updated the numbers for the North Main project, our cost being around \$500,000. Tom also brought to the city's attention obstacles with redoing the sidewalks on North Main, for example, what to do with the houses and garages that are on city right of way and will interfere with putting in the sidewalks. Talking with the property owners was suggested. It was decided that more information is needed and subject will be tabled until next meeting.

**D. MEAN:**

Participating in MEAN Solar Farm RFP possibly causing a rate increase was discussed. With both Doane and Nestle interested in renewable energy, Tom doesn't believe a rate increase would be necessary. This would be optional to buy into. Tom will get numbers and pricing and this will be brought back up at a later date.

**E. Cardinal Lane Commercial 2<sup>nd</sup> Addition:**

Tom talked through vacating the 2<sup>nd</sup> addition of Cardinal Lane due to title issues with lots 1 and 2. Fairfield would have to sign a paper to vacate it and have a sub-divider come back to separate the lots. Travis motioned to vacate the subdivision platte. Brian seconded the motion. All in favor: Travis, yes. Brian, yes. Dale, yes.

**Officer's Report**

**Adjournment**

Meeting Adjourned at 6:03 p.m.

**Dale Strehle, Chairman**

### **OPEN MEETING**

Public Safety Committee Chair Jack Oelschlager called the meeting to order at 5:45pm.

### **ROLL CALL**

#### **PRESENT**

Dale Strehle  
Jack Oelschlager  
Ryan Hinz

### **ITEMS OF BUSINESS**

#### **1. Consider lift assist policy and rate review.**

Fire Dept Asst Chief James Yost reported that rates are presently set by Ordinance, however there is no process for finalizing the billing and some terminology needs to be modified. A recommended means to have client sign-off is to have the patient and/or witness sign a form/agreement.

### **OFFICERS' REPORTS**

### **ADJOURNMENT**

The meeting was adjourned at 5:54pm.

Brad Bailey  
City of Crete  
243 East 13<sup>th</sup> St.  
Crete, NE 68333

Dear Mr. Bailey,

Please accept the enclosed permit application for Lamar panel #1161, State Permit 103300123NA. Paul Budler, our operations manager said an application and approval is needed to restore the 5' x 11' junior poster. I apologize that we missed this in seeking to rebuild after an auto collision by a motorist caused partial damage to poles. As noted on state permit, this is a conforming sign for the state. The poster panel can be reused. It was an unfortunate accident where a motorist swerved to miss a deer, and hit our pole. Evidently the driver was unharmed and we are thankful for that.

Paul indicated you expressed concern over the sign possibly being in public right of way. We lease from Burlington Railroad (agent Outfront Media/CBS Outfront.) This location was purchased from Imperial Outdoor, prior to that Tomlinson, and has been in place decades. We have not had prior knowledge that it is in right of way.

I've enclosed the permit application, with permit fee of \$55 based on square footage of 55 square foot. If this is not accurate, please contact Don or I and we can provide appropriate payment as needed.

We will await your permit approval/decision for restoration and appreciate your consideration and time. Please reach out to Don per contact information on the application with any questions.

Thank you,

## LBs 345, 303: Government Committee hears bills on exceptions to budget limitations

On Feb. 4, 2021, the Government, Military and Veterans Affairs Committee heard two bills that exempted certain items from the budget limitations.

**LB 345**, introduced by **Sen. Curt Friesen** of Henderson, exempts restricted funds pledged to retire debt associated with direct borrowing from the budgeted restricted funds. LB 345 is a League-supported bill.

Direct borrowing for municipalities was put into statute in 2015 and has been amended twice to broaden and clarify that authority. Direct borrowing has been used by municipalities in many cases because it was less expensive than bonding. Funds pledged to retire bonds are already an exception from the budgeted restricted funds. A **League representative** testified in strong support for LB 345. There were no opponents to the bill.

**LB 303**, introduced by **Sen. Matt**

*Sen. Curt Friesen*

*Sen. Matt Hansen*

**Hansen** of Lincoln, exempts restricted funds budgeted for law enforcement, fire protection, or emergency services from the budgeted restricted funds.

Sen. Hansen argued that public safety needs expand when municipalities are growing and LB 303 gives municipalities added flexibility

to add police officers or firefighters if needed. **The League**, along with the City of **Lincoln** and the **Nebraska Association of County Officials** testified in favor of the bill. There were no opponents.

The League will continue to update you on these bills throughout the *Legislative Bulletin*.

### Questions about hearings, bill status

#### How do I find out when a bill is scheduled for a public hearing?

The weekly schedule of committee hearings is prepared for publication each Friday during session. The schedule is not available until after the Legislature adjourns for the day. The schedule is available in the

Clerk of the Legislature's office and is published in the Sunday *Lincoln Journal Star*, the Sunday *Omaha World-Herald* and the *Unicameral Update*, the Legislature's weekly newsletter produced during session. The schedule also is included in the League's *Legislative Bulletin*.

#### How do I contact my Senator?

To write your senator, you need

only to include on the envelope: Senator's name, District number, State Capitol, PO Box 94604, Lincoln, NE 68509-4614.

Most Senators also have email addresses, which are listed on the Legislature's website at <http://nebraskalegislature.gov/web/public/home>.

## LB 405: Urban Affairs Committee hears bill on village compensation

*Thanks to Sen. Lowe for introducing this legislation*

On Feb. 4, **Sen. John Lowe** of Kearney introduced **LB 405** at the request of the League. The purpose of this bill is to clarify when members of the village board may be compensated by the village for seasonal and emergency work.

LB 405 clarifies the provisions of Section 17-209.02 to provide that members of the village board may receive compensation to perform seasonal or emergency work for the village upon approval by the village board.

LB 405 also cleans-up and simplifies the provisions of Section 17-209.02 by creating one subsection that outlines the provisions relating to when village offices and employ-

ments may be combined or merged and one subsection outlining the provisions about when a village board member can be compensated for performing work for the village. Finally, the bill replaces the phrase “volunteer firefighters and ambulance drivers” with the phrase “volunteer firefighters and volunteer rescue squad personnel,” which is more frequently found in statute.

As background, League staff started having conversations about clarifying the language allowing village board members to receive compensation for seasonal or emergency work over a year ago. League staff met with Frank Daley from the Nebraska Accountability and Disclosure Commission to discuss how the current language may need to be modified and clarified. After several conversations with Mr. Daley,

*Sen. John Lowe*

as well as the League’s Legislative Committee and the League’s Attorneys Subcommittee, LB 405 was drafted and introduced.

Thanks to Sen. Lowe for introducing this important piece of legislation for the League.

## LBs 520, 455: Transportation Committee to hear bills taking away municipal infrastructure siting authority

On Feb. 8, the Legislature’s Transportation and Telecommunications Committee will be taking testimony on two bills related to taking away municipal authority to control the siting of telecommunications and wireless facilities.

**Please contact your Senator(s) to oppose the following bills:**

**LB 520**, was introduced by **Sen. Curt Friesen**. This bill is similar to the small cell measure that the League opposed a few years

ago. Among other things, the bill would:

1. Expand the privileges given to private companies through the small cell bill from poles to other sites such as buildings.
2. Limit the ability of a municipality to use a consultant to help review small cell applications.
3. Reduce the shot clock for automatic permit granting to 60 days.

4. Expand the footprint of facilities that receive small cell laws privileges.

LB 520 is scheduled for hearing Feb. 8 at 1:30 p.m.

**LB 455**, introduced by **Sen. Friesen** takes away much of the ability of an electric utility to regulate access to electric poles and electric utility right of way by telecommunications carriers. LB 455 is scheduled for hearing Feb. 8 at 1:30 p.m.

## LBs 398, 338, 460, 600, 660, 656, 498: Transportation Committee to hear broadband bills

On Feb 8 and Feb. 9, the Nebraska's Legislature's Transportation and Telecommunications Committee will be taking testimony on a number of bills related to broadband service in Nebraska.

The League of Nebraska Municipalities Broadband Legislative Subcommittee, composed of municipal officials from across the state, established four principles that are necessary to move broadband development forward across the state.

Principles established by the committee to develop positions are as follows:

- Broadband development is vital to the economic development of municipalities and the quality-of-life issues for Nebraskans.
- Municipal officials in Nebraska must be part of the policy decisions that lead to broadband

infrastructure development in their respective municipality.

- Barriers must be removed to allow public/private partnerships to develop and utilize publicly owned broadband infrastructure.
- Speeds of 25 megabits per second download and 3 megabits per second upload are inadequate to meet the broadband needs of most municipalities, which need to have the tools and authority to ensure that adequate speeds are available.

**Based on these principles the League will support the following bills:**

**LB 398**, introduced by Brainard **Sen. Bruce Bostelman**, changes the speed standard that the Public Service Commission uses for funding from 25 megabits per second download and 3 megabits per second upload to 100 megabits per second download and 100 megabits per second upload. This also would have the effect of making large portions of the state unserved and underserved and would thus allow public dark fiber installation and leasing without some of the barriers in current law. LB 398 is scheduled for hearing Feb, 9 at 1:30 p.m.

**LB 338**, introduced by **Sen. Bostelman**, allows the PSC to redirect funds to companies that are building higher speed fiber infrastructure, in part, based on local community input. LB 338 is scheduled for hearing Feb. 9 at 1:30 p.m.

**LB 600**, introduced by Plymouth

**Sen. Tom Brandt**, would allow for additional bonding authority for municipalities and some power districts to develop fiber infrastructure. LB 600 is scheduled for hearing Feb. 9 at 9:30 a.m.

**LB 460**, introduced by **Sen. Brandt**, would eliminate many of the barriers and impediments to public development of dark fiber infrastructure. LB 460 is scheduled for hearing Feb. 9 at 9:30 a.m.

**LB 656**, introduced by **Omaha Sen. Justin Wayne**, would allow a municipality to sell internet services at retail. LB 656 is scheduled for hearing Feb. 9 at 1:30 p.m.

**LB 498**, introduced by Bennington **Sen. Wendy DeBoer**, would require the Public Service Commission to produce enhanced maps that show the availability of broadband infrastructure. LB 498 is scheduled for hearing Feb. 9 at 9:30 a.m.

**Please write letters to support these measures. Letters should be addressed to:**

**Senator Curt Friesen**  
**Chairperson – Transportation and Telecommunications Committee**  
Room 1110  
P.O. Box 94604  
Lincoln, NE 68509  
Letters should be emailed to [tntpl@leg.ne.gov](mailto:tntpl@leg.ne.gov).

On Monday and Tuesday, the Legislature's Transportation and Telecommunications Committee will be taking testimony on the following bills:

**LB 388**, was introduced by **Sen.**

*Continued on page 5*

## LBs 398, 338, 460, 656, 498: Transportation Committee to hear broadband bills

*Continued from page 4*

**Friesen** at request of the Governor. LB 388 would adopt the Nebraska Broadband Bridge Act, which would do a number of things including creating a \$20 million fund to enhance rural broadband development. LB 388 is scheduled for Feb. 8 at 9:30 a.m.

**LB 456**, introduced by **Sen. Friesen**, would adopt the Nebraska Enhancing Broadband Act, which would do a number of things,

including creating a \$10 million fund to enhance rural broadband development. LB 456 is similar to LB 388, but gives the Nebraska Department of Economic Development a larger role in determining where the funds will be distributed. LB 456 is scheduled for hearing Feb. 8 at 9:30 a.m.

**LB 604**, introduced by Lincoln **Sen. Suzanne Geist**, adopts the Nebraska Accelerated Broadband Deployment Grant Program Act and

would change a number of Public Service Commission requirements to hopefully enhance broadband development. LB 604 is scheduled for hearing Feb. 8 at 1:30 p.m.

There also are some bills, which would take away municipal authority over siting of broadband infrastructure that the League will oppose. Those bills are covered in a different article in this *Legislative Bulletin*.

## LB 339: Bill would require additional planning for construction projects

**LB 339**, introduced by Brainard Sen. Bruce Bostelman, is scheduled for hearing Feb. 16 before the Transportation Committee. LB 339 would require that cities of the metropolitan class, cities of the primary class and cities of the first class provide a utility coordination plan as part of a street project costing over \$50,000. Also, the city would be required to compensate a contractor for any damages associated with a deviation from the plan.

The bill requires that any contract exceeding \$50,000 for the construction, reconstruction, improvement, maintenance, or repair of a road, street, highway, bridge, or other related structure to which the Department of Transportation or any city of the metropolitan class, any city of the primary class, any city of the first class ... require a utility

coordination plan.

Such plan would need to identify **any utility operator, its facilities, and the location and elevation of such facilities within the project work area or which are otherwise affected by any construction, reconstruction, improvement, maintenance, or repair project conducted under such contract and the date or dates such facilities will be relocated or removed.**

The bill goes on to require that a contractor performing services under the contract may rely on such plan and **shall be compensated by the Department of Transportation or such city or county for any costs or damages associated with any deviation or failure by the department or such city or county to follow the plan.**

## LB 83: Hearing held on League-supported bill to amend the Open Meetings Act

Thanks to **Sen. Mike Flood** of Norfolk for introducing **LB 83**, which modernizes the way public bodies hold public meetings as well as allows public bodies to hold virtual emergency meetings when there is a declared emergency as defined in the Nebraska Emergency Management Act.

As noted in *League Legislative Bulletin #2*, the bill is the result of months of work by the “**Open Meetings Act Coalition**” comprised of the following statewide organizations and individuals:

- **City of Lincoln** – Tim Sieh, Eric Gerrard
- **City of Omaha** – Jack Cheloha
- **Educational Service Unit Coordinating Council** – Curt Bromm, Jason Bromm
- **League of Nebraska Municipalities** – Lynn Rex, Christy Abraham, Lash Chaffin
- **Lincoln Electric System** – Shelly Sahling-Zart
- **Metropolitan Utilities District** – Rick Kubat
- **Nebraska Association of County Officials** – Jon Cannon
- **Nebraska Association of Regional Administrators (Behavioral Health Districts)** – Joe Kohout, Brennen Miller
- **Nebraska Association of Resources Districts** – Dean Edson, Larry Ruth (*Chair, Lower Platte South NRD*)
- **Nebraska Association of School Boards** – John Spatz, Colby Coash
- **Nebraska Community College Association** – Greg Adams
- **Nebraska Municipal Power Pool/Municipal Energy Agency of Nebraska (MEAN)** – Chris Dibbern, Robin Spady

*Sen. Mike Flood*

- **Nebraska Public Power District** – John McClure, Shirley Higgins
- **Nebraska Rural Electric Association** – James Dukesherer, Kristin Gottschalk
- **Omaha Public Power District** – Seth Voyles
- **Panhandle Public Health District (*Friends of Public Health in Nebraska*)** – Kim Engel
- **University of Nebraska** – Heath Mello

The Government, Military and Veterans Affairs Committee held a hearing on LB 83 on Jan. 27. Sen. Flood indicated in his opening statement that he asked members of the “**Open Meetings Act Coalition**” to limit the number of testifiers due to COVID-19 and in deference to the committee’s time. **Larry Ruth**, Chair of the Lower Platte South NRD, testified on behalf of the “**Open Meetings Act Coalition**” and the **Nebraska Association of Resources Districts**. **Shelly Sahling-Zart**, Vice President and General Counsel of the **Lincoln Electric System**, also presented excellent testimony outlining reasons for the bill. **Mike Rogers**, Bond Counsel with **Gilmore Bell**, testified in support

of LB 83 stating the need to clarify in state law whether the Governor has authority to issue Executive Orders waiving any provisions of the Open Meetings Act.

A **League representative** testified in strong support of LB 83 along with the following individuals and organizations: **Sean Kelley**, lobbyist for the **Regional Metropolitan Transit Authority**; **Danielle Conrad**, Executive Director of the **ACLU**; and an individual representing the **Nebraska Statewide Independent Living Council**.

Pursuant to new COVID-19 protocols, as an alternative to “in-person” testimony, individuals and organizations are allowed to submit “written testimony” which will be listed on the “Committee Statement” if a bill advances out of committee. **Thanks to the following individuals and organizations who submitted “written testimony” in strong support of LB 83:** Jerry Stilmock, representing the **Nebraska State Volunteer Firefighter’s Association** and the **Nebraska Fire Chiefs Association**; Seth Voyles, representing the **Omaha Public Power District (OPPD)**; Nathan Beacom, Senior Policy Associate of the **Center for Rural Affairs**; Colby Coash, Associate Executive Director/Director of Government Relations of the **Nebraska Association of School Boards**; Jon Cannon, Deputy Director of the **Nebraska Association of County Officials (NACO)**; Kraig J. **Written testimony in OPPOSITION to LB 83 was submitted by Matt Miltenberger**, Gov. Ricketts’ Chief of Staff. [Click here](#) for his letter outlining the

Governor’s concerns which will be addressed in the Standing Committee Amendment to LB 83. Lance Molina, an **individual from Gretna**, testified in person to oppose LB 83.

**Written testimony in a NEUTRAL capacity** to LB 83 was submitted by Walt Radcliffe on behalf of **Media of Nebraska**. Tim Texel, Executive Director for the **Nebraska Power Review Board** testified in person in a neutral capacity requesting a few technical changes.

**Thanks to the following organizations which emailed letters in support of LB 83 to be included as part of the legislative record but not listed on the Committee Statement when the bill is advanced to General File:** Platte Institute, Metropolitan Utilities District, Nebraska Interfaith Power & Light, League of Women Voters, Nebraska Power Association, NMPP Energy, Civic Nebraska, MAPA, Sierra Club, Nebraska Community College Association, Nebraska Children’s Commission, Nebraska Accountability and Disclosure Commission, Omaha Public Schools, LES, Education Rights Counsel, State Board of Health, Omaha City Council, Nebraska Children’s Home Society and Arc of Nebraska. **No letters were emailed in opposition to LB 83; the only neutral email was from the Nebraska Rural Electric Association.**

### **BACKGROUND:**

LB 83 would amend the Open Meetings Act in Chapter 84, Article 14, to: 1) modernize the way public bodies hold virtual meetings; and 2) create the statutory framework for public bodies to hold virtual meetings during a declared emergency by the Governor, Mayor, Village Board Chair or County Board Chair. Section 15 of LB 83 has the emergency clause so the bill would take effect when passed and approved according to law, except for subsection 7 of section 84-1413 which has an effective date of July 31, 2022.

**1) Modernizing the way public bodies hold virtual meetings**

*Continued on page 8*

## LB 83: Hearing held on League-supported bill to amend the Open Meetings Act

*Continued from page 7*

- **“Virtual conferencing” is defined as “conducting or participating in a meeting electronically or telephonically with interaction among the participants subject to subsection (2) of section 84-1412”** which allows the public body to make and enforce reasonable rules and regulations regarding the conduct of persons attending, speaking, and recording at the virtual meeting.
  - The provisions of the Open Meetings Act relating to videoconferencing and telephone conference calls are combined into one section. Instead of using the terms videoconferencing and telephone conference calls, “virtual conferencing” is used to encompass both.
  - The same public bodies currently allowed to conduct meetings by videoconferencing and/or telephone conference calls are allowed to hold meetings by “virtual conferencing” with two additional entities included: local public health departments and natural resources districts.
  - Public meetings held by “virtual conferencing” are subject to similar requirements as those which now apply to videoconferencing and telephone conference calls, including: reasonable advance publicized notice, including access to a dial-in number or link to the virtual conference; in addition to participating virtually in the meeting, arrangements for at least one public site in a building open to the public for the public to participate; copies of all documents for the meeting available at the physical site; links to an electronic copy of the agenda, documents being considered at the meeting and the current version of the Open Meetings Act; and except for certain entities, no more than one-half of the meetings of the state entities, advisory committees, boards, councils, organizations, or governing bodies are held by “virtual conferencing” in a calendar year.
  - The bill removes a provision in section 84-1411(6) that a member of the public body is not allowed to appear before the public body by means of “virtual conferencing.” The intent of this change is to allow a member of the public body to appear by “virtual conferencing” but does not allow that member to be counted toward the quorum or participate as a member of the public body.
  - Section 84-1412(3) now will require any member of the public desiring to address the public body to identify himself or herself, including an address and the name of any organization represented by such person.
  - Beginning July 31, 2022, new subsection (7) of section 84-1413 requires certain cities, certain counties, all NRDs, and all school districts to place minutes and agendas for the governing body’s meetings on their public web site. The agenda needs to be placed on the web site at least twenty-four hours before the meeting. Minutes are placed on the website when they are available for inspection. This information will be available on the web site for at least six months.
- 2) Creating the statutory framework to have virtual meetings during a declared emergency as defined in section 81-829.39: New subsection (7) of section 84-1411**
- If an emergency as defined in section 81-829.39 is declared by the Governor or a principal executive officer of a local government, any public body, whose territorial jurisdiction, in whole or in part, is included in the emergency declaration may hold a meeting by “virtual conferencing” after giving reasonable advance publicized notice, including information regarding access for the public and

- news media. (Principal executive officer is defined in section 81-829.39(9) as the Mayor, Village Board Chair or County Board Chair.)
- At these emergency meetings, in addition to any formal action taken pertaining to the emergency, the public body may hold such meeting for the purpose of briefing, discussion of public business, formation of tentative policy, or the taking of any action by the public body. (Provisions in current law in section 84-1411(5) allowing emergency meetings without reasonable advance publicized notice also may be held by “virtual conferencing” but any formal action taken in such meeting shall pertain ONLY to the emergency.)
  - The public body is required to provide access by providing a dial-in number or link to the virtual conference, links to an electronic copy of the agenda, all documents being considered at the meeting and the current version of the Open Meetings Act.
  - As required in current law for other public meetings, meetings held by “virtual conferencing” also shall make reasonable arrangements to accommodate the public’s right to hear and speak at the meeting and record the meeting; the public body shall make all reasonable efforts to provide advance notification to a maintained list of news media of the time and place of each meeting and the subjects to be discussed; the nature of the emergency shall be stated in the minutes and the complete minutes of the meeting will be made available for inspection within ten working days or prior to the next convened meeting, whichever occurs earlier, with a limited exception for cities of the second class and villages.
  - Section 84-1411(2) relating to public entities allowed to have half of their meetings by “virtual

conferencing” does not apply to the current emergency meeting provisions in section 84-1411(5) when reasonable advance publicized notice cannot be given or to the new subsection (7) of section 84-1411 regarding meetings when an emergency is declared by the Governor, Mayor, Village Board Chair or County Board Chair.

### **LB 148: Natural Resources Committee advances bill to finalize merger of drinking water regulation into Department of Environment and Energy**

The Natural Resources Committee recently advanced to general file LB 148, introduced by Brainard Sen. Bruce Bostelman, which finalizes the merger of the drinking water division of Nebraska Health and Human Services into the Nebraska Department of Environment and Energy (NDEE). In addition to drinking water regulation, the bill moves swimming pool regulation, recreational camp regulation, mobile home park regulation, and private water supply and/or private sewage regulation to NDEE. The Nebraska Safe Drinking Water Act also is moved to NDEE.

LB 148 was supported by Nebraska Health and Human Services System, the Department of Environment and Energy, and the Nebraska Well Drillers Association. The Nebraska Rural Water Association provided neutral testimony.

## **LB 51: League strongly opposes bill to double the hours of training for law enforcement officers and mandate additional requirements for certification; the League will try to negotiate acceptable amendments**

On Feb. 3, the Judiciary Committee held a joint hearing on **LB 51**, introduced by Ralston **Sen. Steve Lathrop**, Chair of the Judiciary Committee, and on **LB 472**, introduced by Bennington **Sen. Wendy DeBoer**.

Although LB 51 has important provisions and addresses several legitimate concerns, the League testified in opposition to the bill, primarily since it would double the number of hours of training for law enforcement officers and mandate additional requirements for certification. The League looks forward to meeting with Sen. Lathrop and key stakeholders to try to negotiate acceptable amendments. It should be noted that section 22 of LB 51 would create the “Nebraska Police Improvement and Professionalism Fund” to provide grants to law enforcement agencies and law enforcement officers to pay for costs of accreditation.

In his opening remarks, Sen. Lathrop stated the Judiciary Committee held two full days of hearings after the death of George Floyd; over 185 people testified before the committee and outlined their concerns challenging law enforcement actions and procedures used during the “Black Lives Matter” protests in Lincoln and Omaha. In addition, Sen. Lathrop noted the committee held an interim study hearing in

October 2020 to hear testimony from law enforcement officials, mayors, protestors and others.

The Statement of Intent provides as follows: *“LB 51 seeks to improve standards of policing statewide, especially regarding the use of force, thereby improving public safety and the effectiveness of law enforcement. It does this by increasing standards relating to the certification of law enforcement officers, streamlining the certification process, requiring psychological evaluation for certification, requiring training in de-escalation techniques, requiring accreditation of law enforcement agencies, prohibiting chokeholds, and requiring law enforcement agencies to adopt policies relating to the use of excessive force and the duty to intervene. Furthermore, this bill requires all officers acting in the field to be certified, doing away with reserve force and conditional employment status. It also makes it easier to address officer misconduct by clarifying the definition of serious misconduct.”*

**The following individuals and organizations testified in SUPPORT of LB 51: Papillion Police Chief Bob Lausten**, who also represented the **United Cities of Sarpy County**; **Jim Maguire**, President of the **Fraternal Order of Police**; **Wahoo Police Chief Bruce Ferrell**, who also represented the **Police Chiefs Association of Nebraska (PCAN)**;

## 2021 LEGISLATIVE SESSION

**Aaron Hanson, Omaha Police Officers Association; Omaha Police Captain Steve Cerveney; and Spike Eickholt, ACLU.**

Brian Jackson, Lincoln’s Acting Chief of Police, and Jason Stille, Acting Assistant Chief, submitted a letter stating a **NEUTRAL** position. [Click here](#) for their letter.

A **League representative** testified with the following individuals and organizations in **OPPOSITION** to LB 51: Saunders County Sheriff **Kevin Stukenholtz**, also representing the **Nebraska Sheriffs Association**; and **Don Wesley, Greater Cities of Nebraska.**

A more extensive report on hearings relating to various law enforcement bills will be provided in next week’s *Bulletin* when a full list of individuals providing “written testimony” is available.

## LBs 388, 456, 604, 498, 460, 600, 656, 398, 338: Transportation Committee hears broadband bills

On Feb. 8-9, the Transportation and Telecommunications Committee heard testimony on a number of bills related to broadband service in Nebraska.

**LB 388**, introduced by Henderson **Sen. Curt Friesen**, at the request of the Governor, received the most attention. LB 388 would adopt the Nebraska Broadband Bridge Act, which would do a number of things, including creating a \$20 million fund to enhance rural broadband development. LB 388 was supported by the **Governor**, the **Public Service Commission**, the **Nebraska Public Power District**, the **Nebraska Farm Bureau**, the **Nebraska State Education Association**, the **Nebraska Telephone Association**, the **Nebraska Internet and Television Association**, **Allo Communications**, **Century Link**, the **Nebraska Farmers Union**, **Blueprint Nebraska**, **AARP**, the **Center for Rural Affairs** and many others. A **League representative** testified in a neutral capacity supporting the general concepts, but expressing a desire to have the bill allow more use of publicly owned fiber and expressed concern that the bill might be amended to include provisions that would take away right-of-way regulatory authority from municipalities.

The committee also heard bills on two measures similar to LB 388. **LB 456**, introduced by **Sen. Friesen**, would adopt the Nebraska Enhancing Broadband Act, which would do a number of things, including creat-

ing a \$10 million fund to enhance rural broadband development. LB 456 is similar to LB 388, but gives the Nebraska Department of Economic Development a larger role in determining where the funds would be distributed.

**LB 604**, introduced by Lincoln **Sen. Suzanne Geist**, adopts the Nebraska Accelerated Broadband Deployment Grant Program Act, which would change a number of Public Service Commission Requirements to hopefully enhance broadband development. Neither of these bills had any opposition. A **League representative** testified in a neutral capacity on LB 456 expressing a desire to have the bill allow more use of publicly owned fiber and expressed concern that the bill might be amended to include provisions that would take away right-of-way regulatory authority from municipalities.

**LB 498**, introduced by **Sen. Wendy DeBoer** of Bennington, would require the Public Service Commission to produce enhanced maps that show the availability of broadband infrastructure. LB 498 received widespread support including support from the League.

**LB 460**, introduced by Plymouth **Sen. Tom Brandt**, would eliminate most of the barriers and impediments to public development of dark fiber infrastructure. LB 460 was supported by the **Omaha Public Power District**, the **Nebraska Power Association**, the **Nebraska Rural Electric Association**, the

SESSION

**Nebraska Public Power District**, the **Nebraska Farmers Union** and a **League representative**. LB 460 was opposed by the **Nebraska Telephone Association** and the **Nebraska Internet and Television Association**.

**LB 600**, introduced by **Sen. Brandt**, would allow for additional bonding authority for municipalities and some power districts to develop fiber infrastructure. LB 600 was supported by the **Nebraska Rural Electric Association** and the **League**.

**LB 656**, introduced by Omaha **Sen. Justin Wayne**, would allow a municipality to sell internet services at retail. This hearing provided spirited debate between Sen. Wayne and the committee on the role of governmental services. LB 656 was supported by the **League** and the **Nebraska Association of County Officials**. LB 656 was opposed by **Hamilton Communications**, the **Nebraska Internet and Television Association** and the **Nebraska Telephone Association**.

**LB 398**, introduced by Brainard **Sen. Bruce Bostelman**, changes the speed standard that the Public

Service Commission uses for funding from 25 megabits per second download and 3 megabits per second upload to 100 megabits per second download and 100 megabits per second upload. This also would have the effect of making large portions of the state unserved and underserved and would thus allow public dark fiber installation and leasing without some of the barriers in current law. Strong proponent testimony was provided by Valentine **Mayor Kyle Arganbright** and a **League representative**. The bill was opposed by the **Nebraska Telephone Association**.

**LB 338**, introduced by **Sen. Bostelman**, allows the PSC to redirect funds to companies that are building higher speed fiber infrastructure in part based on local community input. Proponent testimony

was provided by Valentine **Mayor Kyle Arganbright** and a **League representative**. The bill was opposed by the **Nebraska Telephone Association**.

There also were some bills that would take away municipal authority over siting of broadband infrastructure that the League strongly opposed. Those bills are covered in a different article in this *Legislative Bulletin*.

Throughout the hearings, the League emphasized the following principles:

- Broadband development is vital to the economic development of municipalities and the quality-of-life issues for Nebraskans.
- Municipal officials in Nebraska must be part of the policy decisions that lead to broadband infrastructure development in

their respective municipality.

- Barriers must be removed to allow public/private partnerships to develop and utilize publicly owned broadband infrastructure.
- Speeds of 25 megabits per second download and 3 megabits per second upload are inadequate to meet the broadband needs of most municipalities which need to have the tools and authority to ensure that adequate speeds are available.

The League of Nebraska Municipalities Broadband Legislative Subcommittee – comprised of municipal officials from across the state – established these principles that it believes are necessary to move broadband development forward throughout the state.

## LBs 455, 520: Transportation Committee hears bills taking away municipal infrastructure siting authority

On Feb. 8, the Transportation and Telecommunications Committee heard testimony on two bills related to taking away municipal authority to control the siting of telecommunications and wireless facilities.

**LB 455**, introduced by Henderson **Sen. Curt Friesen**, takes away much of the ability of an electric utility to regulate access to electric poles and electric utility right of way by telecommunications carriers. LB

455 was strongly opposed by the **League**, the **Nebraska Power Association**, the **Nebraska Rural Electric Association**, the **Lincoln Electric System**, and other public power entities. LB 455 was supported by the **Nebraska Internet and Television Association**, the **Platte Institute**, **Charter Communications**, the **Nebraska Telephone Association**, and the **Nebraska State Education Association**.

**LB 520**, introduced by **Sen. Friesen**, would:

- Expand the privileges given to private companies through the small cell bill from poles to other sites such as buildings.
- Limit the ability of a municipality to utilize a consultant to help review small cell applications.
- Reduce the shot clock for au-

## LB 83: League-supported bill to modernize Open Meetings Act advances to General File on an 8-0 vote!

*Please ask your Senator(s) to vote for the Standing Committee Amendments to LB 83 on General File and advance the bill.*

Thanks to Norfolk **Sen. Mike Flood** for introducing LB 83 which would amend the Open Meetings Act to: 1) modernize the way public bodies hold virtual meetings; and 2) create a statutory framework for public bodies to hold meetings by “**virtual conferencing**” during a declared emergency as defined in the Nebraska Emergency Management Act. This type of emergency meeting with reasonable advance publicized notice would allow public bodies to meet by “virtual conferencing” to consider and take action on agenda items on any issue, not just those pertaining to the emergency. (Public bodies already have authority in Section 84-1411(5) to conduct emergency meetings WITHOUT reasonable advance publicized notice, but any formal action taken in this type of emergency meeting can pertain ONLY to the emergency.)

Information about the hearing on LB 83 held on Jan. 27 and details of the bill were outlined in League Legislative Bulletin #6. [Click here](#) for a copy of LB 83 as originally introduced. LB 83 is the result of months of work by the “**Open Meetings Act Coalition**” comprised of nine statewide organizations (including the League) and about 10 individuals representing public entities including the University, Metropolitan Utilities District, Omaha Public Power District, Lincoln Electric System, etc.

- automatic permit granting to 60 days.
- Expand the footprint of facilities that receive the small cell laws privileges.

This bill was strongly opposed by the **League**. The bill was supported by **AT&T**, **Verizon** and others.

Thanks to Gordon **Sen. Tom Brewer**, Chair of the Government Committee, and **Dick Clark**, Legal Counsel of the Government Committee, for scheduling an Executive Session on Feb. 11 to consider adopting Standing Committee Amendments (SCA) to the bill. [Click here](#) for the SCA to LB 83 which were unanimously approved by the Government Committee before the bill was advanced to General File on an 8-0 vote.

*Sen. Mike Flood*

Thanks to **Mike Rogers**, Bond Counsel with Gilmore Bell, for assisting the League in drafting the new language to prevent the invalidation of any motion, resolution, rule, regulation, ordinance, or formal action made, adopted, passed, or taken at a meeting SOLELY because such meeting was held pursuant to a Governor’s Executive Order as described in the proposed SCA. In addition, the SCA includes the amendments Sen. Flood introduced at the hearing, a couple technical amendments proposed at the hearing, and subsequent amendments negotiated with Governor Ricketts to garner his support of LB 83 as amended by the proposed SCA. **We know of no opposition to LB 83 as amended by the SCA.**

As Mike Rogers and others emphasized at the hearing on LB 83 on Jan. 27, the bill is needed to clarify state law and expressly authorize the Governor to declare an emergency as defined in the Nebraska Emergency Management Act, authorizing public bodies to conduct meetings by “virtual conferencing” with advance reasonable publicized notice.

**Library Board Meeting Minutes**  
**February 9, 2021 1:00 PM**  
**Crete Public Library Community Room**  
**1515 Forest Ave.**

**1. Open Meeting**

2. **Roll Call**—Tom King, President called the meeting to order at 1:02pm. Other board members present were Jared List, Tom King, Jan Sears, Jim Crouse, Fabiola Dimas. Also present was Joy Stevenson, Library Director. Absent: Tom Ourada, City Administrator and Anne Howard, President of the Friends of the Crete Public Library.

3. **Consent Agenda**—Board will consider approval for the following items. Explanation may occur for each item and the council approves and/or amends the items listed.

- A. **Minutes of Previous Meeting.** Members reviewed and approved the minutes of the January 12th, 2021 meeting; motion by Sears to accept the minutes seconded by Crouse, all in favor.

**4. Reports—**

- A. **Friends of the Library**— Tom King discussed the following with the board:

1. As a member of the Friends of the Library (Friends)), King shared that there was recently a Friends meeting via Zoom to discuss and vote on the 2020-2021 fiscal year budget. A budget was approved for \$9,093 for the library. This amount included the approximately \$2,000 budget approved during the first quarter of Friend's fiscal year (September-August)). This approved budget of \$9,093 was for the original amount requested in the first budget proposal (first proposed in 2020).
2. The next Friends meeting will be February 18th.
3. There was a question regarding possible financial support for the former library plaque by the Friends. King shared that discussions continue over possible funding/collaboration with the city for the plaque.

- B. **City Administrator**— Ourada discussed the following with the board:

1. No report

- C. **Director**— Stevenson discussed the following with the board:

1. The current COVID-19 restrictions for patrons remains in place until cases decrease and/or the vaccine is widely available. There is a desire to open the meeting rooms.
2. As a follow-up to Stevenson's report, Crouse made a motion for consideration and recommendation (and seconded by Sears) for the following statement:

*The Board recommends opening up the four meeting rooms (the Purina room, the UBT room, the Children's program room, and the small study room) for public daily one party-use per room (by reservation), following the library's COVID protocols, as well as increasing to ten (10) the number of people allowed in the library (excluding the people meeting in the meeting rooms).*

The board voted unanimously to approve the motion, carrying the recommendation to open the meeting rooms and increasing the number of people allowed in the library at one time.

3. Stevenson updated the group that there were some issues/scheduling conflicts related to the Libby OverDrive training and Code Yellow book group. To remedy potential future issues and scheduling conflicts, the library purchased its own Zoom account. The relatively low cost (\$150 per year) will help the library continue to carry out its programming during the pandemic.
4. Stevenson updated the group over its Bibliostat data collection. The outstanding data yet to be collected is the wifi access traffic. Stevenson also noted that per State guidelines from the Nebraska Library Commission, data related to the gate count (those who enter the building) does not include patrons who use the drive-up window.
5. A budget of \$1,000 has been set aside for a community-wide read. An ad-hoc committee/advisory board of six community members will meet during the week of February 7th to discuss the parameters of the book selection and other community-wide read events.
6. The Welcoming Circle Strategic Planning Committee has released the community survey. They are working on making a printed copy in Spanish available to community members. Hardcopies of the survey in English are already available at the library.
7. Stevenson updated the committee regarding the VITA (volunteer income) tax assistance program. Led by Dr. Courtney Baille from Doane University, the protocol will change a bit this year. Participants will drop off their tax documents to the library staff, the staff then will pass the materials to Dr. Baille, who will share with students. The students will complete the taxes (filling out the required forms) and then pass the completed tax form with accompanying documents to the library staff. The staff will reach out to the program participant for pickup. If the participant does not pick up with documents after three attempts of contact, the documents will be shredded.
8. The library received a \$1,000 scholarship to hire two Doane education major students to help deliver children's story time on Saturday mornings, as well as other children's programs. Stevenson is working with two Doane education professors to recruit students.

**D. President:** — King discussed the following with the board:

1. King shared a draft of a memorandum of understanding (MOU) between the Crete Friends of the Library and the Crete Public Library. The MOU language is taken and modified from resources available on the United for Libraries (ALA) website. He introduced the MOU draft to gather thoughts from the advisory board members. He will do the same with the Crete city administrator and Crete Friends members. The MOU draft is included with the minutes.

**5. Special Order of Business—**

A. **Personnel:** None

B. **Building and Equipment concerns:** None

C. **Board Duties:** Stevenson shared possible opportunities for continuing education (CE) credits for board members. One opportunity would be through the "Big talk from Small Libraries" online conference.

**6. Petitions-Communication- Citizen concern –none**

7. **Adjournment**—Meeting adjourned at 2:08pm motion by Sears, seconded by List and approved by all. The next meeting will be the second Tuesday of the month at 1pm: Tuesday, March 9th, 2021, at 1pm.
