School District of Seward Board Report

September 8, 2025

Jessica Dominy, Principal
Seward Elementary School

Enrollment: as of September 2, 2025

- Preschool: 65
- Kindergarten: 92
- 1st Grade: 84
- 2nd Grade: 74
- 3rd Grade: 98
- 4th Grade: 95
- Total: 508

Upcoming Seward Elementary Events:

- September 3rd-10th: NWEA Reading and Math (2nd-4th)
- September 2nd (week of): All School Writing Assessment
- September 15th: No School - Professional Development Day
- September 16th (week of): Kindergarten DIBELS
- September 24th: Ag Safety Demonstration for 1st grade (led by SHS students)
- September 25th: PLC Data Day
- September 29th: PTO Meeting @ 5:30 PM
- Week of September 29th: Homecoming Week

Fall Assessments:

We are in the process of giving beginning of year assessments to our students at Seward Elementary. Students in grades K-4 will take (or have taken) a literacy screener called DIBELS, which is our screening tool for the Nebraska Reads Program. This year, we chose to wait and test kindergarten students a little later, so we can begin to work with them on the skills they will be tested on. In the past, we tested them with everyone else, but found that the kindergarten data was not great because students had not been exposed to instruction. We will see if this makes a difference! Students will also take NWEA reading and math (2nd-4th) and our all school writing assessment. We will have discussions surrounding this data at our PLC data day in late September. Instructional decisions will also be made with beginning of year data, including groupings for our WIN time (Whatever is Needed - intervention block) and enrichment groups.

Badge System:

This year, students will have the opportunity to earn excellence badges for their consistent work in an area over time. Badges include both academic areas (Language Arts, Math, Unit Studies, etc.) and character areas (kindness, leadership, collaboration, etc.). Teachers are introducing our badge system and it will officially roll out in September. At Seward Elementary, we strive to recognize students for doing well, both academically and behaviorally. The badge system is our opportunity to do so in a fun, camping themed, way! Classes will also be recognized monthly for being excellent role models for others. We will look for classes that follow our common expectations well, help others, and work hard during their instructional time. They will get to display a garden gnome (matching our theme) in their classroom and will be recognized over the intercom each week!

3. Student Wellness Day. Scheduled for Friday, 3 October. This is a full day of activities with our entire student body. Students will walk from our building along the Plum Creek trail then back to Plum Creek Park and attend wellness clinics with CU coaches and students. Mr. Makey coordinates this activity and does a very nice job organizing everything. The day is designed to bring awareness of the importance for adolescents to establish healthy lifestyles. We to schedule it on the same day as the HS Homecoming so our kids will walk up to the elementary school at 1400 hrs. to watch the Homecoming parade.

4. MAP (NWEA) Testing. These assessments took place in August, with only a few make-up tests remaining. We test every student in the middle school with students missing less than one day of instruction during the testing period.

5. Student Council. Our Student Council members have not yet been determined for this school year. Ms. Gannon is our Student Council supervisor. They will get the applications out in the next few days to start the election process for students to vote on their grade level representatives then organize the activities. Students only vote for those in their own grade.

Board of Education Report
September 2025
Seward High School
Scott Axt, Rich Eber, Scott Curry

The 2025-2026 is off to a great start! Students and teachers are getting settled into their schedules, and fall sports are in full swing. We are excited about the direction of the school year. Our student-led Blue Jay Leadership team has made a significant impact with their hard work and leadership of the student body. We are proud of the students and how well they have done so far this school year. Always a Great Day to be a Jay!

We would encourage any board members to stop by the high school to see some of the exciting things going on in our classrooms or our extracurricular activities.

Fall Newsletter: <https://secure.smore.com/n/6md8fk-shs-september-october-newsletter>

Farmers Luncheon: We will be hosting our annual farmer luncheon on Campus (Near the Greenhouse) on Friday, September 12th, from 11-1 p.m. We hope you can join us!

Safety Drills: We have completed three fire drills, a tornado drill, and a bus drill this school year. We do ten fire drills annually by law, one crisis drill per term, and one bus and tornado drill per semester. Our staff has done a very good job ensuring interior and exterior doors are always secure.

Parent-Teacher Conferences: We will host conferences on Wednesday, September 17th. We moved all of our parent-teacher conferences to Wednesday after positive feedback last year. This allowed parents and teachers/coaches not to miss conferences due to student activities.

Homecoming Week: Homecoming week is the week of September 29th. The Bluejay Leadership Team is planning activities for the week. The Bluejay Leadership Team has requested that the dance be tried on Saturday instead of Friday. We are going to give it a try. We don't want it turning into another Prom and affecting other school activities on Saturday.

Freshman Orientation: We had an extremely well-attended Freshman Orientation Event (all but 2 students attended). Feedback from parents and students indicated that the information and experiences provided as part of this orientation were very well received. Most attendees commented on how they enjoyed the open house format and the goose chase game students and parents participated in as they made their way around SHS.

NWEA Testing: We complete fall NWEA testing for grades 9-10 students on October 8th. Students will be tested in math, reading, science, and language usage. The results of these assessments will be used to guide our instruction and intervention practices and provide students and parents with an indication of their growth and progress. NWEA assessment results serve as an important barometer within our comprehensive assessment system.

ACT Testing: All Juniors will be taking the ACT on October 22nd. This fall will be our first time using the online testing option. Thank you to the board for allowing us to continue to offer the ACT in the fall.

Special Education

ILCD Indicator 11, the state report documenting the number of special education evaluations completed within the 45 school day/60 calendar day timeline, is due on September 19th, and has been submitted to NDE. We completed 24 initial evaluations for children between the ages of 3 and 21 during the 2024-2025 school year; all of our evaluations met the timeline requirements.

Our final report for Flex Funding is due on September 30th and has been submitted to NDE. The flexible funding option provides for the use of a percentage of special education funds for the education of students not verified as having a disability as defined within 92 NAC 51 (Rule 51). We use this money to help fund some of our interventions at the elementary and middle schools.

SPEDFURs, our final financial report for special education, is due at the end of September.

We have also been busy ensuring that all accommodations for students with IEPs and 504 plans are reported, so that students can receive the appropriate accommodations for the beginning of the year NWEA assessments, the Pre-ACT, and the ACT.

We have had several new students move into our district. As of September 1, 7 new students with an IEP from their previous school district enrolled in Seward (average 9 new students a the beginning of the year). We have 30 days from the first day of their enrollment to do any assessment that we need to do to determine eligibility for special education and to hold a new IEP if they are found eligible. We had 7 students on an IEP transfer to another school district before the start of the year, which is a little lower than average (11 on average).

Title

The elementary school is finishing the beginning-of-the-year assessments, and we will be assigning students to WIN groups based on their needs.

Preschool

Currently, we have 37 students in our preschool classes at the elementary school. Students attend Monday through Friday, following the school calendar. Our morning program runs from 8:00-10:45, and our afternoon program runs from 12:15-3:15.

English Language Learners

Five students are eligible as English Language Learners, and two students will continue to be monitored this school year.

High Ability Learners (HAL)

We currently have 127 HAL students for the 2024-2025 school year. We will be reviewing the third-grade students who have been recommended based on their NWEA testing and the results of the CogAT.

The budget for our High Ability Learner program is due on September 15th. Last year, we also used the funds to help pay for students' involvement in UNL Math Day, Hobby, Science Olympia, Quizbowls, Academic Decathlon, and a field trip to Kiewit Luminarium for students in grades 3, 4, and 5.

We will review fall assessment data soon to see if there are other kids we need to consider for HAL.

Thank you for all you do!

September 2025 Board Report for Curriculum and Staff Development

Board Members,

I am proud of our staff and students and how they have hit the ground running when it comes to our systems and structures within the schools. An observer of our school today could easily confuse the way our schools are flowing for a day in March. Thank you for all that you do to support our schools!

Curriculum

The math teachers have jumped into the math curriculum feet first, and for the most part, I believe they are pleased with the materials. We reserved time during our Fall Workshop for exploration of the materials and we will have some time in September as well. I have observed good use of the technology tools as well as strong use of the instructional materials to encourage high level problem solving and well as math collaborative conversations.

Instruction

The Science of Reading is a term that is used often in current educational research and practice. Essentially, the Science of Reading emphasizes more focus on phonics and phonemic awareness. Not all teachers who have graduated from teacher college for the past 20 years have had strong training in these areas. The Nebraska Legislature and the NDE have made a requirement that all Pre-3rd grade teachers are trained in the Science of Reading. We are meeting this requirement through the University of Nebraska Early Literacy workshop and our teachers will have time on the staff development days to work on the requirements of the course. We are thankful to have our own trainer, Sarah Rising, and a professor from UNO who will help lead this work.

Staff Development

Our September staff development day will have a variety of topics. We will be training around 30 coaches and Emergency Response Team Members on CPR. As a reminder we train all paid coaches, Emergency Response Team members, and preschool staff.

We will also dive into AI for Educators, reserve time for our special education department, and have time for each of our Action Team's to meet. We will end the day with a District Wellness Committee Meeting.

We are excited to be part of the ESU's CLSD (Comprehensive Literacy State Development) grant. Jocelyn Gray and myself participated in the planning process for this grant and we are pleased to share with you that the ESU consortium was awarded \$880,000. We are going to be able to provide cutting edge PD in the area of Literacy- reading and writing over the coming years. Some of the PD will be at the ESU, while other PD opportunities will be virtual and on-campus.

Assessment

Beginning of year assessments have gone well. We are currently screening our students using the DIBELS (Grades K-4 Literacy) and NWEA(Grades 2-10 Literacy and Math) assessments. This data will inform teachers about where the students are beginning the year and where additional support or enrichment may be needed.

NSCAS and ACT scores from the 24-25 school year are currently in Embargo status, but in the coming months I will be able to share this information with the school board.

Thank you for your support.

A message from Matt

At Seward Public Schools, every teacher is here for a reason. You were selected because we believed you could make us better—not just as a district, but as a community of learners and leaders. Your unique talents, passion, and commitment to students strengthen who we are.

What makes you thrive here is the mindset you carry with you each day. You believe in learning, in growth, and in giving your best for students. That drive to continually improve, to reflect, and to take on challenges is what makes our school system strong. It is what sets you apart.

As a district, we hold ourselves to a standard of excellence in everything we do. But excellence is not achieved alone—it is built together, through trust, collaboration, and support. Please know that you are not walking this path on your own. If there is ever anything I can do to support you, whether it is providing resources, guidance, or simply encouragement, I want you to reach out.

Thank you for giving your best every day. Together, we are shaping a brighter future for our students and for Seward Public Schools. Congratulations to Mrs. Goracke for earning the Golden Apple Award and modeling a career of the growth mindset and a life of service.

Jon Gordon- The Best Way to be the Most Powerful You

A friend asked me if I could share one lesson I learned while speaking to a bunch of college and pro teams during Training Camp last week, what would it be?

I really had to think about this because when you are spending time with incredible leaders there is going to be some serious wisdom shared.

As I reflected and made notes about each visit and each conversation I had with each coach and what I observed (I'm a student and teacher of leadership) I realized there is a common theme, lesson and characteristic they all shared.

They are all very authentic and because they are so authentic they are powerful!

Kevin O'Connell, the head coach of the Minnesota Vikings told me when he took the job he said, "All I can be is me because that's all I know how to be."

This might not seem revolutionary at first glance yet so many leaders struggle because they aren't authentic. They try to be like the leader they worked for or try to be what they think a leader should be or what others expect them to be.

Kevin didn't try to be Sean McVay who he worked for at the LA Rams. He decided to be himself and his Vikings culture was one of the best I've ever experienced.

Every place I visited you could feel the authentic power of the leader.

Whether it was Dabo being Dabo, Dave Canales sharing relentless optimism, Trent Dilfer pouring his heart and soul into his players and turning pain into his greater purpose, there was a spirit and energy so strong I didn't want to leave.

I joined Matt Rhule, the head coach of Nebraska for his new podcast. Yes, he started a new podcast (I believe other coaches will follow his lead) as he boldly builds Nebraska football into a contender once again. He's the most himself he's ever been and he's the most powerful he's ever been. Which is saying a lot because he has built numerous successful programs.

Liam Coen, the new head coach of the Jacksonville Jaguars even has **authentic** as one of his core values because he realized it was one of the key ingredients to his success and rise as a leader and coach. He and his GM want their players to be the real and best version of themselves.

When you are the most authentically you, you are the most powerful you.

Replicas are cheap.

Originals are priceless.

Fake is weak.

Real is powerful.

You don't have to be like anyone else. You are enough. You being you is what people want and will connect to the most.

In a world that wants you to be like everyone else when you decide to be your real, unique self others will gravitate to you, connect with you, and want to be lead by you.

Lead Positive,

Jon

Marzano on Student Engagement

In *The New Art and Science of Teaching*, Marzano emphasizes that **engagement is not just about keeping students busy—it's about ensuring they are emotionally and cognitively invested in learning**. He argues that true engagement combines attention, commitment, and enthusiasm for learning tasks.

Marzano identifies **three main areas teachers must intentionally design for engagement**:

1. **Positive Student Emotions** – Students are more likely to engage when they feel safe, respected, and valued. Teachers foster this by building strong relationships, using positive interactions, and creating a supportive classroom climate.
2. **Student Interest and Relevance** – Engagement grows when students see personal meaning in what they are learning. Strategies include connecting lessons to real-life applications, student choice, and opportunities for creativity.
3. **Student Effort and Perseverance** – Teachers can help students sustain engagement by setting clear goals, scaffolding appropriately, providing feedback, and encouraging persistence through challenges.

Marzano also highlights that **engagement is linked to empowerment**: students need to feel that their voice and effort make a difference in their learning. Classroom practices like collaborative learning, self-assessment, and student-led discussions promote this empowerment.

Ultimately, Marzano stresses that **engagement is a deliberate design choice**—teachers must plan for it, monitor it, and adjust strategies to keep students actively involved in meaningful learning.

K-12 Schools Struggle to Engage Gen Z Students

Fewer than two in 10 Gen Z K-12 students strongly agree that their classwork feels important, interesting, challenging or aligned with their talents.

Patriotic Holidays

Nebraska Revised Statute 79-724 requires the following:

Appropriate patriotic exercises suitable to the occasion shall be held under the direction of the superintendent in every public, private, denominational, and parochial school on George Washington's birthday, Abraham Lincoln's birthday, Dr. Martin Luther King Jr.'s birthday, Native American Heritage Day, **Constitution Day**, Memorial Day, Veterans Day, and Thanksgiving Day, or on the day or week preceding or following such holiday, if the school is in session.

Constitution Day is September 17th, 2025

Seward Public Schools

Bluejay Leadership Team Mission, Values, & Goals

Mission

As elected student leaders, we commit to leading with purpose, integrity, and inclusion. Guided by our core values of energy, resilience, respect, and accountability, we strive to build a positive school culture for Seward High School through service, collaboration, and innovation. We recognize that leadership means listening to others, elevating our peers, and working together to create meaningful and lasting change. Through relationships and results, we aim to leave Seward High School better than we found it.

Bluejay Leadership Goals

Empower Committee Leadership

Each Bluejay Leadership Team committee will set clear goals, timelines, and leadership roles to ensure all members have a voice and contribute meaningfully to projects.

Build Capacity in Emerging Leaders

Actively involve younger students in leadership development by mentoring them to carry forward the team's mission and current action plans. Committees will create opportunities for non-leadership team members to contribute to events and initiatives, building a culture of shared ownership. This intentional inclusion will help ensure the longevity and sustainability of leadership efforts beyond the current school year.

Foster a Positive School Culture

Organize initiatives that promote school pride, increase student participation in activities, and create positive experiences for all students. These initiatives will be designed to celebrate student voice, highlight diverse talents, and build a sense of belonging across all grade levels and groups.

September School Board Report

BLT (Cardin Goracke & Avery Rodocker): Bluejay Leadership team has been a bunch of busy bees. We were hard at work these past couple weeks working on organizing student section themes. A new item we have been working on has been the Game Day posts that go on Seward Public School's social media. In the middle of August we hosted Media Day for all the activities to use these photos in our graphics. This was a super fun event that we plan to host again for both winter and spring activities. Although we've been pretty busy, this is still the calm before the storm. We have big things planned for Homecoming which is the last week of September into the first week of October.

Girl's Golf (Blair Briggs): The Seward High Girls Golf team has been working hard for our upcoming season. Girls have been coming to practice everyday with a great attitude and hopes to improve or get new ladies acclimated with the sport itself. In the first week of school, girls were working extremely hard in 18 hole qualifying to establish who is going to compete in the first two varsity meets. Coach Placke also has girls do scramble competitions while incorporating time at the driving range and the putting green. Our first varsity meet was held on August 29th. The five ladies that played, worked extremely hard after a long and grueling day and were able to place 5th as a team. Us ladies will continue to work hard during practice and meets during the bulk of our season in hopes of making it to the state tournament. Our team is going in a great direction and I am excited for this team and the direction that it is headed.

Football (Kayson Salyer): Our football team put in a ton of work all summer, grinding in the weight room and attending camps to get stronger and sharper. That hard work showed on the field, but our first game was a tough one that tested our skills and teamwork. Even though it was challenging, we're motivated to learn from it and get better each week. Every practice and game is a chance to improve and show the results of all our effort.

Volleyball (Rilynn Hiser): After a successful summer, the volleyball team has been busy with games and Saturday tournaments. We placed third in our most recent tournament at Plattsmouth and are excited to compete in our next two home games this week. Our Junior Varsity team won their triangular this past weekend, and the girls have been great competitors for the Varsity team in practice. The Freshman team is large this year and has grown exponentially over the course of the summer. We are looking forward to the rest of the season and working hard to reach our goals for the season.

Cheer (Addilyn Sugden): Cheer has been working hard so far this season through morning practices and our first few games! We are excited to see how this season goes with our new girls, and will be at every home volleyball game and each football game. We are also excited to have more of a social media presence and utilize media day pictures on instagram. It will be a good season!

Girls Cross Country (Brianna Potratz): We have had our team Time Trial which had much success. The girls team has team bonding scheduled for the 13th of September after a long run where we plan to make keychains and go out for breakfast. We have also had a team spirit week where we wear certain outfits to practice. This year we are adding girls team buddies where we will encourage team unity and we will exchange gifts before one or two meets. We hope that these activities will make our team more united.

Boy's Cross Country (Micah Royuk):

Quiz Bowl (Ava Slechta): We had state quiz bowl mid August and got 2nd and fifth. We are now running practices for our upcoming competition

FFA (Ella Kossow): The Seward FFA Chapter's 2025/26 year started off with our officer retreat in late June where our new officer team did a lot of planning, organizing, and team bonding. Next we had the Seward County Fair where we helped clean-up the petting zoo, assisted with the pony races, and attended the dedication of the 4-H and FFA Honor Exhibit. Once the school year got started, we held our FFA Kickoff Party. We played water games, grilled and ate hamburgers, and made connections with new and old members. Last Friday through Monday was the FFA weekend of the Nebraska State Fair, we had many members attend and show a range of animals. Most recently we had our first FFA Meeting where we discussed things such as updating our constitution and bylaws, membership items, and upcoming events. We also did a "round-table" activity for freshmen and new members to learn more about each of our upcoming contests. Our chapter is preparing for upcoming events such as Husker Harvest Days on September 10th, Ag. Appreciation Luncheon on September 12th, and Elementary Ag. Safety Day on September 24th. This Saturday the chapter is selling mums from 9am to 12pm and our poinsettias are currently being grown in our own greenhouse. We will sell our poinsettias early December alongside our Fruit Sale pickup.

FBLA (Izzy Marker): Seward FBLA has been hard at work planning our events this year! We had our first officer meeting before school in late August. We discussed important events and ideas we are sharing with our members during our first whole chapter meeting on September 4th. We are very excited to share information on the Fall Stock Market Challenge that allows students to compete online against other kids from around the state. Also, our officers are excited to attend the Fall Leadership Conference at Midland College on September 25th. This is a great opportunity for our officers to gain leadership skills through different breakout sessions and activities. We are excited to see where the rest of the year takes us!

Skills USA (Grace Matulka): Skills USA has been preparing for a year of fun activities and fundraising! We have our very first chapter meeting on September 11th and the officer team is preparing and learning our roles for these meetings. We just kicked off the year with a chapter officer

retreat and did some team bonding to get to know each other. We can't wait to see where the year takes us!

Show Choir (Isaac Vanbeek): The past couple of weeks for the show choir have been pretty slow, as we don't have anything coming up that requires much work. Although it hasn't been too fast, we have taken time in the mornings to practice our choreography, audition for solos, and learning our music. In the next few weeks, we will continue to practice what we currently have, and soon enough, we will add more songs for our competition season. We are excited to see how this season pans out compared to the others!

FCCLA (Audrey Broadwell): FCCLA had its kickoff on August 28th and it was a blast! We have our next meeting on Tuesday September 9th, and the officer is very excited to see everyone there, and we can't wait to see what this new crew of FCCLA will contribute this year!

Key Club (Grace Matulka): Key Club has kicked off the year with an introduction meeting discussing things like officer roles, our upcoming events and club registration fees. So far we have participated in a concession stand helping out SHS Choir. This meeting in particular had more attendees than in the past few years. This is very exciting! We can't wait to see how the next year goes!

Marching Band (Ethan Boggs): The band has been working hard to complete our show! We have been working since the summer to ensure a wonderful performance. Our early 7:45 rehearsals have proved useful in preparation for our first competition at the end of September. Our first football game performance was a decent show, and we have been working on improving ever since.

Softball (Karlee Baack): This past week was full of highs and lows for our softball team. We beat York 8-0 On Tuesday, with strong teamwork, then had a tough loss to Crete on Thursday. Even though it was a hard loss, it brought us closer as a team. Our games this weekend were cancelled due to rain, but this allowed us to spend time together as a team and focus on the controllables. It's been a challenging but rewarding week, and we're proud of how far we've come.

Change in Cash Flow- School Tax Credit

- Replaces the income tax credit individuals received on taxes paid to the school.
- Instead of receiving half of the 2024 tax request in September of 2025 the state paid the credit portion in two payments.
 - On or before January 1st
 - On or before April 1st

Impacts

- Higher cash balance now in August 2025
- Lower September and October Tax Draws- 20-30% lower
- One year 24/25 fiscal revenue increase due to the timing of the new payments

Why behind expenditures

- Math Curriculum \$250,000
- Cost of technology- Switches, subscriptions, etc.
- For a point of reference- a bus 5 years cost 89K and now that same bus is around 110K
- Salaries/Benefits- Increase
- Inflation- Paper, Gas, Shipping

PROPOSED BUDGET OF EXPENDITURES

- The vast majority of the increases are increased staffing costs
- Cost of materials, gas, insurance, etc.
- We will have a cheaper curriculum cycle this year than last with PE/Business/Library Technology

GENERAL FUND CASH

GENERAL FUND CASH

- We have always maintained the goal of keeping 3 months of cash in reserve to help smooth out the peaks and valleys. In years when we lost a lot of state aid, this cash on hand helped us maintain a consistent levy. In the future it could help us if property values decline.
- We were right at \$4,345,546 in our lowest point of the year (December). We spend right at \$1.8 million a month, so we are at 2.5 months in reserve at our low point.

OTHER FUNDS

BOND Fund

- For 2025-26 I'm proposing \$ 1,800,000 we will get in property taxes and our payments will be \$1,555,000. The bond levy would be a at .080- Our reserves did not have a lot of room for error in our bond fund so I thought it would be best to add a little more like we did this year. We will also need this budget to reflect a higher payment in December 2025.
- Our last bond payment is set for December 2027. So after this year we will need \$2,823,967.

-

QUALIFIED CAPITAL PURPOSES UNDERTAKING FUND

- Options- Do we look at another QCPUF bond? I say wait to see what happens with bond issue.
- Our last QCPUF bond was 1.2 million- 10 year bond with \$176,000 payments.
- I do have to count dollars toward safety ect. If we don't have a QCPUF bond.
- We can tax up to \$0.03- \$588,000 per year

COOPERATIVE FUND

- The Cooperative Fund is a pass through account for Sixpence. We are the fiscal agent so the money will run through our budget. If we use this fund, it has no impact on our state aid, or levy/expenditure limits for any of the three school districts. We did receive a grant again this year so we will need to budget again. We increase the amount because when we get paid may not fall in line with our budget year.

SPECIAL BUILDING FUND

- Last year we levied \$400,000 at \$.02.
- I have it set at \$.02 again for \$440,000- To continue with roofing, HVAC and if needed other projects. SHS Chiller in Commons and Gym Area.

PROPERTY TAX AND LEVY IMPACT

What does a Penny Generate?

Last year a penny will generate \$200,000

This year a penny will generate \$ 219,000

Depreciation

- I propose adding \$200,000 to the depreciation account for the 2025-2026 School Budget

SUMMARY

- General Fund –3% increase to our general fund for staff/insurance costs. As a reminder salary/insurance increase will be around \$ 650,000 for staff
- Bond Fund –Higher payment then we have had and also trying to be as close to the what the bond would be.
- Special Building Fund: I have it at .02 to keep the overall ask at \$444,0000
- Total tax asking 4.41% increase would be 3% if we didn't have an increase in the bond account.
- QCPUF- Need to consider down the road if we get a loan.
- No Pink Postcard- Budget and Tax Request Hearing Sept. 8

RESOLUTION SETTING THE PROPERTY TAX REQUEST

RESOLUTION NO. 2025

WHEREAS, Nebraska Revised Statute 77-1632 and 77-1633 provides that the Governing Body of Seward Public Schools passes by a majority vote a resolution or ordinance setting the tax request; and

WHEREAS, a special public hearing was held as required by law to hear and consider comments concerning the property tax request;

NOW, THEREFORE, the Governing Body of Seward Public Schools resolves that:

1. The 2025-2026 property tax request be set at:

General Fund: \$ 13,891,980.00
Bond Fund: \$ 1,818,182.00
Special Building Fund: \$ 444,444.00
Qualified Capital Purpose \$ -
Undertaking Fund:

2. The total assessed value of property differs from last year's total assessed value by 9.16 percent.

3. The tax rate which would levy the same amount of property taxes as last year, when multiplied by the new total assessed value of property would be 0.705906 per \$100 of assessed value.

4. Seward Public Schools proposes to adopt a property tax request that will cause its tax rate to be 0.737066 per \$100 of assessed value.

5. Based on the proposed property tax request and changes in other revenue, the total operating budget of Seward Public Schools will increase (decrease) last year's budget by 1.8 percent.

6. A copy of this resolution be certified and forwarded to the County Clerk on or before October 15, 2025.

Change in Cash Flow- School Tax Credit

- Replaces the income tax credit individuals received on taxes paid to the school.
- Instead of receiving half of the 2024 tax request in September of 2025 the state paid the credit portion in two payments.
 - On or before January 1st
 - On or before April 1st

Impacts

- Higher cash balance now in August 2025
- Lower September and October Tax Draws- 20-30% lower
- One year 24/25 fiscal revenue increase due to the timing of the new payments

Why behind expenditures

- Math Curriculum \$250,000
- Cost of technology- Switches, subscriptions, etc.
- For a point of reference- a bus 5 years cost 89K and now that same bus is around 110K
- Salaries/Benefits- Increase
- Inflation- Paper, Gas, Shipping

PROPOSED BUDGET OF EXPENDITURES

- The vast majority of the increases are increased staffing costs
- Cost of materials, gas, insurance, etc.
- We will have a cheaper curriculum cycle this year than last with PE/Business/Library Technology

GENERAL FUND CASH

GENERAL FUND CASH

- We have always maintained the goal of keeping 3 months of cash in reserve to help smooth out the peaks and valleys. In years when we lost a lot of state aid, this cash on hand helped us maintain a consistent levy. In the future it could help us if property values decline.
- We were right at \$4,345,546 in our lowest point of the year (December). We spend right at \$1.8 million a month, so we are at 2.5 months in reserve at our low point.

GENERAL FUND MONTHLY CASH –(This is for our low month)

OTHER FUNDS

BOND Fund

- For 2025-26 I'm proposing \$ 1,800,000 we will get in property taxes and our payments will be \$1,555,000. The bond levy would be a at .080- Our reserves did not have a lot of room for error in our bond fund so I thought it would be best to add a little more like we did this year. We will also need this budget to reflect a higher payment in December 2025.
- Our last bond payment is set for December 2027. So after this year we will need \$2,823,967.

-

QUALIFIED CAPITAL PURPOSES UNDERTAKING FUND

- Options- Do we look at another QCPUF bond? I say wait to see what happens with bond issue.
- Our last QCPUF bond was 1.2 million- 10 year bond with \$176,000 payments.
- I do have to count dollars toward safety ect. If we don't have a QCPUF bond.
- We can tax up to \$0.03- \$588,000 per year

COOPERATIVE FUND

- The Cooperative Fund is a pass through account for Sixpence. We are the fiscal agent so the money will run through our budget. If we use this fund, it has no impact on our state aid, or levy/expenditure limits for any of the three school districts. We did receive a grant again this year so we will need to budget again. We increase the amount because when we get paid may not fall in line with our budget year.

SPECIAL BUILDING FUND

- Last year we levied \$400,000 at \$.02.
- I have it set at \$.02 again for \$440,000- To continue with roofing, HVAC and if needed other projects. SHS Chiller in Commons and Gym Area.

PROPERTY TAX AND LEVY IMPACT

What does a Penny Generate?

Last year a penny will generate \$200,000

This year a penny will generate \$ 219,000

Depreciation

- I propose adding \$200,000 to the depreciation account for the 2025-2026 School Budget

SUMMARY

- General Fund –3% increase to our general fund for staff/insurance costs. As a reminder salary/insurance increase will be around \$ 650,000 for staff
- Bond Fund –Higher payment then we have had and also trying to be as close to the what the bond would be.
- Special Building Fund: I have it at .02 to keep the overall ask at \$444,0000
- Total tax asking 4.41% increase would be 3% if we didn't have an increase in the bond account.
- QCPUF- Need to consider down the road if we get a loan.
- No Pink Postcard- Budget and Tax Request Hearing Sept. 8

3. Discussion Items

3.1. Stakeholder Feedback/JEO

JEO and Dr. Fields discussed how the stakeholder meeting went last week and the planning/design concepts.

3.2. Summer Project Update

The following summer projects have been completed - High School hot water heater, hood cleanings, High School dock concrete, Elementary outdoor freezer/cooler, Middle School gym compressor, painting at the Middle School, gym floors, High School well and sprinkler heads, goal post was put back up at the High School and lines painted in the parking lots. They are still working on one exhaust vent on the boiler at the High School and the area compressor and VFD in the commons area. The spider web at the Elementary has been taken down due to safety issues, and hopes for some sort of shade at some point from PTO. Concrete is complete except for the grinding of the moat and walking path from the middle school to the wellness center on the back side of the basketball court. We are still waiting for a ship date for the outdoor lights. The maintenance team cleaned out the ditch on our property to prevent issues from the rain and are working on weed management on the grounds, especially at the middle school.

3.3. Superintendent's Goals

Dr. Fields reviewed his goals for the 2025-2026 school year and asked the board to provide feedback.

Staff Item for
Placement on School Board Agenda**

I request the following item or items be placed on the Seward Board of Education agenda for the September 2025 (month/day/year) meeting.

The title of the agenda item and the request (may need to include what action you would like the board to take):

Approval for out of state travel for 2026 ECCLA National Convention.
The 2026 National Convention will take place July 6th-10th in
Washington D.C.

Pertinent Background Information:

If students qualify at State they will have the opportunity to
compete at the National level. They will also have a chance
to enhance personal and professional growth.
