RESOLUTION GRADES, GRADUATION, CURRICULUM, AND RELATED MATTERS

WHEREAS, the school district has been closed for the remainder of the 2019-20 school year and possibly beyond based on the statewide outbreak of COVID-19; and

WHEREAS, the school district has transitioned to an alternative learning platform consisting of written packets, online learning resources and other education and/or enrichment activities for the fourth quarter of the 2019-20 school year; and

WHEREAS, the school district wishes to address various educational matters and school activities impacted by the current circumstances;

NOW, THEREFORE, be it resolved that the following shall supersede any board policy for the remainder of the 2019-20 school year:

1. In order to be eligible for graduation, each high school senior student must complete a minimum of 200 high school credit hours, including 40 credit hours in English Language Arts, and 30 credit hours in each of Mathematics, Science, and Social Studies.
2. Any senior student who was failing any required course as of the date the school was closed to student attendance will not automatically have that required coursework waived. Instead, these students shall be provided the opportunity to participate in credit recovery through an online learning system, which will be selected by the superintendent in consultation with the appropriate faculty and staff.
3. The requirement that all students must complete ___ hours of community service is hereby waived for students who will graduate in the class of 2020.
4. For all students in grades 9-12 or in any course which the district includes for purposes of calculating academic honors, students' grades for purposes of grade point average, class rank, and similar matters shall be calculated:

___ through the third quarter of the 19-20 school year, and the fourth quarter grades shall be pass/fail.

___ through the end of the 19-20 school year.

___ through the end of the 19-20 school year, provided that student's grades from the fourth quarter may only be used in the calculation or ranking if it improves their grade point average, class rank, or similar matter.

___ Other method: _____

5. The superintendent shall consult with teachers, administrators, and other faculty members, as appropriate, to determine course grades, the award of credit for classwork completed during the fourth quarter of the 2019-20 school year, and grade promotion.
6. The superintendent shall consult with teachers, administrators, and other faculty members, as appropriate, to determine whether additional learning opportunities, including targeted educational opportunities, will be provided to all students to complete in an alternate learning environment during the remainder of the 2019-20 school year and the summer to meet state and school-required graduation requirements or to advance to the next grade.
7. The superintendent shall consult with teachers, administrators, and other faculty members to determine appropriate steps to provide senior students the opportunity to complete any applicable requirements of section 79-724 related to American Civics. If the Governor issues an Executive Order waiving the requirements of 79-724 based on the state of emergency which has been declared in Nebraska, the board of education hereby also waives any and all of those requirements. The board hereby declares that any failure to comply with section 79-724 during the 2019-20 school year will not be the basis for the non-renewal, termination or cancellation of any employee's contract.
8. The obligations owed by the school district to students who are eligible for special education services are governed by Rule 51 of the Nebraska Department of Education and the Individuals with Disabilities Education Act. All decisions made or authorized herein by the Board of Education shall comply with Rule 51 and the IDEA.
9. To the extent not addressed above, the superintendent is authorized to take any necessary or educationally appropriate action regarding the waiver or adjustment of grading guidelines, class rankings, graduation requirements, curriculum, and other related areas and to take any other

educationally or administratively appropriate action, including taking actions that may otherwise conflict with board policy or that would otherwise exceed the authority given to the superintendent in board policy, if necessary to account for the shortened school year, this emergency, and the COVID-19 pandemic.

Tim and Centennial Board,

This letter is to inform you of my resignation effective at the end of my 2019-2020 contract. I have taken a position as Program Specialist with the Nebraska Department of Education-Special Education.

This has been a hard decision to make in my career. The last two years have been an incredible and rewarding experience. Under the leadership of the Centennial Board, Tim DeWaard, and the principal leadership of Colin Barga and Ken Booth, I have grown to be a better educator and supporter of educating ALL children and teachers. Centennial School District is an outstanding school with dedicated staff members that go above and beyond to meet the needs of students.

Centennial School is a family. It is an exceptional place to work and it has been an honor to be a part of the Centennial School District staff. I will be forever grateful for all I have learned and for being a part of this great school these past two years.

As I move on to the next part of my educational career I wish all the best to the Centennial board, administrative team, and all staff. Thank you for the past two years and the opportunity to work for such a great organization.

Sincerely,

Kris L. Elmshaeuser
