## 5018

### Parent and Guardian Involvement In Educational Practices

The school district recognizes the importance of parental and guardian involvement in the education of their children. The school district will take the following steps to ensure that the rights of parents and guardians to participate in the education of their children are preserved.

1. Parents/Guardians will be provided access, as described in district procedures, to district-approved textbooks and other curricular materials and tests used in the district upon request.
  - a. A parental request to review specific approved textbooks and other district- or building-approved curricular materials (written, visual, and audio) should be made to the principal of the building where the textbooks and curriculum materials are used.
  - b. Parents may check out textbooks and may review curricular materials such as video and audio recordings within a time frame determined by the building principal to prevent disruption of the instructional process.
  - c. A parental request to review specific standardized and criterion-referenced tests used in the district should be made in writing to the building principal. Copies of the most recent tests used in the district will be available for parent review. Parents wishing to review statewide NeSA assessments will be provided with sample questions and a copy of a practice test, but will not be provided with copies of the actual assessment due to testing security. In the case of other secure tests such as the ACT, parents must contact the publisher to obtain copies of the test.
2. Parents/Guardians will be permitted, within district procedures, to attend and observe courses, assemblies, counseling sessions, and other instructional activities.
  - a. Parents/guardians are invited to make appointments with the building principal to visit classes, assemblies and other instructional activities. The principal shall give permission after determining that parental/guardian observation would not disrupt the activity. Observations that last more than 60 minutes or occur on consecutive days are typically disruptive and will not be permitted absent unusual circumstances, in the sole discretion of the building principal.

- b. Parents/guardians may contact the building principal to request permission to attend counseling sessions in which their child is involved.
3. Parents/guardians will be permitted, within district procedures, to ask that their children be excused from school experiences that parents find objectionable.
  - a. Building principals may excuse a student from any single school experience at the parent's written request.
  - b. When appropriate, alternative experiences will be provided for the student by the school.
4. Parents/guardians will be informed through the student handbook and district policies of the manner that the district will provide access to records of students.
5. Parents/guardians will be informed of the standardized and criterion-referenced district testing program. Parents may request additional information from the building principal.
6. Parents/guardians will be informed of the circumstances under which they may opt-out of state and federal assessments.
  - a. In accordance with federal law, at the beginning of the school year, the District shall provide notice of the right to request a copy of this policy to parents/guardians of students attending schools receiving Title I funds. The District will provide a copy of this policy to a requesting parent in a timely manner.

- b. State Assessments

The District cannot approve requests to opt out of state assessments. Approval of such requests is contrary to state law.

- c. National Assessment of Educational Progress

As a condition of receiving federal funds, the District participates in the National Assessment of Educational Progress (NAEP). To help ensure that the District has a representative sample of

students taking the NAEP, which will allow the District to assess the quality and effectiveness of its programming on a national level, the District strongly encourages all eligible students to participate. However, student participation in NAEP is voluntary.

The District shall provide parents/guardians of eligible students with reasonable notice prior to the exam being administered. Parents/guardians wishing to opt their students out of the NAEP assessment must notify the district in writing at least three days prior to the exam date to ensure that the District can coordinate supervision and alternative activities for students who have opted out.

- 7. Parents/guardians will be notified of their right to remove their children from surveys prior to district participation in surveys.
  - a. The principal must approve all surveys intended to gather information from students before they are administered to students.
  - b. Students' participation in surveys is voluntary. Parents/guardians may restrict their child from participating in any survey.

## **3048 Communicable Disease**

The school district strives to provide a safe environment for both students and staff while safeguarding the rights of all students and employees, including those with communicable diseases.

**Communicable Diseases.** Communicable diseases are defined by the Nebraska Department of Health and Human Services in Title 173 Nebraska Administrative Code Chapter 1 and include HIV/AIDS, Hepatitis (A, B, and E), Measles, Mumps, and Tuberculosis.

**School Attendance and Participation in School Sponsored Activities.** A student who has been diagnosed with a communicable disease shall be provided with educational services in accordance with state law and board policy. Generally, individuals with a communicable disease will be restricted only to the extent necessary to prevent the transmission of the disease, to protect their health and rights of privacy, and to protect the health and safety of others. The decision regarding a student's education program and placement shall be made on an individual basis in light of current medical and educational information and recommendations. These will be determined by the superintendent, the student's Section 504 or Individualized Education Program (IEP) team, or the district's Crisis Team. In addition, participation in Nebraska School Athletic Association (NSAA) events will be subject to its rules and procedures, if any.

**Infection and Exposure Control Procedures/Universal Precautions.** The district will monitor the information available through the Federal Centers for Disease Control, the Nebraska Department of Health and Human Services, and the Occupational Safety and Health Administration. This policy and any procedures, universal precautions, or exposure control plan will be modified, if appropriate, based upon the best new medical information provided by the above sources.

The superintendent will take appropriate measures if there is an epidemic or outbreak of a communicable disease which may include, but it's not limited to, the emergency exclusion or alternative placement of students or the closure of a school building or the entire school district.

**Confidentiality.** The existence of an individual's communicable disease shall be treated as confidential and will be limited to school staff on a "need-to-know" basis. If it is necessary to inform a person of another's condition (due to exposure, for instance), the person will be notified of the confidentiality of that disclosure. In addition, any communication about a student's

communicable disease shall be consistent with that student's IEP or Section 504 Plan, if any.

**Staff Training.** Staff will receive training regarding communicable diseases and the requirements of this policy and any adopted procedures as part of the training received under the Workplace Injury Prevention and Safety Committee policy.

**Reporting.** School staff who learn that an individual has a communicable disease will report it to the proper authority as required by Title 173 Nebraska Administrative Code Chapter 1

**Drones and Unmanned Aircraft**

Drones, Unmanned Aircraft Systems, and any other such vehicles (“drones”), which are not operated for purposes of district programs or activities, may not be operated on or above district property without the prior written permission of the superintendent or designee. Any authorized use of drones must comply with all state and federal regulations governing the operation of drones, including FAA regulations.

Drones owned by the district or operated on or above district property with permission must be operated:

1. In compliance with this policy and all other district policies;
2. Only outside the school building(s) in the area authorized or designated by the superintendent or designee;
3. Under the direct supervision of an individual fully trained and skilled in the system’s operation;
4. By an individual with the requisite skill and training to safely operate the drone; and
5. Consistent with any other limitations imposed by the superintendent or designee.

Any monitoring or recording of picture, video, or audio by a drone must have the prior written permission of the superintendent or designee and comply with all board policies governing recordings, data, and records.

Any unauthorized use of a drone is strictly prohibited. Devices used in a manner that does not comply with this policy or applicable state and federal law may be confiscated and the operator may be subject to discipline, civil liability, or criminal liability.

## **3050 Technology in the Classroom**

### **I. In General**

The district desires to use technology in a way that aides in the education of students. New devices and applications offer a number of helpful tools that can improve the student experience and increase learning. Many of these devices and applications also create concerns about student privacy. It is the goal of the district to embrace the helpful elements of technological advancement while remaining mindful of potential student privacy issues.

### **II. Devices**

A. Non-district issued electronic devices may be used in the classroom, under supervision of a staff member. Teachers who wish to bring a device into the classroom on a regular or permanent basis, should inform the principal before deploying the device.

1. Smart speakers such as Google Home, Amazon Echo, Apple HomePod, and similar devices may be used in the classroom. The device must be registered to an account linked to the classroom teacher's school email address. The district will not maintain any records created by use of the smart speaker device. Any record of use will be considered non-record communications pursuant to Nebraska's Records Management Act, and not be maintained by the district.
2. Assistive technology may be used in district classrooms. Any assistive technology, such as an AngelSense device, that uses "listen-in" functionality must have that function disabled while the student using the device is in a district classroom. No assistive technology devices will be permitted to record or transmit the classroom activity of other students unless required by law.
3. All other electronic devices that connect to the internet that a staff member wishes to use for the education of students should be disclosed to the administration prior to use. The district may at any time direct that a teacher discontinue use of a given device.

B. Any classroom recordings made by a staff member will be made pursuant to district policy.

### III. Applications

A. School as Agent. The school will serve as an agent for parents/guardians in the collection of information within the school context. The school's use of student information is solely for education purposes.

B. District Applications. The district uses various software applications to record, track, and store student data. Each application selected by the district is in compliance with federal and state law, to the best of the administration's knowledge. Should the district become aware that an application used by the district has suffered a data breach, or been found to be out of compliance with federal or state law, the district will investigate the scope of the violations and notify students, parents, and staff in accordance with district policy.

#### C. Staff-Selected Applications.

1. Staff are permitted to select applications for use in the classroom.
2. Staff must perform basic due diligence to ensure that the application is safe for students and serves a pedagogical purpose. Staff must notify their supervising administrator of the application they plan to use as part of their lesson plan prior to their use in the classroom. The district may at any time direct that a teacher discontinue use of a given application. The district will provide training on the relevant student privacy laws to staff members who are selecting and deploying applications in the classroom.

### Reading Instruction and Intervention Services

The purpose of this policy is to facilitate reading instruction and intervention services to address student reading needs, including, but not limited to, dyslexia. It is the school district's goal that each student be able to read at or above grade level by third grade.

**Effective Reading Teachers.** It is the intent of the school district to employ teachers for kindergarten through third grade who are effective reading teachers as evidenced by (a) evaluations based on classroom observations and student improvement on reading assessments or (b) specialized training in reading improvement.

**Reading Assessment.** Beginning in 2019-20, the school district will administer a reading assessment approved by the Nebraska Department of Education three times during the school year to all students in kindergarten through third grade. Exceptions to this requirement include:

- Any student receiving specialized instruction for limited English proficiency who has been receiving such instruction for less than two years;
- Any student receiving special education services for whom such assessment would conflict with the individualized education plan; and
- Any student receiving services under a plan pursuant to the requirements of section 504 of the federal Rehabilitation Act of 1973, 29 U.S.C. 794, or Title II of the federal Americans with Disabilities Act of 1990, 42 U.S.C. 12131 to 12165, as such acts and sections existed on January 1, 2018, for whom such assessment would conflict with such section 504 or Title II plan.

The first assessment must occur within the first 30 days of the school year.

Diagnostic assessments used within a supplemental reading intervention program do not require Nebraska Department of Education approval.

**Deficiency Identification.** Any student in kindergarten through third grade performing below the threshold level as determined by the Nebraska Department of Education shall be identified as having a reading deficiency for purposes of the Nebraska Reading Improvement Act and this policy. A student who is identified as having a reading deficiency shall remain identified as having a reading deficiency until the student performs at or above the threshold level on an approved reading assessment. Nothing in the Nebraska Reading Improvement Act or this policy shall prohibit a school district from identifying any other student as having a reading deficiency.

**Supplemental Reading Intervention Program.** The school district will provide a supplemental reading intervention program to ensure that students can read at or above grade level at the end of third grade. The school district may work collaboratively with a reading specialist at the Nebraska Department of Education, with educational service units, with learning communities, or through interlocal agreements to develop and provide such supplemental reading intervention programs. Each supplemental reading intervention program must:

- Be provided to any student identified as having a reading deficiency;
- Be implemented during regular school hours in addition to regularly scheduled reading instruction unless otherwise agreed to by a parent or guardian; and
- Make available a summer reading program each summer for any student who has been enrolled in grade one or higher and is identified as continuing to have a reading deficiency at the conclusion of the school year preceding such summer reading program. The summer reading program may be held in conjunction with existing summer programs in the school district or in a community reading program not affiliated with the school district or may be offered online.

The supplemental reading intervention program may also include:

- Reading intervention techniques that are based on scientific research and best practices;
- Diagnostic assessments to frequently monitor student progress throughout the school year and adjust instruction accordingly;
- Intensive intervention using strategies selected from the following list to match the weaknesses identified in the diagnostic assessment:
  - Development in phonemic awareness, phonics, fluency, vocabulary, and reading comprehension;
  - Explicit and systematic instruction with detailed explanations, extensive opportunities for guided practice, and opportunities for error corrections and feedback; or
  - Daily targeted individual or small-group reading intervention based on student needs as determined by diagnostic assessment data subject to planned extracurricular school activities;
- Strategies and resources to assist with reading skills at home, including parent-training workshops and suggestions for parent-guided home reading; or
- Access to before-school or after-school supplemental reading intervention with a teacher or tutor who has specialized training in reading intervention.

**Parent/Guardian Notification.** The school will give notice in writing or by electronic communication to the parent(s) or guardian(s) of any student identified as having a reading deficiency within 15 working days of such identification that the student has been identified as having a reading deficiency and that an individual reading improvement plan will be established and shared with the parents or guardians.

**Reading Improvement Plan.** Any student who is identified as having a reading deficiency will receive an individual reading improvement plan no later than 30 days after the identification of the reading deficiency. The reading improvement plan may be created by the teacher, the principal, other pertinent school personnel, and the parents or guardians of the student and shall describe the reading intervention services the student will receive through the supplemental reading intervention program to remedy the reading deficiency. The student must receive reading intervention services through the supplemental reading intervention program until the student is no longer identified as having a reading deficiency.

**Reading Progress.** Each student in kindergarten through third grade and his or her parent(s) or guardian(s) will be informed of the student's reading progress within a reasonable time after the school district receives the results from the student's approved reading assessment.

## **5001 Compulsory Attendance and Excessive Absenteeism**

### **Required Attendance**

Every person residing in the school district who has legal or actual charge or control of any child who is of mandatory attendance age shall cause that child to attend a public or private school regularly unless the child has graduated from high school or has been allowed to disenroll pursuant to this policy.

### **Mandatory Attendance Age**

All children who are or will turn six years old before January 1 of the current school year are of mandatory attendance age. Children who have not turned eighteen years of age are of mandatory attendance age.

### **Exceptions**

This policy does not apply when attendance is made impossible or impracticable by severe weather conditions or by the temporary illness of the student or a child whom the student is parenting.

A child who will not reach age 7 before January 1 of the current school year may be excused from mandatory attendance if the child's parent or guardian completes an affidavit affirming that alternative educational arrangements have been made for the child. A copy of the required affidavit is attached to this policy.

### **Discontinuing Enrollment – 5 Year Old Students**

The person seeking to discontinue the enrollment of a student who will not reach six years of age prior to January 1 of the current school year shall submit a signed, written request and to the superintendent using the form which is attached to this policy. The school district may request written verification or documentation that the person signing the form has legal or actual charge or control of the student. The school district shall discontinue the enrollment of any student who satisfies these requirements. Any student whose enrollment is discontinued under this subsection shall not be eligible to reenroll in this school district until the beginning of the following school year unless otherwise required by law.

## **Discontinuing Enrollment – 16 and 17 Year Old Students**

Only children who are at least 16 years of age may be disenrolled from the district. The person seeking to discontinue the child's enrollment shall submit a signed, written request and submit it to the superintendent using the form which is attached to this policy. The district will follow the procedures outlined on the attached form in considering requests to disenroll.

Only children disenrolling to attend a non-accredited school may be exempt from this policy. The person with legal or actual charge or control of the child must provide the superintendent with a copy of the signed request submitted to the State Department of Education for attending non-accredited schools. The superintendent may confirm the validity of the submission with the State Department of Education.

## **Attendance Officer**

Each building principal is designated as an attendance officer for the district. Each building principal, at his or her discretion, may delegate these responsibilities to any other qualified individual. The attendance officer is responsible for enforcing the provisions of state law relating to compulsory attendance. This responsibility includes but is not limited to filing a report with the county attorney of the county in which a student resides. Compensation for the duties of attendance officer is included in the salary for the superintendent or designee.

## **Excused Absences**

The following absences will be considered excused if they are confirmed by communication to the school from the student's parent/guardian:

1. Physical or mental illness of the student (a physician's verification is required after four (4) consecutive days of absence for illness)
2. Severe weather
3. Medical appointments for the student
4. Death or serious illness of the student's family member

5. Attending a funeral, wedding or graduation
6. Appearance at court or for other legal matters
7. Observance of religious holidays of the student's own faith
8. College planning visits
9. Personal or family vacations

### **Excessive Absenteeism**

When a student receives 5 unexcused absences or the hourly equivalent in any semester, the Attendance Officer will follow the attached procedure for addressing barriers to the student's attendance.

When a student is absent more than twenty days per year or the hourly equivalent and any portion of the absences is unexcused, the Attendance Officer may/must file a report with the county attorney of the county in which the student resides. For example, if the student accumulates 23 days of excused absences due to documented illness and is tardy one time, the Attendance Officer may file a report with the appropriate county attorney.

**Bullying Prohibited.** Students are prohibited from engaging in any form of bullying behavior. Without limiting any definition of bullying under any state or federal law or regulation, bullying behavior, as used herein, refers to the use of physical force or verbal, nonverbal, written, and electronic communication (including but not limited to instant messaging, text messaging, e-mailing, and using websites) to threaten, intimidate, ridicule, humiliate, or harass any person.

**Disciplinary Consequences.** The disciplinary consequences for bullying behavior will depend on the frequency, duration, severity and effect of the behavior.

A student who engages in bullying behavior on school grounds, in a vehicle owned, leased, or contracted by a school being used for a school purpose by a school employee or his or her designee, or at school-sponsored activities or school-sponsored athletic events may be subject to disciplinary consequences including but not limited to long-term suspension, expulsion, or mandatory reassignment.

**Definition of Bullying.** The Centers for Disease Control and Prevention defines bullying as “any unwanted aggressive behavior(s) by another youth or group of youths who are not siblings or current dating partners that involves an observed or perceived power imbalance and is repeated multiple times or is highly likely to be repeated.” Nebraska statute defines bullying as “an ongoing pattern of physical, verbal or electronic abuse.” The District’s administrators are authorized to use both of these definitions to determine whether any specific situation constitutes bullying. Both of these definitions include both in-person and cyberbullying behaviors.

**Bullying Based on Protected Class Status.** Bullying based on protected class status is unique and may require additional investigation. The appropriate district staff member or coordinator will promptly investigate bullying complaints that violate the district’s antidiscrimination policies.

**Support for Students Who Have Experienced Bullying.** Regardless of where the bullying occurred, the district will consider whether victims of bullying are suffering an adverse educational impact and, if

appropriate, will refer those students to the district's student assistance team.

## **2006 Complaint Procedure**

Good communication helps to resolve many misunderstandings and disagreements. This complaint procedure applies to board members, patrons, students and school staff, unless the staff member is subject to a different grievance procedure pursuant to policy or contract. Individuals who have a complaint should discuss their concerns with appropriate school personnel in an effort to resolve problems. When such efforts do not resolve matters satisfactorily, including matters involving discrimination or harassment on the basis of race, color, national origin, sex, marital status, disability, or age, a complainant should follow the procedures set forth below.

A preponderance of the evidence will be required to discipline a party accused of misconduct. This means that the investigator must conclude that it is more likely than not that misconduct occurred.

### **Complaint and Appeal Process.**

1. The first step is for the complainant to speak directly to the person(s) with whom the complainant has a concern. For example, a parent who is unhappy with a classroom teacher should initially discuss the matter with the teacher. However, the complainant should skip the first step if complainant believes speaking directly to the person would subject complainant to discrimination or harassment.
2. The second step is for the complainant to speak to the building principal, Title IX/504 coordinator, superintendent of schools, or president of the board of education, as set forth below.
  - a) Complaints about the operation, decisions, or personnel within a building should be submitted to the principal of the building.
  - b) Complaints about the operations of the school district or a building principal should be submitted in writing to the superintendent of schools.
  - c) Complaints about the superintendent of schools should be submitted in writing to the president of the board of education.

- d) Complaints involving discrimination or harassment on the basis of race, color, national origin, gender, marital status, disability, or age may also be submitted, at any time during the complaint procedure to the School District's Title IX/504 coordinator. Complaints involving discrimination or harassment may also be submitted at any time to the Office for Civil Rights, U.S. Department of Education: by email at [OCR.KansasCity@ed.gov](mailto:OCR.KansasCity@ed.gov); by telephone at (816) 268-0550; or by fax at (816) 268-0599.
3. When a complainant submits a complaint to an administrator or to the Title IX/504 coordinator, the administrator or Title IX/504 coordinator shall promptly and thoroughly investigate the complaint, and shall:
- a) Determine whether the complainant has discussed the matter with the staff member involved.
    - 1) If the complainant has not, the administrator or Title IX/504 coordinator will urge the complainant to discuss the matter directly with that staff member, if appropriate.
    - 2) If the complainant refuses to discuss the matter with the staff member, the administrator or Title IX/504 coordinator shall, in his or her sole discretion, determine whether the complaint should be pursued further.
  - b) Strongly encourage the complainant to reduce his or her concerns to writing.
  - c) Interview the complainant to determine:
    - 1) All relevant details of the complaint;
    - 2) All witnesses and documents which the complainant believes support the complaint;
    - 3) The action or solution which the complainant seeks.
  - d) Respond to the complainant. If the complaint involved discrimination or harassment, the response shall be in writing and shall be submitted within 180 days after the

administrator or Title IX/504 coordinator received the complaint.

4. If either the complainant or the accused party is not satisfied with the administrator's or the Title IX/504 coordinator's decision regarding a complaint he or she may appeal the decision to the superintendent.
  - a) This appeal must be in writing.
  - b) This appeal must be received by the superintendent no later than ten (10) business days from the date the administrator or Title IX/504 coordinator communicated his/her decision to the complainant.
  - c) The superintendent will investigate as he or she deems appropriate. However, all matters involving discrimination or harassment shall be promptly and thoroughly investigated.
  - d) Upon completion of this investigation, the superintendent will inform the complainant in writing of his or her decision. If the complaint involved discrimination or harassment, the superintendent shall submit the decision within 180 days after the superintendent received complainant's written appeal.
  
5. If either the complainant or the accused party is not satisfied with the superintendent's decision regarding a complaint he or she may appeal the decision to the board.
  - a) This appeal must be in writing.
  - b) This appeal must be received by the board president no later than ten (10) business days from the date the superintendent communicated his/her decision to the complainant.
  - c) This policy allows, but does not require the board to receive statements from interested parties and witnesses relevant to the complaint appeal. However, all matters involving discrimination or harassment shall be promptly and thoroughly investigated.

- d) The board will notify the complainant in writing of its decision. If the complaint involved discrimination or harassment, the board shall submit its decision within 180 days after it received complainant's written appeal.
  - e) There is no appeal from a decision of the board.
6. When a formal complaint about the superintendent of schools has been filed with the president of the board, the president shall promptly and thoroughly investigate the complaint, and shall:
- a) Determine whether the complainant has discussed the matter with the superintendent.
    - 1) If the complainant has not, the board president will urge the complainant to discuss the matter directly with the superintendent, if appropriate.
    - 2) If the complainant refuses to discuss the matter with the superintendent, the board president shall, in his or her sole discretion, determine whether the complaint should be pursued further.
  - b) Strongly encourage the complainant to reduce his or her concerns to writing.
  - c) Determine, in his or her sole discretion, whether to place the matter on the board agenda for consideration at a regular or special meeting.
  - d) Respond to the complainant. If the complaint involved discrimination or harassment, the response shall be in writing and shall be submitted within 180 days after the president received the complaint.

**No Retaliation.** The school district prohibits retaliation against any person for filing a complaint or for participating in the complaint procedure in good faith.

**Bad Faith or Serial Filings.** The purpose of the complaint procedure is to resolve complaints at the lowest level possible within the chain of command. Individuals who file complaints (a) without a good faith intention to attempt to resolve the issues raised; (b) for the purpose of adding administrative burden; (c) at a volume unreasonable to expect

satisfactory resolution; or (c) for purposes inconsistent with the efficient operations of the district may be dismissed by the superintendent without providing final resolution other than noting the dismissal. There is no appeal from dismissals made pursuant to this section.

**Removal of Unauthorized Copyrighted Works.** Upon obtaining knowledge or awareness of an unauthorized use of copyrighted works, the district will take reasonable steps to remove, deny access to, and stop use of any unauthorized copyrighted work stored in the district's

The school district will comply with all federal record retention requirements, the Nebraska Records Management Act, and with Schedules 10 and 24 of the Nebraska Secretary of State's Records Management Division. These requirements apply to both physical and digital records. When permitted by Schedule 10 and Schedule 24 of the Nebraska Secretary of State's Office, records will be transferred to durable electronic media for long-term storage.

Each individual who creates or receives electronic communications that belong to or pertain to the operation of the district is responsible for determining whether and in what format those records must be maintained. Duplicate records may be destroyed at any time prior to the approved retention period. Staff members who are uncertain about whether a record should be retained should consult with their supervising administrator.

**Student Records.** The retention of student records is also governed by the board’s policy on student records.

**Records Regarding Pending or Threatened Litigation.** When litigation against the district or its employees is filed or threatened, the district will take all reasonable action to preserve all documents and records that pertain to the issue. When the district is made aware of pending or threatened litigation, a litigation hold directive will be issued by the superintendent or his/her designee. ## **4014 Employment-Related Sexual Harassment**

It is the policy of the school district to provide an environment free of unwelcome sexual advances, requests for sexual favors and other verbal or physical conduct or communication constituting sexual harassment. Sexual harassment by any employees and students is unequivocally prohibited. Sexual harassment is misconduct that interferes with work productivity and wrongfully deprives employees of the opportunity to work and students of the opportunity to study and be in an environment free from unsolicited and unwelcome sexual overtones. Sexual harassment includes all unwelcome sexual advances, requests for sexual favors and other such verbal or physical misconduct. Sexual harassment is a prohibited practice and is a violation of the law.

The U.S. Equal Employment Opportunity Commission has issued guidelines interpreting Section 703 of Title VII as prohibiting sexual harassment. Sexual harassment is defined in those guidelines as follows:

Unwelcome sexual advances, requests for sexual favors, and other verbal or physical misconduct of a sexual nature constitutes sexual harassment when:

- (1) Submission to such conduct is made either explicitly or implicitly a term or condition of an individual's employment,
- (2) Submission to or rejection of such conduct by an individual is used as the basis for employment decisions affecting such individual, or
- (3) Such conduct has the purpose or effect of unreasonably interfering with an individual's work performance or creating an intimidating, hostile or offensive working environment.

A person who feels harassed is encouraged to inform the person engaging in sexually harassing conduct or communication directly that the conduct or communication is offensive and must stop. If the person who feels harassed does not wish to communicate directly with the person whose conduct or communication is offensive, or if direct communication with the offending person has been ineffective, the person who feels harassed should report the conduct or communication

using the district's complaint policy. Complaints involving sexual harassment may also be submitted at any time to the district's Title IX coordinator.

Regardless of the means selected for resolving the problem, the good faith initiation of a complaint of sexual harassment will not affect the complainant's employment, compensation or work assignments as an employee, or status as a student.

Sexual harassment of students is addressed in a separate policy.

Students who are pregnant or parenting are encouraged to continue participating in the district's educational and extracurricular programs.

**I. Accommodations Regarding Attendance and Participation**

**A. Generally**

Students who anticipate deviations from their regular school experience or accrue absences due to pregnancy or parenting should notify their building principal as early as possible to discuss their educational programming. The building principal will work with the student to develop a plan to assist the student in participating in district curriculum and extra-curricular activities. Such a plan may include:

1. If the student cannot regularly attend classes, the provision of online courses;
2. The arrangement of meeting times with teachers;
3. If the student has not identified appropriate childcare, the identification of child care providers that meet statutory requirements for quality and care; and
4. All other curricular adjustments, modifications, and means of supplementing classroom attendance deemed appropriate by the school administrators including, but not limited to, modification of attendance policies.

**B. Students with Disabilities**

For students with disabilities who have an IEP or Section 504 plan, the administrators, student's parents or guardians, and student if appropriate will collaborate with the student's educational team to coordinate accommodations consistent with state and federal law. As permitted by law, students may be entitled to accommodations as a result of pregnancy.

**II. Accommodations Regarding Lactation and Breastfeeding**

**A. Accommodations**

1. In order to accommodate lactating and breastfeeding students, the district will provide reasonable

opportunities to express breast milk or breastfeed in a place, other than a bathroom, which is shielded from view and free from intrusion from district students, employees, and the public.

2. Students who wish or need to express breast milk on a regular schedule will work with school administrators to create a schedule which accommodates the student's needs while facilitating education to the maximum extent possible.
3. The district will provide a location for students to store expressed breast milk in or near the location designated for students to express milk to create the least amount of disruption to the student's participation in class or activities.

#### **B. Educational Process**

In order to prevent interference with the educational process, no student shall express breast milk within school classrooms or buses. Nothing in this policy limits the authority of the administration to impose consequences consistent with the Student Discipline Act and other state and federal law.

### **District Title I Parent and Family Engagement Policy**

The school district will jointly develop with parents a School-Parent-Student Compact that outlines how the parents, school staff, and students will share the responsibility for improved student academic achievement and the means by which the school and parents will build and develop a partnership to help children achieve the State's high standards.

The written District Parent and Family Engagement Policy will be jointly developed and distributed to parents and family members of participating children and the local community in an understandable format and to the extent practicable, in a language the parents can understand. An annual evaluation of the content and effectiveness of the Parent and Family Engagement Policy will be used to design evidence-based strategies for more effective parental involvement, to revise the Parent and Family Engagement Policy and to remove barriers to participation.

The school district recognizes the unique needs of students who are being served in its Title I program, and the importance of parent and family engagement in the Title I program. Parent and family engagement in the Title I Program shall include, but is not limited to:

1. An annual meeting to which all parents of participating children will be invited to inform parents of their school's participation under this part, to explain the requirements of this part, and the right of the parents to be involved. Invitations may take the form of notes sent with students or announcements in the school newsletter. Additional meetings may be scheduled, based upon need and interest for such meetings.
2. An explanation of the details for the child's and parents' participation, including but not limited to: curriculum objectives, the forms of academic assessment used to measure student progress and the achievement levels of the challenging State academic standards, type and extent of participation, parental input in educational decisions, coordination and integration with other Federal, State, and district programs, and evaluations of progress.
3. Opportunities for participation in parent involvement activities such as training to help parents work with their children to

improve achievement. A goal of these parent activities is to provide parents with opportunities to participate in decisions relating to the education of their students, where appropriate.

4. The district will, to the extent practicable, provide parents of limited English proficiency, parents with disabilities, parents with limited literacy, are economically disadvantaged, are of a racial or minority background or parents of migratory children with opportunities for involvement in the Title I Program. Communication to parents about student progress and the district's other Title I Program communications will be provided in the language used in the home to the extent practicable. Responses to parent concerns will be provided in a timely manner.
5. Opportunities for parent-teacher conferences, in addition to those regularly scheduled by the school district, if requested by the parents or as deemed necessary by school district staff.
6. The district will coordinate and integrate parental involvement programs and activities with other programs in the community. These may include cooperation with other community programs such as Head Start and preschools and other community services such as the public library.
7. Educate teachers, specialized instructional support personnel, principals, and other school leaders, with the assistance of parents in the value and utility of contributions of parents, how to reach out to, communicate with and work with parents as equal partners.

## **6027 Field Trips**

The board encourages instructional staff to incorporate field trips into the curriculum. These trips should normally be conducted during the school day.

### **1. General Conditions**

All trips must be pre-approved by the teacher's building principal. Out-of-state and overnight trips require pre-approval by the board. The superintendent and principals will develop guidelines for approval of trips and communicate those guidelines to teaching staff.

### **2. Parental Permission**

Each student must submit a signed parental permission slip prior to being allowed to attend a field trip. A new permission slip must be submitted for each trip. Caregivers, as that term is defined in the Nebraska Strengthening Families Act, shall be permitted to sign parental permission slips.

### **3. Supervision**

Sponsoring teachers must ensure that students are adequately supervised and chaperoned by a responsible adult at all times during field trips. Whether paid staff or volunteers, chaperones are prohibited from drinking alcoholic beverages of any kind at any time during any field trip. All chaperones must be at least 21 years of age. Any chaperone who drives students must possess a valid driver's license. Chaperones who drive students in private vehicles must possess adequate insurance coverage. Chaperones do not have any property right in or to a chaperone assignment. The school district may deny or terminate a chaperone assignment for any reason that is not unconstitutional or unlawful. The superintendent's decision shall be final.

### **4. Student Conduct**

Students must comply with the student code of conduct, any applicable extracurricular conduct codes, and all directives by trip chaperones.

## **6031 Emergency Exclusion**

**Grounds for Emergency Exclusion.** Any student may be excluded from school in the following circumstances subject to the procedural provisions governing short term suspension found elsewhere in these policies or state law:

- (a) If the student has a dangerous communicable disease transmissible through normal school contacts and poses an imminent threat to the health or safety of the school community; or
- (b) If the student's conduct presents a clear threat to the physical safety of himself, herself, or others, or is so extremely disruptive as to make temporary removal necessary to preserve the rights of other students to pursue an education.

Any emergency exclusion shall be based upon a clear factual situation warranting it and shall last no longer than is necessary to avoid the dangers that prompted the exclusion.

**Extension of Exclusion.** Pursuant to the Student Discipline Act, the principal has the authority to exclude a student from school for up to five school days on an emergency basis. If the superintendent or superintendent's designee determines that it is appropriate to consider the extension of an exclusion beyond five days, such consideration shall be made according to the procedures set forth below.

**Notification of Student's Parent(s) or Guardian(s).** The superintendent or the superintendent's designee shall notify the student's parent(s) or guardian(s) that the principal has proposed the extension of the exclusion. If the initial notice is oral, the superintendent shall confirm it in writing.

**Opportunity to Request a Hearing.** The student's parent(s) or guardian(s) may submit an oral request for a hearing on the proposed extension of the exclusion within two school days of receiving the initial notice. If the initial request for a hearing is oral, they shall confirm the request in writing.

**Failure to Request a Hearing.** If the parent(s) or guardian(s) do not request a hearing within two school days of receiving oral or written notice, the proposed extension of the exclusion shall automatically go into effect.

**Appointment and Qualifications of a Hearing Examiner.** If the parent(s) or guardian(s) request a hearing, the superintendent shall appoint a hearing examiner upon receiving a request for a hearing. The hearing examiner may be any person who did not bring charges against the student, is not to be a witness at the hearing, and has no involvement in the charge.

**Hearing Examiner's Notice to Parent(s) or Guardian(s).** The hearing examiner shall promptly give written notice of the time, date and place of the hearing. The hearing will be held within five school days after the school district receives the initial oral or written request; provided, the hearing may be held more than five school days after receipt of the request upon a showing of good cause. No hearing will be held on less than two (2) school days' notice unless otherwise agreed to by the student's parent(s) or guardian(s) and school officials.

**Continued Exclusion.** If a hearing is requested, the principal may determine in his or her sole discretion that the student shall remain excluded from school until the hearing officer makes a recommendation to the superintendent.

**Examination of Student's Records and Affidavits.** Prior to the hearing, the student and his/her parent(s) or guardian(s) shall have the right to examine and have school officials explain the student's records and any affidavits that will be used by school officials at the hearing.

**Attendance at Hearing.** The hearing may be attended by the hearing examiner, the principal (or designee), the student, and the student's parents or guardian(s). The student may be represented at this hearing by a representative of the family's choice.

**Student's Witness(es).** The student and his/her parent(s) or guardian(s) may ask any person with knowledge of the events leading up to the sanction or with general knowledge of the student's character to testify on behalf of the student. If school personnel or other students are requested to testify by the student's parent(s) or guardian(s), the hearing officer shall endeavor to help obtain the presence of such witnesses at the hearing.

**Right to Know Issues and Nature of Testimony.** The student and his/her parent(s) or guardian(s) have the right to request in advance of the hearing the issues which the administration will propose in support of the extension, and the general nature of the testimony of any administrative or expert witnesses.

**Presence of Student and Witnesses at the Hearing.** The student and witnesses may be excluded at the discretion of the hearing examiner in accordance with state statutes. The student may speak in his/her own defense and may be questioned on such testimony, but may choose not to testify.

**Sworn or Affirmed Testimony.** The principal or his or her designee shall present evidence supporting the recommended extension of the exclusion. Witnesses will give testimony under oath of affirmation, and may be questioned.

**Hearing Examiner's Report and Recommendations.** The hearing examiner shall prepare a report of his or her findings and recommendations, and forward the report to the superintendent.

**Superintendent's Decision.** The superintendent will review the hearing examiner's report and determine whether to extend the exclusion. He or she shall have the decision delivered or sent by registered or certified mail to the student, student's parent(s), or guardian(s). If the superintendent decides to extend the exclusion, the extension will take effect immediately.
