Parent and Guardian Involvement In Educational Practices

The school district recognizes the importance of parental and guardian involvement in the education of their children. The school district will take the following steps to ensure that the rights of parents and guardians to participate in the education of their children are preserved.

1. Parents/Guardians will be provided access, as described in district procedures, to district-approved textbooks and other curricular materials and tests used in the district upon request.
 - a. A parental request to review specific approved textbooks and other district- or building-approved curricular materials (written, visual, and audio) should be made to the principal of the building where the textbooks and curriculum materials are used.
 - b. Parents may check out textbooks and may review curricular materials such as video and audio recordings within a time frame determined by the building principal to prevent disruption of the instructional process.
 - c. A parental request to review specific standardized and criterion-referenced tests used in the district should be made in writing to the building principal. Copies of the most recent tests used in the district will be available for parent review. Parents wishing to review statewide NeSA assessments will be provided with sample questions and a copy of a practice test, but will not be provided with copies of the actual assessment due to testing security. In the case of other secure tests such as the ACT, parents must contact the publisher to obtain copies of the test.
2. Parents/Guardians will be permitted, within district procedures, to attend and observe courses, assemblies, counseling sessions, and other instructional activities.
 - a. Parents/guardians are invited to make appointments with the building principal to visit classes, assemblies and other instructional activities. The principal shall give permission after determining that parental/guardian observation would not disrupt the activity. Observations that last more than 60 minutes or occur on consecutive days are typically disruptive and will not be permitted absent unusual circumstances, in the sole discretion of the building principal.

- b. Parents/guardians may contact the building principal to request permission to attend counseling sessions in which their child is involved.
3. Parents/guardians will be permitted, within district procedures, to ask that their children be excused from school experiences that parents find objectionable.
 - a. Building principals may excuse a student from any single school experience at the parent's written request.
 - b. When appropriate, alternative experiences will be provided for the student by the school.
4. Parents/guardians will be informed through the student handbook and district policies of the manner that the district will provide access to records of students.
5. Parents/guardians will be informed of the standardized and criterion-referenced district testing program. Parents may request additional information from the building principal.
6. Parents/guardians will be informed of the circumstances under which they may opt-out of state and federal assessments.
 - a. In accordance with federal law, at the beginning of the school year, the District shall provide notice of the right to request a copy of this policy to parents/guardians of students attending schools receiving Title I funds. The District will provide a copy of this policy to a requesting parent in a timely manner.

- b. State Assessments

The District cannot approve requests to opt out of state assessments. Approval of such requests is contrary to state law.

- c. National Assessment of Educational Progress

As a condition of receiving federal funds, the District participates in the National Assessment of Educational Progress (NAEP). To help ensure that the District has a representative sample of

students taking the NAEP, which will allow the District to assess the quality and effectiveness of its programming on a national level, the District strongly encourages all eligible students to participate. However, student participation in NAEP is voluntary.

The District shall provide parents/guardians of eligible students with reasonable notice prior to the exam being administered. Parents/guardians wishing to opt their students out of the NAEP assessment must notify the district in writing at least three days prior to the exam date to ensure that the District can coordinate supervision and alternative activities for students who have opted out.

- 7. Parents/guardians will be notified of their right to remove their children from surveys prior to district participation in surveys.
 - a. The principal must approve all surveys intended to gather information from students before they are administered to students.
 - b. Students' participation in surveys is voluntary. Parents/guardians may restrict their child from participating in any survey.

SUPERINTENDENT'S REPORT

August 13, 2019

1. The custodial staff have again done a great job. I receive many compliments about how good the school looks and most people can't believe how old it is. Please thank the custodians when you see them.
2. Our new teachers reported on Friday, August 9th for meetings and the rest of the staff report Monday, August 12th. School is scheduled to begin on Wednesday, August 14th with a 1:30 p.m. dismissal.
3. The Labor Relations Conference will be held September 11th and 12th at the Cornhusker in Lincoln. There is a pre-conference on September 11th. Please let me know if you are interested in attending.
4. It's time to start planning for the NASB State Conference in Omaha. Pre-conference sessions will be held on Wednesday, November 20th while the conference runs on Thursday and Friday, November 21st & 22nd. This year it will be held in the CHI Health Center. They will have enough space between the Hilton and Marriott to accommodate everyone. Room reservations cannot be made until you are registered for the conference. Registration opens on September 11th. Please try to clear your calendars to make this conference. It is one of the best conferences of the year.
5. As we talked about last week, we have applied for another grant for a new school bus. Unofficially, we have heard that they have agreed to fund all of the applications again this year. That would be great news!! I will keep you updated as I hear more.
6. I received the ALICAP billing statement for next year today. Total premium due will be \$132,955 which includes workers compensation, property, liability, boiler and machinery, and errors & omissions. We will receive a dividend of \$15,631 so the total amount that we will need to pay will be \$117,324. Last year we had a dividend of \$11,959 and a total amount due of \$112,835.
7. We will have a Staff Picnic for all staff and families on Friday, August 23rd at 6:00 p.m. You and your families are invited. Please bring a salad, dessert or both and table service for your family. We will provide the meat, buns, and drinks.

Director of Special Services Board Report August 2018

It has been a busy summer and start to the new year! Can't wait for the students!

1. Summer work:
 - a. IDEA and Preschool Grant submitted
 - b. SWEEP Program - Nikki Klanecky Program Director - 4 students
 - c. Attended 2 IFSP meetings
2. Held a Para Educator Training on August 5th
3. Reviewed with staff our Bronco Pride Classroom
4. Attended Health care plan meetings for several students
5. Meet with Special Education staff to review caseloads and expectations to start the year
