4. Reports & Discussions

4.1. Board Committee Report: Curriculum & Personnel

BJ Peters-We discussed changes regarding the 2024-25 school year High School Handbook with Principal Mario Chavez. We had concerns about how absences and tardiest were being separated. Mario did a nice job walking the committee through the process of tracking this data. We are trying to reach 100% of all the students attending GHS. Getting from good to great is a narrow margin, but we do not want to sacrifice quality. " Freshman Success", is a new class being offered for the upcoming Freshman. This course will teach stress management, financial budgeting, and just general tools on how to be successful in high school,

4.2. Board Committee Report: Business & Facilities

Brian Copsey- A/P listing is in good shape, and we are still under budget. We are building a "Middle School Improvement Committee" to see that the proper upgrades are being done at that facility. The Admin. Team went to visit high functioning middle schools in Colorado to see what a new middle school should look like. The PK construction timeline is being met, and should be up and running for the school year this fall. A lot of summer projects are underway at all the facilities in the district. You will be seeing Bus Barn remodels. Geil and Northfield are getting new cafeteria tables and ventilation systems. We are also adding a HVAC position to our maintenance team. Greg Trautman commented, saying the idea of having an electrician and HVAC team member on board is essential.

4.3. Superintendent's Report

Dr. Nicole Regan- Gering Public Schools social media.....look at all the great things happening in our district during the summer months. Summer archery, swimming, visits to a variety of community areas, all these align with weekly themes for our PK-5 students. "I want to go back to summer camp"

Clark Creative Group visited GPS to highlight the many great things going on in Public Education. If you need a lift in hope and pride in our future, I encourage you to visit [Public Schools Proud Nebraska](#) to remind us how extraordinary and dynamic our students are in every way, every day.

We are trending forward with momentum in our summer enrichment, summer professional learning, leadership development and sports/activities. Not to mention that free meals are being offered this summer for our students ages 1-18.

While our students are engaged in summer fun and activities, our teachers and leaders have designated their summer for professional learning. I love this constant flow, where summer is a time to reflect and restore, but also to push our momentum of excellence in our Gering community. Thank you to our community partners, our summer crews, our camp counselors, and our administrators who are working feverishly behind the scenes to get our campuses, facilities, and programs ready for the 24-25 school year.

John Maser-Enjoyed watching the video about the GHS construction class. It has already been a whirlwind of a summer!

Tracy Wiese- I don't have much to comment on. Everyone has a busy summer schedule, so I am working on keeping my calendar updated. I also enjoyed watching the social media videos regarding the GHS construction class.

Josh Lacy- The district continues to work behind the scenes, and I appreciate all done by the staff at GPS.

Greg Trautman- It's hard to believe we are halfway through the summer. I love seeing all the kids enjoying the summer camp that the district offers!

BJ Peters- Please remember to take time to recharge over the summer months. Gering is a huge player in the VALTS program at ESU 13, and I appreciate that greatly. GPS keeps meeting the needs of ALL students.

Brian Copsey- I appreciate the district offering the summer meal program for our students. The videos shared on social media are always great to see. These videos were aired on a few news channels, including one in Omaha. Thanks to the Admin.

5. Reports & Discussions

5.1. Board Committee Report: Curriculum & Personnel

Tracy Wiese- Handbooks were reviewed and staff positions that are open were discussed at the committee meeting. The district is working on community input regarding Gering Middle School. The Coop Sports agreement with Kimball for softball was another topic discussed. GPS has received a \$155,000 PK Grant as well as a \$100,000 Perkins Grant. There is a lot of professional development taking place over the summer, so I am looking forward to staff being able to be a part of that.

5.2. Board Committee Report: Business & Facilities

Greg Trautman- Substitute pay rate increases were discussed at the meeting. The district's agreement with Bytes is going to be altered, and the IT department at GPS will be taking over more of the tech duties for the district. Donating to the TeamMates program is a must, as the mentoring program helps students in the entire panhandle. Watch for the Bus Barn remodel that will be taking place at the Middle School, and some of the school cafeterias will have some updates as well.

5.3. Superintendent's Report

Dr. Nicole Regan-This week, we are closing a chapter of our 2023-24 school year and there is a range of emotions as we reflect. On Saturday, we graduated 142 seniors who embody the brightness and hope we can only imagine for our future. Our student messages described the wisdom of perseverance, the love for one another, the kindness in treating others with genuine care, respect, and support.

The investment in an education in GPS is priceless. We have state champs in wrestling, speech, and track. State honors in a multitude of student activities and career pathways. Dual enrollment graduate for GHS and WNCC. New Preschool construction, green house construction, and chicken coop. Expansion in our after-school childcare and summer camp programming. We have strong community partnerships, significant academic growth at all schools, student enrollment growth, and lastly, a five-year-strategic action plan.

This year, we have so many student and staff experiences every day, where we have made incredible strides driving innovation and achievement with our students. These waves of emotions from pride, relief, hope, and excitement are the catalyst of our progress making a greater impact on our community and the lives of the children we get to serve in Gering Public Schools.

As we celebrate promoting our graduating classes of 2024 and 2037, I would also like to personally thank the BOE, Central Office Staff, school leadership, teachers, and support staff for their unwavering commitment to the district.

8. Board Comments

John Maser- As always, there is so much going on this time of year. It blows my mind how much gets done within the district. I am glad to be a part of Gering Public Schools.

Josh Lacy-Amazing presentation from Lincoln Elementary tonight. I am always surprised at how smoothly everything goes within the school district. I am truly thankful for what everyone does for the schools.

Tracy Wiese- Thank you GHS staff for being so patient with the 2024 graduating seniors. I always enjoy elementary school building presentations. I hope everyone keeps working with the youth within the district. I am so proud of how unique Gering is.

Greg Trautman- Gering culture is so present, and I love watching it from behind the scenes. Graduation is a crossing over into adulthood, and the GHS class of 2024 was pure class and professional. I am proud to be a part of Gering's culture, as it shines at all grade levels.

BJ Peters-This community rises on every occasion. Let's keep turning the pages, and continue getting after it!

Brian Copsey- The end of a school year is always so draining for everyone. One of the greatest things is witnessing what we have cultivated at GPS. Being at graduation is always such an honor, and hearing the student speeches is so special, as I got to hear about their life experiences!

Mr. N, students, and staff are working on planning community service projects at each grade level next year. Lincoln will be celebrating their 100th year of serving the community next school year as well.

5. Reports & Discussions

5.1. Board Committee Report: Curriculum & Personnel

Tracy Wiese- Handbooks were reviewed and staff positions that are open were discussed at the committee meeting. The district is working on community input regarding Gering Middle School. The Coop Sports agreement with Kimball for softball was another topic discussed. GPS has received a \$155,000 PK Grant as well as a \$100,000 Perkins Grant. There is a lot of professional development taking place over the summer, so I am looking forward to staff being able to be a part of that.

5.2. Board Committee Report: Business & Facilities

Greg Trautman- Substitute pay rate increases were discussed at the meeting. The district's agreement with Bytes is going to be altered, and the IT department at GPS will be taking over more of the tech duties for the district. Donating to the TeamMates program is a must, as the mentoring program helps students in the entire panhandle. Watch for the Bus Barn remodel that will be taking place at the Middle School, and some of the school cafeterias will have some updates as well.

5.3. Superintendent's Report

Dr. Nicole Regan-This week, we are closing a chapter of our 2023-24 school year and there is a range of emotions as we reflect. On Saturday, we graduated 142 seniors who embody the brightness and hope we can only imagine for our future. Our student messages described the wisdom of perseverance, the love for one another, the kindness in treating others with genuine care, respect, and support.

The investment in an education in GPS is priceless. We have state champs in wrestling, speech, and track. State honors in a multitude of student activities and career pathways. Dual enrollment graduate for GHS and WNCC. New Preschool construction, green house construction, and chicken coop. Expansion in our after-school childcare and summer camp programming. We have strong community partnerships, significant academic growth at all schools, student enrollment growth, and lastly, a five-year-strategic action plan.

This year, we have so many student and staff experiences every day, where we have made incredible strides driving innovation and achievement with our students. These waves of emotions from pride, relief, hope, and excitement are the catalyst of our progress making a greater impact on our community and the lives of the children we get to serve in Gering Public Schools.

As we celebrate promoting our graduating classes of 2024 and 2037, I would also like to personally thank the BOE, Central Office Staff, school leadership, teachers, and support staff for their unwavering commitment to the district.

8. Board Comments

John Maser- As always, there is so much going on this time of year. It blows my mind how much gets done within the district. I am glad to be a part of Gering Public Schools.

Josh Lacy-Amazing presentation from Lincoln Elementary tonight. I am always surprised at how smoothly everything goes within the school district. I am truly thankful for what everyone does for the schools.

Tracy Wiese- Thank you GHS staff for being so patient with the 2024 graduating seniors. I always enjoy elementary school building presentations. I hope everyone keeps working with the youth within the district. I am so proud of how unique Gering is.

Greg Trautman- Gering culture is so present, and I love watching it from behind the scenes. Graduation is a crossing over into adulthood, and the GHS class of 2024 was pure class and professional. I am proud to be a part of Gering's culture, as it shines at all grade levels.

BJ Peters-This community rises on every occasion. Let's keep turning the pages, and continue getting after it!

Brian Copsey- The end of a school year is always so draining for everyone. One of the greatest things is witnessing what we have cultivated at GPS. Being at graduation is always such an honor, and hearing the student speeches is so special, as I got to hear about their life experiences!

If the pressure of business or other circumstances dictate, the board president may decide to eliminate this practice at a particular meeting. The board president will recognize these individuals to make their comments at the appropriate time. The orderly process of the board meeting shall not be interfered with or disrupted. Only those speakers recognized by the board president shall be allowed to speak. Comments by others are out of order. PARENTAL AND FAMILY INVOLVEMENT IN THE SCHOOLS

It is the policy of the district to provide full access to the parent and family members of any student of the district to review textbooks, tests, curriculum and instructional materials; records of a student of any such parent, unless otherwise prohibited by law; and to any surveys of students done by the school district. Summary information regarding the district's curriculum, testing, and surveys will be provided at the beginning of each school year. Requests for access to specific instructional materials should be addressed to the teacher or building principal.

Requests by parents and family members to attend and monitor courses, assemblies, counseling sessions and other instructional activities shall also be made to the building principal or teacher. While requests to monitor are usually granted, if the request is denied, reasons for the denial will be provided.

It is the policy of the district to provide as consistent an experience as possible in all classroom instruction, testing, surveys, and other school experiences. It is the policy of the district not to excuse students from classroom instruction, testing, and other school experiences unless an objection is submitted to the building principal or teacher outlining the specific experience, the basis for the objection and a proposed solution for dealing with the objection that would be satisfactory to the parent and family members.

The request for the student to be excused will be reviewed by the building principal and a decision provided to the parents and family members. While verbal objections and decisions are valid, written followup to verbal communications is required from the parent and family members, and the principal. If a student is excused from the requested activity, no penalty will be assessed; but an agreed upon alternative activity must be performed to the satisfaction of the teacher and principal.

It is the policy of the district to use only testing methods and testing instruments that are generally recognized by educational professionals to be within sound educational standards and both educationally and academically appropriate. It is the policy of the district to notify parents and family members of any standardized testing that may be scheduled within the school district.

It is the policy of the district to notify parents and family members of any survey that may be scheduled and to conduct student surveys judiciously, with full consideration of the fact that parents and family members may find items of the survey objectionable.

The following activities will also be included in the board's plan for parental and family involvement:

1. The board will involve parents and family members in the development of the Title I plan, the process for school review of the plan and the process for improvement;
2. The board will provide the coordination, technical assistance and other support necessary to assist participating schools in planning and implementing effective parental and family involvement activities to improve student academic achievement and school performance;
3. The board will build the schools' and parents' and family members' capacity for strong parental and family involvement;
4. The board will coordinate and integrate parental and family involvement strategies under Title I with other programs such as Head Start, Reading First, etc.;
5. The board will conduct with the involvement of parents and family members, an annual evaluation of the content and effectiveness of the parental and family involvement policy in improving the academic quality of the school served including identifying barriers to greater participation by parents and family members in Title I activities (with particular attention to parents and families who have low income, Limited English Proficient (LEP), minorities, disabilities and low literacy) and use the findings of the evaluation to design strategies for more effective parental and family involvement and to revise, as necessary, the parental and family involvement policies; and
6. The board will involve parents and family members in Title I activities.

The parent and family members or guardian of a student may have access to that student's records during normal business hours of the district according to Policy 507.01 Student Records Access.
