Yea: 5, Nay: 0

### III. BUSINESS

#### III.1. Explanation of reasons for State Aid Increase for next year of \$600,000

Joe shared various reports and communicated the factors that resulted in a State Aid increase for the next school year. Our basic funding went up by 300,000 primarily due to an increase in student enrollment. Our poverty allowance increase by 190,000 because of increased poverty percentage, increased enrollment, and maximizing what we could claim in our

elementary class size reduction strategy. Then this year only, we are receiving 117,000 in a new school adjustment. Joe also shared forms with the board that our budget authority also increased in an amount just under \$600,000.

### III.2. Authorize interfund transfer of up to \$145,000 to the General Fund

Mr. Sherwood recommended a transfer to cover this months expenditures due to a lack of cash flow.

Approve authorization to transfer 130,000 from QCPUF and 15,000 from Special Building to the General Fund. Passed with a motion by Dave Sherrod and a second by Art Steiner.

Yea: 5, Nay: 0

### III.3. Meal portions and cost adjustment proposal

First meal is a regulation meal meets the federal meal rules and regulations.

Jim- If we could have a community group donate money for the second's fund so students can have seconds without having to bring money to school.

Mr. Sherwood suggested charging 75 cents for seconds. Send a note out to parents and kids to be aware of the changes to seconds. Could give a card with a barcode to each student and than scan it? Solve the lunch count problem. Length of lunch time. 40 minutes for Elementary lunch and recess.

Change the cost of seconds from \$1.00 to \$0.75. Passed with a motion by Dr. Cynthia Guerue and a second by Billy Stauffer.

Yea: 5, Nay: 0

### III.4. Mitchell, Scottsbluff & Gering bus stop adjustment considerations

Bus stop modifications- Westmoor pool and Gering Civic Center (first stops agreed upon at the beginning of the school year)

There are two additional stops happening on the way to Westmoor pool and another stop on the way to Terrytown. (additional by the hospital)

1st option- Should we cater to the needs to the option families just like the local families?

2nd option- Should we communicate that families need to go to the suggested sites.

3rd option- Central pickup and willing to pay a daily fee for the extra door stop than we can do a door stop.

#### **Mitchell, Scottsbluff & Gering bus stop adjustment procedures:**

The School Board and Administration has determined some procedures related to the bus routes in Mitchell, Scottsbluff and Gering:

Mitchell Stop: Car Wash on Hwy 26 right across from Kwik Stop

Scottsbluff Stops: Elite Health Center, 820 W 42nd St

Westmoor Pool, 1936 Ave I

Gering Stop: Gering Civic Center, 1050 M St

These are the bus stops the board has authorized.

In the morning, at each location, the bus will wait no longer than 5 minutes before proceeding on to the next location.

In the afternoon, likewise, the bus driver will wait no longer than 5 minutes before proceeding on to the next location. However, if a child's pick-up person is NOT at the normal stop, the bus driver will attempt to contact the pick-up person **and** the student will remain on the bus **and** proceed to the next bus stop. After the final stop, the bus driver will return to the stop for the child remaining on the bus and will again attempt to call the child's pick up person. A fee will be assigned for late pick-up.

Expectation for a fee next year applied if parents are late.

### III.5. Window tinting at the early childhood building and glass doors at the Elementary

Some ideas for window tinting. Needs to be on the glass doors. Entry ways at elementary? How many windows need to be done? Draw up a proposal. Durability? How often to replace? Thompson Glass, Kaufman glass in Torrington could be potential vendors to receive pricing from.

### III.6. Review Elementary behavioral response protocol

Keri talked to Laura Barrett regarding the seclusion room. Elementary could adopt a point system like the high school. Different schools have different break downs. The way you respond to behaviors differ between grade levels.

Jim- another tool to use for discipline if normal procedures don't work, than there is a place for students to go to earn their way back.

Joe- third sixth grade room will be free next year. It could be used as a free space. There was quite a discussion on this topic including location, strategies, and staffing. Keri Homan said she would visit again with Laura Barrett. We will discuss this again.

Art- adding consequences could help less disruptions.

Keri- room is fine, someone who is assigned to other duties already? (When Keri is gone.)

Jim- can a para monitor the room?

Joe- Morrill used to have two guidance counselors. Is it time to have two counselors?

Cynthia- Para assigned to the counselor to free up more of her time.

Students that are interested in becoming counselors. Keri will visit with Laura Barrett.

Keri-buddy room- alternative setting to help the student calm down. Jim- for now take them

out of the building and into another building.

Jim- for now take them out of the building and into another building.

### III.7. NEXT MEETING

Regular Meeting Date April 9, 2018 at 7:30 pm

### IV. ADJOURNMENT

Meeting was adjourned at 9:43 p.m.

**State Aid Explanation:** Explanative Documentation is provided.

**Transfer to General Fund:**

Need to transfer \$145,000 at this time

- \$130,000 from QCPUF
- \$15,000 from Special Building Fund

"True loans need to be paid back within 2 years if the nature of the transaction will be done with the intent of repayment BUT you need to watch your budget when doing and repaying them. You need to make sure your budgeted for the amount of the transfer and the repayment in the next budget or next, accordingly.

If done and there is not enough room then an amended budget needs to be done..... "

**Rachel Smith, CPA**  
Rauner & Associates, P.C.

Transferring from other funds at this times serves some really good purposes:

- a. It saves the Platte Valley Bank Line of Credit for the month of April
- b. It allows us to avoid paying unnecessary interest
- c. It allows us time to determine whether it is smarter to pay it back this year or wait till next year when we have \$600,000 in additional State Aid

**Meal Portions and Cost Adjustment Proposal:**

I provided a state meal plan that delineates the portion sizes for various meal components. I have sample spoodles for your viewing.

Recommendation:

The **Regulation Meal** costs \$3.25 for Secondary and \$2.75 for Elementary  
Seconds could cost 75 cents and be provided from a 8 oz spoodle  
(or another sandwich/burrito, etc.)

**Mitchell, Scottsbluff & Gering bus stop adjustment considerations:**

Willie has modified the bus route to do some particular door stop services...  
I am concerned about having other families decide they need door stop services instead of central location pick-ups.

Shall we just cater to the needs of the option families like we do our resident families

or

Should we communicate that the families need to utilize the central location pickup

or

Should we charge a door stop services daily fee to those not wanting to use the central...

The 18-19 school year State Aid is based off the Fall Enrollment snapshot taken on the last Friday in September of 2017... This enrollment number is our number of Formula Students that determines our basic funding needs calculation.

The Poverty Allowance is calculated by our percentage of poverty students in the district which has been increasing. Also we began coding half of our elementary teaching staff to Poverty Program because of class size reduction... Previously the business office was coding an amount equal to what had been received the previous year.

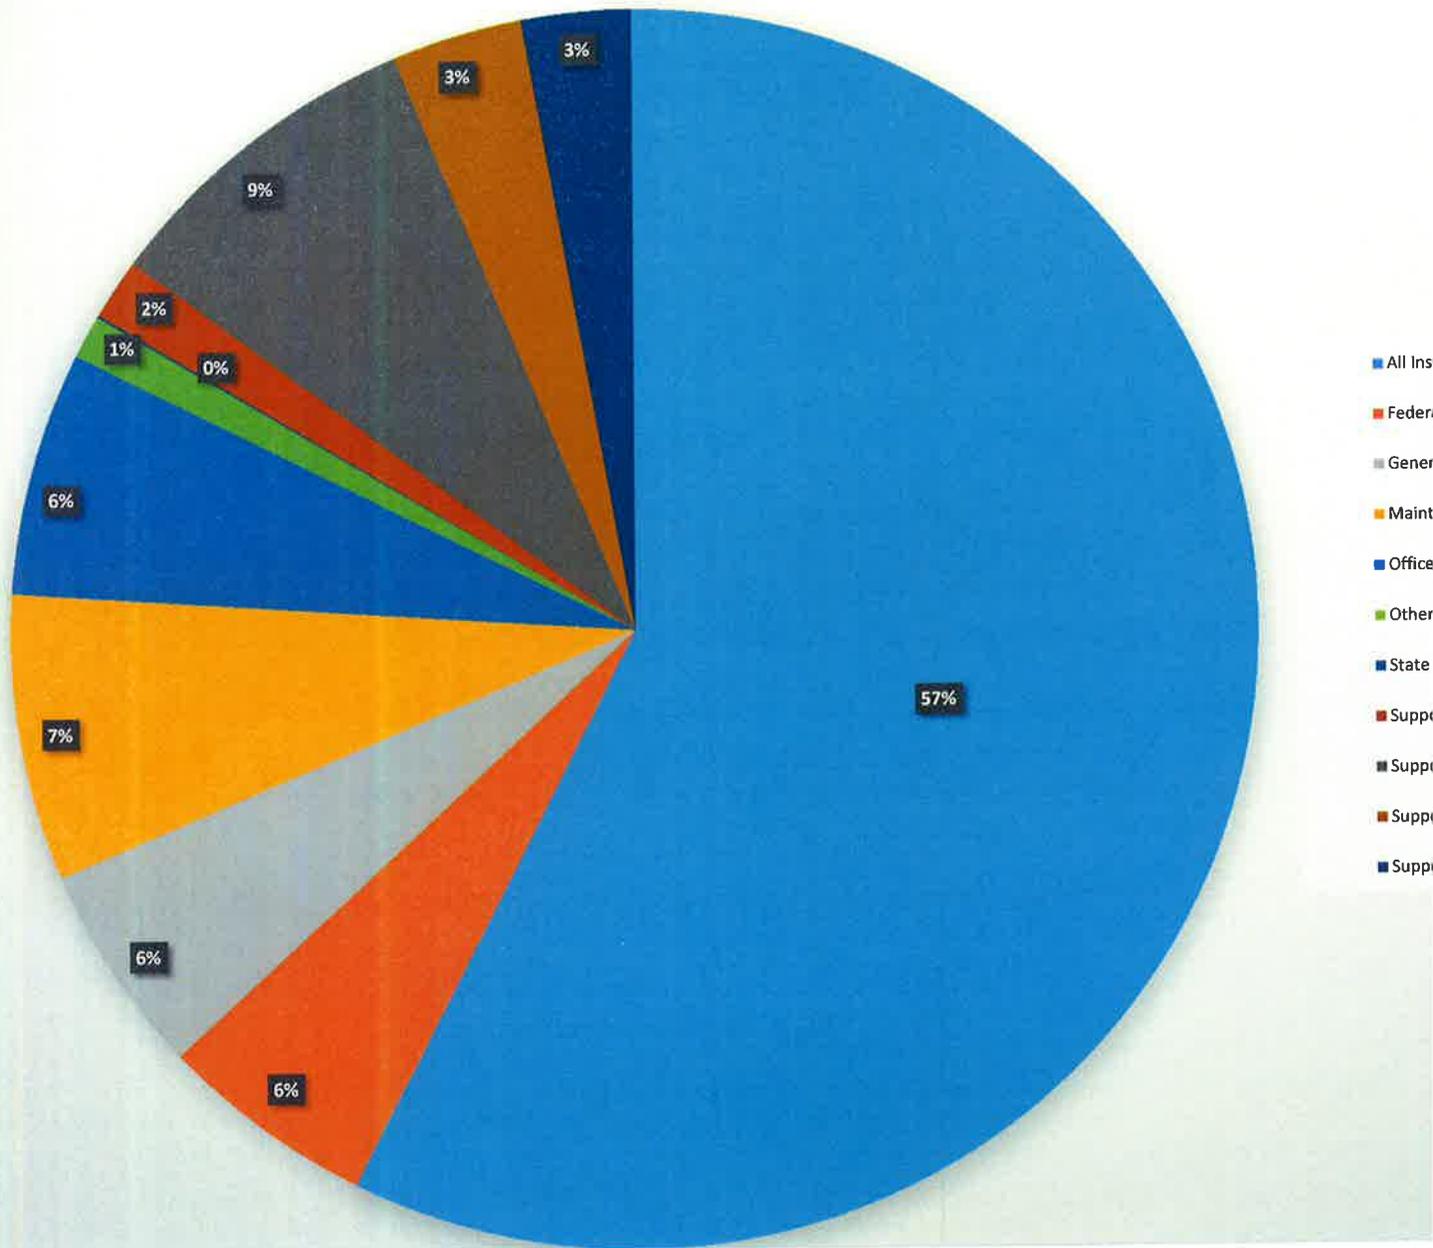

The new school adjustment is for 18-19 only. While we will not get any money in new school adjustment in the 19-20 school year, we should continue to grow and be able to recover that lost \$117,154 because of student growth as projected already for next year.

AGF Expenditures are the previous years [General Fund operating expenditures \* the Basic Allowable Growth(this year 1.03)] - All Allowances to the district. This number is used ONLY to calculate Basic Funding and should not be used for any other purposes. The Acost Per Student # Adjusted GFOE /Formula Students. This number is ONLY used to calculate Basic Funding and should not be used for any other purposes.
