Board & Administrator

FOR SCHOOL BOARD MEMBERS

December 2018 Vol. 32, No. 8

Editor: Jeff Stratton

Policy, strategy key to increased achievement

In my previous two columns, I shared the concept of an aligned system to increase student achievement at scale and how individuals' beliefs and the district's vision, mission and theory of action when aligned start a district on the path to scaling student achievement. In this column, I'll examine how policies and the strategic plan work together to make increasing student achievement at scale reality.

Policies

In Charlotte, our theory of action specifically cited the need to align all district systems around this theory and to develop board policies consistent with this approach. Reviewing policies to determine if they align with the theory of action and support its implementation is a tedious process at best. But once complete, it can provide support in unexpected and unpredicted ways.

An example: In the financial downturn of 2008, Charlotte-Mecklenburg Schools faced budget cuts of about \$146 million. Our theory of action stated, "In a Managed Performance/Empowerment system, schools should be given some degree of control over operations as well as instruction. The amount of control will be based on student, teacher and school performance as measured by the district's accountability system. Schools will be given as much latitude as possible to manage budgets, procurement, hiring and firing, the configuration of workforce, schedules, student affairs, extracurricular activities, and parent and community relations." Policy had also been written to support this part of the theory of action. To make the budget cuts, we had to do layoffs – and because of policies based on our theory of action, we could make the layoffs using the criterion

of effectiveness rather than seniority. It was a controversial move — but it was also the right thing to do for the needs of our students. Without an aligned system where policy was written to support our theory of action, it would not have been possible.

Strategic plan

A theory of action can facilitate effective strategy development and a coherent strategic plan puts a theory of action into practice. We developed a strategic plan that included a goal focused on effective educators. When we wrote the plan, we had no inkling that a financial crisis and layoffs were coming our way. We just wrote a goal that made sense to us at the time. It read in part, "CMS will increase the percentage of its schools with effective teaching staff. That effectiveness will be measured by subjective and objective evaluations, and the percentage will be set after a district-wide accountability system required by CMS Board of Education Policy has been adopted." Our subsequent decision to use effectiveness-based layoffs was a strategy that aligned with our strategic plan, our policy and our theory of action — even though the financial crisis and layoffs were not foreseen at the time all three were created. Strong alignment and sound policy will pay dividends now and in an unknown future.

Those layoffs in Charlotte were the first ones since the 1930s, and they landed hard on the district and the community. The outrage and personal attacks that followed our decision to make effectiveness-based layoffs were painful and ugly. It certainly helped me understand how people can take the easier route for adults rather than do what they believe is right for children. ■

Email response resource helps board

The superintendent of Unity School District in Balsam Lake, Wis., created an email response resource to help his board members understand how to respond to emails they receive.

He did this because board members want to communicate positively, but doing so in email format can be especially difficult.

The resource, School Board Member Advice — The Email Dilemma, gives board members suggestions for scenarios they encounter when responding to an email:

Here's an excerpt focused on chain of command:

"Check to see who is included in the email. If an administrator is also included, they may have more information and may be able to respond in a satisfactory manner.

"If an administrator is not included in the email, it may be beneficial to inform the sender that you are forwarding the email to an administrator for follow-up."

Editor's Note: If you are interested in this resource, ask your superintendent for the copy I've provided in the administrator's section of *Board & Administrator*. ■

5 ways to concentrate on better board governance

Here are five areas where board members encounter role confusion and how to handle them:

1. Confusion about respective roles and responsibilities. Board members can't be the superintendent. You need to know the roles and responsibilities as a board member. It's also important to know the superintendent's roles and responsibilities and never cross the line and try to do the job of the superintendent. Remember that roles and responsibilities boiled down to the least common denominator are: the board makes policy on recommendation of the superintendent, hires and fires the superintendent, and approves the budget, and the superintendent implements policy and manages the day-to-day operation of the district.

2. Failure to remember that the board has one employee — the superintendent. The superintendent deals with the rest of the district's employees. Board

members have no business managing personnel issues involving certificated and noncertificated employees.

3. Lack of loyalty to the position of board members. Running for the board implies a strong desire to perform a service to the community, children and families in the district. Board members must always act on behalf of all the children — not just some.

4. Failure to realize the board functions as a whole. No individual board member can commit the board to any action not passed by the majority.

5. Failure to realize that the board members' power exists only during a duly called and constituted board meeting. Individual board members have no right to enter school campuses, give orders, make changes, and act as agents of the board, unless given that authority during a meeting for a specific item. ■

Keep this in mind about your board service

Some people run for election to the school board because they want to see something changed. These can be positive changes — like improvements to curriculum. Or they can be very negative — they want to put a coach, teacher, or principal out of work.

If you've been elected to a board, keep this principle in mind: All past board decisions and

policies are still valid, even when new members join the board. Board members come and go, but the decisions made by past boards remain in effect.

New board members should understand that board power is continuous until the full board meets in a legally constituted school board meeting and the majority changes board policy. ■

NSCAS

The Nebraska Student-Centered Assessment System (NSCAS), pronounced “en-skass,” is a new statewide assessment system that embodies Nebraska’s holistic view of students and helps them prepare for success in postsecondary education, career, and civic life. It uses multiple measures throughout the year to provide educators and decision makers at all levels with the insights they need to support student learning.

This systems provides school districts with general summative assessments such as the NSCAS Spring Summative and the ACT. Not only that, districts also have access to interim and formative assessment supports such as MAP Growth and TestWiz.

All students in grades 3-8 take the NSCAS-English Language Arts (ELA) and NSCAS Math. Additionally, 5th and 8th grade students are administered the NSCAS-Science. The results from NSCAS assessments provide educators and decision makers with the insights they need to support instruction of College and Career Ready (CCR) standards and student learning. NSCAS scores are used to identify areas of academic strength as well as areas that students, schools, and district can improve.

In the spring of 2017, the English Language Arts portion of the statewide assessment transitioned from Legacy standards to the more rigorous CCR standards. The Mathematics assessment made this transition during the spring of 2018. Science will make the transition to CCR standards in the spring of 2021.

Data indicates that when a test measures more rigorous standards, results typically show fewer students being proficient. Lower proficiency rates have happened in other states where tests have transitioned to more rigorous standards. As schools and districts adjust curriculum and instruction to meet the more rigorous standards, it is common for proficiency rates to improve.

Achievement levels are written descriptions that let stakeholders know how well a child performed on each section of the test. Achievement levels are measured against the Nebraska College and Career Ready Standards (CCR) for ELA and Mathematics, and the Nebraska Legacy Standards in Science.

Achievement levels are the following for ELA and Mathematics:

ACT

In the spring of 2016, Nebraska State Statute 79-760 was updated to require that state accountability testing at the high school level be completed through the administration of a college entrance exam. ACT was selected as the exam to be administered beginning spring 2017 to all public school third-year cohort students, except those identified as needing alternate assessment.

Middle School Update

Mini Courses

- A tradition at the middle school that has been in place for a number of years involves students participating in various classes that are not a part of their normal schedule. This tradition is known as Mini Course Day. Some of the offerings that students have to pick from range from yoga, bean bag toss, Jenga tournaments, Scrabble matches, snowman building, and cooking. All of the courses are developed and designed by teachers in our building. Every student is allowed to pick 2 different courses that they attend during the morning. It's a great way to end the year, and students and staff have a great time celebrating the end of a successful 1st Semester.

Power of ICU

- Power of ICU was rolled out during the 1st Semester of this school year. Students and staff have done a fantastic job adjusting to how we handle and approach missing assignments. The motto that we stand by in our school is that every student will complete every quality assignment. Our students at the middle school completed 855 assignments that would have been marked as missing without the supports that we have put in place. Goal setting and weekly conferences with students that continually struggle have been implemented and carried out by various members of our staff as well.

Middle School PTO

- New to the middle school this school year is a PTO. The PTO was formed in early October, and they have done an awesome job making our students and staff feel appreciated. They have done everything to bringing up food and snacks to our teachers, and they even tagged each student's locker according to the different activities our students are involved with.

Winter MAP Testing

- All middle school students will be assessed using MAP Growth during the next two weeks. Students will be assessed in the areas of math, reading, and science. These scores are used for data points that teachers can use to help make informed decisions on what the needs are for a specific student or a group of students in their classroom. It also allows us as a district to better predict how well our students will perform on the statewide summative assessment (NSCAS).

Curriculum/Assessment Update

Assessment

NSCAS Results

- District Wide results for the 2018 Spring NSCAS became available on Friday, December 21st. Overall, our district did well. Our 3rd, 4th, and 8th grade classes were well above the state average in ELA. The 3rd and 8th grade classes outperformed the state average on the math assessment by a considerable margin. Overall, our students performed close to the state average in all of the assessed areas.

Curriculum

Career and Technical Education (CTE) Curriculum

- Middle and High School CTE teachers are currently working on **Stage 1** of the BCS Curriculum Review and Adoption Cycle. During their PLC collaborative team time they have worked on identifying essential standards. Identifying these standards have created conversations that have been helpful in identifying curriculum needs for their classroom. CTE teachers will begin looking evaluating resources to determine if they could/would be a good fit in the classroom. By the April or May school board meeting, a recommendation will be brought to the board for approval.

Counseling

- Throughout the PLC process, our guidance counselors have worked on identifying essential standards based on the American School Counselor Association (ASCA) standards. From this process, it was identified that the middle school could benefit with having a more standard aligned curriculum much like the elementary and high school uses. Counselors have worked with one another going through various resources that could be implemented at the middle school to better align with not only the ASCA standards but the same type of curriculum that is being used in the elementary and high school.

SkillsUSA Championships

The SkillsUSA Championships brings together industry and labor representatives, educators and the public to watch students compete in leadership and hands-on skill events for a full day. The SkillsUSA Championships begin at the local level with contests in classrooms nationwide. Winners advance through district, regional and state competition, and only the best make it to the national event. Students benefit no matter how they place in their contests. They test their skills, frequently make job contacts, and have a chance for recognition. State and national winners receive gold, silver and bronze medallions, scholarships, tools and other awards. The SkillsUSA Championships event requires more than 1 million square feet of floor space, with approximately 6,500 competitors in 102 different events. Business and industry contributes more than \$36 million in equipment, supplies and personnel to support the SkillsUSA Championships, which is considered the largest single-day commitment of corporate volunteerism in America. Every other year, a select few are chosen to compete on an international level in the WorldSkills Competition.

Negotiated Agreement

Between

Boone Central Education Association

And

Boone Central Schools Board of Education
District 06-0001

2019 - 2020

BOONE CENTRAL SCHOOL DISTRICT 06-0001

Negotiated Agreement

2019-2020

Dedicated to Excellence:

Building Character, Creating Opportunities, and Striving for Success

PREAMBLE

This agreement made and entered into on this 14th day of January, 2019, by and between the Boone Central Schools Board of Education, hereinafter referred to as the “District” and the Boone Central Education Association, hereinafter referred to as the “Association.”

The term of this agreement shall be for the twelve-month period commencing on the 1st day of August, 2019, and ending at 12:00 midnight on the 31st day of July, 2020, and, for the purpose of this agreement, the foregoing period shall constitute the “Negotiated Agreement Year.”

The Board of Education of the School District recognizes the Association as the exclusive and sole bargaining representative for those employees regularly employed full and part time as teachers as defined at Neb. Rev. Stat. § 79-101(9), including teachers, counselors, and speech pathologists who are regularly employed for or are involved in and have as their primary duty the instruction of pupils in the School District. Excluded from the bargaining unit are those employees employed as administrators as defined at Neb. Rev. Stat. § 79-101(10), including as the superintendent, principals, program directors, and the activity director who do not have as their primary duty the instruction of pupils in the School District.

NEGOTIATIONS PROCEDURES

The two parties to this Agreement believe the following basic procedures are necessary for good faith bargaining to occur:

- Each party will name a negotiation team that will have no more than three members.
- Each team will indicate a spokesperson.
- The names will be exchanged between the parties prior to the first session.
- Each party may request to begin bargaining by contacting the President or spokesperson of the other party.
- All participants shall treat each other professionally and respectfully during discussions.
- The association will present all items to be considered for negotiations.
- The Board may eliminate those items that are issues of management prerogative and usually considered policy issues (i.e. class size, teacher assignments, length of school day, etc.).
- Remaining proposals and counter proposals will be discussed in good faith during the meeting.
- Data indicating prevalent practice may be considered as a part of the decision-making process.
- Final decisions agreed upon by both parties shall be written into the negotiated agreement.

Absence of a Successor Agreement

This agreement shall be effective as of the beginning of the agreement year and shall continue in effect until the end of that agreement year. If a new and substitute contract has not been duly entered into prior to the end of the agreement year, the terms of this contract shall continue in full force and effect until such new and substitute contract is adopted, which shall then be fully retroactive to the beginning of the current school year except that any insurance premium adjustments shall be effective as soon as possible after settlement. (Specifically, if negotiations have not been completed by the end of the agreement year, teachers’ salaries would be calculated on the previous years’ salary schedule and teachers would not be given credit for movement for experience and additional hours, however, the District will pay for changes in health insurance until agreement resolved.) The district would continue to pay salaries at the same rate as the previous year.

Teacher Rights

Nothing contained in this agreement shall be construed to deny any teacher those rights provided under Nebraska Law or other applicable laws and regulations. Rights granted to teachers herein shall be deemed to be in addition to those provided elsewhere.

The Board will not discriminate against any teacher with respect to terms and conditions of employment by reason of membership in the Association and its affiliates, participation in collective negotiations with the Board, or institution of a grievance under the terms of this Agreement.

CONTRACT INFORMATION AND COMPENSATION

The compensation and benefits of the certified teachers represented by the Association and employed by the District during the term of this agreement, shall be determined pursuant to the following salary schedule (Appendix A), extra duty schedules (Appendix B and C), activity worker schedule (Appendix D), and the other terms and conditions hereinafter set forth in this agreement.

Salary Schedule

The salary of each teacher covered by this agreement shall be determined by the salary schedule set forth. The base salary shall be \$35,150 for the 2019-2020 school year.

Salary Schedule Placement

A teacher shall be placed on the salary schedule according to their experience and graduate hours earned, provided such experience has been in an accredited school and there has been no break in years of service. Should a break in years of service have occurred, the teacher shall be allowed 5 years of experience on the salary schedule. This applies only to teachers hired after 2017.

After initial placement on the salary schedule, a teacher will only be allowed to advance two steps during one school year, either one step vertically and one step horizontally or two steps either single direction.

Advancement on the salary schedule will be based on college graduate hours. Horizontal movement beyond the MA column will only be allowed for those hours earned after the Master's Degree has been awarded. Credit for movement will be based on additional college hours completed in an appropriate educational field. Credit hours must be completed prior to September 1st of the appropriate contract year. Hours for undergraduate work will not be accepted. Any employee who wishes to pursue a Master's Degree or beyond in a field other than education must first obtain permission from the Board of Education for credit on the salary schedule. Teachers shall be responsible for having an up-to-date transcript of credits and submitted to the Superintendent's Office.

Staff members hired prior to the 2000-2001 school year were allowed to earn graduate hours within a BA-45 Column. Those staff members who earned the appropriate graduate hours before September 1, 2001 were grandfathered in the "BA-45" column and will remain grandfathered until leaving the system or until additional horizontal advancement is earned. The "BA-45" column is reflected on the current salary schedule as the MA-9 column. Those staff members grandfathered shall be allowed to advance horizontally after obtaining their Master's Degree plus 9 hours (MA-18 column). A grandfathered staff member may advance to the MA-27 column after obtaining their Master's Degree plus 18 graduate hours.

This is a minimum salary schedule. The Board of Education reserves the right to make special exceptions for unusual circumstances or in order to secure a teacher in a hard-to-hire subject areas. However, this decision will only be an option after all other means have been exhausted to hire a teacher on the salary schedule.

Regular Part-Time Teachers

Regular part time certified teachers will receive prorated benefits covered under this agreement. Certified employees with 0.5 FTE or greater are eligible for health insurance benefits at the prorated percentage. All regular part-time teachers are eligible for prorated life insurance benefits and prorated fitness center membership. Example: 0.5 FTE = 40 hours of sick leave and 8 hours of personal leave. Eight (8) hours of sick leave may be traded for four (4) hours of personal leave. 50% of health insurance premium will be paid by the district.

Extended Contracts and Additional Service Agreements

Teachers hired prior to the 2007-2008 contract year:

- Extended contract time will be determined as needed. Superintendent is responsible for recommending extended contract time to the Board of Education for final approval.
- Extended contract time will be based on a percentage of the teacher's salary. (Contract salary divided by 185 times the number of extended contract days)

Teachers contracted on or after the 2007-2008 school year:

- Additional Service Agreements will be determined as needed. Superintendent is responsible for recommending extended service agreements to the Board of Education for final approval.
- Additional Service Agreement compensation will be calculated by taking $1/185^{\text{th}}$ of the teacher's salary multiplied by the number of additional days stated in the agreement.

Stipend Pay for Curriculum and Professional Development

Curriculum Development and Professional Development outside the regular contracted 185 days, or beyond the contract time for a regular part-time employee, will be determined on an as need basis, annually by the administration. Stipends for curriculum work and professional development assigned to a teacher (teacher expected to attend outside of contract time) will be determined based on salary in the BA-1 column for the current year. The hourly rate will be calculated by dividing the current salary in the BA-1 column by 185 contract days, divided by 8 hours per day. (2018-19, includes summer 2019 = \$23.51/hour)

Summer School Teachers

Summer School, including selection of students, staffing, time and duration, will be determined on an annual basis based on education needs of the district.

Stipends for Summer School teachers will be determined based on salary in the MA-1 column for the current year. The hour rate will be calculated by dividing the current salary in the MA-1 column by 185 contract days, divided by 8 hours per day. (Hourly rates are based on the term of the agreement beginning on the 1st day of August, and ending on the 31st day of July)

Summer School teachers will be automatically compensated 1 hour of "planning time" for each six (6) hours of student contact (teaching hours) time.

Duty Credit for Parent/Teacher Conferences

For the two nights teachers are on duty for Parent Teachers Conferences, teachers will receive credit for 1 day of service. (i.e. 184 days of teacher duty will be planned on the yearly calendar and two nights, will be scheduled for Parent Teacher Conferences, which will be credited as the 185th contract day.)

Commuting Staff

Staff will be paid mileage for required travel between district schools to perform assigned duties only if school vehicle(s) are unavailable. The current IRS mileage rate per mile will be paid.

In-House Substitute Teaching

In the event an employee is requested to in-house substitute during plan, travel or lunchtime, the employee shall be paid an additional compensation of \$22.50 (twenty-two dollars and fifty cents) per period.

First Year Teachers

Certified staff members hired at BCS who are first time teachers may request a September 1st pay check for contract days worked in August and for summer stipend pay.

Release from Contract

Teachers who wish to be released from their contract will be released upon the district receiving a written letter of resignation on or before April 15th. Resignations received after April 15th will be considered by the Board at a Regular Meeting, based on the availability of finding a suitable replacement.

BENEFITS

Disability Insurance

Each teacher shall purchase long-term disability income protection insurance through a carrier selected by the association. The district shall deduct the insurance premium from each teacher's salary on a monthly basis and pay it to the insurance carrier.

Health Insurance

Boone Central School District shall provide and pay for health insurance coverage through the Educators Health Alliance of Nebraska (EHA), prorated according to FTE, for Blue Cross-Blue Shield Insurance rates established for the 2019-2020 fiscal year.

The District will offer the following BC/BS Health Coverage:

- \$1,050 Deductible Health Coverage
- Or, \$3,500 Deductible HSA-Eligible Health Coverage

For employees that elect coverage under the \$3,500 deductible HSA-eligible plan, the school district will contribute the difference in premium from the \$1,050 Deductible Health Plan to the individual's Health Savings Account (HSA) based on current rates.

Dental Insurance

Boone Central School District shall provide and pay for single (employee only) dental insurance coverage through the Educators Health Alliance of Nebraska (EHA), prorated according to FTE, for Blue Cross-Blue Shield Insurance rates established for the 2019-2020 fiscal year.

The District will offer the following BC/BS Dental Coverage:

- PPO - 100% A, 75% B, 50% C (Option 2) Dental Coverage -Employee Only

Employees have the option of purchasing Employee/Children, Employee/Spouse, or Employee/Spouse/Children dental coverage. Employee will be responsible for the difference in cost. Example: Employee/Spouse (\$60.18) minus Employee Only (\$28.67) = \$31.51 responsibility of the employee.

Married Couples - Dental Coverage

Married couples both currently employed by the Boone County School District will receive the following dental coverage:

- PPO - 100% A, 75% B, 50% C (Option 2) Dental Coverage -Employee and Spouse Only

An employee who is employed less than full time and who qualifies for the "Married Couples Dental" benefit will be responsible for their portion of the Employee/Spouse rate according to FTE.

Example: One (1) full time employee and one (1) 0.8 FTE employee. Married couple would be responsible for 20% of half of the cost of the Employee/Spouse Coverage Rate. Rate = \$60.18 (half = \$30.09), \$30.09 x 20% = \$6.02 responsibility of the employee. School would cover \$54.16.

Life Insurance

The School District will contract for a \$25,000 group term life insurance plan through National Insurance Services. Coverage reduces to 65% at age 65, to 50% at age 70 and terminates at retirement. Life insurance benefits are prorated by FTE and are paid in full by the district.

Sick Leave

Sick leave will be granted at the rate of ten (10) days per year. Leave shall be credited on the first day of each school year and sick leave, which is not used during any one school year, may accumulate up to a maximum of forty-five (45) sick leave days in any one school year. Accumulated sick leave days may be used by a teacher in the case of illness or in case of illness to a member(s) of the teacher's immediate family.

Immediate family will be defined as wife, husband, father, mother, brother, sister, son, daughter, or other minor child in custody, grandparents, grandchild, aunt, uncle, cousin, and corresponding in-laws.

Teachers that need additional sick leave days beyond their allowable accumulated total will be assessed the cost of a substitute teacher for the maximum days allowed as follows:

- Maximum of 10 days for first year employed.
- Maximum of 30 days for second year employed and employed.

If more days are required beyond that maximum listed, the teacher will be assessed 1/185th of their contracted teaching salary for the days they require.

Bereavement Leave

Up to a maximum of 15 accumulated, unused sick leave days may be used in any contract year for bereavement leave in the event of death of an immediate family member or corresponding in-law. Staff may use up to two days of the 15 days of bereavement leave in the event of death of someone other than immediate family or corresponding in-laws. Requests for bereavement leave must be submitted and communicated to the appropriate building principal prior to leave being approved.

Personal Leave

Personal leave shall be granted to teachers at a rate of two (2) days per school year. An additional personal leave day shall be approved by trading two (2) sick leave days for one (1) personal leave day. (limited to one trade per school year and does not penalize an employee trading two sick days for one personal day) Those certified staff members who use less than ½ day of sick leave in a given year will be granted one (1) additional personal leave day the succeeding year.

Personal leave will be granted provided:

- The request is not for a day scheduled as Professional Development or as Parent Teacher Conferences,
- The request does not exceed the limit of 6 teachers district-wide allowed to use personal leave on a given day,
- The request for personal leave is submitted and communicated to the appropriate building principal at least two (2) contract days prior to the leave day request,
- A substitute teacher is available.

Personal leave requested beyond the allowable days will be denied unless prior approval has been received from the superintendent. If a personal leave day is approved that falls outside the allowable provisions, the teacher will be required to submit the leave as a “dock-day”. A dock-day will result in a compensation reduction amount equal to 1/185th of the teacher’s annual total value of all compensation. Annual total value of compensation includes salary, (FICA, Medicare, and Retirement are automatically reduced due to salary reduction) health insurance, dental insurance and disability insurance.

Requests will be considered on a first-come, first-serve basis. The superintendent has the right to adjust this policy in the case of an emergency.

Certificated staff members who have unused personal days at the end of the contract year may choose from one of the following options:

- Compensation at a rate of \$60.00 per day to be included in June payroll of that contract year, limited to two days in full-day increments.
- Transfer of up to two (2) personal days to sick leave balance if balance is less than 45-day maximum.

Professional Leave

Two days per year for professional leave, non-accumulative, will be granted at the teacher’s discretion with administrative approval. A teacher must make application through his/her principal for professional leave days at least two (2) calendar days prior to the date he/she desires to be absent. Additional days may be taken with administrative approval.

Staff members may use one (1) professional day to attend their own graduation ceremony for earning a Master’s Degree.

Assistant Coaches will be allowed one (1) professional day to attend their respective state event. This does not include the school district paying for hotels or meals for these events.

Jury Duty

Teachers called into jury duty shall be paid their regular pay. Jury pay given to the teacher will be paid to the district. However, a teacher being paid for jury duty will be permitted to retain the payment from the court for expenses (i.e. mileage, meal expenses, lodging costs, etc.)

Children of Staff Admitted to Activities

Children of staff members who are in the sixth grade or younger will be admitted free of charge to all school activities scheduled by schools within the District. This does not apply to activities scheduled by the NSAA.

Fitness Club Membership

The district will pay for ½ single annual membership to Boone County Fitness Center for those certified staff members who choose to participate. The contribution to the membership cost is subject to employment taxes.

Emergency Leave Bank

- I. Membership in the Emergency Leave Bank shall be voluntary to district classroom teachers who donate one day of their sick leave time (present year sick leave days, not accumulated sick leave days) during the first five days of the current school year.
- II. Control shall rest with the membership only, governed by a high sense of professional ethics. The purpose of the Emergency Leave Bank is to aid any member in case of severe accident (hospitalization from a car accident, coma from head injury, etc.) or other emergency to a member or to anyone in his/her immediate family or corresponding in-laws, as defined in sick leave.
- III. Teachers become a member of the Emergency Leave Bank by notifying the secretary of the Association and signing a membership list during the first five days of each school year. This list must be dated and signed by the President and Secretary of the Association and the superintendent. A copy will remain in the Superintendent's Office.
- IV. A member of the Emergency Leave Bank agrees to donate one day each year to a common bank for emergency leave, of which any member of the Emergency Leave Bank is eligible to draw upon. At the beginning of the school year, after staff has decided to contribute a day to the Emergency Leave Bank, the Emergency Leave Bank shall contain up to a maximum of 100 accumulative leave days.
- V. A member, after using up the members regularly accumulated sick leave days and personal leave days, may be entitled initially to withdraw up to one fourth days (25 days if the Emergency Leave Bank has not been used) in the Emergency Leave Bank. After using up the members regularly accumulated sick leave days any existing personal leave days must be used as sick leave days before a member can acquire days from the Emergency Leave Bank. If, at the end of the school year there are more Emergency Leave days remaining, the member in need may acquire up to 50 total days (maximum 25 days more), if the member's leave exceeded more than one fourth the days in the bank.
- VI. Withdrawal from the Emergency Leave Bank must have the approval of the officers of the Association. All disputes will be decided by secret ballot by a simple majority of the officers of the Association and three (3) at large members of the Emergency Leave Bank. Upon appeal, the appeal will be decided upon by secret ballot by a simple majority of the Emergency Leave Bank members. The officers of the Association shall be responsible for informing the Superintendent in writing of any decisions concerning the Emergency Leave Bank.
- VII. At a membership meeting, each member of the Emergency Leave Bank may contribute ½__ additional sick leave days to meet the extreme emergency of a member who has not used the bank in that specific year.

BOONE CENTRAL SCHOOLS

The Cardinal Kids Club is geared toward providing expanded learning opportunities and support for students in Boone County. The program is focused on interaction, exploration, and hands-on learning in an environment dedicated to quality and excellence.

Dear Parents and Students:

Welcome to the Cardinal Kids Club! The CKC program is a before and after-school program operated as an extension of the Boone Central School District. Additional programming is also available by the week during the summer months.

The Cardinal Kids Club Program is an opportunity for students living in our district to be exposed to STEM based learning experiences on a weekly basis. That means that your child will regularly have the opportunity to take part in hands-on learning that is not only fun and engaging, but also promotes critical thinking and creative problem solving.

The handbook is intended to be used as a guide to the program's general information and regulations. Parents are encouraged to use the handbook as a resource of information. The handbook provides an overview of specific topics, but it is not intended to be all encompassing. Our number one priority is the well-being of our students!

Thank you for choosing the Cardinal Kids Club!

Sincerely,

Weather-Related Cancellations

The CKC will be closed whenever Boone Central School is closed due to inclement weather. Refunds will not be issued for days when the school is closed due to snow or other weather-related issues.

If the school day is delayed due to weather on a Wednesday morning, no morning care will be available.

Location

The CKC is housed within the existing Albion Mason's Lodge building located directly north of the Boone Central Elementary School.

Dismissal from School

Students enrolled in the CKC will be dismissed by their regular classroom teacher. It will be the responsibility of the student to walk to CKC after school on their designated days. If necessary, accommodations can be made to assist students who require it.

Drop-Off and Pick-Up Procedures

Each parent/guardian is required to complete a dismissal plan at the time of enrollment. This form will provide the site director information on how they are to dismiss each individual child. This plan can be changed

throughout the year with prior notice given to the CKC site director. If someone other than the parent/guardian or authorized persons listed on the child's dismissal plan is picking up the child, parents are required to notify the site director with a written note, phone call, or email.

Late pick-up

The CKC program closes at 6:00 p.m. Parents are expected to arrive by 5:55 p.m. to pick up students. If a 6:00 p.m. pick-up is unlikely please contact the staff. We understand that emergencies and unexpected situations occur, however, these occurrences should be rare. After the third occurrence of late pick-up, a conference with the parent will be held with the potential of removal of the child from the program.

If a child remains at the CKC past 6:15 with no contact from the parent, the staff will attempt to contact a person on the student's emergency contact list. At last resort, the CKC staff will contact the Boone County Sheriff's Office for assistance.

Communication with Program Staff

CKC maintains an open-door policy, encouraging parents/guardians to contact the CKC staff about any concerns or questions. Please contact the program direction with questions regarding tuition, staffing, activities, or a child's participation. Communication about a child's daily participation (leaving early, not attending due to illness, etc.) may be directed to the site director.

Attendance

Attendance will be taken each day when children arrive to CKC. If a child will not be attending as scheduled, it is the responsibility of the parent to notify the site director (ckc@boonecentral.esu7.org) of the child's absence.

When a child who is scheduled to attend the CKC does not arrive we will initiate the following actions:

- A call will be made to the school to see if the child left school or went home ill.
- A call will be made to the main contact number given at enrollment. A message will be left if no one is home.
- A call will be made to the secondary number given. A message will be left if no one is home.
- Once a child's parents have been contacted, CKC will assist in the effort to locate the child, but will shift primary responsibility for locating the child to the child's parents.
- If all contacts have been attempted with no answer, the program staff will contact the Boone County Sheriff for assistance.

Absence and Illness

If a student becomes ill while at the CKC a parent will be notified. The child is expected to be picked up as soon as possible. Children attending the CKC should be well enough to follow the normal routine of the day. A child may not attend if they have a contagious condition, eye ailment, head lice, rash, fever, vomiting or diarrhea. A student who has had a fever must be fever-free for at least 24 hours before returning to the CKC.

Program Activities

Throughout the year children are offered a variety of activities through a carefully designed schedule of educational, enrichment, and recreational programming. If a child does not wish to participate in an activity, they may be withdrawn from the activity with written permission from their parents.

Students attending on a part-time basis may miss out on certain activities. We will do our best to ensure that all students receive an opportunity to finish projects while in attendance.

Homework

Time will be set aside each day to give students the opportunity to work on homework and complete assignments. Staff members will assist with homework unless notified by a parent. Because of the number of children who require assistance during homework time, the staff members are not always able to check each child's homework for accuracy. Although we check-in daily with children regarding homework, using the time set aside to complete homework is the responsibility of the child. Please communicate with the site director about any issues regarding homework or if you prefer a child complete his/her homework at home.

Snacks and Meals

After-School Program

Students attending the after-school program will receive a snack each day. All snacks are included in the cost of attendance and meet the *Healthy Snack* guidelines provided by the school.

Before-School Program

Breakfast is available at the school starting at 8:30 a.m. on Wednesday mornings. Students attending the morning program will be dismissed for breakfast.

Summer Program

Students attending the summer program will receive a morning and an afternoon snack each day. All snacks are included in the cost of attendance and meet the *Healthy Snack* guidelines provided by the school. Information pertaining to lunches during the summer will be included with summer programming packet.

Weather and Outdoor Activities/Play

Each day at CKC there is a designated outdoor play time. If outdoor play is cancelled due to precipitation, icy ground conditions, low temperatures, or excessive heat, the children will be allowed to play in the gym.

Personal Belongings

All children are responsible for their personal items and should keep those items in their backpack. CKC will not assume responsibility for items brought from home; missing items will not be replaced. CKC employees cannot hold money for a child in the event that a child brings money to the site. Use of cell phones by the children during CKC hours is prohibited unless permission is given by staff.

Swimming (Summer Only)

During the summer program students will make weekly visits to the swimming pool. In order to ensure that your child is safe in and around the pool, we will have every child take part in a "swim test" on our first visit. If a child cannot perform the selected tasks successfully or if your child does not want to take part in the swim test, he/she will be required to stay in the shallow area and not allowed past a designated point.

Medication

Medication will NOT be dispensed to children while attending the CKC. Non-prescription medication will only be given when there is written permission from a parent or guardian. The non-prescription medication must be in the original container/packaging and labeled with the student's name.

Students with medical needs will need to speak with the program director prior to enrollment. All CKC staff members are first aid and CPR certified, but no staff is available to administer or handle any type of prescription medication. Children attending the CKC with any kind of medical condition will need to complete a Medical Action Plan Form and protocol for handling a medical emergency.

Students with a history of asthma or breathing difficulties are allowed to possess and use an asthma inhaler at the CKC. Students with a history of life-threatening allergies are allowed to possess and use an auto injectable epinephrine at the CKC. No CKC staff members have been trained to administer the Epi-Pen and/or Albuterol. In the event of an emergency and the child cannot administer the medication independently, the CKC staff will follow the steps in the child's Action Plan. Depending on the severity of the situation, 911 may be called prior to calling a parent/guardian.

Accidents and Injuries

If a minor accident occurs during a child's time at CKC, staff will address the situation and provide any needed care. In the event of an accident or acute illness, every effort will be made to notify the child's parents. If a situation requires immediate attention, 911 will be called and the child will be transported to the hospital by ambulance.

Staffing and Personnel Requirements

All CKC employees are certified in CPR and first aid, and are screened through the Nebraska Central Registry of Child Abuse and Neglect and the Nebraska Adult Protective Services Registry.

At least one adult/certified staff member will be present at all times during program hours and within appropriate range of the students. In addition, the CKC maintains a 1:15 ratio staff/child ratio.

Students with Special Needs

The Cardinal Kids Club does not discriminate against children with special needs or who need additional support, but additional information may be requested in order to provide a safe and enjoyable experience for each child. Please note that certain activities may make it difficult to accommodate specific needs. The CKC will make every reasonable effort to accommodate a child's special needs, but accommodations are not guaranteed. Children with special needs will need to speak with the program director prior to enrolling.

CKC cannot provide one-on-one supervision during operating hours. All children enrolled in CKC must meet each of the following criteria:

- Must be toilet trained and non-diapered,
- Must be able to move to and from the toilet in the restroom without assistance,
- Must have age-appropriate hygiene skills,
- Must have age-appropriate eating skills,
- Must have age-appropriate dress skills,
- Must have physical endurance to interact and participate in indoor and outdoor play,
- Must be able to adhere to the discipline policy and indoor and outdoor rules.

CKC reserves the right to restrict admission or continued enrollment on a case-by-case basis. Children with special needs will need to complete an Emergency Action Plan. The feasibility of the plan's implementation will be determined by CKC staff and Boone Central Schools prior to allowing a student to enroll.

Behavior Expectations

To keep our site safe and operating smoothly, children are expected to adhere to certain rules and expectations. Other, more specific rules, may be added and reviewed with children at the discretion of the site director.

- Children will show respect to the property of CKC and use that property for its intended use.
- Snacks will be eaten at the tables, unless working on homework in another room.
- Children should clean up after themselves and ensure that all materials are put back where they belong.
- Children will ensure they are using an unoccupied restroom and will keep the restroom space clean and picked-up.
- Respect will be shown to staff at all times.
- Any physical aggression, disrespect of property, and use of profanity or improper gestures will not be tolerated.
- Bullying will not be tolerated.

Discipline Procedures

Children are expected to abide by the same rules and guidelines as listed in the Boone Central Schools Handbook in addition to the CKC Family Handbook. Parents/Guardians will be informed if a child's behavior becomes a discipline problem.

If inappropriate behavior does occur, we will use a positive approach by encouraging a child's good behavior and redirecting their activity. If the behavior continues, the child will be removed from the situation and given a "cool down" period. The child will then have the opportunity to problem solve the incident with a staff member and rejoin the group/activity.

When a behavior is deemed to be hurtful to other children or disrespectful to staff, the child's parent will be notified and the child will be sent home for the day. The child may return the following day, however, if the same or similar behavior continues to occur, he/she will be dismissed from the program under the discretion of the site director and program director. In order for a child to be re-enrolled in CKC, a conference must be held between CKC staff, school administration and the parents to determine if the child will be allowed back into the program.

Examples of behavior which may result in immediate suspension or removal from the CKC program may include:

- Intentionally hitting or injuring another child or staff person.
- Intentionally damaging school or CKC property.
- Threatening another child or CKC employee.
- Repeated occurrences of a behavior.

Supervision, Safety and Transportation

Every precaution will be taken to ensure safety at all times.

- Fire and Tornado drills will be conducted to ensure procedures are understood and followed.
- In the event of an emergency, the CKC will ensure all parents and families are notified in a reasonable amount of time. Notifications may be sent via email or phone.
- All CKC staff will be CPR and First Aid Trained. First Aid kits are kept in the facility and in all vehicles.
- The 1:15 staff/child ratio will be met at all times.
- Student employees will never be alone with students at any time.
- Transportation vehicles will be provided by Boone Central Schools. All drivers will be properly certified and under the direct supervision of the school district.

- CKC staff operating a school vehicle will be at least 21 years of age and with a good driving record. All drivers are required to be properly insured under the school district.
- Employees will carry a cell phone with them when supervising program participants away from the facility.

Removal from Program

If CKC can no longer provide care, we will give the parent/guardian a two-week notice. This notice does not apply if the child is removed for disciplinary reasons or if CKC is unable to meet the child's needs. The parent/guardian is responsible for payment for the remainder of the month, regardless of the child's attendance during that period. CKC may terminate services for any of the following reasons (but not limited to):

- Failure to honor obligations listed in the Family Handbook.
- Inability to meet the child's needs without additional staff.
- Failure to complete the required forms.
- Failure to maintain current account balance.
