#### **Superintendent's Report**

#### August 14, 2017

- **1. Goal #1:** Wakefield Community School will provide students an education that develops relationships utilizing a relevant curriculum that infuses technology providing 21<sup>st</sup> Century learning for all students. (Curriculum, Americanism & Technology)
  - a. The Curriculum, Americanism & Technology Committee met and I presented cost figures from Connecting Point on the E-rate project. The bill was \$9,432 higher than project bid. I have looked into this and we did add a number of additional outlets. I am questioning the overage level based on the additions. Diane Wolf, ESU #2 Technology & E-rate Coordinator informs me that the bid is for the entire project scope within the bid. Additional items outside the scope of the project is the district's responsibility. I am waiting to negotiate this bill as I am waiting for James to get back from vacation. Connecting Point is aware that I am questioning the second portion of the bill and believe part of this is simply inadequate estimation of the project.
- **2. Goal #2:** Wakefield Community School will make an efficient use of all resources. (Business & Finance)
  - a. As of the end of July 2017, Wakefield Community School is 10.2% under budget for the year. Examining budget and expenditures for the year the district is 18.1% under budget for the year compared to last year, which was 16.34% under budget. Examining the cash summary report the General Fund balance is \$841,359. The Lunch Fund balance is \$108,038 Bond Fund is \$38,551; Depreciation Fund is \$729,882; Employee Benefit Fund is \$23,604; Special Building Fund is \$579,726; and the Qualified Capital Purchase Undertaking Fund is \$143,475. The interim account balance is \$5,205. Budget wise we are on course with the prior year.
- **3. Goal #3:** Wakefield Community School will facilitate communication with staff, parents, patrons, and students (Public and Personnel Relations)
  - a. Parent Teachers Conferences is scheduled for Thursday, October 5, 2017, which is the same date of the Creighton football game at home. This game was moved to accommodate the availability of game referees. Unless you object, I am planning to move parent-teacher conference time to 1:00 6:45 pm. Students will be released at 12:30 pm allowing students to have lunch. This will also allow staff, students and parents to attend the football game. The administrators are in agreement with the changes. We will get these changes out to parents.

**b.** Fall in-service day is on the calendar for October 31<sup>st</sup> which is the same day as subdistrict volleyball. I am proposing to move the in-service day to November 6<sup>th</sup>, which coincides the conference choir. I am also proposing the scheduled early out on November 13<sup>th</sup> be a regular day of school.

#### 4. Miscellaneous

- **a.** NASB Fall Area Meeting is set for Wednesday, September 20<sup>th</sup> at the Life Long Learning Center in Norfolk. The evening events begin at 5:00 pm. So far Mark Victor, Karen Borg and Bree Brown are registered for the event. I will be taking a van down if you would like a ride from the school at 4:00 pm.
- **b.** NASA/NASB Labor Relations Meeting is scheduled for September 6 -7 in Lincoln. "Whether you're a novice at the bargaining table or an experienced negotiator, this conference will provide the latest information in the labor relations arena."

Nebraska Society of Certified Public Accountants Wakefield Community School, Dist. No. 560 Attn: Mark Bejot 802 Highland Street PO Box 330 Wakefield, Nebraska 68784

Schumacher, Smejkal, Brockhaus & Herley, P.C. is pleased to submit a proposal to perform an examination of the financial statements of the Wakefield Community School, District No. 560 (the District) for the years ended August 31, 2017, 2018, and 2019.

We believe there are a number of sound business reasons why you should select us as your independent certified public accountants and this letter summarizes those reasons.

We possess the following resources which will enable us to continue the confidence of a long-term relationship with the District:

- Your client service team would consist of outstanding professionals whose experience in serving clients provides the resources necessary to serve as your auditors and to assist in implementing your business strategies.
- Our firm has committed itself to providing audit services to our non-profit
  and governmental clients in the most up-to-date and efficient manner. We
  have introduced computerized audit programs into our examinations which
  enables us to be more efficient and to be able to concentrate more in the
  areas of administration and profitability of each client.

Our firm prides itself in providing quality, timely service. We realize the importance of client deadlines and we continually strive to meet all imposed deadlines. If engaged to conduct the audit, we feel confident that we can complete and deliver the District's reports to the Board of Education by the date requested.

The following items represent our firm's commitment in maintaining high level quality within our firm:

• All professional staff must participate in a minimum of forty hours of continuing, approved professional education each year. In addition, as a result of revisions to the Government Accounting Office's (GAO) "Government Auditing Standards," requiring additional governmental training, all personnel directly involved in governmental accounting and auditing are required to attend at least twenty-four hours of continuing education classes related to governmental auditing every two years including extensive training in the Single Audit Requirements. Such continuing education requirements are met through attendance at various conferences and education sessions, attendance at on-line webinars, viewing of educational videos, and in-house trainings.

 The firm is a member of the Division for Certified Public Accounting firms within the American Institute of Certified Public Accountants. Membership to this division is voluntary; however, as a result of such membership, the firm subjects itself to periodic peer reviews by other acknowledged professionals to assure appropriate quality levels of practice are maintained.

We propose the following fees to complete the audit for the years ended August 31, 2017, 2018, and 2019:

<u>Audit*</u>	Out-of-Pocket Costs
\$ 9,485	Not to exceed \$150
9,485	Not to exceed \$150
9,485	Not to exceed \$150
	\$ 9,485 9,485

<sup>\*</sup> Fee includes financial statement audit and preparation of the Nebraska Department of Education Annual Financial Report.

If a Single Audit under Uniform Guidance is required, our fees would be an additional \$1,800 for up to two programs and \$800 for each additional program.

Should you have any questions concerning this proposal, Brock Herley is the contact person for the firm on this engagement.

#### WAKEFIELD COMMUNITY SCHOOL AUDIT PROPOSAL

#### Firm Profile, Experience, and Qualifications

Michael J. Pommer, CPA is a local firm with main office located in Wakefield, Nebraska and a satellite office in Hartington, Nebraska. Mr. Pommer is a sole proprietor and the only professional staff member in the firm. The firm's telephone number at the Wakefield office is (402) 287-2060. He can also be reached by cellular phone at (402) 369-2117. Because he is the only permit holder in the firm, Mr. Pommer has formed a network of fellow CPAs with whom he can consult on various issues, including a pre-issuance review of audit work performed. All audit work would otherwise be performed by Mr. Pommer, who is also the contact person if any questions should arise.

Mr. Pommer has operated as a firm owner and audit manager for the past twelve years, and has audit staff member experience of five years prior to operating as a sole proprietor. Mr. Pommer has been involved in governmental auditing since entering the profession upon graduation from college in 1996. He obtained his CPA license in 1999 and is currently licensed in both Nebraska and South Dakota. Mr. Pommer has met all of the governmental auditing continuing education requirements, which include at least 80 hours of continuing education in a two-year period which directly enhance the governmental auditor's ability to perform such services.

Mr. Pommer's firm has been involved with governmental audits for the past twelve years, the majority of which are counties and school district audits. Currently, Mr. Pommer serves as auditor for the six governmental entities listed below, with contact information provided for references:

#### WAKEFIELD COMMUNITY SCHOOL AUDIT PROPOSAL

In addition to auditing for these types of governmental entities, Mr. Pommer has also worked extensively with Nebraska budget laws and preparation in regards to these governmental entity types. The majority of the audited financial statements are in conformity with the cash or modified cash basis of accounting, which is a basis of accounting other than generally accepted accounting principles (GAAP). Mr. Pommer has also performed several audits of federal awards for the above types of governmental entities, as required by the OMB Uniform Guidance.

An integral part of the audit process involves review of internal control and administrative policies and procedures. Significant deficiencies in these areas are required to be reported in the audit. In the past, Mr. Pommer has always made an effort to provide clients with suggestions relating to the improvement of these areas, particularly within the accounting area. Mr. Pommer has also provided consultation to several of his governmental clients, particularly in relation to budgetary concerns and capital projects management.

As defined by applicable auditing standards, Mr. Pommer is independent with respect to Wakefield Community School. Mr. Pommer has never been the object of any disciplinary action by a State or federal governing body, nor has he been suspended or prohibited from performing government audits. Internal quality review includes the implementation of AICPA and GASB developed programs to insure compliance with all applicable rules and regulations for a particular engagement. The firm is required to undergo an external quality review performed by an independent Certified Public Accountant every three years (just completed in January 2017), and has also submitted audit reports to the State Board of Accountancy for review in the past as well, all to ensure the quality of the audit work being performed. The most recently completed external quality review report, which shows a rating of pass with no deficiencies, will be shared if requested.

#### WAKEFIELD COMMMUNITY SCHOOL AUDIT PROPOSAL

#### Scope of Services, Proposed Schedule, and Fees

It is the firm's understanding that financial and compliance audits will be performed for Wakefield Community School for fiscal years ending August 31, 2017, 2018, and 2019, in accordance with <u>Government Auditing Standards</u>, issued by the Comptroller General of the United States in its most current version, the AICPA Guide for Audits of State and Local Government Units, the provisions of the Single Audit Act Amendments of 1996 and the requirements of the OMB Uniform Guidance (if applicable), and other pertinent rules and regulations set forth by the applicable regulators, including the Nebraska Department of Education.

The audits will cover the entire operations of Wakefield Community School and the annual reports will include a report cover, table of contents, independent auditor's report, supplementary information, appropriate financial statements and supporting schedules, informative disclosures, and auditor's report on the study and evaluation of the internal control systems, and compliance with laws and regulations. The reports will also include management letters, which would include recommendations affecting the financial statements, internal control, accounting systems and methods, legality of actions, and other matters as appropriate. If applicable, the reports would also contain opinions and schedules related to Federal assistance, in compliance with the OMB Uniform Guidance.

Upon acceptance of this proposal, the audit planning phase would continue immediately. Fieldwork would begin during September or October after the close of each of the fiscal years, and would conclude no later than the end of October. Total anticipated hours for all phases of the audit would be between 60 and 80 hours. The final reports would be delivered prior to any mandated due dates. Out-of-pocket expenses and travel are immaterial to the proposal and are not billed out by Mr. Pommer. Mr. Pommer's hourly rate varies from \$50 to \$100 per hour depending on the type of work being performed. It is understood that these bid amounts are not to be exceeded, unless adjusted due to mutually agreed upon extenuating circumstances, for which an amendment to the contract would be completed in writing by both parties.

#### **Parent and Guardian Involvement In Education Practices**

The school district recognizes the importance of parental and guardian involvement in the education of their children. The school district will take the following steps to ensure that the rights of parents and guardians to participate in the education of their children are preserved.

- 1. Parents/Guardians will be provided access, as described in district procedures, to district-approved textbooks and other curricular materials and tests used in the district upon request.
  - a. A parental request to review specific approved textbooks and other district- or building-approved curricular materials (written, visual, and audio) should be made to the principal of the building where the textbooks and curriculum materials are used.
  - b. Parents may check out textbooks and may review curricular materials such as video and audio recordings within a time frame determined by the building principal to prevent disruption of the instructional process.
  - c. A parental request to review specific standardized and criterion-referenced tests used in the district should be made in writing to the building principal. Copies of the most recent tests used in the district will be available for parent review. Parents wishing to review statewide NeSA assessments will be provided with sample questions and a copy of a practice test, but will not be provided with copies of the actual assessment due to testing security. In the case of other secure tests such as the ACT, parents must contact the publisher to obtain copies of the test.
- 2. Parents/Guardians will be permitted, within district procedures, to attend and observe courses, assemblies, counseling sessions, and other instructional activities.
  - a. Parents/guardians are invited to make appointments with the building principal to visit classes, assemblies and other instructional activities. The principal shall give permission after determining that parental/guardian observation would not disrupt the activity. Observations that last more than 60 minutes or occur on consecutive days are typically disruptive and will not be permitted absent unusual circumstances, in the sole discretion of the building principal.

- b. Parents/guardians may contact the building principal to request permission to attend counseling sessions in which their child is involved.
- 3. Parents/guardians will be permitted, within district procedures, to ask that their children be excused from school experiences that parents find objectionable.
  - a. Building principals may excuse a student from any single school experience at the parent's written request.
  - b. When appropriate, alternative experiences will be provided for the student by the school.
- 4. Parents/guardians will be informed through the student handbook and district policies of the manner that the district will provide access to records of students.
- 5. Parents/guardians will be informed of the standardized and criterion-referenced district testing program. Parents may request additional information from the building principal.
- 6. Parents/guardians will be informed of the circumstances under which they may opt-out of state and federal assessments.
  - a. In accordance with federal law, at the beginning of the school year, the District shall provide notice of the right to request a copy of this policy to parents/guardians of students attending schools receiving Title I funds. The District will provide a copy of this policy to a requesting parent in a timely manner.
  - b. State Assessments

The District cannot approve requests to opt out of state assessments. Approval of such requests is contrary to state law.

c. National Assessment of Educational Progress

As a condition of receiving federal funds, the District participates in the National Assessment of Educational Progress (NAEP). To help ensure that the District has a representative sample of

students taking the NAEP, which will allow the District to assess the quality and effectiveness of its programming on a national level, the District strongly encourages all eligible students to participate. However, student participation in NAEP is voluntary.

The District shall provide parents/guardians of eligible students with reasonable notice prior to the exam being administered. Parents/guardians wishing to opt their students out of the NAEP assessment must notify the district in writing at least three days prior to the exam date to ensure that the District can coordinate supervision and alternative activities for students who have opted out.

- 7. Parents/guardians will be notified of their right to remove their children from surveys prior to district participation in surveys.
  - a. The principal must approve all surveys intended to gather information from students before they are administered to students.
  - b. Students' participation in surveys is voluntary. Parents/guardians may restrict their child from participating in any survey.

# 5057 Parental Involvement In the Title I Program

The school district will jointly develop with parents a School-Parent-Student Compact that outlines shared responsibility for improved student academic achievement.

The school district recognizes the unique needs of students who are being served in its Title I program, and the importance of parental involvement in the Title I program. Parental Involvement in the Title I Program shall include, but is not limited to:

- 1. An annual meeting to which all parents of participating children will be invited. Invitations may take the form of notes sent with students or announcements in the school newsletter. Additional meetings may be scheduled, based upon need and interest for such meetings.
- 2. An explanation of the details for the child's participation, including but not limited to: curriculum objectives, type and extent of participation, parental input in educational decisions, coordination and integration with other district programs, and evaluations of progress. This information may be included in the annual Title I Individual Education Plan (IEP) for the student.
- 3. Opportunities for parent involvement activities such as training on ways to support children's learning. This opportunity may include, but is not limited to, attendance at the annual Nebraska State Title I Parent Involvement Conference. The goal of these parent activities is to provide parents with opportunities to participate in decisions relating to the education of their students, where appropriate.
- 4. The district will, to the extent practicable, provide parents of limited English proficiency, parents with disabilities, and parents of migratory children with opportunities for involvement in the Title I Program. Communication to parents about student progress will be provided in the language used in the. Responses to parent concerns will be provided in a timely manner.
- 5. Opportunities for parent-teacher conferences, in addition to those regularly scheduled by the school district, if requested by the parents or as deemed necessary by school district staff.
- 6. The District will coordinate and integrate parental involvement programs and activities with other community programs. These may include cooperation with other community programs such as Head Start and preschools and other community services such as the public library.

This policy shall be reviewed annually at the annual meeting where concerned parties can have a conversation about possible changes to the Parental Involvement Policy, and the board shall either (1) alter the policy and adopt it as altered, or (2) reaffirm the policy, following a public hearing.

\$100.

13. Contributions for Junior and Senior Class Extracurricular Activities. Students are eligible to participate in a number of unique extracurricular activities during their last two years in high school, including prom, various

senior recognitions, and graduation. In order to fund these extracurricular activities, the school district will ask each student to make a contribution to their class's fund. This contribution is completely voluntary. Students who chose not to contribute to the class fund are still eligible to participate in the extra activities. The suggested donation to the class fund will be \$0-\$100.

#### C. Waiver Policy.

Students who qualify for free or reduced-price lunches under United States Department of Agriculture child nutrition programs shall be provided a fee waiver or be provided the necessary materials or equipment without charge for (1) participation in extracurricular activities, (2) materials for course projects, and (3) the use of a musical instrument in optional music courses that are not extracurricular activities. Actual participation in the free or reduced-price lunch program is not required to qualify for the waivers provided in this section. The district is not obligated to provide any particular type or quality of equipment or other material to eligible students. Students who wish to be considered for waiver of a particular fee must submit a completed fee waiver application to their building principal.

#### D. Distribution of Policy.

This policy will be published in the Student Handbook or its equivalent that will be provided to students at no cost.

#### E. Voluntary Contributions to Defray Costs.

The district will, when appropriate, request donations of money, materials, equipment or attire from parents, guardians and other members of the community to defray the costs of providing certain services and activities to students. These requests are not requirements and staff members of the district are directed to clearly communicate that fact to students, parents and patrons.

#### F. Fund-Raising Activities

Students may be permitted or required to engage in fund-raising activities to support various curricular and extracurricular activities in which they participate. Students who decline to participate in fund-raising activities are not eligible under this policy for waiver of the costs or fees which the fund-raising activity was meant to defray.

#### G. Student Fee Fund.

The school board hereby establishes a Student Fee Fund. The Student Fee Fund shall be a separate school district fund that will not be funded by tax revenue, and that will serve a depository for all monies collected from students for (1) participation in extracurricular activities, (2) post-secondary education costs, and (3) summer school or night school courses. Monies in the Student Fee Fund shall be expended only for the purposes for which they were collected from students.

#### **CERTIFICATION**

On the 8th14th day of August, 20167, the Board of Education of Wakefield Public Schools held a public hearing on a proposed student fee policy. The hearing followed a review of the amount of money collected from students pursuant to, and the use of waivers provided in, the student fee policy for the 20167-20178 school year. This student fee policy was then adopted by a majority vote of the school board at an open public meeting conducted in compliance with the Open Meetings Act.

Without limiting any definition of bullying under any state or federal law or regulation, bullying behavior, as used herein, refers to the use of physical force or verbal, nonverbal, written, and electronic communication (including but not limited to instant messaging, text messaging, e-mailing, and using websites) to threaten, intimidate, ridicule, humiliate, or harass any person.

**Disciplinary Consequences.** The disciplinary consequences for bullying behavior will depend on the frequency, duration, severity and effect of the behavior.

A student who engages in bullying behavior on school grounds, in a vehicle owned, leased, or contracted by a school being used for a school purpose by a school employee or his or her designee, or at school-sponsored activities or school-sponsored athletic events may be subject to disciplinary consequences including but not limited to long-term suspension, expulsion, or mandatory reassignment.

Without limiting the foregoing, a student who engages in bullying behavior that materially and substantially interferes with or disrupts the educational environment, the district's day-to-day operations, or the education process, regardless of where the student is at the time of engaging in the bullying behavior, may be subject to discipline to the extent permitted by law.

**Bullying Prevention and Education.** Students and parents are encouraged to inform teachers or administrators orally or in writing about bullying behavior or suspected bullying behavior. School employees are required to inform the administrator of all such reports. The appropriate administrator shall promptly investigate all such reports.
