Elementary Principal Report
Board of Education
September 2017

Goal #1: Wakefield Community School will provide students an education that develops relationships utilizing a relevant curriculum that infuses technology providing 21st Century learning for all students.

- We continue to modify the way that ELL services are delivered this year with the addition of a ½ time teacher. Mrs. Montoya and Mrs. Cliff are working to diligently ensure that all students are getting the appropriate supports that are required.
- During the first 2 weeks of school, Mrs. Manz benchmarked all students in grades 1-3 and any new students who moved into Wakefield. Mr. Galles has completed benchmarking on students in grades 4-6.
- Wakefield Elementary School continues our partnership with Wayne State College on their Professional Development School (PDS). This program places college education majors the semester before their student teaching, in our classrooms for ½ of the day. WSC students are here from 8:00-11:00 daily and then have their course work on site from 11:00-12:00. WSC students will be lesson planning and providing instruction. Currently we have 3 PDS students.
- We have begun our first round of MAP assessments. Students in grades K-2, which are completed, will take the test 3 times during the school year. Students in grades 4-6 will take the test 2 times this year.
- We will be posting an advertisement for a paraprofessional position to take over for a para who is leaving in the next few months.

Goal 3: Wakefield Community School will facilitate communication with staff, parents, patrons and students.

- Be sure to “Like” our Facebook page. Mr. Heitz and I use Facebook as another tool to communicate with parents. Facebook is frequently used by many of our district patrons. We are able to post various types of communication, events and pictures for our stakeholders to see.

High School Principal Report
September 2017**

Goal #1: Wakefield Community School will provide students an education that develops relationships utilizing a relevant curriculum that infuses technology providing 21st Century learning for all students.

- We have received the cut scores for the NeSA-ELA test. In the coming months, Mr. Wulf and I will present final results of the NeSA tests. We have not yet heard the cut score for the ACT test.
- We are planning to show students (upper elem. and 7-12) a documentary called “Screenagers.” The administrators have viewed the hour-long movie and will continue discussion about it with students following the movie. The student assemblies will be Sep. 21, followed by a showing for all parents that evening at 7:00.
- During our opening meetings, as well as during our 2:00 dismissal meeting, the teachers began learning about the new teacher evaluation system. We have also discussed “College, Career, and Civic Ready,” and what that means for Wakefield students.
- As a result of some discussion at the summer data retreat, we have decided to key in on our weekly “down list” and some different interventions. We all agreed that a large portion of the students who get failing grades are due to lack of homework completion. We will now, on a case-by-case basis: a) required After School Program, b) require students to use their Wednesday Trojan Time to visit with the teacher for the class they are failing, and c) require students to stay until 3:45 on our scheduled 2:00 dismissal days.

Goal #3: Wakefield Community School will facilitate communication with staff, parents, patrons and students.

- Our annual Athlete/Parent meetings took place the first full week of school, this time including parents of jr. high students. Other than a handful of families who made appointments with me, all parents/guardians of volleyball and football players were present at one of the meetings.
- Current Enrollment, 2017-18 (as of Sep. 6):

Grade Level	Number
7 th grade	35
8 th grade	26
9 th grade	45
10 th grade	33
11 th grade	24

Superintendent's Report

September 13, 2017

- 1. Goal #1:** Wakefield Community School will provide students an education that develops relationships utilizing a relevant curriculum that infuses technology providing 21st Century learning for all students. (Curriculum, Americanism & Technology)
 - a.**
- 2. Goal #2:** Wakefield Community School will make an efficient use of all resources. (Business & Finance)
 - a.** Friday, September 8th, I took a census of the elementary and high school to develop a census summary for your reading. The three-year-old one-half day program has 27 students, one fewer than last year. The four year old, all day preschool program has 34 students, which is three more than last year. The K – 6th grade has 228 students, with a total student population of 289 students, which is one student fewer than last year. The high school enrollment is 200 students, which is three students greater than last year. District wide our current enrollment is 489 students, which represents two more students than last year. This enrollment continues to change weekly and the final count for enrollment will occur on September 30, 2017.
 - b.** I am working on a new contract for the district's photocopiers. Thus far, three companies are working on bids. I plan to invite a fourth company to bid the copier contract. The high school copier averages 12,261 copies black & white and 4,800 copies in color. The elementary black and white copier averages 48,917 copies per month. We are seeing higher repair calls on the elementary copier which is what would be expected given the higher volume. The copier contract is a five year contract. Current copy pricing for black and white copies is \$0.00968/copy overage price. The quarterly copy pricing including both units is \$0.009559/copy B & W. The color copy price is \$0.0726/copy. This price does not include paper costs which the district purchases.
- 3. Goal #3:** Wakefield Community School will facilitate communication with staff, parents, patrons, and students (Public and Personnel Relations)
 - a.** I am excited to inform you about our upcoming student and parent education program called "Screenagers." This educational activity involves a professionally produced movie discussing children and families utilization of digital screen time. I have previewed the presentation, which is scheduled for September 20, 2017 in the main gym starting at 7:00 pm. This documentary is produced by Dr. Delaney Ruston M.D. Screenagers is about the impact of the digital age on children and how to help families minimize harmful effects and help families find balance. The film is 68 minutes long and provides real events and situations encountered by students and families. We will provide child care and Spanish interpretation. The movie comes with Spanish subtitles to help parents. Please plan to attend!

4. Miscellaneous

- a.** The first KSB Law Webinar is scheduled for Sept. 18th at 9am which will address business issue. This session will be held at Wakefield Public School in the Library. You can use a MAC to input information but there have been issues noted in printing from the MAC. The only solution that is known is to print via a PC.

MUST COMPLETE THIS PAGE - Basic Data Input Area

The Basic Data Input Area is designed to help common information flow throughout the Budget Form.

Cover Page - Page 1

The Total Property Tax Requirement is carried forward from Page 2; however, you will need to input how much of that tax request is for Principal and Interest on Bonds.

Outstanding Bonded Indebtedness - if you complete the worksheet pages this will fill in automatically. If you do not you will need to indicate your balances as of September 1.

Pages 2 through 4 (If you utilize the Worksheet Pages - Begin Inputting on Worksheet Pages)

These pages are currently completed with formulas which pull from the Worksheet Pages. **If you utilize the Worksheet Pages, Pages 2 through 4 will be completed automatically for you.** If you do not wish to utilize the worksheet pages you can simply type in your numbers on Pages 2 through 4. The only cells with formulas that cannot be over-written are those that provide an essential calculation (example - Total Resources Available).

A complete and accurate budget should have the prior year Balance Forward **equal** Total of Beginning Balances. We have built into the spreadsheet a comparison between these two numbers. If these two numbers **do not agree** a statement will appear indicating it must equal prior year balance forward.

We have also built in a comparison between the Total Requirement and Total Resources Available. If these two numbers **do not agree** in the budget you will receive the message "Budget Not Balanced".

The County Treasurer's Commission is a calculation, if you wish to alter the County Treasurer's Commission amount to round to a whole number or for a similar reason you may over-write the formula.

Worksheet Pages - **FOR YOUR USE ONLY - NOT TO BE SUBMITTED TO THE STATE**

The last sheets of this file are worksheet (individual fund) pages. These pages are provided for your use; however, you do not have to use them. For more information about the worksheets, see the Budget Guidelines. **If you do utilize the Worksheet Pages, Pages 2 through 4 will be completed automatically for you.**

Moving From Page to Page:

There are several ways to move around your budget form. You can hold down the CTRL and hit either Page Down (Moves you ahead a sheet) or Page Up (Moves you to previous sheet). The other option is to use your mouse to click on the different sheet tabs.

I Want to See Descriptions on Left When Inputting Numbers in Budget Column:

On the "View" ribbon in the Window area there is an item called Freeze Panes. Freeze Panes allows you to tell the computer what columns and/or rows you wish to see at all times. Freeze Panes will freeze whatever rows are above your active cell and also whatever columns are to the left of your active cell. By choosing the option again it will turn the option off.

The Cell Is Locked:

UNDER NO CIRCUMSTANCES WILL PASSWORDS BE GIVEN OUT. Either the cell is locked because it contains a formula or you are trying to input information in the wrong cell.

You Note Any Errors Or Have Any Problems:

We have tested this spreadsheet through various methods to help identify any problem areas and to ensure formulas are correct. However, we cannot account for all the variables that occur with each individual budget. If you feel there is an error in a formula please contact us immediately so we can go over the problem(s) and if necessary correct the situation.

All of your comments or ideas to better the budget form are taken into consideration. Please feel free to [contact us at \(402\) 471-2111](#) with these items. We make this available to you to HELP in the budget process and wish to make any improvements that would make the spreadsheet more user friendly.

Common Questions

How many days must the notice be published prior to the meeting?
Notice must be published 4 days prior to hearing date. State Statute 13-506 states "For purposes of such notice, the four calendar days shall include the day of publication but not the day of hearing.

My notice did not get printed, now what do I do?
If for some reason your notice does not get printed, you are still required to publish and hold another hearing. The 4 day rule still applies. If there is not time to publish and hold meeting prior to the September 20 deadline, your budget will be late and you need to submit as soon as possible.

The Board approved a budget different than what was published?
If the Board approves a budget at the meeting that is different than the published information, you must publish a summary of the changes within 20 days after the date the budget is adopted. File your budget timely, and submit publication of summary of changes once that has been published.

Found a calculation error in the budget after it was adopted, now what?
It has been less than 30 days since adoption of the budget:
If the total amount budgeted changes by less than 1% and the property taxes do not increase, you can correct the forms and submit a new version to the Auditor, County Clerk and Dept. of Education. You are not required to hold a hearina or publish the chanae.
It has been more than 30 days since adoption of the budget:
You must follow the procedures of amending the budget that are found in Statute 13-511. This includes holding a hearing, publication and then filing the new forms with Auditor, County Clerk and Dept. of Education

The County Assessor changes the certified valuation after the budget and tax request has been adopted.

The change causes the levy to exceed the levy limit.
The budget will need to be amended to reduce the property taxes so that the levy limit is not exceeded. Hearing and publication will depend on if it has been less than 30 days after adoption and if total amount budgeted changes by less than 1%.

The change causes the levy to be reduced
The County Board is responsible to set the levy based on the property tax request amount and the valuation, so a change to the valuation will change the levy set, but will not change the amount collected in taxes. Therefore, the budget will not need to be amended.

Student Fee Fund

2017 – 2018 Proposed Budget Information

September 11, 2017

Basic State Aid Formula

- District Needs – Local Effort = State Aid
- Maximum General Fund Resources must not exceed \$1.05, unless voter approved.
- School Bonds are outside the \$1.05 limit
- Qualified Capital Purchase Undertaking Fund (QCPUF) is a part of the \$1.05. Maximum amount in QCPUF allowed is now 3.0 cents unless prior bond up to 5.2 cents. Our QCPUF is allowable up to 5.2 cents.
- Maximum growth in the General Fund spending is 1.5% of the previous year's actual expenses.

Valuation Comparison

	FY 2016	FY 2017	% Change
Dixon County	\$270,925,113	\$268,030,160	-\$2,894,953 / -1.0685%
Thurston County	\$ 38,634,964	\$38,506,989	-\$127,975 /-0.3312%
Wayne County	\$190,995,205	\$191,763,174	\$767,969 /0.4021%
Total Valuation	\$500,555,282	\$498,300,325	-\$2,254,957 /-0.4501%
Valuation Difference	\$21,900,894	-2,254,957	
Percent Increase	4.5755%	-0.4505%	

One Mill Assessment Generates:

FY2016: \$500,555,282 x 0.0001= \$50,055

FY 2017: \$498,300,325 x 0.0001 = \$ 49,830

- For every penny assessed will generate \$49,830

Budget Assumptions

- Plan to continue adding funds to the Depreciation Fund. Planned purchases from the Depreciation Fund include a new 54 passenger bus (\$80,000 - \$100,000). Replace physical science classroom (\$40,000). No Additional funds are being transferred to depreciation this year. Possibly \$100,000 next year.
- Anticipating the construction of a bus barn/practice wrestling area. This Depreciation Fund balance is \$803,722, with the planned \$100,000 addition to next year's budget.
- Built in known costs increases like salaries, technology and some curriculum (consumables) and textbooks to \$60,000 for science.
- Gain in state aid FY 2016: \$240,407 and FY 2017: \$569,402 an increase of \$328,995.
- Planning to increase the general fund to \$0.956593 cents, an increase of 1.4566 cents in the general fund. The purpose is to increase cash reserve and cover increase expenses.
- Planning to increase the overall mill levy from 0.982430 (FY 2016), to 0.994472 an increase of \$0.01204 (1 ¼ cents).
- Reduced the QCPUF from FY 2016 of 0.025252 to 0.022727, FY 2017, a reduction of 0.002525, approximately -0.25 cents. This reduction of QCPUF tax asking is being transferred to the General Fund.

- The Special Building Fund FY 2016 is 0.15151 and the fund tax request for 2017, is unchanged 0.015152 cents to add funding for the building of a transportation building. This will generate approximately \$74,745 for new work and a future fund balance of \$658,814.

Levy Assessment Comparison

	FY 2016	FY 2017
General Fund	\$0.942027	\$0.956593
Bond Fund	\$0	\$0
Special Building Fund	\$0.015151	\$0.015152
Qualified Capital Purchase Undertaking Fund (QCPUF)	\$0.025252	\$0.022727
Total Levy Assessment	\$0.982430	0.994472

- The Bond Fund is finished, so no tax asking for the bond fund. You had some interest and the bond fund balance is \$43,432, which the board could transfer to the general fund at some point.
- Experiencing the budget last year, I am recommending that we seek to increase the cash reserve by adding \$100,000 over last year. The way to increase cash reserve is to tax for cash reserve dollars or simply not spend monies in the general fund.
- This budget was reviewed with Dr. Pease from Wayne State College.

<u>General Fund</u>		
2017 – 18 Tax Asking	\$4,766705	
2016 – 17 Tax Asking	\$ 4,668,212	
Difference	\$ 98,493	
Cash Reserve	\$ 866,672	\$866,672- \$790,024 =\$76,648
Salary Increases	\$ 88,435	Built into the salaries budget
Technology Purchases	\$ 60,000	Built into Instruction budget
Summer School (Elementary)	\$ 9,000	Increased in Summer School

- General Fund Cash Reserve increased by \$76,648. Ideally, the cash reserve should be approximately 3 months expenses and we are operating on 1 month's cash reserve.
- Salary increases for this year, technology purchases and summer school are figured into the general fund.
- Cash reserves allowed for C-2 schools is 45%. Wakefield's allowable cash reserve is \$3,171,883. The district is at \$1,670,394. Overall cash reserve is figured on General Fund Necessary Cash Reserves (\$866,672), Depreciation Fund (\$803,722) and Employee Benefit Cash Reserves (\$0.00), equaling the \$1,670,394.

Board Questions:

- Are you okay with adding 1.25 cents to the tax levy next year?
- The Special Building Fund is at the same tax rate of 1.5 cents next year. This will generate approximately \$74,725, leaving the fund balance at \$658,814. You could lower the tax to this fund to lower the increase in tax levy.

This report reflects the achievement of your graduates on the ACT over time and an indication of the extent to which they are prepared for college-level work. The ACT consists of curriculum-based tests of educational development in English, mathematics, reading, and science designed to measure the skills needed for success in first-year college coursework. Table 1 shows the five-year trend of your ACT-tested graduates. Beginning with the 2013 Graduating Class, all students whose scores are college reportable, both standard and extended time tests, are included in this report.

Figure 1. Percent of ACT-Tested Students Ready for College-Level Coursework

A High School College Readiness Letter has been sent to the Principal of each high school with at least one ACT-tested graduate.

College Readiness Letter for:
WAKEFIELD CMTY SD 90-0560

ACT Research has shown that it is the rigor of coursework - rather than simply the number of core courses - that has the greatest impact on ACT performance and college readiness. Figures 2 and 3 report the value added by increasingly rigorous coursework in mathematics and science respectively.

Figure 2. Average ACT Mathematics Scores by Course Sequence

Value Added by Mathematics Courses

Students who take Algebra 1, Algebra 2, and Geometry typically achieve higher ACT Mathematics scores than students who take less than three years of mathematics. In addition, students who take more advanced mathematics courses substantially increase their ACT Mathematics score.

Figure 3. Average ACT Science Scores by Course Sequence

Value Added by Science Courses

Students taking Biology and Chemistry in combination with Physics typically achieve higher ACT Science scores than students taking less than three years of science courses.

In order to ensure that all students are ready for college, an overview of vital action steps is provided.

College Readiness for All: An Action Plan for Schools and Districts

- Create a Common Focus.** Establish collaborative partnerships with local and state postsecondary institutions to come to a shared understanding of what students need to know for college readiness. Use ACT's College Readiness Benchmarks as a common language to define readiness.
- Establish High Expectations for All.** Create a school culture that identifies and communicates the need for all students to meet or exceed College Readiness Benchmark Scores.
- Require a Rigorous Curriculum.** Review and evaluate the rigor and alignment of courses offered and required in your school in English, mathematics, and science to ensure that the foundational skills leading to readiness for college-level work are taught, reaffirmed, and articulated across courses.
- Provide Student Counseling.** Engage all students in early college and career awareness, help them to set high aspirations, and ensure that they plan a rigorous high school coursework program.
- Measure and Evaluate Progress.** Monitor and measure every student's progress early and often using college readiness assessments like ACT Aspire and the ACT. Make timely interventions with those students who are not making adequate progress in meeting College Readiness Benchmarks.
