4. Reports from Staff Members and Committees

Teresa Thomas reported on the activities committee meeting. Several items were discussed including select choir participation, event scheduling, travel and time missed from school, and coaches attending state tournaments. It was noted that over 79% of the students are involved in some extra duty activity.

5. Board and Administrative Comments

Mr. Norgaard discussed the certification of state aid to schools. McCook Public Schools will receive \$473,083 more for 2019-20 school year than what was received for the 2018-19 year. This number was reduced from the original estimates for state aid that were provided earlier in the legislative session. The bulk of the increase is due to a change in the cost group comparison and a positive option enrollment numbers.

Mr. Brazell stated that the district has been looking at ways to save funds. One such way is to reduce energy costs and the most likely method to do this is to change over to LED lights. The plans are to advertise for a Request for Qualifications (RFQ), and apply for an energy loan with Nebraska Energy Office. Once those are received a committee will review and will return to the Board, probably in August to review the proposals and make a final decision if to move forward. Also considered was the addition of front end controls for the HVAC system. These may or may not be included due to the cost of the controller.

Under Board comments Dennis Berry commented that the TEEOSA state aid formula needs to be reworked and this is not fair to all schools. All school board members need to stay in touch with their local senator and those senators on the finance committees. Loretta Hauxwell stated that she will not be in attendance at the July 8<sup>th</sup> meeting.

### Central Elementary: July Board Report

- Summer school continued to be a success in June. We had many positive comments of gratitude. Molly Sharp and Cherie Wallace did a great job organizing and making everything run smoothly. Thank you to the staff that helped out!
- Mr. Wiemers and I attended Tier 3 PBIS training June 20-21. We learned how to successfully do a Functional Behavior Analysis (FBA) which will help us identify successful interventions for our most challenging students. We will need to get our SPED staff trained at some point in doing FBA's as the school year goes on.
- Mr. Borland and I have completed our 19-20 schedules together. It was obviously a change and somewhat of a challenge in sharing Media and Music but we have something that works for both of us.
- Central will be having a Fall Festival on Friday, October 18. We planted a lot of pumpkins...hopefully we will reap some in the Fall! Our goal is just to get parents here at Central and enjoy some family time and some old-fashioned games. We will use some of our Dollar General money to have a Book Bingo game so that families can take some books home with them. We may also have a book drive to generate some lightly used books.
