MINUTE RECORD

Bellevue Planning Commission Meeting, October 25, 2018, Page 1

The Bellevue Planning Commission held a regular meeting on Thursday, October 25, 2018 at 7:00 p.m. in the Bellevue City Council Chambers. Upon roll call, present were Commissioners Perrin, Cain, Baumgartner, Jacobson, Ackley, Ritz, and Smith. Absent was Casey. Also present was Tammi Palm, Land Use Planner.

Notice of this meeting was given in advance thereof by publication in the Bellevue Leader and posting in two public places, and was also given to the Chairperson and members prior to the meeting. These minutes were written and available for public inspection within ten days of the meeting.

Jacobson announced a copy of the Open Meetings Act was posted in the entry to the City Council Chambers.

Motion was made by Cain, seconded by Ritz, to approve the minutes of the September 20, 2018 regular meeting as presented. Upon roll call, all present voted yes. Motion carried unanimously.

Palm advised an email was received from Joyce Gray in regards to Item 3a.

Motion was made by Ackley, seconded by Cain, to accept into the record all staff reports, attachments, memos, and handouts regarding each application. Upon roll call, all present voted yes. Motion carried unanimously.

Jacobson explained the public hearing procedures.

PUBLIC HEARING was held on a request to rezone Lots 1 and 3, College Plaza Addition Replat I, and Lot 5, College Plaza Addition, from BN-PCO and BNH-PCO to BG-PCO for the purpose of commercial development. Applicant: Charv's Contracting. Location: 1020 Lincoln Road. Case #: Z-1808-06.

Palm mentioned the email received October 21, 2018 from Joyce Gray. Ms. Gray states her opposition to the request is based on drainage concerns and an increase in traffic.

Diane Bruce, 1020 Lincoln Road, was present on behalf of Charv's Contracting. She mentioned she is the owner of B & B Classic Dogs, which is located on the property. She explained the purpose of the request for rezoning is to have all of the businesses in the proposed area be under the same zoning district. The intention for the empty lot in the future is to house an indoor batting cage and indoor soccer field. She explained a grant was received from HUD through the City of Bellevue to assist in building the facility. The dog training facility will go in the east end of the existing building. There are no current plans for the empty lot to the north of the existing building; however, in the future the lot may be used as a parking lot or possibly house a new building.

Jeff Sargus, 1003 Birchcrest Road, explained he owns the property at the west end of Lot 5, College Plaza Addition. He questioned how close the facility will be constructed to the abutting residential homes. He noted he read there is a twenty foot buffer, and stated twenty feet is not very far if there are barking dogs. He commented major flooding does occur in the area on the west side of Birchcrest Road. Sargus inquired if anything changes with the elevation how that will affect downstream. He questioned if the dog training/dog daycare facility will allow dogs to stay overnight, if they will be allowed outside, and what time will the dogs go in if they are allowed outside. Sargus inquired as to the hours of operation for the dog training facility and the sports facility. He questioned if the proposed zoning will open the door to allow any business on the property. Sargus mentioned at this time he is neither for nor against the proposed request. He loves B & B and thinks they are a great asset to the community.

Jacobson clarified Sargus's concerns.

Palm addressed Sargus's concerns. She explained the twenty foot bufferyard is the minimum requirement. The bufferyard would need to be along any property line which abuts residential zoning. This includes not only the twenty foot of space, but also includes trees and shrubs. She explained she cannot address how a facility would be sited at this time. Part of the overlay and zoning request is any new construction done by the applicant would require further site plan approval. If a site plan is submitted, it would need to come through the same process of holding a public hearing before the Planning Commission and City Council. Palm advised the property owners within 300 feet of the proposed development would be notified, the property would be posted with a zoning sign, and a legal ad would be published. She mentioned the minimum twenty foot bufferyard would be enforced with the landscaping and screening in place. Based on the nature of the lot, it is safe to assume any facility constructed will be located closer to the east end of the property versus the triangular west end of the

MINUTE RECORD

Bellevue Planning Commission Meeting, October 25, 2018, Page 2

property. Palm commented as far as grading and drainage, anytime anyone submits a site plan or does construction, the City of Bellevue follows the Papio NRD Watershed Partnership guidelines. No construction can be done which will cause a net increase onto anyone's property. There will be guidelines in place where the project would be required to capture the first half inch of water. Construction of a project cannot make the conditions in an area worse. She explained the city's engineering staff would review any type of grading permit and building permit to ensure that was followed. Palm advised in regards to the dog facility, the zoning the applicant is requesting does not allow for overnight stays or kenneling. In the BG zoning, the only way an overnight stay would be allowed is if there is an animal hospital and the veterinarian was performing a medical service to an animal. An overnight stay would be allowed incidental to any treatment the animal may be having. Palm advised the BG zoning district does allow more permitted uses than the current zoning of the property. She explained a list is available in the zoning ordinance on the city's website. The intent of the BNH district is to allow local service establishments having greater adverse impacts upon the neighboring residences. The intent of the BG zoning district is to provide for a wider range of retail services. Palm stated the Planning Department does review the permitted uses in the proposed zoning district and takes these into account when making a recommendation.

There was no one else present to speak in favor of, or in opposition to this request. Jacobson closed the public hearing.

Ms. Bruce stated she believes the dog training facility will operate during the daytime and early evenings. She does not believe there will be any training past 9 p.m.; however, she will need to clarify the hours with the trainer. She explained the batting cages are intended for the use of high school kids and will not be running late into the night. She mentioned the hours may vary during College World Series or special events. She commented during the summertime there may be some overnight activities for the kids and these would be contained to inside the building. Bruce advised the dog training facility will be at the east end of the existing building, and there will be no access for the dogs to the western portion of the property. She advised the west end of the property is strictly for the batting cage area and no other tenants will be allowed to trespass on the property. She explained her company is liable and she does not want a person or a dog to get hurt. She stated the western area of Lot 5, College Plaza Addition, may be used for parking. It will not be another building due to the layout of the lot.

Ackley advised Mr. Sargus the current zoning of one of the lots allows 41 uses and the other zoning on the property allows 46 permitted uses. He mentioned the proposed zoning allows 84 uses. He explained this allows for a greater variety of use and heavier commercial use. He commented with the topography of the land and the bufferyard, he feels the requested zoning is appropriate.

Sargus questioned what lighting will be used and how bright it will be. Palm explained the Zoning Ordinance has language that states when abutting a residential neighborhood, commercial properties would have to have downcast lighting. There cannot be light pollution onto a residential zoning district.

Ackley questioned how far to the west the development of the sports facility will take place. Ms. Bruce indicated on the aerial photo the approximate proposed location.

Cain inquired if the applicant met with the residents along the border of her property. Ms. Bruce commented she has not at this time. Palm advised if Ms. Bruce submits a site plan application she could use that opportunity to inform the neighbors of her specific plan.

Smith addressed the concern with traffic. She inquired how many kids are anticipated being at the sports facility. Ms. Bruce replied the hope is to fill the facility. Ms. Bruce explained the intent is to put a new driveway in along Harvell Drive, which will increase the traffic down that street.

Baumgartner clarified the dog training facility is located at the east end of the existing building. Ms. Bruce replied yes. Baumgartner asked if the facility is fully enclosed, or if there is an outdoor use. Ms. Bruce advised there will be an enclosed area with a fence at the east end of the building to allow the dogs to be outside. She explained the training itself will not be done outside. Baumgartner inquired if there is a limit on the number of dogs allowed in the facility. Palm explained there is no limit on the number of dogs, just on the services provided in the facility. She commented overnight stays and kenneling are not allowed. Baumgartner stated she is trying to address the concern of noise from the facility. She questioned how large the bay is. Ms. Bruce stated the bay is 2,700 square feet. She explained B & B Classic Dogs has an arcade and you cannot hear the noise on the outside. She advised there is a block wall surrounding the building which helps restricts noise. Ritz mentioned there is a very large elevation change behind the building, therefore any noise created will be absorbed by

MINUTE RECORD

that. The residents on the back side of the property should not be able to hear anything.

Ritz reminded the Planning Commission the reason for the request and what they are voting on. He stated this is already a commercially zoned area with over 40 permitted uses. He explained a convenience store could be constructed under the current zoning. He mentioned the vote will be for additional permitted uses on the property. Ritz commented if a developer intends to develop on an empty and almost unsightly area, the Planning Commission needs to look at that and decide if it is appropriate.

MOTION was made by Ritz, seconded by Perrin, to recommend APPROVAL of a request to rezone Lots 1 and 3, College Plaza Addition Replat I, and Lot 5, College Plaza Addition, from BN-PCO and BNH-PCO to BG-PCO for the purpose commercial development. Applicant: Charv's Contracting. Location: 1020 Lincoln Road. Case #: Z-1808-06. APPROVAL based upon conformance with the Zoning Ordinance, Comprehensive Plan, and lack of perceived negative impact upon the surrounding commercial and residential properties. Upon roll call, all present voted yes. MOTION carried unanimously.

This item will proceed to CITY COUNCIL for PUBLIC HEARING on November 26, 2018.

Motion made by Ackley, seconded by Cain, to elect Jacobson as Chairman by acclamation.

Motion made by Jacobson, seconded by Ackley, to elect Ritz as Vice Chairman by acclamation.

Agenda Item 2.a.

To: Planning Commission
From: Tammi Palm, Land Use Planner
Date: November 8, 2018
Subject: Amendment to Sections 5.20 and 5.21 regarding permitted uses

The BN and BNH zoning districts allow for retail and service stores and offices. The intent of these zones is to provide for limited commercial uses which service the needs of the immediate vicinity.

The BG zoning district has language which allows “general office buildings of one or more professional persons engaged in activities which generate a limited amount of contact with the general public, including offices for lawyers, accountants, architects, planners, engineers, and similar professions.” Staff believes this specific language would be helpful for the purpose of providing clarification as to the permitted uses in the BN and BNH zoning districts.

As such, staff is recommending the following amendment to Sections 5.20 and 5.21:

Section 5.20 BN Neighborhood Business District

5.20.02 Permitted Uses:

1. Retail and service stores and offices of the following small store types (not to exceed 7,500 sq. ft. floor area), provided all activities and display goods are carried on within an enclosed building except that green plants and shrubs may be displayed in the open and further provided that all waste material be kept within a sight obscuring enclosure:
 - A) Accounting, billing and tax preparation services.
 - B) Animal hospital.
 - C) Apparel store, tailor shops, dressmaker.
 - D) Art gallery.
 - E) Bakery, custom, selling all production at retail on the premises or as retail custom orders for delivery.

FOR HEARING OF:
REPORT #1: November 15, 2018

I. GENERAL INFORMATION

A. APPLICANT:

2715 LLC
Attn: Craig Faulk
2715 Chandler Road
Bellevue, NE 68147

B. PROPERTY OWNERS:

Larry and Donna Josoff
7954 Cedar Island Road
Bellevue, NE 68147

C. GENERAL LOCATION:

West Chandler Road and Cedar Island Road

D. LEGAL DESCRIPTION:

Lot 1, Milt's Addition, being a platting of Tax Lot W, and a replat of Lots 10 and 11, West of right-of-way, and Lot 12B, Pleasant Hill or Martin's Subdivision, along with vacated McCorkindale Avenue, all located in the Southeast ¼ of Section 16, T14N, R13E of the 6th P.M., Sarpy County, Nebraska.

E. REQUESTED ACTIONS:

1. Rezone Lot 1, Milt's Addition, from RS-72 to BGH
2. Small Subdivision Plat Lot 1, Milt's Addition
3. Conditional Use Permit for Lot 1, Milt's Addition

4. Amendment to the Future Land Use Map

F. EXISTING ZONING AND LAND USE:

RS-72, Vacant

G. PURPOSE OF REQUEST:

The purpose of this request is to obtain a rezoning, small subdivision plat, and conditional use permit to allow for a self-storage facility.

H. SIZE OF SITE:

The site is approximately 8.64 acres.

II. BACKGROUND INFORMATION

A. EXISTING CONDITION OF SITE:

The existing site is presently vacant and covered in vegetation.

B. GENERAL NEIGHBORHOOD/AREA LAND USES AND ZONING:

1. **North:** Single Family Residential, RS-72 (across Chandler Road)
2. **East:** Commercial and Single Family Residential, BG and RS-72 (across Cedar Island Road)
3. **South:** Single Family Residential, RS-72
4. **West:** Existing Self-Storage Facility and Single Family Residential, ML and RS-72

C. REVELANT CASE HISTORY:

There have been no recent requests to rezone or replat this property.

D. APPLICABLE REGULATIONS:

1. Section 5.24, Zoning Ordinance, regarding BGH uses and requirements.
2. Chapter 5, Subdivision Regulations, regarding small subdivisions.
3. Article 6, Zoning Ordinance, regarding Conditional Use Permits.

III. ANALYSIS

A. COMPREHENSIVE PLAN:

The Future Land Use Map of the Comprehensive Plan designates this area as medium density residential.

B. OTHER PLANS:

None

C. TRAFFIC AND ACCESS:

1. The 2016 MAPA Traffic Flow Map estimates approximately 11,450 vehicles per day near the intersection of Chandler Road West and Cedar Island Road.
2. The property will have access through the existing drive off of Chandler Road, as well as a newly proposed access off of Cedar Island Road.

D. UTILITIES:

All utilities are available to serve this development.

E. ANALYSIS:

1. Craig Faulk, on behalf of 2715 LLC, is requesting approval of a rezoning, small subdivision plat, and conditional use permit for Lot 1, Milt's Addition, for the purpose of expanding his existing self storage facility.
2. The property is presently vacant and covered in vegetation. Mr. Faulk's existing self storage facility is developed on an adjacent lot to the north and west of this property.
3. This application was sent out to the following departments for review: Public Works, Permits and Inspections, Chief of Police, Offutt Air Force Base, Fire Inspector, Sarpy County Public Works, and the Omaha Public School District. The cover letter indicated a deadline to send comments back to the Planning Department, and also stated if the requested department did not have comments pertaining to the application, no response was needed.

Chief Building Official Mike Christensen commented a portion of the property was previously used for dumping concrete. Testing may be required prior to any building construction. The applicant is aware of this.

Public Works Engineering Manager Dean Dunn had technical comments pertaining to the plat and site plan. These comments have been addressed by the applicant's engineer.

No other comments were received on this case.

4. The site plan shows six buildings, consisting of 41,500 square feet of storage area. The applicant also intends to have outdoor storage on the site as well. Seventy covered parking stalls are shown, with the remaining 159 stalls being uncovered. Per the zoning ordinance, outdoor storage of automobiles, boats, and recreational vehicles in operable condition would be allowed.

5. The site plan shows the required 25' bufferyard abutting the adjacent single family residences. Additionally, a 15' deep landscaped area is being provided along the right-of-ways. A six foot wood privacy fence is proposed around the self storage facility. The proposed landscape plan has been reviewed by staff and meets the requirements of the zoning ordinance.

6. The proposed storage units will be required to meet the design standards guidelines for building materials as outlined in Section 8.11. This will be determined as part of the building permit process.

7. The developer intends to request a sidewalk waiver for this development. The Public Works' policy is such that a waiver will be granted along unimproved sections of roadway. The abutting roads (Chandler Road and Cedar Island Road) do not have curb and gutter; therefore, are considered "unimproved."

8. As part of this development, 2715 LLC is requesting a portion of McCorkindale Avenue be vacated. This application is being processed by the Public Works Department and will be heard by the City Council. Staff does not have any objection to the proposed street vacation.

9. As pointed out by the Chief Building Official, a portion of this property was historically used for dumping concrete, thus making it more difficult to develop.

10. Per Section 6.06, the Zoning Ordinance requires no conditional use permit shall be granted unless the Planning Commission or City Council has found:

6.06.01 That the establishment, maintenance, or operation of the conditional use will not be detrimental to or endanger the public health, safety, moral, comfort, or general welfare of the community.

6.06.02 That the conditional use will not be injurious to the use and enjoyment of other property in the immediate vicinity for the purpose already permitted, nor substantially diminish and impair property values within the neighborhood.

6.06.03 That the establishment of the conditional use will not impede the normal and orderly development of the surrounding property for uses permitted in the district.

- 6.06.04 Adequate utilities, access roads, drainage, and/or necessary facilities have been or are being provided.
- 6.06.05 Adequate measures have been or will be taken to provide ingress and egress so designed as to minimize traffic congestion in the public streets.
- 6.06.06 The use shall not include noise which is objectionable due to volume, frequency, or beat unless muffled or otherwise controlled.
- 6.06.07 The use shall not involve any pollution of the air by fly-ash, dust, vapors or other substance which is harmful to health, animals, vegetation or other property or which can cause soiling, discomfort, or irritation.
- 6.06.08 The use shall not involve any malodorous gas or matter which is discernible on any adjoining lot or property.
- 6.06.09 The use shall not involve any direct or reflected glare which is visible from any adjoining property or from any public street, road, or highway.
- 6.06.10 The use shall not involve any activity substantially increasing the movement of traffic on public streets unless procedures are instituted to limit traffic hazards and congestion.

The Planning Department believes this application meets the criteria for approval of the Conditional Use Permit.

11. If approved, this request should also include a motion to amend the Future Land Use Map of the Comprehensive Plan from single family residential to commercial.

F. TECHNICAL DEFICIENCIES:

None

RE: Rezone Tax Lot W, Lots 10 and 11
Case #Z-1810-08 and CUP-1810-03
Applicant: 2715 LLC

Dear Ms. Palm,

This email letter is in response to the letter received in our mail yesterday regarding the rezoning of the acreage located immediately to the rear (north) of our property and to the east of our property. Our address is 2722 Bonnie Street. We can say unequivocally NO to this request!! Below are our concerns, questions and comments.

- We feel certain you can provide no data or statistics that will prove this will enhance our property value and in fact most likely will make our property value decline. If you have such data or statistics that show otherwise we would like to see it.
- We are requesting a list with names and addresses of all the property owners that received this letter.
- We also would be interested in seeing any data or statistics showing crime rates increasing (or not) in an area such as this self-storage facility being located and butting right up against residential property (our yards).

- In this little residential area are the homes of hard working lower middle income families. I cannot imagine this large storage facility which will be cementing or asphaltting over this whole acreage, and cutting down all the trees and habitat, being any kind of positive enhancement to our neighborhood.
- And speaking of habitat, the acreage which has lots of trees provides shelter and passage for deer, turkey and many other critters. Just this morning I had the pleasure of viewing 7 deer in the area behind our home. We have had large flocks of wild turkeys, also utilizing this land. In my opinion this enhances our area. Paving over the whole thing really makes me sick.
- Does the world and Bellevue and this area really need another self-storage facility for our over-consumerism? I don't think so.
- Who currently owns this property and what is it zoned for now?
- Why don't you allow a storage facility to be erected in another part of Bellevue in a neighborhood where property values are well over \$200,000, \$250,000, or \$300,000? I know you would not. It's always easier to "do it" to people of lesser wealth.
- How many entrances are planned for this facility and where will they be?
- Will McCorkindale Ave still remain a no outlet street?
- What is "storm water det." shown on the site plan map on Sarpy Avenue which is right at the bottom of the hill from our home? What does that mean?
- How much of the habitat will they be destroying and paving over with concrete or asphalt?
- Why does it have to butt up directly to homeowners' property lines?
- Will the storage facility now include a large area for boats, campers, RV's etc.
- Do they plan to put up a privacy fence so we don't have to look at it?

We look forward to your response to all of our comments and questions. I hope to be able to attend the public hearing on November 15th.

Sincerely,
Riley and Peggy Helms

CITY OF BELLEVUE
CONDITIONAL USE PERMIT
LOT 1, MILT'S ADDITION,
LOCATED IN THE SOUTHEAST ¼ OF SECTION 16, T14N, R13E OF THE 6TH P.M., SARPY
COUNTY, NEBRASKA

Conditional Use Permit for 2715 LLC

This Conditional Use Permit issued this _____ day of January, 2019 by the City of Bellevue, a municipal corporation in the County of Sarpy County, Nebraska ("City") to 2715 LLC, ("Applicant"), pursuant to the Bellevue Zoning Ordinance.

WHEREAS, 2715 LLC, is the legal owner of Lot 1, Milt's Addition, located in the Southeast ¼ of Section 16, Township 14 North, Range 13 East of the 6th P.M., Sarpy County, Nebraska, consisting of approximately 8.64 acres, more or less ("Property"). Applicant desires to use the Property for the purpose of a self storage facility; and

WHEREAS, Applicant has applied for a conditional use permit for the purpose of using the Property as described above; and

WHEREAS, the Mayor and City Council of the City of Bellevue are agreeable to the issuance of a conditional use permit to the Applicant for such purpose, subject to certain conditions and agreements as hereinafter provided (the "Permit").

NOW, THEREFORE, BE IT KNOWN THAT subject to the conditions hereof, this Permit is issued to the Applicant to use the Property for the purpose described above, said use hereinafter being referred to interchangeably as a "Permitted Use" or "Use".

Conditions of Permit

The conditions to which the granting of this Permit is subject are as follows:

1. Development and operation on the Property is governed by this Permit. The rights granted by this Permit are transferable and any breach of any terms hereof shall cause Permit to expire and terminate, subject to the rights of the Applicant to cure such default or deficiency as set forth in this Permit.
2. In respect to the proposed Use:
 - a. A site plan showing the Property's boundaries, proposed structures, parking, access points, and drives, is attached hereto and incorporated herein as Exhibit "A." A landscape plan is attached as Exhibit "B."

- b. The Property shall be developed and maintained in accordance with the site plan (Exhibit "A") and all other exhibits, if any, of this Agreement. Any modifications to the site plan must be submitted to the Planning Department for approval. Modifications of any other document or exhibit shall be subject to approval of the City, as directed by the City Administrator, unless otherwise expressly provided in the document or exhibit to be modified.
 - c. Applicant hereby indemnifies the City against, and holds the City harmless from, any liability, loss, claim or expense whatsoever (including, but not limited to, reasonable attorney fees and court costs) arising out of or resulting from the acts, omissions or negligence of the Applicant or its agents, employees, assigns, suppliers or invitees, including, but not limited to, any liability, loss, claim or expense arising out of or resulting from any violations of any applicable environmental or safety law, rule or regulation relating to the Applicant's Use of the Property.
3. The Applicant's right to maintain the Use of the Property, as contemplated by this Permit, shall be based on the following conditions:
 - a. A periodic inspection to determine compliance with the conditions of this Permit. The Permit may be revoked only upon a finding by the City that there is a material violation of the material terms of this Permit if the violation occurs after written notice from the City to Applicant and opportunity to cure in the time and manner described below.
 - b. Construction of the Use authorized by this Permit must be initiated within 12 months after the date of the approval of this Permit otherwise such Permit shall become void.
 - c. Applicant may maintain a self storage facility on the Property.
 - d. All outdoor storage shall be in compliance with Section 5.24.03, City Zoning Ordinance.
 - e. All obsolete or unused structures, accessory facilities or materials with an environmental or safety hazard shall be abated and/or removed from the Property at Applicant's expense within twelve (12) months of cessation of the Use of the Property.
 - f. All signage on Property related to Use shall be in conformance with the City Zoning Ordinance.
 - g. Applicant shall record this Permit with the Sarpy County Register of Deeds at Applicant's expense.
4. Notwithstanding any other provision herein to the contrary, this Permit, and all rights granted hereby, shall expire and terminate as to a Permitted Use hereunder upon the first of the following to occur:
 - a. Applicant's abandonment of the Permitted Use. There shall be a presumption that the project on the Property has been abandoned if the Applicant fails to use the Property for the Permitted Uses for any twelve (12) consecutive month period.
 - b. Cancellation, revocation, denial or failure to maintain any federal, state or local permit required for the Use, and such cancellation, revocation, denial or failure to maintain any federal, state or local rights are provided under laws, rules and regulations governing said permit.
 - c. Applicant's breach of other terms hereof and its failure to cure such breach in the time and manner set forth below.
5. In the event the Applicant fails to promptly remove any safety, environmental or other hazard or nuisance from the Property, or upon the expiration or termination of this Permit the Applicant fails to promptly remove any remaining safety, environmental or other hazard or nuisance, the City may at its option (but without any obligation to the Applicant or any third party to exercise said option) cause the same to be removed at Applicant's cost (including, but not limited to, the cost of any excavation and earthwork that is necessary or advisable in connection with the removal thereof) and the Applicant shall reimburse the City the costs incurred to remove the same. Applicant hereby irrevocably grants the City, its

agents and employees, the rights, provided notice is furnished to the Applicant along with a reasonable time to remove or cure such hazard, to enter the Property and to take whatever action as is necessary or appropriate to remove any such hazards, nuisances in accordance with the terms of this Permit, and the right of the City to enter the Property as may be necessary or appropriate to carry out any other provision of this Permit.

6. If any provisions, or any portion thereof, contained in this Permit are held to be unconstitutional, invalid, or unenforceable, the remaining provisions hereof, or portions thereof, shall be deemed severable, shall not be affected, and shall remain in full force and effect.

7. The conditions and terms of this Permit shall be binding upon Applicant, its successors and assigns.

a. Delay of City to terminate this Permit on account of breach of Applicant of any terms hereof in accordance with the terms hereof shall not constitute a waiver of City's right to terminate this Permit, unless the City has expressly waived said breach. A waiver of the right to terminate upon any breach shall not constitute a waiver of the right to terminate upon a subsequent breach of the terms hereof, whether said breach be of the same or different nature.

b. Cure Rights. Notwithstanding any other provision of this Permit to the contrary, Applicant shall be entitled to notice and opportunity to cure a breach of this Permit as follows. City will notify the Applicant of any breach of this Permit. Cure shall be commenced and completed as soon as possible and in all cases within thirty (30) days after City provides notice of breach; provided, however, in any case that cure cannot be completed within 30 days, additional time will be allowed, so long as cure is commenced within the time required in this Section b and diligently pursued and completed as soon as possible, and allowing additional time does not present or increase risk of harm to persons or property. City shall have the right to terminate this Permit if a breach is not timely cured.

c. Nothing herein shall be construed to be a waiver or suspension of, or an agreement on the part of the City to waive or suspend, any zoning law or regulation applicable to the premises except to the extent and for the duration specifically authorized by this Permit.

d. Any notice to be given by City hereunder shall be in writing and shall be sufficiently given if sent by regular mail, postage prepaid, addressed as follows:

2715 LLC
2715 Chandler Road
Bellevue, NE 68147

e. All recitals at the beginning of this document and exhibits or other documents referenced in this Permit shall be incorporated herein by reference.

Effective Date:

This Permit shall take effect upon the filing hereof with the City Clerk a signed original hereof.

Office of the Planning Department

AGENDA ITEM 3b

To: Planning Commission
From: Chris Shewchuk, Planning Director *CMS*
Date: November 8, 2018
Subject: Amendment to Article 7 Zoning Ordinance, Sign Regulations

Article 7 of the Zoning Ordinance, regarding Sign Regulations, addresses digital billboards and provides specific guidelines for their use. These guidelines are not written anywhere so as to apply to digital signs that are not billboards, although those guidelines have been given to sign installers when digital signs have been permitted. The proposed amendments address how often a message can change on the sign, the permitted brightness of the sign, and animation or movement on the sign. In addition to the regulations pertaining to digital signs, we are proposing changes to the zoning districts where such signs are allowed.

The proposed amendments are shown below in Table 7F of the Zoning Ordinance:

TABLE 7F PERMITTED SIGN CHARACTERISTICS BY ZONING DISTRICT

	RE RS	RA AG	RG	INS(a)	M	BN BNH	BG BGH	BGM	FX	ML MH

P = Allowed without sign permit
 S = Allowed only with sign permit
 N = Not allowed

a. This column does not represent a zoning district. It applies to institutional uses permitted under the zoning ordinance in residential zoning districts. Such uses may include, but are not necessarily limited to, churches, school, funeral homes, and cemeteries.

b. For any sign, nNo direct light or significant glare from the sign shall be cast on to any adjacent zone lot this is zoned and used for residential purposes.

c. ~~Signs shall not change panels or messages within at least 15 seconds and flashing lights or brightness of signs may be regulated based on vehicular traffic safety.~~

c. The following regulations shall apply to on- and off-premise animated and digital signs:

--The image displayed on the sign shall not change more frequently than every 8 seconds.

--The image shall remain static during its display period (no movement or motion shall be permitted) other than a scrolling message.

--Signs shall be equipped with a sensor or other device to automatically adjust the day/night light intensity to a level not exceeding 0.3 foot candles over ambient lighting when measured in accordance with International Sign Association criteria.

--The City reserves the right to further regulate individual signs based on transportation safety.

In order to make the regulations regarding digital billboards and other digital signs consistent, the following amendment to Paragraph 7D of Section 7.04.03 of Article 7 is proposed:

D. Digital billboards.

Digital billboards shall comply with all requirements of this ordinance, plus the following specific requirements:

i. The image displayed on the sign shall not change more frequently than every ~~10~~8 seconds.

ii. The image shall remain static during its display period (no movement or motion shall be permitted).

iii. Digital billboard signs shall be equipped with a sensor or other device to automatically adjust the day/night light intensity to a level ~~of no greater than 5,000 nits during daylight hours and no greater than 750 nits during nighttime hours~~ not exceeding 0.3 foot candles over ambient lighting when measured in accordance with International Sign Association criteria.

PLANNING DEPARTMENT RECOMMENDATION:

APPROVAL of the proposed amendment to Article 7, City of Bellevue Zoning Ordinance.

Office of the Planning Department

3.c.

To: Planning Commission
From: Tammi Palm, Land Use Planner *TP*
Date: November 8, 2018
Subject: Amended Complete Streets Ordinance

The City Council previously gave direction to staff to amend the existing Complete Streets ordinance, which has been in place since January 24, 2011.

The Complete Streets amendment has been discussed with both the Citizen Complete Streets Advisory Panel and the Planning Commission. The redline copy reflects feedback received, in addition to staff's suggestions.

The proposed amendment seeks to clarify portions of the document; primarily existing Section 28-154 which describes exceptions. Additionally, the amendment proposes to delete Section 28-153. The city does not have streets classified as "Major Truck Streets." Moreover, staff does not believe it is imperative to single out the movement of freight in the ordinance.

PLANNING DEPARTMENT RECOMMENDATION:

APPROVAL of the proposed amendment as presented.

ORDINANCE NO. _____

AN ORDINANCE TO AMEND ARTICLE VII TO CHAPTER 28 OF THE BELLEVUE MUNICIPAL CODE ESTABLISHING BELLEVUE'S COMPLETE STREETS POLICY, STATING GUIDING PRINCIPLES AND PRACTICES SO TRANSPORTATION IMPROVEMENTS ARE PLANNED, DESIGNED AND CONSTRUCTED TO ENCOURAGE WALKING, BICYCLING, AND TRANSIT USE WHILE PROMOTING SAFE AND EFFICIENT OPERATIONS FOR ALL USERS; TO REPEAL SUCH SECTIONS AS HERETOFORE EXISTING; TO PROVIDE FOR THE EFFECTIVE DATE OF THIS ORDINANCE; AND TO PROVIDE FOR THE PUBLICATION OF THIS ORDINANCE IN PAMPHLET FORM.

NOW, THEREFORE, BE IT ORDAINED BY THE MAYOR AND THE CITY COUNCIL OF THE CITY OF BELLEVUE, NEBRASKA:

Section 1. That Sections 28-151 through 28-157 of Article VII of Chapter 28 are hereby amended to read as follows.

ARTICLE VII. COMPLETE STREETS

Section 28-151. Planning, Design and Construction.

Complete Streets are streets designed and operated to enable a multimodal, context sensitive, framework of streets that provide safe, efficient access and use for all users. The Bellevue Planning and Public Works Departments will plan for, design, and construct, and modify all new City transportation improvements projects to provide appropriate accommodation for motor vehicles, pedestrians, bicyclists, transit riders, and persons of all abilities, while promoting safe and efficient operation for all users, as provided for hereafter.

Section 28-152. Incorporation by Planning and Public Works Departments.

The Bellevue Planning and Public Works Departments will develop, with citizen input, then incorporate Complete Streets principles, with City Council approval as necessary, into: Planning and Public Works plans, manuals, rules, regulations and programs as appropriate.

Section 28-153. Freight.

Because freight is important to the basic economy of the City and has unique right-of-way needs to support that role, freight will be a priority on streets classified as Major Truck Streets.

~~Complete Street improvements that are consistent with freight mobility but also support other modes may be considered on these streets.~~

Section 28-153. Exceptions.

Except in unusual or extraordinary circumstances, Complete Streets principles will not apply:

- a. To ordinary maintenance activities designed to keep assets in serviceable condition (e.g., mowing, cleaning, sweeping, spot repair and surface treatment such as chip seal, or interim measures on detour or haul routes); **or**
- b. Where the Planning or Public Works Director issues a documented exception ~~concluding~~ **determining that** the application of Complete Street principles is unnecessary or inappropriate because it would be contrary to public safety **and the City Council approves the documented exception**; or
- c. Where **the Planning or Public Works Director issues a documented exception determining that** other available means or factors indicate an absence of **then-current or future need, including future need, and the City Council approves the documented exception.**

Section 28-154. Achievement; Annual Progress Report.

Complete Streets may be achieved through single ~~projects~~ **improvements** or incrementally through a series of smaller improvements or **substantial** maintenance activities over time. The city administrator shall make an annual report to the city council showing the progress made in implementing complete streets.

Section 28-155. Advisory Panel – Mayor to Appoint.

The Mayor of Bellevue, Nebraska will appoint a five (5) member Citizen Complete Streets Advisory Panel. ~~Three of~~ **The** members will be appointed to four (4) year terms ~~and two of the members will be appointed to two (2) year terms.~~ The Panel will develop recommendations to the Planning Commission **for review, and recommendations to City Council for action to meet** ~~for meeting~~ the Performance Measurements in Section 28-156.

Section 28-156. Performance Measurement.

Performance measurement will be by, but not limited to, the miles of bicycle routes created; new linear feet of pedestrian accommodation; increase in use of public transportation, bicycling and walking; the miles of connection added between trails; the increased efficiency of traffic flow through the use of sophisticated traffic control devices, turn lanes, traffic circles, and the leveling or decrease of transportation-related accidents.

It is the Bellevue City Council's intent that all sources of transportation funding be drawn upon to implement Complete Streets. The City believes the maximum financial flexibility is important to implement Complete Streets principles.
